

“I don’t know, but I’m sure, someone wants me to know.”

This one, the old naughty boy, his eyes shrank.

Someone? Who is it?

Where is he?

I don’t know.

The two people looked at each other and could see the surprise in each other’s eyes. Even after Ethan himself said this, Xidi Zhe Zhe Yi Zhe Erling felt that it seemed that someone was going to say this. Borrowing My own mouth, I said this sentence.

It seems that in his body, there is also a remnant soul of a person, like a wolf, occupied by the remnant soul of the devil!

But he didn’t have that intuitive feeling.

“Go to Tiangong again,” the

the old naughty boy hesitated, “maybe, go again and find some answers.”

Chapter 2421

There must be a lot of things they don’t know.

There are too many unknowns, which is not a good thing for them.

The most important thing now is to clarify the situation, at least to know, what is the weakness of the devil, otherwise how to defeat him?

As long as the devil is still a day, there will be no peace in this world.

Ethan walked to the door and looked at the street outside. There was still a lot of traffic and people coming and going, but who knew that someone was silently bearing some responsibilities.

Where are the years quiet and good, but someone is carrying the weight for you.

“South Greencliff? Erxi hides love and brushes on the mountain? You stare first.”

Ethan turned to look at the old naughty boy.

“Don’t you need me to go with you?”

“No, I can go by myself. Someone is needed on the South Greencliff.”

Ethan said, “The two of us, we must have one guarding the South Greencliff to protect their safety.” The

an old naughty boy said Nodded.

The whereabouts of the greedy wolf is unknown. Of course he knows that without certainty, the greedy wolf will not appear again, but they don't have much time.

They must not watch the remnant soul of the Demon King and recover step by step, otherwise it will be really troublesome.

Ethan left without telling other people, lest they would worry anymore.

There are old urchins in the South Greencliff, so he doesn't need to worry too much. The greedy wolves are also helping themselves. Everyone has the same opponent, the devil!

Ethan once again entered the second dimensional space and headed to the heavenly palace.

Compared with the last time he came in, Ethan found that the environment of Tiangong had changed a bit.

The dense fog makes people feel very comfortable.

He knew that it was the water in the Longevity Pond, and the mist that was constantly evaporating, filling the entire heavenly palace with vitality. He just wanted to restore this place and become the same as in the past. I am afraid it will take a long time.

Ethan looked at the way he was walking, and the first time he came here was with Greed Wolf, and was in a lot of trouble.

But now he came in again without any hindrance.

On the ground, you can already see that there are many grasses that have emerged. The green color makes people feel comfortable in their hearts. It is life and represents new life.

Ethan squatted down and reached out to touch the grass lightly, feeling her heart trembling.

“This is a little life.”

Xiaocao seemed to have spirituality. When he was touched by Ethan’s finger, he shook it slightly, seeming to like being touched by Ethan .

A gust of wind blew gently, and the grass shook faster.

This feeling of spring is really rare.

Ethan turned his head and looked around.

Even under the collapsed corners, there is greenery. The dense air is full of energy and nutrients. The grasses are struggling to absorb these nutrients so that they can grow up quickly.

This feeling is really wonderful.

Ethan stood there, watching everything around him, feeling the changes here, even the slightest bit, it made him feel very comfortable.

Suddenly there was a very strong feeling in his heart.

The Tiangong must be rebuilt!

This feeling is particularly strong, not just because he has been affected, but he feels that even these grasses are working hard, trying to find a way to add a bit of vitality to this place.

That is the yearning for new life, yearning for life, yearning for everything new!

“If the crypt represents death, the palace of the day represents life.”

Ethan said, “Life and death shouldn’t be opposites.”

Life and death, life and death should be the same thing, where is the new life without death?

If his thoughts are heard by others, I am afraid they will find it a bit weird, and those who understand, may feel a tremor in their hearts when they hear this.

Ethan’s understanding reached an extremely deep level in an instant.

What is life and what is death?

What is the exchange of death?

He walked aimlessly, looking around, looking at the tender green branches!

Chapter 2422

Especially when I saw a small grass hidden under a boulder, it was against the boulder, as if to use its thin body to break through the huge pressure and rise from the ground!

Ethan stood there, watching for a long time, the expression on his face became more and more complicated.

After a long time, he took a deep breath. Instead of helping the little grass, he pushed away the huge boulder, but let it continue to grow. Perhaps one day, the little grass will grow into a big tree in the sky and will stand in front of it. The top of the boulder opens.

