

# She Got A Better Man

"Let me introduce you. This is my husband, Zach. This is Cole, my partner," Elvira introduced the two of them with a smile.

"Mr. Bennett, thank you for saving Elvira. If you have any requests in the future, I will do my best to do! Zach thanked Cole sincerely

"Mr. Gilbert, you're too kind. I saved her because I wanted to. I don't need anyone to thank me, Cole replied seriously. "You don't have to thank me

Cole was actually not very happy. It was his business to save Elvira. He did not need anyone to thank him. This made him feel uncomfortable.

When Zach heard this, he was sure that Cole liked Elvira. He looked at Elvira and Elvira quickly came over to take the fruit and flowers he had brought. She said. "Have a seat first. I'll pour you a cup of coffee.

"No need. I'll go to visit Tracy later. Do you want to come with me?" Zach was a man. He was naturally unhappy that someone liked Elvira. However, he had an upbringing, so he didn't show it. Moreover, Cole had saved Elvira and saved her from harm. He was still grateful to Cole.

"Alright, I haven't seen Tracy in two days. I miss her." Elvira was very close to Tracy. She would miss Tracy every day and call her every day to chat.

When Zach saw that she agreed without hesitation, a smile appeared on his face. Because Zach came too late, Cole had already eaten dinner. Elvira reminded Cole to rest early, so she left with Zach.

In the car, Elvira had just sat down when Zach grabbed the back of her head and kissed her deeply.

Elvira was a little speechless and she said, "Can you change your habit of wanting to kiss me at any time? She looked at the busy hospital in front of her and felt a little helpless.

"No!" Zach rejected it without hesitation. He felt that he was really lucky to be able to marry such a good woman.

"You've known Cole for many years?" Zach still wanted to know about Elvira's relationship with Cole. After all, Cole seemed to be deeply in love with her.

Fortunately, Elvira didn't notice it. He did not know if Cole hid it too well or if Elvira was too slow.

"It's been seven years. Seven years ago, I saved him in the countryside. He lost his memory and doesn't remember anything. I was the one who gave him his name. I treat him like my own younger brother. However, Cole is very smart. He learned how to do business very quickly. After working for others for a few years, he can run the company independently. We are partners Elvira was originally afraid that Zach would feel pressured, so she did not want to tell him about her company.

However, now that the two of them had been together for a long time, Elvira felt that she could not lie to Zach. Deception was a problem that would cause endless trouble in the future. She did not want to live too tiringly.

"Elvira, you are really capable." Zach raised his hand and rubbed the top of Elvira's head.

"Hurry up and drive. Don't make Tracy wait too long, Elvira urged him.

Zach started the car and left the hospital. A deep look flashed across his eyes. He thought, 'A person with amnesia who knows how to do business. Who the hell is Cole

Zach suspected Cole's identity, but he did not tell Elvira. He could tell that Elvira trusted Cole very much and she didn't have any feelings for Cole. As long as Elvira did not like Cole, he did not have to do anything for the time being.

Tracy was extremely happy to have Zach and Elvira accompany her for a meal. Elvira asked if Tracy was free this weekend. She wanted to buy some clothes for Tracy.

15:35 Sat, Nov 23 GL Chapter 76

It had always been Tracy who gave her things. She had never bought anything for Tracy other than a set of traditional clothes. She could tell that Tracy liked the clothes she bought and wore them almost every day. This made Elvira feel a little guilty. When Tracy heard that Elvira was going to take her to buy clothes, she was as happy as a child. "Elvira still loves me the most, unlike that heartless brat. He never thought of accompanying me to shop or buy clothes."

Zach was a little embarrassed. He had indeed not thought about these things. He had been brought up by Benjamin and Tracy. Their clothes, food, accommodation, and transportation were all specially taken care of by someone. He had only given Tracy some especially expensive jewelry and so on. He had really never given her clothes, let alone shopping with her.

