Chapter 189: Chu Tian immigration

Seeing the old man, Chu Tian stood up and said with a smile, "Elder Sun, did you sleep well last night?"

"Haha," Elder Sun chuckled. Approaching Chu Tian, he replied, "Not too bad. I slept well on the plane. This hotel isn't ideal for sleeping, so there's no need to be reserved."

After they both took their seats, the three male agents who followed the Elder Sun positioned themselves behind Chu Tian's sofa. It was clear that they were ready to take action if Chu Tian made any suspicious moves.

As for the female secretary, she boiled water and made tea. She was busy at the coffee table between the two of them.

Looking straight at Chu Tian, Elder Sun smiled and said, "You're only 18 years old... You're quite a character, pretending to be so experienced and having grandchildren already. You'll still be in your thirties or forties."

"Well, you never know," Chu Tian smiled back. "If we act quickly, we could become grandfathers in just twenty years."

Elder Sun pulled out a cigarette and said, "Do you want to smoke?"

"No smoking." Chu Tian shook his head.

“Then I’ll smoke one.”

As he spoke, the old man lit the cigarette in his hand, took a puff, and said, “What happened to you a while ago? Why did you suddenly wash your hands of the golden pot?”

Are you in a relationship?” Chu Tian smiled and said, “I’ve met some wonderful girls, and I can’t just walk away. I need to spend time with my girlfriend. Even though I have time at night, it’s not suitable then.”

“I can’t let my girlfriend sleep alone while I’m working on the computer, right?”

“But my girlfriends are becoming more demanding. They all want to sleep in my arms. If I don’t comply, they immediately get upset and claim that I don’t love them. They threaten to break up. It’s really hard to find any spare time without any complications.”

Old Sun looked at Chu Tian with a smile. He flicked his cigarette ash and said, “You’re quite a young man.”

“Young.” Chu Tian smiled and said, “I’m a hot-blooded little guy. Now, I don’t want to waste my time. I won’t be able to wave when I’m old. Besides, it’s not illegal for me to have many girlfriends, so it’s fine if they’re willing to follow me.”

Elder Sun nodded and took another puff, and said, “Now that you’ve washed your hands, why did you suddenly come out?”

“I’m just making some contributions to the country.” Chu Tian took a deep breath and sighed, “Although I lost my parents in the second year, and the bank mercilessly took my house and chased me out, making me almost live on the street like a stray dog, I am still very grateful.”

“I admit that I haven’t received any attention or care from the state over the years as an orphan, but I still have to thank the state.”

“Because if it weren’t for our peaceful country and society, I wouldn’t be able to study while working and study until now.”

“If I lived in a war zone, like some Afghani, Iraq, Libyan and other countries, then I might have been killed by an inexplicable bullet.”

“So, I am very grateful to the country for creating this kind of stability for the people, live and work in a peaceful and contented living environment, cannot deny, I must be the beneficiary of this kind of stable society. So, in order to thank the country, I decided I must make for the country the world’s most powerful firewall.”

After hearing Chu Tian’s words, Elder Sun said with a smile, “This is full of complaints. Why didn’t you ask for help from the social assistance organization back then?”

“Hey, I’m not qualified.” Chu Tian smiled and said, “This thing, the water is too deep. You can’t even register, but it doesn’t matter. It’s all gone. I’m not starving.”

Elder Sun nodded and said, “So, this time, you want to repay the country and make some contributions without asking for any money?”

“No, no.” Chu Tian shook his head and said, “I don’t accept a single cent. I will definitely do it for free.”

“Then, what else?” Elder Sun said, “Are there any conditions?”

“No.” Chu Tian said.

“No?” Elder Sun narrowed his eyes and said, “Are you sure?”

“Of course, I’m sure.” Chu Tian smiled and said, “Elder Sun, I said that I’ve contributed to the country and that I’m free of charge. How could there be other conditions? It’s pure and free. I don’t accept a single cent. I just want to meet you and chat with you.”

Elder Sun stared at Chu Tian and suddenly smiled, “And then? We’ve already met. What’s next?”

“Next, I will work on the firewall,” Chu Tian replied. “Elder Sun, don’t worry. I will make the best use of my time. Within a week, I will complete it.”

“And then...” Elder Sun spoke in a low voice, “What comes after that?”

“And then the next thing is immigration.” Chu Tian said.

“Immigration?” Elder Sun frowned.

“Yes,” Chu Tian said, his expression serious. “I have planned it out. After completing the firewall, I will sever ties with the country. I will migrate to the United States as soon as possible. From then on, I will become a U.S. citizen and be loyal to my new country, making contributions there.”

“Elder Sun, you don’t have to worry about me. I will find a way to survive. I have thought about it. With my computer skills, I can try to join some intelligence agency in the U.S. and find a job to support myself and my family.”

“I don’t dare to say more. They should be able to give me a salary of eight thousand a month. So, don’t worry, I will definitely live well in the United States.”

Elder Sun quietly looked at Chu Tian and took a puff of cigarette. He said, “Why do you want to immigrate?”

“I mainly like the laws of the United States.” Chu Tian took a sip of tea and said, “Laws of the US are too good for me, especially that. As long as I rush into someone else’s house, not to mention Master stabbing them to death with scissors, even if I use a gun to beat them into a sieve, they will die and not have to bear any responsibility.”

“Not to mention being raped by someone, one can be beaten to death just by entering the room. There’s no need to take any evidence of being raped. After being beaten to death, one doesn’t even need to enter the police station. This law is too refreshing. I simply love this kind of law. So, I have to emigrate to the United States.”

Elder Sun looked at Chu Tian and suddenly smiled, saying, “After going around for so long, didn’t you still do it for that Li Niannian?”

No,” Chu Tian replied. “Elder Sun, please don’t misunderstand. Although Nian Nian is my woman, if she has broken the law, she should be punished accordingly. Whether she receives a life sentence or the

death penalty, she deserves it. She brought it upon herself. Really, it's her own fault for breaking the law, right?"

"Alright, alright," Elder Sun interrupted. "You don't need to brag. Immigration is not something you can hope for in this lifetime. It's impossible for you to leave the country. Isn't Li Nian Nian doing well? She will definitely be released today."
