

## Big Shot 1251

### Chapter 1251: Did Something to the Blood

"Mom, there's something I haven't told you."

"What?"

Bai Yusheng had never thought of revealing Shen Rou's true identity.

But since she was still clinging to Qiao Mianmian and getting involved in the Bai family's matters, he couldn't tolerate it anymore.

Bai Yusheng told Madam Bai that Shen Rou wanted to team up with him to deal with Qiao Mianmian.

Madam Bai was shocked and furious. "Is what you said true?"

"Mom, do I have to lie to you?"

"I didn't expect the daughter of the Shen family to be such a scary person. She pretended to be so kind, sensible, and gentle in front of me. I really thought she was a good child."

She even wanted to get her and Bai Yusheng together.

Madam Bai trembled in anger at the thought of her being treated like a fool. "She's too much. How did Mianmian offend her? She actually wants to break up Mianmian's good marriage."

"She likes Mo Yesi," Bai Yusheng said. "But the person Mo Yesi likes is Mianmian. Of course, she can't accept the man she likes being with another woman. Moreover, she feels that Mianmian is inferior to her in every way, so she's even more indignant."

"Mianmian is kinder than her."

Madam Bai was still angry. "This is too much, too much. In that case, she brought Qiao Anxin along that night with a plan. Then, she came to me for a toast, and the red wine stained her dress, so she got me to bring them to change..."

Madam Bai was awakened now. She recalled everything that happened that night and realized that it was all planned.

The toast was to dirty the dress and get her to bring them to change so that she could see the birthmark on Qiao Anxin.

As long as she suspected Qiao Anxin's identity, she would definitely take her for a paternity test.

Next...

Madam Bai's expression turned awful.

"But the paternity test..." She still couldn't figure it out. "If she isn't Little Seven, why would the results be like that? Did someone tamper with the blood? But how did they know who Little Seven was and where to get the blood..."

"If the results are correct, then it must have been due to the blood." Bai Yusheng's eyes darkened as he said coldly, "I will definitely investigate this matter. No one can pretend to be Little Seven."

"Then, Qiao Anxin..." Madam Bai was furious at the thought that she might be an imposter. "I'll ask her now why she pretended to be Little Seven!"

"Mom, don't be rash." Bai Yusheng held her back. "You'll only alert the enemy."

"Then, what should I do?"

"Just pretend that you don't know anything. In any case, don't make her suspicious. I'll get someone to investigate this immediately."

...

After Madam Bai left, Bai Yusheng immediately made a call.

Soon, the other side picked it up and greeted him respectfully. "Young Master Bai."

"My mom brought someone to the hospital for a paternity test today. Are you sure the results are accurate?"

"Yes, Young Master Bai. I did a DNA test on Madam Bai and Miss Qiao's blood. I was afraid of making a mistake, so I did a few more tests. But the results were the same.

"So, I'm very sure that the test is accurate."

### **Chapter 1252: Joining Forces to Put on Such a Good Show**

That meant that the blood was really his sister's.

But Bai Yusheng refused to believe that it was Qiao Anxin's blood.

But where did Qiao Anxin and Shen Rou get his sister's blood from?

Bai Yusheng suddenly recalled something.

His expression changed as he gripped his cell phone tightly. "There was a blood donation activity two days ago, and many artistes attended it. Do you know where the blood donated by those artistes ended up?"

"Blood donation? I know, because the artistes' blood was sent to our hospital."

"What did you say? The blood was sent to you?"

"Yes." The person on the other end of the phone didn't know why he was so shocked. He asked curiously, "Young Master Bai, is there a problem?"

"Were all the artistes' blood sent to your hospital?"

"Yes."

The truth was almost out.

Qiao Mianmian also participated in the blood donation charity event.

A moment later, Bai Yusheng hung up and made another call.

Soon, the call went through. "Young Master."

Bai Yusheng's eyes were cold. He took a deep breath and instructed the person on the other end of the phone. "Help me find out one thing immediately. Who are the people behind the donation of blood at Angel's Shelter two days ago?"

"Yes, Young Master."

Bai Yusheng's subordinates were very efficient. After 10 minutes, they found out everything.

