

Billionsaire God of War Novel Chapter 2483 – 2494

Chapter 2483

Those ghosts have no effect on Jiang Yao.

Her mind is simple, she is a child, and she is a childlike heart, she will not be affected by these things at all.

Yumeng suddenly came over.

“Yaoyao, don’t be afraid.”

She was busy comforting, “These things can’t hurt you.”

Jiang Yao nodded: “I’m not afraid.”

She can’t see these things, but she can feel that there is something that has been there. Wandering around.

Seeing that Jiang Yao was in no danger, Andrew was relieved.

“What should I do now?”

He turned his head and glanced, the old naughty boy was still cursing greedy wolves, venting his anger.

For a while, it might not be possible to calm down.

These ghosts are really powerful, they can easily affect people's minds, and the impact is so great.

"Don't worry,"

Yu Meng breathed a sigh of relief. "The water in the longevity pond, you use the water in the longevity pond to wake them up."

Andrew wanted to move, but was afraid that his blood would surge and he would lose control.

"Yaoyao,"

he looked at Jiang Yao, "Go to the longevity pond and get some water for everyone to drink."

Jiang Yao hummed, patted and ran, holding a small gourd, and filled the longevity pond with water, and then Feed them one by one, just like feeding small animals.

After drinking the water from the longevity pond, everyone felt a cool air, and finally calmed down a lot.

The old naughty boy was relieved, his heart still irritable, but he was able to control his temper. ,

"What's the matter? I can't seem to control my mouth, and I want to scold that bastard greedy wolf!"

"How can he do such a thing."

He couldn't be angry.

Greedy Wolf really committed public anger this time. He, a bastard, really wants to destroy this world.

Andrew recovered, he was not affected so severely, but a master of his level, even if it was only slightly affected, was not a trivial matter.

After taking a few sips of water suddenly, he let out a breath and suppressed the impulse.

“Yaoyao is awesome.”

Andrew stretched out his hand, stroked Jiang Yao’s head lightly, and praised.

“Yaoyao will continue to cheer!”

Jiang Yao hee hee? Lu Qiwu flicked Aibayi? laughed.

“Where is the greedy wolf?”

Andrew turned around and asked.

Now it is not about how to deal with the problem of greedy wolves, but he must be killed, otherwise, if this problem is not solved, the world will really be messed up.

“In the catacombs.”

Yumeng also knows the priorities and dare not hesitate anymore.

She also didn't want to shield the greedy wolf. When she thought that the greedy wolf was always using herself, and even wanted to kill herself, she felt heartache and very uncomfortable.

"I'll take you there."

At this moment, I do n't care about my injuries. If time is delayed, more people will be affected by these ghosts, and the consequences will only become more and more serious.

Don't dare to do anything, solve this matter first, and solve these ghosts.

"Bring Jiang Yao."

Yumeng said, "She is the key."

Andrew nodded and looked at the old naughty boy.

"Agou, you go back to the South Estopia first to ensure that the order of the South Estopia will not be affected, and bring more pool water back, you know." The

old urchin ordered.

"Yes!"

Gou and the others did not hesitate, and immediately followed the instructions.

And Andrew and the old naughty boy, with Jiang Yao, followed Yumeng, rushed towards the cave.

The whole world is being affected by these ghosts and has caused tremendous damage.

When everyone is no longer bound by laws and morals, this is a very terrible thing. Human ambition and greed will make this world go to ruin.

Human nature is terrible, that's it.

Andrew and others soon came to the gate of the cave.

Before he opened, the door of the crypt opened automatically, and a few people rushed out of it, panicking and fleeing.

Andrew grabbed it.

"What are you escaping?"

"The cave is going to be destroyed!"

Chapter 2484

The man recognized Jiang Ning, "You, do you want to go in?" In

his heart, there was a sudden admiration: "The new devil is there!"

"I know."

Andrew let him go, "I'm going to kill him." Yes!"

After finishing speaking, he took the old naughty boy and others directly into the gate of the cave.

In the crypt, there is a lot of desolation, and there is not much left of death and escape here.

From a distance, Andrew saw that Tang Fang was still there, as if he was much older, his eyes were dull, and he sat there motionless.

Andrew walked over, and Tang Fang looked up at him.

"You are here."

He was calm, and didn't seem to be affected by those ghosts.

"Where is the greedy wolf?"

"I don't know."

Tang Fang shook his head, "I only know that the cave is over...it's over..."

He seemed to be frustrated, smiling sternly, and repeating these words in his mouth.

Andrew ignored him.

"Go."

Yumeng said, "I know where it is. If he is still there, we will kill him together!"

She regretted that she had helped Greedy Wolf. If it weren't for herself, Greedy Wolf would be impossible. There is a chance to do this and hurt so many people.

Yumeng's eyes were a little red, and she felt that it was all because of herself.

She must take up this responsibility.

Yumeng led Andrew and others towards the mass grave in the depths of the crypt.

Before they got close, they could feel that a cold breath came. How many dead people had to be buried there to have such a terrible death?

When they came forward, they didn't feel that there was such a terrible place here.

It now seems that Greedy Wolf has made no little preparations for this place, and even, he had already focused on this place a long time ago, and made a lot of preparations for this.

Until now, it has been fully utilized.

"The greedy wolf is not there." From a

distance, Yumeng did not feel the aura of greedy wolf.

He must have finished all this and left, this guy is really cunning!

