Chapter 281 - 281 - Stained Lips

Soo Yin widened her eyes again as she couldn't reach the cup. If Dae Hyun found out about this then she's finished. Soo Yin felt that now her lips were stained. How could she allow another man to drink with the same cup as her?

Mrs. Park just shook her head at the behavior of her youngest child. There was no intention to prevent him at all. She firmly believed that what Li Sa said was definitely not true.

"Why did you finish my drink?" Soo Yin said with a sullen face. Did not frowning because the drink ran out but rather because of the mark of her lips.

"Sorry, wait a minute. Let me order it again for you," Park Soo Hyun said as he stood up from his chair. Then went to the restaurant's kitchen. He wanted to make the tea special from his own hands

Li Sa clenched her fists even more tightly. If she didn't remember that there was Mrs. Park in there. Right now she will pull Soo Yin's hair to vent her anger.

"Soo Yin, forgive Park Soo Hyun. He just wanted to try to make you comfortable," Mrs. Park said.

Soo Yin just nodded her head without speaking. In fact, she really hated being in her current position. She can't bear to give Park Soo Hyun false hopes. Now just hoped this situation would end soon.

After so many unexpected events, Soo Yin finally can breathe a sigh of relief because today's event was ending soon. Luckily, Park Soo Hyun came back to the hotel so he didn't take her home.

The man had already left for the hotel in a hurry to do his job.

"Thank you for the two of you. Next time we take a walk again," Mrs. Park said, who already got into her car.

"Yes, Mom," Soo Yin said, she immediately smiled.

Meanwhile, Aeri and Li Sa had left first because they were going to the salon for the spa.

"Finally we can go home too!" Soo Yin exclaimed, who already felt like she finally could be free.

"Let's go home, I feel tired too," Jean said as she took Soo Yin's hand toward the parking lot. There was already Chung Ho, who had been following them.

=====

A few days later,

Every day Soo Yin still felt sorry about the incident the other day of her lips which had been considered tarnished.

"Jean, what should I do? My lips are now tarnished," Soo Yin said while covering her head with a pillow. Luckily for the past few days Dae Hyun had been busy so he can't come to the villa. Now Soo Yin didn't know what else to do if she met her husband.

"Calm down, everything will be fine," said Jean who sat beside her.

"I'm afraid Dae Hyun will be mad at me," Soo Yin said.

"Soo Yin, don't overreact about it," Jean said while throwing away the pillow that was covering Soo Yin's head.

Now Soo Yin sat back with a disheveled face and disheveled hair. She hadn't showered at all today with the excuse that Dae Hyun won't visit her. Even

since the incident at Yeonju Premium Outlet, Soo Yin only showered in the afternoon.

"How about your college? Is it accepted?" Jean asked to change the subject. She remembered that Soo Yin's entrance exam to the university was quite a long time ago. There should be an announcement soon.

"I forgot," Soo Yin said as she patted her forehead. Too many things happened to her, Soo Yin almost forgot of how the results of the university entrance exam was.

"Geez, then what now?" Jean asked.

"Tomorrow I better go to university to find an information," Soo Yin said.

"Geez you," Jean said, while shaking her head.

It was getting late so Jean said goodbye to go home. It was enough to accompany Soo Yin all day.

"Jean, are you stay the night in here?" Soo Yin whined like a child.

"No, I'm afraid if your husband suddenly comes home," Jean insisted. Jean thought that tomorrow was the time off for work so that Dae Hyun could just go back there. She didn't want to be a mosquito that repelled between the two of them. Besides, she was up to something.

"Dae Hyun is busy. I'm sure he won't come back to this villa," Soo Yin said.

"I just don't want to." Jean had gotten out of bed. Now she was wearing her sweater back, while looking at herself in the mirror.

"Alright, it's up to you," Soo Yin said softly with resignation to have to accept that tonight she will sleep alone.

"I can't imagine if one day Mr. Park Soo Hyun finds out about everything," Jean said while sighing softly.

Hearing Jean's words made Soo Yin feel so guilty again.

"Me too," Soo Yin said bitterly.

"I hope that one day Park Soo Hyun will accept everything," she continued.

Jean immediately turned her head towards Soo Yin, realizing that she accidentally said those words.

"Sorry, I made you sad. Don't think about what I said," Jean said while patting her friend's shoulder. Jean regretted that, she shouldn't have said it in front of Soo Yin.

"Well, if you want to go home. I'll ask Chung Ho to take you," Soo Yin said as she got out of the bed.

"No need," Jean said. It was a shame that Jean had always been bothering Soo Yin in the past few days.

"It's okay," Soo Yin said.

They then walked side by side.

"Oh, yes. You also have to be careful, it seems that Li Sa now hates you even more because she knows that Mr. Park Soo Hyun likes you," Jean said, trying to remind Soo Yin of her cousin who was too ambitious.

"Hmmm, I know. Looks like she really wanted to eat me yesterday," Soo Yin said, chuckled with amusement when she remembered Li Sa's face which was bright red.

"Be careful, she will definitely do everything she can to hurt you. Don't you remember that she confronted you because you were close to Jae-hwa?" asked Jean. That was the time when they were still in school. Li Sa

always didn't like anything Soo Yin did. Including if Soo Yin was close to a man, Li Sa will felt very angry.

"I understand," Soo Hyun said with a smile to calm her friend. For her it was normal to face her annoying cousin.

HIDDEN WIFE : BEST HUSBAND

Chapter 282 - 282 - Surprised

Soo Yin was now standing on the balcony of her room. Staring at the night sky that looked cloudy. She rubbed her flat stomach again. If she was alone like this, it really made Soo Yin feel sad. She remembered her future baby again.

Condensed tears began to trickled out of the corners of her eyes. Even if in front of other people she looked fine but her heart she was fragile when she was alone like this. Plus, she hadn't seen her husband for several days. The longing was getting deeper and deeper. Soo Yin could have gone to the hotel if she wanted to see him but Dae Hyun wouldn't let her go anywhere after the day she went to the hospital.

"Honey, why did you leave mom so quickly," muttered Soo Yin softly. If she remembered about the incident that night, Soo Yin felt very sorry about it. She had failed to become a mother because she cannot look after her future baby.

A woman will look strong and try to keep smiling if there were people around her. But when she was alone like this she would shed all her grievances and grief. That's why a woman needed friends when she was sad so that she wouldn't feel alone and someone can comfort her.

"I'm sorry, honey," Soo Yin said while lowering her head looking at the floor with her hand still on her stomach.

Soo Yin felt that her cellphone in her shirt pocket was vibrating. She immediately checked it, it turned out that it was a video call from her husband.

Soo Yin hurriedly wiped the tears with the back of her hand. She didn't want Dae Hyun to see her sad. Soo Yin also put on a face that was as cheerful as possible and moved her lips to develop a smile.

"Good night, honey," Dae Hyun said as he waved his hand from across the phone. Even though he looked happy but tired lines could be seen from his slightly blackened eyelids.

"Hi, are you not sleeping yet? Take care of your health, don't work too hard," Soo Yin said matter-of-factly. She was sad to see her exhausted husband.

"I can't sleep if I'm not next to you," Dae Hyun said with a thin smile.

"You better rest because it's late. Can you not work so hard anymore?" Soo Yin said.

"I was just trying to finish my job before I resigned. Don't you miss me so you asked me to sleep?"

"No," Soo Yin said curtly.

"Okay then I'll hang up."

The phone screen went dark. It turned out that Dae Hyun had actually cut their phone lines. Yet they had only spoken a few words.

"Ugh, you jerk!" Soo Yin grunted. Although she was just pretending. Hoping that Dae Hyun will come back to the villa for tomorrow's day off but it turned out that work was more important than her.

Soo Yin decided to go back into the room since it was already almost ten at night. Her eyes were also getting sleepy.

oooooooo

Dae Hyun had just arrived at the Pyeongchang-dong villa when it was almost midnight. He just came from the bakery to order a birthday cake. Tomorrow was Soo Yin's 19th birthday. At first Dae Hyun didn't remember the date. It was fortunate that Jean reminded him so that Dae Hyun immediately rushed home.

Earlier, when he suddenly turning off the phone, it was Dae Hyun's intention to do it too. So that Soo Yin thought he won't come home.

Dae Hyun lit a candle when he arrived at the door of the room. When turning the knob, it turned out that the room was not locked so Dae Hyun could easily enter.

Soo Yin was already asleep. Several days of not seeing her in person, Dae Hyun praised Soo Yin who looked prettier.

Dae Hyun cleared his throat to make a sound. After fitting enough, Dae Hyun immediately sang a happy birthday song for his little wife while kneeling on the floor. He sang as best as possible to made melodious right in Soo Yin's ear. Even though Dae Hyun admitted that his voice was mediocre, he hoped that Soo Yin's ears wouldn't get hurt when she heard it.

Soo Yin rubbed her eyes. Her gaze immediately widened when she saw a candle light that was not far from her. She tried to sit back on the side of the bed.

Dae Hyun raised his voice even louder. In fact it was all Jean's idea to make a little surprise. Otherwise, Dae Hyun wouldn't have thought about it at all. He admitted that he was really bad.

"Pray, ask for whatever you want then blow the candle," Dae Hyun said with a smile.

Soo Yin immediately sat up straight, following what her husband ordered without wanting to argue. She was too happy to be speechless. Soo Yin closed her eyes to say a prayer that she hoped that one day her life will be happy with Dae Hyun.

Then Soo Yin immediately blew out the candle. Indeed, she was currently feeling very happy. She thought her husband wouldn't want to do a little thing like this.

"Happy birthday, honey," Dae Hyun said as he sat on the bed.

"Thank you, you make me touched," Soo Yin said with tears in her eyes because she was too happy.

"How do you know if today is my birthday?" Soo Yin asked suspiciously. Even though she forgot about it.

"Jean told me. Sorry, I can't be what you hoped for. I also wouldn't know if Jean didn't remind me," Dae Hyun said with full of regret. He didn't even stop by the shop to buy gifts.

"No need to apologize, seeing you doing all this already makes me happy," Soo Yin said with a cheerful face, the sleepiness that was there were slowly disappear. She then shifted her body forward then rushed into the arms of her husband.

Dae Hyun put the cake on the nightstand with one hand. Then returned Soo Yin's hug tightly. He kissed the top of Soo Yin's head over and over again.

HIDDEN WIFE : BEST HUSBAND

Chapter 283 - 283 - You Can Do It With Another Woman

After a while, he pushed Soo Yin's body a little away from his chest. His large palm was used to hold Soo Yin's chin so he could look her in the eye.

His wife's lips were moving and carving a smile, making Dae Hyun nervous to want to enjoy it. Dae Hyun quickly and without thinking immediately brought their lips together.

The taste was so sweet that Dae Hyun was reluctant to let go of their lips that were together. They took a sip from each other to pour out the longing that had been hidden for several days. The longing that had been mounting.

Now Soo Yin's hands had unconsciously opened one by one the buttons on her husband's shirt. Her hands continued to gently trace the broad chest. To be able to wake up Dae Hyun's already burning desire. Dae Hyun let go of the kiss for a moment.

"Don't be naughty," Dae Hyun whispered with a breath that was panting from holding back all his desire.

"A little," Soo Yin said with a mischievous smile. Now she was the first to put her lips on her husband's lips. As if not wanting to let go. That's all they can do to shed their longing. Soo Yin even forgot about her already tarnished lips.

Dae Hyun still remembered that Soo Yin shouldn't be touched. But tonight really made him can't stand it. Until he just vented it by touching the other parts of Soo Yin's body.

His hands roughly tore off Soo Yin's thin lingerie. Dae Hyun started giving out colored possession marks from her collarbone to her chest. He sipped almost all the parts with the desire which was already at the crown.

Soo Yin just moaned and groaned, feeling the strange sensation that she hadn't felt for a long time. It turned out that it was torturous when they were together but still couldn't unite their love.

"Honey, that's enough," Soo Yin said with a gasping breath. She can't feel it anymore.

Dae Hyun stopped his activities. He immediately buttoned his shirt back. He almost went too far if Soo Yin didn't remind him.

"Is it not allowed yet, honey?" Dae Hyun asked in a hoarse voice and foggy eyes.

Soo Yin shook her head softly.

"Be patient, it won't be long. When the time comes you can do as much as you want," Soo Yin said with a charming smile.

Really that smile seemed to keep teasing him. Until finally Dae Hyun bit her lip again. Feeling how sweet that chewy thing was.

Soo Yin pushed Dae Hyun harder because this time Dae Hyun looked more greedy to sip her lips. Until it made her breath panting and her lips were slightly swollen.

"Honey, if you really want. You can do it with another woman," Soo Yin teased while glancing mischievously.

"Soo Yin, don't joke. That's not funny," Dae Hyun said, who immediately put on a sour face. Indeed he was a normal man but he will not sleep with any woman just to channel his desire. No matter how many beautiful women were in front of him, they will not attract him. Because the only one who he wanted to make it grow was his little wife.

"I can't bear to see you like that," Soo Yin said with a wistful gaze as she rubbed Dae Hyun's chin, which had grown hairy until it felt quite rough.

"Don't you remember if I've held it longer than this?" Dae Hyun asked while knitting his eyebrows.

"When?" Soo Yin asked quickly accompanied by a shaking of her head.

"You even continued to torture my mind until finally we were on Jeju Island. Then you wanted to do it," Dae Hyun said.

Soo Yin remembered the incident a few months ago. She always said she wasn't ready even though Dae Hyun had seduced her.

"That's because I didn't really trust you before," said Soo Yin.

