

Beloved Dog 641

Chapter 641

We entered Ractos town

As Mr. Ekenhart took all the necessary belongings in the carriage, we didnt have to carry much.

Leo probably could have carried more if it was necessary, but there was no need for that.

It was interesting that Leo hated clothes or saddles but was fine with having the cloth wrapped around her head

I suppose it was similar to a collar for her.

She had liked being on a leash, because it meant going out on a walk.

And of course, going on a walk meant being able to play outside with children.

Lady Tilura, Mr. Takumi, Leo. Please be careful! We hope for your safe return soon!

The servants watched as we left the house.

Kii!

Rahle! Well be counting on you today.

Kii! Kii!

When we went outside, Rahle was waiting for us.

Tilura rushed towards Rahle and petted it.

Rahle seemed incredibly happy to be able to fly long distances.

The weather is nice. It seemed like it rained last night but it's fine now. Alright! Let's go, Leo!

Let's go, mama!

Wow!

Phew. I am ready. Let us go then!

There was not a cloud in the sky and the air was refreshing.

As the one running, perhaps being a little cloudy would be preferable for Leo, but at least the ground was dry after raining last night.

Leo would be able to run as fast as she wanted.

Leo then lay down so that we could climb onto her back.

While Leo was enthusiastic about the trip, Sebastian let out a sigh and followed Tilura towards Rahle.

Well, good luck.

I felt bad for him, but wished him the best.

Kii!

Wow!

After Tilura and Sebastian were on its back, Rahle took off into the air. And then Leo rushed through the gates as if to chase after them.

Both Leo and Rahle were really enjoying this

We soon arrived in Ractos, and stopped near the western gate before entering.

Nicholas.

Mr. Takumi. I have been waiting.

Kii.

He had left the mansion ahead of us. And he now went to speak to the other guards.

Shortly after, Rahle slowly descended from the sky.

Ni-nicholas. All of you I hope youre not too tired.

You too, Sebastian

Nicholas had to help Sebastian as he got down from Rahle.

It was only about twenty minutes to Ractos, and if he was already in that state, I was a little worried about what would happen during the rest of the journey.

I will have to give him some recovery herbs.

Hahphewand the townsfolk?

I explained everything to them.

Very well. Now, Mr. Takumi.

Yes, we can meet up in Mr. Haltons shop.

After taking a few deep breaths, Sebastian asked Nicholas about the situation. He had been sent ahead in order to tell the guards about Rahle.

Otherwise, they might be shocked to see a giant bird come down from the sky.

Regardless, Rahle would be waiting by the gate, while Nicholas would come with us into the town.

We needed someone to watch Leo, after all.

Well, I will go to the east gate then

Ah, Sebastian. Take this

Oh, thank you. This should help me get through it.

See you later, Mr. Takumi, Liza and Leo!

Kii!

See you later!

Wou!

I gave Sebastian a few herbs before he climbed back onto Rahle.

I didnt know how effective they werebut hoped they would help him until we caught up with Mr. Ekenhart and the others.

They waved their hands as Rahle went up into the air. And then the rest of us went into the town.

Our first destination was Mr. Kaliss store.

Hello, Nick.

Brother! I was waiting for you!

With Leo, Liza, and Nicholas, we moved through the city and arrived at Mr. Kaliss store.

I saw that Nick was cleaning in the front, and so I called out to him.

He seemed to be working seriously.

Here are today's herbs. As we will be gone for a while, I put some extra in there.

Aye, of course!

I handed him the bag of herbs that Leo was carrying.

If they sold too much and ran out, they could always go to the mansion as well.

But this should last for long enough. I think.

Rahle liked being on the roof. Ms. Lyra smiled and greeted me. While it must have been tough, staying in the forest and cooking, I was glad to see that she wasn't tired anymore. Please leave her to me. If she wakes up, I will help her get ready and

Rahle was sorry. Tilura, are you alright!? Sister! Yes, I'm fine! Shortly after, the carriage carrying the others arrived as well. Ms. Claire immediately jumped out and rushed to Tilura. As for Mr. Ekenharthe, he was looking this way, but perhaps he didn't want to show his distress, as he did

Rahle had returned home. Now that I thought about it, Sherry would also get tired first when running with Liza. So in terms of energy, she definitely had Tilura and I beat. While Leo might have regained her pride, I had lost mine. Well, maybe I didn't have much to

Chapter 642

I asked Mr. Kalis about Nick

Ah, Mr. Takumi. Thank you for coming.

Hello, Mr. Kalis.

As I was talking casually with Nick, our arrival was noticed by Mr. Kalis, and he came out to greet us.

?

Ah, its Lizas first time. This is Mr. Kalis. Hes the person who sells the herbs that I make.

