

## Big Shot 1351

### Chapter 1351: What's With Your Stepmother?

"I wonder if you'll have time to come back for his banquet."

Qiao Mianmian wasn't surprised that Qiao Chen returned to the Mo family.

Qiao Chen had told her before.

Her only worry was Qiao Chen's future.

Second Madam would definitely not let it go.

Thankfully, the Mo family, Mo Yesi, and Old Madam would help Qiao Chen, so she felt a little more at ease.

Qiao Mianmian thought about Madam Bai mentioning that Qiao Chen was reuniting with his family to hold the banquet. She thought for a while and told Mo Yesi about it.

Mo Yesi didn't have any objections.

"If you return to the Bai family, the Bai family and the Mo family are indeed in-laws. The two families should have a meal and meet. How about this, I'll let Grandma know first. You can set a time, and then our families can meet."

This matter was settled.

They chatted for another half an hour before hanging up.

Mo Yesi had been so busy recently that he couldn't come to City F.

He told Qiao Mianmian that he would be busy for about half a month.

He hadn't had the time to look for her in F City for the past two weeks.

This was the first time they were really apart.

Qiao Mianmian didn't think that she was a clingy woman. She wouldn't be reluctant to part with him so soon after they parted.

But she wasn't used to lying on the huge bed alone.

She started to miss Mo Yesi's arms.

...

The next day, the shoot went smoothly as usual.

Halfway through the morning shoot, during the intermission, Nana walked to Qiao Mianmian with a bottle of water.

"Mianmian, you're on Weibo again." Nana handed the water to Qiao Mianmian and hesitated for a while before saying in a low voice, "Was the woman who came to look for you yesterday your

stepmother? I just saw a news article. She was interviewed by an entertainment magazine. She said bad things about you in the interview.”

Qiao Mianmian’s cell phone rang.

She saw that it was Linda calling her and didn’t have time to ask Nana about the trending topic. She immediately picked up the call.

“Mianmian, what’s wrong with your stepmother?” Linda asked directly. “She accused you of being ungrateful in the interview. She said that you were cruel and ruthless to your own sister and even angered your father so much that he’s in the hospital.

“The public opinion is on her side now. Many people believe her and are calling you unfilial.

“Didn’t your stepmother have nothing to do with you? Why did she suddenly jump out to frame you?”

Qiao Mianmian frowned.

She recalled what Lin Huizhen said to her yesterday.

“Mianmian, your other problems aren’t too serious. But if others think that you’re unfilial and bad to your family, it’ll be serious. I know your stepmother must be talking nonsense and deliberately harming you, but the netizens don’t know.

“You have to clarify this quickly.”

Linda hung up quickly.

Nana said anxiously, “Sister Linda called, right? She must have called you because of that. Mianmian, your stepmother is so disgusting. You don’t know how she framed you in the interview.

“She cried and complained. I didn’t expect her acting to be so good.”

### **Chapter 1352: She Relies on the Scandals**

“If I didn’t know you, I might have believed her nonsense.”

Qiao Mianmian pursed her lips and opened Weibo.

She saw her name on the trending page and saw the trendings topics:

# Qiao Mianmian’s birth mother accused her of being unfilial #

# Qiao Mianmian seems to be at odds with her family and is being accused of being unfilial #

# Shocking, the true appearance of a pure female celebrity is actually like this #

Qiao Mianmian looked at the trending section and saw that she was on three trending topics.

And every trending topic was over a hundred million.

Even she found it strange.

She wasn't a popular celebrity and wasn't even considered a B-list celebrity. But she was on the trending list more frequently than many celebrities.

Others were paid by the company for trending topics.

She relied on scandals.

No matter how much she didn't want to go down this path, she realized that she was indeed going down this path.

Every time she gained fans, it was because she was on the trending searches. And now, she didn't even have a basic work, but she had a certain level of popularity because of those scandals and trending searches.

How did it feel to occupy three trending searches with just the dirt?

Qiao Mianmian was speechless.

She never wanted to be on the hot searches with scandals, but every time...

She probably attracted all sorts of haters?