When he reached the boundary of the mass grave, Andrew frowned as he looked at the two worlds separated by a line. The lines of the formation here were really not simple.

“It’s a complicated formation.”

Andrew said.

“Is there a way to crack it?” the

old naughty boy asked.

Andrew did not speak, and took a step to go out, but was stopped by Yumeng.

“There are a lot of ghosts in it, you have to be prepared and don’t be affected.”

Andrew nodded, with a mouthful of water from the longevity pond in his mouth, and stepped in one step. He needs to observe the lines of these formations and understand them thoroughly before making them Countermeasures come.

“You guys wait here first.”

Yu Meng said, “I’ll go in and help him.”

After that, Yu Meng also followed in, leaving the old naughty boy to protect Jiang Yao and wait outside.

The entire mass grave was arranged by the greedy wolves into a nine-star array, with this increase, so that these ghosts can reach every place in the world and affect everyone with a dark side in their hearts.

What they have to do now is not to destroy this place, but to reverse it, continue to pass through this nine-star formation, recover all the ghosts that ran out, and completely suppress it!

This is not an easy task.

“The greedy wolf knows that we will come, and has made preparations.”

Andrewsnorted, “As long as we move this formation, this formation will be destroyed.”

Once the formation is destroyed, Andrew will not build another nine-star awn by himself. The formation, but also the reverse formation, can be achieved, it takes a lot of time.

Where do they have this time?

In a few days, the world will plunge into darkness Ershan loving Yiyishan. At that time, even if all the ghosts are recalled, it will be meaningless.

“No, certainly we’ll find a way.”

Rain Dream shook his head, “Wolf is not proficient in battle formation, his nine-Astral array, certainly there will be disadvantages, there are flaws, we find together!”

Chapter 2485

Nothing is more urgent now.

One more minute delay will not know how many people will be affected.

Yumeng followed Andrew. The sky was filled with yellow sand and those ghosts were constantly hovering in the air. The horrible sound made the scalp numb.

Andrew mouth contains the water of the longevity pond, walking step by step, observing the structure of this nine-star array.

His understanding of the formation pattern had reached a certain level, and he could quickly see that the foundation of this nine-star glow formation lay.

This is an augmented formation, not too complicated, but the special feature of the formation of Nine Star Lights, ordinary people cannot understand it.

Andrew stood there, and as far as his eyes could be, the entire nine-star awning array was formed.

“When I came to help him pull the ghost, there was no big formation here. I remember that there was a stone at that location, which I can’t see now.”

Yumeng said, “It’s a black stone. I feel that one. Is the stone something special? It’s so gloomy.”

At that time, her attention was all on the greedy wolf, and she didn’t pay too much attention to the stone. At this moment, thinking about it, there must be a problem with that stone.

Andrew nodded.

He had already seen that the directions of those formation patterns all pointed to the same place, which was the position of the stone mentioned by Yumeng.

It seems that the eyes of the nine-star mansions are there!

“You first quit.”

Andrew said.

“I will stay to help you.”

Yumeng insisted.

She has great responsibility for this matter, and she must take responsibility.

“It may be risky to break the formation, you go out first, and then come in if necessary.”

Andrew shook his head.

This nine-star mang array is simple and simple, and complicated and complicated. The most important thing is that the person who built this formation is a wolf. This will be a cunning guy. It is hard to guarantee that there will be What's the catch here.

What he was worried about was the insidious cunning of the greedy wolf, hiding the trap inside.

“If something happens to me, at least you will still be there. You can find a way to solve this problem, do you understand?”

Andrew looked at Yumeng and said.

Yumeng nodded and did not say any more. At this time, everything said was useless and pale. The most important thing was to solve the problem and solve the problem at all costs.

Yumeng retreated, and the old naughty boy hurriedly asked about the situation.

“How’s it going?”

“I have found the front line, Andrew said he will handle it alone, and we are ready.”

“How can he do it?” The

old naughty boy rushed in in a hurry.

“You are not proficient in the battle method, and you won’t be able to help if you go in.”

Yumeng said.

She knows well that formation is not an ordinary thing. It needs talent too much. People who have no talent should choose to crack the formation, which is no different from suicide.

“Then let’s just watch it like this?” The

old naughty boy was anxious.

He glanced at Jiang Yao and didn't dare to let Jiang Yao know that it was very dangerous for Andrew to be inside.

"Believe him."

Yumeng said, "I always feel that he will be able to solve it."

This kind of belief is a bit strange, but this kind of belief is extremely strong.

What can the old naughty boy say, he can only be prepared, if there is any accident, he will rush in immediately and rescue Jiang Ning!

Absolutely, Jiang Yao can't lose his father.

now.

Andrew stood there, looking around, he had already installed the entire formation in his mind.

In his mind, the formation patterns are clearly visible, and the connection between each formation pattern has been completely seen through by him!

All the formation patterns, the final direction, are the stone Yumeng said, where the formation eyes are!

That is the key.

"First pause this formation, and then do the reverse increase."

Andrews sat down cross-legged, palms on the ground, and slowly stretched into the yellow sand. In a moment, two formation patterns were extended from his palms. Toward the stone in the front of the eye.

Chapter 2486

Those two formation patterns, like two long worms, were very fast, twisted and ran over quickly, and after a while, they touched the black stone.

Om-the

the ground trembled abruptly, two formation patterns were wrapped around the stone, but it was shaken away by the stone when they wanted to forcibly intervene.

