Chapter 1501: How Much Sales Can a Newbie Bring?

As an A-list actress, Qiao Anxin's endorsement sales couldn't even compare to a newbie.

"She definitely did." Song Fang was also stunned. "If she didn't, she wouldn't have such results."

"Then, what should we do now?" Qiao Anxin's face was pale. "I can't lose to this slut. Xue Shiya still has many first-tier products. If my sales this time are good, I'll have a chance to get those first-tier endorsements."

"But if I lose to this slut, they definitely won't give me a better endorsement."

Song Fang didn't look too good.

Qiao Anxin was an artiste under her management, and the quality of resources in the future had something to do with her.

She naturally hoped that Qiao Anxin would get better.

"Since she's doing it, we'll do it too." Song Fang gritted her teeth. "You're right, you can't lose to her. I'll arrange it now."

...

When Qiao Mianmian's sales reached 10,000, Qiao Anxin's sales were only at 5,000.

Some netizens were still discussing this on Weibo, wondering if Qiao Mianmian was spamming.

But soon, a so-called expert took out the data and analyzed it. In the end, they concluded that Qiao Mianmian's sales were all real.

The netizens felt that Qiao Anxin had lost to Qiao Mianmian.

A first-tier actress who had debuted for a few years couldn't compare to a newbie.

Without Star Splendor, no one would support her anymore. Her true strength would be revealed.

Not long after that, some sharp-eyed netizens realized that Qiao Anxin's sales suddenly rose very quickly. In less than half an hour, she had caught up to Qiao Mianmian.

After a while, Qiao Anxin's sales surpassed Qiao Mianmian's.

"I realized that Qiao Anxin's sales have increased a lot in a short period of time. She was always behind Qiao Mianmian, but now she has surpassed her. Is she paying the bill?"

"What do you mean by paying the bill? Many of Qiao Anxin's fans only found out about this now. Her fans are many times more than Qiao Mianmian's fans. In terms of fans' purchasing power, Qiao Anxin's far better than her. I still think she's the one paying the bill. Is it normal for a newbie's sales to be higher than a top-tier actress?"

"I'm Sister Anxin's fan. I just found out that Sister Anxin's endorsement mask is online. I just bought ten boxes to support her."

"I only found out about this too. I also bought ten boxes to support her."

All of a sudden, Qiao Anxin's fans came forward to support her.

This meant that Qiao Anxin didn't pay the bill.

The questions from the passersby were quickly drowned out by the fans' comments.

Qiao Anxin's facial mask sales were still increasing.

At first, Qiao Mianmian's sales were double Qiao Anxin's. An hour later, Qiao Anxin's sales were double Qiao Mianmian's.

Mo Yesi had asked Wei Zheng to keep an eye on this matter, so when Wei Zheng saw that Qiao Anxin's sales were increasing rapidly, he immediately reported this abnormality to Mo Yesi.

...

Xue Shiya's Sales Department.

The computer screen recorded Qiao Anxin's and Qiao Mianmian's sales.

Seeing that Qiao Anxin quickly surpassed Qiao Mianmian's sales figure by half, the woman who signed Qiao Anxin was elated. She said to Zhang Yue, "I didn't approve of you signing a newbie back then. You can use so many artistes, how much sales can a newbie bring?"

Chapter 1502: Don't Be Too Tough

"Didn't you tell me that she's rather popular now and isn't inferior to those first- and second-tier celebrities? But look at her now. A newbie is a newbie, she can't compare to first- and second-tier celebrities.

"Moreover, Qiao Anxin's sales are still increasing, and she's already much more popular than Qiao Mianmian. Soon, the gap between them will grow bigger and bigger. In the future, don't look for new actors who rely on the trending searches to gain popularity. It's better to spend more money to find a first- or second-tier actress."

Zhang Yue looked at the sales figures on the computer screen and pursed his lips.

He looked for Qiao Mianmian because someone had asked him.

Back then, he felt that signing Qiao Mianmian would definitely be a loss.

But when he saw Qiao Mianmian in person, he changed his mind.

Zhang Yue was very satisfied with Qiao Mianmian's current sales. As a newbie, such sales were already very good.

Even though Qiao Anxin surpassed her by a lot, Zhang Yue felt that it was normal.

He didn't regret signing Qiao Mianmian.

