

Big Shot 1111

Chapter 1111: Is Her Name Qiao Anxin?

If she got pregnant one day, wouldn't she dominate the Mo Family?

Would she still have a place in the Mo Family in the future?

As the matriarch of the Mo Family, what right did she have to speak?

At the thought of all the possible consequences, her gaze turned cold and determined. She swore to herself that no matter what, she would make Qiao Mianmian leave the Mo family and her son.

Since persuading her to leave was useless, then don't blame her for being merciless.

She didn't believe that she, Shangguan Wenpei, could not do anything to such a small character.

...

On the other side.

Shen Rou received a document.

She spent half an hour going through all the information the private investigator had gathered.

After reading it, she pursed her lips and tightened her grip on the information she had just finished reading.

The person who had given her the information looked at her expression and said hesitantly, "Miss Shen, during our investigation, we discovered something else."

Shen Rou took a deep breath and looked up. "What is it?"

"We found out that other people are also investigating the matter of the daughter of the Bai family who was left outside."

Shen Rou paused and frowned. "Others? Are they from the Bai family?"

"No." The man next to her immediately said, "If it was someone from the Bai family, then there's no need to especially tell Miss Shen. According to our investigation, we found that those people seem to be from the Qiao family."

"The Qiao family?" Shen Rou's eyes were filled with surprise. She instantly perked up. "You said that the Qiao family is also investigating this matter? Do you know who?"

"We followed the clues and checked. If there's nothing wrong, it should be the Qiao family's second daughter."

"The second daughter of the Qiao family?" Shen Rou was stunned. A strange look flashed across her eyes and she clenched her fists. "Is she called Qiao Anxin?"

From the moment Shen Rou treated Qiao Mianmian as her love rival, she had already investigated Qiao Mianmian.

At that time, Gong Zeli had helped her investigate.

Hence, Shen Rou knew that Qiao Mianmian and Su Ze had dated before.

She also knew that Su Ze broke up with her because of her stepsister.

“Yes, her name is Qiao Anxin.” The man beside her thought for a while and said in a low voice, “If Miss Shen still wants to know more details, I can help you find out more. However, those people are private detectives. If you want to know everything from them, Miss Shen might...”

Before the man could finish speaking, Shen Rou interrupted him in a low voice. “Go and find out immediately. You can pay as much as you want. I want to know why Qiao Anxin wants to know about the Bai family.”

“Yes, Miss Shen. I’ll go do it now.”

After accepting the mission, the man left immediately.

Shen Rou held the stack of documents in her hands and thought about what the man had just said. Her face turned cold.

She bit her lip, hatred evident in her eyes.

No, that was impossible.

Things were definitely not what she thought.

How could Qiao Mianmian be related to the Bai family?

Other than her age, what else did she have to do with that daughter of the Bai family?

If she could be the daughter of the Bai family just because they were of the same age, then many people in Yun Cheng could be the daughter of the Bai family.

Chapter 1112: Must You Be So Ruthless?

However, even though she kept telling herself that it was impossible, she couldn’t help but feel afraid deep down.

She was afraid that what she was worried about would become reality.

She was afraid that the lowly and poor woman would become a rich young lady like her.

The main reason why Madam Mo was on her side and wanted to matchmake Mo Yesi and her was because she felt that the Shen and Mo families were compatible.

If she knew about the Shen family’s current situation, no matter how much Madam Mo liked her, she would probably hesitate.

If Qiao Mianmian became the daughter of the Bai family, with the Bai family’s current status, what reason would Madam Mo have to object to her being with Mo Yesi?

Even the Shen family wanted to rely on the power of the Bai family.

If Qiao Mianmian became the daughter of the Bai family, she would have no advantage over her.

Shen Rou would never allow such a thing to happen.

Regardless of whether she was overthinking or if there was really such a possibility, she had to investigate this matter thoroughly.

It would be best if things were not as she had guessed. It would be best if she was overthinking.

However, if her guess was true, she wouldn't allow it to become reality.

She wouldn't tolerate a person who was once far inferior to her rise above her in the future.

She would never let that happen!

...

The next day.

Qiao Mianmian, who was still on vacation, was woken up by an unfamiliar call early in the morning.

When she saw that it was an unknown number, she hung up immediately.

She thought it was a harassment call.

