

Big Shot 1211

Chapter 1211: Isn't That Qiao Anxin?

"Oh my god, this man is so good-looking. I thought that Young Master Bai and Young Master Yan were the best. I can't believe there's someone better."

"Speaking of quality, have you forgotten about the young master of the Mo family? He's the best in the world. Do you think Mo Shixiu will come to the banquet tonight? I came for him."

"Mo Shixiu? I advise you to give up. This man is indeed top-notch, but he's like his younger brother who is said to have an aversion to women. He's not interested in women. He's almost thirty this year. I heard that he has not found a girlfriend yet."

"Those two brothers of the Mo Family are so heartless. They have really wasted the good capital that God gave them."

"What do you know? This kind of man is more interesting. Don't you feel a sense of accomplishment if you can take them down?"

"Forget it, I still don't want to be abused. Didn't you hear that Eldest Miss Shen liked Second Young Master Mo for more than twenty years and acted as if she would not marry anyone else but him? But in the end, he still hasn't accepted her. Even she can't do it, let alone others? I think that Second Young Master Mo doesn't have any so-called misogyny."

"No misogyny? Then, why doesn't he have a woman by his side?"

"Maybe he's not interested in women and is interested in men instead. Otherwise, with Eldest Miss Shen's good qualities, how could she not succeed in wooing him for more than twenty years? Who would be able to reject such a beautiful and outstanding woman?"

"That's true. Doesn't that mean that Eldest Miss Shen is quite tragic? She's fallen for a gay."

"Shh, lower your voice. Speak of the devil. Eldest Miss Shen is here."

Several socialites who were gossiping raised their heads and looked towards the entrance.

Shen Rou, who was wearing a red dress, walked in proudly.

Her red dress was extremely eye-catching, attracting everyone's attention the moment she appeared.

Shen Rou was dressed very exquisitely today.

Whether it was looks or clothing, she was flawless.

In high society, the eldest daughter of the Shen family was famous for being a great beauty. She was also known as the number one beauty in the wealthy circle.

With her outstanding looks, prominent background, and her academic qualifications, she was one of the top socialites.

Wherever Eldest Young Lady Shen appeared, she would be in the limelight.

No woman could steal her limelight.

But today, it seemed a little different.

Eldest Miss Shen was naturally still very beautiful, and her appearance was still stunning.

It was just that today, she would not be the one with the most limelight and the strongest halo.

Someone had already surpassed her.

It was a little girl who was prettier than her.

It was said that women loved to compare themselves with each other. They wondered how Miss Shen would feel when she found out that the young lady was even more outstanding than her.

For a moment, everyone couldn't help but look towards Shen Rou with the mindset of watching a good show.

"Hey, who's that woman beside Miss Shen? She looks unfamiliar."

"Why do I find her familiar? I think I've seen her somewhere before. Eh, I remember now. Isn't that Qiao Anxin, the female celebrity who was dating the Young Master of the Su Corporation?"

"Qiao Anxin? Didn't Miss Shen always look down on people from the entertainment industry? How did she get to know her? The two of them even attended tonight's banquet together. It seems like they have a good relationship."

Chapter 1212: Too Biased

Everyone saw Shen Rou and Qiao Anxin.

Qiao Mianmian saw them too.

Qiao Mianmian was more surprised than anyone else when she saw Qiao Anxin and Shen Rou walking in hand in hand.

Qiao Anxin, Shen Rou...

How did they know each other?

Mo Yesi looked at Shen Rou indifferently for a second before looking away. He frowned when he saw Qiao Anxin walking in with her.

Mo Yesi and Shen Rou had known each other for more than 20 years.

Even if he did not pay much attention to her, he still had some understanding of her.

Shen Rou looked easy-going on the surface and did not put on any airs towards anyone. She was the daughter of a wealthy family that others called down.

But in reality, she was very arrogant.

She didn't want to get to know Qiao Anxin.

He had never seen the two of them interact with each other before, but they suddenly appeared together tonight.

Mo Yesi hugged the person beside him tightly, and his eyes darkened.

No matter what their motives were, he wouldn't give them another chance to hurt Qiao Mianmian.

Shen Rou brought Qiao Anxin to Bai Yusheng.

When she saw Mo Yesi and Qiao Mianmian standing next to Bai Yusheng, her eyes flickered. When her gaze fell on Qiao Mianmian's silver-grey starlight dress and the set of jewelry she was wearing, Shen Rou tightened her fingers, and a trace of jealousy flashed past her eyes.