Zach did not expect Tracy to be so happy just because Elvira suggested shopping with her. Benjamin had already left, so he did not have the chance to be filial to Benjamin anymore. It was precisely because of this that when Tracy forced him to marry the unfamiliar Elvira, he agreed even if he was very unwilling.

It was not until the appearance of Elvira that he realized that something that could make Tracy happy was actually so simple.

"I'm sorry. I have an important meeting to attend this weekend. I can't accompany you." Zach looked at the two ladies apologetically.

"Who needs your company? We don't need a stinky man like you to accompany us when we go shopping Tracy snorted arrogantly and grabbed Elvira's hand. She looked at Zach with disdain.

"That's right. We don't need your company when we go shopping, Elvira agreed with a smile. It was obvious that she was on the same side as Tracy.

Zach looked at Tracy's blissful smile and his heart softened. He looked at Elvira with even more passion.

Elvira felt that Zach's gaze was burning. Her face was extremely red. She thought, "I didn't do anything. Why does he look at me like that?"

On the way home, Zach hugged Elvira and kissed her non-stop. He did not let go even when they were waiting for the traffic lights to turn green. When the car behind them honked frantically, Zach let go of Elvira reluctantly. Elvira was speechless. and she thought, 'He really could not restrain his desires at all. When they entered the elevator, Zach pressed Elvira against the wall and kissed her. Elvira was dizzy from his kiss and her

to prevent herself from sliding to the ground. body was weak. She could only wrap her arms tightly around his neck

When the elevator door opened, Zach carried Elvira in his arms into the house. In the private space that belonged to the two of them, he no longer restrained himself. He took away Elvira's top and lowered his head to bite her.

Elvira groaned and curled up her toes. Her long legs wrapped around his waist. Zach casually grabbed the condom beside him and quickly put it on. The temperature in the room kept rising, and ambiguous sounds rose and fell. Judy was unwilling to let Elvira go. She had gotten someone to send gifts and shopping cards to Lily two days ago. Today, she called Lily.

"Judy, long time no see. How have you been recently?" Lily asked with concern.

Lily, I'm fine. Thank you for caring about me." Judy's voice was filled with sadness.

"Don't take that matter to heart. Those people who badmouth you don't know how good you are! I will always support you." Laly said with a flattering face.

"Yes, yes. Calvin and I are innocent. Lily, I heard that the school will hold a 100th anniversary celebration. Can you invite Elvira to participate!" A hint of ruthlessness flashed across Judy's eyes. She thought, 'Elvira had set me up to embarrass 15:38 Sat, Nov 23 G D

myself in front of the entire country. In that case, I will let the entire country know about the ugly things she had done back then. As long as I can prove that Elvira is immoral and has a terrible character, I will be able to clear my name without doing anything!

## She Got A Better Man

"She's a student who made a mistake and was expelled from school. What right does she have to participate? Judy, let me tell you, don't be too kind! That kind of person is not worthy of you pleading for her. Lily was very disdainful when she mentioned Elvira. Her tone

was filled with extreme disgust.

"Lily, don't say that. She has probably already changed herself. ly, please step forward and ask the school to give Elvira another chance. Lily, I'm begging you." Judy pleaded for Elvira.

"I'm doing this for your sake. I'll go ask the principal. I hope Elvira can remember your good deeds and stop slandering you." Lily sighed.

"Thank you, Lily. I know that you are the most capable teacher. The school will definitely give you face." Judy said.

After Judy put down her phone, a smile appeared on her face. She thought, 'As long as Elvira attends this school anniversary, I will definitely ruin her reputation!'

Judy asked Amber to find some people and bribe them with a lot of money!

When Amber heard Judy's plan, she said disapprovingly, "Why go through so much trouble? If you ask me, I'll just kill her

this time!"

Amber wanted to think of a foolproof plan. It was the safest to make Elvira disappear forever. She felt that Judy's plan was

too troublesome.

"No! Her death is a small matter, but my reputation is a big deal. As long as I prove that Elvira is immoral, everyone will know that I am innocent." Judy cared a lot about her reputation. Perhaps it was because Amber and she were both mistresses. In any case, she did not want to bear the reputation of being a mistress.