But that number quickly called her again.

Qiao Mianmian was already angry about being woken up, so she picked up the call angrily. "Hello, this is Qiao Mianmian. May I know who this is?"

Although she was full of anger, she thought it might be work-related and spoke nicely.

"Qiao Mianmian, do you have to be so ruthless?" An angry voice was heard. The man seemed to be very angry as he questioned her.

Qiao Mianmian frowned and said coldly, "I was wondering who was disturbing my sleep so early in the morning. So, it's you. Su Ze, did you call the wrong number? I don't understand what you're saying."

Qiao Mianmian had long blocked Su Ze's number.

Suze probably realized that he had been blacklisted and changed his number to call her.

"You don't understand?" Su Ze had already fallen out with her that night, so he no longer pretended to be a gentleman. He said coldly in a low voice, "Don't tell me you didn't want to take revenge on me, that's why Gong Zeli attacked Starlight."

"Qiao Mianmian, I didn't expect you to be so indecent, such a casual woman. One moment you're with the man surnamed Mo, the next you're with the man surnamed Gong. How many sugar daddies do you have?"

"To think that I used to think that you were pure and innocent. I even thought that you were a pure and kind woman. I was actually afraid that I would scare you, so I didn't dare to get too close to you. But in the end, you're just a b*tch that can be easily slept with just because you're rich."

Ever since Su Ze found out that Qiao Mianmian wasn't a virgin, she was no longer pure in his heart.

She was no longer a woman worth him taking seriously and giving his heart to.

He already felt that Qiao Mianmian was a casual woman, so he naturally didn't respect her as much as before.

Chapter 1113: You're an Ingrate!

He said all sorts of unbearable words. "I was too naive to think that you would care about your old relationship. Hehe, those few years of our old relationship are nothing to you. You're true to whoever has more money. Why didn't I realize earlier that you're such a snobbish woman?"

Even though Qiao Mianmian already knew what kind of man he was, her hands still trembled from anger.

No matter how much of a jerk Su Ze was in the past, he had never said such unbearable words to her.

Su Ze continued to scold her. "You're so cruel. The Su family and I treated you well back then. Now, you want to kill the Su family. To think that my mother dotes on you like her own daughter. You're an ingrate!"

"Su Ze, I don't know what's wrong with you! But I have nothing to say to a mad dog like you. Don't call me anymore. If you call me again, I'll block you." Qiao Mianmian hung up.

She then blacklisted Su Ze's new phone number.

She was still trembling with anger after hanging up.

She had never thought that a person could be so disgusting.

When she thought that she had already seen the worst side of him, he used his actions to tell her that she had underestimated how disgusting and shameless he was.

Her understanding of him after all those years was like a joke.

She had known him for ten whole years.

But she had never truly understood what kind of person he was.

Qiao Mianmian had just blocked Su Ze's number when her phone beeped twice.

She looked down and saw that it was a message from an unknown number. "Qiao Mianmian, no matter how unhappy you are with me, my parents didn't offend you, right? Are you really going to destroy the Su family? Do you know that my parents are so worried that they can't eat and are crying? Do you really have to be so cruel?"

It was from Su Ze again.

Qiao Mianmian deleted the message and blocked the new number.

She hated Su Ze to the core.

However, she had never been biased against her parents.

Su Ze was the one who let her down.

It was not Father and Mother Su. She could still tell that.

So, even though Qiao Mianmian had blocked Su Ze's number, she still wanted to ask Mo Yesi about what had happened.

It sounded like the Su Corporation had suffered a blow.

He said that Gong Zeli did it.

But Qiao Mianmian knew very well that if someone had really done something to the Su Corporation, it couldn't be Gong Zeli.

It could only be Mo Yesi.

And Mo Yesi was already unhappy with Su Ze.

He was afraid that after hearing what Linda told him that day, he already had thoughts of attacking the Su Corporation.

Qiao Mianmian couldn't fall asleep after being woken up by Su Ze's call.

She got out of bed, washed up, and went downstairs with her phone.

"Good morning, Young Madam." Butler Lin greeted her respectfully when he saw her. "Young Madam, do you want to have breakfast now? I'll get the kitchen to prepare it."

Qiao Mianmian nodded and slowly walked towards the dining room.