When she looked at Qiao Mianmian's beautiful face, her jealousy intensified.

That set of jewelry, the Star and Moon Protection, cost more than ten million.

It was made by a very famous jewelry designer internationally.

It was a global limited edition item.

Previously, she had taken a fancy to this set of jewelry and wanted to book it, but she was told that it was sold out.

But now, Qiao Mianmian was wearing jewelry that she couldn't even buy.

How could she tolerate this?

Qiao Anxin was equally jealous.

Ever since she guessed that Mo Yesi might be the CEO of the Mo Corporation, her heart had never calmed down.

When she found out that Qiao Mianmian's real identity was the Bai family's daughter, she was so jealous that she almost went crazy.

She was not convinced.

Why did Qiao Mianmian get all the benefits?

Not only did she have a handsome, rich boyfriend who treated her very well, even her biological parents, who had abandoned her when she was young, were now prominent figures of virtue and prestige.

They grew up together.

Qiao Mianmian was originally an orphan with no one to rely on.

Initially, she thought that she had the upper hand.

But now she realized that she and Qiao Mianmian did not come from the same world.

She didn't even have the qualifications to compete with Qiao Mianmian.

She had tried so hard to snatch Su Ze away from her and kept suppressing her, making her unable to rise in the entertainment industry. She had thought that she was the winner.

She had thought that Qiao Mianmian would be under her feet forever.

But later on, this little b*tch turned around and found someone better than Su Ze, making her years of planning and her own victory a joke.

Now, they found out that her real identity was still the daughter of the Bai family.

God was too biased towards this little b*tch.

Qiao Anxin looked at the handsome man in a suit and leather shoes. The flames of jealousy in her heart burned brighter.

Chapter 1213: So These Two Are Sisters

How did this little b*tch manage to get her hands on such an exceptional man?

Looking at Qiao Mianmian's outfit, Qiao Anxin almost couldn't hide her jealousy.

Man depends on clothes, Buddha depends on gold.

This little b*tch was now riding on his coattails. Her dressing had improved by many levels.

She could no longer see the poverty in her.

Qiao Anxin had dressed up meticulously today.

But compared to Qiao Mianmian, she was nothing.

One of them looked like a dignified and elegant lady from an aristocratic family.

The other looked like a daughter from the Ministry of State Affairs. She looked petty.

Standing in front of Qiao Mianmian, she was like a green leaf paired with a red flower. When the two of them stood together, everyone's eyes would only be on Qiao Mianmian.

Qiao Anxin's eyes flashed with jealousy and dissatisfaction. She bit her lip and said with a fake smile, "Sister, so you're here for tonight's banquet too."

Everyone came to a realization then.

So these two were sisters.

However, this younger sister looked way worse than her older sister.

The elder sister was as beautiful as a swan, while the younger sister...

It was not that she was ugly, but compared to her elder sister, the younger sister seemed very ordinary.

The elder sister was a stunning beauty, but the younger sister was just an ordinary beauty.

The two of them were not even on the same level.

Qiao Mianmian ignored her “sister” and looked at her coldly. “Don’t, I can’t afford to call you that. Qiao Anxin, let’s just call each other by name. That way, we’ll both be comfortable.”

Qiao Anxin’s forced smile froze.

She didn’t expect Qiao Mianmian to be so rude to her.

Anger surged in her eyes, but she could not vent it out. She could only clench her fists and force a smile. “It seems that Sister is still angry with me.”

Qiao Mianmian looked at her expressionlessly.

If it were any other time, she would have already insulted Qiao Anxin.

But today was Bai Yusheng’s birthday party.

Qiao Mianmian didn’t want to make the atmosphere awkward, so she ignored her.

Bai Yusheng, on the other hand, glanced at Qiao Anxin coldly with disgust in his eyes. “Miss Shen, who is this lady beside you? I don’t recall inviting her.”

Qiao Anxin’s expression changed when she met Bai Yusheng’s cold and disdainful gaze.

She took a deep breath, bit her lip, and smiled awkwardly. “Hello, Director Bai. I’m Qiao Anxin, an actress from Starlight Entertainment. I’ve always liked your work and admired you, thinking that you’re especially talented. Director Bai didn’t invite me, but I knew that Director Bai had a birthday party tonight, so I begged Miss Shen to bring me along.”