He continued to walk, looking at the dilapidated Nantian Gate, thinking to himself that once this place was once glorious and peaceful, but now he turned his head into nothingness.

Ethan's mood is constantly changing. As far as his eyes are concerned, they are from devastation to gradually showing some vitality. There is still ruin in front of him, a dead silence.

But in this dead silence, there are new lives appearing.

What are these, and what do they mean?

Ethan walked step by step, walking up the steps of the 33rd Heaven again, looking at the ancient Erranyi Furan Erpayi strange dragon chair, he did not sit on it again, just walked to the dragon chair. , As if above, a person is sitting at the moment.

“What do you want me to do?”

He said, looking at the empty dragon chair.

“You attract me, you must want to tell me something. If you have something and want me to do it, just say it.”

He seemed to be talking to himself, but only Ethan knew that there really was one person.

The man was staring at himself as well.

He finished asking, but no one answered him.

The dragon chair was still empty, and no one could be seen there.

Ethan was still standing there.

“The Heavenly Palace and the Catacombs should not be opposed to each other,”

He took a deep breath, “There should be death if there is life, and there should be life if there is death, the devil is wrong, you are all wrong.”

Rumbling-as

as soon as the voice fell, there was a sudden thunder in the sky, which instantly illuminated The sky and fell on the ground.

Right by Ethan 's side!

Almost hit him!

“Do you think I was wrong?”

Ethan was motionless and didn't care at all. “You are still resenting the Demon King for ruining this place, right?”

“You want to kill the Demon King through me, avenge the Heavenly Palace, and then rebuild the Heavenly Palace. , Right?”

“It shouldn't be like this.”

He shook his head, “It really shouldn't be like this.”

Ethan suddenly felt a strange feeling that even if he rebuilt the Tiangong, he shouldn't follow other people's ideas. Do it, but ask him to do it himself, do it in his own way.

There were thunders in the sky, and they fell on Ethan 's side one after another, like a warning, but also like someone venting their anger.

But always, Ethan remained motionless, ignoring the thunder.

After a long time, everything returned to peace.

Ethan stretched out his hand, placed it on the dragon chair, and patted it lightly.

“Let the past pass. Your grievances are your grievances. I don’t want to intervene. I just want to take care of the current affairs. I hope you can understand.”

After finishing speaking, Ethan did not say anything, and walked towards the longevity pool. .

He has already said what he should say, whether others can understand it or not, it is not his decision.

For so long, Ethan has never been a person who listens easily to others. He has his own ideas, his own opinions, and he only believes in his own judgment.

Ethan left. On the dragon chair, there seemed to be a phantom. He sighed softly, laughed again, shook his head, and then gradually dissipated, like a layer of mist, warm and fused by the sun.

Everything is calm.

Ethan walked to the longevity pond and looked at the water in the pond. It was still tumbling. Compared with the last time, the speed of this spring gushing out of the pond has been much faster.

“Guru Guru Guru...”

Seeing the water splashing, Ethan’s eyes were like torches. The most important thing in the reconstruction of the Tiangong was the Changshengchi. This is the origin of life and the spiritual energy of the whole Tiangong!

Chapter 2423

“Taking love, Yiyi, and zero cover? Only when there is vitality, there will be infinite possibilities.

But he also knew that it would definitely take a long, long time to bring the heavenly palace back to life, but the people in the heavenly palace really couldn't come back.

That dragon chair, no one has sat on it for a long time, what kind of person can sit on that dragon chair.

What kind of people can come to this heavenly palace? These rules have been broken. To rebuild the heavenly palace is not just to restore the buildings here, restore the vitality here, but also restore all order.

These are not easy things.

That is equivalent to rebuilding a world!

Ethan just thought about it and found it very difficult. It is too difficult to do it by himself. Even with the support of modern technology, it is also difficult.

Even now, he has no clue.

Ethan stood there, his heart calm, listening to the gurgling sound of the water, the whole person became calm, that kind of spiritual peace was too difficult.

He took a deep breath, and sat cross-legged slowly, looking at the water that kept coming out of the spring, his eyes were out of focus, and the kind of absent-minded daze was often a very good and comfortable state.

It's just that in the past thirty years, Ethan has not had the opportunity to experience it.

In his mind, like a slideshow, he played the path of his life.

He was kicked out of his house when he was a child, lived on the streets, and almost died outside, until he was taken away by his master, he learned a skill and became the most powerful God of War in the East!

