

Gong Yoo, who happened to be in Namsan Park, saw the argument between Soo Yin and Li Sa. Until he, without them knowing, slowly walked closer.

"What's that drunk girl doing? Who's that little kid she's with?" Gong Yoo muttered with curiosity about Soo Yin. He then stood not far from where they were to watch what was going on at the moment.

Aeri happened to be not far from the Namsan Park area when Li Sa told her about Soo Yin who was currently with Jo Yeon Ho.

Her face immediately brightened when she saw Dae Hyun's absence with them. That meant, she was able to do as she pleased without having to be afraid anymore.

"Hi, honey," said Aeri who then acted sweet to Yeon Ho.

Yeon Ho's face this time looked normal and not too happy with his mother's arrival. He was afraid that Aeri would yell at him like the last time.

"Come here, honey. I miss you so much. A week without seeing you feels like a year," Aeri said while embracing her son, pretending that she really missed him.

Yeon Ho didn't return Aeri's hug. He kept his hands by his side.

"Yeon Ho, let's go home. It's not good for you to stay too long at a seductive woman's house," Aeri quipped while smiling lopsidedly at Soo Yin who was just silent. Aeri was sure that Soo Yin would not dare to stop her from taking Jo Yeon Ho away.

"I don't want to go home," Jo Yeon Ho refused as he inched backwards towards Soo Yin.

"Yeon Ho, what's wrong with you? Why are you now a rebellious child?" Aeri started to get emotional again because her son was now closer to her rival. She thought it would be so easy to take Yeon Ho away but unexpectedly, it turned out that her son refused.

"Can you not yell at him? He's still too young to be scolded," Soo Yin defended. For some reason she was not willing to see Jo Yeon Ho being yelled at even though Aeri was his biological mother.

"Don't interfere because it's none of your business. You act kind and holy because you want to get close to him. After getting what you want, you will definitely act evil," Aeri sneered sarcastically then pushed Soo Yin's body hard enough to make Soo Yin not balanced. Almost tripped if only there was no one to support her.

Soo Yin turned to see who had helped her so that she didn't fall.

"Master Gong Yoo," Soo Yin muttered as she looked at the handsome face of the man who was supporting her body. But for Soo Yin, Dae Hyun was still much more handsome than anyone.

"Can't you guys not be rude?" said Gong Yoo in a cold tone. He didn't like it when someone was being rude.

"Ah, we finally meet again. It seems that we are indeed very matched," said Li Sa who was very happy when she saw Gong Yoo there.

"Who are you? How dare you interfere in our business," said Aeri who didn't like anyone interfering in her affairs.

"Master, you better not get close to her because she's a seductive girl," said Li Sa as she walked over to Gong Yoo, about to grab his wrist but the man had already brushed it off.

"You should be aware of yourself before bad mouthing others," sneered Gong Yoo as he looked at the two women in front of him with a fierce gaze. He heard a vague conversation between them that kept insulting Soo Yin. Even though he didn't really know what their problems were, Gong Yoo believed that Soo Yin was a good girl. She was not like what people said about her.

"Ah, who exactly are you to say we are like that? Oh, or maybe you're her boyfriend too?" Aeri accused while pointing at Soo Yin with her index finger.

"So what if I'm her boyfriend? Do you mind that?" Gong Yoo said with a chuckle.

The statement that Gong Yoo spoke was like the ruins of a building collapsing on Soo Yin's body. Soo Yin even immediately gaped with a trembling body.

Those remarks would likely get her into big trouble once her relationship with Dae Hyun was fine.

"We do have a special relationship so you don't have to mess around with reporting something bad about her. She's not like what you're talking about," said Gong Yoo boldly, revealing if they had a relationship.

Aeri and Li Sa looked at each other. They seemed to get a very surprising fact. The fact that they were looking for so that Dae Hyun would immediately throw Soo Yin out of his life.

"Wow, it turns out that you really are a shameless bitch. You not only snatched Dae Hyun but you even had a lover behind him. We'll see, I'll make sure later Dae Hyun won't want to be with you anymore. He will be very disgusted because you have been touched by another man," said Aeri fiercely while looking at Soo Yin who was already getting close to Gong Yoo. It turned out that the man's arrival really helped her to reveal everything.

"N... no," Soo Yin said quickly because she didn't want to get into trouble. She shook her head vigorously enough to prove that she had nothing to do with Gong Yoo at all.

"Obey me, because I want to help you out of this problem," whispered Gong Yoo who actually hugged Soo Yin's shoulders tightly until their bodies were very close.

"Wow, it turns out you really are a bitch," Aeri sneered, chuckling happily. Finally she knew Soo Yin's rottenness without any trouble.

Li Sa had already taken the picture when Gong Yoo embraced Soo Yin from the side. Even though she didn't really want Gong Yoo to be close to Soo Yin.

Soo Yin desperately struggled to break free even though Gong Yoo's grip was strong enough. She didn't want to get into any more trouble because she had enough problems and was emotionally draining.

"Go away, I can solve my own problems," Soo Yin shooed Gong Yoo while glaring at him.