"Alright, let Elvira live a little longer. Amber's eyes were filled with disdain and hatred when she thought of Elvira.

Judy left Amber's room happily after settling everything. Because she was in a good mood, she called Zoey to go shopping with her.

When Judy went downstairs, she saw that Karen was on the phone. She sat obediently on the sofa and waited. After Karen hung up the phone, she said happily, "Good news. Vincent can finally be released on bail."

"Really? I told you that Elvira would not disregard kinship and would let Vincent go, Judy said in an innocent and happy

When Karen heard this, her face darkened and she said coldly, "Don't mention that unfilial Elvira again! It has nothing to do with her that Vincent can be released on bail"

"What? I thought Elvira had thought it through... Karen, don't be angry. I'm going shopping with Zoey. Come with us. It's my alma mater's 100th anniversary next weekend. Come with me to choose a gown. You've always had the best taste. The clothes you chose are dignified and stable," Judy came over and held Karen's arm.

When Karen heard Judy's compliment, a smile appeared on her face. "Alright, I'll accompany the two of you today."

Elvira took Tracy to the mall in a taxi. Today, Tracy was still wearing the traditional clothes that Elvira had bought for her. Ever since Elvira bought this dress for her, she had no interest in the expensive clothes in the wardrobe. She only liked this. Because of Tracy's health, Elvira asked the nanny to come along. She was worried that there was something she could not take care of that would make Tracy uncomfortable.

Tracy's nanny, Anna, was actually a woman who had accompanied Tracy for decades. Elvira did not know about what would happen for the time being. When the three of them arrived at the mall, Elvira took Tracy and Anna to the shop where she bought traditional clothes last time..

When Elvira saw that Tracy liked them, she bought six sets for 'cy without hesitation. If Tracy had not stopped her, she would have bought at least ten sets. This shop was very

famous. The price of one set was more than two thousand dollars. Elvira now was rich and did not hesitate to spend money.

Tracy and Anna couldn't stop smiling. Anna was also happy for Tracy that Elvira was such a thoughtful girl.

After she bought the traditional clothes for Tracy, Tracy insisted on buying clothes for her too. The three of them entered a top luxury shop. Elvira felt that the clothes in the shop were too extravagant. Seeing how Tracy was excitedly choosing clothes for her, she could not bear to reject Tracy's good intentions. "Elvira, how about this one? Try it on, Tracy said as she selected clothes for Elvira.

Tracy, this is too expensive." Elvira did not even need to look at the price to know that the clothes were not cheap.

"Don't worry. I have money. I can still afford to buy clothes for you," Tracy insisted.

Elvira could not help but laugh when she saw Tracy's cute appearance. She asked the shop assistant to take a suitable clothes and try it on.

"Mrs. Gilbert, it's been a long time since you came to the shop." The store manager had just been hinted by Anna not to greet them.

Just provide good service!" Tracy sat down and waited for Elvira

The store manager immediately replied and retreated to the side.

"Judy, you are going to participate in the 100th anniversary celebration. This time, you must suppress Elvira, that scheming, woman! This gown is quite beautiful. Quickly try it on." Zoey and Judy walked in together, followed by Calvin Kennedy, who had been called over at the last minute.

Karen and Amber also came along. Karen felt tired and did not want to shop anymore. Amber accompanied Karen to find a place to rest.

When Tracy heard this woman mentioning Elvira and insulting Elvira, a trace of disgust flashed in her eyes. Her gaze landed on the other woman. Tracy guessed that this woman was Elvira's sister. Tracy looked at her disdainfully and looked away. She would feel disgusted just by looking at this kind of woman.

"It's really good." Judy had been feeling frustrated about being suppressed by Elvira last time. She had been looking for a gown that could suppress Elvira, but she had seen hundreds of gowns recently and felt that none of them looked good.

