

HIDDEN WIFE : BEST HUSBAND

Chapter 381 - 381 - Naughty Wife

"I ... I just feel my body is sweating," said Soo Yin to find an excuse so that Park Soo Hyun would distance himself. In fact, her body was actually normal, it can even be said to be cold.

"Okay, sorry for making you sweat," said Park Soo Hyun. He was forced to slightly move away.

"Hmmm," Soo Yin said with a faint smile. Then she was facing to the side, she looked at the edge of the road to see the place or the people they passed along the way.

◦

◦

Now they have arrived at the UN Village's yard. Everyone had entered the house.

Soo Yin was about to step her foot in.

"Soo Yin, wait for me!" Park Soo Hyun called. He walked limply while holding his knees. He was not used to it that it made his legs still hurt a little. But if there was no Soo Yin, maybe it will be fine.

Soo Yin stopped in her tracks, she forgot about Park Soo Hyun who was still behind. Soo Yin was forced to turn around and then carried Park Soo Hyun again.

◦

Dae Hyun had already cleaned up when his mother and the others came home. He was very lucky because Aeri was not at home so that made him more free and comfortable.

"Were you going to the hospital too?" Dae Hyun asked his son.

"Yes, this morning mother took me to the hospital," said Jo Yeon Ho.

"Why is everyone going home? Who is taking care of Park Soo Hyun at the hospital?" Dae Hyun knitted his brows when he saw Park Ji Hoon was walking behind his mother.

Dae Hyun didn't know yet if Park Soo Hyun had recovered and can go home tonight.

"Your brother doesn't need to be in the hospital anymore. He's healed," said Mrs. Park with a sparkling face.

"Then where is he? Why hasn't he entered the house?" Dae Hyun said.

"He's in the back with...." Mrs. Park's words were cut off.

"Dae Hyun, did you just arrive? How was your job on Geoje Island?" asked Park Ji Hoon. Stole the answer from his wife.

"I just arrived and have finished everything," Dae Hyun said flatly.

They chatted for a few minutes until Dae Hyun was curious because Park Soo Hyun hadn't shown up. He wanted to see the state of Park Soo Hyun who was now able to walk. He should at least welcome his return.

"Dae Hyun, where are you going?" Park Ji Hoon said.

"Of course I want to welcome my brother who has recovered," said Dae Hyun. Then walked to the main door.

Just arrived in the middle of the door, Dae Hyun had to witness his little wife who was very close to Park Soo Hyun. Between happy and want to be angry began to disturb his heart.

'What a naughty wife,' Dae Hyun thought. The cold look in his eyes grew more sinister under the reflection of the lamplight.

ooooooo

Soo Yin kept walking while supporting Park Soo Hyun because the man didn't want the servants to help him. This really made it difficult for Soo Yin to let go even though her body needed rest.

Just as her feet had climbed one ladder to the terrace, Soo Yin's eyes caught the figure of a man who was wearing casual clothes. He looked at them coldly. Like a tiger that was getting ready to pounce on its prey.

Soo Yin blinked her eyes. Perhaps what she saw was a mirage. It was impossible that her husband was already in Seoul. When they made a video call this morning, Dae Hyun didn't say anything about his plans to go home today. He just said if he will be back soon.

After observing that the man in front of her was not a mirage, Soo Yin reflexively let go of Park Soo Hyun's hand from her shoulder. Then threw Park Soo Hyun's hand roughly. A sense of fear immediately spread through Soo Yin's body.

Then pushed Park Soo Hyun's body slightly away from her body. Dae Hyun will definitely be angry to see it.

"Ouch," groaned Park Soo Hyun who stumbled because of Soo Yin's push that almost made him fall.

"Mr Dae Hyun, you're already home, huh?" Soo Yin said as she looked at the man she had missed. She didn't care about Park Soo Hyun who almost fell.

"Hyeong, please help me," said Park Soo Hyun.

"Isn't there someone standing next to you?" Dae Hyun said in a flat tone.

"Sir, please bring Park Soo Hyun inside because I have to go home," said Soo Yin.

Instead of being there for a long time which would make her husband even more angry, she should return to Pyeongchang-dong Villa. It would be much safer. For future affairs, let it be taken care of when they were alone.

"Soo Yin, why are you in such a hurry? Come in first," said Park Soo Hyun to make Soo Yin change her mind.

"I have to go home because it's late. Besides, I have to study to prepare for tomorrow's class," Soo Yin refused.

"Good night everyone," said Soo Yin. Without hearing their approval, Soo Yin immediately stepped out of the gate quickly.

"Soo Yin, let the driver take you!" Park Soo Hyun exclaimed.

"No need, Sir," Soo Yin said even though the man's voice was only faintly audible.

Soo Yin hurriedly exited through the gate. Luckily not long after that a taxi came so Soo Yin immediately stopped it.

Dae Hyun just looked at his little wife from a distance, who slowly disappeared. His expression this time was difficult to read.

'Did she get so scared of me so that she ran away?' Dae Hyun thought. Although there was jealousy, Dae Hyun actually had no intention to be angry at his little wife.

"Hyeong, help me," said Park Soo Hyun who was about to climb the stairs to the terrace but his legs felt stiff to move.

Dae Hyun sighed heavily then walked over to Park Soo Hyun to help him.

Chapter 382 - 382 - Bring Mother Home

"If you haven't recovered, why did you want to go home?" Dae Hyun grumbled as he carried Park Soo Hyun into the living room.

"I'm very bored at the hospital. The smell of medicine makes me want to vomit," said Park Soo Hyun.

"Where's Soo Yin?" asked Mrs. Park. She looked behind her two sons but unfortunately didn't find who she was looking for.

"Soo Yin is going home, Mom," said Park Soo Yin. After arriving near the sofa, he immediately threw himself next to his father.

"Why didn't you tell her to come in?" Mrs. Park said with regret because Soo Yin was gone.

"Soo Yin may have a class tomorrow so she's in a hurry to go home," said Dae Hyun. Even though he knew that his wife had come home because she saw him.

"Too bad, even the waiter has prepared the dinner," said Mrs. Park, she sighed softly.

"Next time I can invite her again, Mom," said Dae Hyun.

They soon gathered at the dining table. Dae Hyun was curious about Aeri who hadn't come home yet even though it was already night.

"Yeon Ho, where did your mother go?" Dae Hyun asked with suspicion gnawing at his heart.

"Mother didn't say it. She just said that she would go away for a while," said Jo Yeon Ho honestly.

"Dae Hyun, why don't you just call her?" Mrs. Park persuaded. No matter how bad Aeri was, she was still her daughter-in-law and had helped her a lot all these times.

"Hmm," said Dae Hyun.

After finishing dinner and chatting a bit, Dae Hyun immediately climbed up the stairs to catch up with his son. He wanted to make sure if he was asleep or not.

Dae Hyun opened the doorknob and turned it. There was still a faint sound of a sheet of paper being opened.

"You're still awake?" Dae Hyun sat on the edge of the bed next to his son.

"I'm not sleepy yet. Mother usually reads me a book every night. Where is she now?" Jo Yeon Ho lifted his face. His eyes flashed with worries.

Dae Hyun sighed heavily, what should he say now? He himself didn't even know where Aeri was.

"Dad, call mom to come home soon," Jo Yeon Ho whined because he missed his mother.

"Okay," said Dae Hyun. He can't bear to have to refuse his son's small request.

Dae Hyun immediately reached into his cell phone from his pants pocket. He pressed the call of Aeri's name on his cellphone.

Not long after that, on the other side, came a voice like in a crowd. The sound of disco music echoed quite loudly in Dae Hyun's ears. He then put his phone away from his ear.

"Aeri, can you hear me? Where are you now?" Dae Hyun asked in a cold tone. Suspected that Aeri was at the bar. If it wasn't for Jo Yeon Ho, he would have been reluctant to contact her. It was up to her where she wanted to go.

"Hello, do you know Miss Aeri?" a man's voice was heard on the other end of the line.

"Yes, I'm her family. Who are you? How come her phone is in your hands?" Dae Hyun said with a frown.

"I am one of the waiters at The Griffin Bar. Currently Miss Aeri is drunk," said the male bartender.

"Ughhh, she never changed at all!" Dae Hyun cursed softly.

"Okay, I'll pick her up," Dae Hyun said. Then he turned off the phone.

He looked at Jo Yeon Ho who was looking up. His facial expression seemed like he wanted to ask where his mother was.

"Your mother is outside," Dae Hyun said as he rubbed the top of his head gently.

"Is she not going home?"

"Tonight, you should sleep alone. Later when mom comes home, father will give you the news," Dae Hyun said.

"Bring mother home," Jo Yeon Ho said. Then shook Dae Hyun's arm with hopeful eyes.

Seeing his son begging, Dae Hyun couldn't bear it.

"Okay, stay here. Father will pick your mother up," said Dae Hyun.

Jo Yeon Ho smiled as he nodded his head obediently. All day not seeing Aeri made him feel worried.

=====

Dae Hyun first changed his clothes then took his coat. Then he took the car keys that were in his study.

Now Dae Hyun had driven his car down the night streets in Seoul. Tonight his mind must be divided between picking up Aeri or meeting his little wife. But considering Jo Yeon Ho who asked him to take her home, Dae Hyun couldn't help but drove his car to the bar that the bartender had mentioned earlier.

The Griffin Bar was not a stranger place in Seoul. Because the place was quite famous. Even Dae Hyun had visited the place several times with other friends when he was young. It was also the bar that brought him together with Aeri to have a wedding that he didn't really want. But everything had happened, Dae Hyun didn't want to regret it too much.

Not long after, Dae Hyun had stopped his car in the parking lot of The Griffin Bar.

Dae Hyun was still observing the state of the bar from inside of his car. Hadn't visited in a long time made him reluctant to enter. But he was curious of why Aeri got drunk, even though it seemed like she hadn't been going anywhere for a long time.

After some deliberation, Dae Hyun finally went inside.

A sexy maidservant immediately greeted him wearing only clothes that were very revealing. The woman deliberately even puffed her chest forward. As if to show that she had such beautiful breasts.

Her slightly thick lips that used red lipstick moved so sensually. One of her hands tossed her long hair.

Dae Hyun was very uncomfortable by the female servant.

"Get out of my way!" Dae Hyun said while slapping the woman's hand when she was about to touch his chest.

"Sorry sir, don't be so rude," said the woman sensually.

HIDDEN WIFE : BEST HUSBAND

Chapter 383 - 383 - Drunk

She was used to seducing the men who came there so it didn't matter if he was a little rude. For her, it was just how the man who was shy to admit that he was lonely in the beginning. In the end, after being seduced, the man will also melt.

"I came here just to find someone," said Dae Hyun in a cold tone. He walked past that woman without even glancing at her again.

Any sexy woman will never blind him again. Because the ordinary looking Soo Yin was much more seductive. Moreover, that woman must have been touched by many men. Just imagining it, Dae Hyun already shuddered.

Finally the woman gave up on approaching Dae Hyun. Yet she was so attracted to him. It was a young and handsome man who came there. Coupled with his athletic body. What woman wouldn't want to enjoy a one-night stand with him. Because usually men aged 40 years and over who came to the bar a lot. They just looked for fun.

Dae Hyun then approached a barista. Maybe the barista knew where Aeri was because it was impossible for him to look one by one of the rooms.

"What would you like to drink, sir?" said the barista politely.

"No, I came here because a bartender here said that a woman named Aeri was drunk at this bar," said Dae Hyun.

"That's right, sir. She's upstairs," explained the Barista, while pointing to the second floor.

"Hmmm," Dae Hyun said, while nodding his head.

Dae Hyun immediately climbed the stairs to the second floor under the dim light. He looked around the room to find Aeri's whereabouts.

Until her eyes caught someone who was lying on the sofa. Her clothes were familiar because Aeri often wore them.

Dae Hyun stepped to approach the sofa. It was true that the one lying on the sofa with a wrinkled and messy face was Aeri. The smell of alcohol immediately burst into his senses of smell.

Aeri's condition was really messed up right now.

"Han, where are you?" Aeri raved with her eyes closed under her half consciousness. Several bottles of drinks laid scattered on the floor not far from where they were.

"So, do you miss Han?" Dae Hyun pouted by raising one of his lips upwards.

"Han, I missed you." Aeri again babbled incoherently as her hands were waving upwards.

"You even always mention his name in your subconscious. But you always deny that there is no relationship between you two." There was no emotion in Dae Hyun's heart at all. He was grateful that he already knew everything. At least whatever Aeri said that said if she loved him was a lie.

"Okay, if you want to meet Han. I'll be happy to gather you as soon as possible," said Dae Hyun.

The smell of alcohol on Aeri's body really made his head hurt. So Dae Hyun contacted his men to help him bring Aeri home. He wondered what answer Aeri would say after she woke up tomorrow.

It wasn't long before his men finally arrived, so Dae Hyun didn't bother to carry her into the car using his hands.

=====

UNVillage,

Dae Hyun had stopped his car in front of the terrace. He couldn't help but support Aeri's body who was still heavily drunk. The house was quiet because it was almost midnight. Everyone else was asleep too. Only a few servants remained on guard.

The maids looked confused to see Aeri's condition which was very messy.

"What happened to Miss Aeri, sir?" asked one of the female servants who used to serve Aeri.

"She's drunk. Please change her clothes because I want to vomit because of the smell on her body," said Dae Hyun. Then he led Aeri up the stairs to the room. While the maids followed behind according to what Dae Hyun ordered.

Dae Hyun laid Aeri's sleeping body down. Then clean himself and change his clothes to get rid of the smell of alcohol that stuck to his body. Only after that, he went to Jo Yeon Ho's room. He made sure his son was asleep.