Qiao Anxin had more fans than Qiao Mianmian, so it was normal for her to have more sales.

"I think Qiao Mianmian's results are pretty good." Zhang Yue kept quiet for a while before looking at the woman. "She doesn't have to compare herself to Qiao Anxin. They're not on the same level, anyway. Moreover, Qiao Anxin's contract fee is higher than hers, so it's only right that her sales are better.

"Don't be too harsh on a newbie."

The woman pursed her lips and snorted. "In any case, there's no need to sign such a newbie in the future. Thankfully, I signed Qiao Anxin. Otherwise, the sales volume of a season wouldn't be enough."

Zhang Yue frowned and kept quiet.

He narrowed his eyes and looked at the computer screen. Qiao Anxin's column's sales kept increasing. In a short period of time, it had already exceeded Qiao Mianmian by three times.

...

At the Mo Corporation.

"Chairman Mo, can we pay the bill for Young Madam now? Qiao Anxin is too good at paying the bill, and Young Madam's sales have been suppressed by her. I just saw on Weibo people saying that Young Madam was tragically crushed by Qiao Anxin and that the gap between the sisters is huge."

Wei Zheng was furious.

Who was Qiao Anxin to crush his Young Madam?

If she couldn't win with her strength, she'd go with money. How could she have the face to say that she could crush her?

Young Madam was the one who crushed her.

Mo Yesi looked up from a document. "Immediately inform the finance department to send a sum of money to all the employees of the Mo Corporation. Then, inform all the employees to buy the facial mask that Young Madam endorsed. Your Young Madam's sales must exceed Qiao Anxin's, understand?"

Wei Zheng was excited.

He immediately nodded and said, "Alright, Chairman Mo. I'll do it right away. I promise to do it beautifully."

Wei Zheng was Mo Yesi's right-hand man, so he was very efficient.

In less than 10 minutes, two notifications were sent.

When he sent the second notification, he even attached the purchase link of the facial mask that Qiao Mianmian endorsed.

...

Qiao Anxin was still gloating over the sales.

She was delighted to see the comments belittling Qiao Mianmian.

But her smugness only lasted for a few minutes before Song Fang walked towards her with a dark expression.

Chapter 1503: I Got Wei Zheng to Do It for You

Qiao Anxin looked up. "Sister Song, what's wrong?"

"Qiao Mianmian is starting to pay the bill." Song Fang handed her the cell phone. "Her sales are increasing very quickly now. It's not something we can compare to. At this rate, I'm afraid she'll surpass you in less than 10 minutes."

"What?"

Qiao Anxin's expression changed. She took the cell phone and saw that Qiao Mianmian's sales were increasing at an alarming rate.

Song Fang said that Qiao Mianmian would surpass her in 10 minutes.

But Qiao Anxin felt that at this speed, she could surpass her in less than five minutes.

She'd spent a lot of money on this.

Half of the endorsement fee was spent.

She only wanted to win against Qiao Mianmian and felt that it didn't matter even if she lost some money.

She thought that she would win this battle.

Unexpectedly, Qiao Mianmian started spending money.

Qiao Anxin's expression darkened.

How could she compare to Qiao Mianmian now?

Even if she invested all her money, she couldn't win.

While she was still in a daze, Qiao Mianmian's sales rose again.

She was already on par with her.

Qiao Anxin was also doing the same, but the sales volume wasn't as fast as Qiao Mianmian's.

After another minute, Qiao Mianmian overtook her.

Song Fang was stunned. "She's... too fast. Anxin, what should we do now? Do we continue?"

Qiao Anxin's face was pale.

At this moment, she knew very well that all the money she'd invested previously was gone.

Once Qiao Mianmian started paying too, she wouldn't be able to win.

...

On the other side.

Qiao Mianmian knew that her sales volume had once again surpassed Qiao Anxin's. It was already a few hours later when someone helped her with the purchase order.

Nana told her after she finished filming.

She called Linda again. Linda told her that the company had such plans, but when they were about to start the plan, they realized that someone was already doing it.

Qiao Mianmian asked Mo Yesi again.

"Mm, I got Wei Zheng to do it for you."

Qiao Mianmian looked at her current sales volume and felt that he could have done more than a little.

Her sales were more than four times that of Qiao Anxin.