Andrew was not in a hurry. The first attempt failed, which made him understand more about this nine-star array.

He calmly continued to make two formation patterns, which were slightly different from the last two, and continued to try.

He needs to let the formation pattern he has played to be able to sneak into the eyes of the formation smoothly, which requires him to disguise his formation pattern as the same as theirs.

This method is indeed a bit novel, and Andrew can think of it, it can be regarded as the only one.

He made several formation patterns one after another, all of which were seen through by the eyes of the formation. He couldn't get into the formation eyes. Andrew still didn't stop, but became more comfortable.

With these few attempts, he has already figured out the characteristics and flaws of the entire formation!

Andrew opened his eyes: "It's really the same as I guessed. It's not easy."

"Fortunately, I have prepared for these."

He once again made two formation patterns, which became stronger, like a centipede. Similarly, crawling directly on the ground and making a rustling sound makes the scalp numb.

Jiang Jingjing watched quietly, watching the black pattern approaching the stone, and sneaking under the yellow sand at a position one meter away.

Om-

a slight fluctuation, and immediately calmed down.

The yellow sand in the sky suddenly stopped and fell on Jiang Ning's head. There were quite a few.

The wind stopped, the yellow sand stopped, and the entire nine-star mang array came to a halt, as if it suddenly lost its momentum.

"Successful?"

Outside, Yumeng breathed a sigh of relief with the old naughty boy.

Andrew was really good, and such a complicated formation could be cracked.

Seeing Andrew beckoning to them, they immediately led Jiang Yao in.

“It’s okay?”

“Stop temporarily. Next, we will make a reverse nine-star formation to summon those ghosts back.”

This is the most critical step.

Andrew looked at Jiang Yao.

“Yaoyao, you need to be on the stage.”

Jiang Yao walked over: “Dad, what should I do?”

“Just sit here and watch.”

Andrew smiled and stroked Jiang Yao’s head. .

He needs eyes, and Jiang Yao’s innocent heart is the best result. Those ghosts are ineffective to him, and Jiang Yao can’t be used to suppress these ghosts.

Om——

Suddenly, there was a sound of footsteps outside.

The old naughty boy turned his head and saw that crowds of people were coming here, not knowing who it was?

He frowned.

“Someone is making trouble, it’s the people in the catacombs!”

“They are all affected, they must be controlled by the greedy wolf.” Yumeng said

.

“Jiang Ning, don’t worry about it, let’s solve it!” The

old naughty boy and Yu Meng rushed out immediately, and these people must not be allowed to disturb Jiang Ning.

Outside, the two faced these troublemakers, Andrew was not worried, with the strength of the old naughty boy and Yumeng, they could easily be blocked.

And the key thing is that he wants to start building a reverse nine-star mang array!

“Dad, are you going to start?”

Jiang Yao raised her head, her small face couldn’t see the slightest tension, anyway, she was a little expectant, she just treated it as a game.

“It’s about to start,”

Andrew said, "Yaoyao, this is your first time fighting with dad, will you be nervous?"

"No."

Jiang Yao shook his head, "I like fighting with dad very much. ! "

"! yaoyao can protect Oh Dad, "

Andrew smiled, Qinlianyou forehead: "Thank you Yaoyao ready, then we should begin slightly! "

suddenly, Andrew whole person, momentum moment changed!

Chapter 2487

Jiang Ning's feet slammed, and in a short time, the entire nine-star radiance burst and buzzed!

Rumble—The

ground was trembling, and the formations radiated dazzling light, which made people excited.

Jiang Yao was right in front of him, and she couldn't help feeling a little excited when she saw this scene.

She is a playful child herself. Seeing such an amazing scene, instead of being nervous, she felt a little excited. The look in Jiang Ning's eyes became more admired.

It turns out that his dad? Fu Ranran covering the service of Yi Ranyi? Dad is so powerful!

Andrew didn't have the time to enjoy the feeling of being worshipped by his daughter at the moment. He concentrated on his mind and immediately activated the formation pattern to construct a new formation, which was linked with this nine-star formation.

Buzzing-the

ground trembled fiercely, rays of light rushed to the sky, lasing towards the distance, like meteors, fleeting, and you can't see it for a while.

"Yaoyao, stand still, it will be your turn to show off soon."

"Good!"

Jiang Yao looked eager to try.

And the other side.

The old naughty boy is going to kill Yumeng!

The strength of the two people belonged to the top powerhouses of their era, and they are still young.

"Seven kills punch!" The

old naughty boy roared, his punches opened and closed, unmatched in strength.

When things reached this point, he would not have any reservations, and would never allow any rubbish to influence Andrew to do things.

Even if Yumeng has injuries, it is more than enough to deal with these small characters.

“Stop them!”

she yelled, “Andrew has already started, don’t let them pass!”

The old naughty boy is like a human-shaped tyrannosaurus. Even if he is not too young, his strength exploded and it was too amazing. After drinking the water of the longevity pond, he was like rebuilding his vitality, full of blood and energy!

His seven kills punches are even more powerful, fighting against a group alone!

“Who else?” The

old naughty boy yelled, “Come on!”

He stood there, like a gate, no one could go beyond half a step, even the masters of the crypt.

Those people were confused, controlled by the greedy wolf, and didn’t even know what they were doing, but that didn’t mean that the old naughty boy would keep his hands and be kind to them.

Andrew is doing important things now, and no one can tolerate any mistakes, so no one wants to get close!