When Bai Yusheng heard that Shen Rou was one of the organizers, his eyes turned cold.

He knew that Shen Rou was up to something.

Qiao Anxin alone couldn't do so much.

Now, the truth was out.

Qiao Anxin probably wanted to replace Qiao Mianmian after finding out her true identity from Father Qiao.

But with her status, she wouldn't even be able to enter the Bai family without the help.

Shen Rou hated Qiao Mianmian, to begin with, so she naturally wouldn't reject Qiao Anxin's request.

The two of them put on such a show.

Their plan was almost successful.

If he hadn't been suspicious and noticed Qiao Anxin's abnormality, Qiao Anxin would have really replaced Qiao Mianmian.

Perhaps he would never be able to acknowledge his real sister in this lifetime.

Bai Yusheng's eyes turned cold.

Shen Rou and Qiao Anxin wanted to fool the Bai family. He would let them know the consequences of lying to them.

Bai Yusheng hadn't been this angry in years.

He opened the stock app on his cell phone and found the Shen Corporation's stocks.

Half an hour later, some attentive shareholders realized that the Shen Corporation's share price had suddenly fallen.

At first, the fall was very slow. It was almost impossible to notice it.

It didn't affect it much.

But if one observed for a while more, they would realize that although the Shen Corporation's share price was falling very slowly, it was still falling.

The fall never stopped.

If it fell by a day, the drop would be very scary.

### **Chapter 1253: Just Treat It as a Grievance for Our Family, Alright?**

Since the shareholders found out, the Shen Corporation naturally found out too.

Chairman Shen Yuncheng rarely had the time to accompany his wife and children at home. After spending less than half a day with them, he received a call from the company.

When he picked up the call, Madam Shen and Shen Rou were sitting beside him.

Not long after, Chen Yuncheng's expression changed. He almost jumped up from the sofa. "What? How did this happen? Have you found out what happened?"

A few seconds later.

"Alright, I'll go back to the office immediately. I don't care what method you use, you have to stabilize it."

After hanging up, Shen Yuncheng stood up with a pale face. He didn't even have the time to greet Madam Shen and Shen Rou before turning to leave.

"Master, what's wrong?" Madam Shen looked at him and knew that something must have happened to the Shen Corporation. She was worried too. "Did something happen to the company?"

The Shen family was facing an economic crisis.

If it wasn't for the Shen family's many years of foundation, they wouldn't have made it.

If anything happened to the company at this time, it would be even worse.

Shen Yuncheng pursed his lips and said with a trembling voice, "It's just a small problem, don't worry. It's just that I have to go to the office to settle it personally. I'll be back immediately after I'm done. I promised to have dinner with you guys tonight, I'll remember it."

With that, he left in a hurry.

Although he said it was just a small problem.

But Madam Shen wasn't a fool. How could she not tell that something was wrong?

Otherwise, he wouldn't have turned pale and rushed to the office immediately.

Madam Shen was worried. "Rourou, something must have happened to the company. Your dad was afraid that we'd be worried and didn't tell us the truth. What should we do? Nothing can happen to the Shen Corporation. If anything happens..."

Shen Rou frowned.

She could feel that something had happened to the Shen Corporation.

And it wasn't a small matter.

"Rourou."

Madam Shen suddenly turned to look at her and held her hand. "Something must have happened to your dad's company. You know very well what the Shen Corporation is like now. If this goes on, the Shen Corporation won't last much longer."

"Do you really want our Shen family to decline?"

Shen Rou was stunned. "Mom, I'm a Shen. Why would I want to see my family fall?"

"So, if you want the Shen family to survive this crisis, you have to help the family. Rourou, Mom knows that you have someone in your heart, but you can't wait anymore. Our Shen family can't wait anymore.

"Just treat it as a grievance for our family, alright?"

"If this goes on... if others find out that something happened to the Shen Corporation, who will look up to the Shen family in the future? Can you tolerate others looking down on you?"

Of course not.

It was always others who relied on her and supported her.

She couldn't accept falling after being high and mighty. She couldn't possibly turn from the daughter of a rich family that everyone was envious of to a pitiful worm and joke in the eyes of others.

This was worse than killing her.