A few minutes after she sat down at the dining table, the servant brought breakfast over.

Even though she was the only one eating, the breakfast was still sumptuous. There were fruits, desserts, Chinese and Western dishes.

While eating, she asked Butler Lin, "Has Mo Yesi been at the company for a long time? When did he leave?"

Chapter 1114: The Brands Came Looking For Them

Butler Lin bowed slightly and said, "Young Master woke up very early. He has been gone for more than an hour."

More than an hour?

Qiao Mianmian looked at the time and felt that it wasn't easy to be the CEO.

She used to think that being a boss was easy.

She could sleep until she woke up naturally every day before going to the office.

Or she could rest when she wanted to, and she did not have to go to the office every day.

Even if she went to the company, she wouldn't do much. She could knock off whenever she wanted.

Now she realized that she was completely wrong.

The higher the position, the less relaxed it was.

Many things had to be done personally.

"Is Young Madam going to visit Young Master at the company later? I'll get someone to prepare the car in advance." Butler Lin thought that she was going to the Mo Corporation to look for Mo Yesi.

Qiao Mianmian was about to speak when her phone rang.

She looked at the caller ID. It was Linda.

She immediately picked it up. "Sister Xie, what's the matter?"

"Mianmian, you're still in Yun Cheng, right?" Linda went straight to the point. "It's like this, I just helped you accept a good advertisement. Since you have time these few days, you can shoot the advertisement.

"If you have time now, come over and we can discuss this in detail."

Qiao Mianmian was stunned. "Advertisement? What advertisement?"

"It's an advertisement for a cosmetics brand. It can be considered a high-end series. In short, accepting this advertisement will only be beneficial to you. There won't be any disadvantages. Furthermore, the other party offered a very high price. I believe you will definitely be satisfied with the amount.

"This cosmetics brand used an A-list celebrity before. This is the first time they're looking for a newcomer to shoot an advertisement. With their brand's popularity, if you become the spokesperson for the new season, it will be very helpful to increase your popularity."

Linda rambled on happily.

Qiao Mianmian could tell that she was very satisfied with the advertisement contract.

Qiao Mianmian asked curiously, "Sister Xie, which brand is it?"

Linda told her.

Qiao Mianmian was shocked when she found out what makeup brand she'd be advertising for.

"You're talking about MC?! Sister Xie, are you sure you're not mistaken? MC is asking for me?"

"There's no mistake. It's the MC. I didn't pick it for you. They came to find you on their own accord. I'll tell you the details when you get here. Are you free now?"

"If you have time, send me the address. I'll be right there."

Qiao Mianmian was even more surprised when she heard that it was a brand that had come knocking.

MC was a big shot in the makeup world.

Just as Linda had said, every previous spokesperson was an A-list celebrity.

MC had never looked for a newcomer to endorse their company.

Furthermore, she was a newbie without much fame.

Even if she had participated in some scandals, she had little fame and few people knew her.

But her fame was nothing compared to the popular celebrities.

Moreover, hers were mostly anti-fans.

Under such circumstances, wouldn't it be too strange for a top makeup brand to take the initiative to look for her as their spokesperson?

No matter what, it didn't make sense.

Qiao Mianmian was full of questions and felt that this matter wasn't as simple as it seemed.

Chapter 1115: Did CEO Mo Fight For You?

However, no matter how many questions she had, Linda couldn't answer them immediately.

She reckoned that Linda had no idea what was going on.

It seemed like she could only ask her properly after meeting her.

Soon, Linda sent her the address.

After Qiao Mianmian received the address, she went upstairs to change and got Butler Lin to prepare the car.

...

An hour later.

In a clubhouse's private room.

The waiter brought Qiao Mianmian to the private room. After knocking on the door, Qiao Mianmian walked in.

Linda was already in the booth. When she entered, Linda waved at her.

After the waiter closed the door, Qiao Mianmian sat down opposite Linda. As soon as she sat down, she asked impatiently, "Sister Xie, do you know what this advertisement contract is about? You know that with my current reputation, they have no reason to come looking for me."

Logically speaking, signing such a good thing was something to be happy about.

However, Qiao Mianmian felt uneasy.

She had a feeling that something was amiss.

It was as if a pie had suddenly fallen from the sky.

Therefore, no matter how tempting this advertisement was to her, she did not dare to accept it.