Then I left the battlefield and returned to the South Greencliff to find Lin Emma, protect her, love her, accompany her, and even now, he has a daughter of his own.

All this is so dreamy that it is a little unreal.

Ethan watched the sparkling water surface, and his thoughts floated far away. It was rare to relax in a daze like this.

Suddenly, the ground trembled suddenly!

Ethan instantly became vigilant.

He saw the water trembling violently, and there seemed to be something about to come out of the pool.

He immediately stood up, alert to the abnormal changes in the longevity pool.

But in the longevity pool, no monster came out, but the water was rippling, and a water curtain gradually rose, still sparkling, but there were some shadows appearing on the water curtain.

“This is...”

Ethan was a little surprised, but he didn't expect such a thing to happen.

Just like a projector, the picture on the water screen gradually becomes clearer, and you can see figures and movements.

He turned his head and looked around. Everything was normal around him, and there was nothing special.

“How could this happen?”

Ethan couldn't help but say.

The water curtain seemed to come alive, and it shuddered slightly, and the picture became clearer, and Ethan could even tell whether the figures on the water curtain were male or female.

Amazing!

What has happened now has long surpassed his cognition, although he has always reminded himself that this world is very strange and mysterious. Just like Ethen said, what they can always see is only the tip of the iceberg of this world. .

Even this world is just the tip of the iceberg that they are willing to let them see.

Just like this kind of water curtain, it's like magic, and ordinary people will be shocked when they see it.

Suddenly, Ethan Hunt's face changed slightly.

He saw the picture on the water curtain start to change, a man... is that greedy wolf? No, it's the devil!

It is the complete recovery of the devil!

He can control people's hearts. The double pupils expose the dark side of everyone's heart. There is no fan in the world, only selfishness, as long as they are treacherous and cunning.

The picture changed again. Ethan saw that the crowd began to do things, violence and crime were everywhere, and the world began to become chaotic.

War...

killing...

plundering... the

world order is gone. Everyone seems to have returned to the age of wildness. There is no rule to restrain them. Everyone follows their inner selfish ideas. There is no morality and law to suppress them.

That kind of state makes people feel terrible!

Even Ethan couldn't help but trembled.

If the world becomes like that, it's really over

Chapter 2424

He suddenly remembered what the devil said.

The devil saw his heart, there was also a dark side, and there was also a devilish energy, which made the devil very happy, and even gave up doing it and chose to leave.

His smile imitated? Ai Pa Yi Ling Yi Yi Ran Yi? Buddha is like discovering a treasure, so that he can be unscrupulous, so that he can be so arrogant!

Could it be that he has a winning ticket?

Ethan Hunt's eyes trembled, and his mood was a bit complicated.

He looked at the picture on the water curtain, as if all this had come true, causing his mood to follow some ups and downs.

Watching those ordinary people die and lose their homes, watching the children cry and weeping, watching those people leave their homes and die in foreign land...

Ethan shook his head.

"No, it can't happen, absolutely not!"

“I can’t let this happen!”

His eyes were reddish, and he didn’t want to be affected by this emotion, but he still couldn’t resist the stimulation of those pictures.

Ethan is a person with a very strong heart, and he will never be easily affected by others’ mood and emotions, but looking at the picture on the water curtain in front of him, he can’t control it at all.

“Is this your purpose?”

Ethan said loudly.

There is no one else here except him. He seems to be talking to himself, but only Ethan knows that there is another person here who is always watching him and always trying to impose something on him.

He didn’t want to listen, didn’t want to accept, but it seemed that everything was as destined.

After a long time, the water curtain dissipated, and the longevity pool was restored again, as if nothing had happened.

Ethan stood there for a long time, took a deep breath, said nothing, turned and left.

Coming to Tiangong again, Ethan was not only moved by the vitality, but also shocked by the amazing images on the water curtain. If one day, the world becomes that way, it is definitely not what he wants to see.

Because at that time, no one can take care of himself, even though he has a dark side in his heart and an unstoppable humanity.

His demonic nature is generally released, I am afraid it will be even more terrifying!

This is also the reason why the devil is unscrupulous.

People are selfish. In the past, Ethan had nothing to do with him. Maybe he didn't even care about his own life, but what about now?

He has a family, he has children, and he has so many concerns, how can he care about nothing, it doesn't matter?

He will also be selfish, thinking about protecting the people around him, even if he doesn't care about others, he will not hesitate.

