

Beyond Deep Space

Chapter: 21

On the lawn, the barbecue racks have been set up, and the self-service food on the long tables has also begun to be placed.

There may be more than 20 students who are selected this time and will go to Xinxing, and there are more than a dozen students who will stay in this city and return to their hometown.

It is naturally very lively when so many people gather together, there is no barrier or division.

However, many of the classmates who stayed in the old land are still very disappointed. They have heard some rumors more or less, and they already know that if they miss the new star, they have missed a fateful attachment. It seems that something terrible is happening there.

Some people have heard that the future will be extraordinary!

In such a great era, if some of their classmates are always at the forefront and touch supernatural power, it is difficult to imagine what the future will be like.

"Wang Xuan!"

The people who stayed in the old land had mixed feelings and greeted Wang Xuan. These people all sighed, even Wang Xuan lost the election, which was unexpected.

Wang Xuan understood their feelings, walked over and chatted with them a lot, and when it came to the future, he really felt sorry for this group of students.

They insisted on staying in this city, waiting for the list to come down, and seeing if new people would be added in the end, was enough to explain their mood.

At the same time, this also indirectly proves their confidence in themselves, because these people's old techniques have indeed achieved good results.

But unfortunately, the selection criteria this time are not based on this.

"I heard that when the blood samples from our physical examination were brought to Xinxing, some analysis was done there as one of the selection checkpoints." Said a male student who stayed in the old land.

Wang Xuan was taken aback. It was the first time he heard about it. He thought it was just what he had analyzed Qin Cheng earlier, but he didn't expect this kind of test to be involved.

Qin Cheng eased the atmosphere, and said: "Forget it, don't mention the past, don't get lost, it's nothing to stay, and you can't touch the extraordinary, then we will work hard and strive to be a chaebol from today, ordering and controlling the extraordinary in the future. "

A group of people were suddenly amused.

As night falls, standing on this mountain overlooks the city not far away, where the lights are bright and the night view is beautiful.

Over time, many drank too much and became emotionally charged.

The people who are chosen to go to Nova from home are the most excited, imagining the future, and dreaming of becoming a superhuman one day.

Therefore, most of them drank too much, and some let themselves go.

However, the overall atmosphere is not bad. Whether it is someone from Xinxing, or a student who was born in the old land and will go to Xinxing, they all promise the remaining students that if they have the opportunity in the future, they will definitely help the students here.

In the city in the distance, the streets are brightly lit, like silver chains intertwined, and the endless sea of lights blend together, bright and brilliant.

At this time, there are countless stars in the sky, and the starlight is pouring down, which is also gorgeous.

Some people are slightly drunk and drunk, and can't tell the difference between the stars in the sky and the lights in the world. The sky and the world seem to be connected together.

Finally, someone lost control and cried on the side. He was not selected. After drinking, the loss in his heart was revealed and he couldn't help crying.

Wang Xuan and some classmates suddenly became sober, and quickly sent him to a room to rest and stop drinking. Finally, nothing went wrong.

At this time, someone came to Wang Xuan, holding a crystal wine glass and shaking it gently to release the fragrance of the wine.

Qin Cheng immediately followed after seeing this person, and stood with Wang Xuan to face this person.

The visitor had mid-length hair past the ears, and was not considered handsome, but his eyes were particularly bright and impressive, and he looked a bit strong, and his temperament was obvious.

"Kong Yi, don't make trouble." Qin Cheng warned.

Chapter: 22

If anyone among these classmates has a bad relationship with Wang Xuan, it must be this person.

Wang Xuan is usually calm and stable, and has a good relationship with all his classmates.

Kong Yi is from Xinxing, and the reason why he had a bad relationship with Wang Xuan was mainly because he had pursued Ling Wei when he was in school, and Wang Xuan became Ling Wei's boyfriend.

"Where do you want to go? I don't care about the occasion. I have to find something here?" Kong Yi is a strong person, and he was slightly provocative towards Qin Cheng, mainly because he was dissatisfied with his attitude just now.

Wang Xuan stopped Qin Cheng, raised his glass to Kong Yi, and said: "Drinking, we are all classmates, we will be separated soon, there is nothing we can't let go of, and it's nothing at all."

Kong Yi glanced sideways at Qin Cheng, then clinked glasses with Wang Xuan, drank it all in one gulp, and said, "Come on, come this way, I have a batch of rare delicacies sent by Xinxing here, I invite you alone before parting!"

Wang Xuan walked side by side with him, Qin Cheng was worried and followed, worried about problems.

"Here, you must have never eaten this kind of deep-sea jellyfish. It is considered a rare specialty in Xinxing."

