Chapter 31 Why don't you go to the hotel

Julian frowned.

He didn't like to attend all kinds of parties. He just didn't want to see his father like this.

He knew that in the business dinner, as long as the status was not very high, everyone had to fawn upon the rich and powerful persons, but knowing was one thing, and it was another thing that he did not like.

Subconsciously.

He gazed at Sarah. X

Sure enough, it was the most comfortable to stay with Sarah.

"Aren't you taking me to the hotel?" Sarah withdrew her sight and gazed at Kenny Brown. Her eyes were deep, "Aren't you leaving yet?"

Everyone was dumbfounded.

"What?"

All of a sudden, Jason tightened his grip on his phone.

Only Julian, who was drinking the wine silently, dared not say anything.

He knew very well that Sarah was going to make trouble!

"Don't be panic. Don't think you can be so powerful just by accosting Mr. Noth." "You're just a punching bag for Mr. Noth," said Kenny, feeling uncomfortable as if he was a pimp.

With his eyes darkened, Jason kept gazing at Sarah's face.

Sometimes he admired her for being able to take all the bad words calmly.

"Mr. Noth." Then, Kenny put on a flattering smile and said tentatively before he left, "Then, the cooperation between

"Chris will arrange it." Said Jason.

"Thank you, Mr. Noth," said Kenny happily.

What everyone wanted to cooperate most were the Yeats Group and the Noth Group.

He wouldn't have a chance to work with the Yeats Group, but now he was working with the Noth Group!

As long as there would be still a chance in the future, he would definitely build a good relationship with Mr. Noth and

let them cooperate closely.

Thinking of this.

Then, they left together.

Sarah was very cooperative during the whole process. After all, it was not easy for her to deal with the person until she arrived at the hotel mentioned by Kenny Brown.

They chatted for a while.

They were all observant.

Get Ponuj

Ten minutes later.

Someone said.

"Since you have something to deal with today, we won't bother you anymore."

"We can talk about the cooperation some other day."

"Mr. Noth, what do you think?"

With a deep glance at the group of people, he stood up and said, "I'll ask David Wilson to talk to you about the specific cooperation. But whether we can cooperate or not depends on the project itself."

After saying that.

Then he left.

When they walked out of the room, Chris walked up to them and greeted politely, "Boss."

"Where is Sarah?" His heart sank.

"I've sent someone to follow them." Chris was the mind reader of his boss. He knew what to do without telling him.

"If Mrs. Noth is in danger, the bodyguards will save her."

Hearing that, Jason felt a little relieved, but he said coldly, "It's none of your business!"

Chris kept smiling.

He couldn't figure out the boss's mind.

"Let's go to the office of Konrad Company." "The garbage should be in the trash can, not on the table," said Jason, coldly as he adjusted his tie.

Chris understood immediately, "I understand."

Konrad Company was a subsidiary of Kenny Brown.

The boss was avenging his wife.

"To the hotel." Said Jason in a low and deep voice.

Chris immediately went to drive.

After reading the message from Kenny, Chris directly drove to the hotel.

On the way.

Thinking of what had happened just now, he couldn't help saying, "Boss, I don't know if I should ask you a question."

"Don't ask if you don't know." Said Jason angrily.

"Do you think you have cuckolded yourself by agreeing to let Kenny Brown send Mrs. Noth to you?" Chris was a bold man. He was interested in gossip. "How do you feel to date Mrs. Noth in this way?"

"Don't want the year-end bonus this year." Said Jason.

Chris was speechless.

He knew that if he didn't say anything more, the bonus would really leave him. "Boss, don't worry. I will ask someone to greet the Konrad Company and let them know who is protecting Mrs. Noth."

"The quarterly bonus can also be cancelled."

"Boss..." He didn't know what he had done wrong.

"Sarah has divorced me." With his phone in his hand, he continued, "I'm dealing with Kenny Brown just because I don't like people to disgust me."

Chris was speechless.

You have divorced Mrs. Noth for the sake of Jenny.

You didn't care about your moral quality at all.