Dae Hyun smiled seeing his son who was very peaceful in his sleep. His breathing was regular. Every now and then he seemed to squirm to stretch the muscles of his body.

Dae Hyun's hand reached out to reach the book that was still in his arms. Put it on the nightstand right next to the bed.

"Honey, if we live with Mother Soo Yin later, you will definitely feel much happier." Dae Hyun covered his son's body with a blanket and then kissed his forehead gently.

As time went by, his eyes were getting sleepy too, so Dae Hyun chose to sleep next to Jo Yeon Ho. He hugged him so tight and so comfortable.

If he didn't have to look for Aeri earlier, he had intended to visit Soo Yin at Pyeongchang-dong villa. But it was too late, maybe tomorrow he'll go to see her.

Surely tonight Soo Yin can't sleep, she thought Dae Hyun was angry at her. It was true that at first Dae Hyun wanted to be angry, but he knew that Soo Yin was forced to do it.

oooo

Aeri was very surprised when she opened her eyes as she directly stared at the ceiling of the room. Her room that was in the UN Village. She remembered that she was at the bar yesterday after drinking too much. Hadn't seen Han for too long frustrated her, so she decided to go to the bar.

"Who brought me to this house?" Aeri muttered while holding her head which felt heavy.

"Cough... cough... cough...." The smell of alcohol immediately pierced into her nose when she sniffed her body.

Aeri hurriedly sat on the edge of the bed, then lowered her feet to the floor. She was dragging her feet to the bathroom to clean herself. Later, she would find out who brought her home. It can't be Dae Hyun because he was on Geoje Island.

Aeri didn't need to worry if it was other people. If Dae Hyun was there, it was certain that she would get into trouble. If she drank too much, Aeri already understood that she always subconsciously talked a lot. She didn't want to talk about Han in front of him.

HIDDEN WIFE : BEST HUSBAND

Chapter 384 - 384 - Honey

Aeri put on a sullen face when she remembered that she had not seen Han for a long time. There was no trace at all. Yesterday before going to the bar, Aeri first visited Han's apartment. She was hoping to find something to find out where he was.

As a result, nothing was found. The apartment manager said that if Han had left a few months ago, he said he wanted to leave the country. After that he never came back again.

"Han, where exactly are you right now?" Aeri muttered with a distant gaze through the glass window in the bathroom.

Her household with Dae Hyun was not going well because in her heart there was another man. If Dae Hyun was not an influential person, she was also reluctant to sacrifice her sometimes hurt feelings. It was also her fault because when Dae Hyun wanted her to be a good mother, she didn't listen to him.

Now when Dae Hyun seemed to have another woman, she just regretted it. Aeri regretted of why she didn't pretend she was good from the start.

Aeri splashed her head under the shower. She shook her head to feel fresh. After that, she soaked for half an hour. Until finally, she decided to finish the shower.

"Dae Hyun?" Aeri said with wide eyes and her body began to tremble.

Dae Hyun remained indifferent while combing his hair in front of the mirror.

Aeri ventured to drag her legs which suddenly felt weak. Cold heat began to seep into her soul. Paralyzed her nerves. Aeri really did not expect that Dae Hyun was already in Seoul.

"Honey, when are you coming home?" She was still wearing a towel. Aeri walked closer until they were only one meter away. Stood right behind Dae Hyun who was facing the mirror.

Aeri stopped her steps because she saw Dae Hyun's eyes. Looked relaxed and without any emotion that she could see in the mirror reflection at all.

"You don't have to call me 'honey'. You don't have to lie to your feelings," Dae Hyun said, tried to speak as casually as possible so that the problem will be resolved soon. Often speaking with emotions gave him a headache.

Aeri raised her eyebrows. Tried to digest what was said by the man who was now in front of her.

Dae Hyun looked at Aeri from the mirror reflection with the side of his lips raised upwards. Aeri actually felt scared by that smile.

"If you love Han, you should be honest. There's no need to lie to your feelings like that," Dae Hyun said as he smoothed his collar.

Aeri swallowed her saliva. Her heart was pounding now. She was in a mess and had the feeling that something bad might happen. Aeri didn't feel like saying anything about Han.

"W... what do you mean?" asked Aeri nervously. Her hands gripped the towel in the shape of the shirt she was wearing.

"Don't be surprised like that," Dae Hyun sneered with a chuckle.

"I was just surprised because I didn't expect you to say that. Or maybe you're jealous of Han?" Aeri tried to relax and not be nervous. Didn't want to let her nervousness make Dae Hyun even more suspicious of her.

"Jealous?" Dae Hyun snorted.

"I'm not jealous at all. I actually feel sorry for you who lied to your feelings too much," Dae Hyun continued with a wrinkled forehead.

"What exactly are you saying? I'm not lying with my feelings at all. I have no reason to lie," said Aeri accompanied by a crisp chuckle.

"Really? Usually someone who is said when someone is drunk is a very important person in the heart," Dae Hyun said with a more serious tone.

"Drunk?" Aeri covered her mouth. She couldn't believe what she had just heard.

"You definitely won't remember anything because you're drunk," Dae Hyun said with a chuckle.

"Did you bring me home?" Aeri asked just to make sure. Was it true that Dae Hyun had brought her home.

"Hmmm, who do you think will come there? Han?" Dae Hyun quipped with a smile that his upper lip pulled back.

"Of course it's impossible," Aeri stuttered. Her position was so wrong this time, even denying it would actually be in vain.

"Aeri, if you really want to be with him I will gladly make it happen. Come to court so that our divorce will be easier," said Dae Hyun then turned his body to look at Aeri.

"No... I don't want to divorce you," Aeri said quickly with trembling lips. She could already guess about it.

"Why? You should like it so you can be with Han someday. You don't have to worry because I will definitely help you to find him," Dae Hyun said calmly.

"I don't love him. You're the only one I love," Aeri said with fear that was starting to come.

"Aren't you tired of this marriage? Our marriage is just a status. There are no feelings between us. I want to live happily with the woman I love. While you can also do the same thing. You can live happily with the man you love freely," said Dae Hyun while taking a deep breath.

Aeri listened to Dae Hyun's words with a blank mind. But after a while, she realized something. She didn't need love in her life. Although her feelings rarely felt happiness, Aeri didn't want to be separated from Dae Hyun's family.

Without thinking, Aeri then kneeled in front of Dae Hyun.

"Please don't divorce me," Aeri said while sobbing.

"If you want to marry another woman, go ahead. I'm willing if you have to be re-married," said Aeri, tried to cry as softly as possible so Dae Hyun would not want to divorce her.

"No, Aeri. Even if you want it, I still don't want to do it," said Dae Hyun. He didn't want Soo Yin to suffer.

"Please, don't divorce me. Don't you feel sorry for Jo Yeon Jo if he gets an evil stepmother," said Aeri.

"You don't have to worry because she is a good girl," said Dae Hyun.

Brak....

Suddenly the door opened very loudly.

Dae Hyun and Aeri suddenly turned towards the wide open door. Their position was not pleasing to the eye.

There, Jo Yeon Ho stood with bloodshot eyes. His hands clenched into fists as he saw his mother was sitting on her knees with tears in her eyes.

"Yeon Ho?" Dae Hyun was really surprised by the sudden arrival of his son there. Hopefully he didn't listen to anything they said.

Now Dae Hyun's feet felt heavy to take a step toward his son. It seemed that Jo Yeon Ho had thought of him badly.

"Aeri, stand up." Dae Hyun helped Aeri to stand up because he didn't want his son to think anything wrong.

"Father is evil!" exclaimed Jo Yeon Ho then ran to Aeri. He was hiding behind Aeri who was already standing.

Dae Hyun rubbed his hair roughly. Jo Yeon Ho must have heard what they were talking about. He had grown up so he can already digest what adults said.

"Yeon Ho, come here with father," Dae Hyun coaxed as he stretched out his hand to grab his tiny hand. But Jo Yeon Ho immediately brushed it off.

"No, I hate father!" shouted the boy angrily.

"Father is cruel for making my mother cry," he added again.

Aeri smiled at her son's words. She knew that Dae Hyun loved Jo Yeon Ho more than anything. Maybe it was the time to use Jo Yeon to survive in this house.

Aeri then sat down on her knees in front of her son. Her hand reached out to caress his soft cheek.

"Yeon Ho, maybe soon we won't be able to live together anymore. Because your father will have a new wife and will leave mother," said Aeri with tears in her eyes. The tears easily escaped from her eyes.

"Aeri, what are you doing? Don't involve Yeon Ho in our business," said Dae Hyun who was already getting emotional. Jo Yeon Ho was still too young to hear such a thing. That was why they had always pretended to be harmonious in front of their son.

"I just want him to know about this. Even though he is still young, Yeon Ho must also know so that later he won't feel surprised," Aeri said between sobs. Her hand stroked Jo Yeon Ho's cheek.

"Why did you make mother cry?" said Jo Yeon with angry eyes toward his father.

"Honey, it's not what you think," Dae Hyun said softly. Then crouched down in front of his son. But the boy inched backwards and was hiding behind Aeri.

"Yeon Ho, if mother and father are separated, who will you stay with?" said Aeri. Wanted to give a choice to her son. She hoped the kid will choose her. Dae Hyun definitely didn't want that to happen.

"I'll just be with mom," said Jo Yeon Ho. Then hugged Aeri's body.

"Thank you, honey," Aeri said with a sense of victory because she had succeeded in making Jo Yeon Ho choose her. Most likely her position will be saved.

"Yeon Ho, don't listen to anything your mother says," Dae Hyun snapped. He couldn't be separated from his son.

"Come here with father. Let's go for a walk again," Dae Hyun coaxed, wanted to hug his tiny body.

"I do not want!" Jo Yeon Ho shouted while pushing Dae Hyun's body out of the room.

Dae Hyun took a deep breath. It seemed that his son was really angry with him. Maybe it was best to talk later when he felt better. He was sure that his son was only still emotionally carried away because of Aeri's words that were constantly convincing that he was the one here who was at fault.

Aeri wanted to laugh seeing the look on Dae Hyun's face that looked frustrated because of Jo Yeon Ho's refusal. Because that kid was usually very obedient to Dae Hyun.

Dae Hyun wanted to scold Aeri but couldn't do it in front of Jo Yeon Ho because the kid would hate him even more.

"Mother, I want to always be with you," said Jo Yeon Ho spoiled.

"Of course, dear. We will never be separated," Aeri said, felt very happy. Her efforts all this time to do good with the child was not in vain.

"Okay, I better get off first," said Dae Hyun. It was useless to persuade Jo Yeon Ho at the wrong time because he won't believe his words.

Dae Hyun immediately left the two of them in the room. Only someone who can bring him closer to his son. Later he will ask for the help. Because there was no way Aeri would let him close to the kid again. Aeri knew that Dae Hyun can never be away from his son.

Dae Hyun chose to go to his study to take his laptop. Today even though his intention was to leave at noon. However, due to chaos, Dae Hyun was forced to leave the house quickly.

"Dae Hyun, why are you in such a hurry?" said Mrs. Park when walking down the stairs at a brisk pace.

"I'm going to work, Mom," Dae Hyun said flatly.

"Breakfast first, then leave. Where are Jo Yeon Ho and Aeri?" said Mrs. Park while knitting her eyebrows.

"I'm not in the mood to eat. They're in the room," said Dae Hyun. He couldn't help but stop for a moment.

"I heard from the maid that last night that Aeri came home drunk?" asked Mrs. Park.

"Hmmm," Dae Hyun said while massaging his temples.

"Geez, I thought she has changed and doesn't want to drink alcohol anymore. Doesn't she realize that if Jo Yeon Ho sees her it will be bad," Mrs. Park said. She was a good woman who grew up in a respectable family. That was why she rarely drank alcohol. Even though she drank, she only wanted a low level.

One more thing Mrs. Park really didn't like a woman who was drunk.

Dae Hyun hadn't left yet, it turned out that Aeri and Jo Yeon Ho had followed him. The boy hid behind Aeri by holding on to her shirt.

"Yeon Ho, why are you hiding like that?" said Mrs. Park, she reached out to grab his grandson's arm.

Yeon Ho then ran past Dae Hyun towards Mrs. Park as he stared intently at the man.

Mrs. Park felt something strange with her grandson. It was unusual for him to act like that towards his father.

"Yeon Ho, what's wrong with you?" Mrs. Park frowned.

"I hate father! Father has made mom cry," said Jo Yeon Ho once again.

"What does all this mean?" Mrs. Park looked alternately at her daughter-in-law and son. She smelled something wrong. Looked like Dae Hyun really wanted to carry out his intention to part with Aeri and Jo Yeon Ho heard it.

"I gotta go," said Dae Hyun then left them without answering his mother's question. Just let Aeri explain it because he didn't want to argue..

HIDDEN WIFE : BEST HUSBAND

Chapter 386 - 386 - Who Is She?

"Yeon Ho go to the dining room. Accompany your uncle there," said Mrs. Park so that there was an opportunity to talk to her daughter-in-law.

The handsome boy with both eyes as clear as water nodded his head. Then sprinted to the dining room.

Mrs. Park continued to observe her grandson until he slowly disappeared again. Disappeared behind the dividing wall.

"Hmmm." Actually Mrs. Park wanted to talk to her son too but since he was gone, she decided to talk to her daughter-in-law first. She couldn't wait to find out of what was really going on.

"Aeri, have a seat." Mrs. Park first walked to the sofa which was not far away and then threw her body there.

While Aeri followed her with a bent face. Put on a sad face in front of her mother-in-law. She stood still, she was clasping her hands and playing with her fingers.

"Sit down," said Mrs. Park with a calm face. She didn't want to rush to conclude what really happened so Jo Yeon Ho had to say something like that.