The light-colored gown looked pretty good today. In fact, this gown was very similar in color and style to the gown Elvira had worn last time. However, it was much worse than

that gown Even if Judy didn't want to admit it, she still felt that the gown Elvira wore looked good, so she subconsciously found a similar one.

"Calvin, I have good taste, right? This gown will definitely look especially beautiful on Judy Waiter, take a dress that fits her." Zoey turned her head and requested.

"It's really good. If you like it, I'll buy it for you." Calvin saw that Judy had been depressed recently and wanted to cheer her

1. up.

"Thank you, Calvin, Judy said and smiled finally.

I'm sorry. The gown that fits this lady has already been sold. You can take a look at the other gowns," the shop assistant replied respectfully.

While they were talking, Elvira walked out of the fitting room. She was wearing a light-colored gown that Judy liked. The design of the gown made Elvira's figure look elegant.

Calvin's eyes were wide open. In the past, Elvira had never worn gown. Most of her clothes were loose and comfortable. Now that she was wearing a gown, she was simply peerless. Every move she made could attract everyone's attention. Everyone in the shop was stunned.

When Elvira came out of the fitting room and saw Judy and others, she only glanced at them indifferently before her gaze landed on Tracy. Tracy looked at Elvira's clothes and did not express her opinion for a moment. She thought, If there are no pearls in front of the gown, it would naturally be good. However, Tracy had seen Elvira wear the diamond-filled gown that she gave, and she felt that this dress was a little ordinary. She felt that this gown was really not worthy of Elvira.

Therefore, Tracy did not speak for a moment. Elvira understood what she meant. She thought that Tracy should have the same thoughts as her, so she smiled and looked at the mirror.

"Elvira, why is it you? Waiter, is the gown she's wearing Judy's size?" Zoey pointed at Elvira and questioned. She looked especially ill-mannered.

"Yes, this young lady is a little tall and thin, and that young lady is a little short and fat, so it's the same size, the waiter said honestly

When Judy heard the waiter's evaluation of her and Elvira, she was very angry. She thought, I am short and fat? I'm just not as tall as Elvira! If it wasn't to protect her image, she really wanted to curse this shop assistant.

"Elvira, do you like this gown too? I'll give it to you Zoey, let's look at other gowns, Judy pulled Zoey and said.

"Give it to her? Judy, you'll definitely look prettier in this gown! Calvin, what do you think?" Zoey glared at Elvira and asked for Calvin's opinion.

\*Since Elvira has already bought it, Judy, let's look at other gowns, Calvin finally retracted his gaze from Elvira and coaxed Judy softly.

Elvira was speechless at the hearing of them. She thought, I was the one who had taken a fancy to the gown first and was already trying it on. I did not say that I would not buy it. Judy gave it to me? How did it make sense? Zoey and Calvin, these two idiots, actually felt that there was nothing wrong with it!

"Alright. Although I quite like this gown, Elvira, if you like it, I'm willing to give it to you. Judy smiled at Elvira.

Elvira was speechless and she thought, I really don't want to bother with these idiots...

Zoey grabbed Judy, who was about to look at the other clothes. Zoey raised her chin slightly and asked, "Has she paid for this gown yet?"

The shop assistant was about to speak when the store manager walked over and said with a smile, "This lady has already paid."

"What a joke! The entire shop belongs to the Gilbert family. As Zach's wife, why would Elvira need to pay?' the shop assistant thought.

"Elvira, you're really something. In order to seduce a man, you've spent so much money. Won't your poor man, who earns money by working, abuse you if he finds out? How about this? We'll pay double the price for your gown! The prices of the clothes in the shops downstairs are suitable for you!" Zoey said arrogantly.

"No!" Elvira answered firmly. She continued to admire her figure in the mirror. She suddenly remembered that Zach liked to kiss her all over every time. Her face suddenly turned a little red.

"Elvira, don't be ungrateful. You've liked to snatch Judy's things since you were young. Now, you want to snatch Judy's gown too! You just can't bear to see Judy better than you!