“Big Brother Bai, Anxin is my friend. She told me that she likes you very much and admires you. She really wanted to attend tonight’s birthday banquet, so I...” Shen Rou smiled and said gently, “I thought that Big Brother Bai wouldn’t mind if I brought a friend over, so I didn’t inform you beforehand. This is my negligence. If you want to blame someone, blame me. Anxin doesn’t know anything.”

Shen Rou looked like she was protecting her best friend, and Qiao Anxin and her seemed very close.

Chapter 1214: So Angry That She Almost Vomited Blood

However, Bai Yusheng didn’t seem convinced. After hearing Shen Rou’s words, he narrowed his eyes and did not respond.

Shen Rou’s expression changed.

Just as she was feeling embarrassed, a voice rang out and gave her an out. “Hey, Rourou is here.”

It was Madam Bai.

She walked over from behind and held Shen Rou’s hand. After sizing her up, she smiled and said, “Rourou is really pretty tonight. This red dress looks really good.”

With Madam Bai’s timely help, Shen Rou’s expression eased.

She also held Madam Bai's hand and said with a gentle smile, "Thank you for your praise, Auntie Bai. Auntie Bai is also very beautiful tonight. No one can look better in this cheongsam than Auntie Bai."

Madam Bai was delighted by her coaxing and beamed. "You're such a sweet child. You know how to coax people."

Shen Rou immediately acted like a little girl. "No, I'm telling the truth. Aunt Bai, you can ask Brother Bai if you don't believe me."

"Okay, okay, I believe you." Mrs. Bai smiled and said a few words to her. She then turned to look at Qiao Anxin and casually asked, "Rourou, is this your friend?"

Qiao Anxin saw that Madam Bai had noticed her, and her eyes filled with excitement. She immediately smiled and introduced herself warmly. "Madam Bai, hello. I'm Qiao Anxin, Rourou's friend."

Madam Bai had previously investigated Qiao Mianmian.

During the investigation, they naturally found out that she did not have a good relationship with her stepmother and stepsister.

Not only had her fiancé been snatched away by her stepsister, but she had also been suppressed by her stepsister in the industry.

As a result, in the two years that she had been in the entertainment industry, she could only be a minor character.

Her career had never started.

After knowing this, Madam Bai disliked Qiao Anxin from the bottom of her heart.

Therefore, Madam Bai responded indifferently to Qiao Anxin's warm introduction. She only acknowledged her and turned to talk to the others.

Qiao Anxin's smile froze again.

The disdain in Madam Bai's eyes was obvious.

Her reply was perfunctory.

She looked like she didn't want to talk to her at all and was not interested in knowing who she was.

But in the blink of an eye, when Madam Bai spoke to Qiao Mianmian, her tone and attitude were clearly different.

Not only was her face full of smiles, but her voice was also gentle and soft. It was completely different from her attitude when facing her.

Qiao Anxin almost vomited blood.

Her face turned green and red. She felt extremely embarrassed.

Especially when she saw Madam Bai and Qiao Mianmian's tone and expressions, she clenched her fists so tightly that her nails almost broke.

It was obvious that Madam Bai really liked Qiao Mianmian.

And this was without knowing that Qiao Mianmian was her biological daughter.

If she found out...

Qiao Anxin could imagine how much Qiao Mianmian would be doted on in the Bai family.

She would be able to get whatever she wanted.

With her status as the daughter of the Bai family and the love of the Bai family, wouldn't she be able to get whatever she wanted easily in the future?

Right now, even if she dated a man with a prominent status, she might not be able to marry into a rich family.

After all, she did not have a high status.

But once she became the daughter of the Bai family, she could choose any single young man in the upper-class society.

Chapter 1215: The Relationship

In front of her was a road with no setbacks.

Her future was bound to be resplendent for everyone to envy.

But...

Qiao Anxin bit her lip, and hatred flashed past her eyes.

She would not let this happen.

Never!

So what if she was a real swan?

She would never be a swan in her life.

It seemed like she was blessed by God. Everything was good.

But Qiao Anxin felt that she was still the most blessed by God.

She didn't have a good background, but she lost to Qiao Mianmian at the starting line.

But she had a benefactor to help her.

Whatever she did not have, she could snatch it and make it hers.

For example, Su Ze and Qiao Mianmian.