"Rourou, Madam Bai called me yesterday and said that she likes you. I heard from her that she's willing to matchmake you and Bai Yusheng again."

#### **Chapter 1254: Don't Persist on Mo Yesi Anymore**

"Bai Yusheng is outstanding in both family background and appearance. Believe me, you'll be happy with him.

"Stop clinging to Mo Yesi."

Shen Rou clenched her fists and was about to speak when her cell phone rang.

She looked down and her expression changed.

It was news.

It showed that the Shen Corporation's share price suddenly fell an hour ago, and in a very strange way.

It fell very slowly at first.

But even though the drop was slow, it continued to fall every minute.

As a result, an hour later, the Shen Corporation's share price actually fell a lot.

What was even stranger was that the drop was very slow an hour ago, but after an hour, it was obviously faster.

The news analyzed that if it fell by a day, it would be a terrible blow to the Shen Corporation's stock market.

Shen Rou thought about Father Shen's phone call and his hasty departure...

Her hand trembled and her face went pale.

"Rourou, w-what's wrong?" Madam Shen didn't hear Shen Rou's response. She turned around and was shocked to see her pale face.

Shen Rou didn't say anything. Her face was still pale as she read the news.

Madam Shen followed her gaze and looked down. After a while, her face also turned pale.

Even after Madam Shen married Shen Yuncheng, she stayed at home to take care of her husband and children.

But that didn't mean she didn't know anything.

She knew how to speculate on her own and had a certain understanding of the stock market.

"Your dad just said that it's a small problem." Madam Shen immediately took her cell phone and read the news carefully. Her face turned even paler. "I knew that something big must have happened in the company.

"Why did the Shen Corporation's share price suddenly drop so much? It was so stable before.

"Gosh, what should we do?"

"If this continues, how can the Shen family hold on? Could it be... that the Shen family is destined to fall in this calamity?"

"Mom, don't be anxious." Seeing that Madam Shen was about to cry, Shen Rou tried to calm her down. "It's normal for the stock market to rise and fall."

"If it was really normal, your dad wouldn't be so anxious. If it was in the past, I wouldn't be worried, but now..." Madam Shen grabbed Shen Rou's hand tightly. "Rourou, the Shen Corporation can't withstand a little wind and rain.

"The Shen Corporation is really in danger if this continues.

"What should we do? What should we do?"

Madam Shen suddenly looked up at Shen Rou.

But soon, her eyes dimmed again.

The Shen family needed a certain amount of money to support themselves.

But now, who was willing to invest so much money into the Shen Corporation?

She originally wanted Shen Rou to marry into the Bai family. This way, she could rely on the Bai family to help the Shen family survive this crisis.

But now, even if Shen Rou and Bai Yusheng agreed, they couldn't get married immediately.

The Bai family wouldn't be willing to invest in the Shen family right away.

Shen Rou looked at Madam Shen's flustered and afraid expression and took a deep breath. She held her hand tightly and said, "Mom, don't worry. I'll think of a way."

### **Chapter 1255: Do You Want to Bet With Me Again?**

"Tell me, what should I do to help the Shen family survive this crisis?"

She was a Shen.

If the Shen Corporation was really devastated, as the daughter of the Shen family, her life would not be good.

She knew that they were bound together.

She was being pursued and respected by others because no one knew about the Shen family's current situation.

Once people found out that the Shen family was practically an empty shell now, who would care about them?

Shen Rou didn't even want to think about those days.

Hence, no matter what, she couldn't let the Shen family fall into a difficult situation and let others know about the Shen family's current situation.

"What else can we do?" Madam Shen didn't have much hope for her. She wiped her tears and said, "In this situation, we need someone to inject a sum of money into the Shen Corporation. But this isn't a small sum, who would be willing to take it out so easily?"

"The Mo family is the one with the best relationship with our Shen family. But your dad refused to speak to them. You know how much he values his face. Once he begs them, won't everyone know our Shen family's situation?"

"Moreover, no matter how close the Mo family is to us, businessmen prioritize benefits. If your Uncle Mo was still in charge of the Mo Corporation, there's still hope of borrowing a sum of money. But the person in charge of the Mo Corporation now is Mo Yesi, I'm afraid he won't invest easily."