She didn't know if Qiao Anxin felt that she couldn't beat her, but the sales increased a lot slower.

Qiao Mianmian never thought of doing it.

But she had no objections if Mo Yesi wanted to support her in this way.

After all, she was very clear about her husband's financial capability.

"What's wrong? Are you unhappy?" When she didn't say anything, Mo Yesi thought that she was angry, so he explained, "I know you don't like me interfering in your matters. But I don't want my wife to lose to someone this fake."

"Since you and Qiao Anxin signed the endorsement of the same company, this sales volume should be very important to you. Actually, most of it is your results. If Qiao Anxin didn't cheat, under normal circumstances, your sales volume would be higher than hers."

Qiao Mianmian wasn't unhappy about it.

She knew that Qiao Anxin had paid the bill.

She didn't want to bother about this at first, but Mo Yesi actually found out and even helped her.

Qiao Anxin seemed to have calmed down.

She probably knew that she wouldn't be able to get the bill, and didn't want to invest anymore.

Mo Yesi was right. This was her first endorsement, it was very important to her.

Chapter 1504: Mo Yesi's Narration Was Only For Her

If the facial masks she endorsed sold well, it would help her take on more endorsements.

She wasn't as unreasonable as before, wanting to rely on herself and being unwilling to accept help from others.

Mo Yesi was her husband, the person closest to her.

She could accept her husband's help.

Ever since she figured this out, Qiao Mianmian didn't have any psychological barriers.

The original resources were also a resource.

Otherwise, if she was born into a rich and powerful family, would she have to break away from them just to prove that she could make it without relying on her parents?

Only a fool would do such a thing.

"Hubby, thank you," Qiao Mianmian said softly.

Mo Yesi was silent.

His silence was a little long, so long that Qiao Mianmian thought he was doing something else. She couldn't help but call out softly, "Mo Yesi, are you still there?"

"Mm."

Qiao Mianmian asked, "Why didn't you say anything just now?"

"I'm thinking about something."

"What is it?"

"Should I look for you?"

"..."

"Baby, I can't control myself when you call me Hubby."

"..." Qiao Mianmian blushed even though she knew that he couldn't see her.

Her ears were a little red.

Mo Yesi was really...

"Sigh, forget it. I'll bear with it." After a few seconds, the man sighed helplessly.

"Chairman Mo, Chairman Lin from Sheng Fei is here."

Qiao Mianmian heard Wei Zheng's voice and said, "Go on with your work, I'll call you tonight."

"Mm, then I'll get back to work. Remember to eat on time, don't mind the trouble."

"Alright, I got it."

They talked on the phone three times a day.

And the video chat.

Mo Yesi became very naggy in front of her, telling her to eat well every day.

Although Qiao Mianmian felt that he nagged a little, she still felt sweet inside.

Because Mo Yesi only nagged at her.

He worried about her, valued her, and cared about her. That was why he reminded her of such trivial matters every day.

...

At Xue Shiya.

Throughout the day, Qiao Mianmian's sales exceeded Qiao Anxin's by five times.

The woman complaining about signing Qiao Mianmian was speechless.

The first endorsement that Qiao Mianmian signed had a sales volume of over 50,000 yuan.

This was a number that many A-list celebrities might not achieve.

As a newbie, her first advertisement was already so good, attracting the attention of many brands in the industry.

The next day, Linda called her happily and told her that many advertisers were looking for her to endorse their products.

Qiao Mianmian asked her and found that the brands consisted of snacks, shampoo, shower gel, and fast food.

Linda analyzed. "These brands aren't bad. If it was in the past, I would suggest you take them. But now, I think we can take on more high-end ones. So, I rejected them all.

"Your first commercial is a second-tier skincare product. Even if you're not even a third-tier artiste now, you can't lower your standards to shoot a third-tier product. People strive for greater things. Don't accept anything lower than a second-tier product in the future."

Chapter 1505: Valuing This Chance

"When your television series is out and you have one work under your belt and true popularity, we'll head straight for the A-list products.

"Anyway, I've already planned your future route for you. Just listen to me."

Qiao Mianmian trusted Linda.

Linda was a top manager with so many artistes under her.

Since she said that everything was arranged, Qiao Mianmian had nothing to worry about.

And Linda was right.

Her first commercial was a second-tier product endorsement, and she had a high starting point. There was no need to pick up third-tier products.

