

Big Shot 1511

Chapter 1511: You're the Owner of This Villa?

[Fourth Bro, don't do anything stupid! Otherwise, our brotherhood will be broken!]

Gong Zeli looked at his message and locked his cell phone.

He narrowed his eyes and looked at the dark night outside. He knew that it'd be another sleepless night.

...

Qiao Mianmian woke up the next day.

She washed up and went downstairs. When the servants saw her, they greeted her respectfully. "Good morning, Miss Qiao. I wonder if Miss Qiao likes Western or Chinese food, or anything else. I'll get the kitchen to prepare it immediately."

"Uh, don't bother. I can..." Qiao Mianmian felt that this housemaid's attitude was too good.

Their crew only rented a scenic spot in the villa for filming.

But the housemaid treated her as if she was the mistress of the villa.

"Miss Qiao, it's not troublesome at all." Before she could finish, the housemaid smiled and said, "Mr. Gong instructed us to treat Miss Qiao well."

"Mr. Gong?" Qiao Mianmian's expression changed slightly. "Who is Mr. Gong?"

"Mr. Gong is the owner of this villa."

Qiao Mianmian frowned slightly.

"Miss Qiao, I'll prepare breakfast for you. Please wait for a while. It'll be done soon." The housemaid didn't say anything else and left.

Qiao Mianmian was still standing there in confusion.

Mr. Gong...

She only knew one person surnamed Gong.

But could it be that person?

Gong Zeli didn't know she was here.

But if it wasn't him, who else could it be?

Qiao Mianmian stood in the living room and tried to guess who it was.

...

Qiao Mianmian thought that everyone's breakfast was the same as hers, but when she went to the dining room, she realized that she was alone.

She thought that the others weren't up yet, so she sat in the dining room and waited.

After a few minutes, she heard footsteps.

She looked up and widened her eyes in shock when she saw who it was.

"Gong Zeli?"

Seeing the man approaching her, Qiao Mianmian was stunned for a few seconds. "Why are you here?"

She recalled the maid mentioning a Mr. Gong.

She widened her eyes when she saw the man walking towards her. "You're the owner of this villa?"

"Are you surprised to see me?" Gong Zeli smiled and sat down opposite her. He crossed his legs and looked at her. "The Gong family has properties in many places. This villa is one of them.

"The weather here is good, suitable for summer. I came over last night, planning to stay here for a few days to avoid the heat. I didn't expect you to come here too."

Gong Zeli said what he'd already thought of.

He lied calmly.

Qiao Mianmian believed him.

"So this is really your villa. What a coincidence."

"Yes, what a coincidence." Gong Zeli looked at her. "You're here to shoot an advertisement? Is there anything I can help you with?"

"Mm, the crew said they rented a scenic spot for the shoot. They're just here for the shoot. There shouldn't be anything else."

Gong Zeli nodded. "If you need any help, let me know."

The housemaid served breakfast.

Chapter 1512: Others Will Think I'm Getting Special Privilege

There were Chinese and Western dishes.

Qiao Mianmian noticed that there were only two servings.

She looked towards the entrance of the dining room and couldn't help but ask, "Mr. Gong, are you and I the only ones eating breakfast here?"

Gong Zeli nodded. "Mm."

"Aren't the people with me eating here?"

"Mm." Gong Zeli nodded again and pushed a glass of milk towards her. "They're in another place."

Qiao Mianmian looked at the sumptuous breakfast and pushed the milk away.

Gong Zeli frowned.

Qiao Mianmian stood up. "I came with them, so I'll eat with them. Mr. Gong, thank you for your hospitality. Can you find someone to bring me there? I can't find them on my own."

"Why look for them?" Gong Zeli frowned again. "Breakfast is ready, you can eat here. Don't you like the food on the table?"

"No." Qiao Mianmian pursed her lips and looked at him. "I don't think this is good. Others will think that I'm getting special privilege."

In fact, the real reason was that Qiao Mianmian wasn't used to eating breakfast with Gong Zeli.

For some reason, she felt uncomfortable being alone with him.

She felt even more uncomfortable when he was nice to her.