So this must be Liza? I have heard about you from Mr. Sebastian. Its nice to meet you. I am Kalis. I deliver Mr. Takumis herbs to the people of this town.

Hmm?

Liza. Arent you going to introduce yourself?

Ah! UhIm Liza. Nice to meet you!

As she had done well, I patted Liza on the head.

Ah, thats right. Can I speak to you for a moment, Mr. Kalis?

Yes, what is it?

I gestured to him and then we moved away from Nick.

Its about Nick. Is he working hard like he should?

Yes. You can hardly believe what kind of person he used to be. That is how well he works now. I suppose having a stable life really affected him It is all because of you, Mr. Takumi.

No I wasn't really thinking much when

I had been prepared to apologize to Mr. Kalis for Nick's behavior, so this was a little surprising.

In any case, if he was working seriously, then that was a good thing.

I had talked to him when I arrested Deam, and he had been sorry about his past deeds. He even apologized to everyone he had troubled. You really couldn't judge someone by their appearance.

By the way, I heard about it, Mr. Takumi. How you captured that man that everyone thought was untouchable.

Ah, yes. It was mostly because of Leo.

The guards and people who were there they have spread the word. And so you and Leo are quite popular now. It has even affected this store.

I see

Oh? Is that a bad thing?

No, not exactly. But something like this has never happened before. And since I haven't visited Ractos since, it doesn't feel real yet.

Haha. Then it will be a good idea for you to go around the town. While it won't be everyone, most should be very welcoming to you two.

I hope so, haha

I had heard from Ms. Gelda that people were happy about Deam's arrest.

However, I had not seen any of the reactions in person.

Regardless, we would have to do our best to not disappoint the people.

Is it good, Leo and Liza?

Yes, its delicious! Thanks, papa!

Guff-guffwou!

After speaking with Mr. Kalis, we went back into the town. Our next stop was Ms. Isabelles store, and so we headed out to the main street. But since Leo would not stop staring at the street stalls, I had no choice but to buy some meat skewers.

I also gave some to Liza.

They both wagged their tails happily, which was nice but I hoped they would still be hungry later, when we had lunch.

Ms. Helena had gone out of her way to prepare it, so I didnt want it to go to waste.

We also drew a lot of attention, and the owner of the stall even said that we didnt have to pay. However, I still insisted on it.

I suppose it showed how grateful they felt towards us.

Fifty coppers was about five thousand yen. It wasnt cheap to feed Leo. However, I had plenty of money, so it was fine.

Are you there, Ms. Isabelle?

Oh? If it isnt Mr. Takumi.

Grandmother!

Oh, oh. And Liza too. Welcome!

I left Leo outside with Nicholas, as she could not fit in, and entered the strange building with Liza.

Ms. Isabelle was sitting down and polishing one of her products when she noticed us.

Her reaction was so different between me and Liza. But then again, Liza was very fond of her, and saw her like a grandmother.

Ms. Isabelle definitely was the age where it wouldnt be unusual if she had grandchildren

I started cooking in the kitchen In any case, please go and deliver the herbs. Yes, I will take them to Mr. Kalis! I had no idea why Milina and Nick thought so highly of me. Still, I did not want to keep Mr. Kalis waiting too long, and I

Spreading Reputation Rahle, you really dont mind being outside? Kii! Rahle doesnt mind. I see In that case, it is settled. The garden should be big enough, butI hope you will not go too far. Because people who dont know might be alarmed. Kii! Even if they dont know what

Tilura woke up late While its nice during the day and night, the morning air is pleasant as well, isnt it? Yes. Now that I think about it, grandfather used to say Hmm? That you need the morning light to live. And so he always got up early and slept

Chapter 643

Leo was popular in the town

So, what did you do today? I can see that Liza is quite happy. Are you here on some business?

No, we are on our way to Range village, and so we cannot stay for long. But I thought we could stop by for a visit.

I see. Range village again

Grandmother, grandmother.

What is it?

As Ms. Isabelle was all alone in the store, I had worried that she might be lonely.

When I first came here, I remember that she looked sad when we finished and had to leave.

It was probably difficult for customers to enter, due to the appearance well, perhaps it was rude to think that.

Though, Mr. Reyndorf used to come. And Sebastian also visited. So maybe there were other people as well.

By the way, I heard about it, Mr. Takumi.

What?

About Deam. He was one of the things that Reyndorf was worried about before he died. And so I am glad that it is settled.

Also you know. But what did he have to do with Mr. Reyndorf?

Well, everyone is talking about it. This town was not that dangerous, I suppose. But it is a little safer now. As for Reyndorf yes, he talked about it when he visited this store. He was worried about how things were in the slums, because he had Liza.

I see

I suppose the news really had spread through the whole town then.

Though, she might be more sensitive to such information than most.