But now, it doesn't work anymore.

Once the world becomes like that, everything is over.

No one can escape.

After returning from Tiangong, Ethan looked like a different person. The expression on his face was very serious. It was difficult to see a smiling face again. Emmareally didn't know what was wrong with him. He thought he was under a lot of pressure and couldn't say anything to affect him.

The same is true for other people, because in their eyes, Ethan is a very powerful person, and his heart is extremely powerful. No one has ever seen his fragile side.

It is impossible for Ethan to be associated with the word fragile.

But the old urchin noticed that Ethan Hunt's temperament had changed a lot.

"Going to Tiangong, did something happen?" The

an old naughty boy found Ethan and asked directly, "Don't hide, there is obviously something wrong with your current state."

"It's okay."

Ethan just shook his head.

"It's okay?"

The old naughty boy snorted, "I'm telling you, what's the matter with you, there are too many people affected. This is your burden. Everyone knows that you are tired, so no one dares to disturb you, but I don't want to be polite with you."

"If something happens to you, what will Denisse do? I'll ask you, what will Denisse do with her!"

He doesn't care about Ethan Hunt, but it's about Denisse and his precious apprentice, so it won't work!

Chapter 2425

No one is more important than Denisse, this baby apprentice, the old naughty boy can give everything for this.

Even if it is his own life!

Ethan glanced at the old naughty boy and knew that he loved Denisse the most, but he couldn't see some things.

The things shown on the water curtain will happen after all. When that happens, who will protect Denisse?

No one can protect Denisse, and it's not just Denisse. At that time, no one can be alone, not even him. In the end, everyone will be affected by the demon in their hearts and become walking dead.

This world is completely messed up.

"The development of the matter may be beyond your imagination, so the situation has changed, and we have to change with it."

Ethan said.

"What do you mean?" The

an old naughty boy heard some bad feelings. "What the hell do you mean?"

"Went to the palace, what happened?"

"We may have underestimated the devil's ability."

"He waited ." After so many years, it may not be greedy wolves, but the double pupils."

Ethan took a deep breath.

"What then? I don't care what he waits for, if he dares to come, I will do it with him!" The

an old naughty boy has such a hot temper.

He looked for one thing, protecting Denisse, and protecting his precious apprentice. He didn't care about the other things.

"Calm down,"

Ethan said, "When the day comes, everyone will have no chance, how can you protect Denisse?"

"When the time comes, even if you will not escape, how can you protect Denisse? To protect her, At least we have to live first!"

Hearing this, the old naughty boy calmed down a bit.

“Then tell me, what’s the situation now? It makes you so worried.”

He hasn’t seen Ethan like this, so worried, he’s not like him at all.

Ethan paced back and forth, and seemed to hesitate for a while before turning his head to look at the old naughty boy.

“I want Denisse to be a bait to attract greedy wolves and kill them with one blow!”

“Impossible!? Er Ai Ai Yi Lola Shu Shu?” The

an old naughty boy exploded when he heard it, his brows were horizontal and his eyes stared. Take Denisse as bait?

Ethan is crazy!

“Listen to me first...”

“Don’t say anything! Impossible!”

“Ethan Hunt! Are you still a human? Use your daughter as bait? You can really tell the

fuck !” The old naughty boy Lei Ting was furious. “I’m telling you, it’s absolutely impossible, let alone Denisse’s mother and her grandmother who didn’t agree, I didn’t agree to it!”

“You dare to touch Denisse, dare to put her in danger, I will kill you!”

He has a face. Murderous, without a trace of joking.

Take Denisse as bait?

Even if you use him as a bait, the old naughty boy will not be so angry, but Denisse as a bait, this is not what people say!

“She is my daughter, do I want her to be in danger?”

Ethan said angrily, “At this point, there is no other choice.”

“The Greedy Wolf will definitely not show up now, and wait for the devil’s remnant soul to fully recover. Everything is too late, what can we do then?”

“I told you, the demon king has waited for so many years, waiting for the wolf’s double pupil, he can get the double pupil, and he will be able to complete his magic power Release it.”

“He can arouse the dark side of everyone’s heart, and expose the selfish side of everyone!”

“At that time, it’s all messed up!”

“Who can be alone?”

Ethan was angry, “protect Denisse. Maybe that day, you will forget to protect Denisse and even hurt her.”

“Impossible!” The

the old naughty boy’s voice was obviously lower.