“This is a little strange.” Linda had her doubts too, but she didn’t think much about it and signed the contract.

To her, getting a top endorsement deal like the MC for Qiao Mianmian was definitely a surprise.

After all, even Qiao Anxin, whom she had taken care of in the past, wasn’t strong enough to be a spokesperson for MC.

At that time, Qiao Anxin was already an A-list celebrity.

MC was particularly picky when it came to choosing a spokesperson.

Not only did they have to look at an artist’s reputation and appearance, but they also had to pick the right personality and academic qualifications.

The artists selected by MC were all exceptionally good in all aspects.

And now, Qiao Mianmian...

Apart from her looks and academic qualifications, she seemed to be unqualified in many aspects.

When she received a call from the brands saying that they wanted to sign a new endorsement deal with Qiao Mianmian, Linda was shocked.

Her first reaction was that the other party had called the wrong person.

Otherwise, someone was playing a prank on her.

“But don’t worry, I’ve already asked them clearly. I’ve also looked at the contract. There’s no problem with it, there’s no trap. Also, the other side is quite sincere. They’ve already paid half of the contract fee today.

“They said that after you finish filming the advertisement, they will transfer all the remaining signing fees.

“This time, the one filming the advertisement for you is also a top international director. Mianmian, you’re really lucky. This contract... did CEO Mo get it for you?”

Linda thought about that for a moment and decided it was the most likely possibility.

It wouldn’t be strange if Mo Yesi was the one who got this advertisement.

With his status, it wasn’t a problem for him to give Qiao Mianmian better resources.

Qiao Mianmian frowned. “No way. He didn’t tell me about this?”

Linda looked at her. “I thought you said you wanted to rely on yourself. Maybe that’s why he didn’t tell you.”

Qiao Mianmian was stunned for a few seconds, wondering if it was Mo Yesi’s doing.

“Mianmian, I think if CEO Mo was the one who fought for the resources for you, you should take it. It’s not that easy to get an endorsement for MC. You don’t know how many companies are fighting for it. CEO Mo has put in a lot of effort to help you get this resource, so you shouldn’t reject him, right?”

Chapter 1116: Full of Her

“Mianmian, I think if CEO Mo was the one who fought for the resources for you, you should take it. It’s not that easy to get an endorsement for MC. You don’t know how many companies are fighting for it. CEO Mo has put in a lot of effort to help you get this resource, so you shouldn’t reject him, right?”

Linda was afraid that Qiao Mianmian would reject such a good advertising resource to prove herself.

She didn’t care who gave her the resources.

Qiao Mianmian was an artiste under her. She couldn’t wait for Mo Yesi to find more resources for Qiao Mianmian to make her famous.

That would save her a lot of trouble.

“Also, MC has very high requirements for the artists they work with. Even if they come to you now, if your performance is unsatisfactory, they will still terminate the contract with you. So, it’s not like you can secure this endorsement just because of President Mo.

“The rest depends on your performance.”

Qiao Mianmian still felt that Mo Yesi hadn’t helped her get this endorsement.

But apart from Mo Yesi, she couldn’t think of anyone else.

Anyway, there must be another reason.

Otherwise, a top-notch makeup brand like MC would never hire a newcomer like her as their spokesperson.

This was equivalent to taking a huge risk.

Using a newbie like her, who had no fame or fans, could lead to poor sales for the next season.

Qiao Mianmian thought about it and asked, “Sister Xie, have you already signed the contract?”

“Yes.” Linda nodded. “I’ve already signed it. But... if you don’t think it’s suitable and don’t want to take on this endorsement, you can still reject the official contract.

“But, I hope you can take it.” Linda was still afraid that she would reject it. “This is a good opportunity.”

Qiao Mianmian thought about it seriously and nodded. “Since Sister Xie thinks this is a good opportunity, of course, I won’t reject it. You can make the arrangements.”

Qiao Mianmian wasn’t as persistent as before.

After talking to Linda that time, she changed her mind and stopped thinking about relying on herself.

Linda smiled and looked relieved. “Alright, since you’ve agreed, I’ll call them later and sign the official contract today. Try to sign it as soon as possible to avoid any changes.

“Several celebrities are watching.”

Qiao Mianmian said obediently, “Okay, I’ll listen to Sister Xie.”