She clicked into the hot searches and saw Lin Huizhen's interview.

The moment the video was played, Lin Huizhen cried. "Even if I'm her stepmother, I've never treated her badly all these years. I admit that I can't compare to my own daughter, but as a stepmother, I have a clear conscience. Which mother doesn't have her own selfishness? Even if I can't treat her as well as Anxin, it's not much different. I've given her what she needs and taken care of her.

"When she was sick and unconscious, I carried her to the hospital. If it wasn't for me, she might have died.

"When her father, she's even more indebted to him. He raised her up painstakingly, but what about her? She's now with a rich man. Someone is supporting her, and she doesn't take her family seriously.

"The last time, because her sister's health wasn't good, the fortune-teller said that she wanted to change rooms, so she didn't let it go and came back to make a scene with us. She felt that the Qiao family was her home, not ours. Whether she wanted to change rooms or not, it was up to her. If she didn't allow it, we couldn't change rooms.

"She even called a hitman to her house. If we dared to oppose her, she would get someone to hit us. Her sister and I were hit by the hitmen she brought. I'm her stepmother and her elder, after all, but she got someone to hit her elder. Is this something a person can do?

"Because of this, her father fell seriously ill. He hasn't recovered yet.

"She used her man to bully us. Not only did she get someone to lay a hand on us, but she even wanted to drive our family to the streets.

"If it wasn't for your help, we would be sleeping on the streets now.

“I endured it and thought that since we’re a family, we shouldn’t air our dirty laundry in public. She might change one day. But our tolerance was exchanged for her increasingly overboard treatment. Now, I can’t tolerate it anymore, so I chose to expose her evil deeds.”

### **Chapter 1353: How Could She Still Be So Calm!**

“I can’t take this lying down if I don’t expose her.

“I want to expose her and let everyone see her true colors!

“I really didn’t expect the child I raised from a young age to be like this. She doesn’t even care about her family for fame and fortune. Is fame really that important?” Lin Huizhen cried until her eyes were swollen.

Qiao Mianmian had a thought after watching the video.

Lin Huizhen’s acting was really good.

If this wasn’t her stepmother and she was just a passerby, she might have believed it after watching this video.

It turned out that many people believed Lin Huizhen.

The haters who had been eyeing Qiao Mianmian didn’t miss this opportunity.

Qiao Mianmian was scolded badly.

Her latest Weibo comment, private messages, and trending topics were all scolding her.

She was getting criticized again.

Nana was watching the video with her.

Seeing Lin Huizhen’s interview, she was furious again. “This woman is too shameless. The netizens believe her now and are scolding you. Mianmian, you have to clarify things quickly and let the netizens know the truth.”

Qiao Mianmian was the one being scolded by the whole internet, but she was rather calm.

She quietly turned off the video.

Qiao Mianmian knew that Lin Huizhen was up to something when she left in anger.

She was already mentally prepared.

In the past, Lin Huizhen was able to live peacefully with her because she was always the one being bullied by Lin Huizhen and Qiao Anxin.

She wouldn’t affect them.

Lin Huizhen naturally wouldn’t do anything to her.

But now, Qiao Anxin was banned.

After being banned, it meant that Qiao Anxin's source of income was gone.

This was unacceptable to both her and Lin Huizhen.

This involved the interests of both mother and daughter, so Lin Huizhen naturally wouldn't be at peace with her.

She was desperate.

What she said in the interview was true, but she only said the parts that were beneficial to her.

When Qiao Mianmian was young, Lin Huizhen sent her to the hospital once.

But that was not long after Lin Huizhen arrived.

She did that to gain Father Qiao's favor.

After her status in the Qiao family stabilized, she didn't do these things anymore.

As for the time she brought her thugs back to the Qiao family...

Qiao Mianmian pursed her lips. She only reposted the post that Qin Han spoke up for her.

She then exited Weibo.

Nana watched as she did that. Seeing that she had no intention of clarifying it, she couldn't help but feel anxious.

"Mianmian, aren't you going to clarify things?" She was furious when she saw the video. She didn't believe that Qiao Mianmian wouldn't feel anything.