There are demons in people’s hearts, and they all have a selfish side, and the ability of the demon king is to completely amplify these so that people can ultimately lose control of themselves and become creatures dominated by darkness.

Has the matter reached such a serious point?

Chapter 2426

“Even people with a disposition like wolf greed have been gradually controlled by the Demon King. Do you think ordinary people can resist?”

Ethan took a deep breath, “If things hadn’t reached this point, I definitely wouldn’t take it. Denisse took the risk.”

“She is my daughter, someone I can protect with my life, but in this world, there are more people who also need my protection. I protect other people in order to protect Denisse. Do you understand?” The

the old naughty boy did not speak.

He was gasping violently.

It's not that he didn't understand what Ethan was saying, but he didn't want to understand.

Take Denisse as bait?

Too dangerous!

Today's Greedy Wolf is controlled by the Demon King, and the purpose is to get Denisse's last spring eye. Once he succeeds, it is also over.

Everything is taking the risk, walking on the rope. Except for one win, any other result is a loss.

Where did they lose? The land and the servants leaned against them?

"There is no other choice? You can use me as bait!"

"If you are useful, of course I am willing."

Ethan shook his head, "But now, only Denisse has this effect." The

the old urchin clenched his fist tightly and his eyes were red. Up.

“How sure are you?”

Ethan was silent for a moment and shook his head.

“Not much sure.” The

an old naughty boy forcibly resisted the urge not to smash his fist on Ethan Hunt’s face. He was not so sure that he dared to make such a decision?

He couldn’t wait to kill the bastard Ethan directly!

But he also knew that this was indeed the only way.

Now the greedy wolf won’t come out easily. The last time he played against him, he said that when he discovered the demon in Ethan Hunt’s heart, he no longer had the slightest worry, only waiting for the devil’s remnant soul to fully recover.

No one can stop him anymore.

What else is he out for?

The only thing that can attract him now is Denisse’s last spring, which can not only revive the devil’s remnant soul faster, but also to a higher level!

You can even get eternal life!

The old naughty boy was annoyed, helpless, and even blamed himself. He had killed the greedy wolf a long time ago, and there would be no such thing.

But now, he wants to let his precious apprentice take risks.

“Blame me! Blame me!”

“If I could kill the greedy wolf sooner, wouldn’t everything be gone? Blame me!” The

an old naughty boy blamed himself.

“This matter is not blamed by anyone, and now is not the time to consider this. The top priority is to attract the greedy wolf out and use this only opportunity to kill him.”

Ethan said, “We have to go to the crypt and let those past generations The devil awakens, borrows them, swallows the remnant soul of the devil in the greedy wolf, this is the only way.”

“You can only succeed, you can’t fail.”

Who doesn’t know that you can only succeed, you can’t fail?

But just like this, it’s very difficult. Think about it to know how difficult it is. If you want to succeed, I am afraid that you will have to pay a great price.

The old naughty boy didn’t care about this. What he was worried about was whether Denisse would be

injured, and whether he would lose this precious apprentice because of this incident, which he couldn't bear.

"Ethan Hunt!"

He stared at Ethan and said fiercely, "You better ensure the safety of my apprentice. If she hurts her hair, I will kill you!"

If something happens, Ethan will undoubtedly be the person who suffers the most, but the old naughty boy doesn't care whether Ethan is suffering or not, and he doesn't care whether other people are suffering or not. He only cares about his apprentice and does not want to see Denisse suffer the slightest damage.

Ethan nodded.

"If something happens to her, I won't live." His words shocked the old naughty boy's heart.

The most painful thing to make such a decision must be Ethan Hunt. This is his daughter, his heart, and the person he loves most in his life.

But Ethan must make this decision, because he must make this decision if he wants to protect everyone, protect everyone, and protect his wife, daughter, family, and friends.

Who has a lot of pressure on Ethan Hunt?

Chapter 2427

It is not easy to design such a trap.

Ethan knew what kind of person he was facing, the cunning of greedy wolves, he had seen him a long time ago, and he couldn't use common sense to infer him at all.

What's more, the child this time is Denisse.

Ethan knew that he was taking risks, but he couldn't care less about Denisse's safety. Even the first thing he should do is to ensure Denisse's safety.

All this is not easy, it needs to be well arranged, Ethan Hunt's wisdom, and everyone's cooperation.

It is extremely difficult to not only attract greedy wolves, make him unable to suppress and lose patience, but also let him relax his vigilance and take off his defenses.