At the thought that her identity would change drastically after tonight, Qiao Anxin couldn't help but feel excited.

After tonight, she would no longer be an ordinary girl from the Qiao family.

She would become the beloved daughter of the Bai family and live a glorious life.

By then, Qiao Mianmian would be nothing.

So what if Bai Yusheng and Madam Bai liked her now?

When that happened, Bai Yusheng would become her brother, and Madam Bai would become her mother.

She didn't believe that they would treat Qiao Mianmian better than she did.

"Alright, stop standing at the door." Madam Bai looked at the time and said, "Yusheng, the banquet is about to officially begin. Go on stage and have a few words with the guests first. Mianmian and the rest, I'll take care of them."

Bai Yusheng nodded and walked into the hall.

Madam Bai held Qiao Mianmian's hand. "Mianmian, let's go in too. Aunt Bai asked the kitchen to prepare some food for you. Shall I bring you over to eat something?"

She then looked at Mo Yesi. "Yesi, do you mind if I take Mianmian away for a while? Don't worry, I'll take good care of her and return her to you later."

Mo Yesi looked deeply at Madam Bai.

From the moment he started having doubts about something, he felt that Madam Bai's decision to take Qiao Mianmian away wasn't as simple as just bringing her out for dinner.

But since Madam Bai had spoken, and it was such a small matter, it was impossible for him not to agree.

He wasn't worried that Madam Bai would do anything to Qiao Mianmian.

"Since Aunt Bai cares about her, I have no reason to disagree." Mo Yesi rubbed Qiao Mianmian's head and said gently, "Then, you and Aunt Bai can go and eat something first."

Qiao Mianmian was indeed hungry, and Madam Bai had invited her so enthusiastically, so she nodded. "Okay."

When Madam Bai saw that she had agreed, she was obviously very happy. Her eyes were full of smiles as she said intimately, "Come, good child, follow Aunt Bai."

When Madam Bai was talking to Qiao Mianmian, she had forgotten that Shen Rou was standing beside her.

She pulled Qiao Mianmian along for a few steps before suddenly remembering. She turned to Shen Rou and smiled. "Rourou, don't stand on ceremony. If you're hungry, go fill your stomach in the dining area."

Shen Rou's smile stiffened. "Okay."

Madam Bai asked her to eat in the living room while she brought Qiao Mianmian to the kitchen.

The relationship between them was obvious at a glance.

Madam Bai had also acted like she liked her and was very intimate with her as if she was her own daughter.

Chapter 1216: Does He Hate Her That Much?

But compared to Qiao Mianmian, it was obvious who she was closer to.

Madam Bai hurriedly called out to her before pulling Qiao Mianmian in another direction.

Shen Rou knew that they were the real mother and daughter. As she watched them leave, she clenched her fists and her gaze turned cold.

It was indeed the nature of mother and daughter.

Madam Bai didn't know that Qiao Mianmian was her daughter.

But when she was talking to Qiao Mianmian just now, she didn't even realize that her motherly instincts were showing.

Shen Rou once again felt that she couldn't let Qiao Mianmian regain her identity no matter what.

Otherwise, it would be impossible between her and Mo Yesi.

The Shen family was facing an economic crisis and was gradually declining.

Although it was a well-kept secret and not many people had discovered it yet.

But one day, she wouldn't be able to suppress it.

If she wanted to save the Shen family and get Mo Yesi, she had to find a way to marry him as soon as possible.

Before that...

She had to think of a way to get rid of Qiao Mianmian.

Shen Rou's gaze landed on the jealous Qiao Anxin. She narrowed her eyes, and a hint of scheming flashed in them.

With Qiao Anxin around, her future plans would be much smoother.

At that time, she could get rid of Qiao Mianmian and Qiao Anxin as well.

This way, she wouldn't have any future troubles.

After Qiao Mianmian left, Mo Yesi also prepared to leave.

"Ah Si."

Seeing that he was about to leave, Shen Rou quickly called out to him.

"Ah Si, are you still blaming me? Can't you forgive me?" Shen Rou couldn't stand his coldness.

He said that if they met again, they would be strangers.

He really did it.

But she couldn't do it.

She still had him in her heart. She really couldn't stand him being like this.

He didn't even look at her now.

Did he hate her that much?

Mo Yesi paused for a moment and continued walking as if he hadn't heard anything.

This time, no matter how much Shen Rou called him, he did not stop.

