

Beloved Dog 571

Chapter 571

Rahle did something dangerous

Alright, Leo. Lets go too!

Wuff!

Chase after them!

We should go too.

Indeed. Will Tilura be alright?

I understand that youre worried, but good Leo will look after her. So she will be fine

She looks like she is having fun, but it is scary. I would never want to fly in the sky.

Rahle was flying much lower than previously, and carried Tilura in the direction of the mansion, just as we had ordered.

Leo then ran after them.

Mr. Ekenhart was still nervous about it, and while Ms. Claire was trying to reassure him, she also sounded worried Well, something like this had never happened before, so it was no surprise.

Ms. Ann was also more afraid than curious.

Kii! Kii!

They do seem to be enjoying it

As I rode Leo and followed them, I could hear the excited voices from above.

Well, it was too far to actually hear Tilura, but Rahle seemed to be enjoying it. So things were likely going well.

Ill move a little more. Thats what it said!

What?

Just when I was starting to relax, Liza explained Rahles cry, and I had a bad feeling.

Was it going to start doing aerial acrobatics?

Kii! Kii-kii!

I dont like this Leo, can you run so that you are right under them?

Wuff!

I didnt know if Rahle was getting carried away, or Tilura had commanded it, but I could see that they were now going up and down.

Of course, the speed also increased when going down, and as Rahles angle would change, Tilura would be less balanced while riding.

Sensing the danger, I called to Leo, and told her to run right beneath Rahle.

The carriages were already far behind us now, but I did not want Mr. Ekenhart to worry.

Leo nodded her head and barked once before raising her speed.

Woah! Mama is so fast!

Wuff-wuff!

As Leo had never run this fast with her before, Liza was overjoyed. However, I was just focused on what was happening in the sky.

The speed was similar to when we had to rush to Range village before.

I was just barely able to maintain my balance.

While it was different in the sky, it was impressive that Rahle could fly at such a speed.

Kii-kii!

What now?

Rahle's high-pitched voice echoed around us.

I didn't know what it meant to do, but anything more than this would surely be dangerous for Tilura.

However, our voices would not reach them from here. As I thought this, Rahle's body suddenly started to tilt.

Ah! Hey, Rahle!

Kiii!

In the sky, Rahle had suddenly rotated several times.

It was like those military air shows I had seen once. Such maneuvers required immense skill.

But I had never seen a bird do such a thing while flying.

Wasnt balance really important when flying in the sky?

Also, it was a bird, not a plane. So Tilura was not safe in the cockpit.

When Rahle had its back towards us, I saw Tilura for a moment, but could not see her expression. However, it seemed like she was holding on desperately.

Kii?

Whats the matter? Thats what it said. I think it was talking to sister Tilura

I wonder if Tilura is scared now?

Wuff. Grrr!

Did Tilura now regret riding on Rahle?

The sudden up and down movements were one thing, but barrel rolls

And it wasnt like Tilura had any experience riding planes.

Even for someone as curious as her, this would be

Leo started growling while she ran She would definitely scold Rahle later.

While she couldnt use magic to strike Rahle down now, she would show little mercy once we reached the mansion.

The Copper Eagles Name Uhh, Copper Eagle Your name is Rahle! Kii! Kii! Tilura looked up at the large monster and announced the name in a clear voice. The Copper EagleRahle, accepted it, and it cried loudly as its body began to glow. Thiswas the light that appeared when a

Chapter 572

I comforted Tilura

Well, it looks like they will arrive safely.

Were back!

Wuff!

After watching Tilura and Rahle for some time, the large building finally came into view.

Somehow, Tilura had managed to stay on this whole time.

Perhaps Rahle had sensed her fear, as there were no more aerial acrobatics after that.

As I sighed with relief, Liza raised her hands in the air, happy to be back home.

Leo barked in reply.

She was used to the mansion now, and recognized it as a place to return to.

Ah, dont perry. Tilura is with it. And that monster will not attack any humans.

Mr. Takumi. Leo. Lady Liza! Ah, I understand!

Mr. Takumi!

Kii?

Wuff-wuff.

Ahhh Yes, yes. So you were scared

Are you alright, sister Tilura?

When we arrived at the gates, I saw that Rahle had landed on the ground. But Tilura was still clutching on to Rahle back as if frozen.

The guards were startled and pointed their spears at Rahle, and so I had to tell them that there was no danger.