She would rather he be as cold as before.

But Gong Zeli seemed like a different person now.

Qiao Mianmian felt like... he was treating her too well.

He had changed so much, it made Qiao Mianmian nervous.

"Mr. Gong, I'd better go with them." Qiao Mianmian expressed her wish tactfully and firmly. "If you can't get someone to bring me there, can you tell me where they are? I'll look for them myself."

Gong Zeli frowned at her. "Qiao Mianmian, am I scary? Are you afraid of me?"

Qiao Mianmian was stunned.

Gong Zeli took a deep breath and said, "I realized that you don't like to be with me. Why? Do you think I have a bad temper and you don't like me, or is it because I was too mean to you in the past? Do you have something against me and don't want to be with me?"

"If it's the former, what do you think about my bad temper? You can bring it up.

"If it's the latter, I'll apologize to you. I did have many misunderstandings towards you in the past and did many bad things, but I won't do it in the future. I just want to be friends with you now, okay?"

The last sentence was asked carefully.

He was so careful that Qiao Mianmian felt like the man in front of her wasn't Gong Zeli anymore.

Gong Zeli waited for her reply.

Qiao Mianmian could tell that he really wanted to know the answer, so she didn't brush him off. After thinking seriously for a while, she looked at him and slowly said, "Mr. Gong, I believe there was a

misunderstanding between us in the past. I don't mind this anymore. It's just that I can't accept being friends with you all of a sudden."

Gong Zeli's expression changed slightly. "Are you unable to accept it now or in the future?"

Qiao Mianmian thought for a while. "Now. I can't accept it for the time being. I'm sorry if I made you unhappy..."

Chapter 1513: This Moment Was Like a Picture

"I should be the one apologizing." Gong Zeli smiled bitterly. "If I hadn't been biased against you, things wouldn't have become like this. Since you're not used to being with me, I'll get someone to bring you to them."

With that, he got a housemaid to bring Qiao Mianmian to Xue Shiya's employees.

"Mr. Gong, I'll get going then. Enjoy your breakfast."

Qiao Mianmian saw the disappointment in Gong Zeli's eyes.

But she really didn't want to be alone with him.

It wasn't just because he treated her badly in the past. There were other reasons too.

Qiao Mianmian felt that something was wrong, but she couldn't pinpoint what.

Anyway, Gong Zeli was acting weird now. She couldn't just avoid him.

Soon, the housemaid left with Qiao Mianmian.

There was a lot of food on the table, but Gong Zeli lost his appetite after Qiao Mianmian left.

He was once again filled with regret.

If he hadn't been so biased towards her... if he hadn't treated her that way... if he'd been like Yan Shaoqing.

Would she treat him differently?

Unfortunately, there was no medicine for regret in this world.

Even if he regretted it now, it wouldn't make up for the terrible things he'd done.

After Qiao Mianmian left, Gong Zeli lost his appetite.

He threw his fork and knife aside and made a call.

The call went through very quickly. The person who picked up the call greeted him respectfully, "Young Master Gong."

Gong Zeli narrowed his eyes and asked, "How did you arrange your itinerary today? How long will this commercial take?"

The person on the other end immediately replied, "We'll be filming at the manor for the entire day. If nothing goes wrong, we'll be done in two days."

Gong Zeli hung up.

He turned around and looked at the weather outside. He then called a housemaid over.

“Young Master.”

Gong Zeli thought for a while and said, “It’s hot today. Get someone to send something to the production crew at the manor for the summer heat. Tell them to treat them well and satisfy their needs.”

“Yes, Young Master. I’ll arrange it right away.”

The housemaid left after receiving the task.

Gong Zeli turned to look out the window again.

This was probably the only thing he could do for her.

...

On the other side.

Qiao Mianmian followed the crew to the filming location. It was a backyard in the manor.

It was huge and beautiful, with a few fountain pools.

She changed into the white dress prepared by the crew, and her hair spread out naturally. She followed the director’s instructions and walked into a bush.

She didn’t know that someone was watching her from the window of a small white building beside the garden.

