Chapter 47: Chance Encounter With Li Sisi

Early next morning. 9:30AM!

At the entrance of the Haicheng University of Medicine. By the time Chu Tian rushed over from his rental apartment, Bai Xiaochun was already standing by the entrance waiting.

White shorts and off-white sneakers. It made her already long and fair legs appear extra long, fair and straight.

On her upper body was a pink Mickey Mouse t-shirt. Her slender waist was faintly outlined by her t-shirt.

Her neck was fair like a swan. Her eyes shined brightly. Her jet-black hair was tied into a simple ponytail. Her entire appearance appeared very youthful and pretty.

Seeing Chu Tian walking toward her, Bai Xiaochun's eyes narrowed into two crescents. A smile revealed her spotlessly white teeth, "Chu Tian, over here."

Chu Tian smiled and walked toward her, "Wow! Student Lil Bai, you're so pretty today."

Bai Xiaochun's face grew slightly red. She smiled, "You also look very handsome yourself."

Chu Tian smiled. He looked to the surroundings and questioned, "Strange, where's my deskmate?"

Chu Tian only saw Bai Xiaochun by the university's entrance. Yang Rong was nowhere to be seen.

Bai Xiaochun pouted, "She just went back."

"Huh?" Chu Tian uttered in confusion, "She went back?"

"Mhmm. Everything was fine until we got out here. She immediately said she's not feeling well and went back."

Eh...

Chu Tian took out his phone, "Is that so? Let me call her to see if she's okay."

Right when Chu Tian was about to call Yang Rong, he suddenly discovered there was a WeChat message notification.

It was a message from Yang Rong.

Chu Tian unlocked his phone and opened the message.

Yang Rong: "Deskmate, I'm not going to be the third wheel today. The two of you enjoy yourselves. I'm rooting for you! Heh."

Dang!

Reading the message Yang Rong sent over, Chu Tian immediately realized what was going on.

He smiled and placed away his phone, "Let's forget about it. I don't think my deskmate is planning to come with us today. Let's just go by ourselves."

Bai Xiaochun smiled and bit her lip, "Did she send you something?"

"Of course not," Chu Tian smiled, "My deskmate is quite an erratic person. Who knows what she's thinking. Oh, that's right, did you teach her a lesson last night?"

"I wanted to," said Bai Xiaochun with her mouth pouted, "But, I'm no match for her. Last night, she pushed me onto the bed and gave me an entire tickling session."

Chu Tian laughed, "My deskmate is too abominable. I'll help you take care of her someday. Come, let's go take the bus."

"Mn."

Haicheng University Station served as a station for three bus routes. They're respectively the 28 route, 54 route and 103 route.

28 route leads to the city center. 54 route leads to the main station and train station. As for the 103 route, it leads to the zoo located beside the beach.

During Saturday and Sunday, the students from the Haicheng University of Medicine would all go out to enjoy fresh air. Because of that, the Haicheng University Station was packed with people lined up waiting for buses.

“Hey! Who’s that girl? She’s so pretty! Those legs, damn! They’re simply too much!”

“Which girl?”

“The one over there, the one wearing white shorts.”

“You don’t know her? She’s Bai Xiaochun, a first year student from the Nursing Department.”

“Nursing Department’s first year student Bai Xiaochun?”

“That’s right. Remember the university forum’s voting post, that selection the freshman class’s ten goddesses? She’s the one who crushed all other competitors and was voted as the number one beauty this year.”

“Damn. She crushed all competitors? Come, let’s go and try asking for her WeChat.”

“What? You’re insane. Can’t you see who’s standing beside her?”

“Ah? That guy... who’s he?”

“That’s Chu Tian. Didn’t you read about the basketball match on the university forum? My freaking god dude, that guy is hella amazing. In that match, he blocked Xiao Gang so many times that Xiao Gang must be questioning his life now. He’s packed with muscles dude, fucking thick ass pronounced muscles.”

“Eh... Xiao Gang? Which Xiao Gang?”

“What the fuck dude? Are you even a student from the Haicheng University of Medicine? Which other Xiao Gang other than the Vice President of the Student Union, the President of the Basketball Club?”

“What the hell? You’re kidding! With that height, he’s able to block Xiao Gang?”

“Not only was he able to block Xiao Gang, he blocked Xiao Gang so many times that Xiao Gang must be questioning his life now. You can’t tell right now since he’s wearing clothes. But once he takes off his shirt, you’ll be scared to death dude. He’s packed with muscles. Looks fucking crazy my guy. That dude is most definitely able to kill you with a single punch.”

Being able to faintly hear the discussions of the crowd, Bai Xiaochun couldn’t help herself from laughing, “I never knew you’re this fierce.”

Chu Tian also laughed, “Fierce? Nonsense. That said, I only now know our school actually had a forum. Did you know about that?”

“Mn, I’ve been on there a couple times,” said Bai Xiaochun, “But, it’s a complete mess. The forum is filled with posts of people looking for dates. It’s simply no different from... a platform for hook-ups.”

“Oh? So it’s like that?” said Chu Tian gleefully, “There’s actually such an interesting place. I’ll go and make an account some day.”

What?

Bai Xiaochun looked to Chu Tian. She smiled and curled her lips.

Right at this moment, a red BMW roadster drove by.

It was Li Sisi!

Chu Tian recognized the red BMW roadster right away. It was Li Sisi’s car.

As the club renovation was being worked overtime these days, Li Sisi would come check out how things were going with the renovation every day. Chu Tian didn’t expect that he’ll encounter here today.

Seemingly having discovered Chu Tian, the roadster that was driving at a decent speed suddenly slowed down.

From the open convertible, one could see that Li Sisi was wearing red lipsticks and a large pair of sunglasses. Same as usual, she gave off a very womanly and flirtatious aura.

Holding the steering wheel with one hand, Li Sisi had a faint smile on her lips as she drove past the bus station. She looked at Chu Tian and Bai Xiaochun and, without bothering to greet Chu Tian, drove past.