We'll pay four times the money! Take off your gown!" Zoey continued to have a high and mighty attitude, looking very disgusting.

Elvira turned around and smiled faintly. "No way!"

"Elvira, I really like ilds gown, Can I pay six times the money?" judy had been tortured by those gowns recently. She felt that none of the gowns looked good. Today, when she saw Elvira wearing this gown, she fell in love with it. She had to get it. She thought, If I couldn't get it, I would think of a way to destroy it and not let Elvira wear it!

Calvin was heartbroken when he saw Judy's careful request for Elvira. He said, "Elvira, you can choose any gown here. I'll pay for all of them. Just give this one to Judy."

When Zoey heard that Calvin had asked Elvira to pick any gown here, she was envious. Her words were also enigmatic. "Elvira, you've got a huge bargain today! Your husband has to work for ten years, he can afford one set of clothes here!" Elvira smiled faintly. She raised her hand and flipped her hair. Alright. Why don't you pay ten times the money? I'll sell this

gown to you."

"Ten times! Why don't you go rob someone? I think you're crazy! Zoey immediately was angry.

Elvira shrugged innocently. "It doesn't matter if you buy it or not. It must cost ten times the money!"

"Alright, I'll buy it!" In order to make Judy happier, Calvin also wanted to let Elvira see his rich. He agreed readily.

"Calvin, you're so good to me. Thank you." Seeing that Calvin had agreed, Judy happily kissed his cheek,

"Then please take off your gown and give it to us!" Zoey was extremely jealous. She felt that this money was really wasted!

However, when she thought about how she could make Elvira, this scheming woman, take off her gown in public, she was looking forward to it!

"Pay up first. How much does my gown cost?" Elvira looked at the store manager.

Anna gestured to the store manager, who immediately said, "The price of this gown is 360 thousand dollars. If this gentleman wants to buy your gown at ten times the money, he will have to pay you 3.6 million dollars!"

Actually, this gown was just an ordinary high-end gown. The price was 76 thousand dollars, but with a gesture from Anna, the store manager understood what she meant. Anna's gesture was naturally Tracy's idea. Seeing Tracy glare at her, the store manager's legs went weak. She thought, 'Oh no, I had said too little!'

"What! 3.6 million dollars! Why don't you go rob someone!" Zoey shouted exaggeratedly

The store manager had just made a mistake and was now angry. She put on a disdainful expression. "If you can't afford it, don't lie to us! Weren't you very arrogant just now? Now that you can't afford it, you're angry?"

"Who can't afford it? Who are you looking down on?" Zoey immediately went over and wanted to hit the store manager.

Calvin's expression was not good either. He did not expect this gown to be so expensive. It actually cost 360 thousand dollars. If it was ten times, he would have to pay Elvira 3.6 million dollars!

Previously, he had already given Judy 10 million dollars. He had also spent one million dollars on customizing the diamond. ring for her. Now that he had taken out another 3.6 million dollars, his private money was almost used up. Moreover, giving Elvira money was equivalent to supporting her poor husband by using this money. He was really unwilling.

Elvira also had a look of contempt on her face. "It doesn't matter if you can't afford it. I'll keep this gown for myself."

"Who can't afford it? Elvira, do you think everyone is as poor as you?" Zoey was very angry. She thought. These people are simply too arrogant. Then, she said, "Calvin, quickly pay and let her take off her gown in public!" Judy also looked at Calvin affectionately. She really wanted this gown. The gown that Elvira wore last time made her crazy Only by buying this gown today could she be normal.

"I'll transfer the money to you now. Give me an account. Calvin had no choice but to pay in order to make Judy happy.

## She Got A Better Man

He thought, "More importantly, I can't afford to lose face. I had already said it. If I can't pay, I will really become a liar. I will only make a fool of myself in front of everyone.

Elvira immediately gave Calvin an account number. When Calvin entered the amount, he still felt a little sad. He turned around and saw Judy looking at him with admiration. He felt that the money was worth it.