Once she saw us, Tilura jumped down and ran to us and threw her arms around Leo.

Upon seeing this, Rahles head tilted to the side as if puzzled.

Leo pushed her nose towards Tilura consolingly, and I patted her on the head.

She was half crying, and Liza was looking at her worriedly.

Yes, she was a kind kid who could worry about others

Are you alright, Tilura?

OhI was scaredsniff

Of course. There, there.

Wuff. Wuff-wuf?

Yes. Well take care of her. You go and talk to Rahle. Tilura, can you let go of Leo for now?

Yes Sniff

Wou!

After Tilura let go, Leo seemed to move so quickly that I could barely see her. Then she gestured with her paw towards Rahle.

Kii?

What is it? Rahle seemed to say as if puzzled. And they moved a short distance away.

Grau-gau! Gau! Wou!

Ki-kii

I could hear Leo scolding Rahle.

I suppose they had moved so that Tilura wouldnt have to watch

But Leo, we can still hear you, you know?

Regardless, I had to focus on Tilura for now.

There, there you must have been very scared But its fine now. Leo is talking to Rahle, and that will not happen again.

Yesuuu.aahhhhh!

There, there

Sister Tilura Dont worry!

She must have been holding it all in, because after talking to her gently, she then hugged me and burst into tears.

As for Liza, she hugged Tilura from behind and joined in comforting her.

Liza, listen

Hmm? What is it, papa?

Well

Heheokay! Sister Tilura!

I suddenly had an idea, and so I called Liza and whispered it to her.

She nodded, and then turned around so that her tail pointed towards Tilura.

Liza? Ahahathank you!

Uh Sorry, Liza.

No, its fine. Ms. Lyra will wash it later! Haha! More gently, sister Tilura!

Tilura was now hugging Lizas big fluffy tail.

She had been hugging Leo, and so I thought it would be more comforting than hugging me.

I apologized to Liza, as her tail was getting from the tears, but she didnt mind.

Rahle did something dangerous Alright, Leo. Lets go too! Wuff! Chase after them! We should go too. Indeed. Will Tilura be alright? I understand that youre worried, but good Leo will look after her. So she will be fine ...She looks like she is having fun, but it is scary.

Chapter 573

Rahle was sorry

Tilura, are you alright!?

Sister! Yes, Im fine!

Shortly after, the carriage carrying the others arrived as well.

Ms. Claire immediately jumped out and rushed to Tilura.

As for Mr. Ekenharthe was looking this way, but perhaps he didnt want to show his distress, as he did not run like Ms. Claire.

Tilura looked a little embarrassed, but she greeted her sister with a smile.

She had cried into Lizas tail for a while, but she was back to her calm self now.

Though, it was still obvious that she had been crying.

I suppose she did not like to cry in front of her older sister.

Regardless, Ms. Claire could see through her smile, and she hugged her, just like Liza had done.

Wuff

Kii

Oh, they are finished as well.

After the scolding, Leo and Rahle returned.

Rahle now understood that Tilura had been scared, and it looked rather crestfallen.

Rahle?

Wuff.

Kii., kii-kii.

Tilura moved away from Ms. Claire and faced Rahle, who after being urged on by Leo, approached Tilura and bowed its head repeatedly.

I suppose it was Rahles way of apologizing.

Wou-wou.

You wont do that again and scare Tilura, will you?

Kii Kii?

If you promiseIll forgive you

Kii!

I stood next to Leo and asked Rahle to make the promise.

Rahle nodded and then looked to Tilura as if wanting a confirmation.

Tilura had been too scared to get mad. However, after thinking about it for a moment, she asked Rahle to promise.

And then Rahle raised its right wing into the air.

Understood! I think that is what the gesture meant.

Yes, very well. Its a promise then. Though the going up and down was a little fun.

Kii?

Hey, Tilura. Even if we were far away, I could see you rising and falling. And it made me scared! Father nearly got out of the carriage. You must not do that again, you hear?

Fine. Heheh

Kii.

In spite of the promise, Tilura stuck her tongue out mischievously and whispered to Rahle.

She really was a child.

We would have to keep an eye on them, or she will start to do dangerous things with Rahle again. Well, she had been scared, so I doubt they will be spinning or anything, but

Still, didn't you say that balance was important when flying? Why would you do something so dangerous?

I asked Rahle as we passed through the gate and made our way towards the door.

