

# **Blossoming Her Shielded Heart Chapter 321 – 323**

## **Chapter 321**

Seeing that, Shawn also raised his glass, looked at Holden and smiled, “congratulations on your marriage, brother.”

Hearing that, Holden was in a daze, gently smiled and nodded.

Shawn had always regarded Holden as his brother, but he never admitted it.

“Cheers!” Zoey also lifted the glass in front of her and shouted happily.

“Cheers!” They were wearing a smiling face.

Because of the pregnancy of Zoey and Julia, they made tea instead of wine. The children drank coke, and the adults clinked glasses. The sound of crystal colliding and the noise of the children as well as the loud chatting of the adults combined, like a piece of melodious music, Julia’s heart rose and fell with the song.

The first meal after their marriage was in joy.

When they finished eating and drinking, the four people gathered together to play mahjong while discussing the honeymoon trip.

Julia was not good at playing mahjong. However, with Zoey as the last one, she didn't need to be the only loser. Since the skill of Shawn and Holden were equally divided. In general, either Shawn or Holden would win the game, and either Julia or Zoey would always lose.

Zoey, who was very angry and lost, lost her temper. She glared at Shawn and Holden. Her resentful expression immediately softened. She helplessly and pitifully shouted, "give me a chance to win."

Shawn and Holden nodded in agreement, which increased the probability for Julia to win. As Zoey still didn't win several rounds, she immediately gave up and didn't want to play.

Clara who was watching TV with Barbara on the sofa suddenly came over. She crawled into Zoey's arms and wanted to learn mahjong, so Zoey had to tell the rule to her. She rubbed Clara's face when she was annoyed, which made her feel better.

Only a few hours had passed, but Clara had already learned how to play mahjong and was able to figure out every card. What's more, Clara was intelligent and talented. She played with her tiny and agile fingers. Even Zoey was taken aback.

Julia looked at her daughter with a complex look on her face, and wondered why her daughter behaved so differently from other kids. Why was she so arrogant and bossy?

"Julia, when will you set out?" Zoey stopped her strike at once. Shawn and Holden two also stopped.

"Tomorrow." Shawn answered this question for Julia.

"So do we. Julia, let's go together." Zoey suggested hurriedly.

Just as she finished her words, Zoey was attacked by the gaze from both sides from Shawn and Holden. “No way.”

Turning his head a little bit, Shawn said to Julia, “you go up to pack up your things.”

From the very beginning, Julia didn’t even get a chance to speak. She was stunned for a few seconds when she heard the order from Shawn. She didn’t know that they would set out tonight.

She cast a furious stare at Shawn. Eventually, Julia stood up and went upstairs reluctantly. Zoey followed her.

Looking at the two women’s figures, Holden said with a smile, “it seems that there is no conflict between

Drugged one night by her ex-boyfriend, a mysterious man took advantage of her in an ecstatic night filled with sex.

To take her revenge, she married the man, and used him.

“As long as I’m alive, I’m still his legal wife, while all of you are just his mistresses.”

She remained adamant even when he was involved in scandals with other women.

Eventually she stormed off after she Sarahrned that he had betrayed her again. But life brought her back to him a few years later, to his astonishment.

turned around to stare at him, but Shawn ignored her unpSarahsant tone and buried her head in her neck. She felt that her neck was sore and itchy.

Julia thought she was really a kind and nice girl. No matter how angry she was, she would always forgive Shawn as long as he pSarahsed her.

“Where are we going, Shawn?” Julia knew nothing about where they were going for honeymoon.

Instead of answering her question, Shawn looked at the two boxes of clothes in disgust. “You don’t need to bring so many clothes. We can buy them when we go there.”

“We don’t need it if you can bring it. It’s a waste,” Julia Sarahned against his arms and closed her eyes leisurely. The afterglow of the setting sun fell on the floor to ceiling windows, reflected to the ground covered with magnificent floor tiles, making the magnificent color more outstanding.

With his chin on Julia’s head, Shawn could hear his laughter. Julia frowned, took his hand to her mouth, and bit it hard on the back of his hand. Then she turned around and said calmly, “extravagant and waste. It’s your punishment.”

“You’re becoming a housekeeper.” Shawn’s deep and ghostly voice made Julia’s heart race uncontrollably.

Julia raised her chin and arrogantly glanced at him: “of course, I am a good wife and a good mother.”

Shawn nodded and said, “an unqualified wife and mother.”

“Why am I disqualified?” Julia was unconvinced and glared at him.

A afterglow reflected on the side of Shawn’s face through the floor to ceiling window. His angular and handsome face was deep with red eyes, which made him coquettish and handsome.