Since Linda was already a top manager, Qiao Mianmian wasn't worried about her.

"Alright. It's settled, then." Linda was satisfied with her attitude. She smiled and said, "If this endorsement goes well, it will increase your fame. Do you know how much the other party has given you?"

Linda's smile widened at the mention of the contract fee.

Obviously, she was very satisfied with it.

Qiao Mianmian was also interested in the signing fee. "How much?"

"This many." Linda extended three fingers.

Qiao Mianmian was stunned. "Three million?"

Linda was speechless.

She laughed. "Mianmian, you underestimate yourself too much. How can a big brand like MC's contract fee only be three million? If it's three million, how can I accept it?"

Chapter 1117: But the Entire MC Belongs to the Gong Corporation

Qiao Mianmian was speechless.

She widened her eyes in shock. "It can't be... 30... 30 million?!"

"Yes, 30 million." Linda smiled. "Actually, when MC signed with other endorsers, they gave about the same amount. But I thought that because you're still new and not famous enough, they wouldn't give you the price of an A-list celebrity.

"I'm surprised they didn't reduce their endorsement fees.

"Of course, I know you're with President Mo now and you don't lack money. Perhaps thirty million yuan is..."

"It's a lot! I'm very satisfied! Thank you, Sister Xie!" Qiao Mianmian interrupted her excitedly. "And Sister Xie, I'm short of money. I'm dating Mo Yesi, and he's very generous to me, but I still hope to use my own money."

Linda looked at her for a while and nodded. "I understand. There are indeed some things that feel safer in one's hands. How about this, I'll call them now and sign the contract? As for when to shoot the advertisement, that will depend on their arrangements."

"Okay."

After getting Qiao Mianmian's approval, Linda took out her phone and made a call.

...

In another room in the same clubhouse.

The CEO of the MC brand stood respectfully beside a man.

“Young Master Gong, the contract with Miss Qiao has been finalized. Now, we just need to wait for Miss Qiao to sign the contract before we can choose a time to shoot the advertisement for the next season.”

As the brand’s CEO reported, he looked down at the man sitting on the sofa and felt a little depressed.

They had already chosen the spokesperson for the next season.

Moreover, they had already agreed to sign the contract.

He was also very satisfied with that spokesperson. Regardless of whether it was appearance or fame, he was definitely an artist who could increase the next season’s sales.

But Young Master Gong suddenly requested to give the endorsement for the next season to a newbie with the surname Qiao.

It was fine if they were newcomers.

But it was a newbie who couldn’t be any newer. A pure rookie who didn’t have any works.

He had asked someone to take a look.

That newbie only had over a million followers on Weibo, which was completely incomparable to the artist he had his eyes on.

Moreover, her one million fans were all hyped up by scandals.

It was no different from having no fans.

In short, the brand’s boss was dissatisfied with Gong Zeli’s newbie.

But no matter how dissatisfied he was, he did not dare to show it.

He was MC’s CEO.

But the entire MC belonged to the Gong Corporation.

The young master of the Gong family wanted this female artist to be the spokesperson for the next season. Who would dare to object?

Even if he chose a primary school student.

As long as Young Master Gong liked it, it was up to him.

In any case, whether the sales were good or not, the Gong Corporation would be the one losing out.

If even he didn’t care about it, what else could others say?

However, what the brand’s boss didn’t understand was, was Young Master Gong really interested in that newbie?

Previously, he had seen all kinds of rumors.

However, at that time, those staying by Young Master Gong's side for a few years did not take those rumors seriously.

Because they all knew that Young Master Gong liked the Shen family lady.

All these years, Young Master Gong had many female companions, but he had never officially dated a single one, which was also the same for the Shen family lady.

Chapter 1118: Young Master Gong Likes That New Person, After All

He was waiting for Miss Shen.

He regarded Eldest Miss Shen with such importance, so how could he possibly fall in love with another woman?

Moreover, she was a newbie in the entertainment industry who was far better than Miss Shen in all aspects.

She was extremely beautiful in the entertainment industry.

But, who was Young Master Gong?

He had seen many beauties since he was young.

How could he fall in love with someone else just because she was pretty?

However...

Young Master Gong had actually given the MC's endorsement for the next season to that newbie.

