

Big Shot 1431

Chapter 1431: More Completely Than Before

Qiao Chen frowned. "What do I have to say to make you believe me?"

Shen Xin kept quiet for a while more before smiling. "Actually, nothing matters now, right? Qiao Chen, it doesn't matter whether you hate me or not. Even if you don't hate me, you don't like me.

"If that's the case, what's there to explain?"

She'd rather he really hated her.

She'd rather he be mean to her.

This way, she would be completely heartbroken and wouldn't have any illusions about him.

Only then could she forget him and stop liking him.

It was tiring to be alone.

What was the point of a relationship that wasn't meant to end?

She had already decided to give up on him.

She was slowly adjusting her mindset and no longer had feelings for him.

Hence, she didn't want to have any hopes for him.

Qiao Chen frowned.

"Qiao Chen, congratulations on reuniting with your family. From now on, you're the Young Master of the Mo family. I'm really happy for you as I see your life getting better. You're the host tonight, you can't be away for too long, right? Go back quickly."

Qiao Chen frowned even harder.

"I've already said what I needed to say. There shouldn't be anything else." Shen Xin smiled again. "I can't leave for too long. Otherwise, my dad and mom will be anxious too. Then... I'll go back first."

Qiao Chen still didn't respond.

She looked up and saw Qiao Chen frowning at her.

His expression wasn't too good, and there seemed to be a hint of anger in his eyes.

He seemed angry.

But Shen Xin didn't know why he was angry.

She didn't want to guess his thoughts anymore.

She didn't say anything else and turned to leave.

Qiao Chen watched her leave and felt a little panicked for some reason.

He had a feeling that Shen Xin wouldn't come back once she left.

This premonition made him panic.

Qiao Chen's heart tightened as he watched the girl walk further and further away. Before he could think clearly, his body moved first.

He took a step forward and called, "Shen Xin."

The girl stopped in her tracks.

Qiao Chen's lips quivered. He had something to say, but he didn't know what to say.

He just felt that he couldn't let Shen Xin leave just like that.

Shen Xin waited for a few seconds, but when he didn't speak again, she continued walking.

Qiao Chen didn't stop her.

He had a feeling that after this, his relationship with Shen Xin would be over.

More thorough than ever.

He could also feel his strange feelings towards Shen Xin.

But so what?

He wasn't suitable to talk to any girl now.

He didn't want to delay others.

Perhaps one day, he would regret what he'd done.

But at this moment, he could only choose this way. This was the best choice for both sides.

Before many things were completely resolved, feelings were a luxury.

He didn't want to touch it.

...

Halfway through the banquet, Mo Shixiu left with Jiang Luoli.

Chapter 1432: How Deep Could Such Love Be?

In the car.

Jiang Luoli turned to look out of the window and didn't say anything.

The man's low and magnetic voice rang in her ear. "Are you unhappy?"

Jiang Luoli turned around slowly.

Mo Shixiu looked at her intently. "Is it because of my mom?"

Jiang Luoli was stunned again.

Actually, she wasn't in a bad mood. After all, she was already mentally prepared before she came. She had already expected all sorts of possible outcomes.

But she wasn't in a good mood.

Madam Mo's unhappiness and disdain for her were written all over her face. After greeting her, she never spoke to her again.

Madam Mo was Mo Shixiu's mother.

Jiang Luoli still hoped to get her approval.

Mo Shixiu knew that he was right.

After a moment of silence, he said softly, "Luoli, I hope that my family will like you. But my mom... she has a very strong sense of family background. When Ah Si brought Sister-in-law home, she wasn't satisfied with her.

"She always hoped that Ah Si and I could find wives of equal social status. But Ah Si and I didn't like the girls she was satisfied with.

"I can't correct her opinion, nor can I force her to like you. But I want to say that regardless of whether my family is satisfied with you, since you're the person I've decided on, whether they like you or not, it won't affect my feelings for you.

"My heart won't waver.

"Unless you waver first."

Jiang Luoli looked at him in shock. Her heart started racing uncontrollably.