Hey, grandmother

Oh, what is it, Liza?

She really seems to be fond of you.

They had known each other before I met her.

As we talked, Liza would pull on Ms. Isabelles sleeve to try and get her attention.

She wanted to talk about all the fun things that had happened.

Well, we will come again.

Goodbye, grandmother.

Aye. Next time, maybe you could buy something. Liza, you can visit anytime without worrying, alright?

Yes!

HahaIll think about it

After talking with Ms. Isabelle for some time, we got up to leave.

The last time I was here, it was to find out about the Gift. But since we just talked this time, it was similar to window shopping.

As she sold magic tools, it was probably a good thing to buy something next time.

I wonder what kind of things she has? I would have to ask her.

We then left the store and reunited with Leo and the guards.

Next up was Mr. Haltons store.

We had probably stayed here for too long, so we would have to hurry.

I didnt want to keep Tilura and Sebastian waiting.

They arent here yet

Excuse me Can I touch her?

Ah, yes. Dont worry. But be gentle.

Wuff!

I was now waiting in front of Mr. Haltons store with Leo and Tilura.

In the meantime, some of the townspeople would come and ask to pet Leo.

At first, I thought they were just going to watch us from a distance, but then a little girl came with her mother, and eventually more gathered around.

Well, Leo liked children. And as long as they werent pulling her fur or being rough, she was happy. And so I let them take turns petting her.

Now that I thought about it, something similar happened the first time we were here

In any case, I was happy that Leo was accepted in Ractos.

She had been furious when Liza had a stone thrown at her, but the people had seen how she stayed controlled without going wild.

Sorry to keep you waiting, Mr. Takumi.

Ah, Sebastian. Tilura. Did something happen?

No. Nothing happened. But getting into the town took a little longer than expected.

After about a dozen people had petted Leo, the others finally arrived.

I thought that we were the ones who were going to be late, and so I wondered if something had happened. But Sebastian averted his gaze.

So something did happen then!

We would all visit Range village. Well, we have gotten side-tracked. I was talking about going to Range village. You look embarrassed. I've never seen father embarrassed before. Nevermind that! Range village! What about Range village? It is not like there is anything in particular I have to do. But

We started to explain to Mr. Haines. Huh? Well, most of the children seemed to enjoy playing with Leo. The parents were all happy to see it as well. So it wasn't just the children, but the adults also accepted Leo? Yes. Leo and Mr. Takumi saved the village. Of

We finished preparations. I know, Liza. After we return from Range village, why don't you have a ride on Rahle as well? I can! You can, Liza. Right, Rahle? Kii! Rahle and Tilura nodded happily. Tilura saw Liza as a younger sister, and Rahle liked carrying people. So everyone was

Chapter 644

I bought hats with ears as a gift

Sebastian couldn't move right away after getting off of Rahle. He's fragile!

Lady Tilura. I'm sorry.

Ah. Well, it cannot be helped. Haha

Wuff.

Tilura was quick to expose her butler when I asked.

As they were just going around to the east gate, it should not have taken too long. But I suppose Sebastian felt a little sick.

I doubted Rahle had gotten carried away but perhaps there was a little aerial acrobatics.

As for Sebastian, he seemed to have recovered after walking through the town.

I had also given him herbs, but they wouldn't solve everything. Maybe I could make something to prevent him from getting sick.

Welcome! Ah, Mr. Takumi and Lady Tilura!

Mr. Halton. It's been a while.

We then entered Mr. Halton's store.

Nicholas and the guards watched over Leo, who was still being petted by the people.

Liza. I see you are wearing that hat. I'm glad you like it.

Yes, it's very cute!

It's nice to see a customer enjoy our products. So, what can I do for you today?

Uh, do you have another hat like this one?

Yes, we do. We made more since the last time you were here.

Rosalie, the daughter of the Range village chief, had liked the hat a lot.

As she had likely bought one on the way back, perhaps its reputation was spreading in the village.

I want to take some to Range village as gifts.

Ah, for the children. I see. I will prepare them right away then.

Also Would it be possible to repair Liza's hat, as it is getting a little worn out?

Of course, right away.

Thank you. See, Liza?

Thank you!

I wanted the children over there to be friends with Liza. And so it might help her earn some points with them.

Well, I also wanted to give them the hats so as to not draw attention to their differences. It might make them less likely to discriminate against her. But perhaps it wasn't that simple.

Still, she might be able to befriend them more quickly.

Wow! It looks so nice! Thank you.

Not at all. We are just happy that you like it so much.

Liza's hat was fixed in just a few minutes.

As it wasn't washed, there was still dirt on it. However, it still looked much better than before.

Here, Tilura.

I can have one too?

Yes. You seemed to have wanted one too. And since you worked so hard in the forest, I got it as a reward.

