

Beg You All 208

Chapter 208: Accepting the board

Oh?

Hearing Li Sisi's emotional tone, Chu Tian couldn't help saying, "What's wrong, sister? Have you encountered this before?"

"I have." Li Sisi said, "A few years ago, when I was in Shanghai, I had a little girl under me. She's not very old, only 19 years old."

"I didn't know about her condition at the time. Later on, she had a few drinks with a customer and ended up getting heavily intoxicated. Unfortunately, being a 'big girl', she couldn't handle it. When she woke up, she was disoriented and in a daze. Tragically, she resorted to self-harm and cut her wrist. Thankfully, someone found her in time, or else we would have lost her," Li Sisi explained with a solemn tone.

"It can be considered as a reminder. Since that incident, I've established such a rule that all big ladies don't want it."

"Really not. Once the wine is on top, it's easy to do something irrational, and it's not necessarily acceptable when you're sober."

So, this really happened!

Hearing Li Sisi's words, Chu Tian couldn't help nodding.

"That's right."

As if thinking of something, Chu Tian continued, "Sis, are there not enough people in our bar?"

"The bar." Li Sisi smiled and said, "Has enough hands. If all of them can come to work, that's enough, but all of them can't come."

"It's impossible for all of them to come?" Chu Tian couldn't help feeling strange.

"Yes, you still don't know much." Li Sisi said, "The work in the bar isn't the same as normal work. Just like you, you're happy to be with a boss today. The boss will call you tomorrow and ask you to play with him for a few days. Are you going? I'll definitely go. Under such circumstances, I can usually earn a lot."

In addition, there's a girl in our bar called Good. She was taken away by a customer the day after our bar opened, and we have no idea when she'll be back. It could be two months or three months. It's uncertain."

"Furthermore, this girl has a few uncomfortable days each month when she can't drink or work. So, during those days, she won't be able to come to work."

Oh!

That's it!

Chu Tian nodded in understanding and said, "Big sister, speaking of this, I'm actually quite curious. The girl in the bar, if she doesn't do this in the future, what will she do next?"

"Of course, it's marrying a child." Li Sisi smiled. "Actually, I'm sorry for being honest."

"Many girls, after doing a few years of nightclubs, little savings, go to the hospital for an operation and then find an honest man to take over."

"I've seen a lot of this before. It's like they've picked up a baby. They can't spoil it. Actually, they don't even know that their wives have already been through hundreds of battles."

Chu Tian chuckled and said, "Do you like to find honest people to take over?"

"Of course not." Li Sisi said, "The girls who came out of the nightclubs are all thieves. They all know men too well, so most of them look for honest people. After all, they all know that playing is one thing, living life is another matter, so they must find honest people."

"No wonder." Chu Tian said with a smile, "No wonder there's something on the internet, honest people digging through your ancestral graves, so this really is what happened."

"The night scene is much more interesting than you think." Li Sisi smiled. "You'll know once the time has passed. There are too many interesting things in this industry."

That said, Li Sisi stood up and said, "All right, you hurry to find the big baby to eat. I have not finished arranging the work and to continue to arrange arrangements."

“Sure.” Chu Tian also stood up and said, “Then I’ll come back later.”

After saying that, Chu Tian and Li Sisi left the room.

Outside the bar, just as Chu Tian was about to call Bai Xiaochun, Xia Mo’s call came in first.

Seeing this, Chu Tian accepted the passage, “Hello, Sister Xia.”

“Chu Tian, did you eat it?”

“No.” Chu Tian said, “I was about to find Xiao Bai to eat with. What’s wrong, sister.”

“I’ll lend it to you today.” Xia Mo smiled and said, “Come to my house. I’ll make you something delicious.”

Chu Tian smiled and said, “Sis, what do you mean you miss me?”

“Something’s wrong.” Xia Mo said, “I’ll tell you when you get here.”

“Alright then.” Chu Tian said, “Then I’ll tell Xiao Bai to eat with Sister Nian tonight.”

“Well, see you later.” Xia Mo said.

“See you later.”

After hanging up, Chu Tian called Bai Xiaochun back and briefly explained the situation before going to Xia Mo’s rental house.

Twenty minutes later!

In Xia Mo’s rental room, Chu Tian looked at Xia Mo, who was wearing an apron, and said, “What’s wrong, Sister Xia? Why did you suddenly cook?”

“Something’s wrong.” Xia Mo smiled and pulled Chu Tian. She pressed him onto the sofa and said, “Chu Tian, do me a favor later.”

Seeing Xia Mo smiling, Chu Tian couldn’t help smiling and said, “Sister, let’s talk about what’s delicious.”

Sweet and sour fish, fried pork ribs with scallion, spicy chicken, scrambled eggs with tomatoes, okay? If you can’t, I’ll get you another egg.”

Scrambled eggs?

Chu Tian chuckled and said, “So, the computer case, right?”

“That’s right.” Xia Mo said, “Today, an old lady called the police. Her pension money was scammed away by a telecommunications fraud, and she had no children. She saved two years’ worth of pension money in her lifetime, but all of it was gone. There’s no way she can live. This kind of case usually has no results. I think it’s pretty pitiful. Let’s help her.”

“That’s a small matter.” Chu Tian smiled and said, “It’s not worth four dishes. One is enough. How about this, sister? I’ll sleep with you again, and it’ll pay for your three dishes.”

“Screw you.” Xia Mo smiled as she hit Chu Tian and said, “The other three dishes, I’ll treat you as I invited you. There’s no need to accompany you.”

“How embarrassing.” Chu Tian said, “How about we accompany you?”

“No need, no need.” Xia Mo said, “I’ll treat you as soon as I say I’ll treat you. Let’s take a seat first. It’ll be done soon.”

After saying that, Xia Mo turned around and went to the kitchen.

Seeing this, Chu Tian smiled and took the laptop from the side. Then he opened it and started tapping it.

Time passed, and ten minutes later, Chu Tian closed his computer and said, “Big sister, that guy is called Liu Bo. He is from Ningbo.”

Xia Mo poked her head out of the kitchen and asked, “What?”

"I say that the telecommunications fraudster is called Liu Bo. He's from Ningbo."

"Ah?"

Xia Mo was taken aback and quickly walked over. "What's the situation? I didn't even tell you anything. Did you track that guy? Nonsense, right?"

"I don't need you to say anything." Chu Tian curled his lips and said, "I'll find out once I enter your public security system. The 63-year-old lady was tricked by two lacks, but she lied to you. She still has four lack in her savings account."

"Forehead..."