She'd been slandered like that, and now she was being scolded by the entire internet.

"I'll definitely clarify it," Qiao Mianmian said calmly. "But I haven't gathered enough evidence to prove that she's lying. Just based on what I say, the netizens definitely won't believe me."

#### **Chapter 1354: I Won't Stand by and Do Nothing**

Rumors were always easily believed.

Not many people believed the truth.

Qiao Mianmian knew very well that even if she immediately posted on Weibo that Lin Huizhen was framing her, not many people would believe her.

Unless she could prove it.

Nana was stunned for a moment before nodding. "Yes, I'm just too angry at your stepmother for framing you. What do you plan to do now? Are you going to gather evidence?"

"Mm."

Qiao Mianmian didn't seem anxious at all. "We have to gather evidence first. There's no rush, let's talk after work."

As someone who was often defamed, Qiao Mianmian was already used to it.

She didn't want to care about public opinion anymore.

She couldn't find any evidence to prove that Lin Huizhen was lying.

...

Sometime later, many of the crew members had seen Lin Huizhen's interview. They looked at Qiao Mianmian differently.

Qin Han's manager also glanced at Qiao Mianmian.

It was a look of disdain.

The manager lowered his head and whispered something to Qin Han. After a while, Qin Han turned to look at Qiao Mianmian.

Qiao Mianmian saw his frown and turned back.

She wasn't affected by the negative comments and insults from the netizens, but Qin Han's frown affected her.

Qin Han was her idol.

She felt that it wasn't a big deal for passersby to misunderstand her.

But if Qin Han misunderstood her too, she would feel sad.

Just as Qiao Mianmian thought that Qin Han believed the interview and was feeling a little upset, she saw Qin Han walking towards her.

She felt that Qin Han was coming to ask her about Lin Huizhen's complaint.

Just as she was thinking of an explanation, Qin Han stopped in front of her and looked down at her. "Mianmian, I just heard about your stepmother's complaint."

"No, Senior, I..." Qiao Mianmian was anxious to explain.

Qin Han interrupted her. "I believe you won't do those things. Did you have a conflict with your stepmother? The public opinion on Weibo is very disadvantageous to you now. Have you thought of how to deal with it?"

Qin Han wasn't a busybody.

He and Qiao Mianmian had only known each other for two days, so they weren't considered close.

They weren't friends.

But he admired this newbie. Even though they'd only known each other for two days, he believed that she wasn't the kind of person the news reported.

It was rare to have a junior he admired.

He wanted to help her.

Qiao Mianmian didn't expect that.

She thought that Qin Han believed those rumors.

But unexpectedly...

She was touched.

"Senior, thank you for believing me." Qiao Mianmian smiled. "I'm really happy that you believe me. I have some conflicts with my stepmother, and what she said isn't true.

"Senior, don't worry. I'll settle this. Thank you for your concern and trust."

At this moment, Qiao Mianmian felt that she really didn't idolize the wrong person.

"That's good." Qin Han smiled. "If you need my help, just let me know. Your cousin and I are good friends, and you're his sister. I won't stand by and do nothing."

#### **Chapter 1355: Let's Turn Each Other Over**

"Mm, thank you, Senior!"

"Also, don't take it to heart. The passersby don't know what the truth is, so they're easily led astray. Also, there are always people in this world who don't want to see others doing well. Once you encounter something, most of them add insult to injury.

"Since you're in the entertainment industry, you have to train your mind. When you're really popular in the future, this will only increase. This is a stage that every artiste has to go through. After you get through it, you'll get better slowly."

Qiao Mianmian looked up and felt warm.

She had only known Qin Han for two days.

He was a really good senior to be able to tell her so much.

No wonder so many people in the industry liked him. He was indeed someone worthy of being liked.

"Oh right, I just followed you on Weibo. You can check with me too."

"Huh?"

Qiao Mianmian was stunned for a while before immediately logging into Weibo.

She opened the fan column and scrolled for a while. She suddenly realized that the popular account "Qin Han V" was in her Weibo fan column.

