Chapter 1441: It Was All for Their Good

"I've already asked around about that Jiang girl. Do you know what her family is like?"

"Even if her family situation was normal, I wouldn't be so against it. But she was born in a family with gamblers, and she has a younger brother who was arrested several times for theft. How can I accept such a family?"

"I've groomed such an outstanding son. Even if he doesn't find someone of equal social status, he can't find someone like this, right? You can't let him find any woman just because Shixiu is willing to have a girlfriend."

"I'd rather Shixiu remain single than date someone like her."

"Anyway, I won't agree to Shixiu dating that Jiang girl."

"You don't agree?" The Old Madam sneered. "Shangguan Wenpei, do you think your two sons will listen to you? If you don't agree, they'll listen to you and find someone you're satisfied with?"

"I advise you that since you can't change some things, you might as well change your mindset and try to accept it slowly."

"Otherwise, you won't be able to get anything in the end. You and Ah Si are already in this state, haven't you figured it out yet?"

"You'll only be satisfied if your two sons break up with you?"

"I don't think you're stupid. Why are you so stubborn about this? Yes, I'm not satisfied with the girl's background. Are the two children satisfied?"

Madam Mo pursed her lips and kept quiet for a while before saying firmly, "No matter what, I won't let my son marry such a woman. Mom, don't persuade me. I gave birth to my son. I just can't accept it."

"Shixiu is someone who's going to do big things in the future. If he's chosen, do you think that girl Jiang's family background is suitable to be the woman by his side? Even if Shixiu doesn't find someone of equal social status, it can't be too bad. Mom, don't worry about this anymore. I know what to do."

Old Madam looked at her stubbornness and sneered. "Alright, I don't care anymore. I can't be bothered to say anything about you in the future. Just don't cry to me when you regret it."

"I won't regret it," Madam Mo said stubbornly. "Everything I've done is for their own good. It's alright even if they don't understand me now. They'll understand one day."

"At the end of the day, what you care about is family background. But the world is unpredictable. Back then, you only wanted to matchmake Ah Si and Shen Rou because you felt that the Shen and Mo families were compatible. But what's the situation with the Shen family now? Would you still want Ah Si to marry the Shen family's daughter?"

"You're against Mianmian because you think her family background is too ordinary. But now that she's the apple of the Bai family's eye, she's the most compatible with Ah Si. Are you satisfied now? You've

already hurt the harmony in the family. Family harmony is everything. To me, there's nothing more important than family harmony. Think about it yourself. This is the last time I'm saying this to you."

With that, Old Madam got someone to help her leave.

Madam Mo stood rooted to the ground with a complicated expression.

She was still thinking about what Old Madam said.

In the past, Shen Rou was her favorite daughter-in-law.

She watched Shen Rou grow up. The two families knew each other well and their families were compatible. There was no woman more suitable for her son than Shen Rou.

Chapter 1442: Feeling Better

She didn't expect the Shen family to become like this.

She also didn't expect Qiao Mianmian's background.

The ideal daughter-in-law she had taken a liking to was now in dire straits. Her family background was no longer satisfactory.

This daughter-in-law she didn't like now had a family that she was very satisfied with.

She didn't expect this.

She understood what Old Madam meant.

But the Jiang family...

Madam Mo frowned at the thought of the Jiang family's situation.

The Jiang family was so poor that she couldn't tolerate it.

With her son's status in the future, he definitely couldn't look for the Jiang family's daughter.

Moreover, even with Qiao Mianmian's incident as a precedent, she didn't believe that Jiang Luoli could have a good background.

Hence, Jiang Luoli couldn't be with her son.

As for Qiao Mianmian...

Madam Mo thought about her current relationship with Qiao Mianmian and how she'd threatened Qiao Mianmian to leave Mo Yesi. She couldn't help but frown, and her eyes revealed a hint of annoyance.

If she'd known that Qiao Mianmian had such a background, she wouldn't have...

But no matter what, this was a good thing.

Qiao Mianmian had become the daughter of the Bai family, and her son had married the daughter of the Bai family. No one could find fault with this marriage.