"There is also this kind of spiritual snow cow produced on the grassland at the foot of the Xinxing Snow Mountain. The meat is extremely beautiful, and the carefully selected parts can be top-notch sashimi in Xinxing, let alone here. I have eaten it, this is specially for some old guys, try it, it is very fresh."

Kong Yi took Wang Xuan to a room and introduced him the ingredients on the table, smelling of alcohol.

Qin Cheng can't understand him a bit, mainly because he thinks he is too strong, and he has a new star on the left, and you have never eaten the one on the right, and his words are stinging.

So, he responded angrily: "What's new about this, do you know how I eat top-quality snow cow sashimi? The sun rises in the east, and the first ray of morning glow blooms. I am chasing cattle on the Hulun Buir Grassland. This time period This is when the beef is at its tenderest!"

Kong Yi was stunned, and Wang Xuan was also speechless.

"Ha ha....."

The door of the room was pushed open, and a group of people walked in, all laughing.

"Fresh, it's definitely the freshest way to eat. I'll try it when I get back to Xinxing!" Even the aloof Xu Wenbo laughed.

Kong Yi understood what was going on at a glance. The group of people were worried and were all staring at him, fearing that he would cause trouble.

He was quite dissatisfied immediately, and said: "Am I so unbearable? How could I find trouble with Wang Xuan? Besides, at this stage, if I provoke him, I will only be beaten by him, and I am not his opponent at all. Farewell, I am special." Let people prepare rare ingredients, all of which are great tonics, I know that he is obsessed with practicing old skills, and these things are good for his body."

"I can testify that Kong Yi did put in some effort to reconcile with Wang Xuan before parting." Su Chan said.

Wang Xuan nodded: "I know, come on, the past is nothing, it has already been turned over, I wish you a bright future and extraordinary success!"

He clinked glasses with Kong Yi, and Qin Cheng also came over, stuffed a few slices of beef into his mouth, and clinked glasses together, saying: "It is indeed better than the beef on the Hulun Buir Prairie."

The three of them clinked glasses and drank in one gulp.

"Wang Xuan, you are a nice person. To be honest, if it wasn't because you pursued Ling Wei back then, your personality is very suitable for me. Maybe we can become friends." Kong Yi said with his tongue out.

"It's not too late now, we are classmates and friends." Wang Xuan said.

"Ling Wei hasn't come yet, I guess it will be later." Zhou Kun told Wang Xuan in a low voice.

Not long after, Wang Xuan and Kong Yi hooked up together, smelled of alcohol, and came to the lawn outside, causing a group of people to stare at them. The two of them... can live in peace?

Even the two of them resolved their old grievances, and the atmosphere suddenly became much more enthusiastic. Everyone was a little drunk as they exchanged glasses.

A few students from the old land who are going to the new star soon, have been looking forward to the life there.

"What good vision do you have?" Someone asked, and at the same time he expressed his wish.

"When I settle down there, I must buy a villa like the one in front of me in a place with beautiful mountains and clear waters. Well, go to a more remote place to buy. The future appreciation potential is huge, and the population of Xinxing will definitely increase."

Chapter: 23

Wang Xuan smiled and said: "As you can imagine, most people have already acted, and whatever you like and yearn for..."

Just now, Qin Cheng interjected in advance: "What I like and yearn for is to be alone with Zhao Qinghan..."

He spoke in such a hurry that Wang Xuan's words changed suddenly: "Wherever you like and yearn for, there must already be a lot of traffic."

Around, a group of people looked at Wang Xuan with strange eyes.

He patted Qin Cheng on the shoulder and said, "What are you talking about?"

However, the surroundings were still very quiet. A group of people looked behind Wang Xuan. He immediately came back to his senses, turned around quickly, and saw the extremely beautiful Zhao Qinghan in an instant.

Zhao Qinghan is tall and tall. Tonight, she wore a white dress that was tied around the waist and did not reach the knees, showing off her beautiful figure, with undulating curves and slender legs.

The night wind blows, blowing up her long black and smooth hair. Her face is very beautiful with white melon seeds. She was originally delicate and sweet, with a smile on her face, but now... her smile is stagnant.

The scene was quiet, and no one moved.

Zhao Qinghan was dressed in a white dress, and even a woman like her who was used to scenes and had a high EQ fell into a moment of silence. It was conceivable how abnormal the atmosphere was.

Wang Xuan turned around and stood opposite her.

The maple trees on the mountain are fiery red, the scenery is beautiful, and the city below the mountain is brightly lit. These are like the background of a picture scroll, which brings out a kind of tranquil beauty to the people present.

Wang Xuan really did not expect that Qinghan Zhao would appear suddenly.

The most important thing is that Qin Cheng interrupted randomly, which led to a sudden change in the painting style.

"You're late, and you'll punish yourself with a drink." Wang Xuan said.