Qiao Mianmian felt the pinch after rejecting so many advertisements.

Although she knew that Linda's decision was definitely right and that it was for her own good, she heard from Linda that the endorsement fees for the third-tier products were very high. Even higher than the endorsement fee for her contract.

As a newbie who wasn't really popular yet, Qiao Mianmian still cared about the endorsement fees.

Qiao Anxin and Qiao Mianmian were both in the same commercial, and they were endorsing the same product.

One was an A-list celebrity.

The other a newbie.

But not only was Qiao Anxin's sales not as good as Qiao Mianmian's, but her sales for the next few days were also far less than Qiao Mianmian's.

Qiao Anxin's first advertisement after being banned was less popular than a newbie's.

This made her anxious and angry.

Her contract fee was higher than Qiao Mianmian's.

But if the sales weren't as good as Qiao Mianmian's, in the future, if anyone wanted to shoot an advertisement, they wouldn't look for her. They would directly look for Qiao Mianmian, who was much cheaper than her.

Qiao Anxin was afraid that this would really happen and that her future career would be affected.

Hence, she worked extra hard to serve Boss Huang for a few days and got him to help her get the audition for a blockbuster film in the second half of the year.

It was a movie with huge investments and many big shots.

The director was the best in the field.

The producer was also very famous in the industry.

The script was written by a few top-notch scriptwriters. As long as it was written by them, the box office earnings were at least one billion yuan.

Although Qiao Anxin was an A-lister, she had always been filming dramas.

It wasn't that she didn't want to enter the film industry, but that she wasn't capable enough.

Su Ze had helped her get some roles in a few movies, but Qiao Anxin didn't like those that she could get with her connections.

The slots for the movie this time were rather tight.

It wasn't easy for Boss Huang to get one for her.

Qiao Anxin valued this opportunity and even found a director from the Film Academy to tutor her.

If she was chosen for this audition, even if it was just a supporting role, it would be very helpful to her current career.

Hence, Qiao Anxin made up her mind to work hard on her acting.

She was more serious than ever.

She used to rely on Su Ze, so she didn't feel threatened.

Although she relied on Boss Huang and was very obedient to him now, Boss Huang had many women around him. He wasn't a sentimental person.

Moreover, Qiao Anxin didn't want to serve an old man like him.

The only way she could get out of this situation was to increase her popularity as soon as possible.

Chapter 1506: Don't You Know?

Qiao Anxin and Qiao Mianmian had been trending on Weibo for the past few days.

They were sisters who had entered the entertainment industry. They even fought over the same man on Weibo.

One was on the A-list now, and the other was a newbie. But as a newbie, her products were much more popular than her sister's.

Coupled with their argument, it caused the netizens to make all sorts of connections.

It was said that the newbie was far more popular than her sister.

By the time Bai Yusheng's drama was broadcasted, Qiao Anxin would be one-shot.

"I think it's only a matter of time before Qiao Mianmian becomes popular. She has the looks, acting skills, and a good personality. She shouldn't have to worry about resources now. It's hard to not become popular."

"Didn't we expose that Qiao Anxin suppressed her before? If it wasn't for her, she might have become popular already. At least a third-tier actress. Qiao Anxin suppressed her back then because she was afraid that Qiao Mianmian would steal her jobs."

"Objectively speaking, Qiao Mianmian's qualifications are indeed much better than Qiao Anxin's. Qiao Anxin is just a pretty girl from a humble family. She looks a little petty, and without makeup, her looks would probably be lower. Qiao Mianmian's facial features are very exquisite, and her looks are way better than Qiao Anxin's. If I gave Qiao Mianmian Qiao Anxin's resources back then, Qiao Mianmian would definitely be doing very well now. Qiao Anxin was only relying on Star Splendor. Now that she doesn't have Star Splendor, she can't get any good resources."

"Haha. B*tch Qiao, you've hired a lot of fake reviewers recently. Aren't you embarrassed that you're praising yourself so much? It's bad enough that you're praising yourself, but you're always stepping on our Anxin. B*tch Qiao, please don't take advantage of our Anxin's popularity. Have some shame."