Shen Rou bit her lip.

Yes, Mo Yesi was in charge of the Mo Corporation now.

He'd even cut ties with her because of Qiao Mianmian.

How could he lend money to the Shen Corporation?

She'd just be asking him to despise her.

"Mom, don't worry." A figure flashed across Shen Rou's mind. After a few seconds of silence, she said in a low voice, "I'll think of a way to get the money. I won't let the Shen family become a joke in the eyes of others."

"Rourou, where are you going to find the money? You..."

"Don't worry about it. Anyway, I'll definitely find investments for the Shen Corporation."

She no longer held any hope for Mo Yesi.

But the other person...

She believed that he wouldn't be as heartless as Mo Yesi.

If anyone could get the Shen Corporation out of this mess, it would be him.

...

After lunch, Qiao Mianmian and Mo Yesi sent Qiao Chen back to school.

Qiao Mianmian sighed and said worriedly, "I'm a little worried about Chen Chen. Do you think he..."

"Don't worry." Mo Yesi held her hand and comforted her gently. "I think Chen Chen's psychological endurance isn't as bad as you think. It's normal that he can't accept it for a while. When we go back, he'll slowly accept this."

"Then, what do you think Chen Chen will choose?"

Mo Yesi had said that Jiang Luoli would definitely end up with Mo Shixiu.

And then they really got together.

Qiao Mianmian felt that he was better at reading people's minds than she was, so she wanted to hear his opinion.

Mo Yesi turned around and raised an eyebrow. "Do you want to bet with me again?"

Qiao Mianmian was stunned. She recalled that she lost the bet last time, and then...

Her legs suddenly went weak and her waist felt sore.

When she lost that time, Mo Yesi took the opportunity to torture her.

### **Chapter 1256: Are You Willing to Do It?**

She didn't dare to bet with him anymore!

She didn't want to be bedridden for days and nights!

Qiao Mianmian rejected it without hesitation. "No!"

“Mm? Are you sure?”

“I’m sure!”

“Alright.” Mo Yesi sighed, sounding a little disappointed.

“Mo Yesi, you haven’t answered my question.” Qiao Mianmian reached out and gently pinched his arm.

“Guess what Chen Chen will choose in the end? Will he be willing to acknowledge your Second Uncle?”

“Baby, that’s your second uncle too,” Mo Yesi corrected her.

Qiao Mianmian was speechless.

She would always forget that after she married Mo Yesi, so his elders were her elders.

“Aiya, don’t bother with this small problem. Tell me what you think.”

“If you’re asking for my opinion...” Mo Yesi thought for a while before replying. “Baby, I don’t know.”

“You don’t know?” Qiao Mianmian was stunned.

“Mm.” Mo Yesi nodded. “This is different from the past. So, I can’t guess what Chen Chen thinks. No matter how he went to the orphanage, it was indeed because of Second Uncle that he was taken away by someone.

“The only fortunate thing is that the person sent him to the orphanage and didn’t take his life.

“That’s why he’s still alive.

“He might have complaints in his heart, but he might not. Chen Chen looks simple on the surface, but he’s actually hiding his true feelings. Even I can’t tell what he’s thinking.”

Qiao Mianmian kept quiet for a while.

That’s right, even she as a sister couldn’t guess what he was thinking.

How could Mo Yesi guess?

“Anyway, no matter what Chen Chen chooses, you can’t force him.”

“Of course, no one will force him. It’s his choice. But...”

“But what?”

“Since he’s a member of the Mo family, even if he doesn’t return to the Mo family, the Mo family will acknowledge him. My Second Uncle still has no children, and he now knows about Chen Chen’s existence. It’s impossible for him to ignore him in the future.”

Qiao Mianmian nodded in understanding.

Seeing how much Old Madam valued Qiao Chen, now that she knew that Qiao Chen was her biological grandson, she wondered how precious he would be in the future.

As for the Second Master of the Mo family.

A childless person who suddenly found he had a son would definitely value Qiao Chen.

“Oh right, Madam Bai wants to have dinner with us tonight.” Qiao Mianmian recalled that she had dinner with Madam Bai and asked Mo Yesi, “Can you get off work early today?”