The Bai and Mo families were truly compatible.

Although Qiao Mianmian had just been acknowledged by the Bai family, it wasn't too late.

Her wedding with Mo Yesi had yet to be held.

When they held their wedding and announced Qiao Mianmian's identity, others would only envy her son for finding a good marriage.

She was no longer afraid of people mocking her behind her back.

At this thought, Madam Mo felt a little better.

Even though she didn't like Qiao Mianmian very much, with Qiao Mianmian's status as the daughter of the Bai family, Madam Mo's dissatisfaction towards her faded a lot. The last bit of dissatisfaction was her acting.

But in the past, she despised Qiao Mianmian's profession.

Even though she was still dissatisfied, it was lessened because of the Bai family.

Madam Mo had already thought it through.

If someone asked her about Qiao Mianmian's acting, she would say that Qiao Mianmian left the industry after a few shows.

No one would doubt her words.

After all, being the daughter of the Bai family was more convincing than anything else.

No one would think much of it, much less gossip about it.

At this point, Madam Mo was even glad that Mo Yesi didn't choose to be with Shen Rou.

Otherwise, the Shen family would become a burden to the Mo family.

If the two families became in-laws and something happened to the Shen family, the Mo family couldn't possibly ignore it.

The Mo family might even be implicated by the Shen family.

With this thought, Madam Mo was even more satisfied with Qiao Mianmian. Even her dissatisfaction with her profession quickly faded.

She decided that she had to do something to improve her relationship with Qiao Mianmian. Since Qiao Mianmian didn't make her unhappy, she naturally couldn't keep her daughter-in-law down.

...

After attending Qiao Chen's banquet.

When the Shen family left, everyone's expressions were different.

Chapter 1443: Isn't Shen Xin Your Daughter?

In the car.

Shen Xin and Shen Rou were sitting together. Shen Xin didn't say anything after getting into the car and kept looking out the window.

Shen Rou's expression was dark.

Madam Shen sat in the front passenger seat and asked Shen Rou, "Rourou, what do you think of your Aunt Cheng's son? I think he seems to have a good impression of you. Although the Cheng family isn't considered good, they're still newly rich in recent years. If you marry into the Cheng family, you'll have nothing to worry about in the future.

"Moreover, if the man's conditions are weak, you'll be able to eat well in the future. If he's too good, he might be scheming and you might not be able to live happily. I think you can really consider it.

"Rourou, you..."

"Mom, that Cheng An looks like a pig's head. You actually think he's good too? That man isn't even worthy of carrying my shoes. You actually want me to marry him? For the Shen Corporation, are you going to let me marry him even if he's a pig?"

"Are you really my biological mother? Don't you care if I'm happy in the future?" Shen Rou suddenly broke down and yelled at Madam Shen.

She gritted her teeth. "Am I the only daughter of the Shen family? Isn't Shen Xin your daughter? Why should I sacrifice my happiness for the Shen family while Shen Xin doesn't have to do anything?"

"Is this fair?"

"Sister." Shen Xin stiffened and slowly turned to look at her.

Madam Shen was stunned too.

"Y-Your sister is still young." A few seconds later, Madam Shen said, "It's not that I don't want your sister to help, but what can she do now? Rourou, are you blaming me for being biased and not feeling sorry for you?"

"I know you don't like Aunt Cheng's son. If our Shen family hadn't encountered this incident, how could I bear to let you suffer such grievances? But Rourou, the Shen family is no longer the Shen family of the past. Do you know what the people in the circle are saying about us?"

"Now, even those people who were far inferior to the Shen family in the past dare to mock our us and not take the Shen family seriously. Don't say that you feel aggrieved, your dad and I have suffered enough. Do you know how many people your dad has lowered his head for the Shen family? Those people used to find it difficult to even see him, but now they can put on airs in front of him. Those people who used to want to curry favor with the Shen family have disappeared.

"At the critical moment, all of them disappeared. No one is willing to help.

"You think you've been wronged, but who in the family hasn't been wronged? You don't like your Aunt Cheng's son, but do you think it's possible that he likes you? Let's not talk about anything else. Just that kid from the Gong family, hasn't he always been chasing you? Doesn't he like you a lot? But now that something happened to the Shen family, is he willing to help? Is he still willing to marry you?"