"I'll have a good talk with Mom." Mo Shixiu didn't seem to know how much his words affected Jiang Luoli. He also didn't know how disturbed her heart was.

He said seriously, "It's best if she accepts you. If not, then don't bother about her. If meeting her makes you unhappy, then if it's not necessary, you don't have to meet her in the future."

Jiang Luoli was shocked.

"Mo Shixiu, don't you mind that your mom doesn't like me?"

"Why would I mind?"

"She's your mother. Don't you care about her opinion at all? If she's still dissatisfied with me and can't accept me, and wants you to find a girl who's compatible with the Mo family, what... will you do?"

Jiang Luoli liked Mo Shixiu.

But it wasn't to the point where she couldn't leave him.

She was a good-looking person.

Liking Mo Shixiu was just love at first sight.

How much could he like her?

Hence, she felt that it was better to clarify things now.

If Mo Shixiu cared about Madam Mo's opinion and was the kind of man who listened to his mother, she could break up with him early.

It was better to be quick.

She would feel a little reluctant to break up with him now, but it was better than being apart in the future.

Jiang Luoli had never suffered any emotional blow, nor had she been tormented by love.

But she had seen how others felt when they were emotionally affected.

She didn't want to experience that feeling at all.

Mo Shixiu pondered for a moment as if he was seriously considering her question.

Chapter 1433: Prove It to Me

She didn't want to experience that feeling at all.

Mo Shixiu pondered for a moment as if he was seriously considering her question.

A moment later, he slowly said, "I've thought about this problem when I decided to be with you. Jiang Luoli, I'm an adult, not a child. My life is up to me. I'll naturally accept my parents' opinions, but this doesn't mean I have to listen to them. My mom has always wanted me to find a girl of equal social status. She introduced me to many rich young ladies, but it's useless no matter how satisfied she is with what I don't like.

"By the same logic, it's useless for her to object to what I like. So, my answer is that I won't listen to anyone. I'll only listen to my heart."

Jiang Luoli's heartbeat quickened. "Listen to your heart? Then, what does your heart says?"

Mo Shixiu looked up at her and replied without hesitation, "I want to be with you."

The man's tone and expression didn't change, as if he was saying something normal.

But Jiang Luoli's heart was stirred up by him.

"Mo Shixiu." She took a deep breath.

Mo Shixiu raised an eyebrow and responded immediately. "Mm?"

"Who else did you say this to?"

"Besides you, there's no one else."

"..."

"You really want to be with me?"

“Do you want me to swear, Luoli?”

“Are you willing to swear?”

“If this is the only way to make you believe me, then I’m willing. I can swear it immediately.”

At this moment, Jiang Luoli felt her heart beating especially fast as if it would jump out of her chest in the next second.

The most lethal flirting was probably an invisible one.

Mo Shixiu didn’t even know what it meant to flirt with women, but he kept making her heart race.

He probably didn’t even know how alluring his words were.

“Mo Shixiu.”

“Mm?”

“Do you know what I want to do now?”

Seeing the girl suddenly approach him, Mo Shixiu’s heartbeat accelerated. His sitting posture became a little stiff, but he remained still.

But as Jiang Luoli got closer to him, he stiffened.

He pursed his lips and clenched his fists. “What are you trying to do?”

Jiang Luoli chuckled. She looked at the man in front of her, who was obviously 10 years older than her but had tensed up because of her approach. She reached out and gently wrapped her arms around his neck.

She looked up and lowered her voice. “Do you remember the steps I taught you about dating? What’s the third step?”

Mo Shixiu recalled it seriously and tensed up.

He looked down at the girl leaning against him, his heart beating wildly.

“Mo Shixiu, do you like me? Prove it to me.” Jiang Luoli tightened her grip on his neck, and Mo Shixiu couldn’t help but lower his head.

He lowered his head, and Jiang Luoli looked up. They were less than half a finger apart.

Mo Shixiu’s heartbeat had never been this fast.

...

“Fourth Bro, what’s wrong with you?”