Under the sunlight and the gentle breeze, the fairy-like beautiful girl stood in the midst of the colorful flowers. She was like an angel descending from the sky in her white dress. The sunlight fell around her like a layer of holy light.

She turned around and smiled. Her eyes seemed to be filled with stars.

This scene was as beautiful as a painting.

Gong Zeli stood by the window, mesmerized.

...

The shoot in the morning went smoothly.

During the break, Mo Yesi called.

Qiao Mianmian picked it up.

The man’s low and gentle voice entered her ears. “Is the shoot going smoothly?”

Chapter 1514: When Did He Change?

"Mm, it went well." Qiao Mianmian sat in a rest area in the garden. She took a sip of the iced fruit tea and wiped the sweat off her forehead. "If we can finish filming tomorrow, I have a day off. I can return to Yuncheng City tomorrow."

"I'll look for you at your office."

Qiao Mianmian then asked, "Are you in the office these few days? Will my presence affect your work?"

"With you around, of course, it'll affect my work." Mo Yesi chuckled. "With you by my side, I don't have the mood to do anything else. There's only one thing I want to do."

Qiao Mianmian was speechless.

She seriously suspected he was drinking, but she had no evidence.

"Mo Yesi, can you be more serious?"

The man chuckled again. "Alright, let's get serious. Baby, you can come anytime you want. Let me know before you come, I'll get someone to pick you up. Coincidentally, Second Uncle is bringing Chen Chen over for dinner tomorrow. You haven't seen him in a while."

When he mentioned Qiao Chen, Qiao Mianmian recalled the situation when she saw him the previous time. She frowned slightly. "Mo Yesi, have you seen Chen Chen recently?"

Qiao Mianmian felt a little uneasy at the thought of Qiao Chen.

Even though she knew Mo Yesi would definitely help Qiao Chen and not let anything happen to her brother, the Second Madam of the Mo family wasn't easy to deal with.

Mo Yesi couldn't possibly watch Qiao Chen all the time.

Most importantly, Qiao Mianmian felt that Qiao Chen had changed.

Although it wasn't obvious, she could feel it.

Qiao Mianmian felt uneasy.

But Qiao Chen was already an adult.

Although they were siblings and lived their own lives, she couldn't possibly keep an eye on him.

"Mm, I saw him once. Chen Chen doesn't know much about business, so he came to the company to look for me once. Why?"

Qiao Mianmian pursed her lips and kept quiet for a while before asking, "Then, did you notice anything unusual about Chen Chen? Do you feel that he's different from before?"

Mo Yesi thought for a while. "Now that you mention it, he seems a little different."

Qiao Mianmian frowned harder. "How do you think he's changed?"

Mo Yesi kept quiet for a while. "Maybe he's a little more mature. Why are you suddenly asking this?"

Qiao Mianmian held her cell phone tightly. "I can't put my finger on it. I just feel that Chen Chen is a little different. He has something on him that makes me feel bad. I don't know if I'm overthinking it. Recently, I've been wondering if letting Chen Chen return to the Mo family was the right choice.

"Is Chen Chen happy now?

"I've never hoped for us siblings to live a rich life. To me, it's more important to live a peaceful and happy life. Do you know, being able to play in a professional gaming team has always been Chen Chen's dream? But now, he tells me that he gave up his dream.

"I know, he definitely doesn't want to give it up."

Mo Yesi kept quiet for a while.

"Baby, Chen Chen is an adult. He has his own thinking ability and knows what he wants. I think his return to the Mo family is destined."

Chapter 1515: His Voice Was Wrong

"He's a smart child. He won't mess up his life. So, you don't have to worry about him. No matter what his choice is, we'll support him.

"As for the rest, we can't interfere.

"People can't always live in the way they like. Very few people can do this. Chen Chen's choice now might be a mistake to him. I chatted with him the last time we met, and I think he might be suitable for his current life."

Qiao Mianmian kept quiet for a while.

"So don't think too much. Chen Chen isn't a child anymore. There's no point in worrying about a lot of things. I know what you're worried about. Didn't I tell you that I'll protect him?

"You don't believe me?"