Qiao Mianmian was stunned for a few seconds before immediately following him as well.

She followed Qin Han and saw her post a minute ago.

Qin Han: [Rumors stop at the wise. Don't follow the wind and think too much.]

Ten minutes after Qin Han started following Qiao Mianmian, it was discovered by his fans.

Because Qin Han paid very little attention to people, they noticed when he suddenly gained an extra person. The attentive fans quickly noticed it.

When the fans clicked into Qin Han's column, they realized that he was following Qiao Mianmian!

Qin Han didn't pay much attention to them. Most of them were directors or seniors.

He barely paid attention to newbies.

Hence, Qiao Mianmian was his first newbie.

And she was just a newbie.

How could the fans not be shocked?

Their Qin Han suddenly paid attention to a newbie who was at the top of public opinion and was being scolded as "unfilial".

He didn't care about it.

But he chose this time to pay attention.

This was already strange.

What was even stranger was that he even posted a Weibo post.

Although he didn't explicitly say what he was referring to, he posted it after following Qiao Mianmian. It wouldn't make people think that he was referring to Qiao Mianmian being "unfilial".

The fans knew Qin Han well.

He was definitely not a busybody and wouldn't speak up for anyone easily.

He was obviously speaking up for Qiao Mianmian.

Did he say that because he knew something?

At first, Qin Han's fans detested Qiao Mianmian because they thought that Qin Han had no choice but to film with her. But after Qin Han clarified the matter, the fans stopped harping on it.

Not only did he not hold back, but he also helped to attack some haters who wanted to continue defaming Qiao Mianmian.

To put it bluntly, most of Qin Han's fans loved him.

They liked Qin Han, so they would defend the person he wanted to protect.

**Chapter 1356: This Worldview Isn't Right**

Hence, not long after Qin Han posted this post, the public opinion about Qiao Mianmian changed.

“Damn, did you guys realize that Qin Han actually followed Qiao Mianmian? This must be the first newbie he followed, right? What does he mean by paying attention to Qiao Mianmian at this time? Is he trying to show his support for her?”

“Qiao Mianmian has been accused of being unfilial by her family, and Qin Han is still siding with her at this time. This is f\*cking unfair.”

“I also think that Qin Han has bad values. He’s usually a good artiste, why is it that... it’s hard to explain.”

“It depends on his character at the crucial moment. Qin Han even supports such a woman. It seems like his character isn’t good!”

“You said that Brother Han has bad values. Come out and fight with me if you can. If I don’t beat you up, I’ll take your surname! It’s just an interview. Whatever that woman says is the truth. Just based on her mouth, you believe what she says? Then, doesn’t it mean that in the future, you don’t like anyone to casually spread rumors? You don’t even need evidence when you speak.”

“Damn, this is intolerable. How dare she scold our Qin Han! What do you mean by Qin Han’s character is terrible? You say that Qin Han can do anything, but I can’t help but laugh. Do you know how much Qin Han has to donate just to do charity a year? Do you know how many primary schools were built by him? Do you know how many poor children he helped to attend school? You don’t know anything, and you’re saying that his character is bad?”

“I believe Qin Han. If he’s really on Qiao Mianmian’s side, it means that he already knows the truth. When I watched the video today, I felt that that woman was full of lies. She kept blinking when she spoke. She was obviously guilty.”

“I believe Qin Han too! That woman must be trying to defame Qiao Mianmian on purpose. Isn’t she her stepmother? How many stepmothers are good to their stepdaughters? She just can’t stand Qiao Mianmian’s good life now and wants to ruin her. Her daughter was dumped by Su Ze and terminated her contract with Xinghan. I heard that she hasn’t even found a partner yet. Her own daughter isn’t doing well, and she doesn’t want her stepdaughter to do well. This woman is too evil and disgusting.”

“According to psychological analysis, Qiao Mianmian’s stepmother is most likely lying. Most of the time, eyes and body language can’t lie. Let’s not rush to stand on a side first and observe rationally. If the truth isn’t as that woman said, Qiao Mianmian will definitely take action later.”