Dae Hyun shifted his body to the side of the bed. Then put his feet on the floor.

"Where are you going?" Soo Yin asked worriedly. Afraid that Dae Hyun would be offended by her words.

"I'll get clothes for you. Stay there," said Dae Hyun as he stepped into the dressing room.

He chose a closed shirt for Soo Yin. But suddenly his gaze fixed on a white dress which was hanging neatly. The man observed it for a moment. But he never knew that dress beforehand. The dress was too luxurious to wear on a normal day. Dae Hyun kept mumbling to himself where his wife was going. Remembered that Soo Yin was not the type of woman who liked to waste money.

Dae Hyun went back to his wife who was still wrapped in the blanket. There was already a set of pajamas in his hand.

"Honey, wear it," Dae Hyun said, while handing over the pajamas. He didn't want to be tempted back with that body.

"Aren't you going to put it on?" Soo Yin teased with a smile.

"Don't tease me." Dae Hyun brought his face closer to his wife's ear then took a small bite of Soo Yin's earlobe.

"Okay, I'll go to the dressing room," Soo Yin said hurriedly as she immediately pushed her body away from Dae Hyun and then went to the dressing room. It seemed that her husband was really excited tonight. Before this happened again, she should run away first.

Dae Hyun just watched Soo Yin's open back slowly disappear behind the dressing room. Shook his head realizing that it seemed that getting older made Soo Yin braver.

Waiting for Soo Yin who was changing her clothes, Dae Hyun decided to go to the bathroom to clean himself. After this he was able to talk to his little wife again.

Soo Yin tied her hair into a ponytail after she finished changing her clothes. For a moment, she scanned her face in the mirror to see her slightly swollen lips. Her husband was terrible enough if they didn't see each other in a pretty long time. Soo Yin suddenly imagined that she might not get out of bed like that time.

HIDDEN WIFE : BEST HUSBAND

Chapter 284 - 284 - Promised Not To Get Angry

Her mind was distracted, she looked at the black forest cake that was on the nightstand. On top of it was a red cherry fruit which looked delicious. Even though Soo Yin wanted to eat it but she intended to do it later after Dae Hyun finished cleaning himself. It won't taste good to eat cake alone.

Even though it was because of Jean's idea but Soo Yin still felt happy. It meant that her husband heard what her best friend said. Better to thank Jean for that. No wonder if Jean didn't want to stay at the villa.

Soo Yin first went to the kitchen to get a knife and small plates. Earlier her husband didn't even bring her a knife and plates. How can she eat it if there was no knife to cut it.

When she returned to the room, it turned out that Dae Hyun had just come out of the bathroom. His face looked fresh with water flowing from his hair.

"I thought you were gone," Dae Hyun said as he walked over to his little wife. He embraced Soo Yin's waist so that they stick together.

The fragrant scent of the fragrant soap filled Soo Yin's sense of smell. Made Soo Yin want to touch her husband's burly chest but she stopped her intention.

"Honey, go get your clothes on first," Soo Yin said while trying to get away.

"Come on, put it on for me," Dae Hyun said while glancing mischievously.

"So you want to tease me too?" Soo Yin tilted her face to meet her husband's eyes by moving her lips to make them look sensual.

"My girl is getting naughty now." Dae Hyun pinched Soo Yin's nose until she grimaced in pain.

"There was a handsome uncle who taught me," Soo Yin said with an alluring smile and her hand touched her husband's fine hair.

"Enough, Soo Yin." Dae Hyun immediately pushed Soo Yin's body away because it seemed like she was trying to tease him. Quickly he went to the dressing room.

"Then don't try to seduce me," Soo Yin chuckled with amusement. She cut the cake into several pieces. She took one piece then she put it on the small plate which she had taken earlier. She put a small piece into her mouth.

"Sorry, if you don't like it. I just asked the shopkeeper what girls your age like. Then he said if a young girl likes chocolate. The shopkeeper thought that I

would give this surprise for my daughter," Dae Hyun said while chuckling. He just finished changing his clothes.

"Then what did you say?" Soo Yin asked while knitting her eyebrows. Then Soo Yin bribed a piece for her husband.

Dae Hyun chewed it for a while before answering Soo Yin's question.

"Of course I immediately answered yes. There's no way he would believe, if I said that to my wife. He could laugh at me," Dae Hyun said, while chuckling amusedly.

"So you're embarrassed if you admit me as your wife?" Soo Yin's face immediately turned sour as she narrowed her eyes at Dae Hyun.

"Of course not, I should be the one who's afraid that you will feel embarrassed about me." Seeing his wife put on a sullen face made Dae Hyun kiss those delicate cheeks.

"Of course not, if one day everything is uncovered I will hold your hand wherever we are. Even in crowded places, I will do it," said Soo Yin.

"Really? How about when we go to the mall or anywhere?" Dae Hyun asked. Even if their age was too far apart, they would only look like brother and sister. Dae Hyun still looked much younger than his age.

"I'll do it anyway," said Soo Yin.

"You are indeed my sweetest little wife," said Dae Hyun.

"By the way, did you just go from shopping for clothes?" he continued.

"Ah, I almost forgot to tell you. I accidentally met mom a few days ago so she asked me to go shopping," Soo Yin said while biting her lower lip. Suddenly she remembered that her tarnished lips that made her even more uneasy.

"Really? Why didn't you say it? Too bad I didn't come," Dae Hyun said sighing softly.

"There is Aeri and Li Sa and there is ... there is also Park Soo Hyun," Soo Yin said a little stuttered.

"How did you meet?" Dae Hyun asked with a frown because for him the meeting was a very coincidence.

Soo Yin finally ventured to tell a little about how they met and how her mother-in-law invited her to go to Yeonju Premium Outlet. Soo Yin also told about her meeting with Jung Rok. She had a little to say about it. Meanwhile about the other, Soo Yin tried to swallow her saliva to have the courage to say it all.

"Before I tell you, will you promise not to get angry?" Soo Yin asked while biting her lower lip. Now cold sweat came out of her palms.

"Of course, how could I be angry with you," Dae Hyun said as she sat Soo Yin on his lap. They sat on the edge of the bed. Then leaned his chin on Soo Yin's shoulder. Already ready to listen to the story of his little wife. His heart felt happy because now Soo Yin was very close to his mother.

"Tell me," Dae Hyun asked, who was impatient.

Soo Yin caught her breath so as not to feel nervous.

"Actually, that dress is the dress that Park Soo Hyun and mother chose. Mother asked me to come to Aunt Hyun Bin's party with Park Soo Hyun. Even the dress is the same color as your brother's clothes," Soo Yin said carefully.

Dae Hyun's expression turned cold at that. He just remembered that his mother really expected Soo Yin to become Park Soo Hyun's wife.

HIDDEN WIFE : BEST HUSBAND

Chapter 285 - 285 - Too Innocent

Soo Yin, who had lowered her head with her back facing Dae Hyun, now tilted her head slightly. Looked back to see the look on her husband's face, who now didn't smile at all. His face was flat and dark as if holding back his emotions.

"Don't be angry," Soo whined as she squeezed Dae Hyun's fingers that was curled around her stomach.

Dae Hyun closed his eyes for a moment to get rid of the annoyance that was lingering in his heart.

"We will look for a new dress for you tomorrow. I don't want you to wear similar dress to Park Soo Hyun's clothes."

"But... mother really hope I'd wear it," Soo Yin said softly, didn't dare to look at her husband who looked creepy.

"I'm not willing, dear. Tomorrow we will go to the shop anyway. I will ask the designer to make it with the same model. I do not want you to wear it," Dae Hyun said with full of emphasis because he did not want Soo Yin to argue with him.

Soo Yin was silent, her lips now felt like they were tightly locked when she remembered about her lips. Just told him about her clothes, her husband had put on a sour face, what's more if she talked about her lips. Soo Yin can't imagine it.

Seeing Soo Yin who looked a little strange, Dae Hyun turned Soo Yin's body to face him. He felt like she had something to say.

Soo Yin remained silent yet dare to say everything. Very afraid that her husband will throw tantrums. Instead, she lowered her head, didn't dare to look at her husband. Making Dae Hyun even more suspicious.

"Tell me what's wrong?" Dae Hyun said.

"Honey, my lips have been stained by another man." Soo Yin covered her face with both hands.

"What do you mean?" Dae Hyun knitted his eyebrows at his wife's statement.

"Park Soo Hyun and I kissed." Soo Yin hid her face in Dae Hyun's chest while sobbing.

"What?" Dae Hyun exclaimed in a loud enough voice. Really he was very surprised to hear that. Then he clenched his fists to hold back the emotions that started creeping through his body. The blood was heating up to the crown.

"How come?" Dae Hyun's tone of voice rose even more, making Soo Yin sobbing even more and her body was trembling.

"I'm sorry. He forcefully ate with the same chopsticks and glass as me," Soo Yin said while tightening her hug even more.

"Then?" Dae Hyun said while lowering his voice because Soo Yin was sobbing. The man tried to be calm, didn't want to make Soo Yin feel scared.

"Didn't you say that drinking in the same glass is like kissing? Park Soo Hyun did it. Now what should I do?" Soo Yin said as she pursed her lips.

Dae Hyun was dumbfounded to hear that. Realized that Soo Yin was too too much in responding his words at that time.

"Come on, don't cry. You don't have to worry about it." Dae Hyun rubbed Soo Yin's back to calm her down. He thought that Park Soo Hyun had forced her to kiss directly. Unexpectedly it was only because of a glass. Looked like Soo Yin too believed with what he said.

"Aren't you angry?" Soo Yin wiped her tears and then looked up to see Dae Hyun, who was currently smiling. Now his face looked as happy as before.

"I'm not angry," Dae Hyun said.

"So you're not jealous that we kissed?" Soo Yin narrowed her eyes with pouted lips.

"Just a little," said Dae Hyun.

"Didn't you say I shouldn't? Why did you change so fast?" Soo Yin asked, who was getting annoyed with her husband.

"If it's only like that I can still forgive you. Do you want to know what I can't forgive at all?" Dae Hyun smiled meaningfully.

"What is that?" Soo Yin blinked repeatedly, indicating that she did not understand what her husband said.

Dae Hyun shook his head at Soo Yin's innocence. It was unexpected if she took his words seriously.

"Like this," Dae Hyun said while holding the nape of his wife. Then quickly traced Soo Yin's open lips.

At first Soo Yin widened her eyes in unpreparedness. After a long time, Soo Yin began to enjoy what her husband was doing. Now the kiss was so soft unlike earlier that she was hard to breathe.

After a while, Dae Hyun then let go of his lips. It seemed that Soo Yin had understood what he meant.

"If Park Soo Hyun did it like this then I would be angry," Dae Hyun said. His lips that were slightly lifted up carved a mischievous smile.

"Why didn't you tell me earlier? I almost died of fear," Soo Yin said while pinching Dae Hyun's waist. There was resentment because she realized that her husband was playing with her feelings.

"I just want you to be careful. But I didn't think that my little wife is still too innocent," Dae Hyun said with a giggle.

"Ughh, you are annoying!" Soo Yin cursed with a flushed face. How could she not be afraid if at that time Dae Hyun said it so seriously. Looked like now she had to be smarter so that her feelings were not played by him.

"But I'm still jealous, next time you have to be more careful around Park Soo Hyun," Dae Hyun said again with a sour face.

"Honey, what should I answer when he asks the answer? That time won't be long," said Soo Yin.

"The answer to what?"

"My answer to your brother's declaration of love," Soo Yin muttered.

"Of course you have to reject him."

"I feel bad. How will your mother and brother feel when they find out I reject him?" Soo Yin regretted that she gave so long time for Park Soo Hyun but it just will be in vain.

"I actually feel sorry too. But I'm not willing if you accept it even though it's just a pretense," Dae Hyun said while sighing softly.

"Besides, you don't need to worry, I will have a meeting with the board of directors this week. Hopefully everything will go well. After that I will introduce you as my wife. No matter Aeri accepts it or not. I will take you away from Seoul," Dae Hyun continued. Really regretted that Dae Hyun didn't divorce Aeri from a long time ago. The cunning woman full of ambition.

"I'm not afraid about Aeri. I'm just afraid that mom won't accept me," said Soo Yin sadly.

"Believe me, mom will definitely accept a beautiful and sweet daughter-in-law like you. Besides, I have mom you that I already have a woman who makes me more comfortable," Dae Hyun said while cupping Soo Yin's face and then pressed their foreheads.

"Then, didn't your mother ask who that woman is?" asked Soo Yin.

"Of course she asked, I just answered that someday I'll introduce you to mom. Now go to sleep, it's late at night," Dae Hyun said as he stood while carrying Soo Yin's body and lied on the bed because it was almost morning.

"All right," Soo Yin said while yawning.

Dae Hyun then lied down on Soo Yin's side. They immediately fell asleep while hugging each other because it was almost morning.

HIDDEN WIFE : BEST HUSBAND

Chapter 286 - 286 - Invite Yeon Ho

Soo Yin thought her husband didn't really want to order the dress again. In fact, Dae Hyun today insisted on taking her to the boutique to order clothes for them.

"Honey, can we just go to the boutique tomorrow. Today we better stay at home," whined Soo Yin who was still lazing in bed.

Even though her husband had already prepared breakfast for the two of them. But when he returned to Soo Yin's room, she didn't want to get out of bed even though Dae Hyun had told her to clean up. Dae Hyun had also said earlier that he would take her to the boutique.

"Okay, if you don't want to go out but get up right now. Let's have breakfast while the food is warm," Dae Hyun persuaded gently.