"No." Qiao Mianmian sighed. "How could I not believe you? You're right. Chen Chen has indeed grown up. He knows how to choose his own life. Sigh, I'll talk to him when I get back."

"Mm, don't think too much."

They chatted for a while before Qiao Mianmian hung up.

At this moment, she suddenly heard the employee behind her call out, "Mr. Gong."

Then, footsteps could be heard.

Qiao Mianmian turned around and saw a few people crowding around Gong Zeli.

Gong Zeli glanced at her before retracting his gaze and chatting with the crew members.

Qiao Mianmian looked away and was about to hang up.

Mo Yesi suddenly said, "Wait. Mianmian, where are you now?"

Qiao Mianmian was stunned for a moment before replying, "Didn't I tell you that I'm filming an advertisement in Haicheng?"

"Where are you in Haicheng? I think I heard Fourth Bro's voice just now. You're with Fourth Bro?"

Qiao Mianmian was stunned again.

She quickly replied, "Mm, I'm in a villa. I just found out that this villa is owned by the Gong family."

"So, Fourth Bro is there too? Why is he there?"

Qiao Mianmian didn't know if she was hallucinating, but she felt that Mo Yesi's words were laced with unhappiness.

But she didn't think too much about it.

"He said that the weather here is good, and he's here to avoid the summer heat. Why, is there a problem?"

"Avoid the heat?" Mo Yesi suddenly sneered. "No problem, I'm just asking casually. I'll call him later. Since you're in his villa, he has to take good care of you. Don't be polite to him, just let him know if you need anything."

"Mm, I know."

Mo Yesi said a few more words to her.

They were just words of concern, such as asking her to eat, sleep, and be careful.

He then hung up.

Qiao Mianmian felt like Mo Yesi was angry.

In the few minutes before hanging up, his tone was off.

Although it wasn't too obvious, Qiao Mianmian felt it.

Was Mo Yesi angry because of Gong Zeli?

After all, he was fine before. His tone only changed when he found out that Gong Zeli was with her.

Qiao Mianmian suddenly recalled her scandals with Gong Zeli.

Did Mo Yesi mind Gong Zeli because of this?

Qiao Mianmian felt that it was very possible.

Mo Yesi was jealous.

He'd even been jealous of Jiang Luoli before, let alone his brother.

Chapter 1516: Chairman Mo Is Really Willful After Marriage

But Qiao Mianmian didn't take it to heart.

She only thought that Mo Yesi was jealous, just like with Jiang Luoli.

...

Mo Corporation.

Wei Zheng stood in front of the desk and looked at his boss's face. It was fine a moment ago, but it turned gloomy the next moment.

Chairman Mo's expression darkened completely.

If it was a cloudy day before, it was raining now.

Wei Zheng was a little afraid.

He hesitated for a while before saying cautiously, "Chairman Mo, Chairman Xie is already waiting in the living room."

At the desk.

The man's expression was dark, and his handsome face was intimidating.

Even though Wei Zheng had been with Mo Yesi for so many years, he was still a little afraid.

But he was curious.

Chairman Mo must have called Young Madam.

Why was he so angry?

Did he fight with the Young Madam?

But it didn't seem like it.

When he was talking to the Young Madam, his tone was very gentle. Moreover, before hanging up, he kept reminding her of little things.

It didn't seem like an argument.

Wei Zheng reminded him, but Mo Yesi didn't say anything.

Chairman Mo might be looking for someone to vent his anger on at this point. He didn't want to be caught in the crossfire.

Wei Zheng didn't dare to remind him anymore and waited quietly in the office.

After about 10 minutes, he heard Chairman Mo calling him.

"Wei Zheng."

"Chairman Mo, what can I do for you?" Wei Zheng immediately asked.

“What’s my schedule for the next two days?” Mo Yesi asked something he didn’t expect.

Wei Zheng was stunned for a few seconds. He then quickly thought about it and immediately replied, “You have a meal tonight. Tomorrow, you’re going to a branch company for an inspection. After the inspection, there’s another project waiting for you.

“We’ll be in M City for the whole day tomorrow. Chairman Mo has arranged for a meal with his family tomorrow night.

“The day after tomorrow...”