Aeri obeyed so then sat her buttocks on the sofa. She sat opposite her mother-in-law.

"Tell me what really happened?" Mrs. Park said calmly, forgot a bit of her annoyance remembering Aeri who was drunk last night.

"Dae Hyun really wants to divorce me, Mom," Aeri said while wiping the tears that hadn't even come out of the corners of her eyes with the back of her hand.

"Mom already knows." Mrs. Park took a deep breath. Her current position was difficult, between complying with her son's request or bringing them back together.

After all, Aeri had been in this house for seven years. It was hard for her to forget when they parted. As a mother she also did not want to see her son's household fall apart. But on the other hand, she remembered Dae Hyun who said that he wanted to find his own happiness.

"Then do you agree if Dae Hyun wants to divorce me?" Aeri straightened her head, stared at the woman who had been her mother-in-law for a long time.

Mrs. Park let out a long sigh before speaking, afraid of hurting Aeri's feelings.

"Mom can't do anything with his life choices. If you had changed long ago, maybe Dae Hyun wouldn't have looked for another woman," Mrs. Park said, she slightly regretted Aeri's decision to be a model.

Previously Mrs. Park was rarely in Korea, so she didn't know much about her son's household life. After Dae Hyun's wedding, she and her husband managed a hotel in Japan.

"Mother, please prohibit Dae Hyun. I have changed a lot now and promise not to do it again," Aeri asked with teary eyes. Her eyes were filled with regret. It was undeniable that after her conversation with Dae Hyun, she felt sorry. She had left Dae Hyun who had been with her with difficulty for too long for Han.

She should have thought before choosing Han who clearly had nothing. Only had a job as a manager, it was also because of Aeri's request and Dae Hyun's mercy. Now when she needed him, he just disappeared somewhere.

"Beg Dae Hyun because mom can't help. It's your life. You decide the best path. Even though I really sorry if you separate. I feel sorry for Jo Yeon Jo," said Mrs. Park, she tried to be as neutral as possible, not wanting to take sides between the two.

"Dae Hyun like that must be because of the seduction of that bi... girl, Mom." Aeri almost slipped up saying 'bitch'. Luckily she remembered before it actually escaped her lips.

Aeri moved to sit beside Mrs. Park then held the woman's hand which had wrinkled with age.

"Do you know who that woman is?" Mrs. Park narrowed her eyes. If it was true that Aeri knew, she would love to come to her to warn her not to approach her son.

Mrs. Park was also a woman, so she can feel what Aeri was feeling right now. Moreover, she also hated women who were trying to seduce a man who obviously already had a wife.

"I don't know for sure, Mom. It's just my feelings that feel bad if Dae Hyun is near her," Aeri stammered.

"Tell me which woman do you mean?" said Mrs. Park curiously. If she was the one in question, today she would also look for her.

"Mom already knows her," replied Aeri. Deliberately stalling so that Mrs. Park was getting curious.

"Hurry up, tell me who is that woman?"

"But promise me that you won't be angry and blame me. Because this is just my feeling, which continues to be suspicious of her," Aeri said to lure her mother-in-law and this time it seemed successful.

"Alright."

"I suspect Dae Hyun is in a relationship with his secretary," Aeri said carefully. That's why when she saw her, she wanted to be angry with her. Coupled with the story from Li Sa who said that her mother used to steal someone's husband. That was enough evidence for her suspicions.

"Do you mean Soo Yin? Why do you think like that? Soo Yin is already very close to Park Soo Hyun. There's no way she's in a relationship with Dae Hyun," said Mrs. Park, chuckled and shook her head.

"Mom, she is still very young so she could have a relationship with Dae Hyun to get more money. Then approach Park Soo Hyun too," said Aeri.

Mrs. Park was still chuckling as she shook her head. Aeri's statement really didn't make sense.

"Don't you suspect Dae Hyun who invites Yeon Ho to always be with Soo Yin when he goes somewhere. Why doesn't he take me?" said Aeri.

Mrs. Park fell silent hearing the reason this time. It was true that Dae Hyun went out with Soo Yin more often than Aeri. Even when in Busan, to visit Hae

Sok's house, Dae Hyun invited Soo Yin. Even though Soo Yin had nothing to do with coming there.

HIDDEN WIFE : BEST HUSBAND

Chapter 387 - 387

"Dae Hyun also always defended Soo Yin wherever he was. One more thing, at Aunt Hyun Bin's daughter's wedding party. Why did Dae Hyun actually dance with other women when I was there."

Aeri kept giving reasons about her suspicions about Soo Yin. Convinced her mother-in-law to keep them away. This was for the good of Park Soo Hyun who also loved Soo Yin.

Mrs. Park continued to listen to Aeri's lengthy statement. But she was sure that Soo Yin was not that kind of girl. She thought Soo Yin was a good girl. It was only natural that Soo Yin was close to Dae Hyun and if he always took Soo Yin with Jo Yeon Ho. It was also Aeri's fault, who never wanted to be asked to go.

"Aeri, it's already noon. We'd better continue later," Mrs. Park said.

Mrs. Park ended their conversation because her husband was already waiting in the dining room.

"Okay, mom," said Aeri. Then she followed the woman from behind.

=====

The Silla Seoul Hotel.

After not being able to sleep all night, Soo Yin decided to go to the hotel after getting ready.

Dae Hyun must have left for work today so Soo Yin hastily prepared a meal as an apology. If she didn't go to the hotel then all the employees will be suspicious of her.

Even though her arrival was just to fill the absence. What can be done when Dae Hyun didn't allow her to work.

There were some employees who looked at her with disapproval. But they no longer talked about her like they used to say harsh words.

Not yet at Dae Hyun's room, Soo Yin met Chang Yuan. It was so coincidental to meet him so that she could ask his assistant of where Dae Hyun was. Although it really didn't make sense for a wife to ask someone else where her husband was.

"Assistant Chang," Soo Yin greeted as she bowed slightly.

"Miss Soo Yin? What are you doing here?" said Assistant Chang. Somewhat surprised by Soo Yin's sudden arrival. Since Park Soo Hyun was admitted to the hospital, Soo Yin had never set foot in the hotel. Luckily after that Dae Hyun was busy doing work on Geoje Island so the employees didn't really suspect her.

"I mean, has Mr. Park Soo Hyun recovered so you're going to work?" continued Chang Yuan, who felt that he had said something wrong. Long time no see her making out with Dae Hyun made him forget that Soo Yin was the lady of the hotel. Although not yet officially and still hidden.

"Yes, last night the doctor has allowed him to go home," said Soo Yin.

"Is my husband...." Soo Yin immediately covered her mouth because she had said the wrong thing. Luckily when she looked around there was no one there.

"I mean, has Mr. Dae Hyun come?" Soo Yin continued.

"Master hasn't come yet, Miss. Maybe soon," said Chang Yuan.

"But he left for work, didn't he?" Soo Yin furrowed her brows, just to make sure that her arrival wouldn't be in vain.

"Didn't Miss ask the master?" Chang Yuan asked back.

Soo Yin shook her head slowly. Since last night she didn't even have the guts to even just send a message. But if she thought about it, she seemed innocent.

"Master didn't say anything so he must have left for work today," said Chang Yuan. He felt strange with the look on Soo Yin's face that looked a little gloomy and her face looked sullen.

"Thanks for the information, Assistant Chang. Now I'm going to his room," said Soo Yin.

Chang Yuan bent his body while nodding his head.

Then they both walked to their respective destinations.

But Soo Yin's steps stopped because she was confused where Dae Hyun's room was now. She had forgotten to ask Chang Yuan. After resigning, she recalled that their rooms took turns.

So after considering it, Soo Yin finally walked into the room that was used by Park Soo Hyun. Hopefully it was not the wrong room. There was no way she would ask other hotel employees about it. They will find it strange if the secretary didn't know where the boss's room was. What kind of secretary was that?

Soo Yin not only didn't even know where his room was, but she also didn't know what Dae Hyun's schedule was.

"Soo Yin, what are you doing here?" asked one of the female workers who seemed to be cleaning the room that Park Soo Hyun used to occupy.

"I... I was just looking around," Soo Yin stammered. She was just about to open the door but someone else caught her.

"Aren't you Mr. Dae Hyun's secretary? Why are you here? Are you lost because you don't know if Mr. Dae Hyun has returned to his room?" guessed the female worker right on target straight through Soo Yin's chest cavity. She furrowed her eyebrows.

Soo Yin watched her for a while before answering. It seemed that the woman was not someone who was mean to her.

"Of course not. How could I not know where Mr. Dae Hyun's room is," Soo Yin said with a faint smile on her lips. Then scratched the back of her head.

"I ... I just want to see if this room is still used or not while Mr. Park Soo Hyun is not working. I haven't seen this room for a few days, I just feel homesick," Soo Yin said, grinning.

"Do you miss the room? Soo Yin, you are really funny," said the female worker with a chuckle.

"Then I will go now," Soo Yin said before the woman suspected that she had entered the wrong room.

"Okay, I'll come in to clean it too," said the woman, then closed the door from the inside.

Soo Yin could breathe a sigh of relief, so she immediately turned to Dae Hyun's room which she had passed earlier. She kept walking while occasionally looking back so she didn't notice that someone was already standing in front of her.

Bugh...

Soo Yin bumped into a solid broad chest that almost made her fall if her hand wasn't held.

HIDDEN WIFE : BEST HUSBAND

Chapter 388 - 388 - Angry

"Just didn't see each other last night but you seem to have missed him. Do you expect him to be at work today? He's not even able to walk yet," Dae Hyun said in an even tone without further ado. Deliberately wanting to provoke Soo Yin's anger.

Dae Hyun preferred an angry Soo Yin over Soo Yin who just saw him already felt scared. If she was angry at least Soo Yin still wanted to look at him in the eyes. Unlike when she was afraid, she didn't want to see him even from a distance.

Soo Yin stood frozen in place hearing the accusations that came out of her husband's lips. Her eyes were burning with limp legs.

Was that what Dae Hyun thought of her just because of a mistake she didn't want to commit? Her eyes really felt heavy, if she didn't remember that she was outside the room she would have had tears in her eyes. Her heart ached to hear his sarcasm.

Dae Hyun just kept silent while smiling at his wife who clenched her fists tightly. Soon his little wife would be very angry with him. The man was ready to wait for his little wife's nagging. The look on her face was sullen and her lips pulled forward so much that he longed to see it.

"If you keep quiet, it means that you really admit it," said Dae Hyun casually because Soo Yin didn't respond either.

Soo Yin then grabbed Dae Hyun's hand and put the paper bag containing the food box in his hand.

Without another word, Soo Yin walked away from Dae Hyun. She walked half-sprinted towards the elevator.

"Soo Yin, wait!" said Dae Hyun. His intention to anger his wife seemed to have worked, but Dae Hyun didn't want Soo Yin to run away.

Soo Yin did look angry but this time, her angry was different from usual who immediately grumbled. Even though Dae Hyun really missed the sharp look in her eyes.

Soo Yin was already standing in front of the elevator. Her index finger immediately pressed the button. But unfortunately the elevator was not open for a long time.

"Ughh, why did it take so long!" Soo Yin cursed with the mixed feelings she was currently feeling.

She wanted to leave the hotel immediately. Wanted to drink to relieve the annoyance she was feeling right now. Let her husband be more angry with her. Soo Yin didn't care at all anymore.

Dae Hyun was now standing behind Soo Yin. He casually wrapped his arms around her waist from behind. It didn't matter if someone else might see it.

"Dae Hyun, let go! Do you want everyone to know about our relationship?" Soo Yin said as she looked back. Her hands tried to release Dae Hyun's grip on her waist. Then immediately get into the elevator.

Dae Hyun was forced to let go of his hand. Instead of leaving, he joined the elevator when the door opened. Barged in when the door was about to close.

"Why did you follow me?" Soo Yin said with a snort.

Soo Yin was furious with her husband. The man had already sneered at her, but then wasn't ashamed about following her into the elevator

"Where are you going?" Dae Hyun said casually.

"Of course get out of here. Why did I come here when you think and say bad things about me as you please." Now Soo Yin dared to say it while looking sharply at her husband who was so outrageous.

"Just find another woman who might be able to fulfill all your wishes because I won't be able to do it," Soo Yin said with emotion.

How could it be possible not to be close to other men when she also needed their help? If it was like that, surely Soo Yin would be stressed thinking about it. Even when she was in college, she had to listen to the lessons given by male lecturers. Should she close her eyes too?

Soo Yin continued to grumble in her heart.

Dae Hyun couldn't help but smile when he saw Soo Yin who was so cute as her thin, ever-moving pouty lips rose upwards. His narrow eyes stared intently at her. She was like a girl who was angry because she didn't get what she wanted.

'What's wrong with him?' ~ thought Soo Yin while rolling her eyes. It really looked very confusing to see Dae Hyun's facial expression.

"Why do you smile?" said Soo Yin while squinting her eyes because she was annoyed that Dae Hyun didn't respond to her long speech.

Dae Hyu leaned forward and whispered in Soo Yin's ear.

"You're so cute when you're angry."

Soo Yin glared even more listening to him. Either not understanding it was a compliment or just an insult thrown at her. Never imagined that someone would praise her when they were arguing.

Now the elevator doors were open, they have just arrived on the first floor. When Soo Yin was about to leave, her hand was grabbed so tightly that it made her stop in her tracks. Luckily there was no one there because the elevator was specifically used for superiors. So only certain people used it.

"What do you really want?" Soo Yin said, she struggled as hard as she could to escape but unfortunately her strength was not comparable to Dae Hyun's. Her wrists were too small and weak to escape from her husband's strong hands.

