

## **Beg You All 181**

### **Chapter 181: Enlightened mother-in-law**

The next morning.

Chu Tian only opened his eyes when he heard a slight crack.

Looking at Bai Xiaochun, who was tiptoeing in her sleeping dress, Chu Tian smiled and could not help saying, "Baby, it's a too bad scam, it's too bad."

Last night, Bai Xiaochun said she wanted to sleep with him. She even told him to take a shower and leave a door open for her.

In the end, Chu Tian waited until 1 o'clock at night, but before Bai Xiaochun returned, he fell asleep.

"Hee hee. "

Bai Xiaochun giggled and directly lifted Chu Tian's blanket, "Hubby, you didn't wait for me last night?"

"No." Chu Tian took the opportunity to hug Bai Xiaochun and said, "Just wait until 1 a.m."

"Ah?" Bai Xiaochun stared at him innocently. Then, she smiled and said, "Are you stupid? I didn't even come back. I must have slept with my mother. Why did you wait so long?"

"You said you slept with me." Chu Tian said, "You still want to keep a door open for me? My thoughts, I can't wait for you to come back."

"No." Bai Xiaochun giggled, "I wanted to come back and sleep with you, but it was almost 1 a.m. when my mother and I finished chatting. Then, my mother said that you must be asleep. Don't disturb your rest, so I took a shower and slept with my mother."

"Talking so late, huh?"

"Okay." Bai Xiaochun replied, "It scared my mother. She didn't expect you to be so rich. Then, she asked a lot."

"Then, have you said anything?"

"I did." Bai Xiaochun laughed, "I said you're too low-key. Then, no one knows you're rich, and I don't know either. Everyone thinks you're poor! Next, I told her about the necklace, the white milk tea, and the pure bar. My mother was very happy to hear that. She said, you must really love me."

"Is that so?" Chu Tian smiled and said, "Auntie really said that?"

Bai Xiaochun smiled, "I'm telling you, you're spoiling me. I'm extremely happy now. No matter what happens to you in the future, I'll marry you and give you a lot of children. Hehe."

Chu Tian smiled at Bai Xiaochun and said, "Then, what did Auntie say?"

"My mother said yes. She also said I won't suffer for the rest of my life if I follow you. However, I can't give birth to a child until I have graduated."

"Well..." Bai Xiaochun thought about it and said, "Oh, right, my mom even asked you if you're a playboy."

"Well, baby, what did you say?"

"I'm telling you, you're not too fickle."

"Ah?" Chu Tian said in a speechless manner, "Baby, are you scamming your husband? How can you say that?"

"I can't help it." Bai Xiaochun pouted, "My mother knows me too well. I can't fool her. I won't lie to her."

"Then, what did Auntie say?"

"My mother said that once I guess you're fickle, she said that there's no man who isn't fickle. She even told me that fickle doesn't mean that you're scum. Actually, men are all indecisive. Those so-called good men just don't have the capital to be fickle-minded. Either they're ugly, poor, or they can't."

"You even said that your situation is good because you have the right to be a playboy. Although you are a playboy, you know what you want."

"He doesn't look like the kind of man who wasn't well-qualified at first but gradually became well-qualified. Once a man suddenly has money, he will go straight to the sky. He won't return home, and his wife and children won't be around anymore. He's a complete scam."

"Uh..." Chu Tian looked innocently at Bai Xiaochun and said doubtfully, "Is it true, auntie is biased towards me?"

"Hey." Bai Xiaochun chuckled and said, "The main thing is, I told her about knowing your bank card password. I said, whether it's the milk tea shop's bank card, the bar's bank card, or your personal account, I know all of your account numbers and passwords. Furthermore, they're all tied to my cell phone number. If I want to use money, I can easily take hundreds of millions."

"Then, my mother said that since you dare to tell me this and do this, it's obvious that you want to marry him and stay with him. You even said that you can spend your time on snacks because there's nothing you can do."

She also said, "You're a good man."

After hearing Bai Xiaochun's words, Chu Tian suddenly smiled and said, "I didn't expect Auntie to understand me so quickly."

"That's right." Bai Xiaochun laughed, "How old is my mother? Doesn't she know what kind of a man you are?"

"Then, is Auntie up yet?"

"When I got up, my mom was out..."

"Ah? So early, Auntie went for a morning walk?"

"No." Bai Xiaochun said, "She probably went to a supermarket. She won't be back before ten o'clock, so... Hey, hubby, do you want a baby?"

"Don't make a fuss. What if Auntie comes back?"

"Don't worry. My mother won't be back before ten o'clock. I know her too well."

.....

Eight forty-five in the morning!

It wasn't until an hour later that Bai Xiaochun opened the bedroom door, and she was stunned there were five or six dishes on the coffee table in the living room. In an instant, she felt her head go blank.

At that moment, Guo Meixia came out of the kitchen with a plate of food.

As if she didn't know anything, Guo Meixia said, "Are you right? Hurry up and wake up Chu Tian. There's also a soup that will be stewed soon. After breakfast, take Chu Tian out for fun."

Watching Guo Meixia return to the kitchen in a daze, Bai Xiaochun opened his mouth and hesitated. Before she could say anything, Chu Tian appeared from behind.

Looking at the dishes on the table in the living room, Chu Tian's mouth twitched and said, "Baby, you're going to cheat your husband to death. Didn't you say Auntie can't return before ten o'clock?"

Bai Xiaochun innocently looked at Chu Tian and said with a flushed face, "She, she shouldn't be able to return. You, you should get up first."

After saying that, Bai Xiaochun closed the bedroom door and went to the kitchen.

Looking at Guo Meixia in the kitchen, Bai Xiaochun said weakly, "Mom, didn't you go out?"

Guo Meixia looked at Bai Xiaochun and said, "That's right. Mom threw a piece of trash downstairs and came back."

"Ah? You, you didn't go to supermarket?"

"Why did Mom go to the supermarket?" Guo Meixia smiled and said. "You're a silly child if Mom went to the supermarket. Who would cook for you two?"

"Then, why didn't you tell me?" Bai Xiaochun pouted with a shy face.

"Alright, alright." Guo Meixia smiled and said, "Mom has been busy in the kitchen. I don't know anything. Hurry up and go wash up. Also, change the sheets in the washing machine. After dinner, Mom will wash them for you. Tsk, what are you standing there for, kid? Hurry up and go."

*"Oh."*