“B*tch Qiao, be a person. You’ve already taken advantage of Anxin’s popularity for a few days. Anxin respects you as her sister and doesn’t bicker with you, but that doesn’t mean that us fans won’t bicker with you. If you’re really so capable, then don’t pester Anxin anymore, alright? Anxin is still a first-tier artiste, much better than you. You still have the face to brag about the sales volume. Everyone knows that you paid the bill. If you can, don’t do it. Don’t you wanna know if people really buy the products you endorse?”

Qiao Anxin’s fans were arguing with the netizens again.

The fans were speaking up for Qiao Anxin, but they didn’t know that their actions would only attract more and more passersby.

Many passersby expressed that they originally had no feelings for Qiao Anxin, but now it was all gone.

On the contrary, Qiao Mianmian’s fans were very well-mannered in this argument. They reasoned with the other party and gained the favor of many passersby.

It was difficult for other artistes, even A-list celebrities, to be on the hot searches every day.

Most of the time, the hot searches were done by teams.

But Qiao Mianmian had a “hot search” constitution. The more she didn’t want to appear on the hot searches, the easier it was to be on them.

Linda felt that she had saved a lot of money for the company.

As the facial mask that Qiao Mianmian endorsed was doing very well, Xue Shiya immediately signed a shampoo commercial with her.

Qiao Mianmian’s hair quality was especially good. Her hair was soft and bright, and it felt smooth and soft.

Knowing that Qiao Mianmian was going to shoot an advertisement, Bai Yusheng specially brought the scene she was going to shoot to the front and gave her three days’ leave.

Chapter 1507: Should We Wake Her Up Now?

Qiao Mianmian was the only artiste who had worked so closely with Bai Yusheng before.

The crew was discussing privately that Bai Yusheng pampered his cousin to the extreme.

She was like his own sister.

When Qiao Mianmian heard these discussions, she felt that it was different to have a director as a brother. Moreover, this brother was her current director.

She originally thought that Bai Yusheng was a very fair and impartial person.

Now she knew that even the most impartial person would still be biased towards someone.

...

Qiao Mianmian took the opportunity to shoot her new advertisement.

The commercial was shot at a resort.

Qiao Mianmian went with Xue Shiya's crew.

Three hours later, they arrived at Hai Cheng.

Someone came to pick them up.

Qiao Mianmian and Nana took one car, while the rest of the crew took another.

The resort was in the suburbs and was a little far from the airport. They drove for more than two hours before reaching the resort.

When they finally reached their destination, the sky was almost dark.

The first day was to familiarize herself with the environment, and the second day started filming.

Qiao Mianmian was so tired from the three-hour flight and two-hour drive that she didn't even eat dinner. After greeting the crew, she went straight to the room arranged for her to sleep.

...

"Young Master, Miss Qiao is already at the villa. I heard that she went to sleep without eating. Should we wake her up now?"

A black Bugatti drove into the villa.

After getting out of the car, the villa butler who came to welcome Gong Zeli reported Qiao Mianmian's whereabouts.

In the night.

The man's figure was slender, and his handsome features were tinted with a cold luster by the night sky, making him appear even more cold and threatening.

His eyes were cold too. Only when he heard the words "Miss Qiao" did he show some warmth.

The man strode quickly towards the white building.

"Since she's already asleep, there's no need to wake her up. Let her have a good sleep. Get the kitchen to work 24-hour shifts. If she's hungry, make her anything she wants."

The butler looked up at him.

This resort was one of the Gong family's many properties.

Gong Zeli didn't come here often.

But the butler remembered that he had brought Young Lady Shen here before. At that time, he was very protective of her.

And all these years, besides Young Lady Shen, Gong Zeli had never brought another woman here.

This was the first time Gong Zeli took a woman other than Shen Rou so seriously. The butler was naturally shocked.

The butler felt that this wasn't too surprising.

That girl surnamed Qiao was really too good-looking. If he was 20 years younger, even he might be tempted.

Of course, Young Lady Shen was also pretty.

But in comparison, the butler felt that Miss Qiao looked more pleasing to the eye.

Shen Rou looked... a little domineering.

Anyway, if it was him, he would rather like that girl with the surname Qiao.

He could see why Young Master Gong was attracted to her.

Chapter 1508: Like a Thief

"Yes, Young Master. I'll instruct the kitchen immediately. Do you want to eat now, or..."

"There's no need to prepare my dinner. Just keep an eye on Miss Qiao. I'll satisfy her every request."