“Haha, Qiao Mianmian still hasn’t come out to refute the rumors. Is it because she’s guilty? Because what her stepmother said is the truth, she doesn’t dare to refute it. If it’s not the truth, shouldn’t she be the first to clarify?”

“Stepmother? If that’s what my biological mother said, I think it’s pretty believable. As for my stepmother, the benevolent see the wise.”

“I also think that Qin Han knows the truth, so he came forward to help. But why isn’t Qiao Mianmian out yet? I’m so anxious.”

Qin Han had a huge fanbase.

Some artistes who were close to him also reposted his Weibo.

The fans of each artiste were also on their idol's side, so there were actually many people speaking up for Qiao Mianmian.

Finally, it wasn't a pathetic situation where everyone scolded her online.

### **Chapter 1357: Why Are You Helping Qiao Mianmian?**

On Weibo, the public was criticizing Qiao Mianmian now. Half of them chose to continue criticizing her because of Qin Han and the other artistes.

But no matter what, it was much better than before.

Qiao Mianmian saw that many people were speaking up for her because of Qin Han.

This was the first time.

In the past, she'd been scolded badly. Other than a few true fans who supported her, most people attacked her and made her sound terrible.

Tu Yilei's fans not only attacked her online, but there were also people waiting outside the set to harm her.

In comparison, Qin Han's fans were all above 20. They had already formed their basic values and wouldn't be easily influenced by others.

His fans weren't wife fans or girlfriend fans.

Hence, they were much more cultured.

They weren't as crazy as Tu Yilei's fans.

These fans were very protective of him. Even the people that Qin Han wanted to protect were protective of him.

"Senior, that Weibo post... was it to help me?" Qiao Mianmian was really touched.

Qin Han was her idol, of course she knew what kind of person he was.

He rarely defended anyone on Weibo.

Even though he didn't say her name directly, it was no different from publicly defending her.

Seeing her reaction, Qin Han smiled. "I just don't want to see the junior I admire being bullied like this. Don't be too touched. I'm not as righteous as you think. Just take it that I suddenly want to do good.

"It's up to you to settle this.

"Don't take too long. It won't do you any good."

With that, Qin Han turned around and walked towards his nanny van.

He said it as if it was a trivial matter, but Qiao Mianmian knew very well how difficult it was to protect her.

...

“Brother Qin, why are you helping Qiao Mianmian?”

Qin Han’s assistant saw the post too. “Is it because she’s Director Bai’s cousin? You shouldn’t have posted that before the truth is out. If she really is...”

She was just a newbie.

So what if she was Bai Yusheng’s cousin?

Qin Han was already giving Bai Yusheng face by taking on this show.

There was no need to get involved.

It wasn’t easy for him to get to where he was now. If he messed up the good reputation he’d accumulated over the years because of a newbie, the losses would be huge.

Not to mention that Qiao Mianmian’s relationship with him was just ordinary.

Even good friends shouldn’t side so early before finding out the truth.

Qin Han stopped in his tracks and turned to look at his assistant. “I believe she’s not that kind of person.”

The assistant was speechless.

“What if she’s that kind of person?” The assistant pursed his lips. “By then, Brother Qin’s reputation will be ruined by her. You don’t have a good relationship with her, why are you involved in this? I think that since her stepmother dared to say those words, even if she said it wasn’t the complete truth, there must be some truth.

“She didn’t get along with her stepmother, so it’s normal for her to do those things.”

### **Chapter 1358: Tell Me, What Should We Do Now?**

“I trust my judgment. She won’t disappoint me.”

“But Brother Qin...”

“Alright, that’s enough.” Qin Han raised his hand to stop his assistant. “I’ve already posted on Weibo. There’s no point in saying this now. I’ll say it again, I believe she’s not that kind of person.”

The assistant turned around and looked at Qiao Mianmian.

He pursed his lips and sighed in his heart. Qiao Mianmian was so lucky.

How could she let Qin Han take the risk to help her?

Now, he only hoped that what Qiao Mianmian's stepmother said wasn't true. That she was framing Qiao Mianmian.

He didn't want his Brother Qin to be implicated.