Mo Yesi interrupted him. “Cancel the dinner tonight and cancel tomorrow’s schedule. Book me a flight to Haicheng in two hours.”

“Chairman Mo.” Wei Zheng’s eyes widened. “You’re going to Haicheng? But these few days...”

“You don’t understand what I’m saying?” Mo Yesi’s expression darkened. “What are you waiting for? Book the plane tickets. Inform the Vice President that he’ll be in charge of everything in the company for the next two days. You’ll help. I believe you can settle this.

“If it’s not settled, there’s no need to stay in the company anymore.”

Wei Zheng was speechless.

The African coal digging warning came again.

Chairman Mo was really unreasonable.

Chairman Mo was really willful after marriage.

In the past, he would never be so willful.

Work was probably nothing to Chairman Mo now.

Now, the Young Madam was the first in his heart.

Wasn’t he flying to Haicheng to see the Young Madam?

In other couples, the females were more clingy.

He never expected Chairman Mo to be like this when it came to relationships!

Although his boss was very willful, Wei Zheng didn’t dare to say anything.

Chapter 1517: He Doesn’t Look Like Such a Good Person

He was the boss.

The company belonged to him, and he could do whatever he wanted.

“Yes, Chairman Mo. I’ll book the plane tickets immediately.” Wei Zheng was afraid that Mo Yesi would say something about sending him to Country F to dig coal. After saying that, he immediately turned and left the office.

...

In the afternoon, everyone was invited to Gong Zeli's building for lunch.

The crew was supposed to be entertaining another group.

The treatment they received was also another type of treatment.

The other chefs in the manor cooked for Gong Zeli. These chefs were only responsible for cooking for him and didn't treat the guests.

The people invited by Gong Zeli were very excited as they discussed, "This manor is actually the Gong family's? Young Master Gong is actually here too? I heard that he has a bad temper, but I didn't expect him to treat our crew to a meal. It seems like Young Master Gong is actually a good person."

"So, Young Master Gong is here too? I've only seen him on the news before, but I've never seen him in person. Do you think he looks better in person?"

The female employees were also present.

They were naturally interested in Gong Zeli.

The girls gathered together and discussed excitedly. Their eyes were filled with anticipation and shyness.

Gong Zeli and the rest represented the most powerful people in Yuncheng City.

They also had good looks, attracting a lot of women.

It wasn't an exaggeration to say that they were elites.

Since he was a prodigy, he was also at a level that ordinary people couldn't reach.

How would these female employees have the chance to interact with him?

The female employees couldn't remain calm at the thought of seeing Gong Zeli later.

The two most normal and calm people were probably Qiao Mianmian and Nana.

"Mianmian, why do you think Young Master Gong wants to treat us to a meal?" Nana was a little puzzled. "He doesn't seem like such a hospitable person. And I think he definitely doesn't like others sitting with him."

"Is it because of you?" Nana asked.

"Because of me?"

"That's right. Isn't Young Master Gong friends with your boyfriend? He knows you're here, so he wants to be the host. But it's not good to invite you alone, so he invited the whole crew. Speaking of which, we've all benefited from you."

Qiao Mianmian pursed her lips and kept quiet.

She was actually puzzled as well. Why would Gong Zeli invite the entire crew to a meal?

He didn't seem like such a hospitable person.

He was cold to strangers.

He definitely wouldn't invite everyone to eat with him just because someone was filming an advertisement in his manor.

It couldn't be because of her.

Qiao Mianmian felt she wasn't that important.

She couldn't think of the reason.

...

Someone came out to pick them up.

But the receptionist didn't look at anyone else. She walked straight to Qiao Mianmian and said politely, "Miss Qiao, Young Master is already waiting. Please follow me."

Nana glanced at the receptionist and whispered to Qiao Mianmian, "I told you Young Master Gong invited us because of you."

Qiao Mianmian didn't say anything.

She still didn't think she had that much face.

She left with Nana and the receptionist.

Behind them, the others whispered, "Why would someone like Young Master Gong treat us to a meal?"

Chapter 1518: She Wanted to Get Close to Him, But She Was Afraid of Him

"So it's because of Qiao Mianmian. She's so influential."