“Madam Bai asked you out for dinner?”

“Mm.”

“It seems like Madam Bai really likes you.” Mo Yesi narrowed his eyes. “Mianmian, have you thought about something?”

“Mm? What?”

“If Madam Bai really thinks that you’re her daughter and wants you to do a paternity test, are you willing?”

The Bai family had been looking for their daughter for over a decade.

Anyone who looked like their daughter would have to think of a way to do the DNA test.

“Paternity test?”

“Mm. Are you willing to do it?”

Qiao Mianmian thought about it seriously. “No problem. If they want to do it, then I’ll do it. Anyway, it’s just drawing some of my blood, it’s not too troublesome. Madam Bai has been looking for her daughter for so many years, I can understand her feelings.”

### **Chapter 1257: Her Words and Actions Are Really Hard to Like**

“What if...”

“Mm?”

“What do you think?”

Qiao Mianmian was stunned.

She had never thought of such a possibility.

Even though the Qiao family already had a child of the Mo family, she never thought that she also wasn’t from the Qiao family.

“Forget it, you’d better not think about it.” Mo Yesi looked at her stunned expression and rubbed her head. “Anyway, whether you’re from the Qiao family or the Bai family, you’re already mine.

“Be it the daughter of the Bai family or the daughter of the Qiao family, you’re my treasure.”

Qiao Mianmian was speechless.

Without warning, she was aroused again.

Mo Yesi was too good at flirting and sweet-talking.

...

Later.

Mo Yesi got off work early and followed Qiao Mianmian to buy some gifts before driving to the Bai family.

40 minutes later, at the Bai Residence.

The butler came out to pick them up. As he welcomed them in respectfully, he said, "Madam said that she will personally prepare a few dishes tonight. She's still in the kitchen now, so she arranged for me to pick Mr. Mo and Miss Qiao up."

Mo Yesi handed him the gift. "Madam Bai is too polite. Why is she cooking personally?"

The butler immediately took the gift and hesitated for a while before saying with a smile, "Mr. Mo and Miss Qiao are the polite ones. It's just a meal, there's no need to prepare a gift. Madam rarely cooks, and she's happy today."

"Miss Qiao and Mr. Mo don't know yet, right? Our Madam has finally found her daughter after more than 10 years."

The butler didn't look too happy.

It was as if it was a normal message.

The butler had been in the Bai family for decades and had long treated it as his home.

He should be happy that Miss, who they had been searching for more than 10 years, had finally reunited with Madam and the rest.

But...

The butler frowned at the thought of the newly acknowledged Miss.

It had only been half a day, but he already felt that the Miss he just acknowledged wasn't easy to get along with.

Her temper wasn't good.

She'd just acknowledged the Bai family and was already putting on airs as a rich missy.

She ordered her subordinates to do this and that.

Although she was the daughter of the Bai family and had the right to do that.

But even Madam and Young Master had never used such disrespectful words to order anyone around. She had just reunited with the family, but she actually treated them as her subordinates.

Her words and actions were really hard to like.

He could tell that Madam didn't like her too.

But since she was her biological daughter, she had no choice but to bear with it.

Madam had even called him aside and told him that he had suffered today. She even said that Miss Anxin had grown up outside for more than 10 years, and it was normal for her to have inappropriate behavior. She wanted him to bear with it.

“Aunt Bai found her daughter?” Qiao Mianmian widened her eyes in shock.

Mo Yesi was stunned too.

“Yes.” The butler spoke of Qiao Anxin calmly. “Madam Bai suddenly found her and did a paternity test. It was confirmed that it’s the Bai family’s blood. But...”

The butler paused and frowned again. “This new lady is quite different from what I imagined.”

### **Chapter 1258: Sisters**

The butler paused for a while and frowned again. “This newly found lady is quite different from what I imagined. Miss Qiao, Mr. Mo, because our Miss grew up outside, she was not taught some rules and etiquette. So, if she does anything that makes you unhappy, I hope you can bear with it.”

The butler thought about Qiao Anxin’s words and actions and felt uneasy.

They were employees of the Bai family.

It wasn’t a big deal to offend them.

Moreover, everyone in the Bai family knew her temper now.