"Go back to my room," said Dae Hyun. Then pressed the button to close the door, then the elevator went back up to the top floor.

"Why would I come back? Just let me go," said Soo Yin.

"Don't you want to apologize?" Dae Hyun said with raised eyebrows.

"I don't want to listen to your very annoying words," said Soo Yin with a shout. Then pushed Dae Hyun's strong chest away from her a little.

"Don't you want to apologize to me for doing something wrong?" Dae Hyun repeated his question while smiling.

"No! I wanted to apologize, but because you were so annoying, I won't do it again," said Soo Yin while looking at her husband with fiery eyes. Seeing him smile made Soo Yin's chest heat up even more because she was like a joke.

Soo Yin was very angry and felt like exploding when she heard the sarcasm he had made earlier but was holding back as hard as she was afraid that other employees would see it.

"Then you should be punished," said Dae Hyun with a smile.

Seeing his wife angry like that, made him want to scoop her thin lips. Crushed it with passion. If he didn't remember that they were in the elevator right now, Dae Hyun will definitely do it.

"I didn't even do anything wrong but you want to punish me." Soo Yin started to chuckle in annoyance.

"Who says you don't have no faults," said Dae Hyun casually.

"What exactly my fault is? I'm only helping your brother but you're always angry. You don't think it's difficult for me. Rejecting your mother's request is not easy," said Soo Yin as she turned her face to the other side while folding her arms across her chest.

"First of all, didn't I tell you that you can't be close to any man but you still do it. Second, you entered someone else's room instead of entering your husband's room," said Dae Hyun with a long sigh.

"Do you want what happened in the wrong room like that time to happen again?" Dae Hyun continued to remember of how Soo Yin was almost harassed by Je Ha.

"For the room, I did forget. I haven't come here for a long time so I kind of forgot where your room is now. You didn't say it either," said Soo Yin who defended herself.

"Third, why did you run away last night as soon as you saw me? Am I too scary to look at?" Dae Hyun said as he turned Soo Yin's body towards him.

"Of course, last night you did look really scary," said Soo Yin.

"Your honesty deserves a proper punishment," Dae Hyun said with a snort.

Now the elevator doors opened again, now they were on the tenth floor again.

"Come on, if you don't want your punishment to be more severe because you make me more angry," said Dae Hyun.

"Ugh!" Soo Yin cursed while grumbling incoherently. But she was still following her husband's steps to his study.

If she remembered how his attitude was so sweet and caring when Dae Hyun made a video call. Soo Yin really couldn't understand his current attitude.

The past few days, Soo Yin's heart always melted when she heard his very sweet words and that made her lulled so that their conversation ended at night without them realizing.

It was so different when they met like this. Soo Yin thought that her husband had two split personalities that can change at another time. Soo Yin shuddered if that really happened. Can be like a sweet rabbit and can be a hungry tiger at different times.

HIDDEN WIFE : BEST HUSBAND

Chapter 389 - 389 - Punishment

Dae Hyun stood by the door, asked Soo Yin to come in first. Then he closed the door and locked it.

"Do you think I'm going to run away?" Soo Yin grumbled with a furrowed brow when she saw Dae Hyun shaking the doorknob to make sure the door was really locked.

"Just in case, usually rabbits that look cute are actually very good at escaping," said Dae Hyun. The corners of his lips widened, formed a charming smile.

Soo Yin really felt strange with her husband's attitude this time. He said that he wanted to give punishment but his facial expression looked very happy. What kind of punishment will be given to her?

"Hurry up, tell me what punishment should I do?" Soo Yin said as she walked to her desk.

Soo Yin placed her bag on the table and took off the sweater she was wearing. She also rolled up her sleeves, maybe Dae Hyun would ask her to clean the bathroom.

It didn't matter at all because she used to do it in the past.

"What would you do?" Dae Hyun sat on the edge of the table while raising his eyebrows at Soo Yin who was now also taking off her shoes.

"You said you would punish me, of course I have to be prepared," Soo Yin said while pouting her lips.

"I even just think of the right punishment for you," said Dae Hyun with an expression of pretending to be thinking.

Soo Yin narrowed her eyes, if only his attitude wasn't so annoying today. Soo Yin wanted to feel the warm embrace of the man who was now in front of her.

But it was just a delayed dream. Because she had to wait for Dae Hyun to change his personality first.

"Quick tell me what I have to do?" Soo Yin was getting impatient because Dae Hyun didn't say it either.

Dae Hyun was still quiet in his place calmly.

"Ughhh, you're wasting my time," Soo Yin grumbled. Then turned her back to Dae Hyun to go to the bathroom.

Dae Hyun then stood up, then with a quick motion, he turned Soo Yin's body to face him. Held his little wife's hands tightly against the wall. So that Soo Yin couldn't do anything.

"What are you doing?" Soo Yin said with wide eyes.

Satisfied to see his wife angry, Dae Hyun was now starting to put his lips on Soo Yin's thin lips which tasted very sweet.

Soo Yin's mind went blank. Either want to accept or rebel. She couldn't believe that it was a punishment.

Dae Hyun's kisses slowly made Soo Yin lulled. Her mind wanted to refuse because she was still annoyed when she remembered his words. But her body responded differently by accepting it.

The longer it took, the kiss heated up with Dae Hyun's hand, which began to roam naughtily down Soo Yin's sensitive area.

Soo Yin's body was getting weaker and weaker. Her legs felt so weak that they could no longer support her weight. If Dae Hyun hadn't held her shoulders with both hands, Soo Yin might have slumped to the floor. Dae Hyun really made the boundaries of her consciousness almost disappear. The sensation of his kiss made Soo Yin want more than that.

Dae Hyun let go of her lips and looked at Soo Yin with a lustful look. His wife's hair was now a mess and her clothes were untidy.

"You said you wanted to punish me. But what's with all of this?" Soo Yin said, tried to wake up from the burning desire. She shook her head as if it was a mistake.

Dae Hyun smiled seeing how Soo Yin's face was turning red. Her thin lips were red and slightly swollen.

"This is the punishment," Dae Hyun whispered sensually in Soo Yin's ear. Then lifted her tiny body, until Soo Yin felt her body was floating in the air.

Dae Hyun stepped into the room that was usually used to rest in between the piled up work.

"Punishment?" Soo Yin said, gawked with her lips twitching.

"This is a sweet punishment for you to bear." Dae Hyun blinked one eye then threw Soo Yin's body slowly on the bed.

"Ouhhhh," Soo Yin moaned when Dae Hyun was already on top of her.

Dae Hyun began to remove one by one the buttons of the shirt that wrapped his body. His stout muscles started to look so seductive that Soo Yin unconsciously gulped down her saliva.

"Are you ready to serve your punishment?" Dae Hyun glanced mischievously then pinched his little wife's nose gently.

"What kind of punishment is this?" Soo Yin said while pushing Dae Hyun's body away a little.

"Just enjoy it because I'm sure you'll like it very much," Dae Hyun whispered. Performed the action again by giving a touch effect using his lips on the neck to Soo Yin's collarbone.

Soo Yin reflexively stretched spoiled with both hands squeezing Dae Hyun's back to vent all the increasingly burning feelings.

"Honey, can't you do it later at home? It's still early in the morning and we're at work," Soo Yin said breathlessly under her increasingly uncontrollable desire.

"Relax, no one will disturb us," Dae Hyun said without stopping what he was doing. His hands began to undo one by one the buttons of Soo Yin's shirt.

He had been trying to hold back his desires since seeing Soo Yin who kept getting angry. As if it was a temptation to seduce him.

"Dae Hyun, I beg you to do it later," Soo Yin whined with a misty look. Her mind was still running properly. Didn't want to take a big risk if they get caught.

"I can't, you've managed to make me angry. Wasn't it you who said that you wanted to carry out this punishment immediately?" Dae Hyun started to play with two smooth objects that were so alluring.

Soo Yin couldn't answer anymore because her mind felt like it was flying to the seventh heaven. Her body continued to roll, moving spoiled with her eyes now tightly closed.

HIDDEN WIFE : BEST HUSBAND

Chapter 390 - 390 - Latest Punishment

Her hands gripped the sheets tightly as Dae Hyun played with her sensitive areas. Moans and moans sounded very sexy out of her lips.

Dae Hyun increasingly wanted to bring Soo Yin up in the air with a sweet touch that he will do. His subconscious didn't care if they were in the hotel.

The sound of groans made the atmosphere of the room that was once quiet now looked more alive. With two people who were making love.

An hour had passed that they united their love that was increasingly burning. Now Dae Hyun threw his body at Soo Yin's side. Too bad, he didn't

have breakfast this morning. If only he would punish Soo Yin with a sweet punishment like this, he would definitely eat more to be more energetic.

oooo

Soo Yin was still lying down tiredly with Dae Hyun's arm being used as a cushion. Her brain couldn't think straight at what they had just done in the morning.

"What about the punishment I gave? Do you like it?" Dae Hyun changed his position from supine to sideways. His hand reached out to brush away the messy strands of hair on a beautiful face that could make him want her all the time.

"Where is this kind of punishment?" Soo Yin pursed her lips but her eyes lit up, showed that she was enjoying the morning.

"That's the latest punishment that I will give if you are naughty," Dae Hyun said with a chuckle.

"Then I will make you angry all the time," Soo Yin said while pinching Dae Hyun's waist who pretended to be groaning in pain.

"No problem, all the time, I will punish you." Dae pinched Soo Yin's nose out of excitement.

Soo Yin looked towards the window. Dimly seen the sun was getting brighter.

"Go take a shower first. It's already noon, I don't want anyone to come," said Soo Yin.

"Okay, why don't we take a bath together to save time?"

"No, I won't." Soo Yin immediately moved her body away.

"I mean, you shower inside and I outside," said Dae Hyun. He shook his head because his little wife must have thought something dirty of it.

"Okay." Soo Yin inched to the side of the bed while holding the pain in certain parts of her body.

Without thinking, Soo Yin rushed into the bathroom before Dae Hyun wanted her back. She had to quickly change her clothes.

Fifteen minutes later, they had finished bathing. Dae Hyun was already wearing his clothes while Soo Yin was still sitting in front of the mirror to dry her wet hair.

"It seems like every morning has to be like this to make me more excited," said Dae Hyun while looking at Soo Yin in the mirror reflection.

"I don't want it anymore," Soo Yin said with a smile.

Knock...Knock...Knock....

There was a knock on the door from outside.

"Who is that?" Soo Yin suddenly stood up. Picked up her clothes that were scattered on the bed. Quickly she wore them all out of fright.

"Don't be in a hurry, no one will dare to enter," said Dae Hyun casually. He grabbed his cell phone that was on the table. Then looked for the number to call.

"Assistant Chang, please see who's outside. Tell the person if I'm busy so I don't want to be disturbed," said Dae Hyun who was talking to someone on the phone.

"Yes sir."

After a short talk, Dae Hyun hung up the phone.

The knocking on the door continued until Soo Yin was worried that it was Park Ji Hoon. She felt ashamed if her father-in-law caught them.

"Honey, who exactly is outside? Why don't it stop?" said Soo Yin who was drying her hair. Her clothes were worn, though they wrinkled and messy.

"What if it is father outside?" She added while turning her body towards Dae Hyun.

"No way, it must be just an employee," said Dae Hyun.

"It's impossible if it's an employee. They wouldn't dare to knock on the door that often," Soo Yin said while biting her lower lip. She had a bad feeling about this.

"Stay here, I'll be out for a bit." Dae Hyun rubbed Soo Yin's shoulder first before stepping out and closing the door tightly.

"Actually, where is Assistant Chang? Didn't I say that I'm busy," Dae Hyun grumbled as he continued to walk. He saw something that was wrapped around his hand. It was nine o'clock now. It turned out that they had been inside for quite a while before they realized it.

Dae Hyun reached for the key from his trouser pocket then immediately opened the door.

"Mother?"

Dae Hyun was so surprised to see his mother and Aeri were at the door. There was also Chang Yuan behind them, he seemed to try to say it but he hadn't succeeded.

"Dae Hyun, what exactly are you doing? Why did it take you so long?" Mrs. Park said while knitting her eyebrows.

"I'm really busy checking the monthly financial reports, Mom. It requires high concentration so I don't want to be disturbed," said Dae Hyun.

"What are you guys doing here?" Dae Hyun was suspicious of their arrival.

"So what? Can't mother come to this hotel? We were just passing by and suddenly we wanted to stop by. Won't you let us in?" Mrs. Park said because Dae Hyun actually closed the door from the outside.

"No, it's just that you don't normally visit here." As much as possible, Dae Hyun was relaxed and not nervous. Didn't want to let her mother get suspicious.

"Where is Soo Yin? Is she busy? Today mother wants to take her for shopping," said Mrs. Park.

Dae Hyun scratched the back of his head with a pounding heart. He hesitated to say about what Soo Yin was doing right now.

"She's inside, mother. She helps me to check the reports."

"Then let mother come in and see her. She was in such a hurry last night that I haven't had a chance to talk to her." Mrs. Park stepped her feet without caring about Dae Hyun who was right in front of the door to block her. Then she opened the door, while Aeri continued to follow behind.

HIDDEN WIFE : BEST HUSBAND

Chapter 391 - 391 - Almost Caught

"Soo Yin, are you busy?" As soon as she entered, Mrs. Park's gaze immediately turned to a girl who was sitting on the sofa while checking some papers in her hands.

Soo Yin then stood up and bowed slightly.

"I'm just helping Mr. Dae Hyun check all the files so they don't miss," Soo Yin said with a faint smile.

"You look very busy," Aeri said. She casually looked at Soo Yin. It was undeniable that every time she saw Soo Yin, she wanted to get angry for some reason.