...

After the interview, Lin Huizhen kept waiting for Qiao Mianmian to call her.

But Qiao Mianmian still hadn't called.

"Mom, didn't you say that Qiao Mianmian would definitely call you?"

When Qiao Anxin was browsing Weibo, she saw the news that Qin Han was following Qiao Mianmian.

She refreshed the Weibo post that Qin Han seemed to be speaking up for Qiao Mianmian.

At first, she felt smug and happy to see Qiao Mianmian being scolded by so many people.

But because of Qin Han's intervention, the situation on Weibo changed.

People slowly started speaking up for Qiao Mianmian.

Qiao Anxin knew how influential Qin Han was. Hence, when she saw that Qin Han actually spoke up for Qiao Mianmian, she was so angry that her mouth became crooked.

Initially, public opinion was beneficial to them.

But now, Qiao Mianmian, that slut, had Qin Han to help her.

Their advantage was less obvious.

"I don't think she'll call you now. She's not afraid at all. She didn't even post a clarification on Weibo. Now, we've completely offended that slut. She'll definitely deal with me even more rashly."

Qiao Anxin threw her cell phone on the bed and complained to her. "What do you think we should do now? That slut isn't afraid at all. She's the daughter of the Bai family now. Even if her reputation is ruined and she can't enter the entertainment industry, it won't affect her much. I've said it before, this move might not work. Why must you do this?"

"With her current status, it's easier to kill us than to kill an ant.

"It's all your fault, it's all your fault!"

In the past, even though she knew that Mo Yesi was the Chairman of the Mo Corporation, she wasn't too afraid of Qiao Mianmian.

At that time, she thought that Qiao Mianmian would definitely be kicked away.

After all, the Qiao family wasn't worthy of the Mo family.

Mo Yesi would definitely marry someone of equal social status.

Qiao Mianmian was just being smug.

But now, Qiao Mianmian had become the Bai family's daughter.

If nothing went wrong, she would marry into the Mo family.

Not only did she have the Bai family to rely on, but she also had the Mo family as her backing.

She could kill whoever she wanted.

Qiao Anxin's face went pale as she thought about what she'd done to Qiao Mianmian in the past.

Qiao Mianmian could deal with her easily now.

Lin Huizhen started to panic when Qiao Mianmian didn't call her after a long time had passed.

According to her original plan, Qiao Mianmian would call her soon after the interview was released.

### **Chapter 1359: You Really Don't Care About Your Reputation?**

Qiao Mianmian would definitely beg her to change her mind.

No one wanted a bad reputation.

The more famous one was, the more they cared about their reputation.

She only did it because she knew that Qiao Mianmian was a public figure and she valued her reputation.

But she didn't expect her to not care.

She didn't even call her.

Things were developing differently from what she expected. This made Lin Huizhen lose confidence.

"That slut must have done it on purpose. She's playing mind games with us." Lin Huizhen clenched her teeth. "How could she not care? She must have seen the news.

"She deliberately didn't call and pretended not to care. She must know that I'm waiting for her call."

"Then, what do we do now?" Qiao Anxin was furious. "What if she really doesn't care? Now she has the Bai and Mo families backing her up, and Qin Han is standing up for her. Soon, the netizens won't take what you said seriously.

"But we offended her because of this. She definitely won't let us off easily."

"Anxin, don't be anxious. The little slut can't possibly not care. Everything Mom did was for your own good. I can't possibly harm you. I'll give her a call now and find out what she's thinking."

...

On set.

The entire crew knew about Qiao Mianmian, and so did Bai Yusheng.

During the intermission, he found Qiao Mianmian. "Do you need me to settle it for you?"

“Brother, I can settle it myself.” Qiao Mianmian declined his kindness. “I want to settle this myself, alright?”

Bai Yusheng nodded. “Alright, I won’t interfere. You can settle it yourself. But if you can’t solve it, don’t force yourself. We’re family. You’re my sister. If you have something to say to your brother, there’s nothing to be embarrassed about.”

“Mm, I know. If I need your help, I’ll definitely let you know.”