Dealing with girls Soo Yin's age made him have to be extra hard not to offend her like before. He felt quite traumatized by that. It didn't matter to him if his wife didn't want to go anywhere. He even allowed them to continue to be alone at the villa because today Aunt Xia was having permission to visit his family.

"I'm still sleepy," Soo Yin whined with her eyes closed again. She was not satisfied that she fell asleep.

Soo Yin's nature was unpredictable sometimes. She can be childish, mature, sometimes spoiled like this. In fact, she was not often angry too. Until now, Dae Hyun had not been able to recognize the nature of his little wife.

"Didn't you say you wanted to go with Jo Yeon Ho?" asked Dae Hyun. What a coincidence that Dae Hyun recently checked the messages his son sent him. Jo Yeon Ho said that he was currently bored because his mother and grandmother were not at home.

"Is it possible?" Soo Yin asked as she slightly opened her eyes.

"He said he was bored at home. If you are willing Yeon Ho to disturb the time for both of us, we will pick him up later," Dae Hyun said with a meaningful smile.

"Where are mom and Aeri?" Soo Yin was still curious.

"They seem to be going to aunt Hyun Bin's house to help to prepare everything," Dae Hyun said.

"Alright, right now I'm going to take a shower. After breakfast we go straight away," Soo Yin said, she quickly stepped into the bathroom unsteadily. Her body almost hit the door.

Dae Hyun who was looking at her immediately ran towards Soo Yin. Helped her to stand upright as before.

"Do you have a headache? Or is your body sick?" Dae Hyun said while holding Soo Yin's shoulders with a feeling of anxiety. Support her so she didn't fall.

"No, I'm fine. I'm just sleepy," Soo Yin said while straightening her body properly. They fell asleep when it was almost morning, of course Soo Yin was still very sleepy.

"If you're still sleepy you better sleep again. I don't want anything to happen to you."

"Calm down, it will disappear after soaking. Poor Yeon Ho who has no friends, I also miss my beloved son," Soo Yin said. They hadn't seen each other in a long time. Looked like the last time they met was when there was an event at school. Soo Yin didn't remember about their meeting again after that.

"Very well," Dae Hyun said.

Before leaving, they had breakfast first. It was a shame if food made with love was left alone.

=====

They just arrived at UN Village to pick up Jo Yeon Ho.

"Aren't you coming out?" Dae Hyun asked before removing the seat belt from his body.

"You go, if I come with you the servants will be suspicious," said Soo Yin.

"Wait here a moment," Dae Hyun said while ruffling Soo Yin's hair.

Dae Hyun immediately got out of his car. Just one step, it turned out that Jo Yeon Ho had left the house. The boy looked very handsome in the cartoon clothes he was wearing.

Jo Yeon Ho then jogged over to his father. Bright face can be seen from the color of his face.

Dae Hyun continued his footsteps, immediately welcoming him with a warm hug when they got close. If not for Yeon Ho, actually Dae Hyun was also reluctant to agree to Aeri's terms before they divorced. For now he will bring his little son and wife closer first.

"Dad, where are we going today?" Jo Yeon Ho asked, who was impatient.

"Are you ready?" Dae Hyun asked again.

"Of course, I've been waiting for Dad. But daddy took a long time to come," Jo Yeon Ho said while crossing his hands on his chest which made him look even more funny.

Dae Hyun laughed out loud seeing his son who turned out to be smart at angry.

"Let's go now."

"Are we just going alone?" Jo Yeon Ho asked.

"We will go three. You must be happy with her because you are also very close," said Dae Hyun.

"Who?"

"You will find out later," Dae Hyun said as he carried Jo Yeon Ho's body to his car. Then opened the back passenger door for his son.

Jo Yeon Ho didn't know that Soo Yin was in the front passenger seat because he looked down. The boy just felt strange of why his father let him sit in the back seat.

"Now is the time to go," Dae Hyun exclaimed, who slowly started the engine, getting ready to drive the car.

"Hi darling," Soo Yin said as she straightened her head then turned her head back.

"Eunnie?" Jo Yeon Ho exclaimed with a bright face. Since the first time Jo Yeon Ho met her, he always felt happy when he met Soo Yin.

"Yeon Ho, I miss you so much," Soo Yin said as she reached out her hand to touch Jo Yeon Ho's cheek, which was now fuller. The boy was already standing slightly forward approaching Soo Yin.

"Me too, it's been a long time since we met," Yeon Ho said enthusiastically.

Dae Hyun only glanced at his wife and son who were chatting. He was very happy today because his decision to ask them to go out will not be in vain. Until it made his lips never stop carving a smile.

"Yeon Ho, where do you want to take a walk?" Soo Yin asked after they let go of homesickness.

"It's up to you. I will follow, the important thing is not to return home," said Jo Yeon Ho.

"Wait, let me think for a moment," Soo Yin said, wondering where they should go. The place had to be impressive and there was something that Jo Yeon Ho could learn from it.

Dae Hyun did not talk. He let the two people he loved decide where they would go.

"How about we go to the Horizon Gimje festival events?" Soo Yin said.

"What festival is that?" Jo Yeon Ho knitted his brows together. So far, he had never been invited to go to festival events so Jo Yeon Ho didn't know anything about it.

"Have you ever played a kite?" Soo Yin asked. She sat on her side so that it was easy to chat with her son.

Jo Yeon Ho shook his head slowly.

"Honey, let's go to...." Soo Yin stopped her words. Realized if she spoke wrong earlier.

"Sir, let's go to Byeokgolje," Soo Yin said. While emphasized her tone of voice. Too enthusiastic about meeting her son, Soo Yin almost forgot.

"Alright, we'll be on our way soon," Dae Hyun said excitedly.

"Hooray!" Even though Jo Yeon Ho didn't know where they were going, he was very happy.

Chapter 287 - 287 - The Gimje Horizon Festival

The Gimje Horizon Festival was a festival showcasing the largest rice and agricultural produce in South Korea. This festival aimed to show the importance of Korean agricultural culture which was the foundation of the nation. With the theme of meeting heaven and earth on the horizon. Usually held around the Byeokgolje reservoir.

The events that were waiting for were usually events ranging from harvesting to cooking rice. The tourists can also play kites with local residents.

In the past, when Soo Yin was in school she often taking part in several festivals because she thought it was very fun. Got to know various kinds of Korean culture. That's why Soo Yin took Jo Yeon Ho to that place to have experience in participating in various festivals.

They had now arrived in the Byeokgolje area. Dae Hyun just parked his car. He felt very happy because Jo Yeon Ho seemed very enthusiastic. It turned out that his little wife was very good at captivating his son's heart. While on the trip even Jo Yeon Ho whined, asking Soo Yin to sit in the back seat with him.

"Wow, it's so crowded here," Jo Yeon Ho shouted as he peeked out of the car window.

"Of course, honey. We'll meet more people later. Are you glad we came here?" Soo Yin asked.

"I'm so happy," said Jo Yeon Ho as he landed a kiss on Soo Yin's cheek.

Soo Yin glanced at her husband from the rearview mirror, wanting to see how he reacted. Hopefully it didn't matter to him. Besides, his son was still young.

"HMMMM," Dae Hyun voiced his voice.

"Let's go out, don't let us miss it," Soo Yin asked when she saw her husband put on a flat face.

Dae Hyun decided to leave first, then he opened the door for the two people he loved very much. He picked up Jo Yeon Ho's tiny body and put him down on the ground. Dae Hyun stretched out his hand to help Soo Yin down. But Soo Yin didn't accept it.

Soo Yin didn't want Jo Yeon Ho to notice their closeness. From the gaze of his little wife's eyes, Dae Hyun understood so he immediately pulled his hand back.

They then passed through the entrance to the festival area.

They continued to hold hands, with Jo Yeon Ho in the middle. Soo Yin's natural outfits and make-up made her look much younger. People thought that she was Dae Hyun's daughter. Plus her body was indeed slender.

"Yeon Ho, do you want to join in harvesting the rice?" Soo Yin asked as she bent slightly to align her body with her son.

"Is it okay for small children to come?" Jo Yeon Ho thought that only adults could come.

"Of course," said Soo Yin with a smile.

"Hon... Sir, let's go that way," Soo Yin almost blurted out again. Rarely calling Dae Hyun 'master' made her lips feel stiff to speak.

Jo Yeon Ho was very excited. He walked in front first leaving Dae Hyun and Soo Yin lagging behind. The boy seemed impatient to know what rice looked like.

"Honey, thank you for inviting Yeon Ho to come to this place. We never even thought about bringing him to events like this before," Dae Hyun said while squeezing Soo Yin's finger for a moment.

"It is better for small children to be brought to this place rather than to the mall," Soo Yin said with a focused look in front of her, afraid that Jo Yeon Ho suddenly turned around and caught them.

"It turns out that my little wife is sometimes very smart," said Dae Hyun.

"Of course," Soo Yin said proudly while winking one eye.

Seeing her pinkish lips made Dae Hyun want to really take a sip. Really Dae Hyun was always tempted when he saw his little wife.

It didn't take long for them to walk. Now they have reached the greenhouse. The rice harvesting program began immediately after receiving a signal from the presenter.

All participants looked orderly and enthusiastic. They began to cut one by one the yellow rice stalks. Then put in the bag that had been provided. So that the hands wouldn't get itchy, they also provided gloves that were sold at low prices.

Dae Hyun raised his son's body to help him pick some stalks of rice. His face looked so happy and very excited. This was the first time for Jo Yeon Ho to see rice that was still on the tree.

"Dad, can I take it home? I want to show it to grandma," said Jo Yeon Ho.

"We'll bring some sprigs home later," Dae Hyun said as he rubbed his son's head.

The activity was also contested. Whoever picked the most and was neat was the winner. The participants who made enough of the rice quickly ran out of only the stalks.

"Yeon Ho, we also have to join in learning how to cook rice," Soo Yin asked after they washed their hands in the space provided.

"Is it okay if I come?" Jo Yeon Ho asked innocently.

"Why can't you? Everyone can come. Your father also has to come with us to cook rice," said Soo Yin as she took Jo Yeon Ho's hand to the place to register for the rice cooking event.

The event was usually held in competition to determine who can make the rice ripen perfectly. The cooking utensils used were still very traditional, which only used firewood.

Most of the participants who took part were parents who came with their children.

"Sir, can you help us cook?" Soo Yin asked while biting her lower lip. The reason was that she had forgotten a bit, though she had attended the festival several years ago. Moreover, Soo Yin really can't cook at all.

"Leave everything to me, we will definitely win," Dae Hyun said. He then invited Soo Yin and his son to a place where the event was taking place.

Suddenly, a beautiful and sexy woman walked up to them. Since earlier that woman had been observing Dae Hyun from a distance. She was so curious because Dae Hyun didn't seem to have brought his wife. With steps made as graceful as possible, the woman immediately approached them.

"Is there anything I can help you with?" the woman asked with flirty smile. Her eyes didn't stop looking at Dae Hyun's handsome face.

HIDDEN WIFE : BEST HUSBAND

Chapter 288 - 288 - Sexy Lady

Soo Yi looked from top to bottom of the woman who was wearing a very sexy dress that showed her cleavage. The two breasts were sticking out, looking so tight. The long hair that had been let loose by her flicked back. Soo Yin estimated that woman was the same age as Dae Hyun.

Soo Yin immediately looked displeased and made a sullen face.

"Are you only the three of you? Where is your mother?" asked the woman as she approached Soo Yin and Yeon Ho who were sitting.

Soo Yin just kept quiet with no intention of answering the question.

"My mom didn't come," Yeon Ho said honestly. According to his teacher at school, it was not okay to just keep quiet if someone asked.

"Then let aunt help you," she said.

"No need," Soo Yin said sarcastically.

"Sir, your children are very cute," said the woman, chuckling with amusement at the look on Soo Yin's red face.

Dae Hyun, who was busy making the fire, turned his head back when someone called. He didn't really listen to what they were talking about. For a moment he looked at the woman and then stood up.

"What a good father," the woman said, while smiling as sweet as possible.

Dae Hyun felt that he had known the woman but didn't know where. Her face was very familiar like he had met her several years ago. But maybe it's just the same.

"Your son said you didn't take your wife with them," the woman continued.

Dae Hyun scratched his temple. Wanted to say if Soo Yin was his wife but no way. Surely she wouldn't believe it, Jo Yeon Ho was also with them right now.

"Introduce me, my name Min-seok," said the woman introducing herself as she stretched out her hand to shake hands with Dae Hyun.

Dae Hyun glanced at the face of his wife who had put on a dark face.

"My name is Dae Hyun," he said without returning the woman's handshake.

It was only after becoming acquainted with Dae Hyun that Min-seok introduced herself to Yeon Ho and Soo Yin. Made Soo Yin roll her eyes in disgust.

Min-seok didn't leave either even though Dae Hyun had asked her to leave even if subtly. It would be rude to openly throw her out.

Since the first time she saw Dae Hyun, Min-seok was very interested in the handsome man's face. It didn't matter if he still had a wife while she can be close to him, it didn't matter. Now there were also many women having relationships in front of their wives. Even more so, Dae Hyun looked like a rich person. That made Min-seok even more incessant to approach him.

Soo Yin was about to wash the rice that had been provided. She was very upset with the woman who never left.

"Come here, let me wash the rice. You better take your brother to play with the others," Min-seok softly throw them away as she took the bowl filled with rice from Soo Yin's hand.

"We came here to learn to cook rice, not just play," Soo Yin said curtly.

Dae Hyun was very aware that Soo Yin was very angry right now. Since Min-seok's arrival, her face had changed drastically. Not the slightest smile etched on her lips.