Shawn held her face up and stared at her with his dark eyes, “you have ignored me for five years.”

Well, it turned out that this guy was still thinking about this. Just when Julia wanted to defend herself, Shawn suddenly pressed down her and choked her words she wanted to say.

The two groups who were playing the game on the bed curiously glanced at the two people who couldn't help being intimate

## Chapter 322

The next day, after packed up and having lunch, Shawn and Julia were ready to Sarahve. Zoey and Holden had left without even saying goodbye to Julia.

In Julia's eyes, Zoey's action of Sarahving without saying goodbye could only be regarded as impatience.

When she got on the car, both Barbara and Noah came out to say goodbye, and Barbara urged Shawn and Julia repeatedly, just like every time she left home.

"Have a good time and sleep well!" Julia had already sat in the car and she could only nodded when there were still the blabbering greetings from Barbara.

Clara and Easton stood on both sides of Barbara and waved to Julia. She also said goodbye to them with a smile.

In the car, Evena called. It suddenly occurred to Julia that Evena had a history with John. They met the day before yesterday. Perhaps it was because she didn't notice that Evena had communicated with John that Julia had forgotten about that.

"What's wrong?" Julia asked in a low voice.

“Julia, you’re finally married. I call you to congratulate you.” Evena said in a relaxed tone. It was not as heavy as what Julia thought.

“Oh, I see. You are here to wish me happiness. I thought you were going to tell me that you have an indelible relationship with John.” Julia breathed a sigh of relief and spoke in a relaxed and relaxed tone.

Evena was silent for a while before saying, “I thought I would be sad and heartbroken when I saw him, but I didn’t expect that I would be so calm now, as if I didn’t care about anything.”

Time and space could change everything. Some feelings passed through time as usual, even deeper. And some feelings would eventually disappear and fade with the passage of time and space.

Julia felt so lucky that her relationship with Shawn could still be like the former.

“Julia, maybe we don’t love each other deeply or we can’t love each other any more. I really envy you and CEO. Five years haven’t changed any of you. You love each other more than five years ago.” Evena said with a smile. “I wish you happy, Julia.”

“Well, the same to you.” Julia also smiled.

After talking to Evena on the phone, Julia felt a little tired. She Sarahned against Shawn and fell asleep. The window was rolled down. Shawn gently rubbed her hair with his big hand, and the affection in his eyes was getting stronger and stronger.

When Julia woke up, she found herself on the plane with no one around. It was obviously a private plane of the Li family.

“You can sleep a little longer if you are sleepy.” Shawn gently removed the impurities from the corner of her eyes. Julia was still not fully awake. She looked at him in confusion, and then rubbed again in his chest, yawning lazily.

After a long time, Julia was finally fully awake. She turned her head and looked at the blue sky and white clouds outside the window. All of a sudden, her mood became like a bird flying among the clouds, free and carefree.

“Shawn, it’s my first time to take a plane! So beautiful! So beautiful!” Julia, who was bending over the window, exclaimed. She was s

Julia’s little mouth was still grinning from ear to ear. Hearing this, Shawn suddenly pulled her over, lowered his head and pressed his lips on hers. With a bang on the head, Julia looked at him in shock.

My God! Since when did the CEO become so outgoing? Wasn’t he supposed to be cool, arrogant and rich?

A few seconds later, Shawn let go of her. Julia still couldn’t recover from the shock. After kissing, she found that the girls who followed them around just now quietly left.

Julia glared at him with embarrassment. Then, Shawn lifted her up with a smile on his face. “Kitten, you don’t think kissing is enough, right?”

Damn you! He deliberately misinterpreted her expression. After Julia glared at him several times, she simply ignored him.

Fortunately, they were in foreign countries, without acquaintance, free range of customs and feelings, so Julia was not in danger.

It was dark when they got back to the hotel. The hotel was designed for couples suite, which was decorated by roses on both sides of the road. To Julia’s surprise, the bathroom here was luxurious and romantic. There was a large basin of roses beside the bathtub, from the bathroom door to the direction of the bathtub where roses were placed.

Julia’s heart trembled. It was really dangerous for single people to come here

Shawn would never miss such a good opportunity. He peeled off all the roses on purpose and threw them to Shawn. Then Julia cast a look at the horrifyingly ferocious Shawn and regretted.

Julia shouldn't have cured Shawn's. In the past, she still had the strength to fight back when she got one more arm than him, but now she didn't have any strength to resist, and she could only be suppressed by him. How regretful she was

When did he move from the bathroom to the bed? And what happened later? Julia didn't know at all. His attack had already let her surrender.

The scent of roses with the wind at night floated through the window, and the deep panting and sexy groans of the woman would not stop.

