

Soo Yin walked out to meet her husband who had just arrived. It was useless to hide because Aeri must have known everything.

"Why are you guys making such a fuss here?" Dae Hyun said in a cold tone. Instead of looking at Aeri who was in front of him, Dae Hyun actually looked at Soo Yin from the transparent glass door, seeing his little wife walking towards him with a sweet smile.

Dae Hyun, that bitch turns out to have another victim. Looks like the victim is the owner of this restaurant. I really didn't expect her to dump you so quickly and forget about you. I think the workers here are lying when they said that Soo Yin is the boss here. But when I think about it, maybe it's true because Soo Yin is already in a relationship with the owner of this restaurant. I really feel very sorry for the legal wife of the owner of this restaurant," Aeri explained at length.

Dae Hyun put his hand in his pants pocket. Pretended to listen to Aeri's words.

"Honey, help me find out who the wife of the owner of this restaurant is so that Soo Yin gets tired and doesn't dare to seduce a married man again," said Aeri as she grabbed Dae Hyun's arm. But the man just walked away from her by shifting his body.

"No need to bother to find her because you already know who the wife of this restaurant's owner is," said Dae Hyun flatly.

"Really? Tell me who?" Aeri said excitedly.

Dae Hyun then turned Aeri's body to face the glass door. So she can see herself in the mirror.

"Take a good look," said Dae Hyun while pointing at Aeri's body in the mirror.

"Where?" instead of looking in the mirror, Aeri looked at the inside of the restaurant where the customers had calmed down and went back to eating. But Aeri actually turned around when she saw Soo Yin was walking towards the door.

Soo Yin came out then stood by Dae Hyun's side.

"Stay away, don't try to seduce my husband again." Aeri roughly pushed Soo Yin's body until she almost fell. But with a quick movement Dae Hyun had managed to pull Soo Yin's hand so that their bodies stuck together.

"Aeri, enough! Don't make a fuss here again," said Dae Hyun in a cold tone because Aeri had gone too far.

"I just want her not to seduce you again," said Aeri.

"Do you still want to know the woman you pity? Or do you want to know who is the wife of the owner of this restaurant?" Dae Hyun said with a crooked smile. Hopefully Aeri realized that the one who should be pitied was herself.

"Of course, I need to know so that his wife comes here and throws her out of here," said Aeri sarcastically. She was really furious to see Soo Yin standing in front of her without any shame at all.

Dae Hyun turned Aeri's body back into the mirror.

"She's the one in the mirror that you should be very sorry for." Dae Hyun pointed at Aeri's chest with his finger.

"What do you mean?" Aeri said with a face that began to heat up because she realized something odd.

"Impossible," she muttered with a sharp look in her eyes that looked ahead at Soo Yin.

"Because I'm the owner of this restaurant," said Dae Hyun with a crooked smile and then grabbed Soo Yin's waist.

"What? You two turned out to be...." Aeri did not continue her speech because she realized that she had been tricked by Dae Hyun all this time. Aeri held her tight chest, holding her anger because she shouldn't embarrass herself.

"You can't be the owner of this restaurant," said Li Sa, who had been listening for a long time. She couldn't believe what she had just heard.

"Get them out of here because I don't want any more commotion," Dae Hyun ordered to his men who were not too far away.

The two security guards immediately dragged Aeri and Li Sa even though they kept swearing that they didn't accept it.

"Get my hands off your dirty hands!" cried Aeri who did not accept it.

"Watch out! I'll make sure after this they won't be together anymore." Aeri threatened, not kidding.

If the way to separate them from family didn't work, then Aeri will resort to harsh methods that hadn't been done in a long time.

Soo Yin just smiled as she waved her hand at Aeri and Li Sa who had been dragged away. Forced to get into their car to leave the restaurant area immediately.

"Honey, how is this? Surely Aeri will tell everything to your family if it turns out that we are still in touch," said Soo Yin with a worried feeling.

"Leave it alone, don't worry about it. Besides, they will definitely be suspicious because I rarely go back to the UN Village," said Dae Hyun who immediately smiled warmly. The expression on his face was completely different when Aeri was there.

"Honey, I'm hungry," Soo Yin said in a spoiled tone as she rubbed her stomach that had been asking to be filled ever since.

"Okay, I'll cook it for you. What do you want to eat tonight?" Dae Hyun asked. Even though his body was quite tired after a busy day at work, seeing Soo Yin's face made him immediately excited again.

"Hmmm, I don't want to eat here. I just want to eat out," said Soo Yin with pouting lips, making Dae Hyun even more excited to pinch it.

"Alright, we are leaving right now. Don't let it be too late," said Dae Hyun.

"Wait a minute, I'll take my bag first," said Soo Yin who was about to step into the restaurant but Dae Hyun's hand was holding her.

"What?" Soo Yin said as she turned her head back to look at her husband.

"Stay here, let me take it.. I also want to talk to Chang Yuan first," said Dae Hyun.