But outsiders didn’t know.

Outsiders weren’t as tolerant as them.

The guest today was the Mo family’s VIP.

The butler was afraid that Qiao Anxin would throw a tantrum and offend Second Young Master Mo.

“I wonder what kind of person Aunt Bai’s daughter is. Have we met before?” Mo Yesi asked calmly.

He felt that something was amiss.

From Madam Bai and Bai Yusheng’s behavior, they seemed to think that Qiao Mianmian was the true family member of the Bai family.

The daughter of the Bai family hadn’t been found that night.

He hadn’t heard them mention anything about it.

But she was back in just a day?

Wasn’t this too fast?

Moreover, Madam Bai even invited Qiao Mianmian over for dinner today. If she’d already found her daughter before this, then what tonight’s dinner was about?

Nothing made sense.

Mo Yesi had a lot of questions in his heart, but he didn't show it on his face.

At this moment, he was even more curious about the girl who had just been acknowledged by the Bai family.

"Her adoptive parents are from small families. Second Young Master Mo, you definitely don't know her. But Miss Qiao should know her."

The butler didn't know much about Qiao Mianmian.

She only knew that Second Young Master Mo had a girlfriend, an actress.

He wasn't too sure about the rest.

He thought that Qiao Anxin was also from the entertainment industry and might know someone from the same industry.

"I know her?" Qiao Mianmian slowly recovered from her shock and asked curiously, "Who?"

Just as the butler was about to speak, Qiao Mianmian heard a familiar voice behind him.

"Uncle Zhao, why did you take so long to welcome a guest? Is the guest here?"

Qiao Mianmian widened her eyes and looked behind the butler in shock.

Qiao Anxin, wearing a gorgeous dress, walked over with her head held high and a housemaid holding an umbrella for her.

Qiao Anxin slowly walked over and stopped in front of Qiao Mianmian.

She was shorter than Qiao Mianmian, but when she looked up at her, her expression was arrogant and smug.

She looked into Qiao Mianmian's shocked and incredulous eyes and smiled sweetly. "Sister, so you're the guest here tonight."

The butler was shocked.

This Miss Qiao that Second Young Master Mo brought along was actually sisters with this Miss Qiao that the Bai family just acknowledged?

So, they were a family?

### **Chapter 1259: Recognized a Liar**

The butler couldn't help but look at Qiao Mianmian a few more times. He was puzzled.

Why did he feel that this Miss Qiao was Madam's daughter?

Her facial features were very similar to Madam's when she was young.

And the other...

The butler looked at Qiao Anxin and frowned.

The other one didn't look like Madam at all.

Qiao Anxin looked down at the gift box in the butler's hand and smiled. "Uncle Zhao, what's that in your hand?"

"Miss, this is a gift from Mr. Mo and Miss Qiao." No matter how much the butler disliked Qiao Anxin, he was still very polite to her.

"Present?" Qiao Anxin glanced at it again and covered her mouth. She smiled and looked up. "Sister, you're too polite. It's fine if you come, but why did you bring gifts? Aiya, it's so hot, don't just stand outside. Come in and sit down."

She sounded like a mistress.

The butler frowned.

Although the Bai family was indeed her home now, she'd only been reunited for less than a day, and she was already acting like the mistress of the house...

If she stayed longer in the Bai family, wouldn't she be putting on airs?

It was only at this moment that Qiao Mianmian confirmed that the daughter the Bai family had just acknowledged was Qiao Anxin.

She was in disbelief.

How could Qiao Anxin be the daughter of the Bai family?

Even if she wasn't from the Qiao family, she was still Lin Huizhen's daughter.

No matter what, she had nothing to do with the Bai family.

The butler said that the Bai family had already done a paternity test.

Qiao Mianmian was even more confused and incredulous.

Qiao Anxin was definitely not the daughter of the Bai family, but what about the paternity test?

Qiao Anxin looked at her widened eyes and knew what she was thinking. The thought of her identity and position being snatched from Qiao Mianmian made her happy.

She looked at Qiao Mianmian and smiled. "Sister, what's wrong?"

Qiao Mianmian frowned and shook her head. "Nothing."