Chapter 1434: You Really Have Thoughts You Shouldn’t Have

Yan Shaoqing stopped at a quiet place.

Behind her, Gong Zeli stopped in his tracks.

Yan Shaoqing turned around and looked at Gong Zeli.

Gong Zeli looked at him expressionlessly and said, "What do you mean? What did you call me here for?"

Yan Shaoqing stared at him for a few seconds before asking, "Fourth Bro, we've known each other for so many years. I don't want to beat around the bush. Let me ask you something. I hope you can tell me the truth.

"Do you have any feelings for Sis-in-law? Is she the reason why you've been acting so strangely recently? Is it because of Sis-in-law that you and Shen Rou ended up like this?"

Gong Zeli listened casually at first, but his expression changed gradually.

Yan Shaoqing observed his reaction.

He had thought that he might be overthinking it.

But Gong Zeli's reaction caused his expression to change.

His expression turned serious.

"Fourth Bro, do you really..."

Gong Zeli pursed his lips and didn't answer.

"If you called me over just to ask such boring questions, then I'm leaving."

"Wait, Fourth Bro." Yan Shaoqing immediately went forward and held his shoulders. He frowned and said, "You haven't answered my question. Do you really have such feelings for Sis-in-law? Fourth Bro, are you crazy? Don't you know that Sis-in-law is already married to Second Bro?"

"I thought I was overthinking, but it seems like you really have feelings for her." Yan Shaoqing was shocked and confused. "Didn't you hate her at first? Why are you..."

"You can have feelings for any woman. But that's Sister-in-law. What are you thinking!"

He finally understood why he couldn't ask Gong Zeli out.

Even if he did, he wasn't as playful as before.

The female companions he arranged for him were all dismissed.

He thought it was because of his conflict with Shen Rou.

No matter what, he'd never thought that it had anything to do with Qiao Mianmian.

He knew very well how much Gong Zeli disliked Qiao Mianmian.

Who would have thought that he actually had feelings for her?

This was too unbelievable.

What exactly happened?

“Fourth Bro, say something.” Yan Shaoqing couldn’t help but panic when he saw that Gong Zeli didn’t respond at all. “There’s nothing we can’t say between us brothers. Tell me, are you interested in Sis-in-law?”

Gong Zeli pursed his lips and turned around.

He said coldly, “Who told you that I have feelings for her?”

“No one told me. I saw it myself.” Yan Shaoqing recalled what he saw and frowned again. “Your eyes were almost glued to her, and you were looking at her so strangely. If I still can’t tell, then all my years of friendship with you were for nothing.”

Gong Zeli frowned.

Was it that obvious?

Yan Shaoqing could tell what he was thinking. “You should be glad that I was the one who saw it.”

Chapter 1435: He Won’t Let You Off

“If Second Bro sees you staring at his wife like that, he won’t let you off.”

“So what?” Perhaps angered by his words, Gong Zeli said coldly, “I know that a friend’s wife cannot be bullied. I’ve never thought of doing anything, but can’t I think about it?”

Yan Shaoqing was stunned and his expression changed. “Fourth Bro, you really... I suggest you keep your feelings for Sis-in-law if you don’t want to lose Second Bro. Even if you can’t do it now, don’t make it so obvious.

“We’ve been brothers for so many years. Do you think it’s worth it if this makes us look bad?”

“There are so many women in the world, why would you... Fourth Bro, what are you thinking?”

Gong Zeli didn’t want to hide it from Yan Shaoqing.

Hence, he admitted it.

He knew how wrong this was in the eyes of others.

He felt like a jerk too.

But he couldn’t control himself.

“There are some things you don’t understand.” Gong Zeli didn’t intend to explain further. “If you’re worried that I won’t get along with Ah Si because of this, you can rest assured. I know what can and cannot be done.

“I don’t intend to do anything, much less affect Ah Si’s marriage.”