Shen Rou's expression stiffened at the mention of Gong Zeli.

She looked awful.

She wanted to retort, but she realized that she couldn't.

She went to ask Gong Zeli for help when something happened to the Shen family. She thought that Gong Zeli would help her no matter what.

Even if she'd lied to him before.

They'd known each other for so many years, he couldn't possibly have no feelings for her.

Chapter 1444: Then, Why Would He Hold Your Hand?

Before she went, she treated him as her only hope.

But when he rejected her, he was so heartless.

Moreover, he wasn't being spiteful. He really hadn't helped her at all.

Even though she thought that he was still angry with her and refused to help, she understood everything after eavesdropping on his conversation with Yan Shaoqing.

Perhaps he already had feelings for Qiao Mianmian when he was involved in the scandal with her.

There was no smoke without fire.

She should have thought about it. How could those scandals be so simple?

"Rourou, don't be so picky." Madam Shen looked at Shen Rou's pale face and tried to persuade her. "I've already asked around about your Aunt Cheng's son. He's an honest man and doesn't have any ulterior motives. He doesn't fool around outside.

"He's not that good-looking, but his looks aren't the only thing that matters when one gets married. The character is the most important. Mom thinks that Cheng An is really good. At least he's honest and reliable. Moreover, he likes you so much. He'll definitely treat you well when you get married.

"Your Aunt Cheng and Mom have known each other for many years. She won't treat you badly."

"You won't be aggrieved if you marry into the Cheng family. Just listen to Mom and benefit from Cheng An."

"What about Shen Xin?" Shen Rou suddenly sneered. "Mom, you just told me that Shen Xin is too young now and can't help. In my opinion, she's the most helpful person in the family now."

Madam Shen was stunned. "How can Xiao Xin help?"

Shen Rou turned to look at Shen Xin and said, "Mom doesn't know yet. The Young Master that the Mo family just acknowledged is in the same class as Xiao Xin, and they have a good relationship.

"I think that Young Master Mo still likes Xiao Xin. Maybe if Xiao Xin asks him for help, our Shen Corporation's crisis will be resolved.

"How could a family like the Cheng family compare to the Mo family?"

"Since the Mo family is willing to hold a banquet for this Young Master, it shows that they value him. I see that Old Madam likes him too. If he can speak up for our Shen family in front of Old Madam, this is more useful than anything."

Shen Xin looked at Shen Rou in disbelief.

"What? Xiao Xin knows that Young Master Mo? Xiao Xin, is what your sister said true?" Madam Shen sounded shocked.

"Of course." Shen Rou looked into Shen Xin's eyes and narrowed her eyes. "I saw Xiao Xin eating alone with him previously. I'm sure they must have a good relationship. Now that the Shen family is in such huge trouble, as a member of the Shen family, shouldn't she do her best for the Shen family?"

"Xiao Xin, do you think Sister is right?" Shen Rou asked.

Shen Xin clenched her fists. "Sister, I haven't spoken to Qiao Chen in a long time. Our relationship isn't good, it's useless for me to look for him."

"Is that so?" Shen Rou sneered. "Then, why did you go out tonight? I saw you leaving with Qiao Chen holding your hand. Where did you go? What did you do? You said that you don't have a good relationship with him, so why did he hold your hand?"

"Xiao Xin, the Shen family has treated you well. Now that the Shen family is in trouble, aren't you going to help?"

Chapter 1445: Completely the Standards

"It's not good for you to do this, right?"

Shen Xin's face turned pale as she bit her lip. "Sister, it's not that I don't want to help the Shen family. Our relationship really isn't what you think it is. And didn't you strongly object to me and Qiao Chen back then? Why are you..."

"Times have changed. Back then, Qiao Chen was poor, so of course, I objected to it. But now, he's the Young Master of the Mo family, and his status is different from before. Xiao Xin, you can't bear to see Mom and Dad so worried that they can't sleep the whole night, right?"

