Swiping down the counter with a damp ragg Shayne leaned close to me to utter softly "You didn't tell me your hot best trend turned your boyfriend When did that happen

I nearly jumped out of my skin when his husky tone bounced off the walls bhunthy How did he hear me when Lam all the way here" I turn to look at him

and see that he is slouched in a lary way on the seat, his arms crossed and his eyes closed

However, he must've felt my eyes on him because he peeled those baby blues to shoot fire to my soul "You're mine"

His words made a shaver snake down my back and a sharp pressure pulsed in my lower stomach "I am not an object" I lifted my chin and sent him a hard stare that made his blues shift with entertainment

"No you're not," he agreed, eyes burning up the entire length of my body I shivered, my heart threatening to jump out of my chest.

The corner of his lips lift, a smirk, one that spoke of amusement, but his words were laced with honesty. "But you're my girl."

Shit. I need to change my panties. Like right now.

"Okayyy," Shayne drawled awkwardly. "As much as this is

entertaining I'd not want to see you tvo bone in here. So give me that." he pried the damp towel from my hands. "And go on ahead with your man. He had caused enough trouble around here as it is.

My cheeks will be permanently red if this keeps up. Flustered I began

My brows pinched in worry. My shift doesn't end in the next ten minutes but something about, the way Shayne gave me that 'you better leave' look makes me rethink to ask him if he's sure or not.

So I nod and head back to change into my regular clothes which was a baggy shirt.....Xade's baggy shirt and leggings. I left my hair up in the ponytail I had wrapped it in before starting my shift. Even though some frays had come out to frame across my forehead. I didn't bother to fix them.

I threw my book bag strap over my shoulder and got out, my eyes scanning for Xade. He's not in the diner anymore which causes me to have a sinking pressure of disappointment in my tummy.

But then I looked out and saw that he was leaning against his car, looking incredibly s*xy. I bit my lip and waved Shayne goodbye.

“You know I’m still mad at you.” I stated while he opened the door for me to get in. He chuckled in amusement. “That I know baby, and I’m working on fixing that.”

I slide in and buckled myself pretending that him calling me baby didn’t make me want to moan aloud. Kade starts up the car and drives off “I am sorry for searing you last night. The fight hadn’t meant to lose control like that I just don’t like seeing you hurt.”

He gripped the steering wheel so tightly that I am sure his hands had turned white. “I told you to stop.” I whispered. “You didn’t have to hurt him. I could’ve handled it, I am a big girl Xade ”

“Right By ignoring it and pretending it never happened ”

Trowed my eyes “You know, this isn’t helping me forgive you You’re just being an a*s

Now it was my turn to scoff and I crossed my arms, pretending that my heart wasn’t singing with joy when he called me his girl. I turn away from him like a brat. “I am not your girl Xade. I’m your friend.” I stressed on the word friend to really engrave it in.

It’s silent for a few minutes and I thought I had struck a nerve. I almost apologize until I noticed we had driven past the dorms. I whirl to him, my brows drawn into a confused furrow. “Where are you taking me?”

Without looking over he replied. “To my new apartment, friend.” he spat out the friend as if it tasted bitter in his mouth.

"Apartment?" I voiced out my confusion and he nod, grip on the steering wheel tightening. "Dean kicked me out of the dorms for beating up Kyan. Had to find an apartment before he gets back."

Something twisted in my stomach. I can't help but think that I was the cause of all of this. It's because of me Kyan and Xade got into an altercation. I wasn't really mad at Xade, I was mad at me.

"I'm sorry," my voice cracks.

He spared me a glance and I know he's more than confused. "For what?- Aren't I supposed to be the one apologizing and getting you to forgive me? Thought I had a little more mopping to do V." I can practically hear the smirk in his voice. "Guess we can skip the making up part and jump straight to the kissing part now"

I scoffed. biting the inside of my check to not giggle. "I'm still mad at what you did. I haven't forgiven you yet."

I honestly believe that I liked the idea of Xade doing whatever it takes to make me forgive him.

I let out a shallow breath when his hand suddenly land on my thigh and his fingers lightly press into my skin. "Hmm, I suppose I need to work on it a little more."