“But Fourth Bro, didn’t you dislike Sis-in-law a lot previously? Also, what’s going on between you and Shen Rou? Isn’t the person you like Shen Rou? I really don’t believe that you’ve changed your mind so quickly.

“Did something happen...”

“Don’t ask anymore.” Gong Zeli’s voice became even fainter. “You don’t have to know what happened. If you want to continue being friends with Shen Rou, that’s your freedom. But we can’t be friends anymore.

“You don’t have to persuade me. We can’t go back to the past.”

Yan Shaoqing opened his mouth and swallowed his words.

He wanted to persuade him about Shen Rou.

But Gong Zeli was so determined now, it wasn’t something he could persuade with just a few words.

Something serious must have happened between him and Shen Rou.

Although Gong Zeli refused to say it, Yan Shaoqing had a feeling that this had something to do with Qiao Mianmian.

“Alright, as long as you know what you’re doing. In any case, don’t do anything foolish.” Yan Shaoqing knew that as a brother, he would at most remind and persuade him. As for what Gong Zeli thought, he couldn’t control it.

He had already reminded and persuaded him.

He didn’t care if Gong Zeli listened to him.

A while later, Gong Zeli and Yan Shaoqing left.

Shen Rou walked out from under a tree.

Her eyes were filled with hatred.

“Qiao Mianmian.” She gritted her teeth and spat out the name with hatred.

She really hated it.

Gong Zeli really liked that slut.

She had nothing now.

If it wasn’t for Qiao Mianmian, she would at least have Gong Zeli.

But now, she had nothing.

Everything was thanks to Qiao Mianmian.

Chapter 1436: I Have a Guess

Without Qiao Mianmian, many things wouldn’t have turned out this way.

She wouldn’t break ties with Mo Yesi. If their relationship was still like in the past, the Mo Corporation would definitely help if something happened to the Shen Corporation.

Gong Zeli couldn’t possibly ignore her.

As long as the Shen family survived the crisis, she would still be the Young Lady of the Shen family.

Her life in the first 20-odd years had always been good.

But ever since Qiao Mianmian appeared, her life had been getting worse...

So, without Qiao Mianmian, would her life be the same as before?

Without Qiao Mianmian...

The moment this thought came to her mind, Shen Rou's eyes were filled with killing intent.

...

"Old Madam, Madam Bai said she has something to discuss with you. Do you have time now?"

In the banquet hall.

Old Madam was holding Qiao Mianmian's hand and asking her about work.

Uncle Zhang walked over with someone behind him.

Qiao Mianmian looked up and immediately walked towards Madam Bai.

Madam Bai took a step forward and held her hand.

Old Madam was stunned. "Does Madam Bai know Mianmian?"

Madam Bai held Qiao Mianmian's hand and looked up at the Old Madam. She smiled and replied gently, "I do, of course, I do. The thing I want to talk to the Old Madam about is related to Mianmian. I wonder if Old Madam has the time?"

Old Madam was stunned for a while. She looked at her, then at Qiao Mianmian, and nodded. "Of course I have time. Madam Bai, sit down and talk. Uncle Zhang, bring a cup of tea for Madam Bai."

"I won't stand on ceremony, then."

Madam Bai didn't delay. When Old Madam asked her to sit, she chose a seat beside Old Madam.

Qiao Mianmian sat down with her.

Madam Bai continued to hold Qiao Mianmian's hand as if she cherished her.

Old Madam was even more suspicious.

Since when did Qiao Mianmian have such a good relationship with the Bai family?

What surprised Old Madam even more was that she realized that Qiao Mianmian looked a little like Madam Bai.

They looked like mother and daughter.

"I wonder what Madam Bai wants to talk to me about? Is it related to Mianmian?"

Madam Bai looked at Qiao Mianmian and thought for a while before saying, "I think Old Madam knows that my family has a daughter. We've been looking for her all these years, but we haven't found any clues."

Old Madam nodded. "I heard about this before. But I heard that there's news recently. Maybe you can find her soon. Is that so?"

Madam Bai smiled and said happily, "Perhaps God can't bear to part with my flesh and blood anymore and finally returned my Little Seven to me. Old Madam, we've already found Little Seven."