Watching him turn around and leave without any hesitation, Shen Rou bit her lip. Her eyes were covered with a layer of mist, and her eyes couldn't help redden.

Twenty years of companionship, twenty years of sincere effort, twenty years of waiting.

Was this the result he had been waiting for?

Did he hate her so much?

Just because she had someone slander Qiao Mianmian on the Internet, he could ignore their relationship of more than 20 years and really cut ties with her.

He was so cruel.

She had stubbornly held onto his heart for more than twenty years, but she still couldn't warm it up.

When Shen Rou thought about it now, she felt that all her efforts over the past twenty years had become a joke.

What bullsh*t was that? She had persevered for so many years. Let alone gaining a little bit of his affection, he had never even felt touched.

She had been a fool for more than twenty years. It was only now that she realized everything. She would never make the same mistake again.

She no longer needed his response.

To the current her, it was fine as long as she could have him.

As for whether he had her in his heart or not, she wouldn't care as much as before.

"Miss Shen." Qiao Anxin looked at Shen Rou's sad expression and was even more certain of Mo Yesi's identity.

It was said that Eldest Miss Shen had been in love with Second Young Master Mo for many years, and she even had a one-sided crush on him.

Chapter 1217: Alright, Shut Up

Other than the second young master of the Mo Family, who else could make someone as arrogant as Shen Rou show such an expression?

Furthermore, that man's surname was also Mo...

Even though Qiao Anxin felt that she had already guessed the identity of the mysterious man, she still wanted to verify it with Shen Rou.

She still didn't want to believe that Qiao Mianmian would be so lucky.

It was rumored that he did not get close to women, and there was even the Second Young Master of the Mo Family who had "misogyny" who would become her boyfriend and dote on her.

"Miss Shen, was that person just now... the Second Young Master of the Mo family? The Second Young Master of the Mo family who took over the Mo Corporation and became the youngest CEO in the history of the Mo Corporation not long after he returned to the country?" Qiao Anxin clenched her fists and waited for Shen Rou's reply nervously.

Shen Rou retracted her gloomy gaze and gave a faint "mm".

It was really him...

Qiao Anxin clenched her fists. At this moment, the jealousy in her heart was like a fire that had been ignited. The wind blew and the fire grew stronger and stronger, almost swallowing all of her rationality and calmness.

But even if she tried her best to control it, her expression was still twisted and hideous from jealousy.

She originally had six parts of her looks, and the rest of her looks were based on various packaging.

As soon as this jealous expression appeared, she couldn't even maintain her original six points.

She looked especially ugly.

"But... but didn't they say that Second Young Master Mo doesn't get close to women? Why would he and Qiao Mianmian..." Qiao Anxin stopped mid-sentence when she saw Shen Rou's expression darken.

If Shen Rou really had a one-sided relationship with Mo Yesi for many years.

Seeing Qiao Mianmian and Mo Yesi being so loving, she must be very angry and upset.

She shouldn't have mentioned that little b*tch at such a time.

Qiao Anxin was afraid that Shen Rou would get angry at her and was even more afraid that something would happen to her when she replaced the daughter of the Bai family. She immediately apologized to Shen Rou nicely. "Miss Shen, I didn't mean to mention that little b*tch in front of you. I just feel that that little b*tch is far from you. She doesn't even have the right to carry your shoes. I really don't know why that Second Young Master of the Mo family..."

"Alright, shut up."

Her words made Shen Rou's expression turn even uglier.

Yes, everyone thought that she was better than Qiao Mianmian and that she and Mo Yesi were the most suitable couple.

Even she felt the same way.

But in the end, the man she had liked for so many years would rather choose a woman who was inferior to her in every way than give her a chance.

What did she do wrong?

How was she inferior to Qiao Mianmian?

Qiao Anxin's expression changed when she heard Shen Rou's words. There was a flash of coldness in her eyes.

She looked at Shen Rou's arrogant face and the sense of superiority that she displayed in front of her and was extremely unhappy. What was there to be arrogant about? Wasn't she just relying on her good family background to act like a big missy in front of her? Ha, when she became the daughter of the Bai family, they would be equals. So what if she was the daughter of the Shen family? When that time came, she wouldn't look at her face anymore!!

However, before this matter was completely settled, she could only endure it.