He and Yumeng stood in front of the border, and no one could move forward.

And at the moment.

Andrew has already started.

The Nine Stars Array was activated in exactly the same way as before, but the difference was that before the Nine Stars Array, Greedy Wolf used it to increase its amplification and spread the ghosts out. What Andrew has to do now is to capture those ghosts back!

The stars glowed and turned into meteors, rushing all over the world...

A ghost was looking for the next target, and when he saw it, he wanted to do it, but was suddenly shot by a beam of light, and then it was taken away. There was nothing at all. The slightest chance of escape.

At the same time, such things are happening all over the world.

Those ghosts who wandered everywhere, looking for opportunities, were all captured by the light of the nine-star awn, one by one, and quickly brought back into the crypt.

Time, one minute and one second passed, and the big array continued to glow, and continued to shoot out those lights, as if they were turned into quick catches, to chase down all the ghosts, detain them, and put them in the cave.

Andrew looked up and looked at the dark clouds in the sky. Many ghosts have already been captured. At this moment, they are locked in this big formation. It is impossible to escape again.

“Wow—“

The sound of ghosts crying and wolf howling made people's scalp numb and crushed a group of ghosts, and even kept rushing towards Andrew and Jiang Yao.

Hum!

In front of Jiang Ning, there was a huge protective shield, those ghosts could not get close at all, but Jiang Yao sat there, looking up at the roaring storm, motionless.

Chapter 2488

Those ghosts couldn't affect her at all. On the contrary, as long as the ghosts passed through Jiang Yao's body, their movements would become sluggish, as if they were affected by Jiang Yao.

"Sure enough, as I guessed, Yaoyao has a special physique and can purify these ghosts."

Andrew secretly said in her heart.

In this case, things will be easier to handle.

"Yaoyao, are you nervous?"

He looked at Jiang Yao.

"Not nervous."

Jiang Yao shook her head, but was a little excited, "What are those things?"

“It’s all bad things, wait a minute, Yaoyao, can you help Dad beat them? Zero Er Er Yi Wu Er Shan Er ?Good?”

” Good, good !”

Jiang Yao was so excited, she couldn’t wait.

The nine-star mang array was still shining, bringing back one after another, and shutting in this array, Andrew turned a deaf ear to the harsh sounds, and didn’t care about it at all.

Soon, in the big formation, it was already overwhelming!

Countless ghosts ran around, but they were helpless. They could neither affect Andrew nor Jiang Yao. It became impossible to escape anymore.

On the periphery, the old naughty boy and Yumeng have cleaned up all those smashed pieces.

Looking back, the wind was screaming in the big array. I am afraid that I would be frightened if I changed to another person, but Andrew was there, but relaxed, even Jiang Yao, such a little girl, did not have a trace of tension.

Anyway, as long as she is with her father, there is nothing to be afraid of.

“Unexpectedly, there are so many.” The

old naughty boy couldn’t help cursing, “The wolf greedy beast, he really did this thing!”

How many people have been harmed by this.

He didn't know how so many ghosts came, but Yumeng had some guesses.

She looked at this mass grave and thought of Greedy Wolf as saying before that she was looking for a place. I am afraid that those ghosts and corpses were all obtained by Greedy Wolf.

He is really a lunatic, how could he do such a thing.

Yumeng couldn't help wondering what Greedy Wolf wanted to do.

Today's greedy wolf is no longer the greedy wolf of the past. The current greedy wolf has become a new generation of demon kings. Their temperament and temperament are all affected, but what remains unchanged is definitely what the greedy wolf has always wanted to do. one thing.

But what exactly it is, Yumeng doesn't know, but no one knows now.

"It's going to start." The

old naughty boy said.

Hearing the sound, Yumeng threw all these thoughts behind her head, took a deep breath, and got ready.

In case Andrew needs her own help, she must do her best!

At this moment, Andrew has already begun to do it.

Almost all the ghosts have been captured. Now in the entire nine-star formation, tens of thousands of ghosts are all here, and Andrew will deal with these ghosts.

“It’s going! Yaoyao!”

“Yeah!”

Jiang Yao nodded.

She doesn’t need to do anything, as long as she sits quietly.

Andrew pointed a finger, and the two formation patterns immediately landed on Jiang Yao, connecting her with the nine-star mang array.

At the moment of Unicom, the light of the nine-star mansions changed from milky white to a hint of cyan!

The light was great, Jiang Yao was like the sun, and the light that came out instantly covered all the ghosts, as if the sky was suddenly bright.

Those ghosts rolled frantically, seemingly afraid of these cyan rays, and wanted to avoid them, but there was nowhere to hide.

Under the cyan light, the ghost suddenly became quiet. From the previous irritable, cold, and crazy, it seemed to become obedient all at once, quietly there, motionless, and purified without any grievances.

that’s amazing.

All the effects of the increase built by Andrew have come out.

Both Yumeng and the old naughty boy were dumbfounded, but Zhenwen could still be used like this.

They were even more surprised. Jiang Yao's physique was so special that it could purify these ghosts, which really surprised them.

"Om——"

Suddenly, the nine-star mang array trembled suddenly.

Chapter 2489

Almost all the ghosts were pushed into the ground in an instant, buried by yellow sand!

They returned to where they should be.

The crisis was finally resolved, and the old naughty boy breathed a sigh of relief. He didn't expect Jiang Yao to have this kind of ability. He deserves to be his apprentice.

"Master, am I good?"