Dae Hyun followed them inside for fear of them making a fuss Aeri often did things that caused problems. But he could breathe a sigh of relief because Soo Yin was already out of the room.

It seemed like Chang Yuan had put the pile of files there because as he recalled, Dae Hyun hadn't put anything on the table. Indeed Chang Yuan was very reliable in every way.

Soo Yin hid her trembling hands behind her back. Her heart was beating fast this time. This felt even more terrifying than when Dae Hyun caught her when she was carrying Park Soo Hyun last night. Luckily, Soo Yin came out quickly even though her legs were still bare. She was in such a hurry that she didn't have time to put on her shoes.

"Soo Yin, where are your shoes?" Aeri said while narrowing her eyes when she saw Soo Yin's bare feet. As much as possible, she tried not to get emotional according to Mrs. Park's request.

Soo Yin stuttered because she didn't think about taking her shoes first.

"Ahhh... shoes... my shoes are under the table. I took them off on purpose because they were too small until it makes me uncomfortable," Soo Yin said, while moving her feet. Hide one leg behind the other.

"Come here, mother wants to see. Your leg must be hurt," Mrs. Parks said. She already considered Soo Yin like her own biological child, especially since she didn't have a daughter, so she loved her even more.

"It's okay, Mom. I only wore it for a while," Soo Yin refused.

"Well then, today, come with us for shopping. I will buy you shoes or whatever you want," said Mrs. Park with a sparkling face. Finally there was a reason to ask Soo Yin out.

Aeri narrowed her eyes. She came here to find out what her husband and secretary were doing. Instead of asking her to go shopping after this.

"Didn't you say earlier that you wanted to go shopping only by ourselves?" said Aeri. Now maybe she can be nice with Soo Yin because Dae Hyun was there. But Aeri wasn't sure she would act like that later.

"Sorry mother, but I also haven't worked for a long time so I don't feel good to the other employees if I go out during work hours," Soo Yin said softly. She realized that Aeri's dislike was evident in her eyes.

Though that wasn't what Soo Yin was really worried about. It was because her legs hurt from what they did earlier. Soo Yin wasn't sure if she could walk in the right way. Just by walking to the sofa, she had to endure the pain.

"It doesn't matter, let Dae Hyun take care of it later. Shopping in groups is actually more fun," Mrs. Park said while looking at her two daughters-in-law with a shining gaze.

"But Mom, I have a lot of work to finish. If Soo Yin leaves, who will help me," Dae Hyun snapped. He glanced at his little wife who seemed to be standing nervously while playing with her fingers and legs that didn't stand up straight. He just remembered that Soo Yin's body must be bruised after uniting love with him.

"You can just ask Assistant Chang for help," said Mrs. Park. She paid no heed to her son's words.

"Assistant Chang has his own work to do, Mom." Dae Hyun tried his best to prevent his mother from taking Soo Yin away.

Dae Hyun felt sorry that Soo Yin will definitely be tortured if she had to go to shopping with his mother that usually took a very long time.

"Only once in a while is okay. After all, this is a gratitude because Soo Yin has spent a lot of time on Park Soo Hyun," said Mrs. Park who did a thousand reasons to be able to take away her future daughter-in-law.

Dae Hyun sighed softly. Park Soo Hyun was always the reason.

Ignoring Dae Hyun who continued to protest, Mrs. Park was curious about her son's room because she rarely visited there. She wandered around, looking at the ornaments stuck to the walls.

Aeri also took the opportunity because she was curious about the room that Dae Hyun usually occupied when he worked overtime. Aeri had deliberately invited Mrs. Park to stop by the hotel to confirm her suspicions all these times.

Soo Yin and Dae Hyun exchanged glances as they followed an uninvited guest into their room.

Dae Hyun just kept quiet because it was impossible to kick his mother out of his room. He only felt suspicious if his mother's arrival was because of Aeri's incitement.

Soo Yin's lips wanted to speak when Mrs. Park walked over to the room they had used earlier. But something caught her throat so no sound escaped her lips. Soo Yin can only surrender if they get caught.

Mrs. Park opened the bedroom door, making Soo Yin and Dae Hyun look at each other again.

The bed was still a mess because Soo Yin didn't have time to tidy it up. The sheets were unkempt and the blanket was lying on the floor. Luckily none of Soo Yin's clothes were left behind.

"Why is this room so messy like it's just been occupied?" Aeri said with a furrowed brow.

"I slept for a while because I was still sleepy. Last night I had to sleep late because I was looking for you," said Dae Hyun flatly. His hands folded across his chest.

HIDDEN WIFE : BEST HUSBAND

Chapter 392 - 392 -

"Sorry, I was a troublesome last night," said Aeri. She knew that the look in Dae Hyun's eyes when he looked at her was different. There was no longer any concern in his eyes. But Aeri must survive for anything so that she will not have to work hard for her life in the future.

"Why didn't take Jo Yeon Ho with you?" Dae Hyun said to take their eyes off the room which did make them feel suspicious.

"He didn't want to," said Mrs. Park.

Dae Hyun sighed softly remembering how his son was angry. After coming home from work, later he would try to talk to him and hopefully succeed in persuading him. Dae Hyun had received information from his lawyer that the trial will most likely take place next week.

Before the trial, at least he was able to make Jo Yeon Ho close to him again. It would be very difficult for him if they were so far apart. It never occurred to him if the custody fell in the hands of Aeri. He will do whatever it takes to make Jo Yeon Ho live with him.

"Aeri, we should go now because the sun has started to rise. Looks like we've had enough here." said Mrs. Park who found nothing suspicious to her.

Aeri stopped her steps even though she was just about to go inside to check the cupboard there. She was very curious about what it contained.

"Okay, Mom," Aeri said, then closed the door again.

Soo Yin was forced to obey her mother-in-law's request to go shopping with them. Before leaving, Soo Yin looked at Dae Hyun with pleading eyes. Her legs really hurt because they seemed bruised after the love union earlier.

"Mom, it's best if Soo Yin comes along next time," Dae Hyun said. Can't bear to see Soo Yin who was grimacing.

Soo Yin was used to getting bruises on several parts of her body. Because Dae Hyun's body was too big compared to her tiny body size.

"We can't, we're leaving right now," said Mrs. Park, persisted.

Dae Hyun couldn't help but take a deep breath when he saw his mother who had taken Soo Yin's hand to come with her.

"Soo Yin, will you accompany mother?" said Mrs. Park with a pleading look.

"But, won't you go shopping with Miss Aeri," said Soo Yin.

"You should also come with us because I want to surprise you," said Mrs. Park, tried her best to persuade Soo Yin not to refuse to come along.

After a long debate with various reasons, Soo Yin finally relented to join them.

Dae Hyun also couldn't do anything because his mother wasn't the type of woman to be easily persuaded.

=====

Daegu Moda Outlets,

After 30 minutes of traveling they finally arrived at a luxury goods shopping center. They didn't use a driver because Aeri drove the car by herself.

Soo Yin and Mrs. Park sat in the back seat. Made Aeri feel annoyed because she was like a driver. Even her mother-in-law seemed to have forgotten why they had come to the hotel.

Her intention was just to find out. But on the other hand, Mrs. Park even invited her to go to shopping. Though the country girl was not very suitable to come with them. But Aeri could only grumble in her heart.

Aeri had been observing Soo Yin's clothes from the rearview mirror. The model did look ordinary, but Aeri knew that the clothes were quite expensive. There was no way a girl like Soo Yin who was currently studying, spent a lot of money just to buy clothes.

It really made Aeri feel even more suspicious. She never believed that Soo Yin loved Park Soo Hyun.

Before Dae Hyun divorced her, she will find out everything. Must proved if what she feared was true before she was knocked out of the family.

"We're arrived, let's go out," said Mrs. Park to Soo Yin who was sitting next to her. She got out of the car first.

Soo Yin shifted her sore buttocks slowly. Tears started to condense from her eyes. But as much as possible she kept it from coming out.

Aeri came out while removing the black glass that had been perched in her eyes while continuing to walk.

"Soo Yin, hurry up. Why are you walking so slow like a snail?" Aeri grumbled, already getting emotional because Soo Yin was a few meters behind them.

"Aeri, be patient. Maybe Soo Yin's leg hurts so she can't walk fast," said Mrs. Park.

"Sorry," Soo Yin said as she winced at the pain in her groin.

"No rush." Mrs. Park stopped and reached out her hand to take Soo Yin's wrist.

Soo Yin tried her best to walk as fast and as casually as possible so as not to be caught.

Soo Yin felt like she wanted to make calculations to her husband. If only her husband had patiently waited until they got home, there was no way she would be in trouble like this.

Mrs. Park deliberately took Soo Yin with them because she thought that she was very fun to shop with. Always gave advice on how to fit the model of clothes worn by women her age.

"Soo Yin, where do you live? I heard you only had a father but now he's in Jeju Island?" Mrs. Park said on the sidelines, choosing the shop they'd like to visit.

"I live in a rented house, Mom," Soo Yin stammered. She often felt confused when she got asked about her current place of residence.

"Why don't you just stay at the hotel? Park Soo Hyun won't mind if you want to," Mrs. Park said.

"No need, Mom. If I stay in a hotel then I'll feel bad for other employees. It feels like Mr. Dae Hyun's kindness is too much. I am very grateful that I am now his secretary and allowed to go to college again," said Soo Yin with a faint smile.

'Not only that, I have also become his wife,' ~ added Soo Yin in her heart. How dare her to say it frankly.

HIDDEN WIFE : BEST HUSBAND

Chapter 393 - 393 - I'll Get Married

"Of course it doesn't matter. You'll soon be his sister-in-law so don't be shy. If he gets angry, please forgive him. He's a quieter type of guy than Park Soo Hyun. It's hard to joke around him." Mrs. Park told a little about Dae Hyun's nature.

Soo Yin's head felt dizzy when she heard Mrs. Park said that she had always been her future daughter-in-law.

"Mom, let's go in here first," cried Aeri, who had entered a branded clothing store with fantastic prices. She went in first because she could not stand to hear their chatter which made her even more fed up.

Mrs. Park continued to hold Soo Yin's arm until she entered the shop.

Honestly when she saw the clothes that looked good, Soo Yin wanted to have them. But she realized she didn't even bring money. Even though there was an ATM card given to her for shopping and college needs, how dare Soo Yin to take it out in front of her mother-in-law. No one would believe that Soo Yin had that much money.

"Soo Yin, choose what you want." Mrs. Park woke Soo Yin from her daydream.

"No need, Mom," Soo Yin refused. This was the second time her mother-in-law had taken her shopping. Soo Yin felt bad for always buying luxury goods.

"Don't be shy because I already think of you as my own daughter. I used to really dream of a daughter when Park Soo Hyun was born. But it turned out that he was a man," said Mrs. Park while chuckling.

"Hopefully someday mother will have a granddaughter," said Soo Yin.

"Then hurry up and marry Park Soo Hyun so that I can get a granddaughter soon," whispered Mrs. Park in Soo Yin's ear.

Soo Yin was stunned to hear that. She regretted for having said the wrong thing. Shouldn't have said that so Mrs. Park will not be provoked.

Soo Yin even forgot that she had not answered Park Soo Hyun's declaration of love. To refuse it, she felt incapable because she did not want to hurt him. But if their relationship was like this for too long, it was possible that Park Soo Hyun would later feel more hurt.

Soo Yin really felt dizzy when she thought about it. If only the accident hadn't happened, surely by now, Park Soo Hyun would have known the answer. Soo Yin's lips felt numb if she had to say it again.

"Soo Yin, why are you daydreaming? Are you feeling unwell?" said Mrs. Park because she had been observing Soo Yin who was always pensive.

"No, Mom. I'm fine," Soo Yin said quickly. She immediately stood up from her seat and followed Mrs. Park.

"Then get married immediately so that you don't have to work and someone will take care of you," said Mrs. Park, deliberately provoked Soo Yin's reaction.

"Of course later... I'll get married," Soo Yin stammered. It really felt heavy on her tongue when she had to say it. She was even married and in her life, Soo Yin only wanted to get married once. Aging with the people she loved.

"Then this weekend mother will take you to dinner," said Mrs. Park with a meaningful smile.

Soo Yin just knitted her brows without answering or denying it. She didn't want to think about whatever her mother-in-law was planning. If it was true that later she would invite her, Soo Yin would find an excuse not to come.

They then proceeded to choose clothes to the various shops there. Mrs. Park also invited Aeri and Soo Yin to shop for bags and shoes.

=====

The Silla Seoul Hotel.

Soo Yin was now back at the hotel with her hands were full of shopping bags. Mrs. Park who gave it all. Even though Soo Yin had refused if she didn't want anything. But the refusal would be meaningless in the eyes of her mother-in-law.

Soo Yin deliberately asked to be escorted to the hotel with the excuse that there were still her belongings that she left in there. Soo Yin's real reason actually because she was confused of where to be escorted.

If she lied again, Soo Yin was afraid that one day they would visit the fake place she pointed out. She was also tired of always having to lie.

With staggered steps, Soo Yin stepped out of the elevator. Her legs were tired and sore, barely able to support the weight of her body. Plus her stomach felt sore, it was very difficult to stand up straight.

Not far away, Jae-hwa walked over to Soo Yin to say hello. As soon as he saw Soo Yin's strangeness, Jae-hwa then quickened his pace.

"Soo Yin, what happened to you?" With a quick movement, Jae-hwa supported Soo Yin's body who almost fell to the floor.

"I'm fine," Soo Yin said, while smiling bitterly. She tried to stand up on her own. She shook her head a few times to feel light.

"Let me help you." Jae-hwa can't bear to see Soo Yin's pale lips. He led Soo Yin to sit on a bench not too far away.