"I'm just asking you to beg Qiao Chen to help our Shen family. Is it very difficult for you? You're a member of the Shen family. If our family really goes bankrupt, do you think you'll still have a good life?"

"Dad and Mom worked hard to raise you. If you're unwilling to do this, then the Shen family has raised you for nothing."

“Xiao Xin, is what your sister said true? If you really know that Young Master Mo, then go and beg him to help our Shen family. Your sister is right. The Mo family seems to value him. If he’s willing to plead for us, maybe the Mo family can help us.

“By then, your sister won’t have to go on blind dates anymore.

“Xiao Xin, we’re in trouble now, you have to help us.”

“Mom, I...” Shen Xin bit her lip and looked into Shen Rou’s cold eyes.

She wanted to say that she and Qiao Chen were already strangers.

Even if she asked Qiao Chen for help, he definitely wouldn’t help.

Moreover, Qiao Chen had just returned to the Mo family, and she didn’t want to create trouble for him at this time.

If the Mo family was willing to help, they would have done so long ago.

“Xiao Xin, don’t tell me you don’t want to help?” Shen Rou stared at her and seemed to be forcing her.

“You can’t accept our family’s favor and do nothing. Don’t say that this matter is difficult. You can’t be as difficult as me. You’re a part of the Shen family too. Now is the time for you to do something.”

Madam Shen immediately said, “Xiao Xin, go and beg Qiao Chen.”

Madam Shen knew Mo Yesi’s condition.

Hence, she wanted to marry Shen Rou in a short period of time.

But she was forced.

She didn’t like any of the men who went on blind dates with Shen Rou. She felt that they weren’t worthy of her daughter.

She didn’t want Shen Rou to marry those men.

But compared to the Shen family’s interests, she ultimately chose to sacrifice her daughter’s interests.

But if Shen Xin really knew that Young Master Mo and begged him for help, she wouldn’t have to rush to marry Shen Rou.

As long as the Shen family survived this crisis and returned to the past, what kind of man couldn’t her Rourou pick?

Shen Xin opened her mouth and had a lot to say, but in the end, she said something else, “Alright, I... I’ll try.”

“Don’t try. Do your best to get him to agree to help.” Shen Rou grabbed Shen Xin’s hand and her attitude changed. Her eyes became gentle as she said, “Xiao Xin, you’re our only hope now. No matter what, you have to get Qiao Chen to agree.

“Sister, I believe you can do it.”

Shen Xin looked up at Shen Rou as tears rolled down her cheeks. She slowly retracted her hand.

Seeing Shen Rou's stiff expression, she said again, "Sister, I'll look for Qiao Chen."

Chapter 1446: Is It Too Late for Her to Regret It Now?

"But I can't guarantee that he'll be willing to help."

Shen Xin turned around and didn't say another word to Shen Rou.

Shen Rou pursed her lips and looked at her attitude.

She felt aggrieved?

She felt aggrieved just by asking her to look for Qiao Chen?

So what if she went on blind dates for the past few days?

She'd been mocked and looked down on by everyone.

But even though she was full of anger, she still did it.

Shen Rou was relieved that Shen Xin agreed to look for Qiao Chen.

With Shen Xin around, Father Shen and Mother Shen wouldn't force her anymore.

She really didn't want to marry men who made her sick.

After these few days of blind dates, Shen Rou finally realized how outstanding Mo Yesi and Gong Zeli were to the opposite sex.

The men she went on a blind date with were as different as heaven and earth from them.

Shen Rou regretted it.

She regretted throwing herself at Mo Yesi and not cherishing Gong Zeli.

Back then, Gong Zeli was willing to marry her.

If she wasn't obsessed with Mo Yesi, if she married Gong Zeli, she would definitely be very happy now.

Even if the Shen family fell, she'd still be the Young Madam of the Gong family.

She wouldn't be forced to go on blind dates.

And even despised by those men!

The more Shen Rou thought about it, the more regretful she felt. She recalled how Gong Zeli treated her and regretted not cherishing it.

If she treated Gong Zeli better back then and didn't just enjoy his efforts, would he really like her?

Was it too late for her to regret it now?