Jiang Yao giggled.

Although she didn't know what she had done, she didn't feel anything at all, but at least, she helped Jiang Ning, that was amazing.

“Awesome!” The

old naughty boy

gave a thumbs up and praised, “My apprentice, how can I not be amazing.” He hugged Jiang Yao up and praised.

“These ghosts have been purified and are more peaceful.”

Yumeng can feel that those ghosts have returned to the place where they should exist. In a short time, it is impossible for any more problems.

The biggest hidden danger now is still greed of wolves.

The greedy wolf who turned into a new demon king was the most difficult and troublesome person.

Andrew took a deep breath and sealed these ghosts with formation patterns to ensure that they would not come out to harm others. Of course, the most important thing was to catch the perpetrators out.

Greedy wolf must die!

He looked at Yumeng: “Do you know where the wolf will go?” If

time goes on, the wolf will only become more and more difficult to deal with. He is not just a wolf. He is mixed with the character of the devil. influence.

The current Greed Wolf can be said to be a real complex, with the terrifying power of the Demon King and the mind of the wolf itself, cunning and treacherous!

Yumeng frowned slightly: "Maybe, he will go there."

She wasn't sure, but if Greedy Wolf would want to go, it must be there, and he would check it out again.

"But how should we deal with him now?"

she asked.

The strength of Greed Wolf is obvious to all, and it is not easy to kill him.

What's more, Greed Wolf will no longer be fooled easily, and will not put himself in any danger.

They took the initiative to find greedy wolves, and there was no big chance of winning.

"Even if the strength is not as good as him, you can't just sit back and ignore it."

"He is a time bomb, which may explode at any time. Killing him is something that must be done, even if there is a price to pay."

Andrew did not hesitate.

He has no retreat.

Just for the first time, how many terrible things has greedy wolves brought to this world, and how many people have been hurt?

If this child is not killed, there will be endless troubles!

“Yes, this guy has become frenzied, even more annoying than the greedy wolf before!” The

old naughty boy angrily said, “I will kill him by myself!”

The scourge of greedy wolf has killed many people. It’s not the greedy wolf at the beginning.

The old naughty boy, they all have known Greed Wolf for a long time, knowing that this person is not righteous, but they also know that Greed Wolf is only selfish, just longing for power.

But the current greedy wolf is completely dominated by power, not that he dominates those powers.

“I know that I am responsible for this matter, and I will work with you to solve this trouble.”

Yu Meng nodded, no longer indecisive.

She is very aware of the consequences of this matter, and it will be very troublesome if it is not resolved properly.

“Let’s send Jiang Yao back first, and then discuss how to do it.”

She looked at Jiang Ning, “If I guessed correctly, Greed Wolf hasn’t completely integrated with the devil’s remnant soul, he will find a quiet place to recuperate.”

” Where is he? The purpose of creating these ghosts is to delay time and buy time for himself to fuse the remnant souls of the Demon King.”

Greedy Wolf may know that this nine-star glow formation will definitely be cracked by Jiang Ning, but he didn't expect it to be so fast.

He didn't buy enough time for himself, and they must also seize this opportunity to solve him before the wolf's strength did not reach the peak.

This is the only chance.

Chapter 2490

It is also their greatest opportunity.

Andrew nodded and didn't say much.

He immediately took everyone back to the South Estopia.

Restoring calm in the South Estopia gave Andrew a lot of peace of mind.

Daniel immediately cooperated with the people in the circle on the ground to quickly restore the damaged place in the South Estopia. This is their home and cannot tolerate any damage.

“The South Estopia hasn't had that much impact. Some cities are really devastated, and it takes a certain amount of time to recover.”

Daniel said with emotion, “but fortunately, the source has been resolved, and that is the best thing.

” Well, I have you in the South Estopia, I feel relieved.”

Andrewsaid.

He sent Jiang Yao home, but he didn’t let Harrison and the others follow.

They haven’t recovered from their injuries, and it doesn’t make much sense to follow them. It is better to stay in the South Estopia to recover from their injuries.

Jiang Ning, the old naughty boy, and Yu Meng directly left the South Estopia to find the greedy wolf.

This time, their goal is very straightforward, that is to kill the greedy wolf and solve the biggest scourge!

According to Yumeng, the place where Greedy Wolf might go is Fairy Island. This is not the real Fairy Island. It’s just called that. She was placed on the Fairy Island by the Greedy Wolf and kept her breath.

That place, it sounds like a paradise, deserted, hidden in the sea, and most people would never go to this kind of island.

The three of them went by boat, and when they got ashore, they walked directly toward the mountains.

“Do you look familiar with this environment?” Yumeng saw the

old naughty boy looking around and said.

“It’s a bit familiar, very much like where we stayed.”

Back then, the four of them often got together. The environment there is similar to here, but time has passed and things are people and cars. The good friends back then are now going to fight.

They came to kill the greedy wolf, a friend they had known for many years.

But in their hearts, there will be no more hesitation.

Andrew looked around, but he didn’t expect Greedy Wolf would still take care of this place. It seemed that he really cared about some things back then.

The character of this guy is complicated, and he can’t understand it with ordinary people’s thinking.

To say that he is cold and ruthless is not wrong, and that he is cold and cunning is also not wrong, but it seems that he is thinking about old feelings.

Greedy Wolf is such a complicated person.

“Huh?”

Suddenly, Andrew stopped, and the old naughty boy and Yu Meng also stopped talking immediately.