Bai Yusheng respected Qiao Mianmian’s wishes and let her settle it herself.

Lin Huizhen was waiting for Qiao Mianmian’s call.

Qiao Mianmian was also waiting for her call.

She was sure that Lin Huizhen would call her.

Just as she guessed, a few hours later, Lin Huizhen finally couldn’t take it anymore and called her.

Qiao Mianmian didn’t save Lin Huizhen’s number.

But the moment her cell phone rang and she saw the unknown number on the screen, she immediately guessed that it must be Lin Huizhen.

Qiao Mianmian pressed the recording button.

“Qiao Mianmian, you really can hold it in. Why, do you really not care that your reputation will be ruined? Or do you think that my news isn’t enough to ruin your reputation?”

Lin Huizhen’s angry voice could be heard the moment the call connected.

Qiao Mianmian kept quiet for a while. Lin Huizhen couldn’t see that she was smiling. “I was wondering why this number looked a little familiar. So, it’s Aunt Lin’s cell phone number. Aunt Lin is so angry. Who angered you?”

“Stop pretending!”

Lin Huizhen got even angrier. “Qiao Mianmian, you’ve seen the news. I’m sure you know that public opinion is on my side now. If you still want to continue in the entertainment industry and care about your reputation, be smart.”

### **Chapter 1360: At Most, We’ll Fight to the Death**

Qiao Mianmian pursed her lips and said calmly, “Aunt Lin, what do you want me to do?”

“To make it up to Anxin and me, of course.”

“Compensation?” Qiao Mianmian pursed her lips again. “How do you want me to compensate you?”

Lin Huizhen kept quiet for a few seconds.

She didn’t know if she was asking for compensation or if she was suspecting Qiao Mianmian’s straightforwardness.

After a while, Lin Huizhen's voice rang again. "Your sister hasn't signed with the next company yet. I think the company you're in now is pretty good. Place Anxin in your company and get someone to groom her.

"What kind of resources do you get? Anxin wants the same resources. I heard that Director Bai is very good and has made many celebrities popular. Tell him that Anxin wants to act in his drama too. Oh right, Anxin will only be the female lead. Don't fool her with other roles.

"Moreover, the Qiao family raised you, and it's a huge favor to you. You definitely don't lack money now, so it shouldn't be a problem to give a few hundred million yuan as compensation, right? Qiao Mianmian, these two requests aren't overboard at all. With your current status, you can easily do it.

"As long as you agree to my request, I'll be interviewed again and put in a good word for you."

Qiao Mianmian found it funny. She paused for a while before saying, "What if I don't agree? Aunt Lin, are you still going to continue spreading rumors and slandering me? Do you think this will work? Just because you say it, others will believe you? Your words can deceive innocent children, but people who know how to think will not believe you.

"You want to use this to threaten me? I'm sorry, you've miscalculated."

"You mean... you don't agree?"

"Why should I agree?" Qiao Mianmian's voice turned cold. "Qiao Anxin knew that Su Ze was my boyfriend, but she still seduced him in secret. She even claimed that she was pregnant with Su Ze's child the night before our engagement and forced me to leave and fulfill their wishes. I've been through all sorts of ups and downs in the entertainment industry for the past two years, and every audition went smoothly. But in the end, I was told that I wasn't suitable. Don't think I don't know that she's behind this. She did so many terrible things to me, and she still wants me to help her find a company?"

"As for the Qiao family's gratitude for raising me, what has this got to do with you? The people who raised me are my parents. You're nicer to an outsider than Qiao Chen and me. I'm grateful to those who treat me well, so I'll naturally repay them. But I've always remembered those who treat me badly. I've never done anything like repaying evil with kindness."

"Qiao Mianmian, you..."

With her hopes dashed, Lin Huizhen flew into a rage. "Do you think this matter is over? It's easy for me to destroy you. Don't think that you can rest easy now that you have someone to rely on. Let me tell you, if you don't do as I say, I'll do everything I can to make things difficult for you. At most, we'll fight to the death. Anxin and I can't live well, so you can forget about living well!

"Let me ask you one last time, you..."