"Yes, you are right."

"There is no need to give you half a year's reward." He said again.

Even though Chris was such a good man, he was a little frustrated at the moment.

What did he say wrong?

"I think what you just said is not enough." While driving, he racked his brains to deal with it. "Although Mrs. Noth has divorced you, as long as you haven't got the divorce certificate, you are still protected by the legal relationship.

As long as you are still in a legal relationship, it means that you have the obligation to help Mrs. Noth deal with scums.

"She volunteered." Thinking of what had happened before, he got angry. "And she urged Kenny Brown to take her to the hotel as soon as possible."

"That's because Mrs. Noth knows you are the one who will spend the day with her."

"She doesn't like me."

Chris was rendered speechless.

He didn't know what to say.

You knew that Mrs. Noth didn't like you, but you still embarrassed her in front of so many people.

You deserved to be divorced!

Gazing at the back of Chris's head, he raised his eyelids and said in a dangerous tone, "What are you cursing me for in your heart?"

"I didn't scold you." "I'm just thinking about how to make you and Mrs. Noth spend the day together," he continued.

It was only noon.

There were still several hours left before night.

Judging from the attitude of Mrs. Noth who didn't like the boss, it was a miracle that the two of them stayed in the same room for ten minutes.

He didn't respond, because he was also thinking about it. Since the quarrel in the hospital, he had noticed that Sarah didn't like him very much.

He just wanted her to know that this circle was not as good as she thought.

About one billion.

She could live a stable life with that money.

Withdrawing his thoughts, he leaned against the car and closed his eyes for rest.

Not long after they left, Rita and her father appeared. When they were about to enter, she received a message from Julian, telling her that the matter had been solved.

Julian didn't dare to tell her what happened later in the room.

Sarah would definitely punish him!

As for Sarah.

She was sent to the hotel by Kenny.

It could be seen that in order to make Jason happy, the whole suite was decorated in advance like a hotel for fun.

The light was ambiguous and the incense was fragrant.

Everything was ready.

Chapter 32 Deep worry of him

"Take a shower yourself and change the clothes on the bed. Wait for Mr. Noth." With a Adam's apple bobbing in his throat, he felt that Sarah was too beautiful and attractive. "If you dare to displease Mr. Noth, I'll teach you a lesson."

Sarah didn't even glance at those things.

Her sight fell on Kenny, so cold that it made people feel dangerous.

Kenny Brown didn't dare to stay here any longer. Everything was ready. He was afraid that he couldn't control himself if he stayed here for a long time. This was the person

that Mr. Noth wanted.

The moment he turned around and left the room.

Sarah slammed the door and locked it with mark.

Kenny frowned.

He was not afraid of what she would do to him. "What are you doing?"

"Talk." Sarah took a chair and sat behind the door, blocking the exit.

"If you want to talk, we can talk after Mr. Noth finishes." All of a sudden, a smile appeared on Kenny's face. He misunderstood what she meant and said, "By that time, I will definitely make you over your sexual desire..."

"Bang!"

Sarah stood up and gave him a kick.

She just wanted to beat this kind of rubbish.

"Ah!" With a scream, he covered his stomach and fell to the ground. He glared at her angrily, "What do you want to do?"

She walked up to him and asked, "Did you ask Kevin Brown to do something to Rita?"

After a pause, he even forgot the pain.

Flustered, he said, "I don't understand what you are talking about."

"It doesn't matter if you don't understand. I will remind you." As soon as she finished

speaking, she began her special method.

She had checked this man's information and found that he had harmed many girls.

Some were for the sake of being promoted, and some were forced.

If there was solid evidence, she would send him to prison without hesitation.

"Ah!"

Kenny screamed.

Hearing this, the bodyguards who followed her subconsciously felt that something serious had happened inside, so they slammed the door.

The other one sent a message to Jason.

Hearing the noise at the door, she ignored it. When Kenny was about to ask for help, she took a towel and put it into his mouth.

"Ouch!"

"HMM..."

Kenny couldn't scream, and his eyes were full of horror.