"Soo Yin, where have you been?" Jae-hwa asked when he saw the paper bag in Soo Yin's hand. Then helped to put it on the floor.

"I... Mrs. Park asked me to go shopping," Soo Yin said as she leaned back on the chair and massaged her head.

"Mrs. Park is very kind to you. Luckily you are close to her," Jae-hwa said sincerely. There was no offensive tone in his voice.

"Hmmm." Soo Yin smiled wryly at Jae-hwa's statement. If only he had known everything that had happened, there would be no way he would have said such a thing.

"I'd better go back to my room," said Soo Yin. After feeling her head was now felt better.

"Let me carry all of this," Jae-hwa said. Without Soo Yin's approval, he then took the paper bag string and hung it in his hand.

"Thank you for helping me," Soo Yin said. Just as she stood up, Soo Yin saw a sharp gaze on her. But Soo Yin acted normal because she didn't do anything with Jae-hwa.

Jae-hwa was just helping her.

HIDDEN WIFE : BEST HUSBAND

Chapter 394 - 394 - Husband Doesn't Care

Dae Hyun put his hands in his pants pockets.

"Does she always want to be punished so that she makes me want to be angry," Dae Hyun mumbled softly while chuckling. He raised the corners of his lips up.

Suddenly Soo Yin's head was spinning and dizzy. Her balance began to become unstable. As much as possible, Soo Yin remained standing by holding on to the wall as she walked.

Dae Hyun knitted his brows at his little wife who seemed to be about to fall.

Jae-hwa walked forward first so he didn't know about Soo Yin's condition, which was behind him.

"Good afternoon, sir," Jae-hwa greeted when he was near the entrance to Dae Hyun's room.

Without answering Jae-hwa's greeting, Dae Hyun continued to observe Soo Yin. With a quick movement, he supported his wife's body when she almost fell to the floor.

Jae-hwa turned his head to look at Soo Yin.

"Soo Yin, are you alright?" said Dae Hyun and Jae-hwa at the same time.

They looked at each other for a moment before finally looking away.

"I'm fine," Soo Yin said. Her hands stretched out in front of him, gave a code as if she could walk alone. She didn't want to take any risk with the rumors that would circulate.

Brukk...

Now, Soo Yin was no longer able to support the weight of her body until she finally fell to the floor and became unconscious.

"Master, just let me carry her," said Jae-hwa who panicked.

"No!" Dae Hyun said firmly. As long as he was near Soo Yin. He wouldn't let anyone come near and touch her.

"But... Master," Jae-hwa argued. It was undeniable that there was a feeling of unwillingness in his heart to see Soo Yin's body being lifted by another man.

Was that what love was? Jae-hwa had always felt it in the past few months but even so, it was impossible to say it.

"Shut up if you don't want to be fired!" Dae Hyun said in a cold tone. He didn't like people to argue with him.

Jae-hwa finally shut his mouth. He couldn't possibly leave the hotel because he would rarely see Soo Yin. Plus his salary was big enough to make Jae-hwa undo his intention to resign.

Dae Hyun then brought Soo Yin into his room and laid her on the sofa.

Meanwhile, Jae-hwa followed his boss' steps from behind while carrying Soo Yin's stuff. Then put it on the table.

"Go, let me take care of her," said Dae Hyun subtly when he saw the worry in Jae-hwa's eyes when he saw Soo Yin. Jae-hwa also seemed to have no intention of leaving.

Jae-hwa immediately woke up from his gaze that kept seeing Soo Yin's face.

"Yes sir." Without further ado, Jae-hwa finally left the room albeit with heavy steps. But he was sure that his boss would take care of Soo Yin properly.

Dae Hyun immediately called Doctor Kang to come to the hotel immediately, to check on Soo Yin's condition.

"Soo Yin, what exactly happened to you?" Dae Hyun grabbed Soo Yin's finger and rubbed it gently.

He took the wind oil that was in the drawer and then inhaled it in his wife's nose. Since being on the sofa made Soo Yin's body felt uncomfortable, Dae Hyun moved her to a tidy room. The sheets and blankets had also been replaced with the new ones by the waiter.

After some time, Doctor Kang finally arrived. He started to take out the equipment he had brought to check on Soo Yin's condition this time.

"How is she? Is she all right?" Dae Hyun asked with the anxiety he had been feeling for a long time.

"If she faints, it means she's not okay," Doctor Kang said with a snort.

Dae Hyun's expression immediately turned sour. He really wanted to cover his best friend's mouth with a pillow so he wouldn't talk as his will. He also knew that his wife was not doing well.

Dae Hyun didn't ask again because he was already too annoyed.

After being examined by doctor Kang, soon Soo Yin came to her senses.

Soo Yin blinked her eyelids many times. Dimly the hotel room sky began to appear in her view.

"Honey, thank goodness you're awake," said Dae Hyun with a sense of relief. Because he thought something happened to Soo Yin.

"What is wrong with me?" Soo Yin shifted her body to sit while leaning on the side of the bed. She was holding her aching head and stomach.

"Miss Soo Yin, isn't this rich husband of yours taking you out to eat with him?" Doctor Kang said frankly while glancing at Dae Hyun sarcastically. He used to talk with his heart's content when he was with Dae Hyun.

Dae Hyun's chest felt even more boiling by Doctor Kang's innuendo.

"What do you mean?" he said while squinting.

"Her stomach acid is rising. It's because she's eating late." Doctor Kang explained a bit about Soo Yin's current condition.

"What kind of husband who doesn't care about his wife," Doctor Kang sneered.

Dae Hyun was immediately silenced by Doctor Kang's words. Remembered what happened this morning which he had forced his wife a little. In fact, Soo Yin hadn't even had breakfast yet. He regretted for not listening to what she said.

"If you can't pay attention to her, just let her live with me. I will always take care of her and never let her get sick. Instead of living with you but always getting into trouble. She's not even happy," Doctor Kang mocked while looking at Dae Hyun flatly. Then he winked at Soo Yin.

The problem was, this wasn't the first time that Doctor Kang felt that Dae Hyun didn't pay attention to Soo Yin. Even when she was pregnant, Dae Hyun did not know about his wife's condition at that time. Doctor Kang was furious.

"What kind of man who only cares about in bed," Doctor Kang sneered again accompanied by an annoyed chuckle from his lips.

HIDDEN WIFE : BEST HUSBAND

Chapter 395 - 395 - No Breakfast

"Shut up!" said Dae Hyun who had lost the limit of his patience.

"From now on pay attention to her properly before I take her away from you," said Doctor Kang.

"Miss Soo Yin, if your husband doesn't pay attention to you anymore and acts arbitrarily. Just call my number, let me pick you up," Doctor Kang said with a seductive smile to Soo Yin.

Soo Yin nodded her head while smiling at her husband's sour face.

"Why so many people seem to be trying to snatch her from me," Dae Hyun cursed to himself. But it still sounded faintly in Doctor Kang's ears.

Doctor Kang was getting excited to tease his best friend even more.

"Therefore, if you have a beautiful and young wife, take good care of her before other men take her. I'm sure there are many men out there who want Soo Yin to be his wife," said Doctor Kang lightly.

His words just now made Dae Hyun even more angry and wanted to curse him. A statement as if to say that he had not properly taken care of Soo Yin.

"Don't be so emotional. You should be thanking me for reminding you," Doctor Kang said with the corners of his lips pulled back.

Soo Yin grabbed Dae Hyun's hand that was clenched beside her. Dae Hyun was sitting quietly but his eyes were fiery. Soo Yin just found out that her husband was easily influenced. There was no way Doctor Kang will actually do what he said.

Dae Hyun turned to Soo Yin who was still leaning back. He felt calmer when Soo Yin held his hand. There was no comfort like that that he got while married to Aeri. Even though it had been seven years.

"Remember not to make her tired because Soo Yin's physical condition is rather weak. Don't do as you please," Doctor Kang chirped again. Just like mothers who lectured their children.

"My father said that I was born prematurely so my immune system was weak. Even when I was a baby, I almost gone," said Soo Yin, remembered her father. Honestly, she really missed Kim Nam.

Dae Hyun was shocked to hear that. If she had been gone in the past, Dae Hyun would never have found the figure of Soo Yin. The figure of a girl who was angry and stubborn but gradually turned into a sweet girl like now. Although that trait had not disappeared completely but at least it had been reduced.

"Then I will make a prescription. Don't forget to take the medicine regularly, temporarily rest at home. Don't think too much. Don't work because I'm sure your husband's money will not run out just to pay for your life," said Doctor Kang while giving some medicine which Soo Yin should drink.

"Thank you, Doctor Kang. I promise to drink it all," said Soo Yin.

"Excuse me because I have to go back to the hospital," said Doctor Kang. He had put the medical equipment back in the bag then carried it.

"Go, I don't need you anymore," Dae Hyun said in a flat tone.

"If it wasn't for your wife, I wouldn't want to come here either," Doctor Kang said, feigning annoyance.

They had been friends since childhood. Their friendship was different from the others. The doctor who preferred to joke with Dae Hyun who acted stiff and cold made them often argue. But they never extremely fought.

Doctor Kang really liked to make Dae Hyun angry. It was a satisfaction for himself.

Dae Hyun escorted Doctor Kang to the door to make sure he was really gone.

"Thank you for coming," said Dae Hyun sincerely and more friendly than before.

"Don't hesitate." Doctor Kang patted Dae Hyun's shoulder with a laugh that was so crisp.

Dae Hyun went back inside after closing the door tightly.

"Haven't you had breakfast yet?" Dae Hyun asked. Now he had flung his butt on Soo Yin's side.

Soo Yin shook her head slowly.

"Why didn't you tell me you didn't have breakfast?" Dae Hyun said with guilt in his heart.

"You didn't ask, instead you asked for breakfast by eating something else," Soo Yin said while pursing her lips.

"Sorry," Dae Hyun said while scratching the back of his head. Felt ashamed and sorry for what he did to Soo Yin this morning.

"Even though I was intending to have breakfast with you, I didn't eat breakfast at home on purpose," Soo Yin said again.

"I've already ordered food for us. After this, I'll take you home. It's not too busy today so I can relax a bit." Dae Hyun reached out his hand to stroke Soo Yin's lips with his thumb. Felt her soft lips.

"Wasn't earlier a lot of files piled up?" Soo Yin knitted her brows together. Didn't want her husband to lie.

"When you went with mom, I finished it," said Dae Hyun. There was nothing for his little wife to worry about anymore.

"How? Was it fun?" Dae Hyun added.

"My feet hurts so I didn't enjoy shopping at all," said Soo Yin.

Dae Hyun immediately reached out to massage Soo Yin's feet. When her skirt was slightly parted, there were bluish bruises on her thighs.

"Is it because what I did this morning?" Dae Hyun's brow furrowed when he saw it.

"No." Soo Yin immediately covered it back with her palm. She didn't want to make her husband feel guilty.

"Once again I'm sorry. Maybe in the future I won't do it again," said Dae Hyun with a dazed look as he looked at his little wife's eyes.

Maybe from now on Dae Hyun should be able to restrain his desire for the sake of his little wife. He felt sorry if he continued to make her feel sick and hurt.

"Don't be sad and feel guilty. I'm really fine. Maybe it's because of my weak physical condition that causes my body to be like that. I promise to take lots of vitamins to recover quickly and be strong," Soo Yin chirped to comfort Dae Hyun's heart which was somber.

"Don't worry, I'll be able to endure it for you. Haven't I done it many times before?" Dae Hyun said while smiling bitterly.

HIDDEN WIFE : BEST HUSBAND

Chapter 396 - 396

Soo Yin got up from her seat, then hugged her husband's neck. Her hands were wrapped so tightly there with her chin was resting on his shoulder.

"Please, don't change your attitude. I want you to stay like this." Soo Yin couldn't hold back the tears. Her heart ached if Dae Hyun felt tormented by it. She will not be able to be haunted by guilt.

"Hey, are you crying?" Dae Hyun said, as he felt a warm flow running down his shoulder.

"Why are you crying? Do you feel sorry for me?" continued Dae Hyun while chuckling amused.

"Why are you laughing anyway?" Soo Yin said with pouting lips without letting go of her embrace.

"I'm just happy, it means that you also want me. I'm not the only one here who is at fault," said Dae Hyun who still wanted to laugh.

"So you pranked me," Soo Yin said with pouting lips.

"I just want to know your true feelings," said Dae Hyun with a smile.

"You really suck." Soo Yin lightly hit Dae Hyun's chest and rested her head there for a while.

"I will do anything that doesn't hurt you. If it can hurt you then I will try not to do it again," said Dae Hyun with a serious face.

"Then, what if we want to have children if we don't do it?" Soo Yin lifted her face.

"Didn't you say that you didn't want to have kids before you graduated from college?" Dae Hyun knitted his brows together.

"Is it because of that that our child died? Was it because I said I didn't want it so our baby left us?" Soo Yin sobbed again. She remembered how dark the night that had made her lose her future baby.

Only 3 months the fetus was in her womb. Every time she remembered that, Soo Yin always felt sad. If only it was still there, maybe now her stomach had grown and she would soon be happy with the presence of her future baby.

Soo Yin rubbed her flat stomach as she continued to sob.

"Darling, what is past is past. Our baby is at rest in heaven with the fairies who are very beautiful. The baby knows that you are a good mother and has tried to take care of it." Dae Hyun tried to calm Soo Yin down by gently rubbing her back. Unexpectedly, his words actually made Soo Yin cry.

"I'm regretted for saying that back then," Soo Yin said between sobs.

"Don't worry, we'll get lots of cute kids. How much do you want?" Dae Hyun smiled as he cupped Soo Yin's cheeks.