This is really too difficult.

Just thinking about it, I feel that it is impossible to do it, especially when the opponent is still in such a terrible existence.

But Ethan didn't say anything. At this point, it's meaningless to consider what might be impossible.

He can only do this now, and he must do it well and be perfect.

Because the consequences and costs of failure are something he and everyone can't bear.

Ethan didn't tell anyone, except for the old naughty boy, even Daniel Yuming didn't even tell him. He took a few people with Harrison and left the South Greencliff without telling where to go.

The old urchin stayed in the South Greencliff and accompanied Denisse.

"Master, am I right to do this?"

Denisse is now interested in Kung Fu, pestering the old naughty boy to teach her Kung Fu, with a serious look on his face, making the old naughty boy laugh.

"Yes, yes, DenisseDenisse is all right."

He is still spoiled, and has no strict requirements on Denisse, where can he go.

If it is the dog brothers, even if they make a little mistake, they will be cleaned up by the old naughty boy!

"Master, you have to be serious."

Denisse said with a small mouth, "What if I can't beat others by then? I want to become the best player in the world!"

"Hahaha," the

an old naughty boy laughed, "Okay. Oh, you will definitely become the number one master in the world, so master should be strict with you? Are you insisting on holding on?"

"It's definitely okay!"

Denisse's face was full of firmness.

five minutes later.

"Dye dyed with zero dyed dyed with zero land dyed in love?" "Master, I can't hold on!"

Denisse narrowed her mouth and looked aggrieved, and her legs trembled violently while standing on horseback. She didn't wait for the old naughty boy to speak. Just sat down.

"Oh!"

She rubbed her ass, "Master, it's too difficult, DenisseDenisse is very useless."

"Why?" The

The old naughty boy was full of spoils and gently rubbed Denisse's.

His head said, "DenisseDenisse is the smartest child that the Master has ever seen, and he will definitely become very powerful in the future." He looked at Denisse, his eyes were gentle, but there was some regret in his heart. How could he agree to Ethan Hunt's decision?

That was pushing his apprentice into the fire pit!

But Denisse is Ethan Hunt's daughter. He cares about Denisse and is no worse than himself.

When things have reached this point, there is really no other choice. The old naughty boy can only tell himself in his heart that no matter what happens, even if he wants to sacrifice his life, he will not hesitate to protect Denisse!

From a distance, someone looked to this side.

The old naughty boy had discovered it a long time ago, but he just ignored it.

He has no good feelings about Valerie now. Even if Valerie rescued Denisse last time, if it weren't for her, Denisse would not be in danger at all, let alone be discovered by the greedy wolf. She would be the last spring. .

This made Denisse's situation very dangerous. At this point, the old naughty boy couldn't forgive Valerie.

Valerie didn't say anything, just sighed softly.

Now, she is also very annoyed.

Greedy wolf fell to such an end, I am afraid that there will be no good results in the end, and the old naughty boy is all about Denisse, and now Denisse is in a bad situation, the old naughty boy is absolutely willing to die for her!

Chapter 2428

Valerie doesn't know how much affection is the old naughty boy.

Even if he is still angry with himself, but this guy, how can he be really angry?

“I can’t do much.”

Yu Meng whispered to herself, “Do my best and give you peace.”

After that, she turned and left.

The old naughty boy glanced in the direction where she left, opened his mouth and wanted to call her, but still didn’t. He shook his head slightly, his eyes were complicated.

He didn’t say anything after all, maybe he was thinking, wait until the next time his mood gets better, then talk to Valerie.

at the same time.

The third person of that era, Greed Wolf, is still in the crypt at this moment.

It’s just that no one knows where he is.

The vast expanse of the cave hides all kinds of weird terrain, even the people of Tang Fang may not know it.

And Greedy Wolf’s memory now includes the part that belongs to the Demon King, and even those of the Demon Kings of the past. No one knows the crypt better than him.

At this moment, he sat there cross-legged and opened his eyes for a long time.

“The injury on your body has completely recovered.”

Greedy Wolf said, “Your magic skills are indeed very powerful, but I underestimated you.”

“Why, now I know mine?” It

was the voice of the devil.

One body and two souls are talking to each other.

“You want my body, I want yours? Wu Wuwu shuts the West and shuts down? Soul, isn’t this normal?”

” Who wins and who loses, and where is right.”