No one expected that he would be so calm and without any hesitation, he raised the wine glass in his hand and smiled at Zhao Qinghan in front of him.

Although Zhao Qinghan is usually calm and confident, often attends various events and has seen big scenes, but just now his body was indeed a little stiff.

Now she subconsciously raised the red wine glass in her hand, but soon she calmed down again.

Halfway through the toast, a smile appeared on her face again, and her brilliance returned, but she didn't speak, nor did she go to clink glasses with Wang Xuan, hoping to see his performance, and how quickly and astutely he could respond.

At this moment, Qin Cheng spoke up: "Qinghan, don't get me wrong, Old Wang is very reliable, the main reason is that I spoke too hastily just now!"

Wang Xuan, who was originally calm, was no longer calm, and wanted to say, brother, can you speak, why did you interrupt again? !

The best way to deal with this kind of thing is to expose it as soon as possible, there is nothing to explain, so Wang Xuan didn't change his face just now, as if nothing happened.

Zhao Qinghan was also speechless, raised the wine glass in his hand and touched Wang Xuan lightly, lightly moistened his red lips, turned and left, leaving an elegant back.

"Did I say something wrong?" Qin Cheng asked, he himself knew that it was superfluous, and the more he described, the darker it became.

Wang Xuan patted his shoulder for fear, and said: "You are right, no, just send her away, everyone will not be embarrassed."

Qin Cheng breathed out his alcohol and said, "No, my original intention was to have a private conversation with her and have a drink, but everyone left, so who should I find?"

"Just go there, she hasn't left yet." Kong Yi gave him a trick.

Then, he pulled Wang Xuan away and came to the edge of the mountain, leaning on the railing to look at the lights on the land in the distance.

"This time someone is talking to you, and I want to bring you to Xinxing." Kong Yi put his hands on the railing and said such a sentence.

Wang Xuan already knew that Professor Lin had found an investor.

Chapter: 24

However, he felt that Kong Yi should not just tell him this, so he couldn't help but look sideways at him.

"The person in charge of the old art research project has an impression of you. Although your condition does not meet the selection requirements, your performance in the old art is a bit amazing, so I want to make an exception and take you away."

Sure enough, there was something hidden in it, and Kong Yi asked him alone to have something to say.

"Ling Wei's family has intervened to suppress you in the old land and prevent you from going to the new star."

These words rang in Wang Xuan's ears like thunder, which made him sober up instantly, and stared at Kong Yi with extremely sharp eyes.

Kong Yi has always been strong and did not show any weakness. He turned around and looked at him, and said, "If you don't believe me, you can find someone to investigate. There will always be clues left. Besides, since I know about this matter, there must be more to come." Others understand."

"Why did you tell me this?" Wang Xuan asked.

Kong Yi said in a deep voice: "I'm afraid that if you get some news about someone suppressing you, you will end up blaming me. I won't take the blame for this!"

Before he turned and left, he added in a low voice: "Ling Wei's family is far more powerful and influential than you imagined!"

Seeing his back appearing in the light of the villa, Wang Xuan still stood where he was, turned around and looked at the bright city below the mountain again.

"Did I think too well of people?" He whispered.

Earlier, Qin Cheng had suspected that his ex-girlfriend's family had made efforts to suppress him in the old soil. At that time, he shook his head, thinking that it would not be possible.

Wang Xuan had contacted Ling Wei's father, to be precise, it was the middle-aged man who took the initiative to find him and put pressure on him.

When we met for the first time, although Ling Qiming was very serious, he also had another side. His face was full of a father's concern and love for his daughter, fearing that she would choose the wrong person.

At that time, Wang Xuan was being scrutinized by the other party, and Ling Qiming questioned him aggressively, but he was not angry.

Comparing his heart to his heart, if one of his daughters had a boyfriend in Yixing, Wang Xuan felt that he would be a little worried and would kill him to have a look.

Ling Qiming's aura was so strong that Wang Xuan really couldn't stand it later, and was warned again and again.

But at that time, no matter how strong Ling Qiming's aura was, he did not use his relationship against him in private, which made Wang Xuan's impression of him not bad.

Wang Xuan has always been unwilling to judge others with malice, and always put himself in the shoes of others, thinking that this is a strong father's protection of his daughter. Although it is too much, it is barely understandable.

Until now, he felt that he thought of some people and things too beautifully.

He shook his head, took a deep breath, and walked back. Regarding what had happened, he didn't want to dwell on it any longer. People should always look forward.

"Wang Xuan, come here!" Zhou Kun called him over to drink.

Wang Xuan's eyes suddenly turned strange. He knew very well that once Zhou Kun drank alcohol, he would let himself go, as if he was a different person, and he would talk endlessly.