Kii. Kii-kii.

Mr. Takumi. It was my fault too

You, Tilura?

Tilura explained in a quiet voice.

She talked quietly because she did not want Mr. Ekenhart or Ms. Claire to hear.

According to what I heard, while it had been Rahles idea to move up and down, Tilura had enjoyed it and got excited. And so she asked Rahle to do something else that was fun.

Of course, she had not expected Rahle to rotate, and she had to grab on desperately.

As for maintaining balance, apparently, Tilura had been lighter than Rahle expected, and so keeping its balance was easy. Thats why Rahle had gotten carried away.

I suppose they were quite similar after all.

Kii?

Ah, Mr. Ekenhart What should we do?

Mmm

While I suppose it can fitsurely you dont think

I comforted Tilura Well, it looks like they will arrive safely. Were back! Wuff! After watching Tilura and Rahle for some time, the large building finally came into view. Somehow, Tilura had managed to stay on this whole time. Perhaps Rahle had sensed her fear, as there were no more

Chapter 574

Birds were not a good fit for the rooms

We arrived in front of the door. And then we stopped and considered the problem.

Well, it was mostly Rahle, who looked at the entrance with a puzzled expression.

As long as Rahle didnt spread out its wings, then it was not that wide.

And this was a large mansion so that even Leo could fit in comfortably.

But Rahle was about four meters tall.

It could fit through if it lowered its head, and the ceiling was very high once inside.

Thoughit would not be able to move around very freely.

Things might be knocked down every time it spreads out its wings And its head might hit the chandeliers.

Even if it could fit through, it would not be very comfortable inside

Indeed. Hmm, what to do. But it is Tiluras familiar, so we cant just tell it to stay outside either.

Yes Especially when Leo and Sherry are kept indoors.

Kii? Kii-kii. Kii!

Hmm? What did it say?

It said that its fine outdoors. If anything, that is preferable and fun.

Hmm. I see But

Kii-kii!

Both Mr. Ekenhart and Ms. Claire seemed to be against the idea of Rahle being kept outside.

I suppose they did not think it was very hospitable.

Still, Rahle began to squawk, and Tilura interpreted. Apparently, Rahle actually preferred to be outside.

Indeed, it would be hard to have to stay indoors and not be able to move your wings.

When people had pet birds that they kept indoors, they sometimes even clipped their wings I heard that it was to prevent accidents.

And even with a mansion of this size, there would be problems if Rahle spread out its wings.

Though, in this case, it was the mansion that would break, before Rahle got injured

In any case, if Rahle preferred to be outside, then perhaps that was the best.

I think that for Rahle, it is more important to be outside. After all, would it not be stressful if humans had to stay in small spaces where they could not stretch their limbs?

Yes. That is how I feel when I am in the carriage for too long.

Indeed. While I can move somewhat, it feels very stuffy and cramped.

Uh, yes. Exactly.

Yes These people were used to living in a large house with large rooms

Mr. Ekenhart and Ms. Claire started to think back on the long trip. But I had been thinking about something even smaller.

Like being in a capsule hotel, where you could not even sit up.

I had stayed at such places when I missed the last train It had been very uncomfortable.

Of course, I went back on the first train the next day in order to take care of Leo.

And then I had to return to work right after that. It felt like I barely got any rest.

Compared to that, riding in a large, fancy carriage that was extravagantly decorated was

I dont want Rahle to feel trapped. So outside will do just fine! Is that alright, Rahle?

Kii!

Rahle prefers to be outside. As Mr. Takumi saidit would be like shoving someone into the back of a carriage!

Uhwe would not do something like that Uh, have you experienced that before?

Once Before meeting Mr. Takumi. I once hid in the back of a carriage while going to Ractos. It is no place for a person, and I regretted it

I see

Tilurathat is

I wont do it again! Its cramped and it shakes and hurts

Apparently, Tilura had some experience when it came to being in cramped spaces, and she understood what I was trying to convey more than the others.

Well, not only was it cramped, but it would move a lot, and there were no cushions I probably would not be able to last a whole hour like that.

That was an even worse environment than a capsule hotel.

I suppose it was her childish curiosity that led her to doing that However, she clearly felt intense regret over it.