"I just want two," said Soo Yin with a frown. Then she wiped her tears with the back of her hand.

"Isn't it too little? Why not 11?" Dae Hyun said with a chuckle to comfort his little wife from crying again. Every time he saw the tears that came out of the corner of Soo Yin's eyes, his heart ached. There was a wound that didn't bleed there.

"Do you think our children will become a soccer team," Soo Yin grumbled with a more cheerful and expanded face. Dae Hyun's words can slightly comfort her heart.

"It doesn't matter, wouldn't it be great if we have a lot of children? Our house won't feel lonely," said Dae Hyun with a mischievous glance.

Dae Hyun can breathe a sigh of relief to see Soo Yin smiling again with a small joke.

"I can't imagine having to be pregnant every year." Soo Yin covered her blushing face.

"Why not? I'd like it even more." Dae Hyun chuckled amusedly, then cupped Soo Yin's two very adorable cheeks. Then kissed her eyelids gently.

Their gazes locked for a moment when Dae Hyun was about to let go of Soo Yin's face.

Knock...knock...knock...

A knock on the door interrupted Dae Hyun who had brought his face closer to Soo Yin's lips. Even their lips will soon crushed each other.

Dae Hyun always can't stand the sight of Soo Yin's luscious lips when they moved.

"Hurry out, don't let the incident to happen again," said Soo Yin as she let go of Dae Hyun's strong hands that were still attached to her cheeks.

"Ughhh," Dae Hyun grumbled while chuckling in annoyance. But finally got up from his seat.LI

"Stay here, maybe it's the waiter who brought the order for us," Dae Hyun said as he gently stroked the top of Soo Yin's head.

Soo Yin stretched out her hand which was holding Dae Hyun's finger until finally their fingers were no longer intertwined.

Dae Hyun had deliberately locked the door so that no other employees suddenly walked in.

As soon as the door opened, it wasn't the female waitress who used to deliver food from the hotel restaurant. But Jae-hwa who was smiling while holding the tray in his hand.

"I brought your order, sir?" Jae-hwa said. His gaze wasn't focused on Dae Hyun but he was looking into Soo Yin's whereabouts at the moment. But unfortunately she couldn't be seen from the outside.

"Why did you brought it?" Dae Hyun knitted his brows to accept the tray that Jae-hwa brought but too bad Jae-hwa pulled it back.

"I just happened to meet the waiter and then she asked me to bring it here," said Jae-hwa nervously. The truth was that Jae-hwa insisted on bringing it.

"Is it true?" For some reason, Dae Hyun felt doubtful about Jae-hwa's words.

"Master, let me bring it inside," Jae-hwa said as he stepped inside.

Jae-hwa did this out of curiosity about Soo Yin's condition.

Dae Hyun knitted his brows together. He could read the strange behavior of Jae-hwa whose gaze was instead circling around the room. Like he was looking for something.

"Soo Yin is fine. You don't need to worry because the doctor has examined her," Dae Hyun said as he followed Jae-hwa's steps inside.

"Could I see her?" Jae-hwa stammered. Can't deny that he came to meet Soo Yin.

"No, she's resting," Dae Hyun said firmly.

"Now go," Dae Hyun shooed him away, he snatched the tray that Jae-hwa had brought.

"But..." Jae-hwa was about to argue but was reminded of his boss's threat.

"Okay, sir," Jae-hwa finally said.

Jae-hwa was forced to leave without seeing Soo Yin because there was no way he can argue. He needed this job as long as he still intended to go to college.

"You won't be able to compete with me," said Dae Hyun with a crooked smile.

[HIDDEN WIFE : BEST HUSBAND](#)

After finishing the meal which was filled with romance, eating a plate of two, Dae Hyun decided to take Soo Yin back to the Pyeongchang-dong villa instead. So that Soo Yin can rest comfortably because she will definitely be disturbed by employees who come to his room.

Dae Hyun's work had also been completed because today he didn't want to bring his work home. Later, Dae Hyun will use it to accompany Soo Yin to rest without being overshadowed by the work that was following him.

"Honey, let me carry you," said Dae Hyun.

"Do not!" said Soo Yin as she stretched her hand forward. Refused what her husband would do.

"Why though?" Dae Hyun knitted his brows together.

"Do you want this hotel's employees to talk about us? I don't want to get into trouble," said Soo Yin.

"No one will know. We take the elevator that goes straight to the basement. Besides, you also don't have to worry about them. No one will dare to talk about us. If someone does it, then be prepared to be fired," said Dae Hyun to convince his wife so that there was nothing to worry about.

"I can still walk alone. I'm not as weak as you think," said Soo Yin as she bent down to reach for her shoes that were under the bed.

Before Soo Yin reached for it, Dae Hyun was already squatting in front of her. Dae Hyun helped to put the shoes on his little wife's feet.

Soo Yin's heart was really touched by what Dae Hyun did. Even if it was just a small act.

"Thank you," Soo Yin said with a happy face.

Dae Hyun looked up and nodded his head before finally stood back up. It was just a small act that Dae Hyun did for his little wife.

Dae Hyun reflexively stretched out his hand to support Soo Yin's body. He quickly wrapped his arms around Soo Yin's shoulders when he saw her about to stand up.

"Honey, I'm cured," Soo Yin grumbled with pouting lips.

"Sorry, I'm just worried that you're still dizzy," said Dae Hyun. Worries shone in his eyes.

"I'm fine," Soo Yin said while clinging to her husband's arms.

Before leaving the room, they can do it.

Dae Hyun continued to lead Soo Yin until they were at the door. He invited Soo Yin to take the elevator which took them directly to the basement. So there was no need to meet with other employees.

=====

Pyeongchang-dong villa,

Dae Hyun carried Soo Yin's body when they arrived at the villa, even though Soo Yin had repeatedly refused.

"Honey, didn't you say that time that you would find me a martial arts teacher?" Soo Yin said, she was still in her husband's arms with her arms around Dae Hyun's neck.

"Not for now!" Dae Hyun said firmly. He will not repeat his mistakes again.

Soo Yin immediately fell silent without arguing when she saw the serious look on Dae Hyun's face. She used to remember when she first met him, he was a very pleasant type of guy. Unlike now, which was too possessive.

"Honey, why are you so possessive now? You never restricted me from doing anything before," Soo Yin said, while squinting.

"Because now I don't want you to get hurt. In the past, no other man tried to take you from me. Unlike now, too many young men want you," complained Dae Hyun with a flat face.

"Do you feel insecure about competing with them?" Soo Yin teased while blinking her eyes a few times.

Dae Hyun took a deep breath hearing that. He couldn't deny it, he felt insecure. That was why as much as possible, he prevented any man from getting close to his little wife.

"Any husband will do like me. If many men flirt with their wives. Moreover, you are still very young. I want to be born again at an age not too far from you." Dae Hyun let out a long sigh.

Soo Yin chuckled hearing Dae Hyun's excuse, why he could be so possessive.

"How many times have I told you that I won't turn my back on you?" Soo Yin said.

"I know about that. But I really can't get rid of my bad thoughts about you when you're away from me. The thought of you being seduced by another man always haunts me." Dae Hyun stopped in his tracks as he climbed the stairs. He closed his eyes for a moment and took a deep breath.

"I'm sorry if it makes you uncomfortable," said Dae Hyun. Now his gaze was fixed on two beautiful eyes as clear as water. Eyes that can melt his heart with just one meeting.

Soo Yin's lips pulled back, formed a smile as beautiful as the full moon at night. Which was able to make any man tempted by the beauty of her face.

"I'm glad you did. That's a sign that you really don't want to lose me," Soo Yin said as her lips were moving.

"That's why after my divorce with Aeri is over. I want to take you away from men who try to approach you."

Soo Yin nodded her head enthusiastically. She wasn't angry with Dae Hyun's possessiveness at all. Although sometimes it really bothered her.

They were now in the room. Dae Hyun then laid Soo Yin's body very gently on the bed. It was as if she was a fragile object that could break easily.

"Don't you want to know what mom said earlier?" Soo Yin rested her head on her husband's chest. She grabbed Dae Hyun's wrist when he was about to walk away.

"What is it?" Dae Hyun's brow furrowed in curiosity.

"Mom asked me to marry Park Soo Hyun and give her a granddaughter. I just found out that mom really wants a daughter." Soo Yin gripped Dae Hyun's fingers which seemed to be clenched so that the muscles in his hands were clearly visible.

Soo Yin knew that Dae Hyun was emotional when he heard that.

"It seems that my mother really wants you to become her daughter-in-law," Dae Hyun complained.

It was actually very good for Soo Yin, but if she found out they were married, his mother would definitely be shocked.

"Then what did you say?" Dae Hyun asked.

"I didn't say anything. What am I supposed to say? There's no way I can tell the truth that we're married." Soo Yin chuckled again.

"You can answer it later after I officially divorce Aeri," said Dae Hyun.

"Now rest. I promise not to bother you," added Dae Hyun. He gently pushed Soo Yin's body to lie down.

Dae Hyun gently stroked her hair with his lips pulled back slightly to carve a faint smile.

"Don't go," Soo Yin said with a frown when Dae Hyun was about to get up.

"I'm not going anywhere. I just want to take a quick shower," Dae Hyun said.

Soo Yin couldn't help but let go of his hand. Let her husband slowly disappear behind the bathroom door.

Soo Yin was sorry for making Dae Hyun feel guilty. If she knew it was going to be like this, she'd better went straight home. But it was too late.

HIDDEN WIFE : BEST HUSBAND

Chapter 398 - 398 Strange

A few days later.

After being not allowed to go anywhere by Dae Hyun, today Soo Yin secretly went to campus without the man knowing.

According to her, it was too much because he always limited her movement. Just because her stomach acid was rising, she was not allowed to do activities outside the house.

Once, yesterday when Dae Hyun was at the hotel for work, Soo Yin accidentally said she wanted to go out. Dae Hyun immediately left his job, just to carry Soo Yin down the stairs.

Soo Yin felt that her husband had gone too far.

Today, Soo Yin decided to venture to go out of the villa, to be precise from the room. After confirming that her condition had recovered. But Soo Yin had to go out secretly without Aunt Xia's knowledge so she won't complain to her husband.

There was nothing wrong with arguing for the good. Soo Yin didn't want to be absent from college just because of trivial things.

Now Soo Yin had just entered the gates of Seoul National University. She was relieved to have arrived. There was no way her husband would suddenly come after her.

"Soo Yin!" called a familiar girl's voice in her ear.

Soo Yin stopped in her tracks but didn't turn her head. Didn't want to feel too confident if it was her who called her.

Hyo Rin sprinted to get to Soo Yin breathlessly.

"Soo Yin, why are you walking so fast?" Hyo Rin said while adjusting her breath to stabilize.

Soo Yin frowned. It was like a dream because Hyo Rin was looking for her. The girl she had fought with that night at the cinema. As well as Li Sa's friend who when she met her was always sneered.

"Soo Yin, forgive my attitude all this time. I was only influenced by Li Sa who seems to hate you very much," said Hyo Rin.

'What's wrong with her today?' ~ thought Soo Yin. She still can't believe that the girl in front of her was Hyo Rin.

"Soo Yin, won't you forgive me?" Hyo Rin broke Soo Yin's thoughts by moving her hand in front of her face.

Soo Yin still dreamt of Hyo Rin greeting her first. Can someone changed that fast in such a short time?

Soo Yin suspected something but shook off the bad thoughts about Hyo Rin. Maybe Hyo Rin had changed.

Soo Yin reassured her heart not to have bad thoughts to other people.

"Hyo Rin, where is Li Sa?" Soo Yin glanced behind Hyo Rin to look for her cousin's whereabouts. Usually where there wae Hyo Rin there must be Li Sa.

"Well, there's no need to look for her. Isn't she mean to you?" Hyo Rin reminded Soo Yin about Li Sa who was often mean to her.

"I'm just feeling weird because usually you're always with her," said Soo Yin with a wry smile.

"I'm really sorry if a few days ago I was against you," Hyo Rin said, while scratching the back of her head.

Soo Yin didn't really know what was going on with her so her attitude changed drastically.

'Hopefully it's not because she took the wrong medicine this morning,' ~ Soo Yin thought.

"It doesn't matter because I'm not the vindictive type so what happened the other day, I've forgotten about it," Soo Yin said with a smile etched on her sweet lips.

Jae-hwa, who was about to approach Soo Yin, gave up because Hyo Rin had arrived first. The man could only watch from behind a tree not too far away. Observed the girl who had long been an idol of his heart with a beating heart.

Jae-hwa was happy that Soo Yin had finally made a friend at the college. The man decided to go and intend to meet her later.

"Thank you, you are indeed very kind." Hyo Rin suddenly hugged Soo Yin's body for a while then let go.

"By the way, which faculty are you in?" asked Hyo Rin.

"I study at the medical faculty," said Soo Yin.

"Too bad we are not in the same department," said Hyo Rin with a disappointed face.

Li Sa, who had just entered the gate, raised her eyebrows when she saw Hyo Rin being so friendly to Soo Yin.

"Hyo Rin, what's wrong with you? Why are you approaching this bitch? Do you want to be infected by her?" Li Sa sneered in a sarcastic tone. Her eyes looked at Soo Yin's face with a look of disgust as if Soo Yin was just trash.

"Li Sa, shut up!" said Hyo Rin sarcastically.

"Wait, what exactly happened to you that you turned out like this? Don't you hate her for trying to get close to Ji Sang too?" said Li Sa to Hyo Rin. She still couldn't believe that her best friend had changed.

"It's not important. If it's only about Ji Sang giving flowers to Soo Yin. Ji Sang is used to doing it as a congratulation," said Hyo Rin with a bit of a stutter.