Elvira received the message that 3.6 million dollars had been transferred to her account. She smiled contentedly. She turned around to enter the fitting room. She changed into her own clothes again and came out to hand the gown to the waiter.

"Tracy, let's go, I'll treat you to a big meal today." Elvira playfully waved her phone.

Although Tracy was very unhappy with their attitude, seeing that Elvira was happy, she didn't want to argue with them.

"Elvira, thank you for giving it to me. Judy looked at Elvira with a grateful expression.

"Thank her? It's Elvira's extortion! 3.6 million dollars is enough for her to support her poor husband for the rest of his life!" Zoey said. The more Zoey thought about it, the more sad she became. Even if the money was not hers, she hated Elvira even more now. She thought that Elvira was a slut who was greedy for money!

Elvira could not even be bothered to look at these people. She personally helped Tracy out of the luxury store.

Judy looked at Elvira who was not even willing to look at her. She was very angry. She thought, Just the poor. Why is she so arrogant?

Calvin wanted to say something to Elvira, but other than receiving the money, Elvira ignored him and did not even look at him. He didn't say anything.

He suddenly realized that Elvira did not seem to care about him anymore. This feeling made him feel very sad and his heart felt a little empty.

Tracy held Elvira's hand. She said, "Although this gown doesn't suit you, there's no need for you to give it to your scheming sister,"

"Tracy, it is 3.6 million dollars! I think I will be lucky if I am together with you! In the future, I want to go out more often with you!" Elvira smiled brightly, but her heart was a little cold. She thought, 'Anyone could tell that Judy is scheming, but the Willis family and the Kennedy family could not. Therefore, if someone looks down on you, everything you do is wrong! It is useless to forcefully curry favor with them. Elvira was very glad that she had come to her senses in time and corrected herself.

"Really? Anna, did you hear that? Elvira said that I'm a lucky star Tracy was naturally overjoyed to be praised. Her face was filled with wrinkles.

"I heard it, I heard it. Mrs. Gilbert, you're so lucky. You can help Elvira. When Anna saw how happy Tracy was, she smiled and complimented her.

Tracy was overjoyed.

Elvira had to queue up to buy three cups of coffee to drink on the way back, so she asked Anna to take Tracy to the roadside

To rest.

Elvira had just queued up when she heard an argument not far away. It seemed to be Anna's voice.

When the coffee was ready, Elvira took them and went to look for Tracy and Anna. From afar, she saw Anna arguing with someone while Tracy stood at the side.

Elvira looked at Karen and Amber, and her face darkened. There were five people over there, and one of them was an

62%

unfamiliar old man. Hiding a tricycle that crashed the Willis family's car. Elvira did not know what exactly happened, so she could only rush over.

Suddenly, a purple sports car drove arrogantly and wanted to crash Tracy and Anna.

Elvira looked at the woman in the driver's seat. It was Judy. Elvira's face turned pale and she shouted, "Be careful!"

When Anna heard Elvira's shout, she turned around and saw a purple car crashing towards her and Tracy. She subconsciously pushed Tracy away and stayed where she was, preparing to be crashed.

An ear-piercing screech of brakes sounded. Judy's car was close tightly to Anna's leg. Anna was so frightened that she fell in front of the car in the next second, her heart almost jumping out of her chest.

Tracy was pushed away by her and sat on the ground. Old people could not withstand a fall. The bones of their were brittle and it was easy for them to break bones. Tracy's face was gloomy. After all, she had been through a lot. This small scene was not enough to scare her. When Karen heard Elvira's words, she looked at Elvira, whose expression had changed drastically, and her heart softened. She thought, "It seems that Elvira still cares about me. In that case, it is not that the Willis family can't accept her..."

Before Karen could finish her imagination, she saw Elvira rushing to the old woman who had fallen to the ground. Elvira supported worriedly the old woman who argued with Karen.