Soo Yin invited Jo Yeon Ho to come with her away a little. They had to do something to get the woman to leave right now.

"Yeon Ho, looks like that woman is trying to get close to your father. We better trick her out of here," Soo Yin whispered.

Jo Yeon Ho just blinked his eyes repeatedly which indicated that he did not know about Soo Yin's meaning.

Soo Yin sighed softly.

"Look, if that woman is with us we won't be able to learn to cook rice. We have to make her leave here," Soo Yin said.

"How to?" Yeon Ho asked with an innocent face.

Soo Yin raised her gaze while looking for an idea how to drive the woman away. Her gaze was fixed on the woman's skirt, which was made of wool.

"Yeon Ho, you have to approach her and stick this twig in her skirt and then you pull it out and throw it away," Soo Yin said, trying to make Jo Yeon Ho understand what they should do.

Jo Yeon Ho began to nod his head and began to understand what he had to do. Soo Yin gave him a short branch that she found on the ground. It didn't matter if the woman got embarrassed later. It's her own fault to bother someone's husband.

After they finished washing the rice thoroughly, Soo Yin and Jo Yeon Ho approached the woman and her husband. The woman kept on chatting even though Dae Hyun didn't really respond. Even now she had dared to touch Dae Hyun's shoulder. Made Soo Yin even more furious.

As ordered, Jo Yeon Ho began carrying out his mission by tying the thread of the woman's skirt to a twig. Then he continued walking away. It turned out that the thread he was pulling was getting longer and longer. Meanwhile, Soo Yin was in charge of diverting the woman from feeling it. By inviting her to chat constantly.

Jo Yeon Ho then walked away from the tent according to what Soo Yin ordered. Exactly because he found an adorable little dog. It looks like the dog asked for a branch that Jo Yeon Ho brought for a toy. Before Jo Yeon Ho had time to give it, the dog had already taken it. Then took it while running farther away among the crowd who were playing kites.

Finding her son who hadn't returned, Soo Yin looked for him, worried that he might get lost. Luckily she could see the child not too far away.

"Yeon Ho, where was the branch?" Soo Yin asked when she saw that the branch was not in his hand.

"The little dog took it," Jo Yeon Ho said, pointing at the dog that was running while the branch was still in its mouth.

"You are really very smart. We better go back now," Soo Yin said. She took Jo Yeon Ho's little hand, which felt very smooth.

It's true as Soo Yin had expected, right now the woman's skirt was only half covering her thighs. She really didn't realize that her skirt was almost finished. Now her smooth thighs were even half visible.

Soo Yin glared hard at her husband so that he wouldn't look down at her.

"Auntie, it looks like your skirt is stuck," said Soo Yin after standing near Min-seok.

Min-seok then looked down.

"Arghhh!" she exclaimed, while covering her thighs with her palms. Her face immediately flushed in embarrassment.

Soo Yin who was beside Dae Hyun immediately pinched his waist to look away. Until it made Dae Hyun grimace in pain.

"I'll excuse me first to change my clothes. Later I'll come back again," Min-seok said, who immediately walked with short steps away from their tent.

Soo Yin laughed cheerfully. Very happy to have gotten rid of that woman. No one will be allowed to seduce her husband.

HIDDEN WIFE : BEST HUSBAND

Chapter 289 - 289 - Men Are Not Responsible

Jo Yeon got out of the tent. He was engrossed in watching the kite flying high above the clouds.

Meanwhile, Soo Yin still continued to cheer because the woman left them. She felt so relieved that nothing was bothering them anymore.

"You shameless! Teasing a husband in front of his wife," Soo Yin grumbled while she put her hands on her hips.

Dae Hyun just smiled at his wife who looked very upset.

"It turns out that my wife is good at getting rid of women who try to seduce her husband," Dae Hyun said, chuckling with amusement at the way she was done to get rid of that woman. Min-seok must have been so embarrassed earlier.

"Of course, anyone who dares to tease my husband is ready to fight me," said Soo Yin as she snorted at Min-seok who had disappeared from her sight.

"You also shouldn't look at women in sexy clothes anymore. If you still do it, get ready because I will gouge out your eyeballs," Soo Yin threatened with fiery eyes towards Dae Hyun.

"Geez, how cruel is my wife even though she's very cute when she smiles," Dae Hyun said with a mischievous glance.

"Calm down, even though there are thousands of women who don't wear clothes in front of me, it won't make me tempted," Dae Hyun said as he grabbed Soo Yin's waist from the side.

"Let go, Yeon Ho will see us later," Soo Yin said while trying to escape.

"It's okay. Just let him know that you are his mother too," Dae Hyun said casually.

"No need to joke. Get away quickly, how can we win if you're like this?" said Soo Yin while pursing her lips.

"Okay, but you better invite Yeon Ho to fly the kite. He looks impatient," Dae Hyun said as he let go of his hand that was hugging Soo Yeon's waist. He looked at Jo Yeon Ho standing some distance from their current position. The boy was looking up at the sky.

"Remember, if that woman comes again you have to throw her out," Soo Yin said once again while narrowing her eyes.

"Yes, honey," Dae Hyun said, while smiling amusedly knowing his little wife was jealous. But it made him very happy. So now it was Soo Yin who really loved him.

They were completely reversed. It wasn't Soo Yin who cooked the rice but Dae Hyun did it. Soo Yin was instead told to fly a kite with her son. Did not wanting to get them hot, but Dae Hyun just wanted to give them time to get closer.

"Remember, don't go too far," Dae Hyun said as if giving a message to his son.

"We won't be too far away," Soo Yin said while turning back a little then immediately stepped toward Jo Yeon Ho.

"Yeon Ho, do you want to fly a kite like them?" Soo Yin asked while pointing at the crowd of people who were playing kites.

Jo Yeon Ho nodded his head quickly. Since earlier he actually wanted to ask Soo Yin but was afraid she wouldn't want to.

"Can you fly it?" asked Jo Yeon Ho doubtfully.

"We'll have to try to find out," she said.

Soo Yin, then asked Jo Yeon Ho to buy kites from the sellers who had been selling their wares for a long time. There were various forms and colors. Even the size was also very diverse from the smallest to the largest.

"Choose what you want. But don't get too big later we can't fly it," Soo Yin suggested.

Jo Yeon Ho understood so he chose a dragon-shaped kite with a medium size. After paying it, they immediately joined at the large field with the others.

Most of them were men with their children. There was almost no women. Only Soo Yin was a rather mature woman there. Maybe their mother was in charge of participating in the rice cooking competition. It's not like Soo Yin who instead played kites.

Jo Yeon Ho was in charge of holding the kite while Soo Yin was in charge of carrying the thread and running to pull the kite so that it can fly. But it was not as easy as it looked, Soo Yin had even tried it several times but can't fly it. But seeing the excited Jo Yeon Ho made her try even harder.

Until finally there were several adult men who approached them. They can't bear to see Soo Yin who was already exhausted with a shiny forehead from sweating.

"Miss, let us help. You'd better just rest," said a young man who seemed to have just managed to fly a kite for his son.

"That's right, don't let your pretty face be exposed to the sun for too long," teased one of the men again.

"Where is your father? Why let his daughter and son fly it alone?"

"Geez, what an irresponsible man." One of the men looked annoyed because he let his daughter play in the hot sun. Meanwhile, his father did not know where he was.

Soo Yin only smiled at the statement they made. It seemed that the men thought that she was still a little girl. Maybe because of her slender body.

Soo Yin didn't know that Dae Hyun was standing not far from there. He continued to observe the people who have helped his wife fly the kites.

"Ughh, not here, not at home. There's always someone who's trying to tease her," Dae Hyun muttered while chuckling irritably. He chose to leave the tent because many mothers came and it made him very uncomfortable.

Now, he saw his wife being seduced by men. Even so, Dae Hyun didn't want to go there. Let them first successfully fly the kite. What a shame if they were wasted.

Soo Yin and Jo Yeon Ho jumped in joy after their kite flies off. Until she didn't realize Dae Hyun, who was already behind her only a few meters away.

"Thank you everyone, you are very kind to us," Soo Yin said sincerely while bending her body a little.

"Ah, no problem."

"If you want to fly more kites just give us a call."

Soo Yin only repaid their kindness with a smile etched sweetly on her lips. Hopefully her husband didn't know so she won't get into trouble.

"Thank you again," said Soo Yin as she bowed her body.

"No problem, it's not difficult. We are just helping," said one of the men.

The men waved their hands at Soo Yin before finally returning with their respective sons who had been waiting.

"Father!" Jo Yeon Ho called while jumping happily when he saw Dae Hyun who was already behind Soo Yin.

Instantly Soo Yin's heart stopped beating for a while.

"Father?" Soo Yin muttered softly with a racing heart. Again, she felt like she was caught cheating on Dae Hyun. In fact, she didn't do it at all.

Soo Yin took a deep breath before finally turning back.

"Hi, sir," Soo Yin said, pretended not to realize what she had done wrong.

Soo Yin grimaced while scratching the back of her head which was not itchy. Since when was her husband standing there? Has it been since earlier?

HIDDEN WIFE : BEST HUSBAND

Chapter 290 - 290 - Tired

Dae Hyun put on a face that was difficult to interpret.

"How's the rice? Is it cooked?" Soo Yin grimaced, trying to break Dae Hyun's mood. This was the reverse question that a husband should ask his wife.

The man let out a heavy sigh. Wanted to be angry but can't bear to see Soo Yin's face which was full of sweat. He then took out a handkerchief from his pocket.

"Next time calling your husband instead of asking for help from another man," Dae Hyun said while wiping the sweat on Soo Yin's forehead.

Soo Yin was about to ask for the handkerchief but Dae Hyun didn't give it.

Currently Yeon Ho was busy looking up at his kite so that he won't see them.

"I'm not asking for help. Those who wanted to help," said Soo Yin while lowering her head.

"Don't look down, is my face so scary that you won't look at me?" asked Dae Hyun who was still rubbing his wife's face.

Slowly Soo Yin raised her head, then looked into the eagle eyes that was able to melt her heart. Seeing his smile made her heart calm. She thought Dae Hyun was going to get angry earlier so she didn't dare look at him.

"Do I look scary?" Dae Hyun said while raising his eyebrows several times which made him look funny. Now her lips were drawn back into a smile.

"I thought you were going to be angry," Soo Yin said while pursing her lips forward.

"How could I be angry with my wife who has worked hard. If you're tired, then rest. Let me accompany Yeon Ho," Dae Hyun said. He was also pity to see Soo Yin's cheeks flushed red because of the sun.

"I'm not tired, let's go to Yeon Ho," Soo Yin said. She wanted to hold her husband's hand but she didn't do it.

They approached Jo Yeon Ho, who was busy pulling the kite rope. His face now looked flushed from the sun that had crawled up above the horizon.

Dae Hyun helped to raise the kite to fly even further. After decades of time, only then did Dae Hyun feel the feeling of flying a kite again. He really felt like he was feeling nostalgic to when he was a kid.

"Yeon Ho, we better have lunch first," Dae Hyun asked because the sun was hot enough. His eyes were already sore from staring at the sky.

"I don't want to," Jo Yeon Ho said while pursing his lips forward.

"After lunch and rest, we'll come back here again. Look at the rest of the crowd, they go to rest too." Dae Hyun pointed at the people who had left the field. Only a few people were there.

"How about this?" Jo Yeon Ho said while showing the lump of thread he was holding.

"We'll just put it here," said Dae Hyun as he grabbed the wood and stuck it in the ground.

"Is it okay for us to put it here?" Jo Yeon Ho looked really heavy leaving the kite.

"It's okay, honey. Your kite will still fly even if you don't hold it," Soo Yin coaxed while crouching down.

"Wait a minute, if you're worried." Dae Hyun looked around and then waved at a small child who was about to fly his kite. It seemed that the boy was a villager around the reservoir.

The boy immediately ran towards Dae Hyun.

"You called me, sir?" asked the boy.

"Will you guard this kite? I'll give you money if you want," Dae Hyun said.

The boy seemed to think for a moment.

"Very well," he said.

Dae Hyun then took out some money from his pocket.

"Is this for me?" The boy was astonished that the money was quite a lot for a child his age.

"Thank you, sir. I will definitely take care of it properly," he said with a face that looked so happy.

Now Jo Yeon Ho had calmed down so he was willing to come with Soo Yin and his father for lunch.

Dae Hyun decided to find a comfortable place to rest. Seeing Jo Yeon Ho and Soo Yin who were sweating, he chose to go to a hotel not far from the Byeokgolje reservoir.

Dae Hyun only booked one room for them. After all, they only rested for a while, maybe just taking a shower and changing clothes.

Soo Yin and Jo Yeon Ho immediately threw themselves on the largest bed. It felt like their bodies really need rest after half a day of activities.

"You guys take a shower first, then take a rest," Dae Hyun said while shaking his head at the sight of the two.

"We're still tired," Soo Yin replied as she spread her hands out.

Dae Hyun let out a deep sigh. Looked like it was useless to persuade them.

"Fine, if you don't want to, let me take a shower first." Dae Hyun rushed to the bathroom because his body was also very hot.

Feeling tired made Jo Yeon Ho and Soo Yin feel sleepy until they closed their eyes.

◦

◦

"Come on, now take your turn to take a shower," exclaimed Dae Hyun who had just come out of the bathroom. When he looked at the bed he found that they were asleep. No wonder he didn't hear them chat since earlier.