"I remember that when Qiao Mianmian publicly announced her relationship with her boyfriend, Young Master Gong followed her boyfriend and even reposted her Weibo. Her boyfriend must have a good relationship with Young Master Gong. Young Master Gong knows that she's here, so..."

"In that case, Qiao Mianmian is rather valued by her boyfriend. Even Young Master Gong thinks so highly of her."

"Her boyfriend and Young Master Gong are good friends, so her boyfriend must be very impressive too. I'm so envious of her. A real Cinderella would be a rich lady when she marries into a rich family."

"I'm really curious about her boyfriend."

"Anyway, it has something to do with the Mo family. Even if it's a side family, it's a very powerful identity."

Qiao Mianmian walked into the dining room and saw that Gong Zeli was already sitting at the dining table.

The long dining table was filled with delicious food.

"Young Master, Miss Qiao is here."

Gong Zeli looked up and saw Nana with Qiao Mianmian. He frowned and quickly returned to normal.

He smiled. "I didn't know what you like to eat, so I got the kitchen to make some of everything. See if there's anything you like on the table. If not, get the chef to make a few more dishes."

Qiao Mianmian glanced at the table and then looked away. "I'm not picky, I'm fine with anything."

"That's good."

Gong Zeli shot her a look. "Sit down. We've known each other for a while, you don't have to be so formal. Is this lady beside you your assistant?"

"Y-Young Master Gong, nice to meet you. I'm Mianmian's assistant. My name is Nana." Nana looked up at Gong Zeli and was shocked by the man's cold and gentle gaze.

She didn't dare to look at him again.

Damn, Young Master Gong was really good-looking.

But this sort of handsome man could only be seen from afar.

No matter how much Nana coveted his looks, she wouldn't dare to touch such a man.

Gong Zeli only asked who she was and didn't talk to her anymore.

After Qiao Mianmian and Nana sat down, a few housemaids brought others in.

When the group of people entered, the hall became much livelier.

Gong Zeli looked unhappy. Normally, if anyone disturbed his peace, he would have gotten someone to chase them out.

But he still had to rely on these people to have a proper meal with Qiao Mianmian.

Hence, no matter how unhappy and disgusted he was, he held it in.

The group of people saw Gong Zeli sitting in the middle of the table.

The man was extremely outstanding. Even the handsome men and beautiful women in the entertainment industry were impressed.

The women looked at the handsome man and couldn't help but be smitten.

Gong Zeli didn't have a good impression of them.

Although he came from a good family and had good looks, he was practically perfect.

But because of what he did when he was young, many people were afraid of him.

The women wanted to get close to him but were afraid of him.

After all, they heard that his illness hadn't been treated yet. Even if he controlled it well, it didn't mean that it wouldn't flare-up in the future.

Chapter 1519: Caught Off-Guard

And once it flared up, it would be very dangerous.

This meant that being with Gong Zeli was dangerous.

But even so, that couldn't stop many women from approaching him.

His looks and family background would make many women forget about the danger he posed.

These women had only seen Gong Zeli in television and magazines before. When they saw him in person, they couldn't help but become smitten.

But Gong Zeli never looked at them.

The seats beside Gong Zeli were empty, but no one dared to sit beside him.

After the housemaid arranged for the others to take their seats, Gong Zeli didn't eat first, and the others sat obediently.

Gong Zeli glanced at Qiao Mianmian and said, "Everyone, you've worked hard. Since you're here in my manor, you're my guests. I got the kitchen to prepare some home-cooked dishes for everyone. Don't be restrained and eat as you wish."

The others glanced at the sumptuous food on the table. They couldn't understand the meaning of "home-cooked food."

This was a home-cooked meal?

It was probably just a home-cooked meal for the Gong family.

At this moment, he realized the gap.

With Gong Zeli around, it was impossible to not feel restrained.

The man's aura was strong. When he was still at the dining table, how could others let go and eat as they wished?

The meal was quiet.

Besides Gong Zeli, Qiao Mianmian was the only one who could eat freely.

From start to finish, she didn't say a word and ate seriously.

