

Beg You All 98

Chapter 98: This is what I bought

When he heard this, a thin counselor with a compact figure said, "Okay, comrades, wait a moment. I'll call Chu Tian."

"Wait a moment." The female police officer stopped the counselor and looked at the male police officer. "Xiao Liu, go with him to be careful."

The male police officer nodded, stood up, and said, "Understood."

The counselor hesitated before saying, "Okay, comrades, there is no need. I will call him over."

"It's better to be careful." The policewoman said, "I heard that Chu Tian has strong muscles. Let Xiao Liu go with you!"

Oh!

Hearing what the policewoman said, the counselor immediately agreed.

"I'm afraid Chu Tian will throw himself against the wall!"

Exactly!

He had observed Chu Tian on the forum. His physique was sharp and muscular. Even Xiaogang's two-meter-tall little giant, Xiaogang, was powerless against him. If he would take action, he needed to be stronger to cope.

"All right." The counselor said, "Then let's hurry up. The class is about to end soon."

With that said, the counselor and the male police officer left the office.

In the third nursing class classroom, a teacher in his 40s wearing glasses was lecturing on the podium, while in the last row, Yang Rong was whispering to Chu Tian.

"Deskmate, are you messing around? You've been sleeping in the same room for a few days, but the two of you have not done it."

Chu Tian whispered, "She is terrified; let her take it slow. I can't help it."

"What are you afraid of?" Yang Rong and said, "You are so stupid."

"No reservations." Chu Tian said, "She was so afraid that I don't know if she is reserved or afraid."

"What are you afraid of?"

Chu Tian chuckled and said, "Classmate, what did you say? It's like watching the sky from a well. It would be best if you still learned the true meaning of the words. There are people outside. There's time for us to spar. I'll let your little frog see how vast the world is."

"Inhale..."

Yang Rong covered her mouth and smiled. She kicked Chu Tian and said, "Damn it. Who will learn from you? It's shameless."

"Hey..." Chu Tian laughed, "To be honest, your boyfriend is in the north. It's getting cold fast; you can't be intimate and prepare a hat for him in advance. Otherwise, what if you catch a cold? Don't you feel bad?"

"I'll strangle you!"

Yang Rong smiled and pinched Chu Tian's leg.

"You think for yourself." Chu Tian smiled and said, "Anyway, the green hat I gave your boyfriend must be thick and velvety. It's big and warm, even if you walk in Antarctica. Also, if we are sitting at the same table, I will not accept your money on the table. Don't worry, it's free."

In the classroom, while Chu Tian and Yang Rong were laughing, the room door was suddenly knocked on twice.

A crowd turned their heads inside the classroom and saw a male police officer standing at the door.

He said nothing to the teacher who was teaching. The counselor knocked on the door and stood at the door. "Chu Tian, come out for a moment."

Ah?

Find him?

Seeing this, Chu Tian frowned.

What a situation with feather bedding!

Why are there police?

Was his identity as a hacker discovered?

It cannot be.

Also, even if the fact that he was a hacker had been known, he should have been with the National Security Bureau agents when they arrived.

"What have you done, my classmate?" Yang Rong murmured.

"Maybe I am too handsome." Chu Tian smiled and said, "Hey, this face will only cause me trouble. You can't make me a handsome man."

Yang Rong laughed, saying, "Go away; don't think I'm disgusting."

Chu Tian laughed, then stood up and walked out of the classroom.

After Chu Tian came out, the counselor first closed the classroom door and said, "Chu Tian, this is a comrade from our school police station. I have something to ask you. Let's go to the office and talk."

Chu Tian nodded and said, "Comrade, what is it? Seriously? "

"Oh, it's nothing major." The male police officer said, "Let's chat in the office."

Soon, when Chu Tian followed the counselor and the male policeman to the office, he frowned.

And a policewoman!

Not only that, but Bai Xiaochun and Sun Nana were also there.

What was going on?

Bai Xiaochun and Sun Nana are fighting.

Not so much!

Could two fighting girls call the police?

In the office, Bai Xiaochun saw Chu Tian come in. Her mouth twitched as she ran over.

Holding Chu Tian's waist, Bai Xiaochun buried her head in his arms and cried.

Seeing this, Chu Tian quickly hugged Bai Xiaochun and comforted her: "Don't be afraid, your boyfriend is here, don't be afraid."

Seeing this scene, the policewoman first looked up and down, frowned, and said, "Is he Chu Tian?"

"Yes." Chu Tian hugged Bai Xiaochun to comfort her and said, "What's wrong, comrade? What did my girlfriend do?"

"Let me ask you a question." The policewoman picked up the Pure Star and asked, "Do you know this necklace?"

Forehead.....

Chu Tian looked at the necklace in the policewoman's hand and seemed to think of something, so he couldn't help but glance at Sun Nana.

It seemed like he knew what was going on!

"Of course I do." Chu Tian said, "This is a gift I bought for my girlfriend. Is there any problem?"

The female policeman said, "Oh? You said you bought it?"

"Otherwise." Chu Tian smiled and asked, "Will my girlfriend's gift be stolen?"

The policewoman continued, "Then how much did you buy this necklace for?"

"19 million."