It could be seen that the rumors online weren't made up by the reporters.

Young Master Gong... really took a fancy to that newbie!

Perhaps after waiting for so many years, Eldest Miss Shen did not give any response, and Young Master Gong's heart had turned cold.

Gong Zeli laid lazily on the sofa. After listening to the CEO's report, he nodded. "Okay, sign the contract with them as soon as possible. After the official contract is signed, let the official Weibo release the news."

"Yes, Young Master Gong. But..."

Gong Zeli glanced at him. "But what?"

MC's boss looked at his expression and hesitated for a moment before carefully saying, "The spokesperson that we signed with last quarter was very good at bringing goods. After signing with him, our sales almost doubled. Many fans bought our products because of him."

"We have also revealed on Weibo that we will continue to sign with him. If the fans learn that we have changed our spokesperson, will they stop buying our products in the future?"

The CEO was quite worried about this.

He was worried that if Qiao Mianmian became the spokesperson for the next quarter, MC's sales performance would drop drastically.

The CEO didn't dare to be too direct.

After all, that newcomer was someone Young Master Gong had taken a liking to.

If he expressed his disdain, he would be despised by Young Master Gong later.

Once Young Master Gong despised him, he wouldn't be able to be the CEO for long.

The CEO didn't dare to be too direct, but Gong Zeli quickly understood what he meant.

He replied with a nonchalant expression, "MC relied on its own reputation to gain a stable position in the makeup world. If our own product quality is not up to standard, no matter how good an artist is at carrying goods, they will only be able to increase sales by one or two seasons at most. It won't last long.

"What we need are customers who are interested in the quality of the product, not customers who follow their idols blindly, regardless of the quality of the product. The latter won't be our MC's main customer, so it's not a pity if it's lost."

The CEO: "..."

He didn't care about the guests.

As long as the sales results could go up, he liked it!

"Young Master Gong is right." The CEO grumbled internally, but on the surface, he said respectfully, "Young Master Gong is the one who sees the problem clearly. An unstable client is indeed not our MC's main customer."

He had just finished flattering him when his phone rang.

Seeing that it was a call from the newbie's manager, the CEO held his phone and said, "Young Master Gong, they called. It should be about the contract."

Gong Zeli nodded. "Answer the call."

"Yes."

The CEO immediately answered the call. After chatting for a few minutes, he hung up.

"Young Master Gong, Miss Qiao has arrived. Her manager has requested to sign the contract today. What do you think..."

"Then, we'll sign it today." Gong Zeli's lazy expression changed slightly. Although he still looked nonchalant, his eyes lit up when he heard Qiao Mianmian's name.

Chapter 1119: Are You Chasing That Newbie?

"Yes, Young Master Gong. Miss Qiao and her manager are in the clubhouse right now. I'll go over right away. Are you going as well?" The CEO thought that Gong Zeli would definitely go.

Otherwise, he wouldn't have come.

He came especially for Miss Qiao.

It seemed like Young Master Gong was really interested in that newbie.

The CEO thought that he would have to be more polite to the newbie when he went over later.

Perhaps one day, that newbie would become Young Master Gong's girlfriend.

"No." Gong Zeli was silent for a while before rejecting him.

The CEO looked surprised. "Aren't you going? Miss Qiao is also..."

Before he could finish speaking, Gong Zeli glared at him coldly. He was so frightened that he immediately swallowed his words.

"Yes, Young Master Gong. I understand." The CEO didn't dare to say anything else. He was afraid that if he said another word, he would anger his boss.

Everyone knew that the young master of the Gong family had a bad temper.

"Then, Young Master Gong, shall I go over now?" The CEO looked at him and asked carefully.

"Okay." Gong Zeli waved his hand. "Go."

"Yes, Young Master Gong."

The CEO immediately turned around and walked out. When he reached the door, he was stopped by Gong Zeli.

He immediately turned around. "Does Young Master Gong have any other instructions?"

Gong Zeli thought about it and said, "Help them pay the bill and get someone to send over some good food and drinks. Oh right, prepare a bouquet of fresh flowers. Remember, don't reveal my identity."

The CEO: "... Yes."

What did Young Master Gong mean?

Was he chasing after that newbie?

Then, why didn't he want to show himself?