Karen's face instantly turned cold and ugly. Her gaze landed on the traditional clothes that this old woman was wearing. She thought, Judy said that Elvira had bought the traditional clothes for my birthday gift, but I did not receive it in the end. Hence, Elvira, this unfilial woman, actually gave the clothes to this old woman!

Karen's heart instantly turned cold. She looked at Elvira with an unfriendly gaze. She thought, "The Willis family has raised this ingrate for nothing!

Anna also got up by herself and helped Tracy up with Elvira. Elvira asked with concern, "Tracy, how do you feel? Does it hurt anywhere?" Elvira asked as she patted the dust off Tracy's clothes. Karen was especially displeased with Elvira. She glared at Elvira as if she wanted to kill Elvira,

"Don't worry, I'm fine. Tracy smiled at Elvira.

Judy got out of the car. She took off her wide sunglasses and said without any sincerity, "I'm really sorry. I didn't see anyone in front!"

"Judy, why did you step on the brakes? We don't need to compensate a lot of money if she dies. It's just the life of a poor person!" Zoey crossed her arms and had a teasing expression. It was obvious that the two of them had done it on purpose just now. They looked especially annoying-

Elvira was sure that Tracy was fine. She asked Anna to help Tracy to the side to rest. She looked at Judy coldly with a strong murderous intent in her eyes.

At this moment, Calvin also drove over. He looked at Elvira's strange expression and got out of the car. He asked, "What happened?"

Judy almost smashed into two dogs just now! Those two dogs reacted quickly and ran away!" Zoey crossed her arms and explained with a smile. Not only did she not take human life seriously, but she also insulted Tracy and Anna.

When Judy saw that Calvin had arrived, she put on a guilty expression. "Calvin, I almost smashed into them just now. I saw them arguing with Karen and Amber. In my panic, I stepped on the wrong accelerator. Elvira seems to be angry. Elvira, I didn't do it on purpose. They're fine. Don't be angry."

## She Got A Better Man

That's right. Isn't it fine? They even damaged our car. The repair fee is at least 100 thousand dollars! Amber was heartbroken when she saw her car. She did not think that Judy had done anything wrong. Seeing this, Calvin looked at Elvira and advised, "Since they are not injured, let's forget about this matter, Judy didn't do it on purpose."

"Did those two old women hit this car? Don't forget this matter. They have to compensate us! With the scratches on this car, they should compensate a lot of money!" Zoey continued to spout obscenities, and the words she said were even more unpleasant.

"Elvira, didn't you cheat Calvin of 3.6 million dollars just now? Coincidentally, you can help those two old women..." Before Zoey could finish speaking, Elvira picked up the coffee in her hand and smashed it at her head. The cup was broken on Zoey's head, drenching her face with coffee. She screamed!

Elvira rushed over and grabbed Zoey's clothes. She gave Zoey two slaps on the face and raised her leg to kick her abdomen hard, causing her to fall to the ground.

The others did not expect Elvira to dare to hit someone on the street in broad daylight. When Judy reacted, she wanted to pull Elvira away, but Elvira slapped her twice in the face. Thinking of the scene where she almost hit Tracy and Anna, Elvira grabbed Judy's hair and went to her car. She held Judy's head and slammed it against her sports car.

Calvin was stunned for a second before he quickly rushed over to save Judy. However, Elvira kicked him away. Elvira grabbed Judy's hair fiercely, preventing her from escaping, Judy felt that her scalp was about to be pulled off by Elvira, She screamed in pain.

When Amber saw that Elvira actually dared to hit Judy, she screamed and rushed towards Elvira. Karen was so angry her hands were trembling. She pointed at Elvira and scolded, "You ingrate. Stop it now"

Elvira looked at the bodyguards around her. When Tracy was almost smashed into, these bodyguards that Zach had arranged in the dark had already appeared. However, when they saw that no one was injured, they did not come over.

that

Seeing that these women were about to rush over and hit her, Elvira shouted, "Everyone, come and help me! Beat them to death! It's on me if they die!"