Rahle was sorry Tilura, are you alright!? Sister! Yes, Im fine! Shortly after, the carriage carrying the others arrived as well. Ms. Claire immediately jumped out and rushed to Tilura. As for Mr. Ekenharthe was looking this way, but perhaps he didnt want to show his distress, as he did

Spreading Reputation

Rahle, you really dont mind being outside?

Kii!

Rahle doesnt mind.

I see In that case, it is settled. The garden should be big enough, butI hope you will not go too far. Because people who dont know might be alarmed.

Kii!

Even if they dont know what a Copper Eagle is, they will recognize a monster. So it would be best for it to stay here quietly.

Kii!

Mr. Ekenhart asked Rahle for a confirmation.

Rahle spread its wings and nodded.

Well, it really was monstrous in size Anyone would recognize it as a monster if they saw it up close.

As the people trusted the duke, I doubted that any strange rumors would spread. Especially since Sebastian was going to explain matters. But even then, some people might be shocked at it.

That being said, the people of the mansion had to be told first.

Well, they could see that Leo and Mr. Ekenhart were calm, so it should be fine. But some of the guards were carrying weapons.

Welcome back, Your Grace! Lady Claire, Lady Tilura. And Mr. Takumi and Leo!

When we entered the house, we were greeted by the servants as usual.

Mmm, Im back.

Your Grace. Sorry to disturb you so after your return

Did something happen?

One of the butlers stepped forward and addressed Mr. Ekenhart.

Apparently, something had happened and he was going to make a report.

It is from the main house. They are wondering when you will return.

Mmm I really have stayed here for too long. Very well, I shall return tomorrow. Send the message to the house.

Certainly.

Mr. Takumi, Lady Liza, Lyra. Welcome back. And you too, good Leo.

Ms. Gelda.

Wuff-wuff.

Gelda. How have things been here?

Nothing has changed Is what I would like to say, but Mr. Nick has said that Ractos is running out of herbs.

Herbs? I thought I left a lot with them

I had thought about how much had sold in Ractos up until now, and made what I assumed would be enough.

Surely this didnt mean that some disease was spreading again

You are right, Mr. Takumi. It should have been enough Apparently, it has become quite popular within Ractos.

Mr. Takumis?

Yes. And Mr. Kaliss store. When the disease was spreading, it was the only store that had enough stock. And the prices were affordable. And so the reputation spread, and more customers started to come.

I understand that But is it really so much that they would run out of herbs? Alsowhat did they think about me?

Apparently, the soldiers have spread stories about how you captured Deam. They say that you have worked to make the slums a safer place. AlsoI think that Mr. Nick has done his share of spreading the word about you.

AhI see. Nick

I understood why Mr. Kaliss store was becoming successful, but I didnt realize people were talking about me

Well, after capturing Deam, we had met Nick and talked, so he knew about what we had done.

And that had helped with the popularity of the store.

Well, it was a store that sold my herbs. So this was all good news to me.

As Mr. Kaliss store sells other products as well, those are also doing well. People who go to buy herbsend up buying other things on the way. Or vice versa.

Rahle was sorry Tilura, are you alright!? Sister! Yes, Im fine! Shortly after, the carriage carrying the others arrived as well. Ms. Claire immediately jumped out and rushed to Tilura. As for Mr. Ekenharthe was looking this way, but perhaps he didnt want to show his distress, as he did

We had Ms. Lyra rest first

Well, Im glad that things are well.

Yes. Mr. Nick sounded very happy as he talked about it. Though, he was disappointed that you were gone, so he could not get more herbs

Haha. Well, that cannot be helped. Uhh, do you know how much they need? I can make more now.

Ah, no! You have only just returned from the forest. You must rest first. Besides, I am sure he will not come back until tomorrow.

Thats true. I guess I was so happy that I got a little ahead of myself.

Hehe Well, Mr. Takumi, Leo and Liza did a lot in the forest. So you should rest easy today.

Wuff. Wuff-wuff?

Mama says you should rest too.

Yes, both Liza and Leo did work hard. Very well, I shall rest today then.

When I suggested that I could make more herbs, Ms. Gelda stopped me frantically. Leos work in the forest was obvious, but Liza had also done quite a lot.

Not only did she fight that orc, but she also acted as an interpreter for the fenrirs and Rahle.

Well, I shall take your luggage then

Ah, Ms. Lyra. You were with us in the forest too. So you should rest. I will carry them by myself.

Really? But all I did was prepare the food

But that must have been very tiring. Especially after the fenrirs and Rahle joined in. Regardless, carrying my own bags is nothing. So please rest. You made such delicious food for us, after all.