He didn't know why he offended the woman. He had never heard that there was such a person around Rita.

"Let me introduce myself. My name is Sarah Yeats." Sarah's tone was very light, but she gave off a strong aura. "I'm Rita's former bodyguard. I was not there so you got the chance before. Now it's my turn to get it back for her."

"HMM..." Kenny Brown was anxious because he didn't beat Rita.

"You can't bully her." Out of the corner of her eye, she saw that the bathtub was full of water. Then she walked into the bedroom with Kenny and threw him into the bathtub of the bathroom. "If you dare to hint again and instigate someone to hurt her, I will pay you back in ten times."

Why was this woman so strong.

He tried to struggle in the water, but failed.

His hands were tied up by a tie, and only his feet could move. His mouth was blocked and he could not speak. As soon as his nose touched water, he was choked.

This was the first time that he felt desperate.

“Did you hear that?” Asked Sarah.

With hatred in his heart, Kenny nodded his head and replied, “Yes.”

Sarah took him out of the water.

At the same time.

Outside.

When Jason saw that the door of the room was locked and couldn't be opened, he rushed over, his eyes turning red.

At the thought that the scumbag and rubbish might bully her just now, he had an impulse to kill him.

At this moment.

He had forgotten that Rita had told him that Sarah was her bodyguard. All he could think of was that gentle Sarah, who needed him to solve everything.

He had made up his mind that if Kenny dared to touch her, he would definitely chop him off and feed him to the dogs!

“Boss.”

“Kick the door open!”

“I can't kick it away...” the bodyguards had tried and said in a low voice.

Clenching his fists, he kicked the door hard.

“Bang!”

The door made a loud noise.

Even the door frame was shaken.

Get Bonds

Chris sighed silently.

The boss loved her but didn't know it.

He said he liked Miss Smith, but he was asked to deal with the news every time they came, using the agreement with Mrs. Noth as an excuse.

Although he said he didn't like Mrs. Noth, he would try his best to pay attention to anything related to her. He was even more worried about her in the danger.

It seemed that he had to cherish it after losing it.

"Bang!"

He kicked again.

This time, the door was kicked open!

With his long legs stretched out, he walked through the living room of the suite to the bedroom. The scene he had imagined that he would be worried about didn't appear. In the bedroom, there was a calm Sarah and a disheveled Kenny.

His heart sank when he saw that she was fine, and his tense body relaxed.

It was not until then that he remembered what Rita had said.

Sarah used to be her bodyguard.

"Mr.... Mr. Noth..." Kenny had already been released. He was almost scared out of his wits when he saw the man in front of him.

It was a good thing, but now it turned out to be like this.

He couldn't imagine what the consequences would be.

"Fuck off!" Jason shouted coldly.

Wiping the water off his face, Kenny left quickly.

Gazing at his back, Sarah reminded him, "Remember what I just told you. Don't forget."

After a short pause, he held back his anger.

In the end, he left without saying anything.

He had made up his mind that when he went out, he would find someone to deal with this woman!

He wanted her to kneel down and beg for mercy!

She knew what he was thinking. The reason why she let him go after torturing him on purpose was to make him make a mistake again so that she could collect evidence and send him into prison.

“Boss, is Mrs. Noth okay?” Chris stood at the door and asked.

Jason didn’t say anything.

He walked into the bedroom and slammed the door.

Chris immediately understood and closed the door which had just been kicked open by his boss.

Due to the severe damage, the door only could be closed by someone.

In the room.

The ambiguous light was still there, and the fragrance was stimulating people’s sense of smell.

Sarah was very calm from beginning to end. Now that Kenny Brown had left, it was time for her to go back to see Rita. “Excuse me, please.”

“What?” “Have you forgotten that you are a gift from Kenny Brown for me?”

Sarah: “?”

Sick?

“Since it’s a gift, you should be aware of it.” He was really angry.

At the thought that she might really experience this after she divorced, he felt like there was a stone pressing on his heart.

She just needed to be taught a lesson.