"You bad kids," Dae Hyun said. Then stepped his feet toward the two people he really loved. They both were still wearing shoes and sweaters. So Dae Hyun helped them to release it. Starting from the sweater to their shoes. The two of them didn't even wake up. Maybe because they were very tired.

He kissed Soo Yin and Jo Yeon Ho's forehead alternately. Now they were like a united family. One day he wanted them to be together without needing to hide.

Dae Hyun lied down in the middle too. Suddenly he remembered the child he had told to wait for Jo Yeon Ho's kite. Felt pity if they took too long to come back.

"Honey," Dae Hyun whispered in Soo Yin's ear to wake her up. Before going to the place, at least he had to say goodbye, afraid that they will look for him.

"What is wrong?" Soo Yin said with her eyes still closed. Her eyes were too heavy to open.

"You don't have to go anywhere before I come back. I'll go back to the place earlier to pick up Yeon Ho's kite," Dae Hyun said in Soo Yin's ear.

"Very well," Soo Yin said hoarsely. Her eyes are now only slightly open because she is unable to withstand the feeling of fatigue and drowsiness after a day of activities.

Dae Hyun looked at Jo Yeon Ho who was fast asleep accompanied by a soft snoring that could be heard. Then Dae Hyun turned to Soo Yin, then kissed her lips for a while.

Soo Yin who was so sleepy can't feel it. Now she was in the subconscious again.

Dae Hyun immediately left the hotel after asking someone to stand guard outside the door. In order for his heart to feel calm even if he only left them for a moment.

HIDDEN WIFE : BEST HUSBAND

Chapter 291 - 291 - Don't Want To Go Home

It was late afternoon. They had been asleep for a long time so that Jo Yeon woke up, remembering the kite. He shook Dae Hyun's body who was sleeping beside him.

"Father, get up. Let's go to the place earlier," Jo Yeon Ho said.

Dae Hyun opened his eyes. He had wanted to wake them up but it was a shame that he overslept.

"Yeon Ho, the event has ended since the noon," Dae Hyun said hoarsely.

"What about my kite?" Jo Yeon Ho said with a sad face.

"Don't worry, father put it in the car. Now take a shower first," Dae Hyun persuaded.

Jo Yeon Ho nodded his head then got out of bed and stepped into the bathroom.

After hearing the sound of water gurgling from the bathroom, Dae Hyun woke up his little wife who was still sleeping very soundly. Actually he can't bear to see her face that looked calm but afraid that later she might starve.

"Honey, wake up. It's already late," Dae Hyun said while kissing his wife's eyes in turn.

Soo Yin was annoyed so she started to open her eyes. Blinking repeatedly until it really opened while her body continued to stretch.

"What time is it now?" Soo Yin asked after fully regaining consciousness while spreading her gaze.

"Now it's already afternoon, wake up. Later after that, we'll eat, I don't want you two to starve," said Dae Hyun as he looked at his wife while resting on his hands.

"Is Yeon Ho awake?" Soo Yin asked.

"He was cleaning himself. Honey, I am very grateful to you for wanting to be close to my son," Dae Hyun said.

"Of course I also have to be close to Yeon Ho. Playing together with him can comfort my heart," Soo Yin said with a heavy sigh. Her chest tightened again with tears that wanted to come out of the corners of her eyes.

Dae Hyun cupped Soo Yin's face with his hands.

"Don't be sad anymore. One day we will definitely have a cute child again," Dae Hyun said to give her a little peace.

Check ...

There was the sound of the bathroom door opening. Making Dae Hyun and Soo Yin sat down reflexively. Soo Yin's heart immediately skipped a beat. She hoped that Yeon Ho didn't see what they were doing.

"Yeon Ho, why didn't you wake me up so we can take a bath together?" Soo Yin said as she got out of bed. She glanced at Dae Hyun, who was relaxed and casual.

"Eunnie was still asleep," Jo Yeon Ho said innocently.

"Let me help you put your clothes on." Soo Yin took the clothes that were still in the paper bag.

"Just let me, now take a shower. You two must be very hungry," Dae Hyun said.

Soo Yin nodded her head then immediately cleaned her body up.

They were currently in a restaurant not far from the hotel. Jo Yeon Ho seemed in the mood to eat.

"Are we going home after this?" Soo Yin asked.

"Is there no other show?" Jo Yeon Ho didn't seem to want to go home yet.

"Actually there are still. Usually it will be continued with the lantern festival. But later your mother will definitely look for you," Soo Yin said. After a day of not seeing each other, Aeri must now missed him.

"She's not going to look for him," Dae Hyun said. If Aeri was really looking for him, she must have already called his cellphone. In fact, there was not a single call or message from Aeri.

"Okay, we'll come back there later," Soo Yin said.

"Can we take a photo of the threes?" Soo Yin asked. She wanted to immortalize their photos as a memento.

"Of course," Dae Hyun said. For the sake of his little wife even though he never liked taking pictures. To please Soo Yin, he was willing to do it.

Soo Yin immediately took out her cellphone then took photos of the three of them in various poses. She smiled at the result because Dae Hyun's face was too tense.

"Your face looks really tense, sir," Soo Yin teased, chuckling with amusement.

"I don't like taking pictures," Dae Hyun said honestly.

Even though he looked tense, it cannot be denied that his face was still very handsome. No wonder many women tried to tease him.

After eating they immediately returned to the Byeokgolje Reservoir because it was getting dark. It was exactly in line with Soo Yin's expectation that it was already very busy there. It was not just the local people who came. Many also from local tourists and even foreign tourists who participated.

Usually the participants who took part in the event will turn on the lanterns simultaneously and then put them in the reservoir. Made for a beautiful night view. The beauty of the night accompanied by so much light.

The event tonight was also the highlight of the festival celebration. There will be an announcement of the winners in every competition that had been carried out.

The three of them were now sitting on a long bench at the edge of the reservoir. Enjoyed the expanse of lanterns that were there. There was even a small boat in the middle of the reservoir which was decorated with lanterns.

Soo Yin was in the middle between the son and the father. Dae Hyun had been hugging Soo Yin's waist all along as if he didn't want any distance between them. Jo Yeon Ho will certainly not see because the place was also dim.

"Let's go home, it's already night," Soo Yin said as she turned to face Jo Yeon Ho who was enjoying enjoying the expanse of light.

"Wait a little longer," Jo Yeon Ho whined.

"Tomorrow I'm going to tell my friends everything at school," he continued, his eyes were sparkling. During this time his friends had always made him jealous, now was the right time to repay them all with his story about today. He also got some photos that had been printed earlier.

Chapter 292 - 292 - Suspicious

Dae Hyun's cell phone rang. It turned out that it was Mrs. Park. Luckily it wasn't Aeri so Dae Hyun immediately answered.

"What's the matter, Mom?" Dae Hyun asked.

"Where exactly are you taking Jo Yeon Ho? Until the sun has set, haven't invited him to come home." The middle aged woman's voice sounded worried.

"We'll be home soon. You don't have to worry because now we're fine," Dae Hyun said to comfort his mother. It wasn't Aeri who was worried, now it was his grandmother who was worried.

"All right, mom will wait for you to come home. Don't come home too late," Mrs. Park said.

Dae Hyun immediately turned off the telephone line then invited the two of them to go home.

=====

At first, Soo Yin wanted to go back to the villa but it was a shame that Jo Yeon Ho asked her to come take him to UN Village.

"Eunnie, let's go down," Yeon Ho whined as he pulled Soo Yin's hand.

"I'll just stay here," Soo Yin said softly.

However Mrs. Park approached those who were in the yard. The middle-aged woman wondered why her children and grandchildren had not gotten out of the car yet. She could vaguely hear a woman's voice.

"Is that the woman Dae Hyun said?" She muttered as she continued to walk. If so, she only wanted to see her face.

After being observed from a close enough distance, it was like Soo Yin's figure.

"Soo Yin?" Mrs. Park called excitedly while looking at her future daughter-in-law.

Dae Hyun who just noticed Mrs. Park immediately massaged his temples. If his mother saw Soo Yin it would be difficult for them to leave the house. Especially if there was Park Soo Hyun at home. Dae Hyun just hoped that his younger brother wasn't home.

"Dae Hyun, why didn't you tell me if you went with Soo Yin?" Mrs. Park said.

Soo Yin's body immediately felt weak hearing Mrs. Park who was very close to them. Soo Yin was forced to get out of the car.

"Good evening, Mom," Soo Yin said with a faint smile then glanced at her husband who seemed unable to do anything about it.

"Let's go inside first. Tell us where you were from so that until this evening you just came home," Mrs. Park said while holding Soo Yin's hand.

"Wait, Grandma. I have to take something," Yeon Ho said when he was about to be invited in with them.

"Dad, take out my kite for everyone to see," Yeon Ho said proudly.

Dae Hyun let out a deep sigh. He then took out a kite along with a few stalks of rice that Yeon Ho ordered.

Now they were in the living room. There was Mrs. Park, Soo Yin and Park Ji Hoon who were chatting. Now Park Ji Hoon was getting used to not being cold to Soo Yin. After all, she was her daughter-in-law whom his two sons loved so much. Although he guessed that one day his family might split because of her.

"Grandma, Grandpa, look what I brought," Jo Yeon Ho said while pointing what he was carrying.

"Wow, where did you get it?" Mrs. Park said with a happy face.

"We went to a festival... festival...." Jo Yeon Ho seemed to remember but it was difficult to pronounce it.

"We just went to Horizon Gimje festival," Soo Yin said. Seeing Park Ji Hoon already willing to be friendly to her really made her feel good.

"Why don't you guys take Grandma? Wait, why are you two together?" Mrs. Park looked suspicious of her son and future daughter-in-law.

Park Ji Hoon, who already knew their relationship, chose to remain silent. He did not want to get into a fight between them later.

"When I was about to pick up Yeon Ho I met Soo Yin on the street so I took her along," Dae Hyun said, lying because it was impossible to tell the truth. Even though he knew that Park Ji Hoon already knew about it.

Aeri was so curious when she listened to people chatting in the living room that made her rush over to them. She immediately squinted when she saw Soo Yin. She felt that her guess had been true.

"Wow, you guys seem to have had fun today." Aeri approached Jo Yeon Ho. Paid attention from head to toe. Until she found Yeon Ho's big toe, which turned out to be injured.

"Geez, look why you can hurt your leg like this?" Aeri said, pretending to be panicked and then blew his feet with a minor wound.

"I tripped while pulling the kite. But it didn't hurt at all," Jo Yeon Ho said honestly.

"Soo Yin, you must take responsibility for injuring my son's feet. If something happens, prepare yourself because I won't stay still," Aeri said, while looking sarcastically at Soo Yin.

"Here, let me see," Mrs. Park said to her grandson. Moved him a little closer to her.

"This is only a small wound, the boy is used to like this. No cry and must be strong," she continued.

"But, what if his toe gets infected? Anyway I don't care, Soo Yin has to be responsible," Aeri said, still insisting.

"Aeri, don't overreact it like that. It's just a small wound because if he's older one day he has to be stronger," Dae Hyun said.

"Dae Hyun, why do you always defend her? He's still a kid, I just don't want anything to happen to him," Aeri said with great annoyance because everyone in this house always stood up for Soo Yin. Han, who said he wanted to get rid of her, didn't even give any news until now.

"Aeri, look Yeon Ho didn't even say anything about the wound," Mrs. Park said.

Soo Yin felt dizzy listening to them who continued to argue endlessly. Regretted for not paying attention to Yeon Ho when he fell. She thought that the cut which was the tip of a nail would not be a problem. However, Aeri intended to prolong the problem.

"I'm really sorry, I didn't really pay attention to Yeon Ho," Soo Yin said politely.

"It's okay, we are actually grateful because you gave the idea of inviting him to go to the festival," Mrs. Park said sincerely.

"Mom, it's late at night. I'll take Soo Yin home," Dae Hyun said so that the debate with Aeri wouldn't be too long.

"Okay, too bad Park Soo Hyun isn't home so he can't take you," Mrs. Park said. It was a shame because Park Soo Hyun was out.

"Don't go home yet. Our business isn't even finished," Aeri argued.

"Soo Yin, let's go home," Dae Hyun asked without even caring about Aeri.

Soo Yin immediately said goodbye to all of them before finally following Dae Hyun's steps out of the house.

"Dae Hyun, are you going to stay at the hotel again?" asked Aeri who was trailing behind him.

"Of course," Dae Hyun said wryly.

"Why don't you care about me anymore?" Aeri said in a sad tone.

"Remember we don't have any relationship anymore. Stop expecting too much," Dae Hyun said and then closed the car door because Soo Yin was already in the back seat.

"Dae Hyun, wait!" Aeri called. But the car slowly disappeared behind the fence. Looked like she had to hire someone to find out where Dae Hyun really was.

Annoyed, Aeri finally went back into the house.

HIDDEN WIFE : BEST HUSBAND

Chapter 293 - 293 - Afraid Your Family Won't Accept

Aeri then sat back down with her in-laws. Tonight she will reveal her suspicions about Dae Hyun and Soo Yin.

"Aren't you suspicious of his secretary?" Aeri said, reluctant to mention her name because her mother-in-law would already know what she meant.

"Do you mean Soo Yin? What's the point of being suspicious?" Mrs. Park frowned.

"I suspect if they have a relationship. Why are they often together when there is no need for work?" Finally, Aeri dared to express her suspicions all this time.

"Ha ha ha..." Mrs. Park actually laughed out loud at Aeri's statement.

"It is certain that they are close because after all they often meet at the office. After all, Soo Yin likes Park Soo Hyun. They will also soon be engaged," Mrs. Park said, who was chuckling, was amused at Aeri's absurd thinking.