So you could tell, Mr. Takumi. Though, I wasn't the only one who worked hard in the forest but thank you!

Now we're matching, sister Tilura!

Yes, we are!

Mr. Halton had given me a bag that was filled with the hats, and so I took one out and gave it to Tilura.

She thanked me and put the hat on. Both Tilura and Liza were happy that they had matching hats now. It was good that they were having fun.

Papa, you put one on too!

Huh?

You too, Sebastian.

What?

At first, I didn't understand

They wanted me and Sebastian to wear hats with ears on as well?

Sebastian rode on Rahle Is it comfortable? Its amazing! Not as soft as Rahles feathers, but flying wont be scary anymore! That is good to hear So, you are next, Sebastian. ...Mr. Takumi Yes, very well then. The saddle was made so that two people could ride on it. Though,

Sebastian became involved As we waited for dinner to be served, Tilura reported that she got permission from Rahle. Now that I thought about it, they seemed to be talking after training. Leo and Liza had been running with Sherry. But what did she need Rahles permission for? For the

Sebastian explained happily Leo was not at all happy at the notion that Rahle might be faster than her. But flying and running on the ground were just too different. As for the effect of wind while flyingI would have to ask Rahle. But with running, the terrain affected you

Chapter 645

Sebastian and I wore matching hats

Uhh It was one thing for cute children to wear such hats, but adults Sebastian was handsome, but he wouldnt look good in it eitherhmm

Still, who know? Uh

Hurry up, papa!

Here, Sebastian.

Uhh

As I hesitated, Mr. Halton quickly brought out some extra hats.

It seemed like he and the other clerks were trying to hold back their laughter.

Please stop that!

However, Sebastian and I could not turn Liza and Tilura down.

Umm..

What should we do?

We took the hats and looked at each other.

Hurry!

We can all be matching!

How exciting

Liza and Tilura urged us on.

I suppose we have no choice then

Hahvery well. If Lady Tilura and Liza insist

Since everyone was looking at us so expectantly, we made up our minds and put the hats on our heads.

Heh

Papa is matching now!

Sebastianyou lookhahahaha!

Youre one to talk, Mr. Takumi. I should not laugh, buthehehehe

I was just glad that there was no mirror nearby, so I did not have to see what I looked like and could focus on Sebastian And it was impossible to not laugh.

And so Sebastian and I were just laughing at each other.

Why did this happen? I was just trying to do something nice for the children of the village

Wuff? Wuff-wuff!

Mama, sister Tilura and papa have the same hats now too!

Wuff!

Liza and Leo are so happy

Hah I will make my master wear one too then!

When we left the store, Leo greeted us while wagging her tail.

I could see that Nicholas and the other guards were trying now to laugh

Hah We have finally left the town

We were drawing a lot of attention, regardless of Leo

Sebastiana muttered as we made our way out from the east gate, towards the place where Rahle was waiting.

Indeed, when we had left the store, and then stopped at Mr. Heines store, we noticed that a lot of people were staring at us.

How did this happen

As for the store, we bought things for Liza and Tilura, so they could maintain their knife and sword.

Mr. Ekenhart said that by doing this, you would become attached to your weapon and treat them well, so it was important.

Well, that was only normal.

But they were still just tools, so I didn't think you should get too attached to them either.

Weapons were used for fighting. If you cared too much about them, it would limit you. But I suppose that was still too advanced for me and Tilura.

I suppose we would learn if we continued to train?

They didn't sell anything for my katanas; they were not common enough.

I had wanted to stop by at the orphanage and talk to Ms. Anna as well, but we had already spent too much time there, so it would have to wait.

Now, Sebastian, good luck.

Yes

Let's go, Rahle!

Kii!

Let's go too, mama!

Wuff.

Sebastian and Tilura climbed onto Rahle and then took off into the sky.

Liza and I also got onto Leo, and we departed for Range village.

We would take the same route as last time, going straight down the main road, before making a turn towards the forest.

It would be easier that way, since Leo would remember it.

I bought hats with ears as a gift Sebastian couldn't move right away after getting off of Rahle. He's fragile! ...Lady Tilura I'm sorry. Ah Well, it cannot be helped haha Wuff. Tilura was quick to expose her butler when I asked. As they were just going around to the east gate,

Getting used to flying Judging by how tired Sebastian looked, he had not enjoyed it at all. Well, it was like a roller coaster. It was no wonder he was scared. Tilura did not seem to be too scared with this kind of thing. But perhaps it was due to

Sebastian became involved As we waited for dinner to be served, Tilura reported that she got permission from Rahle. Now that I thought about it, they seemed to be talking after training. Leo and Liza had been running with Sherry. But what did she need Rahle's permission for? For the

Chapter 646

We stopped to eat lunch

While we were taking the same route as last time, there would still be people on the road, and so I had Leo run a short distance away from it, so that she would not scare anyone.