All three of them have serious expressions on their faces.

“The greedy wolf should be here!”

Andrew saw that there was a footprint on the ground, which was just not long ago. With his memory, this is greedy of the wolf, and there is nothing wrong with it!

Unexpectedly, Greedy Wolf is really here.

Yumeng looked at each other with the old naughty boy, and both nodded. The two of them didn't speak, and immediately separated, and went to both sides. If Greedy Wolf were really arranged as before, then the terrain would be familiar to them.

Seeing the two people rushing out directly, Andrew was not in a hurry.

The two of them outflanked both sides, and he went straight over.

"Greedy wolf, you'd better be here, I'll find you if I save it."

Andrew said lightly, "A few of us, let's stop it." After

speaking, he suddenly speeded up, and the whole person turned into a ray of light. Speeding away.

at the same time.

In the depths of this fairy island, there is a wooden house.

Greedy wolf is indeed here.

Just like Yu's dream, Greedy Wolf is here to completely integrate the remnant soul of the Demon King, so that his strength can reach the true peak.

He is now greatly influenced by the Demon King, not only for his strength, but also for his character and temper, but deep down in his heart, he is still greedy for the wolf.

In his impression, the original fairy island was like this, and the surrounding plants and trees should be like this.

It would be great if I could go back in time

Chapter 2491

However, I can't go back.

They couldn't go back, everything changed after Pojun died, and he couldn't go back anymore.

Greedy wolves cross-legged, covered in black energy, looks very strange.

His face was a little dark, and he looked very crippled, as if the black qi was coming out of his skin.

“Huh—“

Even his breath was filled with black mist, strange and frightening.

Especially the double pupils, in each eye, there are two white eyes, which look like human eyes!

“I am the most unique existence in this world,”

Greed Wolf said slowly, "Even if the army is still alive, he is definitely not my opponent!"

He is still unwilling, still unwilling, not wanting to admit it, breaking the army. Stronger than oneself.

Even if Pojun died in his hands, he knew that if he didn't use some means, he would indeed not be able to kill Pojun, but now, what if Pojun is still alive?

You can kill him as well!

Om-

a tremor on the ground!

Greedy Wolf raised his head and moved his ears. He already heard the sound of footsteps. This familiar sound of footsteps made Greedy Wolf a little surprised, and it seemed that he was looking forward to it.

It seems that he has been waiting, but he didn't expect it to come so quickly.

"Zheng? Zero waiter, Lu Yishan? Okay, let you practice your hand."

Greedy said, "Andrew, you came so early." As soon as the

voice fell, a violent wind hit, Andrew stepped forward and the wind raged !

His speed was very fast, and when he stopped abruptly, there was a gust of wind.

Seeing Greedy Wolf again, Andrew could clearly feel that he was very different from the past. This guy has changed again, stronger and more mysterious than before.

“You have changed.”

Andrew said lightly, “You learned to hide.”

“I think you will be killed by me, right?”

“Hahahaha!”

Greedy wolf laughed, as if he had heard some joke.

He knew what Andrew meant, and knew that Andrew wanted to attack his mind and use psychological tactics, but this kind of thing, for himself, was of no use at all.

He was strong enough to be fearless, and he didn't need to care about everything Andrew said and did.

“Andrew, Andrew, are you a pity, do you know?”

Greedy Wolf walked out and looked at Andrew as he walked, “Your talent is very good. If you fight steadily and steadily, you have a good chance to reach the realm of breaking the army, but it is a pity. You met me.”

“You let me achieve my goal early, but at the same time, I also need your whetstone to sacrifice.”

He looked at Jiang Ning, “This is your glory, remember.”

"If I am . With the strength to break the army, you are dead."

Andrew said.

"Hahahaha, I killed the army!"

Greedy Wolf laughed, crazy.

"Is that right, killing with a treacherous trick is also considered as killing?"

"Don't you just know that your skills are not as good as humans and will never break the opponents of the army, so that's why you tried your best to stare at the remnant soul of the crypt demon king? "

Do you really think that no one knows? You are inferior, you just know that no matter what you are, you are not an opponent of the Demon King, even if you merge with the Devil's Remnant Soul?"

"If the Army is still alive, you will still easily defeat you !"

Also Andrew stepped forward, ignoring the greedy wolf ugly face, "Wolf, you are doomed in this life can only be a supporting role, supporting role only be broken army."

"Bang -"

Wolf did not answer, a little foot , A cloud of black energy broke out instantly and rushed directly to Andrew!

kill!

He didn't want to talk nonsense, he just wanted to use Andrew to verify his strength.

What breaks the army, no matter how strong he is, he will die!

But now, he is the only one who is greedy for the wolf, and only he is the strongest!

boom!

Andrew did the same thing, he was ready for a long time, and he didn't have the slightest reservation. Once he shot it, it was a killer move!

Chapter 2492

Ji Dao boxing does not explode, and the terrifying force of the boxing gushes out like a tide.

boom!

When the two talents fought, they made a loud noise, like two wild beasts, slamming together.

Andrew could clearly feel that the strength of Greed Wolf was much stronger than before, and it was even like the rebirth of the devil.

"Die!"

He roared, trying to mobilize the white light in his dantian, but he still didn't respond.

Andrew didn't work out how to use this thing, and he didn't have the time.

"You will only die!"

Greedy Wolf also roared.

He couldn't bear it anymore and was provoked like this by Jiang Ning.