"But Mom, it must be a coincidence that the three of them left when he still have a wife. Did that girl not think about how I feel?" Aeri won't just give up.

"Aeri, didn't Dae Hyun already explain. You weren't home earlier either," Mrs. Park said.

Park Ji Hoon chose to leave his daughter-in-law and wife who were arguing. He didn't want to get involved in their business.

"Mom, Dae Hyun should have also contacted me before asking the girl," Aeri said.

"Don't talk about it, didn't you make a fuss about small things like this before?" Mrs. Park understood why his son now chose another woman, maybe because of Aeri's too stubborn attitude.

"Now go to sleep, it is already night." Mrs. Park then got up from her seat and walked away.

"Shit! Still, she didn't believe my words," Aeri grumbled while clenching her fists. It seemed that there must be some other way to get rid of her.

"Han's not reliable either," she grumbled again with fiery eyes. From now on she must do it herself.

=====

On the way, Soo Yin moved in front because Dae Hyun kept asking her to sit next to him.

"Looks like Aeri already suspects our relationship," Soo Yin said, trying to break the silence that occurred between them.

Dae Hyun seemed to be thinking about something since asking Soo Yin to sit in the back.

"I also feel like that. Maybe she even said this to mom. But believe me, mom will not believe it that easily. She thought that if you like Park Soo Hyun," said Dae Hyun while sighing heavily. He had been thinking about his mother's reaction to their relationship because soon it will inevitably be uncovered.

"Do I have to come to your cousin's wedding? I'm so afraid your brother will ask me to answer there," Soo Yin said.

"It's okay, I'll prevent him if that happens," Dae Hyun said with a smile so that Soo Yin would be calmer even though he also felt the same way as his wife.

Soo Yin leaned her head back, closing her eyes for a moment to calm her down.

"After aunt Hyun Bin's wedding event, I will have a board meeting soon. Will you come to see your husband abdicate?" Dae Hyun said with a chuckle.

Soo Yin straightened her head back up. Looking at her husband who actually looked happy. But Soo Yin actually felt guilty about this. After all, she contributed indirectly to his resignation.

"If you're hard to give up your position, you don't need to do it. I'm happy enough like this even though I'm just a shadow woman," Soo Yin said softly. Even though it was bitter, it was better.

"No, honey. I don't feel hard at all. Don't you believe in my sincerity?" Dae Hyun was forced to stop his car on the side of the road. It didn't feel good to talk like this when he was focused on driving.

"I'm just afraid that your family won't accept me anymore. That will also impact your family's efforts. I also don't want Jo Yeon Ho to feel sad because he separated from his mother." Soo Yin lowered his head. It was hard when her lips say this because basically a woman was selfish. Wanted to always be the first and be recognized by many people. Moreover, her husband was a very influential person. No wonder Aeri still didn't want to divorce Dae Hyun because she might be afraid of losing someone influential.

"Soo Yin, haven't I said it many times so you don't have to worry. Trust me if everything will be fine. All you have to do is reject Park Soo Hyun," Dae Hyun said while holding Soo Yin's shoulder.

"I'm just afraid you will regret it someday. Giving up everything you have just for me which may mean nothing." Soo Yin laughed hollowly remembering her seemingly insignificant self.

"I will make sure I will not regret my decision. From now on, don't get discouraged or feel insecure. After everything is over we will live happily without disturbing anyone," Dae Hyun said. Then he hugged Soo Yin's body into his arms.

How could he have the heart to let Soo Yin's status be unknown to others. It will only make more and more competitors. Even now, many men have tried to approach her.

"Tomorrow will you take me to campus? I want to ask when the announcement will be made," said Soo Yin while looking up at her husband's beady eyes.

"Of course, when there's free time I'll take you."

"Are you staying at the hotel tonight?" Soo Yin again asked.

"No, I'm afraid," Dae Hyun said.

"Afraid of what? Don't you usually always stay there too?" Soo Yin frowned.

"Afraid my little wife will feel cold tonight if she doesn't sleep in my arms," Dae Hyun whispered and then took a small bite of Soo Yin's earlobe. It made Soo Yin distance herself because she felt amused.

"Just tell me you can't sleep," Soo Yin teased while chuckling.

"That's right. I really can't sleep well if I'm away from you," Dae Hyun said. Quickly cupped Soo Yin's face then kissed her very sweet lips. Until it made Dae Hyun reluctant to let go.

"Yes, let's go home. It's late at night, I'm already sleepy," Soo Yin said while pushing her husband's body.

"Good."

Dae Hyun followed his wife's wishes to return to continue their journey to the Pyeongchang-dong villa.

HIDDEN WIFE : BEST HUSBAND

Chapter 294 - 294 - Party (1)

A few days later.

Wedding party at Aunt Hyun Bin's house.

This was the event that the bride and groom had been waiting for. Everyone was already present including Soo Yin who had just arrived. Residential with a modern type like a palace. Soo Yin asked Chung Ho to drop her off. Even though Park Soo Hyun insisted on picking her up.

When Soo Yin was just at the entrance, it turned out that Park Soo Hyun was already there. He immediately rushed over to Soo Yin, who looked struggling to walk because the tail of her dress was too long.

Soo Yin wore a white dress that she bought with her mother-in-law. Although she was reluctant because the color matched to Park Soo Hyun's, Soo Yin still wore it because she didn't want to disappoint her mother-in-law.

Today Soo Yin styled her hair using a classic bun with floral accessories as a sweetener. Looked beautiful and graceful like a princess.

Before leaving, Soo Yin stopped by Do Jin's salon first. Asked her to do her hair. Didn't want to make a fool of herself in front of everyone.

Soo Yin had actually asked Jean to come with her but too bad she was adamant that she didn't want to come.

"Soo Yin, you really are like Cinderella," praised Park Soo Hyun with an uninterrupted gaze from the beautiful face of his idol. He was so amazed by Soo Yin's beauty tonight.

"Let me take the princess's hand." Park Soo Hyun stretched out his hand like a prince.

Soo Yin bite her lower lips while looking around looking for her husband's whereabouts. Finally she could see Dae Hyun near the pole which was not far from where she was today.

Dae Hyun could only observe his wife from a distance. Even though his heart was not willing, this time he would let Park Soo Hyun to be with her. Soon Park Soo Hyun will not dare to approach his wife again. He continued to sigh heavily as Park Soo Hyun reached out to take Soo Yin's hand.

For a moment they looked at each other. However Dae Hyun turned his gaze in another direction. Which husband was able to see his beloved wife with another man. It really frustrated him.

"Soo Yin," Park Soo Hyun called while following the girl's gaze but there was no one there because Dae Hyun was already leaving.

"Come in, sir," Soo Yin said nervously, afraid that Park Soo Hyun would see his brother. When her hand was about to touch Park Soo Hyun's fingers it felt very heavy.

Park Soo Hyun then took Soo Yin's hand with great pride. They walked among the guests like a king and empress.

"Very harmonious." That's what almost everyone who was there said. Their age gap was not that far away, which made them look so good together. Plus their clothes, which were made in pairs, added to their elegance and dignity.

Park Soo Hyun always had the biggest smile to show how happy he was right now. In contrast to Soo Yin who only smiled faintly. There was no happiness at all in her heart. What she felt right now was guilt. Thinking how it will be after this nor how people will react to it. She also felt like a liar.

Soo Yin only complied when Park Soo Hyun introduced her to some of his friends. How could she escape when her hand was always held tightly.

Park Soo Hyun also invited her to meet the bride and groom and their extended family. This included grandmother Hae Sok, who apparently came to Seoul. Park Soo Hyun continued to introduce one by one of his extended family to Soo Yin.

◦

◦

Dae Hyun chose to be alone from the crowd. He sat on a bench which was quite quiet. Until finally his friends came over. That was a very bad timing.

"Hmmm, why are you here alone?" Do Yun said as he sat on one of the chairs.

"It seems that he is unable to compete with his younger brother," Choi Won said.

Doctor Kang, who also joined in, chuckled in amusement at the expression on Dae Hyun's face, which had been bent since earlier.

"Go, if you want to laugh at me," Dae Hyun said irritably. Instead of entertaining him, his three friends seemed very happy to see him like this.

"Don't frown like that. I just want to know why your young wife is with Park Soo Hyun. Has she dumped you?" Do Yun asked with a serious face.

"Of course. Look at his face that looks very young. A sane girl would prefer Park Soo Hyun over him," Choi Won said. His laughter was so crisp that he almost bursted.

Hearing Choi Won's joke, Dae Hyun unconsciously turned his gaze towards Soo Yin and Park Soo Hyun who were chatting with other guests. Indeed he admitted that they looked very harmonious. It was different if Soo Yin was with him. People often thought that Dae Hyun was her father or uncle.

Dae Hyun also never thought that he would fall in love with a young girl like Soo Yin. After breaking up with Mi Young for a long time, only Soo Yin who was able to melt his heart from the first time they met.

"Don't just look at them all the time. If you want to be with her, pull her away from Park Soo Hyun," Doctor Kang teased.

Dae Hyun then put on a cold face. It's not the time for him to approach Soo Yin right now. After Park Soo Hyun was busy then he would approach his little wife.

"Instead of all of you laughing at me, it's better to take care of your respective partners. Especially for you, Kang Chul, look for one of the women here. Look, I even have two wives but you don't even have one," Dae Hyun said proudly. He tried to change the conversation so that his blood wouldn't boil even more remembering Soo Yin, who was holding hands with Park Soo Hyun.

"Look how proud he is of his two wives. Even one of his wife is neglected," Do Yin said, accompanied by the laughter of the others. Looked like Dae Hyun's attempts to change the subject didn't quite match what he was thinking.

"Dae Hyun, you have to know if I was single while waiting for Soo Yin to be dumped," Kang Chul said clearly. He was indeed the type of man who says whatever he likes.

Dae Hyun immediately glared at Kang Chul.

"Dream, until whenever, it will never happen!" Dae Hyun said with great emphasis.

"Don't be so serious, I'm just kidding," Kang Chul said with a chuckle.

The three of them kept teasing Dae Hyun even though he had tried to change the subject. Until finally Dae Hyun felt bored by their words.

"I'll go first," Dae Hyun said as he rose to his feet. He didn't want to hang out with his friends for long.

"Where are you going? Let your brother borrow your wife for a while," said Do Yun.

Without answering, Dae Hyun chose to leave them because they always annoyed him.

Now Soo Yin was alone because Park Soo Hyun excused himself to meet some of the guests he knew. After all, Park Soo Hyun was appointed to oversee the wedding reception to run smoothly.

Soo Yin felt her throat dry so she looked around at the table where there were snacks and drinks. There were all kinds of drinks and food on the table.

With slow steps while holding her skirt to make it easier to walk, Soo Yin walked towards the table. Even though there were several servants, they looked busy. So Soo Yin chose to take it herself.

Being alone at a party like this made her feel like a lost person. There were very few guests she knew. Since earlier she had also circulated her views to find Dae Hyun's whereabouts. But her husband was nowhere to be seen. If she knew it would be like this she would force Jean to come.

Soo Yin took one glass of orange juice to quench the thirst in her throat. Not to forget she also tasted a cup of pudding.

Aeri and Li Sa had been observing Soo Yin from a distance. Li Sa was currently really angry seeing how Park Soo Hyun had walked hand in hand with Soo Yin. Moreover, the invited guests' words made her emotions even higher.

"Eunnie, what should we do to get rid of her?" Li Sa looked impatient to embarrass Soo Yin in front of the invited guests. That was only one way to make her heart feel satisfied.

"We'd better approach her right now while she's alone," Aeri said.

"We have to pretend to take the food with her," Aeri continued with her uninterrupted gaze from Soo Yin.

"Then, what would we do?" Li Sa asked.

Aeri brought her face close to Li Sa's ear to whisper something. Li Sa nodded her head repeatedly to understand what to do.

With leisurely steps and as elegant as possible Aeri and Li Sa walked over to Soo Yin who was sipping her drink.

"Soo Yin, I thought you wouldn't come," Aeri said, pretending to be friendly. Even though she was actually very lazy to talk to her.

Soo Yin knitted her brows together. Felt strange because Aeri seemed friendly to her. It was not like when they met anywhere else. Soo Yin thought if it was possible because they were in such a crowded place right now.

"Of course I'm coming," Soo Yin said briefly to answer Aeri's question. It was not good if someone asked but was not answered.

Li Sa just didn't say anything with her side lips being pulled upwards. Carved a sly smile that was so obvious. Since earlier she had even deliberately pressed her high heels shoe on the tail of Soo Yin's dress.

Aeri continued to chat nicely at first so that Soo Yin wouldn't feel suspicious of the plan they were going to do.

"Soo Yin, it turns out that you have now succeeded in snatching Park Soo Hyun from me. How many rich men have you seduced?" Li Sa sneered who couldn't stand to say it all. She wanted to embarrass her cousin right away.

Soo Yin just kept quiet. Pretending not to listen to what Li Sa was saying. It all must be just a trick to provoke her emotions in front of the crowd. Soo Yin was not that stupid as to embarrass herself in front of Dae Hyun's entire extended family.

"Li Sa, watch your words. Soo Yin might need money to do something like that. You should know that now many teenage girls are selling their bodies just for fun," Aeri added with a lopsided smile and winked one eye.

Soo Yin let out a long sigh. Tried to be patient even though her chest was rumbling holding back her emotions. Repeatedly she took deep breaths and then exhaling slowly.