The people of Ractos were somewhat used to Leo now, but others might be scared of her.

Especially since she was running faster than any horse.

Leo. For now, just keep running until midday!

Wou!

So fast!

Leo ran ahead of Rahle, as if leading the way.

Rahle was not going as fast as usual, since it was carrying Sebastian. But it was still faster than a horse.

I think its about time now? Leo, please tell Rahle.

Wuff. Awwwoooooo!!

Wow. So loud!

Haha.

After running for a while along the road, we changed direction slightly, towards Range village, where it was just a beaten dirt path where few people traveled.

As the sun was quite high in the sky, I checked my watch to see if it was time.

And then I told Leo to send word to Rahle.

Liza and I would not have been able to reach them if we shouted, but Leos roar was a different matter.

Kii!

What is it, Leo?

Wou-wou!

Everyone should be getting hungry, so lets eat!

Very well. Rahle, lets go back down!

Kii!

Rahle started to descend, and so Leo slowed down as well.

Tilura then shouted at us from Rahles back, and so I told her that we should eat lunch. Rahle then beat its wings and landed slowly on the ground.

I thought that Leo would stop slowly as well, however

Wuff!

Gah! Leo, dont stop so suddenly. Liza and I arent strapped in, you know?

Woah!

Wou?

Leo had suddenly dug her claws in the dirt and stopped.

Her size and weight caused chunks of the ground to be carved out We would have to fill them in again, or it would be dangerous when carriages or horses passed through.

Leo.

Wuff.

Hahpew.

Are you alright?

YesI suppose. Your herbs were of great help, Mr. Takumi.

Im glad that they were effective. Uhh, well prepare lunch, so please rest.

YesIm sorry. I really should be the one to do it

No, its easy. Dont worry about it.

Ill help too!

Oh, thank you, Liza.

I then took out the food that Ms. Helena had prepared.

There was soup and sandwiches.

As there was no need to heat them up, we did not have to make a fire or use pots and pans.

The sandwiches had hamburgers inside.

She was already testing out different variations after I taught her how to make them.

While Rahle and Leo raised their voices in expectation, Liza and I quickly prepared the food.

We also put out a sheet on the ground, so that we could sit on it.

As for water, Leo was able to make it with magic, so all we needed was cups.

Here, Leo.

Wuff Wou!

Thank you, mama!

Sebastian, Tilura, its ready.

Thank you.

Can you eat?

Yes, I feel better after resting.

I took out the cups and asked Leo to fill them with water.

Though, Leo made something like a waterfall, so we basically had to catch what we could with the cups.

As for Sebastian, he was starting to look better.

Surely it would be best for him to eat and gain strength for the rest of the journey.

Though, it was possible he would feel sick and not be able to keep it down

Sebastian explained happily Leo was not at all happy at the notion that Rahle might be faster than her. But flying and running on the ground were just too different. As for the effect of wind while flying I would have to ask Rahle. But with running, the terrain affected you

Tilura wanted to ride on Rahle again Ah, if were going to Range village, how long will it take? Hmm? Ah, thats right If Claire and Tilura are going, then a few servants will have to go too. And well travel by carriage again. ...Then it will take a little

Rahle did something dangerous Alright, Leo. Lets go too! Wuff! Chase after them! We should go too. Indeed. Will Tilura be alright? I understand that youre worried, but good Leo will look after her. So she will be fine ...She looks like she is having fun, but it is scary.

Chapter 647

We took breaks while traveling

Leo had her sausages and Rahle was given some cooked meat. The rest of us sat down on the sheet and began to eat.

As the food was made by Ms. Helena, it was quite delicious.

Now, once we are finished eating lunch, we must catch up with the master and the others

Indeed. How are you feeling?

A little rough but it cannot be helped. I shall manage

While meant to stop and rest, there would still be many hours of traveling.

What to do Ah, I know.

Since Rahle was staying close by anyway, perhaps Liza and Sebastian could switch places?

If it is really hard for you what about having Liza ride in the back instead?

Oh, that is an idea! No, I suppose not. The saddle was made for someone larger

So Liza would not be secure in it.

Yes. While she could still sit on it, and would likely be safe if she held on, she would not be secure. Also, the stirrups

Liza's tail might also get in the way when sitting on it

I cannot put her in danger, just because I am not used to flying. Yes, I shall manage just fine until we meet up with the others.

Very well. But if you really can't handle it, then please tell me. I will think of something.

Yes, thank you.

And so I respected his wishes and let him ride on Rahle.

Well then, Ill have Leo bark and tell you when we rest again.

Lets go, Rahle!