The two people fought fiercely, like crazy lunatics, and they were fierce and overbearing, and neither of them had reservations.

Greedy Wolf's speed and explosive power were obviously stronger than in the past and not only a little bit stronger, especially the double pupils, which could always see through Jiang Ning's moves, and the moves were resolved the first time they took over.

Andrew seemed to be stuck in a quagmire, and had never been so passive.

No matter what moves he uses, no matter how fast he is, Greedy Wolf can always react and react at the last second.

"I saw it, I saw it all!"

"Your boxing technique is of no use to me, and I have seen all of your moves!"

'Hahahaha! Jiang Ning, you would envy me for having such eyes, hahaha! 'The

greedy wolf is like a lunatic, his fists and feet are constantly changing. He suddenly roared, and the violent black energy surged and directly sent Andrew away.

Seeing that Jiang Ning, who was still comparable to Qihoo at the beginning, had no chance in front of him at the moment, Greedy Wolf enjoyed this feeling very much.

“You came to die today.”

“Really?”

Jiang Ning’s expression remained unchanged, “Even if I die, then I am considered dead in the hands of the Demon King, not you.”

“You, you are still the subordinate of the army breaker. What is there to be proud of the defeated general?”

He spoke ruthlessly, aiming at greedy wolves, just to mention breaking the army. Seeing that the greedy wolf’s face became more and more ugly, Andrew knew that the most concerned about the greedy wolf was breaking the army. .

It was that when he lost to the broken army, he could only use conspiracy and tricks to kill the broken army!

“Shut up!”

Greedy Wolf said angrily, “Will he break the army? Wu Ling will stop thinking about it? He may win me!”

“Even if he is still alive, he must die in my hands today!”

“Hahaha , Joke, if you are so confident, why don't you dare to let him live until now? You kill him with conspiracy and tricks, don't you just know, in terms of true strength, you are far from it!”

Andrew laughed, full of sarcasm, “ Greedy wolf, from the time you choose this path, you are doomed. In your life, you will not be able to surpass the broken army.”

“You will always be his defeated general! Forever!”

“Ahhhhhh!”

Greedy wolf is full of black energy. Surging, the heavy pupil flashed a trace of terrifying murder.

“Shut up! You shut up!”

He yelled, opened his hands, and rushed towards Jiang Ning. His momentum instantly climbed to the extreme. He wanted to kill Jiang Ning. He didn't want to hear Jiang Ning's voice anymore, and he didn't want to watch. To this face.

He wants to frustrate Jiang Ning!

Seeing the greedy wolf rushing wildly, Andrew slapped his hands: “This is the time!” As

soon as the voice fell, a few lines on the ground suddenly lit up, and went straight to the sky, forming a triangular light curtain in an instant, bringing the greedy wolf. Surrounded.

From both sides, the old naughty boy and Yumeng suddenly appeared, each standing in a corner, forming a triangle with Andrew, surrounding the greedy wolf in groups!

“Stop him!”

Andrewshouted.

Greedy wolf turned his head, looked at the two old friends, and stopped.

He stretched out his hand to touch the light curtain, and he felt as though he had been hit by lightning, unable to escape.

“This is a trap? You deliberately angered me, just trying to trap me here?”

Greed Wolf said coldly, “You are really cunning.”

“Yumeng, are you going to kill me too!”

he yelled sharply. .

Chapter 2493

Yumeng did not speak, her eyes were cold.

Yes, she wants to kill the greedy wolf, she has to do it!

She and the old naughty boy did not hesitate at all, standing in one corner, all staring at the greedy wolf.

“Wolf! You are obsessed!” The

old naughty boy yelled, "How many people do you want to kill?"

"You despicable bastard, I will kill you today!"

His face was full of anger and his eyes were angry. , Almost burst into flames.

Yumeng never said a word, and the triangular formation firmly locked the greedy wolf there, preventing him from having a chance to escape.

"You all want to kill me?"

Greedy wolf's expression changed and changed, "You all want to kill me!"

Andrew wanted to kill himself. He could understand that everyone is not a friend, but an enemy, but an enemy of life and death. Naughty boy and Yumeng, what's the matter?

He gritted his teeth and sneered.

"Well, since you are going to kill me, then I will kill you first!"

Rumbled.

A terrifying black energy erupted from the greedy wolf, and the triangle formation was shaken to the ground in an instant!

Andrew immediately stomped his feet: "Town!" The

triangle formation stabilized again.

They know very well that Greedy Wolf is not what it used to be, and it is definitely not an easy task to kill him.

In addition to using the formation method, there is no other choice.

He still can't use the white glow in Andrew's dantian, and he doesn't have the time to think about it anymore.

Right now is the best time to kill the greedy wolf!

Before Greedy Wolf has reached its peak, this is the best time to kill him!

Rumble!

The violent black energy continued to roll and hit the triangle formation. Greedy wolves didn't keep their hands at all. Since they want to build a paradise, they must have a paradise for these old friends, even their graves, that's the same!

Jiang Ning, the old naughty boy, and Yumeng stood there without moving and tried their best to stabilize the triangle formation.

They must use this big formation to trap the greedy wolf, and then find a way to kill him!

Two forces are impacting.

Greedy wolf has no fear.

Now he, who has the terrifying power of the demon king, and the double pupil, is observing the shortcomings and loopholes of the triangle formation.

A trace of art was in his line of sight, Greedy Wolf's eyes shrank, suddenly raised a punch, and slammed it into one of the places.

boom!