"Looks like you're really sick so your mind changes." Li Sa put the back of her hand on Hyo Rin's forehead.

"Let go, do you think I'm sick." Hyo Rin pushed Li Sa's hand away firmly.

"Soo Yin, tell me what have you done to make Hyo Rin like that?" Li Sa said while squinting at Soo Yin.

"Li Sa, she didn't do anything. I was the one who changed myself," explained Hyo Rin.

"I really can't believe it. There's no way you've changed so quickly. Yesterday you were still fine with me," Li Sa said, while narrowing her eyes.

"Soo Yin, we better get out of here. There's no need to serve people like her," said Hyo Rin. Then took Soo Yin's hand, led her inside.

"Hey, wait! Hyo Rin!" Li Sa exclaimed with emotions that were starting to rise.

Hyo Rin ignored the call from Li Sa who kept screaming.

"Soo Yin, see you later. I won't allow you to be quiet studying here like before. Get ready before I embarrass you," Li Sa said while gritting her teeth tightly. Her hands clenched into fists until her nails stuck to her skin.

Li Sa felt angry because her best friend all this time, had now been taken by a cousin she hated so much.

"I'll make sure if I can get a better replacement than you later," Li Sa said with a sharp look in her eyes.

With a furious expression on her face, Li Sa stepped in another direction by stomping hard on the ground.

Soo Yin was just following Hyo Rin's footsteps, although at the moment it was unbelievable that she had really changed. Soo Yin still can't stop thinking about Hyo Rin's sudden change.

"Soo Yin, it's a shame that we have to part," Hyo Rin said with a disapproving look on her face.

Soo Yin only smiled in response to her statement.

"Okay, I'll go first," said Soo Yin.

"Be careful. If someone is mean to you, just tell me. I'll make sure they will regret it," said Hyo Rin.

"Okay," said Soo Yin. Then turned her body towards her class in a different direction from Hyo Rin.

HIDDEN WIFE : BEST HUSBAND

Chapter 399 - 399 - New Friends

It felt like time had passed so quickly, Doctor Mi Young had just taught the class, now it was finished. Soo Yin immediately put her book back into the bag.

"Soo Yin, were you leaving alone?" Suddenly Mi Young approached Soo Yin who was still sitting in her chair.

Jae-hwa had already left because he had to go to work soon to the hotel. The room was also quiet.

Soo Yin was surprised by Doctor Mi Young's question. Should she ask such an unimportant thing? Or was there any information she wanted to know?

"I went alone," said Soo Yin with a faint smile.

"Too bad, I thought you were with your husband," Mi Young said with a happy face.

"Okay, I'll go first," said Mi Young. Then stepped out.

"Ughhh, just say so if you want to ask about my husband," Soo Yin grumbled while chuckling in annoyance. She just realized that it seemed that Mi Young still had feelings for Dae Hyun.

Soo Yin immediately got up and then walked out of the classroom. She took a deep breath as she remembered that she had to return home. This morning she didn't bring her cell phone with her. So that Dae Hyun had trouble finding her. So if he asked, Soo Yin will say if she forgot to bring her cellphone.

It was past noon now. Soo Yin just remembered that she had to eat right away so that her stomach acid wouldn't recur. If Dae Hyun found out he will definitely grumble and he won't allow her to go out.

Today, Soo Yin wasn't sure if she would be free from trouble.

Soo Yin looked around to find a way to the canteen. She was still new so she didn't really understand the campus area because the location was very large.

Soo Yin continued to walk when she saw an arrow that seemed to be heading towards the canteen. With quick steps, Soo Yin went to the canteen and then went home. She needed to fill her stomach before going home.

"Soo Yin, what are you doing here?" Li Sa sneered with disapproval.

Soo Yin who was walking was suddenly surprised when she heard Li Sa's words because it was so sudden. She stopped then turned her head for a moment.

"None of your business," Soo Yin said in a flat tone then walked again. For her there was no time to argue with Li Sa.

Didn't know what Soo Yin did wrong in the past that Li Sa hated her so much. When they met, the words of scorn always came out of her lips.

"Soo Yin, are you sure you have the money to eat in this cafeteria? Just so you know that the menu here is very expensive," said Li Sa. Her hands were folded then she walked in front of Soo Yin to stop her steps. Li Sa circled Soo Yin several times.

Soo Yin tried to remain calm and unaffected. But now her appetite had disappeared because of Li Sa's words. Perhaps, in her eyes, she was indeed a poor girl who did not mean anything.

"Soo Yin, come here!" Hyo Rin called while waving her hand at Soo Yin. She seemed to be gathering with other friends around the table in the cafeteria.

Soo Yin replied by waving her hand, because she felt bad for being so nonchalant.

"Ughhh, that sucks!" Li Sa cursed because her best friend had really left her. She thought, this morning Hyo Rin was just pretending but in fact until now she didn't greet her even though there was no Soo Yin around them.

"Li Sa, I'll go in first," Soo Yin said. Without thinking, she stepped into the cafeteria and approached Hyo Rin with her friends. They looked happy when they saw Soo Yin coming.

"Hi, my name is Yoon-ah," said the one who was sitting with Hyo Rin.

"Soo Yin, are you studying here too," said a girl who turned out to be Mi Na. She really felt happy to be reunited with Soo Yin after the unpleasant incident that time.

"Mi Na? Why don't you tell me if you study here too," Soo Yin said while smiling happily. She felt even more surprised by seeing Mi Na.

"I just entered college again after I quit," Mi Na said with a grimace.

"Are you two know each other?" Hyo Rin knitted her brows while looking at Soo Yin and Mi Na in turn.

"Hmmm, we've met a few times," Soo Yin replied as she threw her butt on the chair. It turned out that making new friends was not as difficult as she imagined.

Li Sa was about to follow Soo Yin into the cafeteria but she cancelled her intention. It seemed that she would be in danger if she went in with them. Realized that now no one asked her. Li Sa chose to leave with an angry feeling that had been pounding in her heart all day.

Soo Yin was very happy that she had made some new friends. Although in her mind there were still unanswered questions. Why did Hyo Rin change all of a sudden? That was what she was thinking.

"Soo Yin, how is studying here? Is it fun?" Mi Na asked Soo Yin to give her opinion.

"Of course, who doesn't like studying at this place," said Soo Yin shyly.

"If only I knew if you signed up here, I would definitely come at the student admissions party," said Mi Na.

"Don't worry, Ji Sang has already given her flowers," Hyo Rin said with a chuckle. There was no anger in her heart.

"You're not mad at Ji Sang?" Yoon-ah asked with knitted brows.

"What am I angry for? It's just a flower so it won't mean anything. Besides, I heard news that Soo Yin got flowers in the amount of a car. It's certain that Soo Yin has a special man," Hyo Rin said, while laughing crisply.

"Soo Yin, tell me who that man is? I want to get him too. I'm sure he is a very romantic man," Yoon-ah said.

"Quick, introduce us too," said Mi Na.

"It's just someone who sent flowers to the wrong person," said Soo Yin with a red face and a smile. There was a sense of pride when someone felt jealous of her. It was all thanks to Dae Hyun.

"I'm sure that man is very sweet," Hyo Rin teased.

"Don't talk about him anymore. I came here because I was hungry and wanted to eat," Soo Yin said to end the conversation. Because she was afraid if she slipped. She was not ready if everyone knew about her married status.

"Alright, I forgot about it," said Hyo Rin.

They continued to chat and laugh in between enjoying the food they had ordered.

At first, Soo Yin was worried that she would never get a friend other than Jae-hwa. But it turned out to be very far from what she expected.

After finishing eating, Soo Yin immediately said goodbye because she had to return home before Dae Hyun found out that she had run away.

Just went out of the gate, Soo Yin's steps stopped. She saw a car parked not far from where she stood. The car was no stranger to her.

HIDDEN WIFE : BEST HUSBAND

Chapter 400 - 400 - Want To Practice Self-defense

Soo Yin was still standing where she was. Either wanted to turn around or keep going.

"Hopefully he didn't come here to look for me." Soo Yin muttered while looking at the man who was standing, leaned on his car while facing the other way.

Soo Yin took a deep breath before finally decided to walk across the street, to a place to wait for a taxi.

Park Soo Hyun opened the glasses perched on his eyes. Since earlier, he had been deliberately waiting for Soo Yin in front of the gate. Hoped to meet Soo Yin. But it was a shame, if it seemed like Soo Yin didn't see him.

Soo Yin instead crossed to the side of the road to wait for a taxi. Luckily, he turned around so he could see her.

"Soo Yin!" Park Soo Hyun exclaimed while waving his hand.

"Oh, why did he have to see me?" Soo Yin muttered. She was still in her position. Pretended not to see Park Soo Hyun.

Soo Yin was afraid that if her husband found out, he would be angry many times over.

Park Soo Hyun finally walked over to Soo Yin. Now his condition had recovered as usual although he had to go to the doctor to further check his condition.

Soo Yin couldn't help but put on a surprised face when she saw Park Soo Hyun was already nearby.

"Park Soo Hyun?" Soo Yin stammered. Her habit of calling by him 'master' made her a little uncomfortable to just call his name directly.

"Soo Yin, I was waiting for you for a long time but you didn't pay attention to me," Park Soo Hyun said, pretended to be annoyed.

"Sorry, I was in a hurry so I didn't see you here," Soo Yin explained with a faint smile.

"Now let's take you home," said Park Soo Hyun.

"No need, I can go home by myself," Soo Yin quickly refused.

"Don't be hesitate, I'm here to pick you up." Didn't want any more rejection, Park Soo Hyun then pulled Soo Yin's hand slowly to follow in his footsteps.

Soo Yin could only surrender. She cursed her fate of always being surrounded by pushy men who did not understand her refusal even though she had tried hard.

Hopefully after this there will be no long tail problems. She was worried that if Dae Hyun found out she had run away, he would be very angry.

Park Soo Hyun opened the front passenger door. Then gently pushed Soo Yin's body to get inside.

"How are you? Are you feeling much better?" Soo Yin asked.

"Hmmm, my body wants to recover faster because I want to meet you soon," said Park Soo Hyun with a wide smile on his face.

Soo Yin massaged her temples, didn't want to respond to her brother-in-law's words.

"How did you know that I am on campus?"

"I went to the hotel. Then I asked my brother about where you are."

"Then, what did Mr. Dae Hyun say?" Soo Yin asked curiously.

"He said if you didn't come because these few days you were busy with your college so I rushed to come here," said Park Soo Hyun.

Now the car had been speeding down the streets of Seoul although the destination was not certain. What was clear today was that Park Soo Hyun wanted to spend time with Soo Yin. He had missed her since his mother told him that she was shopping with Soo Yin.

'Does Dae Hyun know that today I insist on going to college?' ~ thought Soo Yin. She hoped that she will not get into trouble for not asking his permission.

Her goal was also good because she didn't want to be left behind in the college's subjects. For a few days she didn't come, the task had piled up.

"Why are you silent?" Park Soo Hyun broke Soo Yin's daydream because she looked pensive.

"Ah, it's okay. I have a lot of work these days," Soo Yin stammered.

"Today let's spend time together with having fun. This is my first day out of the house after a long break. I want you to accompany me to go sightseeing," explained Park Soo Hyun. Revealed his purpose of picking Soo Yin up.

"But....," Soo Yin objected.

"Soo Yin, please don't refuse again. I want us to go around the city of Seoul," said Park Soo Hyun firmly. He didn't want any rejection from Soo Yin.

"But, I don't have time to hang out," Soo Yin refused.

"Where are you going? I'll be happy to take you," said Park Soo Hyun. His handsome face looked even more expanded when he found out that Soo Yin was busy. Maybe he can help her.

"I i" Soo Yin tried to rack her brain to come up with an excuse. If she said she was going home, surely Park Soo Hyun would follow her. That can't be happening.

"Say it, wherever you go, I will take you," said Park Soo Hyun.

"I want to learn martial arts," said Soo Yin, then covered her mouth with her hand. She felt like she had said something wrong but that was all that came to her mind.

"Really? Do you already know where to learn?" asked Park Soo Hyun who was quite interested in Soo Yin's wish.

"I don't know yet," said Soo Yin wearily. Her gaze wandered, remembered that Dae Hyun would not allow her even though it was very important to her. At least she should be able to take care of herself in case something urgent happened.

"Would you like it if I'll find a teacher for you?" said Park Soo Hyun.

"Do you have any acquaintances?" Soo Yin's face looked cheerful hearing the man's narrative.

"I have a martial arts teacher. If you are interested I will take you there," said Park Soo Hyun who was very supportive of Soo Yin's wishes. For him, a woman also needed to learn self-defense, even if it was just the basics.

"Really? I would like that then." Soo Yin's face really shined this time. Leave it for Dae Hyun's business, later she will take care of it when she got home.

Now the most important thing was that her intention will soon come true. Soo Yin didn't want to be a weak girl and can't do anything even if it was just to take care of herself.

Dae Hyun already intended to provide a bodyguard for Soo Yin. But it made her uncomfortable. Remembered how mediocre her status was. People will definitely be surprised and felt strange of her.

"I've told you, if I will obey your wishes. As long as it is good and keeps us together, I will gladly do it," said Park Soo Hyun.

"Is the place far away?" Soo Yin asked to make sure it wasn't dark when she came home.

"Not too far away, at the same time I want to train again to restore the muscles of my body that have not been trained for a long time."

"I can't wait," Soo Yin said. Her lips actually parted like a flower that bloomed in the morning. It looked very fresh and pleasing to the eye.

Park Soo Hyun was happy to see her smiling. It was not in vain to wait in front of the campus for almost an hour.