Kii!

Do your best, mama!

Wuff!

While we were cleaning up after lunch, I tested to see if I could make a herb to prevent airsickness. However, when I put my hand on the ground and tried to make it grow with Weed Cultivation, it did not work.

As I didnt want Sebastian to have false hope, I did it where he could not see which was the right decision.

Perhaps the reason that I couldnt do it, was that I didnt imagine it right.

In any case, it was possible that there was already a plant like that in this world, that was being grown somewhere.

Alright Leo, its about time to roar again.

Wou. Awwooooooooo!!

This continued several times as we made our way to Range village.

Leo would bark to stop Rahle, and we would rest for five to ten minutes.

We still wanted to catch up with Mr. Ekenhart today, and so Sebastian barely had time to catch his breath. I was worried about him.

Still, as we continued on, I started to see something in the distance.

Is that smoke?

There's something up ahead, papa.

Grau!

Kii! Kii!

There are humans over there who made a fire!

Thank you, Tilura and Rahle. It must be Mr. Ekenhart then. We finally caught up with them Sebastian, we're almost there!

Phewhahye-yes.

I encouraged Sebastian, and then we rushed to reunite with the others.

It's just a little farther, Leo.

Wuff! Wou

She said she's hungry. I'm hungry too

After eating so much Well, there will be food when we reach them. They brought more food than us.

Wou!

Eventually, I could see the carriage and horses.

The sun was already starting to set, and it was getting dark. And Leo and Liza said they were hungry.

They had eaten snacks in Ractos, and lots of food for lunch Leo had at least run a lot, but Liza sure ate a lot

Well, it was good, since she was still growing.

In any case, since it was still quite bright, it must mean that they stopped early and set up camp.

They would take it easy, since Ms. Claire was there. But then again, I did think that Mr. Ekenhart would want to keep traveling for as long as possible

Well, the horses needed to rest as well. So that might be why they stopped early

I picked up a new series. Please check it out if you're interested:

Kamigami 1

We stopped to eat lunch While we were taking the same route as last time, there would still be people on the road, and so I had Leo run a short distance away from it, so that she would not scare anyone. The people of Ractos were somewhat used

We finished preparations I know, Liza. After we return from Range village, why don't you have a ride on Rahle as well? I can! You can, Liza. Right, Rahle? Kii! Rahle and Tilura nodded happily. Tilura saw Liza as a younger sister, and Rahle liked carrying people. So everyone was

I comforted Tilura Well, it looks like they will arrive safely. We're back! Wuff! After watching Tilura and Rahle for some time, the large building finally came into view. Somehow, Tilura had managed to stay on this whole time. Perhaps Rahle had sensed her fear, as there were no more

Chapter 648

Sebastian wasn't the only one who got sick

Mr. Takumi and Leo! And Lady Liza weren't you supposed to join us tomorrow?

We had business in Ractos, and so we came a day early.

I see.

As we approached the campsite where they were preparing the tents, Ms. Johanna noticed us.

I could smell something good coming from behind her, so they were likely cooking dinner.

Leo was sniffing the air hungrily

Mr. Takumi!

Ah, Ms. Claire.

Sister!

Wuff.

As I was talking with Ms. Johanna, I heard a voice calling me by the fire.

And then a moment later, Ms. Claire rushed towards us.

Liza also rushed towards her.

Rahle then landed gently on the ground.

Oh, Liza. You seem well. Mr. Takumi, you are early. Has something happened at the house?

Ehehe.

No, not really

Ms. Claire caught Liza and patted her on the head.

And so I told her the same thing that I had told Johanna.

I see. Well, we knew that you would be coming anyway, so that makes things easier.

Yes. While we could make a fire, it would be troublesome if it rained.

We didnt have a tent with us, after all.

There was a forest nearby, which would keep most of the rain off of us. But we would not feel very safe.

Sister!

Tilura. I hope you had a pleasant flight.

Yes! It was much better than the first time!

That is good to hear By the way

Hmm?

Why hasnt Sebastian come down yet?

Ah.

Im sorryif someone could help me

Sebastian was looking very pale as he sat in the saddle and asked us for help.

He looked like an abandoned puppy, but I did not mention it for his sake.

Oomph Are you alright?

Ill manageuhhh

Sebastian, over here.

Thank you, Johanna

Wellyoure not the only one

Uuuu!

Mr. Ekenhart and Ms. Anne?

After I helped him down, Sebastian immediately covered his mouth with his hand.

He probably felt very nauseous.

As we had not rested very long, he must have been holding it in

And so Ms. Johanna slowly took him over to the forest.

When I turned to look, I saw that there were already two other people there, who did not look very well either.

A tall manand a woman with unique hair

Hah Those two started to feel sick inside of the carriage. Ms. Anne is not used to going out. And father never liked them either.