For the remainder of the ride Xade keeps his hand on my thigh, the grip a bit possessive. making my heart race. When we got to his apartment and he opens the door. I am not surprised that the apartment was in fact a penthouse and luxurious.

I arch my back, pressing my breasts flush against the hardness of his chest. With a low growl, he peeled his lips from mine and I moan in disappointment but then moaned, tilting my head back when his soft warm lips touch my throat.

I buckled, gasping as he further stroked the flames of my need even more when his fingers finally graze against the throbbing aching part between my legs.

I am so wet, I knew I had drenched my panties. To be fair, they were already wet the second we stepped into the room and he closed the door behind him. "You want me there?" he groaned on my throat, his fingers stroking between my legs.

I am itching to get rid of any material that is preventing him from fully touching my bare skin. I nodded desperately, pushing my hips forward so his fingers could press more firm on my clit. "Yes please," my voice trembled with torment, needing him to give me what I want.

He licked his lips again, his eyes gliding up to capture mine and I held my breath when he slowly teasingly brought his head down to between my thighs, his eyes not once leaving mine.

He gripped my thighs, his heated eyes pinning me in the present moment. The first brush of his tongue on my clit made me yelp and buck my hips. My eyes widen and a mischievous look flashes across Xade's eyes.

And then those blues hide from me when he closes his eyes, as if savoring the taste of me. He suckled my throbbing nub while the tip of his tongue teased it. I moaned loud, my hands coming to tangle in his hair once more as he flicks his tongue and swirls around my clit.

A shiver snakes down my spine when his tongue lapped at my entrance, playfully flickering my lips. The tip of his tongue had just dipped in my entrance when the sound of the door ning and closing reaches my ears.

A loud whistle follows suit. "Well d*mn, looks like you two are blessing the new place already."

My eyes snapped to the sound and the blood drains from my face instantly when my gaze fell into the eyes of an older Xade. Xaden, Xade's older brother.

My eyes widen and I quickly pushed Xade's lips from my p*ssy, swiftly closing my legs and hopping off the counter while tugging down his huge shirt to block my nudeness, a furious flush on my cheeks as I stared at an older looking Xade. Xaden eyes, blue and very identical to Xade's, gleam with amusement.

"By the way brother, you have something on your lips. I see you're still a messy eater, just now for certain meals." Xaden teased, making Xade flip him and disappear with me down the hall. I pred, burying my head on his shoulder.

"Can the floor open up and swallow me whole now?"

Xade's grip on my butt tightened. "Sorry, you know Xaden can be such a tool sometimes." Xaden and Xade were only two years apart, Xaden being the firstborn. Though the two shared very similar features, Xaden was a head foot taller and his eyes had gleams of green. He also didn't have those dimples Xade had and looked more roughish.

They did get along, however Xaden would always tease us when we were younger. He was like an older brother to me too, which makes this even more embarrassing. This was not how I imagined our encounter to be after months of not seeing each other.

Xade carries me to a huge master room that made me peel away from his shoulder to stare at the place in awe. The room was very spacious, with high ceilings and large windows that overlooked the city down below. It was beautiful.

His words tempted me to look at where he points and I caved in, looking at him. He's pointing at the glistening of my juices on his lips. His smirk widened and he leaned down, his hot breath fanning across my lips until I could somehow taste him and myself on my tongue.

I reluctantly pulled away from her, staring in awe at the adorable red tinge on her cheeks and her plump red lips from my kisses. I want to kiss her more, ravage her like my very last meal. I am addicted to V, so badly that I feel as if I am going mad when she's not beside me.

My eyes flicked to her lips, licking my own to get a taste of her on my lips but it's not enough. As if sensing what I am thinking and needing, Avery pushes at my chest lightly, giggling. Even her giggles were driving me insane.

Not bothering to hide his amusement he snorted. "I must have missed it. What do you want me to whip up for your girl? You seem to already have had your dinner earlier. "

I rolled my eyes. " Childish m*therf*cker," I push off the counter and pointed a finger at him. "I called you to help me get a place, not for you to be my roommate.

I shook my head. leaning back against the counter and crossing my ankles." About her boyfriend being a wolf and is slowly dying because he hasn't marked her fully? No, and you won't either."