"You found her?" Old Madam was a little shocked, but she was still very happy for Madam Bai. "That's great. Where did you find her? Has that child already recognized you? Did she come with you tonight?"

Old Madam looked around.

As she looked around, her gaze finally landed on Qiao Mianmian.

She looked at Qiao Mianmian's and Madam Bai's similar looks, and then at Madam Bai's intimate look. Her heart skipped a beat, and she already had a guess.

Chapter 1437: Mianmian's Background

But the possibility was too low. She must have guessed wrong.

"Mm, she's here tonight too." Madam Bai turned around and looked at Qiao Mianmian lovingly. "She's sitting beside me now. Old Madam, I'm looking for you because of this. Mianmian has acknowledged our Bai family, so she's the daughter of the Bai family. Since she's married to Yesi and has become your Mo family's daughter-in-law, then our families can officially have a meal together.

"Old Madam, what do you think?"

Madam Bai's gentle words were like a bomb thrown into the lake, causing the people around to lose their composure.

Old Madam had already guessed it.

But she was still shocked.

"Your daughter... is Mianmian?" Old Madam asked again.

"Mm." Madam Bai nodded. "Mianmian is the daughter our Bai family has been looking for. It's a long story. I'll explain it to Old Madam when I'm free. In any case, there's nothing wrong with this.

"Mianmian is married to Yesi, so our Bai and Mo families are in-laws. I heard from Mianmian that Old Madam treats her very well. I really have to thank Old Madam for taking care of her. Mianmian is still young. If she's not doing well, I hope Old Madam can be more forgiving."

Old Madam finally confirmed that she hadn't made a mistake.

Qiao Mianmian was really the daughter the Bai family had been looking for for over a decade.

She was puzzled.

But she knew that it wasn't convenient to ask now. Madam Bai meant to talk about that another day.

But no matter what, this wasn't a bad thing for the Mo family.

In fact, it was a good thing.

Old Madam liked Qiao Mianmian, so even though Qiao Mianmian's and Mo Yesi's families weren't compatible, she didn't mind it.

But Old Madam's ideal granddaughter-in-law was someone of equal social status.

Hence, Old Madam was actually rather happy to know that Qiao Mianmian was the daughter of the Bai family.

She was even more satisfied with Qiao Mianmian now.

This way, her granddaughter-in-law and grandson would be compatible.

The Bai family's background was already good enough, and there was nothing to be dissatisfied about.

Although with the Mo family's current status, it wasn't necessary to rely on business marriages to stabilize things, it definitely wasn't harmful to have a marriage of equal status.

To the Mo family, this was just icing on the cake.

"Madam Bai, you're being too polite. Mianmian is your daughter, and she's my granddaughter-in-law. It's only right that I dote on my granddaughter-in-law. Moreover, Mianmian is sensible and obedient. There's nothing bad about her. She's better than anyone.

"The Bai and Mo families are indeed in-laws now that you've acknowledged each other as mother and daughter. The two families should find a time to have a good talk over a meal. You can decide on the time. I'm free at any time. Just let me know when it's settled."

Madam Bai smiled. "I'm free anytime too. We can set on the date Yesi and Mianmian decide."

Old Madam nodded. "Then, we'll see when they're free."

Old Madam then looked at Qiao Mianmian deeply and said, "I really didn't expect Mianmian to have such a background. I wonder what the in-laws are planning now."

Chapter 1438: Let's See What She's Saying!

"Should we hold a banquet to announce Mianmian's return to the Bai family, or..."

"Mianmian said it's better to keep a low profile, so there's no need to announce it to the public. But we can hold a smaller banquet and invite some friends and relatives. She's busy with filming now, so let's talk about this after she's done."

...

In a corner.

Madam Mo looked towards Madam Bai and Old Madam. She frowned when she saw how intimate Madam Bai and Qiao Mianmian were.

She knew Madam Bai.

Hence, she was curious why Madam Bai and Qiao Mianmian looked so intimate.