Greedy wolf snorted softly . “Maybe, I swallowed you in the end, got your magic power, and kept my own consciousness.”

“You’re dreaming.” The

the devil mocked mercilessly, “and it’s an impossible dream.”

He wasn’t worried at all, nor worried that there was any other way to greedy the wolf.

Now that two people use the same body, he knows exactly what Greedy Wolf is thinking, unless the idea of Greedy Wolf comes out temporarily, even then, he has time to react.

Greedy wolf wants to kill him, it is impossible.

Just like a person knows what will kill himself, wouldn't he be prepared?

Not to mention, the demon king now has half the control of this body.

"You want to revive the remnant souls of the demon kings of the past and use the star soul formation to devour me, don't be foolish," the

demon lord is really not welcome at all, "that Ethan understands formation patterns and can arrange formations, but he doesn't understand the star soul formations. Array, no one in this world will understand."

"People who understand, have already died, turned into dust, and disappeared from this world."

His tone was full of pride, so it seemed that there was no one in this world. You can resist yourself any more, you can't be greedy for wolves, Ethan can't, and other people won't have a chance.

"Don't be too confident."

Greedy Wolf said lightly, "Maybe I can't kill you, but Ethan Hunt, it's really not necessary."

"He is a person, although I don't like him, but I have to say that he is not an ordinary person and can't be used. It is common sense to infer him, to get to know him, you are so confident, you are careful to suffer a big loss."

Greedy wolf was a little gloating.

He even looked forward to what Ethan would do.

After all, Ethan has seen the terrible and powerful devil king, and the danger of the devil. Ethan knows better, his daughter is the last spring, and the devil is bound to win!

He wants eternal life. Last spring, he got it.

"This guy cares about the people around him, let alone his daughter?"

"You, just wait, Ethan will definitely kill you, I dare to bet with you, when the time comes, it will be a

unique opportunity for me to swallow you, hahaha !”

## Chapter 2429

Two people are arguing with each other, it is like a person is talking to himself, if someone else is here, I am afraid it will be shocking.

No one? The waiter loves to feast on the feast? Who will serve?

Greedy wolves have this kind of personality, not much different from the demon king, so two people share the same body, and they can still be so harmonious.

If you change to someone else, I am afraid that the Demon King would have driven him crazy long ago.

Greedy wolf stood up, looked at the empty place, and took a deep breath.

He opened his hands.

“Grotto vast expanse, the mostly barren desolate land, this hell, you’ll like it up.”

He did Tucao bluntly, “I do change, I do not give.”

Wolf squint Keep your eyes open and look into the distance.

In addition to the mountains, this place is still a mountain. There is wasteland everywhere. There is no grass, and there is no vitality. The lifeless appearance is completely different from the Tiangong.

Not to mention that there is also the Daoshan Houhai oil pot, which is like a purgatory on earth.

Greedy wolves like to be quiet and also enjoy loneliness, but they don't feel anything about this kind of environment.

He squinted his eyes, his heavy pupil appeared, and his face changed slightly as he scanned the surroundings.

"I don't need these eyes, I really can't see them." In

his line of sight, the surrounding environment began to change, and he could see that there was a trace of black air on the surface, which was constantly evaporating, covering the entire land.

Is that lifeless?

It's completely the opposite of the anger of living people, no wonder the devil likes this kind of place.

He likes darkness, depression, and the darkest things. He is a demon, and it is the most terrifying thing in the depths of the human heart.

Thinking of this, Greed Wolf couldn't help laughing strangely.

"It seems that there is no difference between you and me." The

the demon king did not respond to him, as if he fell into a deep sleep, or was too lazy to fight with the wolf. Anyway, he only needs the opportunity and time to completely swallow the wolf. Get his double pupil.

With his soul, with such a body, the Demon King is confident that no one can compete against him anymore, even if the Heavenly Palace recovers, it will be useless!

at the same time.

Ethan took Brother Dog and the others to the Temple of Heaven.

Entering the Tiangong again, it feels very different to Harrison. The last time they came here, they were still lifeless and could not feel a trace of vitality, but this time, they could obviously feel that even the air became fresher. .

"It's very comfortable to breathe. Staying in this kind of place, I think my strength can be further improved." The

the sixth one looked around. On the ground, there was already green grass showing his head. It is

foreseeable that in the future, There will be grasslands, forests, creeks and rivers, insects, birds, fish and beasts.

Just thinking about it makes people feel excited.

This feeling of vitality is really wonderful.