I see

Ms. Claire said with a sigh.

Carriages did shake a lot

The roads were often gravel, and the wheels were not rubber tires.

There was also no suspension like with cars.

Still, Mr. Ekenhart usually rode on a horse. I suppose it was different

Is it always like this?

No, they were fine up until yesterday. Well, not completely fine Its because of the rain last night. It slowed our progress, and so we had to hurry today. But the state of the road was not the best

Ah, of course

Well, perhaps I really should seriously think about making medicine to stop people from feeling sick.

Even if one herb couldnt do it, perhaps a combination of them could

Ah, so is that why you are setting up camp early?

Yes. Thanks to going faster, we did not fall behind schedule. But father is now in that state

So that was why Well, it could not be helped. At least he did not vomit inside of the carriage.

Father are you It stinks!

Ti-Tilura That hurts my feelings Gahh

Are you alright?

Im fine Dont worry about me

While I was talking with Ms. Claire, Tilura and Liza seemed to be worried about the others as they approached them.

However, their casual remarks just made things worse

Liza Was Hesitant It was hard to imagine that they could make clothes from scratch in a day. But I at least wanted clothes that she could wear tomorrow before we left. After thinking about it for a moment, Mr. Halton nodded and said that it could be ready in

We Went to Ractos with Liza I felt a little bad for Mr. Ekenhart, as he left looking quite disappointed about not being able to go to Ractos. Ms. Claire would be going instead. I still remember seeing her raise her fist in triumph at this. I suppose she was

Ms. Claire Enjoyed The Fried Noodles Mr. Takumi! It is so delicious! Haha. Indeed. While the appearance and smell are odd, it tastes much better than I expected! After taking a few bites of it, Ms. Claires eyes widened with surprise. Even if it wasnt quite perfect in my eyes,

Chapter 649

We played a trick on Mr. Ekenhart

It looks like they wont recover for some time

Hahindeed

As for Leo and Rahle, they were not interested in such things, and quickly went over to the fire where Ms. Lyra and the others were preparing the food.

After some time had passed, Mr. Ekenhart and the others finally felt better, and we all sat down to eat.

Mr. Ekenhart and Ms. Anne were especially hungry.

So, we are all gathered together now

Im glad to be able to see little Liza again.

Father, Anneyoure acting like nothing happened

Tsk I really did not expect that to happen. I should not have been mocking Sebastian so much.

Ugh. No one will marry me now

After we finished eating, Mr. Ekenhart started to talk in a composed and serious voice.

Ms. Anne followed him.

However, Ms. Claire was merciless, and immediately brought up what they were trying to forget It was like she was waiting for the opportunity.

I have also embarrassed myself Mr.Takumi, Sebastian?

Yes?

What is it, Your Grace?

Why are you wearing those hats?

Ah

Just as I was pitying him, Mr. Ekenhart suddenly reminded me of my own shame.

Now that I thought about it, we had not taken them off after leaving Ractos!

Sebastian and I looked at each with realization.

It had all been Liza and Tiluras idea, but as they were surprisingly comfortable, I forgot that I was even wearing it.

If only Ms. Claire or Johanna had said something!

It was no wonder they would not look me in the eye

I think its cute. It suits you.

Ms. Claire said. She was probably lying, as she said it while looking away.

Those hatsyes, I think I will take some inspiration from them!

I had heard something about how the Barsler family also owned a clothing store

Well, it was possible that they could become popular

The-there is a reason for this

Oh? Lets hear it then.

Uhwell. Liza

What, papa? Hmmokay! Sister Tilura!

Liza? Yes, yesokay!

Hmm?

As I tried to make excuses, Mr. Ekenhart smiled, and it was clear that he was going to make fun of us.

However, I quickly had an idea, which I whispered to Liza. She nodded and then told Tilura.

I then took something out of my bag and handed it to her.

As for Sebastian, he understood what was going to happen, and silently took a step back.

Alright, now!

Yes! Brace yourself, father!

You too, sister Claire!

Huh!?

Me?

What is this?

On my signal, Tilura ran towards Mr. Ekenhart, while Liza ran to Ms. Claire. And like that, they both had the hats put on their heads.

As for Ms. Annewell, there were not enough.

Matching!

We are all the same!

Hmm? Hmm

Father is not so surprised But I feel embarrassed.

What about me

Now, now, Ms. Anne. Here.

Thank you.

So you wanted one too, Anne

Ms. Anne looked happy as she put the hat on her head.

Do I look pretty?

You are so accepting. That's a surprise

Hehe. This is nothing. A noble cannot be phased so easily.

That has nothing to do with it, father. Uh Mr. Takumi?

Yes? Ah yes, you look good.