Wuff-wuff. Wuff. Wuff.

Mama says thank you for the delicious food! I thought it was good too! Thank you, sister Lyra!

Oh, very well. If you insist

After all of that was said, Ms. Lyra finally gave up on trying to haul our bags away. And she smiled and went off.

However, she kept glancing back a little sadly. Perhaps she wanted to help. But I was sure that she was also tired.

It was best for her to rest now.

She did not need to be concerned about us.

Then I will do it instead of Lyra. I was here all of the time, and am not tired.

Yes, thank you. But please be careful.

Of course!

Wuff

Ms. Gelda then insisted that she would help. Though, she just carried Lizas belongings.

My own bags and the sword were quite heavy And since Ms. Gelda was enthusiastic about it, I was worried that she might do something clumsy.

Like she might trip and fall while carrying my sword.

However, Ms. Gelda was aware of her characteristic, so I coughed and then headed to my room with the luggage.

To no ones surprisesh she slipped a few times and nearly fell, but Leo supported her with her nose.

Still, I wondered how she managed to slip so much on dry carpets

Hah Were finally back. I didnt think I was that tired while in the forest, but I guess I was wrong.

Wuff-wuff.

MamaIm sleepy

Wuff.

Ms. Gelda left after dropping the things off in the room, and I sighed.

Thanks to the herbs, I didn't feel that much fatigue. But I was tired mentally.

And so I quickly changed my clothes and sat on the bed with a sense of relief.

Leo was the same, and lay down to rest in the center of the room.

As for Liza, she grabbed onto Leo and was already starting to drift off to sleep.

While she had a lot of fun in the forest, she was a child, and so would be even more tired than me.

A lot had happened. Still, I was happy that Liza recognized this as a place to come back to.

It was proof that she was used to being here, and had accepted the current situation and liked it.

Leo started a diet plan for Sherry. Besides, it is probably easier in some ways when they are a familiar. Really? Yes. Because no matter what happens, you can speak to each other. Ah, that is true. It is very convenient to be able to understand each other. But I

Something was approaching. Wuff Wou? She is saying that there is a presence and smell that is both familiar and unfamiliar. Familiar and unfamiliar. Perhaps it was because the herbs were still having an effect. But she could even smell it. We had just eaten lunch, and so the area

We were woken up early in the morning. Hm. While Liza had closed her eyes, she was still excited, and would not fall asleep immediately. However, after muttering for a bit, she finally became quiet. And then I could tell by her breathing that she was asleep. Before closing my

Chapter 577

Dinner portions were insufficient

Mr. Takumi, sorry to disturb your rest. Dinner is ready, so please come down to the dining hall. But if you are too tired, we could bring it up to your room?

Ah, no. I was just relaxing a little. I will head down there immediately. Liza, you can sleep after you eat, alright?

Yes Im hungry, so Ill eat!

Wuff!

As I was relaxing in my room, there was a knock on the door and Ms. Gelda entered.

And while she offered to bring food to my room, I preferred to eat with everyone else.

Mr. Ekenhart and Ms. Claire would be there, and I wanted to know what had happened with Rahle.

Though, Ms. Anne would probably not come down.

As for Leo, she got up as soon as she heard dinner being mentioned.

She was even wagging her tail.

In any case, we had better eat while Liza was awake. And so we followed Ms. Gelda to the dining hall.

Hmmm What happened?

There was so much more food when we ate in the forest. Because there was so much orc meat.

Kyau

It does look like there is less than usual?

Wuff?

When we arrived at the dining hall, I saw that everyone but Ms. Anne was present. And then the food was served.

However, Mr. Ekenhart and the others looked at the food suspiciously.

Sherry even sounded sad.

It seemed rather plain compared to what we usually ate.

No, it was clear that it took a lot of effort to make. However, after eating orc meat in the forest, it did lack impact.

Even if the appearance and taste was probably good, the portions also looked small.

Perhaps we had gotten too used to the orc meat

The meat dish looked like it could be eaten with just a single bite.

Mmmand I was looking forward to eating Helenas cooking after we returned

Father, it looks delicious.

The presentation is great, there is no doubt. And look at this breadwell, its also small.

The bread was about the size of my palm.

And though it was small, it was in the shape of a dog or wolf. Perhaps it had been modeled after Leo.