"...Yes."

...

Qiao Mianmian didn't know that the location of her commercial was the property business under the Gong family.

She didn't know that Gong Zeli was the one who arranged for her to be here.

Qiao Mianmian was very tired and sleepy. She found the room Xue Shiya arranged for her, took a shower, changed her clothes, and fell asleep on the bed.

She slept very soundly.

She didn't even know that someone had entered her room.

Gong Zeli knew that his actions were despicable. He also knew that he shouldn't be doing this.

But he felt like he hadn't seen Qiao Mianmian for a long time.

He wanted to see her, but he couldn't find a reason to.

After thinking about it, he could only use the excuse of filming an advertisement for Qiao Mianmian to arrange for her to come here.

This was the Gong family's resort.

When the time came, he could say that he was here for a few days.

This reason wouldn't arouse her suspicion.

Gong Zeli hesitated for a long time before making this decision.

But he really wanted to see Qiao Mianmian, so even though he had reservations, he couldn't resist his inner desires and arranged for her to come over.

The girl was sleeping soundly.

Gong Zeli walked to the bed.

The curtains weren't fully drawn.

A layer of bright moonlight shone in from the window, and the moonlight seemed to cover the girl on the bed. The girl's beautiful face was quiet and beautiful, and she looked like a sleeping beauty in a fairy tale.

Moonlight, the girl on the bed, and the flowers quietly blooming in the garden.

Everything seemed so good.

Gong Zeli stood quietly by the bed for a while. On the bed, Qiao Mianmian suddenly turned around. Gong Zeli thought that she was awake, and a hint of panic flashed in his eyes. He was about to find a place to hide when he realized that Qiao Mianmian's eyes were still closed.

She didn't wake up and was still sleeping soundly.

Gong Zeli heaved a sigh of relief and despised himself for being a thief.

He had never done anything so degrading.

He sneaked into a woman's room and peeped at her while she was asleep.

And he was so nervous.

He was afraid that she would wake up.

Qiao Mianmian rolled over and slid off the thin blanket.

Gong Zeli hesitated for a while before bending down and placing the thin blanket over her again.

He covered her with the blanket and checked if she was awake.

After covering her, Gong Zeli stood by the bed looking at Qiao Mianmian for another 10 minutes before leaving the bedroom.

In her sleep.

Qiao Mianmian felt like a pair of eyes was staring at her. It was so intense that she couldn't ignore it.

She wanted to see who it was, but that person was hiding in the darkness.

No matter how she looked at him, she couldn't see what he looked like.

But Qiao Mianmian could feel it.

And he looked like Mo Yesi.

Because that gaze was possessive and paranoid. Although he looked like Mo Yesi, she was sure that it wasn't him.

...

Gong Zeli returned to his room and sent Yan Shaoqing a WeChat message.

Chapter 1509: If She Wasn't Married to Ah Si, I Would've Done It

Gong Zeli: [If Ah Si and I become enemies one day, which side will you stand on?]

Yan Shaoqing replied immediately: [Damn.]

The next moment, he called.

The ringtone sounded again and again as if urging Gong Zeli to pick up the call.

Gong Zeli hesitated for a few seconds before picking it up.

"Damn, Fourth Bro, are you crazy? Let me tell you, you can't have those crazy thoughts. Stop it right now, don't think about it anymore!"

Gong Zeli narrowed his eyes and walked to the wine cabinet to get a bottle of red wine.

He opened the bottle and asked slowly, "You know what I want to do?"

"Of course I know!" Yan Shaoqing was agitated. "Is there anyone who knows you better than me? I knew what you were going to do the moment you stood up."

Gong Zeli was speechless.

"Didn't I tell you before that no matter how tempted you are, you have to control yourself? Fourth Bro, she's Second Bro's wife, our sister-in-law. If she was still single, I'd support you in pursuing her, but she's already married.

"She married Second Bro!

"If you're so foolish, I won't stand on your side. You're looking down on our brotherhood. If you cared about us, you wouldn't do such a thing."

"No one will support you if you do this. Do you really want to break up with all of us?"

Yan Shaoqing said a lot.

Gong Zeli listened without saying a word. Then, he replied calmly, "Second Bro, why are you so agitated? Do you think I don't know what you're talking about? If I really wanted to take action, I wouldn't have called you."