...

The lunch break lasted for two hours.

The housemaid came to remove the leftovers from the table.

Gong Zeli left first. As soon as he did, a few female employees gathered around Qiao Mianmian.

"Mianmian, you should be on good terms with Young Master Gong. Do you know if he has a girlfriend?"

"I heard he has mania. It's scary when it acts up. No one knows when it will act up. Is this true? Have you seen him act up?"

"Do you know what kind of girl Young Master Gong likes? Can you introduce me to him? I want to be friends with him."

Qiao Mianmian was speechless.

She didn't expect Gong Zeli to be so popular.

The female crew members seemed to be charmed by him.

She didn't know Gong Zeli well, so how could she know about him?

Moreover, she felt that Gong Zeli was good-looking, but his personality... not many women could tolerate it.

She couldn't help but ask, "What do you like about him?"

"Of course, because he's handsome and rich."

"That's right. He's rich and good-looking. That face is enough for him to debut."

"Mianmian, do you think Young Master Gong isn't handsome?"

"Mianmian's boyfriend is a super hunk. It's normal that she can't feel other men's handsomeness when she looks at his face every day."

"That's right, Mianmian. How do you feel looking at your boyfriend's face every day? Will you be immune after looking at him for a long time?"

Immune?

Qiao Mianmian thought about it and shook her head.

She didn't know if she would be immune to Mo Yesi in the future.

In any case, she still felt tempted every time she saw him.

"I'm not immune to it." She kept quiet for a while before saying, "I still feel very tempted and think that he's very handsome."

Everyone was speechless.

Chapter 1520: You Think I Won't Mind You Telling Me This?

They shouldn't have asked!

...

Qiao Mianmian never expected Mo Yesi to come.

Gong Zeli never expected Mo Yesi to come.

He looked at the man getting out of the car and stood there expressionlessly.

“Ah Si, why are you here?” Gong Zeli smiled as if he hadn’t seen the coldness in Mo Yesi’s eyes. “Are you here because you’re worried about someone? Actually, you don’t have to come all the way here just to say hi to me.”

“Fourth Bro, did you not hear what I said to you previously?” Mo Yesi’s expression was cold and dangerous. “Don’t you know why I’m here? Don’t play dumb in front of me.

“I should be the one asking you, why are you here?”

Gong Zeli was stunned for a moment before smiling. “Ah Si, I don’t understand what you’re talking about. This is the Gong family’s manor, isn’t it normal for me to be here?”

“This is the Gong family’s manor. But you know the reason why you’re here, and I know it too. Fourth Bro, on account of our many years of friendship, I’m warning you one last time.

“Keep your thoughts to yourself. If I find out you did this one more time, don’t blame me for being heartless. It’s useless no matter how much you think about it. She’s my woman now. She’ll be mine in the future, forever.

“You won’t have a chance, do you understand?”

Mo Yesi stood in the shadows under the tree looking at Gong Zeli emotionlessly.

He said it calmly.

But Gong Zeli knew him well enough to know that he was angry.

Mo Yesi’s anger wasn’t on the surface.

When he was really angry, the calmer he appeared, the more terrifying it was.

How could Gong Zeli not understand him?

He and Mo Yesi had the same personality.

He was equally possessive of what he liked.

No one was allowed to covet it.

It was the same for anyone with ill intentions.

He knew very well.

If he didn’t have so many years of friendship with Mo Yesi, he wouldn’t just be warning him.

Gong Zeli pursed his lips and kept quiet for a while before suddenly laughing. “Ah Si, why are you so nervous? I know you care about her, so I’ve been restraining myself. I know what you’re talking about.

“So, you can rest assured. I was just thinking about it. I never thought of taking action. If she didn’t love you, I’d snatch her no matter what. But I can tell she likes you.

“Ah Si, you’re very lucky to be able to marry the woman you like. But I can’t do it anymore, so I’ve accepted my fate. But no matter what, I have to repay her for saving my life.”

Mo Yesi narrowed his eyes. “You’re finally willing to admit it?”

Gong Zeli smiled. “You’ll believe me if I don’t?”

“Of course not.”