It was so well made that I almost hesitated to eat it.

When we were in the forest, the cooking had gotten a lot simpler after the fenrirs joined us. And so Mr. Ekenhart had been looking forward to eating something specially prepared upon our return.

Ms. Lyras cooking was good, but it was human nature to want to eat something that was more elaborate.

Though, the ideal would be to be able to eat a lot of food that was also delicious and well made.

Im sorry. After His Grace went to the forest, Ms. Helena started experimenting with the food.

Oh, is that right? Well, while it is nice to look at, what of the portions? Well, I suppose I should not complain, but

Ms. Gelda realized what was happening and stepped forward to offer an explanation.

She said that she started doing it because of a promise with Mr. Takumi

Me?

Yes. Apparently, you and Ms. Helena had a discussion about food

Ahyes. That is true, we did talk.

I think it was right before we went to the forest?

Ms. Helena had been rather sad that I had recognized a dish that she thought she had invented.

I suppose this was the result

Sebastian Explained Magic To Me After dinner, Ms. Claire and I drank tea in the guest room with a relaxed atmosphere. As Sebastian and the two maids were servants, they did not sit down but waited behind us. It must be tiring to have to stand for so long. And

Leo finished her sausages Once we were finished talking, Ms. Claire and Mr. Ekenhart left the dining hall. They decided to sleep early, as they had a busy day tomorrow. But before leaving, they asked for some herbs to help them sleep, and so I had a maid bring me

We All Ate Breakfast Together This salad is very delicious. Hehe. Im glad that you enjoy it. The soup is good too, Mr. Takumi! Wuff, wuff Guff, guff! It was a green vegetable salad. Because it was morning, the salad dressing was mild, and went well with bread as well.

Chapter 578

It was a serious problem for the women

Ms. Helenas first thought was to make food that was delightful to look at. In fact, the servants also agreed that such elevated presentation would make the food feel even more delicious.

Indeed. The taste can be affected by that as well. Perhaps it is necessary for food to look nice.

Sometimes food looked delicious and sometimes it didnt.

And while the pleasant surprise of food tasting good in spite of looking bad was nice, it was important for meals to be enjoyable.

Still, what about the amount? It seems to be only half of what is usually served?

As for thatumSherrywell, it was an idea from the servants, particularly the women.

And how is Sherry related to that?

Kyu?

Sherry looked up with confusion.

Yes. One of the reasons that Sherry went to the forest was to lose weight.

That is true. Leo also wanted to toughen her up.

Kyau.

Sherry had not been very active, and was also stealing from the kitchens, causing her to put on some weight. And so Leo had put her on a diet plan.

Part of that was being chased around in the garden by Leo, and she generally did not ride on Leo when in the forest.

And there was also the battle with the orcs She was to learn how to fight as a fenrir.

In any case, while it was hardly over, it did seem to be effective. And Sherrys face had grown sharper and more like that of a wolf.

It was just a small change. Sherry was still young, after all, and could not be compared to Fen and Riruru.

Ms. Helena blamed herself for Sherry, and started to think of meals that would help her. And since I was there, I made a suggestion.

You did?

Sherry had gained weight to slothfulness and stealing food. It was not Ms. Helenas fault at all.

Still, as the person in charge of all of the food in the mansion, I suppose it was a big problem for her

Reducing the amount of food To put it simply, eating too much good food will make you fat. And so some adjustments should be made. Ms. Helenas dishes are now more delicious than ever, and so there would be a risk

YesI can see the reasoning. Now that I think about it, I too have a tendency to eat too much

Ahis that so? But surely it is not necessary for me, Mr. Takumi or Leo?

Wou!

All of Ms. Helenas cooking was delicious and thought out, including the deserts.

Though, I suppose that was a bad thing for some people.

Ms. Claire recalled that she would sometimes eat too much, and so she nodded her head with satisfaction at Ms. Geldas explanation.

However, Mr. Ekenhart expected to be satisfied with both taste and quantity, and could not keep his mouth shut during this rather delicate topic.

And while Leo was a girl, she was not going to win against the temptations of food either, and so she barked to show that she stood by Mr. Ekenhart.

I might have joined them myself, only Ms. Claire shot me a dangerous look, and so I just chuckled awkwardly instead.

Excuse me. The extra food is ready, and so I have brought it!

Oh! So you did prepare something! Good!

Wuff! Wuff!