Furthermore, he didn't let the newbie know that he was the one who did all these.

How did it end up like a crush?

However, with Young Master Gong's status, was it necessary for him to have a crush on any woman? He could get any woman he wanted with just a word.

Not to mention a newcomer with no background.

He felt that if Young Master Gong liked it, he could just play with her.

There was no need to give her any status.

However, he couldn't understand Young Master Gong's current actions.

Why did it seem like a crush?

He was Gong Zeli.

He could just chase any woman he liked.

The CEO left with a stomach full of questions.

He didn't know what President Gong was thinking and didn't dare to ask.

As a qualified subordinate, he would do whatever was asked of him.

...

After the CEO left, Gong Zeli asked the others in the room to leave as well.

He sat alone in the large private room, staring out the window with unfocused eyes.

The memories of that night replayed in his mind like a movie.

But this time, the blurry white figure in his mind became clearer.

The blurry face had a clear outline.

He could no longer remember how many times he had regretted not finding out the truth earlier.

Why was it too late when he learned the truth and wanted to make it right?

Why didn't he discover the truth earlier?

Why!

Why was it that now that he finally had a woman he liked and wanted to treat well, he no longer had a chance?

Why was it that the person she married was his good brother!

Even if he didn't care if she was married, could he snatch his brother's woman?

Chapter 1120: She Terminated Her Contract Once Something Happened in the Su Corporation

It was too late now.

All he could do was help her with her career.

However, this was not the outcome he wanted.

He wanted to use the remaining time in his life to make it up to her.

"Qiao Mianmian." Gong Zeli stared out the window for a long time before smiling bitterly and retracting his gaze. He muttered to himself, "Why didn't you tell me that you saved me? Was it because you were

disappointed with my performance that time? That's why you pretended not to know me. At that time, did you regret saving someone as lousy as me that night?

"But if you had told me sooner that you were the girl from that night, why would I have done that to you?"

"It's been ten years, a whole ten years. In these ten years, you often appear in my dreams. Actually, every time I wake up from my dreams, I would feel confused and wonder why I couldn't find that feeling from Shen Rou that night."

"She told me that she was the one who saved me. I clearly felt that something was wrong, yet I still believed her. For the past ten years, I firmly believed that she was my savior."

"Why was I so stupid?"

"I never suspected she was lying to me."

As he spoke, he laughed self-deprecating. "That's why I deserve to be deceived by her for ten years. For ten whole years, I didn't realize that I was deceived. If she dared to lie to someone like me, who wouldn't she lie to?"

"Qiao Mianmian, do I really have to give up on you? But I really don't want to."

"Why did you have to marry Mo Yesi? I've never won a fight with him before."

What else could he do?

So what if he was indignant?

Even if Qiao Mianmian wasn't married yet, could he win against Mo Yesi?

...

Qiao Mianmian scrolled through Weibo and found two popular posts.

One was about Su Ze.

The other was about Qiao Anxin.

On the official Weibo account of the financial news, news about the Su Corporation suffering a huge blow overnight and its stock prices falling could be seen.

At the same time, Qiao Anxin finally updated her Weibo.

It was a Weibo post about her contract termination with Starlight.

Qiao Anxin V: I've already peacefully terminated my contract with Starlight. I won't be an artiste under Starlight anymore. I hope everyone will be well in the future. I've made the fans worry during this period. I'm fine.

Qiao Anxin's post quickly became a hot topic.

Because it was posted around the same time as the post about the Su Corporation being severely damaged, many people speculated whether the reason she terminated her contract with Starlight Entertainment was that the Su Corporation was badly damaged.

Otherwise, the timing was too coincidental.

She wouldn't terminate the contract abruptly. She would terminate the contract once the Su Corporation had a problem.

Many passers-by commented on her Weibo post that she was too realistic.

Although it was cold when people were gone, there were many cases of adding insult to injury.

But she shouldn't have posted the termination of her contract at this time.

She seemed too eager, too heartless.

No matter what, she had been single-handedly supported by Starlight.

Not only did she not help her boss when he was in trouble, she even broke off her contract with Starlight.

Such a way of doing things was truly chilling.

Qiao Anxin's fans still supported her as usual. They argued that her Anxin definitely didn't terminate the contract because the Su Corporation was badly damaged. There must be many unknown reasons.