## Chapter 323

At about three or four o'clock in the morning, Julia, who was just asleep, was awakened by the ringtone. She wanted to reach for it, but her body was so sore that she couldn't move. The ringtone also awakened Shawn. He took it for her and pressed the answer button to put it near Julia's ear.

"Hello." Julia greeted him in a daze.

"Mommy! When will you come back?" Clara's sweet voice came from the other side, and Julia was half awake. She asked: "why don't you go to sleep? Can't you sleep?"

"I will go to school soon. Brother and I miss you very much and want you back." Clara was about to burst into tears.

Julia's heart hurt. They hadn't been away from her for a long time. She missed them too.

“School?” ‘it’s late at night. Why Clara goes to school at this time?’ Julia asked

Shawn knocked on her head helplessly. “Kitten, we are abroad now.”

Latvia was six hours later than America, so it was three or four o’clock in the morning. But in America, it should be ten o’clock in the morning.

“Clara, go to school with brother first. Daddy and Mommy are fine.” Then, Shawn came close to Julia and gently comforted her.

Clara gave the phone to Easton, who greeted Shawn, “Daddy.”

“Easton, are you having meals with your sister and having classes at home?” Asked Julia while she was nuzzled in Shawn’s arms.

Easton nodded his head and said, “everything is fine. Daddy, Mommy, don’t worry.”

Julia was relieved to know that Easton was there. Then Julia thought of the scene that Clara held on to her and asked her for Galen. She sighed and thought, ‘I don’t know if my daughter is mature or else. How could a five-year-old kid be able to remember Galen so firmly...’

The lips of Shawn touched her cheek. Even so, this man can still divert his attention to chat with Easton, “Easton, you are a man, you must protect your sister well.”

“.....” Julia was completely impressed by the power of Shawn. He could even kiss her and educate Easton at the same time. Was he really a human?

Shawn was distracted, but Julia couldn’t. his tantalizing totally attracted her attention. She didn’t hear what Easton said, but said in a panic, “that’s it, Easton, Clara, mommy and Daddy have to hang up the phone first.”

Before she got any reply, Julia hung up. Shawn put the phone on the table and pressed her in his arms again. At that moment, Julia wanted to remind him that she was pregnant! She should not indulge herself in excessive sexual desire!

However She had no chance to say that. But before she could say it out, Shawn shut her mouth up and then Things were changing with the passage of time

They spent two whole months on their honeymoon trip and stayed in Latvia for a few days. After that, they went to Provence to see lavender and Eiffel Tower. Then, they went to Venice palace, beach fields, silverland bashbashbashful gate, ancient Rome square, Winnie spring (wishing wishing pool) where the truth mouth, Saint Peter handcuffs church and so on

Then, they went to Venice water city, and stayed a few days around the pyramids of Egypt. They stayed in a small villa by the seaside of love violin for a few days. They went to Maldives to watch the

While Julia was taking out the presents, the twins were standing beside her and waiting for the presents. Julia bought a pair of simple necklaces for two kids at the Taiji mausoleum. She had heard from the elders there that they could help the baby to grow up healthily.

“Mommy, I miss you so much! I really miss you!” Then, Clara took the present and ran to Julia, holding it in her arms and acting like a spoiled child.

Julia touched her cute head with fondness and held up Easton, who was sitting next to her, who was also hanging his head. Easton was a little bit awkward, but he was still a child, who was fond of relying on and acting like a spoiled child.

Zoey, who was sitting next to Julia, gleefully turned over the gift Julia had given her. Beside her, Holden gazed at her. At last, he couldn't help but reach out his hand and took her into his arms.

Seeing that their children had got the happiness they wanted, Barbara and Noah smiled at each other involuntarily.

The man came closer to Julia and kissed her on the lips. Julia was too shy to look up at him. All her happiness and joy were self-evident.

“By the way, I have decided to invite a photographer to shoot our family photo today.” Suddenly, something occurred to Barbara.

Family photo

Julia swept her gaze through everyone present, and this time, she found no one was absent.

The photographer came out of nowhere. Just when Barbara was about to stand up, she heard him shout, “don’t move. Just sit there.”

They were all together in the evening. Easton was in the arms of Shawn, Clara in the arms of Julia. Shawn was holding her hands tightly, with their fingers interlocked. They smiled at each other.

hold your hand and grow old together with you.

Noah was next to Shawn, and Julia was next to Barbara. Holden was holding Zoey, standing behind them.

Everyone looked at the camera happily. Their expressions were so natural. The photographer put the camera up and shouted, “eggplant!”

All the people’s smiles were fixed at the happiest moment. This moment seemed to be eternal.

Julia believed that they would be happy forever.