The triangle trembled fiercely.

That is the key weakness!

Jiang Ning's face paled.

"Hold it!" the

old naughty boy shouted.

He felt tremendous pressure, like a wave, constantly pouring in, hitting him, the terrible impact made him feel that his internal organs were shaking violently!

The same is true for Yumeng, her injury is not completely healed yet, so it is painful for her to bear the terrible impact.

But she didn't say a word, she persisted.

"The eyes of the greedy wolf can see the flaws in this big formation, Jiang Ning, you find a way to kill him!"

"The two of us hold him, you, immediately set up the killing formation...Ah!" But

she didn't finish her words. , Suddenly, the greedy wolf roared, and the black energy turned into a sharp arrow, hitting directly on the barrier, just in front of Yumeng, with a roar.

The barrier is broken!

Some black energy hit Yumeng directly, knocking her out.

"Yumeng!" The

old naughty boy was shocked, "Looking at the wolf, you are really a goddamn human!"

He was going to pass, Yumeng waved his hand: "Don't come here!"

"Stabilize the formation!"

she shouted.

Those eyes looked at the greedy wolf, and there was a trace of tears.

This is the second time Greed Wolf is going to kill her.

He really is cruel.

Greedy wolf's eyes were cold, without any emotion.

"Today, you all have to die here!"

With a big wave, he smashed the triangle formation and rushed directly towards Yumeng. Wherever the old naughty boy dared to stay, he rushed over to block Yumeng.

boom!

boom!

boom!

The two fought wildly, the old naughty boy spared no effort.

Where does he dare to keep it?

Chapter 2494

The current greedy wolf is too powerful!

Hey! The

old naughty boy didn't have time to dodge, and was slapped flying by the greedy wolf. He rolled on the ground a few times, but he couldn't stand up.

He opened his mouth, spouting blood, his face turned pale all of a sudden.

"Old naughty boy!"

Regardless of so much, Andrew hurriedly shot, blocking the greedy wolves, fighting frantically!

If he doesn't do anything, the old naughty boy and them will all die here today!

It seems that it is very difficult to kill the greedy wolf today.

How should the white light in the pubic area be used?

Boom!

The two were fighting frantically, and the sky was dark, the sun and the moon were dull.

The terrible loud noise shook people's scalp numb.

The old naughty boy stood up with Yumeng.

They knew that if this continued, all three of them would have to die here.

Even if Andrew is very powerful, he is still a bit worse than the current greedy wolf. To kill the greedy wolf, the two of them must bear the burden.

The two looked at each other.

“Here is exactly the same as before, our little family. Greedy wolf wants to stay here with us.” The

old naughty boy showed a self-deprecating smile, “It’s just that the cabin is gone. There may be three graves. “

Yumeng smiled and said, “Isn’t that good?”,

“Everyone is still together, that is, Pojun... Let Andrew, move Pojun’s grave over.” The

two people looked at each other and ordered nod.

Suddenly? Er Zhiyi Pazhi closed the West? The eyes of the two people became firm, it was a kind of determination!

at the same time.

Boom!

Andrew and Greedy Wolf were inextricably killed!

It’s just obvious that Andrew is at a disadvantage.

boom!

Suddenly, Greedy Wolf hit it with a punch. Although Andrew blocked it, he was hit in the chest by a cloud of black air. The whole person flew out, sliding on the ground for more than ten meters before stopping.

“Puff—“

He opened his mouth and spouted blood, his face became paler, and his fists began to tremble.

“You are not my opponent.”

Greedy Wolf said indifferently, “I have not reached the peak, and the three of you are not my opponents together. When I reach the peak, you will be even smaller.” “

I am the strongest in the world. People, do you have any questions? ‘

Andrew stood up swayingly, his eyes fixed on the greedy wolf.

“What’s the use of how strong you are?”

He sneered, “You are alone, you don’t even have a friend, you are just the object everyone hates, do you think others will respect you?”

“They just hate you, hate you You only!”

Greedy wolf laughed, obviously not caring at all: “Who hates me, I will kill anyone! Who dares to see?”

“I want to kill the world!”

“I want to kill so that no one dares to hate .” Me!”

“What can you do with me?”

He was completely unscrupulous.

Andrew knew that Greed Wolf doesn't care about anything now, he must be killed, otherwise, he will be overwhelmed!

Just as he was about to do it again, suddenly, two afterimages flashed across and rushed directly to Greed Wolf.

It's the old naughty boy and Yumeng!

How could their speed be so fast?

Andrew was shocked, he could see blood burning on them!

What is this secret method?

“What do you want to do!”

Greedy Wolf roared.

“

Let’s die together.” The old naughty boy said in a calm tone, “I live, isn’t it for this day?”

He turned his head and looked at Jiang Ning: “Take care of Yaoyao, take care of my baby apprentice!”

“Andrew, I beg you something.”

Yumeng also said, “Find Pojun’s grave and bury it with me.”

Greedy wolf is almost crazy.

Yumeng still wants to be buried with Pojun’s grave?

Without waiting for his reaction, the triangle formation was formed again!

It’s just much stronger and more stable than the previous time!

“Jiang Ning, kill him!” the

old naughty boy yelled.

Both of them were bleeding, the blood was burning, and they were crazy, making the triangle formation firmly locked in the wolf.

Greedy wolves roared, constantly impacting, but could never shake the triangle formation at all!