They seemed to be chatting happily.

Madam Mo didn't like Qiao Mianmian, no matter what she did.

In her opinion, Qiao Mianmian must have used some tricks to get Madam Bai to be so intimate with her.

Just like how she lied to her son and Old Madam.

She was so scheming and shameless.

Just as she was looking at Qiao Mianmian's anger, Uncle Zhang walked up to her and said respectfully, "Madam, Old Madam wants you to go over. She said she has something to tell you."

Madam Mo looked up and frowned. "Old Madam is looking for me?"

"Yes."

"Did she say anything?"

"Old Madam didn't say the details, but I think it has something to do with Second Young Madam."

Madam Mo's expression darkened.

"It has something to do with Second Young Madam? What exactly is it?"

Uncle Zhang smiled. "I'm not sure. Madam will know when she's there."

Madam Mo pursed her lips. After a few seconds, she suddenly sneered. "She must be trying to drive a wedge between Old Madam and talking bad about me. I'll go over now and see how she's going to gossip!"

With that, she got up and walked towards Old Madam.

Uncle Zhang couldn't help but frown when he saw how angry she was.

He sighed.

How could Madam treat Second Young Madam so badly?

In fact, Second Madam was pretty good in other aspects besides her family background.

But Madam was someone who valued family background. No matter how good her family background was, she didn't like it.

That would be Madam's favorite Young Lady Shen.

Madam watched Young Lady Shen grow up and doted on her like a daughter. She had always hoped that she could marry Second Young Master and be her daughter-in-law.

But now?

Now that the Shen family had fallen, Madam wouldn't like Young Lady Shen as much as before.

It was even more impossible for her to marry Second Young Master.

Madam's liking was based on the fact that the Shen family hadn't fallen yet and was still compatible with the Mo family.

Now, even if she still liked Young Lady Shen, the amount she liked had to be discounted.

But no matter how unhappy she was with Second Young Madam, they were already married.

And Second Young Master valued Second Young Madam so much.

If Madam refused to compromise and continued to reject her, it would only affect her relationship with Second Young Master.

...

“Old Madam, Madam is here.”

When Madam Mo went over, Old Madam and Madam Bai were talking about Qiao Mianmian’s future wedding.

Chapter 1439: Madam Mo, Do You Think This Will Do?

Old Madam felt that traditional Chinese weddings were better.

Madam Bai liked Western weddings.

After some discussion, they decided to hold two weddings.

One for the Mo family, one for the Bai family.

As they were chatting happily, Madam Mo came over with a cold expression.

She didn’t even look at Qiao Mianmian. She walked to the Old Madam and called out, “Mom.”

Then, she said, “Uncle Zhang said you were looking for me. What is it?”

The Old Madam’s smile faded when she looked up and saw Madam Mo’s cold face.

Old Madam was very unhappy with Madam Mo’s recent behavior.

Especially after she’d tried to persuade Madam Mo several times, but Madam Mo was still adamant and didn’t take her words seriously. Old Madam’s bad opinion of her deepened.

She felt that Madam Mo was getting more and more unruly.

She was starting to neglect her image.

Old Madam had something against her, and her tone wasn’t any better. She said calmly, “Mm, sit down first.”

Madam Mo sat down.

She sat opposite Qiao Mianmian and Madam Bai. When she looked up, she saw Madam Bai holding Qiao Mianmian’s hand and whispering to her.

Her expression was gentle and loving as if she was talking to her daughter.

Madam Mo was furious.

She couldn't help but say coldly, "Madam Bai is actually here tonight. What a rare guest. As her mother-in-law, I actually don't know that my daughter-in-law and Madam Bai have such a good relationship. Mianmian, when did you know Madam Bai?"

Madam Bai slowly looked up.

Madam Bai had been worried that the Mo family would despise Qiao Mianmian's background and treat her badly.

She could tell that Madam Mo wasn't satisfied with Qiao Mianmian.

And even looked at Qiao Mianmian with disdain.