"Soo Yin, why are you silent? Didn't you listen to what we said?" Aeri was already getting annoyed that Soo Yin didn't respond. Her intention to anger Soo Yin didn't seem to be working this time.

"I don't have time to respond to your words," Soo Yin said calmly then took a sip of her drink until it was finished and then returned the glass to the table. Then she stepped her feet to leave.

Too bad, just one step, came the sound of tearing cloth coming from the bottom of Soo Yin's skirt. Even Soo Yin felt like her dress felt heavy when she was about to take a step.

"Ah, sorry. I really didn't mean it," Li Sa said while smiling triumphantly.

Soo Yin looked back at the bottom of her dress. She was wide-eyed because her dress was torn to the back of her thigh. Really embarrassed that the people there seemed to be paying attention to her.

"Looks like your dress is so cheap that it could tear easily," Aeri sneered, smiling happily. It seemed that her attempt to humiliate Soo Yin will succeed. Soo Yin must be so angry soon that everyone will know that Soo Yin was an angry girl who really didn't suit her innocent face.

Li Sa's body was deliberately pushed by Aeri so that the glass filled with drink spilled over Soo Yin's chest. Making Soo Yin's white dress looked like it had been stained with blood because the drink spilled on her dress was red.

"Arghh," Soo Yin exclaimed. Reflexively her hand wagged the part of her chest that was stained with the water.

"Soo Yin, we're really sorry," Aeri said, pretending to put on a pitiful face.

Dae Hyun had been watching Soo Yin since earlier and went straight to his wife who was in trouble. There was no way he could stay silent when his little wife was about to be humiliated by Aeri.

Without a word that came out of his lips, Dae Hyun then opened his coat. Then tied it around Soo Yin's waist. He also tore the tail of the dress which made it difficult for Soo Yin to walk.

HIDDEN WIFE : BEST HUSBAND

Chapter 296 - 296 - Poor Wife

"What are you two doing?" Dae Hyun glared sharply at Aeri and Li Sa in turn.

"We really didn't mean it," Li Sa said with a face full of regret.

Seeing what Dae Hyun was doing, now Aeri felt very angry. Dae Hyun had never done anything like that to her before.

In the past when they went to a party. Then Aeri's dress gets dirty, Dae Hyun just invited her to go home immediately.

"Soo Yin, you better change your dress. I will ask Chang Yuan to deliver the dress here," Dae Hyun said while guiding Soo Yin to stay a little away from the guests who continued to pay attention to her. Some could even be heard sneering.

"I'll make some calculations to both of you." Dae Hyun turned his head back and glared at Aeri and Li Sa. This must be their trick for Soo Yin to leave that place.

Aeri's body immediately trembled because it seemed like she was going to get into trouble. She didn't know if Dae Hyun had been watching them.

Seeing Soo Yin's wet chest, Dae Hyun immediately took off his shirt in front of several guests. Then used it to cover Soo Yin's body so as not to be seen.

Aeri was quite flabbergasted to see Dae Hyun doing such a thing to his secretary. It was unbelievable that Dae Hyun showed his muscles in front of the guests. Luckily the place was not too crowded.

Several young female guests whispered to each other. Their gazes did not divert from Dae Hyun's very seductive muscular body.

Aeri then approached them.

"Hey, close your eyes. Don't keep looking at my husband," Aeri said while glaring at the invited guests who still looked young.

"We are not interested," said one of the women. Then they whispered about Dae Hyun being so considerate of other girl than his wife.

"What a poor wife," they said, chuckling with amusement. They looked sarcastically at Aeri.

Aeri clenched her fists, she was eager to shut the mouths of those women. However, Aeri tried to calm herself down so that her emotions were not provoked. Didn't let herself get angry.

When Aeri turned to look at Dae Hyun and Soo Yin, they were not there.

"Ugh, it's all because of them," Aeri grumbled irritably.

Aeri then walked over to Li Sa while continuing to think. Dae Hyun found out about their intention to embarrass Soo Yin. It seemed that he was very angry. But that made her even more suspicious. If their relationship was only superiors and subordinates, then Dae Hyun shouldn't have been that angry.

If only Dae Hyun didn't know. Even though they had intended to drag Soo Yin to a busier place. But too bad Dae Hyun thwart their plan.

"Li Sa, we better follow my husband and that bitch," Aeri said.

"For what? Soon the wedding will start. Did you not see if your husband looks very angry?" said Li Sa who was a little scared by the look in Dae Hyun's eyes.

After all, she also wanted to get the flowers that the bride and groom threw at the invited guests. It was said that who got the flower, they will meet their soulmates soon. Li Sa wanted herself and Park Soo Hyun to be a match soon.

"Never mind, we have to find out what they are doing now," Aeri said as she pulled Li Sa's wrist to follow her lead.

"But..." Li Sa didn't have time to refuse. She now forced to follow Aeri's steps.

They scour the very spacious house to find where Soo Yin and Dae Hyun were at the moment. But unfortunately they did not find their existence. If they had followed them right away, now there would be no way to left behind.

"Shit! Where did they go?" grumbled Aeri.

"We'd better go back there again. Later we'll look for them," persuaded Li Sa because the cake-cutting ceremony by the bride and groom will be held soon.

o

Dae Hyun took Soo Yin to the guest room which he found out was occupied by his grandmother. He was deliberately taking her there because Aeri will definitely follow them.

Hae Sok happened to be in her room to pick up something that was left behind. She was surprised to see Dae Hyun who suddenly entered.

"Dae Hyun, what are you doing?" Hae Sok frowned at Dae Hyun and Soo Yin who was behind him.

"I'll borrow Grandma's room for a moment," Dae Hyun said as he closed the door slowly.

"What are you going to do? Are you guys out of your mind?" Hae Sok glared at Dae Hyun who wasn't even wearing a shirt.

"Calm down, Grandma. Don't talk too loudly, later someone will hear," Dae Hyun said slightly lowering his voice.

Hae Sok sighed softly as she glanced at Soo Yin who was pressing Dae Hyun's clothes on her body.

"Soo Yin, what's wrong with you?" Hae Sok asked as she pulled Soo Yin's hand and then made her sit on the edge of the bed. Seeing her messy dress made Hae Sok uncomfortable.

"Aeri and Li Sa made her like this, Grandma," Dae Hyun said first before Soo Yin opened her mouth.

"Ughh, Aeri. She's always making trouble," Hae Sok grumbled.

"Now it's better to wash your body first. Your dress looks very dirty," said Hae Sok.

People who didn't know will think there was blood stain stuck to Soo Yin's dress.

"Thank you, Grandma." Soo Yin felt touched that Hae Sok was still being nice to her.

Knock ... knock ... knock

There was a knock on the door from outside.

"Is Mother in there?" asked a woman's voice.

Dae Hyun recognized that voice which was Shin-Hye's voice. Luckily he had locked the door so his aunt couldn't enter right away.

"Yes, soon Mother will come out," said Hae Sok.

"Okay, don't stay too long. There are many people who wanted to meet you," said Shin-hye.

Afraid that Shin-hye found out that Dae Hyun and Soo Yin were in her room, Hae Sok decided to leave.

HIDDEN WIFE : BEST HUSBAND

Chapter 297 - 297 - Changing Clothes

"Sir, I should just go home," Soo Yin said softly. There was no way she could return to the party with a dress like that.

"Sorry, I was late." Dae Hyun sat on his knees in front of Soo Yin and then squeezed her finger. He was late because his friends kept laughing at him.

Soo Yin shook her head softly with a smile. It didn't matter at all because what Dae Hyun did made her touched.

"Put your clothes back on. You'll get cold later," Soo Yin said as she took off the clothes from her body. Now no need to worry about anyone seeing her open chest.

"I prefer not to wear clothes around you," said Dae Hyun while glancing mischievously.

"I'm serious," said Soo Yin with lips pursed forward.

"You didn't even wear your clothes in front of some of the invited guests. I don't like seeing it," she added irritably.

Dae Hyun sighed heavily. He was just doing what he thought. He did not want to let the guests, especially if it was a man, see her open dress when exposed to water. Made her bra visible because the drink spilled was pretty much.

"I really like my little wife who has started to become possessive now," Dae Hyun teased to make his little wife's heart a little happy.

Dae Hyun actually wanted to get back at Li Sa and Aeri's actions. But it seemed like he will let Park Soo Hyun take care of them. His brother would also be very angry if he saw Soo Yin like that. Fortunately, no one of his extended family had seen it earlier. Only a few invited guests.

"Honey, stop teasing me." Soo Yin covered her face with her palms as her cheeks felt hot.

Dae Hyun stood up and sat next to his wife. Seeing his wife shyly like this looked even more adorable. So Dae Hyun embraced her in his chest that was not barred by the cloth.

"I promise to repay what they did to you," Dae Hyun said.

Being in Dae Hyun's arms made Soo Yin didn't want to go anywhere. Knowing that Dae Hyun really loved her, she didn't need to repay what Aeri did to her.

Soo Yin lowered her hand then rubbed the muscles that clearly depicted on her husband's chest. Which woman was not attracted to men that had an athletic build with muscular muscles beautifully etched into his belly.

"Honey." Dae Hyun sighed because the touch of Soo Yin's naughty hand made something that had been long needed to be released even more excited.

Noticing something that was awakened, Soo Yin immediately pulled her body away before her husband lost control. But Dae Hyun had already embraced her and then hid his head in Soo Yin's nape.

"You're so good at teasing me now," Dae Hyun whispered in Soo Yin's ear, making Soo Yin felt a strange feeling.

Dae Hyun then pushed Soo Yin's body up to lie on the bed and then locked her up. His gaze now looked wild and misty.

Derrrtt ... derttt ... derttt

Soo Yin can breathe a sigh of relief after hearing Dae Hyun's cell phone vibrating.

"Hurry up and pick it up, who knows it's important," Soo Yin said then pushed Dae Hyun's body to make it easier for her to sit back down.

Dae Hyun then answered the call, which turned out to be a call from Chang Yuan who said that he was on the yard now.

"Stay here, I'll meet Chang Yuan at the front," said Dae Hyun as he put his clothes back on and quickly disappeared behind the door before Soo Yin answered.

Soo Yin rubbed her chest with a sigh of relief. She will not do it again. She didn't mean to tease him. Even though she had seen it many times, Soo Yin still wanted to feel his chest. She almost got him provoked.

While waiting for Dae Hyun to come back, Soo Yin went to the bathroom to clean the sticky parts of her body. If she didn't remember that this was her husband's family wedding ceremony, Soo Yin must have replied earlier.

Soo Yin then opened her dress with sad strokes. Too bad such a beautiful dress had now been damaged even though it can't be denied that Soo Yin really liked it. Moreover, it was given by her mother-in-law. Even though there was interference from Park Soo Hyun who helped her choose.

It was quite a while for her husband to not come back so Soo Yin returned to sit on the bed with the towel wrapped around her.

Check ...

The bedroom door opened. Dae Hyun came in while carrying some paper bags.

"Honey, now change your clothes," Dae Hyun said while handing the paper bag to Soo Yin.

Soo Yin obediently changed her clothes. The dress that Chang Yuan bought seemed simple but elegant to wear. The length was only below the knee with a sea blue color which looked very bright.

It turned out that the dress was the same color as the coat worn by her husband. It was unexpected that Chang Yuan was always very smart at choosing.

Soo Yin thought that she was the only one who changed her clothes but it turned out that Dae Hyun also did the same thing. After all, there was no way her husband could wear a wrinkled shirt.

Dae Hyun also asked the makeup artist who did the make up for the bride to polish Soo Yin's face a little so it didn't look messy. For the hairdo, it was still like the first time when it was done by Do Jin.

"Let's go out because the event will start soon," Dae Hyun asked when the makeup artist had left the room.

Not to forget that Dae Hyun had already given her the hush money so as not to say anything about this. Everyone was already in the garden behind the house which was the location for the party so that the house was quiet.

Chapter 298 - 298 - Vengeance

"I'd better get out first. I'm afraid Park Soo Hyun will catch us," Soo Yin said.

"Very well," Dae Hyun said, he obediently obeyed his wife's wishes. After all, it wasn't time for them to be caught, anyway.

When Soo Yin was outside, she suddenly thought of something so she went back into Hae Sok's room.

Dae Hyun frowned when he saw Soo Yin enter again.

"Is there anything left?" He asked Soo Yin.

"Honey, can we take a photo together?" Soo Yin bit her lower lip. Afraid that her husband will reject her wish because she knew that Dae Hyun won't want to take photos unless Jo Yeon Ho was with them.

Soo Yin felt really sorry if they didn't take photos together. Dae Hyun can understand Soo Yin who might wanted to be like other couples who often took pictures intimately with their lover.

Dae Hyun didn't answer right away, instead narrowed his eyes while smiling mischievously and approached Soo Yin who was standing by the door.

"Of course you can, but there is one condition," Dae Hyun said with a mysterious smile.

"What?" Soo Yin asked with an innocent face.

Dae Hyun pushed his lips forward and pointed at them with his index finger.

"You pervert!" said Soo Yin with a sullen face. It seemed useless asking for that. She then turned around to open the door.

This was what Dae Hyun really liked about Soo Yin. Even though they had done it many times. She was still shy with flushed face.

"All right, let's take some photos," Dae Hyun said with a smile.

Now Soo Yin's face looked sparkling again because Dae Hyun did what she asked. The scowl that was painted on her face slowly faded.

They immediately took photos of various poses. Even Dae Hyun also took photos with his cellphone in a pose when their cheeks touched each other.

After feeling enough and satisfied, Soo Yin came out. When she got old she wanted to show the photos to their children.