Was he willing to accept her kindness now?

...

After Qiao Chen's banquet, Qiao Mianmian flew back to F City to continue filming.

The shoot went smoothly for the next week.

In a week, they finished filming the scene that was supposed to take half a month.

Bai Yusheng edited a short clip for a few minutes and posted it on the official Weibo of the television series.

Because the male lead was Qin Han, this drama had become very popular. Once the clip was out, fans flocked to watch the video to admire their idol's superb acting skills.

What the official account didn't expect was that the comments section was full of praises for Qin Han's acting.

A few hours after the post was released, the comments section suddenly changed.

"Eh, Qiao Mianmian's acting is pretty good. She didn't show any fear when she acted with a Movie King like Qin Han. Moreover, Qin Han didn't steal her limelight. This is really rare. The actresses who acted with Qin Han in the past were easily ignored.

"Previously, Qin Han publicly praised her acting skills. I thought he was just being polite. I didn't expect her acting skills to be so good. A few scenes were especially amazing and left a deep impression. Her crying scene was so infectious that I almost cried.

"This is the first female artiste to act so well with our Brother Han. Qiao Mianmian's acting is really good. Of course, there are only a few scenes. I wonder if the main show has maintained this standard. If so, I'm looking forward to this show."

Chapter 1447: Complimented on the Hot Search

"Damn, such a good scene. I originally thought that no matter how much I liked Brother Han, I wouldn't want to watch a show between him and a vase. Now that I've seen this scene, I actually feel that Qiao Mianmian's acting is pretty good?! I actually started looking forward to this drama."

"Can I say that I'm like that too? I swore that I wouldn't watch this show. I just went to take a look and found that it wasn't as bad as I thought. It's even better than I imagined. This scene looks pretty exciting. If the main film is of such quality, I feel like I can watch it."

"I'm not exaggerating. Objectively speaking, this clip is really good. Qiao Mianmian's acting is much better than I imagined. I really can't tell that she's a newbie without any works. She seems to have better acting skills than many capable actors."

"I can say that I came in for Brother Han at first, but now I'm attracted by Qiao Mianmian's acting. Her crying scene is too good, it's so infectious. I actually cried watching such a short clip."

The comment section was full of praises for Qin Han.

A few hours later, the comments were all praising Qiao Mianmian.

Even the official Weibo account didn't expect such a change.

Qiao Mianmian was even more surprised.

Hence, when she went viral on the topic #Qiao Mianmian's acting on the new show#, even Linda was shocked.

When she saw the Weibo post praising Qiao Mianmian's acting, she was even more shocked to think that Bai Yusheng had gotten someone to post praises, or that Mo Yesi had helped Qiao Mianmian.

After all, Qiao Mianmian was always on the hot searches because of all sorts of scandals.

This caused Linda to have a headache when she heard that Qiao Mianmian was on the hot searches. She immediately went to check who had defamed her.

Hence, when Linda saw that Qiao Mianmian was actually on the trending list, she was shocked.

She suspected that she had seen it wrongly and looked at it a few times before confirming that she hadn't.

Qiao Mianmian was really on the hot searches this time.

Linda looked at the comments on the drama's official Weibo account and felt that it was amazing. She felt happy that she had finally made it.

It wasn't easy.

Ever since she signed Qiao Mianmian, Qiao Mianmian had been trending on Weibo every now and then. Every time she went up, she would be defamed.

Not once was good.

This was a good thing for female artistes who wanted to be popular.

The company was elated.

After all, they didn't have to spend any money to be on the hot searches and increase her fans.

But Linda never wanted Qiao Mianmian to go the dark side.

Hence, Qiao Mianmian's fans grew because of all the scandals. Linda had a headache.

She was afraid that Qiao Mianmian would really become popular through scandals. This was the opposite of her original intention when she signed her.

Qiao Mianmian had both acting skills and looks. Linda wanted to portray her as a true top-tier female artiste.

Linda suppressed her excitement and called Qiao Mianmian.

When Qiao Mianmian received the call, she didn't know that she was on the trending list.

