

Billionaire God of War Novel Chapter 2431 – 2432

Chapter 2431

Large and small stones were rearranged by Jiang Ning.

This stone formation was encountered when Andrew and Greed Wolves entered the passage together. At that time, the stone formation only attacked Andrew and ignored Greed Wolves.

It's as if it was deliberately targeting Jiang Ning.

Now, he has transformed this place.

According to his design, Harrison and the others moved all the stones, completely according to Jiang Ning's drawings to arrange Wu Shi Pa Shan and Yi Er Ai.

The size, placement, and orientation of the stones, and even some stones, need to be corrected and changed in shape.

This is not a small project, it takes a lot of effort from them.

Everyone is very patient, knowing that this is not a trivial matter, and knowing that Andrew attaches such importance to it is definitely a vital event, especially seeing Jiang Ning's expression, let them know, perhaps, this matter is the last they can do.

As time passed, everyone was sweating profusely.

Finally, everything is done.

“Brother, it’s all done, you can check it.”

Harrison wiped the sweat from his forehead.

Andrew looked at it carefully and made sure that there were no problems before nodding.

“Okay.”

He looked at Harrison and the others, and took a deep breath.

“Do you have anything you want to ask?”

“Don’t ask.”

Harrison shook his head, “No need to ask, I will do what the eldest brother wants us to do.”

He said seriously.

The others just nodded. At first they were curious, but now they knew that there was no need to ask, as long as Andrew needed them, they would have nothing to turn back.

“By now, we have no choice,”

Andrew said. “The responsibility we shoulder is too great. Sometimes I wonder if I did something wrong.”

“Let you follow me to take on this responsibility, right? For you, it’s not fair.”

“You could have lived a very peaceful life, simply live your life, you don’t need to experience such danger, you may even lose your life.”

“Big Brother!” The

fifth could not help interrupting. Jiang Ning’s words frowned and said, “You are... a bit long-winded!”

His character has always been carefree and unceremonious.

“What do you say so much, as long as you say a word, go up to the sword, go to the bottom of the fire, my old fifth frowns, then I have nothing to do!”

“I! Willing to die for you!” The

old sixth shouted.

A person, their eyes are red, and they are not used to Andrew becoming indecisive and so sentimental, they like Andrew’s indomitable, aggressive and invincible posture!

That’s their eldest brother!

A well-deserved king in that South Estopia Forbidden Land!

“Big brother, we do not regret it,” said

Gou. "You are right. We could have lived a peaceful life, but we are not reconciled to be mere mortals and only live ordinary lives. We want to be real. The strong, the real man!"

"To take on the responsibilities we should bear, and to live up to the people who trust us and believe in us, this is what we want to do!"

"Death?"

Harrison shook his head, "I was not afraid for a long time. a. "

" we are not afraid! "

the crowd shouted in unison.

When they were setting up, they had already discovered that the positions of these stones happened to be eighteen, and they happened to have eighteen people. In other words, this formation requires them to act at the same time and use their battle formation techniques. Blessing.

This is probably the most powerful force they can display in history, and they know who they want to deal with.

Greedy wolf!

That is the biggest trouble now, as long as the greedy wolf is killed, everything can be restored to peace.

Maybe someone is going to die, maybe everyone is going to die, including Jiang Ning!

Andrew did not speak, but took a deep breath, nodded repeatedly, and was silent for a long time before saying: "I am so lucky to meet you."

Chapter 2432

He pointed to the stone formation.

"This formation is designed to deal with the greedy wolves and eliminate the devil. I will let Jiang Yao be the bait to attract the greedy wolves. This is our only chance."

Hearing that Jiang Yao is the bait, Harrison waits. The person was shocked, and immediately his face was full of shock!

"Brother, what are you talking about?"

"Let Yaoyao let the bait? No!"

Brother Dog hurriedly said, "Let me come! I come!"

"You shit! I come! How can you let Yaoyao come? No way! Brother!" The

old fifth was anxious, his eyes were red and almost crying.

They thought it was for them to come, but where did they think that they would use Jiang Yao as a bait. How could this be?

"I've decided. This is the only way. With you, it won't attract greedy wolves."

Andrew pretended to be relaxed. "When the time comes, we will join hands to kill the greedy wolves. This is the only way. If this The plan doesn't work, then everyone has to finish."

He deliberately said very lightly, but Gou and the others suddenly felt that the atmosphere was a little heavy.

Even Andrewsaid that, it must have become very tricky, even if Jiang Yao was used as a bait, how could Andrewbe willing!

That is his baby girl, the baby apprentice of the old naughty boy, and their favorite niece!

"Did you tell my sister-in-law?"

Harrison hesitated, his lips trembling.

Andrewshook his head.

What did he say about this, he couldn't say, nor dared to say, because if he did, Emma would definitely not agree.

"Jiang Yao will be fine."

He took a deep breath and said, "I will use my life to protect her, and I will never let her have trouble."

"We will also use our lives to protect her!"

Gou Ge and others said in unison.

They finally understand what Andrew paid for this. This is definitely the most difficult decision for Jiang Ning. Even if Andrew is to die by himself, he will not hesitate at all, but now, he wants to use Jiang Yao as a bait. .

Absolutely, there must be no mistakes!

Can't fail!

"According to my design, you should practice here first to hone and familiarize yourself with the battle formation techniques. This is very important. When the time is right, you can give the wolf a fatal blow!"

"We must kill the wolf and let The Demon King's Remnant Soul has no chance to recover, this is our only chance!"

"Yes!"

Dog? Ranshan Ziranyi Lu Yizhe and the others shouted.

Andrew asked them to stay for training, and he went back to the South Estopia by himself.

The atmosphere at home was the same as usual. No one knew that Andrew made such a decision. Emma really didn't know, Jiang Yao didn't know, only the old naughty boy knew, but he didn't dare to tell Emma and the others.

"Dad!"

Seeing Jiang Ning's return, Jiang Yao ran over with joy and put her arms around Jiang Ning's neck.

"Good boy."

Andrew said with a smile, "What's the matter, is there something fun to share with my dad?"

"Look at Yaoyao's nails!"

She proudly stretched out her ten fingers, dotted with some patterns. , She drew it with colored pens herself.

"Does it look good?"

"It looks good."

Andrew nodded with a smile.

"If you don't even look at it, say it looks good!"

Jiang Yao wrinkled her nose and noticed that Andrew hadn't looked at it. She shook her head again and again, "No, let's do it again."

Before Andrew could react, Jiang Yao ran back to the room and sneaked out his head.

"Dad!"

She yelled again, and then quickly ran out, hugging Jiang Ning's neck, exactly the same as she did just now.

"Hey, is there anything fun to share with Dad?"

Andrew couldn't laugh or cry. There was no way, so he had to cooperate with Jiang Yao and asked again.

"Look!"

Jiang Yao stretched out ten fingers: "Does it look good?"

"Wow!"

Andrew was surprised, even exaggerated, holding Jiang Yao's little hand, "It's so beautiful !"