Park Soo Hyun, who didn't know what happened, was frantically looking for Soo Yin's whereabouts. Had asked Li Sa who actually said that she had returned home. So that Park Soo Hyun was forced to be with Li Sa even though he was still very curious about Soo Yin who was returning home.

Now the bride and groom's cake-cutting ceremony will be held soon. Park Soo Hyun continued to observe almost all the dresses that were white but it was a shame that he didn't find Soo Yin.

"Mr. Park Soo Hyun, didn't I tell you that Soo Yin came home. Her shirt was torn so maybe she was embarrassed," Li Sa said. Reflex, she covered her mouth with her palms because she slipped out.

"What do you mean?" Park Soo Hyun then narrowed his eyes at Li Sa.

"Yes, her shirt was torn earlier," Li Sa stammered. She really cursed her lips that were wrong to speak.

"How did it happen?" Park Soo Hyun caught that Li Sa was hiding something. If there wasn't, then she wouldn't be nervous like that.

"I... I don't know what happened," Li Sa stammered.

"She stepped on Soo Yin's dress on purpose," said a male voice from behind them. Dae Hyun had been standing between them since sometime.

Made the two of them look back.

"That's not true," Li Sa argued quickly. How could she admit the bad things she did to Soo Yin.

"Then let's come with us to the CCTV room," Dae Hyun said, his lips pulled backwards into a scary lopsided smile.

"Didn't I tell you if I didn't do it on purpose, sir," Li Sa said, trembling. If it ended like this it was better if she didn't obey what Aeri said.

Not wanting to make a fuss at the party, Park Soo Hyun grabbed Li Sa's wrist. Pulled her hand to follow him to the security room. If it was Li Sa who made tantrums with Soo Yin. He will not hesitate to make calculations.

Dae Hyun was just observing what his younger brother was doing. Just as he thought, Park Soo Hyun would be very angry.

Before looking for Aeri, he looked at Soo Yin's beautiful face from a distance for a moment because at this time Soo Yin was near the pool. Dae Hyun did not feel bored at all looking at her cute face while chatting with other invited guests.

"Ouch!" Li Sa exclaimed because Park Soo Hyun's grip in her hand felt so strong. Currently they were in front of the CCTV room.

"If it was you who made Soo Yin's dress torn. I don't want to see you again in this place," said Park Soo Hyun furiously. Of course he was furious because the dress was his choice to make them look like a great match.

Li Sa only gave up when Park Soo Hyun kept gripping her wrists. Took her into the CCTV room, which turned out to be a security room. Park Soo Hyun quickly asked the security officers to find the previous CCTV footage.

Now Dae Hyun was in charge of finding Aeri to ask for responsibility. Although Dae Hyun was quite happy because in the end the dress Soo Yin was wearing was torn so he could change to a color that matched him. But Dae Hyun didn't like it because Aeri almost embarrassed Soo Yin if he came late in front of everyone, including his family.

He won't be that easy to let Aeri escape. For her, Aeri was now only his ex-wife. If later she still didn't want to sign the divorce papers, Dae Hyun had already prepared everything. It's just a matter of time.

Dae Hyun walked among the invited guests while circulating his gaze. Finally he found Aeri who was chatting with other invited guests.

Forcefully Dae Hyun approached her right now.

"Hi, honey. I've been looking for you," Aeri said when she saw Dae Hyun was near her. Without feeling embarrassed, she was clinging spoiled on Dae Hyun's arm, to show off their affection in front of the guests.

HIDDEN WIFE : BEST HUSBAND

Chapter 299 - 299 - Make Calculations

"Come with me now." Dae Hyun tried to escape because he felt uncomfortable with what Aeri was doing.

"I'll excuse me for a moment, we'll chat again. It seems like my husband wants something," Aeri said to some of the female guests while chuckling.

"It's still noon," teased the woman in red while chuckling.

"Remember, this is not your home," added the woman in the green dress.

"What are you," Aeri said, blushed to hear those who teased her. She didn't realize that what she did to Soo Yin will get her into big trouble.

Dae Hyun just wore a sour face at their nonsense. Because they made him impatient, he immediately pulled Aeri's hand away from them to catch up with Park Soo Hyun.

What a coincidence when they were going to the security room they bumped into Soo Yin.

"Soo Yin, come with us," Dae Hyun said in a soft tone.

"What do we ask her for?" Aeri said while looking at Soo Yin's face with contempt and disgust.

"To make a calculation of what you did to her earlier," said Dae Hyun in a cold tone.

Aeri immediately broke into a sweat at Dae Hyun's statement, which made goosebumps on her neck. She thought Dae Hyun had forgotten about it so she could relax. It was unexpected that Dae Hyun's words were true.

Dae Hyun forced Aeri to go to the CCTV room while Soo Yin followed them behind.

"Eunnie, help me," Li Sa said when she saw Aeri who had just entered.

"You two apologize to Soo Yin right now!" Dae Hyun commanded in a cold tone and his eyes continued to stare at them.

Park Soo Hyun who used to rarely get angry now really felt the emotion caused by them.

"We didn't do anything. Why should we apologize to a poor girl like her," Aeri sneered. For her apologizing to Soo Yin was the worst thing in her life.

"That's right, we have repeatedly said that we didn't mean it," Li Sa said, who already had the courage to argue. Aeri's presence in there made her even more courageous. Besides, she didn't want to apologize to Soo Yin.

Park Soo Hyun immediately played the CCTV footage of the incident where Li Sa accidentally stepped on Soo Yin's dress and Aeri deliberately pushed Li Sa that made her drink spilled on Soo Yin's chest.

"Can you still dodge now?" Park Soo Hyun asked in a high tone.

"We... we...." Aeri's tongue felt heavy to refute it. They won't be able to dodge either way.

"It was Eunnie who pushed my body," said Li Sa defensively. She didn't want Park Soo Hyun to hate her even more.

"Li Sa, why are you blaming me instead?" Aeri glared at Li Sa. Really unexpected if Li Sa would betray her.

"Well, we don't want to listen to your arguments. Apologize right now or do we need to play this video in front of the guests and family so that they will know if you have a cunning and evil nature," Dae Hyun said, whose patience had ran out.

Soo Yin just stood there listening to the two men who wanted to defend her. Though they didn't need to do something like that. Even though Aeri and Li Sa apologized to her now. But they might do it again to her later. What Soo Yin knew was Li Sa will never apologize to her even if she was at fault.

Aeri was stuttering at the threat from Dae Hyun. That should not happen because she did not want to be embarrassed in front of the crowd. Especially in front of Dae Hyun's family which would make them all sneer at her.

"Soo Yin, why are you that evil to complain to my husband? Is it because you are his secretary that you want to find a face?" Aeri didn't want to give up until here.

"Aeri, this has nothing to do with her. Park Soo Hyun we better play the tape now while the guests are still crowded," said Dae Hyun, who did not mess with his threats.

"Okay, we will apologize," Aeri said quickly.

"Eunnie, I don't want to," Li Sa said because to her it was very disgusting.

"Quick apologize now rather than we are humiliated later," said Aeri while nudging Li Sa's waist. A public figure like Aeri attached great importance to image so she didn't want her image to be bad. That was very important because she intended to return to the modeling world again.

Li Sa continued to purse her lips because she didn't accept for having to apologize to Soo Yin.

"Okay, I'm sorry," Li Sa said as she stretched out her hand to shake Soo Yin's hand while her face was facing the other way. For her it was all an insult.

"It's okay if you don't really want to apologize," Soo Yin said in a flat tone. It was okay to make them give up once in a while.

"Apologize properly," said Dae Hyun.

Li Sa kept cursing in her heart realizing that Soo Yin had now dared to work on her. She felt that if her cousin had changed so much, she was not like someone who used to be too obedient.

"Soo Yin, please forgive me." Li Sa had to soften her tone of voice because she didn't want to stay in that position too long.

"That's how to say sorry," Soo Yin said with a chuckle. It was great to make Li Sa apologize to her. When else can she see her like that.

'You'll see, I will definitely repay you more than this,' Li Sa muttered to herself. Her hands continued to grip until the nails stuck in her palms.

"Soo Yin, I'm sorry too," Aeri said softly because she didn't want to apologize twice like Li Sa.

Soo Yin nodded her head as she glanced at Dae Hyun who had a flat face.

After that Aeri invited Li Sa to leave that place immediately because she didn't want to get into trouble anymore. While there were her husband and brother-in-law, there was no way they can repay Soo Yin today. But they will still intend to repay her someday.

HIDDEN WIFE : BEST HUSBAND

Chapter 300 - 300 - Flower Bouquet

"You shouldn't bother doing this," said Soo Yin.

"It's not a bother at all. They really have to be taught a lesson," said Park Soo Hyun.

"We'd better go back to the park to follow the event," said Dae Hyun, who unconsciously took Soo Yin's hand.

"Come on," said Park Soo Hyun who also took Soo Yin's hand.

The two men both grabbed Soo Yin's hand. Made Soo Yin not know whose steps to follow because their steps were in different directions. Soo Yin felt like a rope being pulled at both ends.

"Sir, can I just walk by myself?" said Soo Yin while frowning and then looked at her hands in turn.

The two men then stopped their steps. They turned their heads back and focused on their hands that grabbed Soo Yin's hand. Park Soo Hyun frowned at his brother who was holding his idol's hand. He was burning with jealousy in his chest.

"Can you take Soo Yin's hand off, Hyeong?" Park Soo Hyun said as he looked at his brother's flat face.

Dae Hyun took a deep breath before finally releasing his grip on Soo Yin's finger. It was very hard to let his wife's hand to be touched by another man. But Dae Hyun tried to be patient because it was only temporary.

"Soo Yin, let's go to the park," Park Soo Hyun asked as he pulled Soo Yin's wrist gently.

Soo Yin kept looking back as Park Soo Hyun took her back to the garden. She saw a streak of anger cut into the face of her husband that he was trying to soak. But she couldn't do anything about it.

Dae Hyun remained standing in his place while watching Park Soo Hyun and Soo Yin slowly drifting away. Before finally deciding to look for the whereabouts of his son who was a ring bearer.

The area where the reception took place was now very boisterous with cheers from the audience during the cake-cutting event. Now was the time for the flower throwing by the bride and groom.

"One two!" The emcee gave a signal for the bride and groom to get ready.

"Three!" exclaimed the emcee very loudly making the guests who were already behind the bride and groom getting ready to fight over the flower bouquet.

The bride and groom finally threw the flower back to the invited guests. But the flower turned out to be floating so far that it accidentally fell into Soo Yin's hand.

Boisterous cheers immediately echoed through the garden by the screaming spectators. Some of them congratulated Soo Yin and Park Soo Hyun. Soo Yin, who did not know such things, only smiled faintly in response to their words.

"Congratulations to the young lady who received a bouquet of flowers. Hopefully it will not be long before the marriage will follow," said the emcee with great joy.

"It seems that you guys are destined."

"Hope you guys catch up soon."

Several guests standing near them incessantly congratulated them. It made Park Soo Hyun's face look very happy. Meanwhile, Soo Yin had a confused and clueless face.

"What do they mean? Why do they say congratulations all the time?" asked Soo Yin with an innocent face.

"It's because you got this flower bouquet and makes me feel very happy because you got it," Park Soo Hyun said with a glowing face that could not cover the happiness he felt.

"That's it?" Soo Yin knitted her brows together.

"That's it?" Now Park Soo Hyun was asking back instead.

"I mean I don't understand why because it's only a bouquet of flowers and they have to congratulate like that," said Soo Yin.

Park Soo Hyun massaged his temples. It seemed like Soo Yin was much more innocent than he thought.

"Well, it is said that if someone gets the flowers thrown by the bride and groom, they will get married in the near future. So, it looks like we might get married in the near future," Park Soo Hyun said, trying to explain the details. A smile continued to grow on his lips.

Deg....

Soo Yin's heart felt like it stopped beating for a while, making her body tremble. She cursed herself of why she was so stupid to realize that. Soo Yin's eyes immediately fixed on the flower bouquet in her hand.

"Soo Yin, do you want to be my wife?" Park Soo Hyun held both of Soo Yin's hands. While staring closely at her eyes, which have curly lashes that were very beautiful.

'Oh God, I can't say it yet,' Soo Yin said to herself because her lips were unable to open. Really she didn't have the heart if she had to reject him at this time. She had never rejected someone in her life, that was too risky.

Dae Hyun who was observing Park Soo Hyun and Soo Yin from a place not too far away. Tried to catch and pay attention to what Park Soo Hyun was doing.

When he saw Park Soo Hyun's face that looked serious looking at Soo Yin's face, he immediately rushed over to them.

"HmMMM," Dae Hyun said, startling his brother and wife, making Park Soo Hyun spontaneously release Soo Yin's hand from his grasp.

"You surprised me," Park Soo Hyun grumbled because he was seriously looking at the face of his idol.

Dae Hyun deliberately stood between them. Forcibly pushing his little brother's body away from Soo Yin a little. Making Park Soo Hyun step aside and then put on a sour face. Because if her brother were nearby it would have failed his plan.

"Hyeong, why are you here? Just bother us," Park Soo Hyun grumbled while chuckling irritably.

"It is better here to see the bride and groom," Dae Hyun said flatly without any guilt. His gaze continued to be on the front.

"Ugghhh, that sucks," said Park Soo Hyun. Tried to push Dae Hyun's body but the man remained in place.

"Attention everyone, now is the dance party time. We will choose a random partner. Whether the one caught by the light were the couple or not, then they have to come here with us," said the host excitedly.