Haha Mama, your tail hit me!

Wou

Just then, Ms. Helena entered the dining hall with a food cart.

On it was a large plate with meat in some kind of sauce Was it orc meat? And there was vegetable soup and a mountain of sausages.

Mr. Ekenhart sighed with relief, while Leo wagged her tail happily.

Delicious food was important to Sherry So she doesnt remember that. What do you think, Leo? Wuff? Wuff-wuff. Wou? I turned to Leo to see if Ms. Claires guess was correct. After tilting her head, Leo barked as if she was not confident. Maybe? That is what she said. And

Sherry had become fat from eating too much Im sure Lady Claire would have prepared some food if she knew Why didnt she ask her? Kyukyu I see. Uh, papa Sebastian was right. Ms. Claire doted on Sherry, and would surely ask the servants to bring her some food. Liza

The fenrirs treated me as a boss Kyau! AhohheheSherry Wuff-wuff. Sherry stretched and licked the tears off of Ms. Claires cheek. It was like she was comforting her and saying that there was no need to cry. Leo also nodded approvingly. Ms. ClaireIm so happy!! Woah, Ms. Anne!? Anne!? Ms.

Chapter 579

Ms. Gelda had jumped to conclusions

In the end, we ate what was initially served, as well as the new food that Ms. Helena brought, and it was a satisfying dinner.

Only, Ms. Claire looked at her father, who ate ravenously, with a slightly angry expression.

As for Sherry, since she had done so well in the forest, Leo gave her special permission to eat as much as she wanted.

The roasted meat was orc meat after all. We had brought back quite a lot of it from the forest.

It was quite different when cooked by Ms. Helena, and very delicious.

There would have been chaos if Anne was here Thankfully, she was too tired and went to sleep.

Previously, Ms. Claire and Ms. Anne had argued about weight.

And so I didnt want to think about what it would have been like if she were here now.

Im sorry. Since it was so sudden, I could not prepare more at first And so I made the rest in a hurry.
I hope it was enough

Yes, it was enough. And you seemed to have improved again? Well, I was surprised at first

We did not know that you would return today, Your Grace No, that is just an excuse. Please forgive me.

Now that I think about it, we did not send word to the house

Is that true, father?

Mmm. We only decided to return yesterday, after all. Though, I suppose we still could have sent a messenger

It was decided after Tilura had slept while clutching onto Rahle. The sun was already down by then
And it would have been dangerous to send someone to travel through the forest while it is dark.

Well, it seemed like they could have asked the butlers who were waiting outside of the forest But I suppose they had forgotten, due to that business with Rahle.

I did not say anything, as Ms. Claire seemed cross enough with Mr. Ekenhart already.

Besides, both I and Ms. Claire, as well as Sebastian had not remembered either.

As for Ms. Gelda, she was not red in the face and looked like she was going to cry. I suppose it was because her explanation about diets proved to be false.

She bowed her head and apologized, but Mr. Ekenhart and Ms. Claire were not angry with her.

They just chuckled and told her to be careful in the future.

Hah While Ms. Gelda had gotten carried away, a little, it was a great, satisfying dinner.

Wuff.

Zzzz

Oh, Liza fell asleep. Well, she was already tired before dinner. So it cannot be helped

Wou

And so we decided to rest early tonight.

As everyone was tired from the journey.

It wasn't just Mr. Ekenhart, Ms. Claire and Tilura. The servants would also be tired, and so it was best for them to rest.

By the time I returned to my room, Liza was already sleeping on Leos back.

Thank you, Leo. Oomph

Wuff-wuff. Wou?

I had Leo lie low so that I could pick up Liza.

I was careful so as not to wake her. Leo barked with concern, but it was fine because she was light and small.

I then put her on the bed and Leo seemed to relax.

Ah, she was supposed to take a bath Well, I suppose I could ask Ms. Lyra tomorrow You too, Leo.

Wuff!?

Leo seemed alarmed at this, but after walking around in the forest so much, there were patches of fur that were dirty.

Her silvery fur was still beautiful, but she looked so much better after being thoroughly washed

As she had swam in the lake several times, she wasn't too dirty. But she would definitely need to be brushed to get some of that dirt and tangles out

Liza decided what she would do Well, orcs are like this Oh. I see. Wuff! I told Liza about the orcs and that they were dangerous monsters that attacked humans. While Sebastian looked like he wanted to explain it, I'm sure he would have plenty of other opportunities later. Liza

Dinner portions were insufficient Mr. Takumi, sorry to disturb your rest. Dinner is ready, so please come down to the dining hall. But if you are too tired, we could bring it up to your room? Ah, no. I was just relaxing a little. I will head down there immediately.