Gong Zeli poured a glass of red wine and downed it.

He did want to be impulsive.

But he knew the price.

Hence, he could only think about it.

But he still felt indignant and wanted to talk to someone.

He and Yan Shaoqing had always talked about everything. At this point, he couldn't find anyone else besides him to share his thoughts.

"Then why did you call me?" Yan Shaoqing wasn't as agitated as before. "You even told me that you and Second Bro will become enemies in the future. I was shocked and thought that you were going to cheat on him."

"Mm, I did."

Gong Zeli didn't avoid it. "If she wasn't married to Ah Si, I would've done it."

Yan Shaoqing said, "Fourth Bro, you..."

"Don't lecture me. I know I shouldn't even think about it. But I can't control it. What can I do?" Gong Zeli poured another glass of wine and smiled. "It's unrealistic for you and that woman surnamed Song, but can you forget her?"

"Can you control yourself from thinking about her?"

Yan Shaoqing said, "...Who told you I can't forget her! That woman surnamed Song is an ingrate. Now that I've seen her clearly, I've never lacked women around me. Do I even care about her? Who is she to me?"

"If you didn't mention her, I wouldn't have thought of such a person."

Gong Zeli smiled. "Mm, do you think I lack women around me?"

"Of course you don't. I don't get it because you don't."

"What do you not understand?"

"Fourth Bro, didn't you get together with other women when you liked Shen Rou? Why are you living like a heartless monk now? You don't have even one woman by your side."

Chapter 1510: Are You Sure You're Not Teasing Me?

"You're not planning to continue like this, are you? Wake up, it's impossible between you and Qiao Mianmian. You can't wait any longer."

Gong Zeli kept quiet for a while.

A moment later, he called out, "Second Bro."

"Mm, I'm listening."

"You should know that I accidentally fell into the pool 10 years ago. It was Shen Rou who saved me. I was grateful to her for saving my life and swore to treat her well for the rest of my life. I also promised to marry her if she was willing."

"That? I know. Why are you suddenly talking about this?"

"Actually, I don't like Shen Rou." Gong Zeli closed his eyes. "I've never liked her. I've never been clear about whether my feelings for her were because I liked her or because I was grateful that she saved me.

"But now, I'm clear."

"What's the difference?"

"I've always been grateful to her, but I never liked her. I was good to her only because she saved me. I'd thought about it. Whether I really liked her or not, as long as she was willing to marry me, I'd make her the happiest bride in the world."

"Fourth Bro, what are you trying to say?"

"I can tolerate that there's no love between us. But I can't tolerate her lying to me. I was grateful to her for 10 years, but she lied to me for 10 years. I was foolish enough to realize that she lied to me 10 years ago. She wasn't the one who saved me that night.

"You don't want to know what happened between us. That's the answer."

"You're saying... the person who saved you that night wasn't Shen Rou?"

"Mm, right."

"Who was it, then?! Do you know who saved you? Wait, Fourth Bro, don't tell me..."

"The person who really saved me that night was Qiao Mianmian."

"Damn! This is too melodramatic. Are you kidding me?!"

Yan Shaoqing was shocked.

"So, you've fallen for someone else because of this? Just because you know that the person who saved you is Qiao Mianmian, you think you've fallen for her? Fourth Bro, you're doing this out of gratitude, right? This isn't true love."

"No." Gong Zeli rubbed his temple. "I've made myself clear this time."

Yan Shaoqing kept quiet for a few minutes.

"Fourth Bro, I think..." He spoke again and deliberated over his tone. "No matter how special she is to you, it's too late. Perhaps the two of you are destined not to be together, that's why you were deceived by Shen Rou for 10 years.

"If you're grateful to her and want to repay her, there are many things you can do. But it's really impossible between you and her. You know Second Bro's personality. He won't let go of what he has set his mind on. Don't let him know about this if you still want to be his brother.

"I'll bring a group of beauties in a few days. I guarantee you'll have fun. Your feelings for her will fade."

He hung up.

Gong Zeli thought about what Yan Shaoqing said and couldn't help but smirk.

If only it was as easy as that.

He had tried it before.

But the truth was that no matter how many beauties were around him, he would lose interest.

With that person in mind, all the other women were vulgar.

He didn't even want to look at them.

Yan Shaoqing hung up and sent him another message.