She had just finished a scene and was watching the replay with Qin Han. After watching it, she analyzed it with Qin Han. "Brother Han, I don't think the scene was perfect."

Chapter 1448: Mianmian, Have You Thought of Acting in a Movie?

"I think it's more touching not to cry. Isn't it better to hold back your tears when you're so sad? Of course, if you don't think it's necessary, we don't have to redo it."

After spending some time together, Qiao Mianmian and Qin Han's relationship was much better than before.

They were considered good friends now, and Qiao Mianmian addressed him as Brother Han.

After understanding Qin Han's personality and knowing that he was actually an easygoing person, Qiao Mianmian spoke more casually with him than before.

She basically said whatever she wanted.

Especially when it came to work, she would discuss it directly with Qin Han.

The two of them had just finished a scene.

Bai Yusheng was also very satisfied. There was no need to reshoot.

But after watching the replay, Qiao Mianmian felt that her performance wasn't good enough and wanted to reshoot the scene.

Qin Han looked at the replay and straightened up. After listening to Qiao Mianmian's analysis, he thought for a few seconds and nodded. "It does feel better that way. Then, let's do it again."

"Brother Han, will that take up your time?"

"No." Qin Han shook his head and walked towards the center of the theater. "Let's reshoot it, according to your idea. Director Bai, are you alright? Can we reshoot?"

Bai Yusheng was already very satisfied with the scene.

But after Qiao Mianmian's analysis, he felt that it would be more effective if he followed her suggestion.

Many actors wouldn't take the initiative to reshoot after the plot was over.

After all, it took time and effort.

If it wasn't for the director's request, actors rarely took the initiative to ask for it.

Although Qiao Mianmian was his biological sister, Bai Yusheng admired such an actress from a cooperative perspective.

Moreover, ignoring his relationship with Qiao Mianmian, he was very satisfied with her performance.

When he decided to let her be the female lead, he knew that she wouldn't disappoint him.

But her performance was better than he expected.

Even if Qiao Mianmian wasn't his sister, Bai Yusheng admired such an actress.

“Mm, if you guys are fine, what else can be wrong with me? Let’s reshoot.”

Qiao Mianmian also walked to the center of the theater.

A few minutes later, she and Qin Han reshot the scene. Other crew members and actors were watching. After watching it, they felt that the reshoot was indeed better than the previous one.

After the shoot.

Qiao Mianmian took a bottle of water from Nana and handed it to Qin Han. “Brother Han, thank you for cooperating with me.”

Qin Han smiled. “What’s there to thank me for? Your suggestion is good. The scene after the reshoot feels much better than before. Mianmian, have you thought of acting in a movie?”

After spending some time together, Qin Han had some understanding of Qiao Mianmian.

He admired this newbie.

She was humble, polite, and hardworking.

It was obvious that she really liked acting.

It wasn’t just a job to her.

She had some talent in acting and was naturally suitable for this job.

Chapter 1449: Aren’t You Overthinking Her?

Such a girl with good looks, good acting skills, hard work, and resources would be popular sooner or later.

Qin Han admired her and liked her, so he didn’t mind giving her a hand at the right time.

He was also a newbie back then, and it was only because he met a senior who admired him and helped him a lot that he managed to get to where he was today.

Although he would have achieved his current results sooner or later without the help of that senior, it definitely wouldn’t be so fast.

“Movie?” Qiao Mianmian looked at him in shock.

“Mm, a movie. A friend of mine is a director. He’s preparing to film a movie in the second half of the year and is currently selecting actors. If you’re interested, I can recommend you for an audition. Of course, if you’re not interested, then forget it.”

Qin Han was in the film industry now.

It was easy for ordinary movie stars to act in television dramas.

But most people who made it into the film industry and achieved good results wouldn’t want to film television dramas.

But it wasn't so easy for actors to make it into the movie industry.

Many people could shoot television dramas, but they weren't suitable for the big screen.

Many A-list celebrities in the industry wanted to develop in the film industry, but few succeeded.

With Qin Han's current status, the directors he knew were definitely big shots in the film industry.

With his introduction, the chances of success would be very high.

Such an opportunity was enviable.