The bodyguards rushed forward after receiving the order. Amber was kicked to the ground by a bodyguard. Calvin was entangled by the two bodyguards. Calvin also knew how to attack, but it was not enough against the professional bodyguards sent by Zach. He was beaten to the ground by the two bodyguards and pressed to the ground.

Elvira grabbed Judy's hair with one hand and refused to let go. She hit Judy as she instructed the bodyguards, "Beat that bitch for me. Slap her a hundred times! Or I'll deduct your salary However, she didn't know who paid these bodyguards.

The bodyguards obeyed. One of them grabbed Zoey, who was trying to escape, while the other raised his arm and slapped Zoey's face. With just two slaps, Zoey's face swelled up. After ten slaps, her teeth were loose, and her head was buzzing-In the beginning, she was still cursing at Elvira. Then she could not curse anymore!

Tracy was helped by Anna to sit on a stool to rest. When Tracy saw Elvira's expression, she was in a good mood. She covered her mouth and laughed. "Elvira really looked like me when I was young!"

"Yes, Elvira is amazing!" Anna was pleased when she saw these shameless people being beaten up so badly.

Karen was about to go crazy. She had come out to shop, so she did not bring any bodyguards. She thought, 'Elvira is simply crazy!'

"Elvira, stop it. That's your family! How dare you let someone hit them? You're simply crazy!" Karen wanted to go forward but was afraid of Elvira's bodyguards. She could only shout and hope that Elvira would stop. 15:41 Sat, Nov 23 Gu

Elvira grabbed Judy's hair and made her look up. She slapped July's face and said, "I'm teaching this inhumane bastard a lesson on behalf of Vincent. This is called enforcing justice!"

Judy screamed. She was really crying from the pain. She felt that her scalp and hair were about to be pulled apart.

"Calvin, help me!" Judy cried and begged for help from the only male here.

However, Calvin could not even protect himself now. There was no way he could save her.

"Aren't you capable? Didn't you want to kill someone? How dare you! Elvira grabbed Judy's hair and slapped her face again and again, making her unable to fight back.

Judy only felt dizzy. Everywhere hurt like hell. She really wished she could kill Elvira right now.

"Everyone, stop!" Elvira stopped everyone when she saw that the light was almost over.

No one hit Karen. Calvin's situation was still okay. Amber, Zoey, and Judy were all beaten up badly.

In particular, Elvira held Judy's hair. Elvira raised her hand and slapped Judy's swollen face. She said word by word, "You should be glad that Tracy is fine! If she was injured, I'll kill you! In my eyes, this lousy car of yours can't even afford a strand of Tracy's hair!" "Elvira, let go of Judy! Don't hit her again!" Amber was anxious to save Judy.

Karen's expression was extremely dark as she said coldly, "Elvira, let Judy go quickly. I won't let this matter rest today!"

Karen, you don't think I'll let this matter rest, do you? Let me tell you, it's not over yet!" Elvira finally let go of Judy's hair. It was mainly because her hand was sore.

Judy was freed. Calvin quickly came over and hugged her. He looked at Elvira standing in the middle with a cold expression. He felt that he almost did not recognize her!

Tracy watched happily as Elvira beat the people who wanted to smash into her.

"Tell me, what happened just now?" Elvira was referring to the car being scratched.

Seeing this, Anna immediately said, "Elvira, it's like this. The old man on the tricycle bumped into that car to avoid me and, Tracy. We have already said that we will compensate according to the price. These two people are unwilling to give up, especially that woman. She said nasty words, saying that poor people like us can't afford it even if we sell ourselves!"

Amber was a mistress and a poor woman before. When she became rich, she was as arrogant as a nouveau riche, especially to the poor people. She looked down on everyone.

"That's right. Our car costs two million dollars! You won't be able to afford it!" Amber sat on the ground and was still very domineering.

"Karen, tell me how much I should compensate you for this car. I'll compensate you!" Elvira looked at Karen opposite her. There was no warmth in her eyes.

Karen was agitated by Elvira's attitude and said coldly, "At least 200 thousand dollars!"