I-I see

What about me?!

You-you also look good, Ms. Anne.

Of course, I do. Now I am matching with little Liza!

Matching!

While Mr. Ekenhart did not look good at all he seemed strangely confident

Mr. Ekenharts Departure And so while in the submissive pose, Leo was petted by not just Liza, but Ms. Lyra as well. Obviously, she no longer looked like an intimidating Silver Fenrir. But I suppose it was a worthy trade off for Leo. Well, I would join them and pet

Mr. Hannes met Ms. Anne I am quite old And so my son and his wife told me to take Rosalie with me, just in case something happened. They could come with me, as they were busy in the village So thats why Rosalie was here. Indeed, Mr. Haines did

People were eavesdropping Treating others well I had never thought about such things before. I am a noble, a superior human. It was only natural that I should be treated as special, and there was no need to be concerned about others Well you cannot be treated well if there is no

Chapter 650

The whole group wore the ear hats

As Mr. Ekenhart liked to do things that were amusing, he was probably just enjoying it.

If he looked just a little red, it was likely due to the fire, and not because he was just pretending to be unphased.

Regardless, I was just happy that everyone was having fun.

Ha the master can be so mischievous sometimes

Aha well, it was our fault for forgetting to take them off.

Indeed that was bad. I'm sorry for complaining so much, Mr. Takumi.

Not at all. After you had to ride on Rahle, you should complain a little.

Later, Sebastian and I were talking a short distance away from the others.

While the atmosphere was still awkward because of the hats we could relate to each other now.

We had both felt embarrassed, after all.

Thank you. Still, the villagers will surely be surprised.

Indeed

Do you still have more of the hats?

Yes, I do. Mr. Halton made a lot of them. Of course, it will not be enough for everyone in the village.

That cannot be helped. Besides, you cannot make them all wear hats. No one should go through what we did.

Haha

After that, Mr. Ekenhart suggested that I give the hats to anyone else who wanted them. And so I gave some to the servants.

Most were women. I suppose they were interested after seeing Liza wear hers inside of the mansion.

Also, Ms. Claire and Ms. Anne were wearing them.

Even Ms. Johanna, who was usually so serious, was wearing one.

The men wore them too, but tended to get laughed at. Especially by Phillip.

As for Leo, she seemed to be rather happy that everyone was wearing hats that made it look like they had ears similar to hers and Liza.

However, Mr. Ekenhart then made another problematic suggestion. He wanted us all to go to Range village while wearing the hats.

He said it was because they would be nervous about a noble visiting their village, and this would help them to relax.

I suppose he was right, that they wouldn't feel too nervous after seeing us, but

Sebastian let out a sigh, and I could do nothing but chuckle.

The next morning, after eating breakfast, we departed for Range village.

I got into the carriage with Ms. Claire, while Mr. Ekenhart rode on Leo with Liza.

Furthermore, Sebastian got into the driver's seat, and Ms. Anne rode on Rahle.

Mr. Ekenhart did not want to get sick in the carriage again, while Ms. Anne was interested in flying.

Ms. Anne was light, but not too small that she could not be strapped in, so it should be fine.

Sebastian sat in his seat and seemed to be overjoyed that he would not be flying today.

Father has rode on Leo before, but are you sure Anne will be alright?

From what I saw, it should shake less than a horse or carriage I think she should be fine.

It was just a matter of getting used to the sensation of flying.

Rahle got in trouble from Leo before, so it won't do anything reckless. Leo will be watching more importantly, Ms. Claire

What is it, Mr. Takumi?

Why do you keep looking away from me today?

I-I'm not doing that!

In the carriage, it was me, Ms. Claire and Johanna.

They were sitting together, while I was on the opposite side. But for some reason, even as we talked, Ms. Claire would not meet my gaze.

Well, to be honest, I already knew the reason.

She looked embarrassed after I said that the hat looked good on her. And now that it was daytime and I could see her better, she probably felt even more embarrassed.

I bought hats with ears as a gift. Sebastian couldn't move right away after getting off of Rahle. He's fragile! ...Lady Tilura. I'm sorry. Ah, well, it cannot be helped. Haha. Wuff. Tilura was quick to expose her butler when I asked. As they were just going around to the east gate,

We played a trick on Mr. Ekenhart. It looks like they won't recover for some time. Hah, indeed. As for Leo and Rahle, they were not interested in such things, and quickly went over to the fire where Ms. Lyra and the others were preparing the food. After some time had

Sebastian and I wore matching hats. Uhh, it was one thing for cute children to wear such hats, but adults. Sebastian was handsome, but he wouldn't look good in it either. Hmm, still, who knows? Uh, hurry up, papa! Here, Sebastian. Uhh, as I hesitated, Mr. Halton quickly brought out some