"Then, let's go in and talk." Qiao Anxin wiped her forehead and said to the butler in a commanding tone, "Uncle Zhao, prepare the tea. Oh right, go and see if Mom is done with her work. Tell her not to be busy. It's so hot in the summer, with her status, why would she cook personally?"

"We have a lot of chefs at home. Let them cook whatever you want."

The butler's expression changed. He clenched his fists and kept quiet for a few seconds before saying, "Yes, Miss. I'll prepare it now."

Qiao Mianmian frowned and kept quiet.

She had too many questions.

This was too unbelievable.

Last night, when Shen Rou brought Qiao Anxin to Bai Yusheng's birthday party, Madam Bai was still very cold to Qiao Anxin.

But after one night, Qiao Anxin became Madam Bai's daughter.

What exactly happened last night?

No matter what happened, Qiao Anxin was lying!

She couldn't be Madam Bai's daughter.

The Bai family had been looking for their daughter for more than 10 years. Now, they had been cheated and recognized a liar.

This liar was still Qiao Anxin.

Qiao Mianmian was furious. "Qiao Anxin, what are you doing?"

### **Chapter 1260: Why Should She Worry About Not Having a Chance in the Future**

"Sister, what do you mean?" Qiao Anxin pretended not to understand.

"You know what I mean." Qiao Mianmian held back her anger. "Why are you here, and you're Aunt Bai's daughter. You..."

Qiao Anxin raised her hand and interrupted her. "Sister, don't worry. I'll explain it to you slowly. But it's a long story, so let's go in first. Uncle Zhao has prepared tea."

Qiao Mianmian frowned at her.

Qiao Anxin looked at her smilingly.

After a while, Qiao Mianmian took a deep breath and nodded. "Alright, let's talk inside."

Qiao Anxin quickly glanced at Mo Yesi.

Looking at the man's tall figure and handsome face, her heart pounded wildly.

Mo Yesi.

The Second Young Master of the Mo family, Mo Yesi, one of the four richest families in Yuncheng City.

From the first time she saw him, she knew that his identity was extraordinary.

But she never expected his true identity to be so distinguished.

How could there be such a perfect man in this world?

This man seemed to be tailor-made for her.

He fulfilled all her requirements.

Unfortunately...

Such a perfect man was actually seduced by Qiao Mianmian.

But this didn't mean anything.

She could even snatch the position of the daughter of the Bai family, let alone a man.

Now that she was the daughter of the Bai family, she was worthy of the Mo family's man.

With Qiao Mianmian's current status, she definitely couldn't enter the Mo family.

But she could!

She was just waiting for the little b\*tch to be kicked. Why would she worry about not having a chance in the future?

...

Qiao Mianmian and Mo Yesi saw Madam Bai walking out of the kitchen in an apron.

"Mianmian, Yesi, you're here."

Madam Bai saw Qiao Mianmian and couldn't help but hold her hand. "Mianmian, are you hungry? Wait a while more, Aunt Bai will be done soon."

Qiao Anxin's expression darkened when she saw that Madam Bai was still so affectionate towards Qiao Mianmian. She scolded the little slut in her heart and pretended to be jealous. "Mom, Sister just arrived and you only have her in your eyes.

"I'm getting jealous."

Madam Bai's expression stiffened when she heard that. A few seconds later, she smiled and said, "You're family, Mianmian and Yesi are guests. Moreover, Mianmian is your sister. Don't you want me to treat her better?"

"...Of course not." Qiao Anxin's expression stiffened. She bit her lip and forced a smile. "Of course I hope you can treat Sister better, Mom. I'm just... joking."

Even if Qiao Anxin didn't care about how the Bai family treated her.

But when she saw how Madam Bai treated Qiao Mianmian so affectionately and treated her "biological daughter" so indifferently, she felt indignant.

She was Madam Bai's "daughter."

Qiao Mianmian was just an outsider.

But Madam Bai treated an outsider better than her.

“Mom.” Qiao Anxin refused to lose to Qiao Mianmian now. She walked over and held Madam Bai’s arm affectionately. “Don’t go to the kitchen, leave the rest to the servants. I know you want to cook for me personally, but I can’t bear to see you so tired.”