Qin Han had never helped a newbie like this before.

Hence, when Qiao Mianmian realized that Qin Han was giving her a chance to develop in the movie industry, she was shocked.

Then, she immediately said, "Brother Han, of course I'm willing. But do you think I'm suitable to act in a movie? Acting in a movie is different from acting in a television drama, right?"

"Yes, there are some differences." Qin Han thought for a while and said, "A good act in a television drama might not be suitable for a movie. Some people are born with a movie face, while others don't look suitable for the big screen. So, we have to go for the audition first to see if you're suitable.

"I'm just giving you a chance to audition. The final outcome will depend on your performance.

"If you want to go, I'll let my friend know in advance and get him to reserve a spot for you. When you're free, you can go for the audition. Anyway, the movie will start filming in the second half of the year, it won't affect your television series."

"Alright, I'll go." Qiao Mianmian nodded without much hesitation. "Thank you for giving me this opportunity, Brother Han. I'll definitely perform well. I won't let you down."

Qiao Mianmian knew very well what Qin Han's help meant.

Although he said it casually, how could Qiao Mianmian really think so?

Obviously, Qin Han was helping her.

No matter the outcome of the audition, this was a huge favor.

"It's nothing. I'll call him now and ask him for the audition's date." With that, Qin Han walked to the side with his cell phone.

His assistant saw that he was so concerned about Qiao Mianmian and couldn't help but ask, "Brother Han, are you really going to introduce Qiao Mianmian to Director Zhang? She's just a newbie. Brother Han, aren't you thinking too highly of her?"

Chapter 1450: I'm Not That Confused

He had never seen Brother Han praise anyone like this before.

The assistant couldn't help but worry when he thought of Qiao Mianmian's beautiful face.

Could it be that Brother Han helped her because of her looks?

After all, he had never helped a female artiste like this before.

But Qiao Mianmian already had a boyfriend.

And he was a rich and handsome man.

He had seen the photos on Weibo.

Even though he was Brother Han's number one fan, he had to admit that Qiao Mianmian's tall and rich boyfriend was indeed very handsome. Not inferior to Qin Han at all.

He was definitely one of the best among the rich second-generation heirs.

No, his looks were considered top-notch in the entertainment industry.

He had a face suitable for the entertainment industry and was rich and powerful. To be honest, if his Brother Han really wanted to do that, it was impossible.

"If there's a chance, I'll naturally help her. Even if I'm praising her, she has to have the capability. I'm only giving her an audition opportunity. Whether Director Zhang will use her is not up to me.

"Moreover, with her relationship with Director Bai, she doesn't have to worry about not getting good resources. Her future is destined to be prosperous. I'm just adding flowers to the brocade."

"I think with Director Bai's help, you don't have to help her like this, Brother Han. You've never helped anyone like this before. Brother Han is too good to her." The assistant tried to sound him out, hesitated for a while, and asked cautiously, "Brother Han, are you so good to her because of Director Bai?"

Qin Han didn't know what his assistant was thinking. He thought for a while before saying, "There's indeed such a reason, but this isn't the main reason."

"What's the main reason?"

"I see a shadow of myself in her. She's a very talented and hardworking actress. She's willing to study seriously. Now there's a chance to give such a newbie a push. I'll do so. It's nothing to me, but it might be a very important opportunity for her."

The assistant was stunned.

He had been with Qin Han for many years, so he knew that he was able to develop his career successfully because of a senior's help.

That benefactor also gave him an opportunity to audition. Qin Han got the second male lead role through that audition and finally won the Golden Globe Award for Best Supporting Male Lead.

After winning the award, Qin Han's net worth rose as well. People line up to get him to act in their movies.

Picking out one or two good scripts from the pile, the movies he produced were good and solid.

After that, his career went through the roof and he won several Best Actor awards.

Hence, Qin Han was always grateful to the person who helped him.

The assistant recalled these things and relaxed a little when he saw Qin Han's honest and unconcealed gaze.

As long as Qin Han didn't have feelings for Qiao Mianmian, he wasn't worried anymore.

"Brother Han is right, I was too short-sighted."