Chapter 1218: Shen Rou Was a Little Weird Today

Qiao Anxin swallowed her anger and said, "Miss Shen, Madam Bai is leaving with that little b*tch. What do we have to do to carry out our plan successfully? I feel like it's not good to let that little b*tch stay with Madam Bai for too long. What if she foils our plan?"

Shen Rou looked at her with disdain.

How could she not know what Qiao Anxin was thinking?

Rather than saying that they were afraid that Qiao Mianmian would affect their plans, it was more accurate to say that they were worried that she wouldn't be able to successfully become the daughter of the Bai family.

However, even though Shen Rou didn't like Qiao Anxin, she agreed with her.

Indeed, she couldn't let Madam Bai and Qiao Anxin stay alone for too long. Otherwise, their plan would definitely go awry.

Madam Bai was obviously using the excuse of eating to take Qiao Mianmian away.

Since she had already thought about whether Qiao Mianmian was her daughter, she would definitely find a way to prove it.

Perhaps she had brought Qiao Mianmian away just to confirm this matter.

At the thought of this, Shen Rou's expression changed. She raised her eyes and looked in the direction Madam Bai had left in. She lifted her skirt and said, "Follow me. Remember, act according to my wishes later."

Some of Shen Rou's usual sisters were in the hall.

When they saw her, they all came over to greet her.

Shen Rou gave a perfunctory reply and left hurriedly with Qiao Anxin.

Her friends looked at her leaving figure and couldn't help but ask, "What do you think she's going to do? Also, when did she start interacting with people from the entertainment industry? Don't you think that Shen Rou is a little weird today?"

"Do you think that the man she called just now is the Second Young Master of the Mo Family? If that's the case, wouldn't she die of anger? She must have liked the Second Young Master Mo for many years. Now that he has another woman by his side, how could she tolerate it?"

"So what if she can't tolerate it? He's the Second Young Master of the Mo Family. If others are afraid of his status, they need to support him and curry favor with him. Can the Second Young Master of the Mo Family use her? Besides, don't you realize that Second Young Master of the Mo Family is quite cold to her?"

"Yes, I realized it too. I think Shen Rou must be furious. After liking a man for so many years, he still ended up with someone else. However, the woman who stole her man is quite pretty. Her looks are the type that men like. She's soft and weak, like a little white lotus. It's easy to arouse a man's desire to protect her. Shen Rou is pretty, but she looks a little strong. Many men don't like strong women."

"Shen Rou is indeed domineering. She's too arrogant just because she has a good family background. No matter how pretty she is or how good her family background is, men may not like her. After all, with Mo Family's status, Shen Rou's advantage is nothing."

"But, is that man really Second Young Master Mo? Have any of you seen him before?"

"The Second Young Master of the Mo Family has always lived overseas and has only returned to the country recently. Furthermore, he doesn't like to be interviewed by the media, so not many people should have seen him. However, if that man is really the Second Young Master of the Mo Family, it's no wonder that Shen Rou has been longing for him for so many years and still refuses to give up. He's born noble and prestigious, and she has grown up with such an outstanding man, how could she not be moved?"

Chapter 1219: She Will Definitely Blame Me

On the other side.

Madam Bai brought Qiao Mianmian to the kitchen. When the busy people saw her, they immediately greeted her respectfully. "Madam."

Madam Bai nodded and said to them, "You guys do what you need to do. Don't worry about me."

She pulled Qiao Mianmian aside and gestured for her to sit at the kitchen table.

Then, she turned around and put on an apron. She smiled and said to Qiao Mianmian, “Mianmian, if you have anything you want to eat, tell me. I’m good at normal home-cooked dishes. It’s okay if I don’t know how to cook, I can learn on the spot. As long as it’s something you like, I can make it for you.”

Qiao Mianmian was shocked to see that Madam Bai wanted to cook for her. She quickly stood up and said, “Auntie, how could I let you cook for me?”

She had thought that Madam Bai had brought her here for a meal.

Madam Bai walked up to her and patted her hand gently. Her eyes were full of love and concern. “Why not? Auntie likes you, so what if I cook for you? Mianmian, when I see you, I feel like I’m looking at my Little Seven. When I think about how my Little Seven might still be suffering outside, I feel terrible. Why did I give my precious Little Seven away back then? No matter how dangerous it is, I should have brought her along.

“Otherwise, we wouldn’t have been separated for so long.

“Whenever I think about this, I feel terrible.”

