Chapter 96: Interrogation in the Office

What?

Bai Xiaochun?

When the classmates in the classroom heard that the physiology teacher had asked Bai Xiaochun to go out as well, they all looked at her.

Bai Xiaochun, on the other hand, was taken aback.

Bai Xiaochun stared at the teacher blankly for two or three seconds before uncomfortably pursing her lips and exiting quickly.

The Physiology teacher closed the classroom door again after Bai Xiaochun had left.

The classroom quickly filled up.

"What happened?" "What brought Sun Nana and Bai Xiaochun here?"

"Did they fight?"

"That is not possible. They were simply joking between classes."

"Did they violate the law in private?"

"It's impossible. I believe you if you tell me what Sun Nana did. Sun Nana is pretty coquettish, to begin with and likes to show off. She's vain, but I am pretty sure Bai Xiaochun will do nothing illegal."

"I don't know what's the matter." Although Sun Nana is materialistic, honest, and loves money. But I can't see through her, Bai Xiaochun. I can't see through her boyfriend."

"Are you positive?" Is Sun Nana still "She'st"? "She's an owner in the first place, a stouthearted bitch."

"Why are your words so disgusting? Why is she a mistress? It is not normal for a person to change from one person to another in a relationship. If they meet someone more appropriate, why can't they change?"

Outside the classroom, Bai Xiaochun timidly looked at the two policemen. She couldn't help looking at the teacher beside her. "Teacher, what's the issue?"

She had been a good girl since she was a child; she had rarely interacted with the police. Now that the police had come to her, she could not help but feel a little nervous.

"Do not be afraid." The physiology teacher smiled and said, "These two police officers just want to get to know something. Let's go to the office."

After speaking, the physiology teacher brought the two policemen, Bai Xiaochun and Sun Nana, to the office.

At this time, in the Nursing Department office, almost all the teachers were present except for the ones in class, as well as the two counselors and the dean.

Usually, there was only one counselor in a department, but due to a large number of classes in the nursing department, there were a total of 7 classes with 2 counselors.

The two counselors, like the high school head teacher, were responsible for the work of Nursing Classes 1 to 7.

And the department head, in charge of administration, was above the two counselors.

Seeing two policemen, Bai Xiaochun and Sun Nana, who were in charge of the sixth shift, the two instructors were stunned for a moment before walking over with the department head.

"Two policemen." The department head frowned and said, "I'm the department head of the Nursing Department. What happened?"

"Oh, nothing." The policewoman replied, "We just got a call from the police. We need to know something so we can borrow from your office to chat. It's not a chat."

That's it!

Since the police were here to handle the case, the dean and the two counselors couldn't interrupt. The dean said, "Then, let's have a chat."

"Thank you."

After the female officer and the male officer sat down, the female officer glanced at the male officer, who took out a notebook and a pen from his pocket and put them on the table.

Take notes directly!

At this moment, Bai Xiaochun didn't know what had happened at all. With this, she looked even more nervous. Her two little hands were pinched together uneasily, and they were sweating.

There was an indescribable pride on Sun Nana's face. She seemed to be winning a battle.

Under the watchful eyes of the teacher, the policewoman looked at Bai Xiaochun and asked, "Is your name Bai Xiaochun?"

"Yes, I am." Bai Xiaochun nodded hurriedly.

"You, are you not?"

"Do not be afraid." The policewoman said, "I have something to ask you. Are you wearing a necklace?"

Necklace?

Bai Xiaochun was stunned for a moment, then nodded again. "That's right."

"Can you take it out so I can see it?"

"Sure."

Bai Xiaochun's hands went around his neck, unfastening the necklace before handing it to the police.

Seeing this scene, several teachers in the office were stunned.

Oh shit!

Such a big diamond?

It seemed that there was something wrong with Bai Xiaochun's necklace. The police had come for this necklace!

The policewoman reached out and took it, and her brows furrowed at once.

It was really a diamond.

This project alone costs more than \$10 million!

The policewoman frowned and said nothing. Instead, she handed the necklace to the male police officer.

The male police officer looked at it carefully for a while, then looked at the female police officer and nodded.

That's right, it was a real diamond!

The policewoman looked at Bai Xiaochun and said, "Student Bai Xiaochun, I want to ask you a few questions about the necklace. I hope you can answer them honestly because this is very important to you."

Bai Xiaochun looked at the serious face of the policeman, nodded quickly, and said, "Okay, I'm sure I'll cooperate with you. I didn't lie."

"How did you get this necklace?"

"This is a gift from my boyfriend." Bai Xiaochun said, "Last Saturday night."

The female police officer nodded, looked at the male police officer who was recording, and said, "Do you know what this necklace is?. All you know is that it's a gift from your boyfriend for only 1,900 yuan. You don't know anything, right?"

Bai Xiaochun looked into the policewoman's eyes and nodded slowly. "That's right, officer. Is there something wrong with this necklace?"

"There's another problem." The policewoman continued, "Who's your boyfriend?" "What's his name?"

"His name is Chu Tian, and he is the nurse student of Class Three."