“Don’t look at it first, and prepare to do something.”

Ethan shouted.

“Yes.”

Harrison nodded and called the five and six people, and got serious. They were here to do things, not to play.

Ethan gave them the drawings and asked them to clear the site first, and then arrange them according to the drawings.

Harrison and the others still don’t know what Ethan wants to do, but looking at the expression on Ethan Hunt’s face, it is a bit solemn, and everyone knows that it is definitely not a trivial matter.

They have been with Ethan for so long, and they rarely see his expression.

Harrison and the others are doing things over there. Ethan stood there, his eyes a little lost, watching everything around him, he didn’t know what was in his heart.

He doesn't care about how dangerous it is here, even if he loses his life, he doesn't hesitate.

But Denisse, there must be nothing wrong.

Ethan looked in a trance, as if seeing the scene of the battle, seeing the blood flowing in a river, seeing the corpses all over the field!

He shook his head sharply.

"what happened?"

Chapter 2430

He felt as if he could see the future, his eyes disappeared, but the impression was still in his memory.

"What were those just now?"

Ethan patted his head lightly. He wanted to see at this moment, but couldn't see anything, as if it was just an illusion just now.

He took a deep breath, his body getting more and more weird recently.

Not only that memory has been slowly digested by himself, his body has also undergone tremendous changes, and he can feel that his physique has become stronger over time!

In the pubic area, there was even a white glow, floating up and down.

That's anger!

It is the Qi that a warrior can only have when he enters a certain level!

That kind of feeling is unprecedented. Ethan hasn't experienced it before. Even if he used to be, he is already a super strong.

But the experience now allows him to see more and to know more.

The old naughty boy told him that the limit of a warrior, now it can be said, is to break the army.

If it hadn't been for Pojun's benevolence, Greed Wolf would never have had a chance to kill him. The biggest problem with Pojun was that he was too kind, and even lost his life for this.

But this still does not affect Po Jun in the eyes of the old naughty boy, is always the ceiling of the warrior.

This kind of white light appeared in the dantian of the broken army, and the strength of the broken army reached its peak in an instant!

The old naughty boy said that there was no one to stop the army at that time. Even if the old naughty boy and the greedy wolf teamed up, they weren't his opponents, he was a super power that spanned an era!

Unfortunately, because the woman died.

Ethan didn't think about his children's love affairs, just thinking about what the white light is in the dantian.

If this is the ceiling of the warrior, that is to say, your strength has already begun to enter the ceiling of

the warrior?

He was a little startled.

Some even couldn't believe it. All this happened suddenly, and Ethan himself did not react. His understanding of Ji Dao Fist was getting deeper and deeper.

At the same time, the understanding of the pattern on the fist sheet is also getting deeper and deeper.

To deal with greedy wolves this time, it is to use formation patterns. This is his most useful assassin right now!

Thinking of this, Ethan shook his head, not considering these issues. The most important thing at the moment is the most important thing.

Only by killing the greedy wolves can things be resolved, and it is too late to consider these problems.

Ethan looked up. Harrison and the others were dealing with the scene? Ranran Yixi Shisha Pa? According to his design, this place will be the tomb of the greedy wolf and the tomb of the devil.

Back then, the Demon King could not die in the hands of those in the Heavenly Palace, but now that he died in his own hands, he can die in the Heavenly Palace as well.

If it wasn't them who died, it was yourself.

Ethan thought thoroughly, and he had even arranged the funeral.

At this point, he has no choice. This is the only way. There are some risks, and it may even be death, but there is no way, so he has to go like this.

“Bang!” A

a few big rocks were placed on the drawings according to Ethan Hunt’s arrangement.

Harrison and the others don’t understand the meaning of this. They don’t need to ask, just execute Ethan Hunt’s order.

They can feel that this time is different from any time before.

Ethan is too serious.

“Ageoff, my big brother’s expression seems a little different this time.” The

the old fifth said in a low voice, “Nothing will happen, right?”

He was still a little worried.

Harrison shook his head and glanced at Ethan Hunt.

“Don’t ask, just do things. No matter what we are required to do and execute good orders, this is what we can do.”

He felt vaguely in his heart that this matter was serious and might even die, but all of these. Don't care, the meaning of his life is to follow Ethan Hunt, even if he is going to die, that is his honor!

"Maybe it's really different this time. If I'm going to die, I hope I can replace everyone!"

geoff Ge took a deep breath and secretly said in his heart