It was obvious how unhappy she was with Qiao Mianmian.

Madam Bai couldn't wait to dote on her daughter.

Madam Bai was unhappy that her daughter was despised in front of her.

When she spoke to Madam Mo, her tone wasn't too polite. "In-law, you must be joking. It's normal for mother and daughter to have a good relationship. This isn't surprising."

"Mother and daughter?"

Madam Mo looked at her in shock.

She looked at Madam Bai in confusion and shock. She seemed to have thought of something and turned to look at Qiao Mianmian in disbelief.

"Madam Mo, I was discussing Mianmian and Yesi's wedding with Old Madam just now. We feel that two weddings are the most suitable. Your Mo family will hold it first, and then our Bai family will hold it again.

"You're Yesi's mother and Mianmian's mother-in-law, so I'd like to ask for your opinion. Madam Mo, do you think this is alright?"

Madam Mo was in disbelief.

"Madam Bai, what do you mean? The mother and daughter you mentioned..."

"Oh, I forgot to tell Madam Mo."

Chapter 1440: Do You Think I'm Willing to Care About This?

Madam Bai smiled and tidied Qiao Mianmian's hair. She met Madam Mo's incredulous gaze and slowly said, "Mianmian is the little daughter I've been looking for. A few days ago, under various coincidences, we finally got to know each other."

Madam Mo widened her eyes in shock.

"Mianmian is my daughter. She married your son, so we're naturally in-laws. Back when Mianmian married Yesi, we didn't know that she was Little Seven, so we missed out on a lot of things.

"I'll make it up to her when they get married."

“H-How is this possible?” Madam Mo was undoubtedly the most shocked and in disbelief.

What she was most unhappy about was Qiao Mianmian’s family background.

But now, Qiao Mianmian suddenly became the daughter of the Bai family and suddenly had a very good family background?

The Bai family was better than the Shen family.

Even the Shen family couldn’t compare to the Bai family.

Madam Bai asked, “Madam Mo, what’s impossible? Or do you think our Bai family will joke about this?”

Madam Mo looked at Qiao Mianmian in shock.

Madam Bai didn’t say much.

Some words shouldn’t be spoken.

No matter how Madam Mo treated Qiao Mianmian previously, now that Qiao Mianmian had the Bai family’s backing, she couldn’t be like before.

And all Madam Bai did was to not let her daughter suffer in the Mo family.

...

The banquet ended.

On the way home.

Qiao Mianmian was a little sleepy and fell asleep leaning on Mo Yesi’s shoulder in the car.

She was still unconscious when she got out of the car.

Seeing that she was sleeping so soundly, Mo Yesi couldn’t bear to wake her up and carried her straight to the bedroom.

On the other side.

After the guests left.

Madam Mo looked at the gloomy Old Madam and called out cautiously, “Mom.”

Old Madam said coldly, “I don’t think you should call me Mom anymore.”

“Mom, what are you saying? Did I anger you in any way?” Madam Mo asked.

As soon as she said that, Old Madam’s expression turned even colder.

“How did you make me angry? Don’t you know? Shangguan Wenpei, did you ignore what I said to you previously? Or is it that I don’t mean anything to you anymore, so you don’t have to listen to me?”

Madam Mo’s heart skipped a beat. “How could that be? Mom, do you have some misunderstanding about me? I really don’t know what made you angry.”

“Didn’t I tell you more than once not to interfere with the matters of the two children? But what did you do tonight? Shixiu is already 30 years old. It wasn’t easy for him to finally find a girlfriend. As a mother, not only are you not happy, you don’t even want to treat the young lady well. Instead, you’re giving her the cold shoulder the first time we meet. If you scare her away, you can wait for your son to be a bachelor for the rest of his life.”

“Mom.” Madam Mo pursed her lips and said unhappily, “With Shixiu’s qualities, he can get any woman he wants. How could he be a bachelor for life?”

“I don’t want to have to poke my nose into their affairs either, if only they can be less worrisome. Do you think I wish to fret over such matters?”