Things went smoothly this time Anne. Walk more normally. Ah, don't grab my arm like that! Ms. Claire, I cannot go on While Tilura and Mr. Ekenhart seemed like a family on a hiking trip, Ms. Claire and Ms. Anne were bickering. The reason was that Ms. Anne was exhausted

Chapter 580

Even Leo was tired

Wuff

Haha. Well, Liza would like it better if you had clean fur. So you should keep that in mind.

Still, Leo didn't hate baths as much as before. We had talked about it, and I was careful to avoid doing things that she didn't like. So there was less resistance.

Back when she was small, I had a hard time just picking her up in order to wash her

I thought of such things as I left Leo and the comfortably sleeping Liza, and went off to take a bath.

Im back Leoyou look

Wufuu

Zzzmmm

I finished my bath and returned to the room quietly so that I wouldnt wake up the others.

I could hear that Leo and Liza were fast asleep.

Liza was wrapped up in her blanket and seemed happy. So that was finebut Leo got my attention.

Usually, she was curled up or slept with head on her front legs, but now she was lying on her side with her limbs spread out.

Well, I suppose she was usually on her guard a little, and this was how she was when completely relaxed.

Even if she was a powerful fenrir, being so active in the forest must have been tiring.

Fen and Riruru would be fine, as they were used to it. But Leo used to be a small house dog.

And so there were things she wasnt used to in regards to being a silver fenrir.

So it was no wonder that she was tired.

Thanks, Leo. Your presence alone is reassuring, and youre a big help. Once youre rested, we can play together again.

I whispered quietly and petted Leo. And then I went to my own bed in order to sleep.

Good night, Liza and Leo.

I muttered and then drifted off to the world of dreams

Are you awake, Mr. Takumi?

Its okay, Tilura. You can come in.

Yes, excuse me Is Liza still sleeping? Ah, good morning Leo and Mr. Takumi.

Wuff.

Good morning, Tilura. I think that she was really tired Well, she was probably having so much fun that she forgot she was tired. What about you, Tilura?

I had woken up a little early, and was preparing for the day with Leo when I heard a knock and Tiluras voice coming from the other side of the door.

She then entered quietly, and after seeing that Liza was asleep, greeted me and Leo.

Liza must have been very tired, as she was still sleeping soundly. And so I asked Tilura how she was feeling.

I had taken some herbs before going to bed, but Tilura had not.

I am fine. Yesterday, I went to bed right after eating.

Kids sure have a lot of energy. Still, you came here early. Did you want to see Leo and Liza?

Wuff?

I did want to see thembut alsoits about Rahle.

What about Rahle?

Will you come with me to go and see? Sebastian said that Rahle is somewhere in the garden. So I thought I would go and see But I would feel better if you and Leo were with me

Apparently, Tilura was curious about how Rahle was doing.

I see. Very well, we will go together then. Ah, Liza is

I can stay here.

Oh, Ms. Lyra?

Good morning, Mr. Takumi and Leo. Thank you for your concern yesterday. I am not much better.

Good morning. I am glad to hear that youre better.

Wou.

While I wanted to go with Tilura, I also felt bad about leaving Liza alone.

She would probably be fine, as she was now used to this house. But she might feel a little lonely.

But as I was thinking about it, Ms. Lyra entered through the door that was still open.

As I did not know she was there, it was a little surprising

I woke up comfortably In any case, thank you. For looking after her. Im sorry that you had to stay up late yet again. Wuff. Not at all. This is my job. Besides, I do enjoy taking care of children. I thanked Ms. Lyra, and apologized for the trouble. Leo

I decided to watch the kitchen I could understand why some might be suspicious of Liza. However, as Sebastian said, Leo would not miss something like that. And it was doubtful that Liza could sneak into the kitchen without being noticed. As for Liza not wanting to be away from

The Culprit Was Someone From The Slums I see Good Leo Um, Silver Fenrirs. I now understand why humans are no match for them. Indeed. Even well-trained guards like Nicholas and Johanna were unable to move. It was the same with me I could barely move at all. Every step