As Madam Bai spoke, her eyes reddened and her voice choked.

Qiao Mianmian was stunned for a moment. Seeing that Madam Bai was about to cry, she panicked.

“Auntie, don’t-don’t be sad. I believe you had no choice but to give her away back then. Perhaps that family treated her well too. She’s living quite well now.

“Besides, aren’t you still searching for her? I think the two of you will definitely reunite one day.”

“Will we?” Madam Bai held her hand tightly and looked at her steadily. “Do you think that we will be reunited one day?”

“Of course.” Qiao Mianmian didn’t know if they could reunite again, but she didn’t want to see Madam Bai continue being sad. Hence, under Madam Bai’s expectant gaze, she said with certainty, “I believe it will.

“God knows how much you miss your daughter. He will definitely let you and your daughter reunite.”

“But...” Madam Bai looked at her with guilt in her eyes. “When the time comes, she’ll definitely blame me. Even if we reunite, she won’t acknowledge me as her mother, right?”

No matter what difficulties she had in the past.

It was a fact that she had handed her daughter over to someone else, causing the mother and daughter to be separated for more than ten years.

“I think if you really had your own difficulties back then, she should be able to understand. If you weren’t forced to, which mother would give their own child away? Besides, Auntie, you’ve been searching for her for more than ten years, which proves that you really had your own reasons back then. So, as long as Auntie is willing to tell her about what happened back then and treat her better in the future, she won’t reject her biological mother, right?”

“Really? Do you think so, Mianmian?”

Chapter 1220: There Will Be Time in the Future to Cultivate the Relationship Between Mother and Daughter

After hearing her words, Madam Bai's eyes lit up. She held her hand tightly and said agitatedly, "If it were you, would you be willing to forgive me?"

"Huh?" Qiao Mianmian was stunned.

"Mianmian, I want to know your true thoughts. If you were my Little Seven, would you still be willing to acknowledge me? Don't try to comfort me. Just say what you really think. I want to hear what you really think."

Madam Bai was naturally very happy to be able to acknowledge her own daughter.

But she was also worried that her daughter would not acknowledge her.

She was worried that Little Seven would blame her for giving her away.

What if she couldn't accept her difficulties and explanations?

Madam Bai looked at Qiao Mianmian nervously, like a student who had just been asked a question by a teacher. She didn't know if her answer was right or wrong, but before the teacher replied, she was nervous.

Qiao Mianmian was about to say something to comfort her, but she swallowed her words when she saw how serious she was.

She could tell that Madam Bai really wanted to know her true thoughts.

Qiao Mianmian didn't think it was appropriate to reply perfunctorily.

So, this time, she thought for a while before replying, "I don't know. We'll have to see why she gave me away."

Madam Bai's heart tightened, and she took a deep breath. "What if it was for her safety? If it was very dangerous to bring her along, she might lose her life. So, in order to protect her, she gave her away?"

Madam Bai's heart ached, and she felt sad as she recalled all that had happened back then.

She had no choice back then.

How would she dare to let her baby take the risk with her when she did not even know if her life could be saved?

If she sent her away, even if she couldn't protect her for the rest of her life, she could at least save her life.

However, could her baby understand her helplessness and pain?

Qiao Mianmian gave it some serious thought before replying, "If that's the case, I think it's understandable. But..."

Hearing her words, Madam Bai had just heaved a sigh of relief. However, at the “but”, her heart immediately became anxious again. She asked nervously, “But what?”

“However, even if she can understand, I don’t think she can accept this right away. After all, she’s been separated from you for more than ten years. Although you two are related by blood, you haven’t lived together before. To her, you’re no different from strangers.”

“Is that so?” Madam Bai felt like she was riding a roller coaster when she was young, sometimes high and sometimes low.

One moment she was happy, the next she was sad.

She was anxious to get her daughter back, but she was also worried.

“Auntie, this is just my own opinion. Perhaps your daughter thinks differently from me.” Qiao Mianmian felt that Madam Bai had said something wrong when she saw how upset she was.

“Mianmian, thank you for telling Auntie so much.” Madam Bai sighed in her heart when she saw Qiao Mianmian’s uneasy expression.

She couldn’t be too anxious.

Now that she had a clue, she could only wait for confirmation.

If it was proven that Qiao Mianmian was really her daughter, she would have time to nurture their relationship.

Anyway, she would spend the rest of her life making up for her daughter.