Zhou Kun didn't care, and said: "Didn't I tell you when I went to find you, I want to have a drink with you tonight and have a good chat."

Not far away, the eyelids of Su Chan, Xu Wenbo and others twitched slightly. Zhou Kun was taking the initiative to leak the secret. When he was drunk, he would chatter and answer every question he had.

"Did he do it on purpose?" Li Qingzhu whispered.

Su Chan pursed her lips and said, "Let him go, the new technique is no secret, and it will definitely spread to the old land after a while."

Wang Xuan understood that Zhou Kun took the initiative to tell him something by being drunk.

At this time, Qin Cheng came over with a happy face: "I had a drink alone with the goddess just now, and she said that she would visit me on the moon when she had time. By the way, she just asked about you, Lao Wang, whether the old technique is practiced or not!" At what level, I told her, it is about 9.8 Kong Yi, 12.5 Zhou Kun, and 11.6 Xu Wenbo."

Zhou Kun was about to get drunk at first, but when he heard this, he quit immediately and said, "Qin Cheng, is there anyone who compares you so much?"

Chapter: 25

Kong Yi also came over, with a bad look on his face, and said, "Can you talk?!"

Even the aloof Xu Wenbo couldn't hold back anymore, the corners of his mouth twitched twice, and said: "Qin Cheng, do you measure it like this, I have become a unit of measurement?"

"I just said it casually, drinking, what do big men care about?" Qin Cheng grabbed Zhou Kun and said, "I like drinking with you the most. Come on, let's have a drink!"

Zhou Kun squinted at him, Qin Cheng definitely came here to get him drunk and set up secrets, it was not clear that he was actually going to take the initiative to "leak the secret" to Wang Xuan.

Wang Xuan hurriedly stopped Qin Cheng, fearing that he would really make Zhou Kun drunk and fell to the ground, said: "Drink slowly."

Qin Cheng was surprised that Zhou Kun gradually began to let himself go after drinking half a glass of wine.

"Let me tell you, there is a new technique on Nova, also called super technique, and some people want to call it divine technique..."

"Zhou Kun, you are quite courageous, just talking nonsense outside, some things are still in the confidential stage, can you do this okay?"

Suddenly words came, and someone was approaching with strides.

This is a young man with short hair, a strong body, about 185 cm tall, very bright eyes, sharp and piercing.

"Brother Yun, I'm drunk, pay attention next time." Zhou Kun sobered up, but he wasn't nervous. He obviously knew this man.

The person who came was a few years older than Zhou Kun, Xu Wenbo and others. He had a radiant complexion. He was very strong, and his words were not euphemistic. He stared at Wang Xuan and Qin Cheng and said, "You guys really dare, how about clichés?" Want to get Zhou Kun drunk and learn something from him? "

Zhou Kun immediately stopped him and said, "Brother Yun, this is a reunion among our classmates. If you want to drink, go to your room!"

Kong Yi, Xu Wenbo and others also came over immediately, blocked his way, and advised him not to do this.

"Who are you, you speak so aggressively, have you taken gunpowder?!" Qin Cheng was not used to him at all, and asked directly.

Seeing Su Chan, Li Qingzhu and others also approaching, Brother Yun immediately smiled and said, "Why are you so nervous, am I such an unreasonable person?"

Zhao Qinghan came over and said, "Brother Yun, I know why you are here, please don't do this, okay?"

Brother Yun smiled and said, "I didn't come here today to cause trouble, um, I just heard that there are people here who have practiced old skills well, and I want to learn from them."

"Wang Xuan, aren't you very curious about the new technique? Come, compete with me, and I'll demonstrate it to you!" The person called Brother Yun actually said such words.

For a moment, not to mention the classmates from the old soil, even the classmates from Xinxing were shocked. He actually... practiced a new technique? !

Wang Xuan was very calm. He had already noticed that this person came up in a small airship and stopped in a small open space not far from the two flying saucers.

As soon as he appeared, he walked directly to this side.

Wang Xuan realized that this person was coming for him, because his eyes had fallen on him many times, scanning and observing him constantly.

Now, the young man directly called his name.

"A simple discussion, do you dare to have a game, do you have confidence in the old technique against the new technique?" The young man called Brother Yun asked again.

Wang Xuan looked at his face thoughtfully.

If it was in the past, if someone inexplicably invited him to fight, Wang Xuan would probably ignore it and be too lazy to pay attention.

However, this young man has already mastered the so-called new technique. He really wants to see what kind of path it is!

"The new technique is also called the super technique, and some people prefer to call it the divine technique."

The very strong man said to himself there, and then added: "The old technique is almost officially eliminated in Xinxing, and now some people are starting to call it a crude technique."
