

Big Shot 1521

Chapter 1521: I Have to See You Immediately

Gong Zeli didn't move. "I'm just telling the truth. Ah Si, I actually met her 10 years ago, but I'm not as lucky as you. God gave me a chance, but I didn't grab it.

"So, you have to be good to her. You have to be good to her for the rest of your life. If you have a change of heart one day and treat her badly, I won't have to worry so much."

Gong Zeli was punched in the face.

Mo Yesi pushed him away coldly. "Stop dreaming. You'll never have the chance."

Gong Zeli's mouth was bleeding.

He wiped it clean without care, looked up, and smiled. "Is that so? It's best that way. Ah Si, I hope I don't have such a chance too. So, you have to treat her well and pamper her forever.

"You have to make her the happiest woman in the world.

"This way, I won't have the chance to take advantage of you."

Only when he and Qiao Mianmian got happier would he slowly give up.

...

"Miss Qiao, someone is looking for you."

Qiao Mianmian was resting when a housemaid walked over.

Qiao Mianmian was confused. "Do you know who it is?"

The housemaid recalled the handsome man she'd just met and blushed. She looked at Qiao Mianmian with envy. "It's a young gentleman. He said he's your family member."

"My family?"

Qiao Mianmian was even more confused.

The young man said he was her family member... The first person she thought of was Qiao Chen.

But she didn't think it was him.

It wasn't the weekend, and Qiao Chen was still in school.

Moreover, it wasn't anything special. He didn't have to come and see her at this time.

Qiao Mianmian left with the housemaid.

A moment later.

When she saw Mo Yesi, she thought she was hallucinating.

The man stood there with his back facing her.

When Qiao Mianmian opened the door, the man standing by the window slowly turned around.

“Mo... Mo Yesi?” Qiao Mianmian widened her eyes in shock.

She couldn’t believe that the man who spoke to her on the phone a few hours ago was now standing in front of her.

Qiao Mianmian was too shocked to move.

Mo Yesi quickly walked towards her and pulled her into the bedroom. He then closed the door gently.

In the blink of an eye, Qiao Mianmian could smell the familiar scent as she was pulled into his arms.

Qiao Mianmian leaned against the man’s sturdy chest and heard his clear and strong heartbeat. After a while, she slowly came back to her senses.

“How did you...”

She looked up and was about to speak when Mo Yesi pinched her chin and forced her to meet his dark eyes.

“I’m worried about you.”

“You’re worried about me?” Qiao Mianmian blinked. “I’m fine, why are you worried about me?”

Mo Yesi pursed his thin lips and didn’t answer her. Instead, he said, “Why, you’re unhappy to see me? I came to accompany you, you don’t like it?”

“...No.”

“That’s enough.” Mo Yesi hugged her again and gently pushed a strand of hair away from her forehead. “No matter why I’m here, just take it that I miss you and can’t stop thinking about you. I have to see you immediately.”

Chapter 1522: You’re Really Stressing Me Like This

Qiao Mianmian was speechless.

Mo Yesi let go of her and held her hand. “Did Fourth Bro treat you well?”

Qiao Mianmian’s eyes widened as she recalled the call. “Mo Yesi, are you here because Gong Zeli is here too?”

If that was the case, she didn’t know what to say.

This jealousy was too exaggerated.

It was more exaggerated than ever.

Mo Yesi narrowed his eyes. “You think I’m jealous of Fourth Bro? Why do you think so?”

"You don't have to say it." Qiao Mianmian was amused. "You just mind that I had two scandals with him previously. Didn't I tell you there's nothing between us? The encounter on the plane was just a coincidence, and the subsequent one was also a coincidence.

"Aren't you good friends with him? Don't you know what your brother is like and whether he's trustworthy?"

Qiao Mianmian felt Mo Yesi's expression change slightly.

She didn't know what Gong Zeli was thinking about her.

Gong Zeli was his brother, and he used to think that he understood him.

But now, he really didn't know what Gong Zeli was thinking.

He trusted his wife, but he didn't trust Gong Zeli.

Otherwise, he wouldn't have come.

It was precisely because he knew he was similar to Gong Zeli in some aspects that he knew very well that once they had what they wanted, they had to get it no matter what.

If he couldn't get it, he wouldn't give up so easily.

He never believed that Gong Zeli would be willing to give up.

"You really came because of him?" Qiao Mianmian was speechless. "Mo Yesi, you're exaggerating. You don't even believe your own brother. You're making me feel pressured."

The man was too possessive.

Although this was a show of concern for her, Qiao Mianmian was really stressed.

She knew that he was jealous and kept a distance from Gong Zeli.

If the sense of security he wanted was that she couldn't communicate with the opposite sex, then she definitely couldn't do it.

She liked him and was willing to be with him.

But love wasn't the only thing in her life.

Love was just a part of her life.

But she could feel that Mo Yesi cared about this relationship more than anything else.

Love might not be everything to him, but it occupied about 70% of his life.

The man pursed his lips and looked at her silently.

Qiao Mianmian said, "...You're really making me feel pressured. In the future, even if I interact normally with other men, I'll be worried you'll misunderstand, be jealous, and be angry.

"I'll be careful when I talk to others.

"I'll feel tired."

Qiao Mianmian looked at the silent man and sighed. She tried to reason with him. "Mo Yesi, can you trust me more? I'm already married to you, I want to spend the rest of my life with you."

"If marriage doesn't give you a sense of security, then I really don't know what to do."

The man was silent for a long time before saying, "So, I'm making you feel pressured?"

Chapter 1523: No Matter What, You Can't Hate Me

"If you feel pressured, what will happen? Will you slowly hate me because of this?"

He knew that doing this would put pressure on her.

He was just... too afraid of losing her.

"Qiao Mianmian, do you hate me?" The man asked again.

"How could I hate you?" Qiao Mianmian sighed again and held his hand. She looked up at him seriously and said, "Mo Yesi, I know you care about me. I don't hate you. I just hope that you can trust me more and have more confidence in yourself."

"You're so good. Everyone says that I saved the galaxy in my previous life to meet you. I've always thought so too. I relied on saving the galaxy to find such a good husband like you. I'll cherish this luck for the rest of my life."

"So, you don't have to worry about anyone snatching me away. Someone has already taken root in my heart. There's no place for anyone else."

"My husband is the best man in the world. With such a good husband, how can I look at anyone else?"

The coldness in the man's eyes dissipated, and the warmth returned.

Seeing this, Qiao Mianmian continued praising him. "Such a good husband, I can't even wait to like him, how could I hate him? If someone has to worry, it should be me. My husband is so good, what if someone else takes him away?"

The man smiled.

Qiao Mianmian looked up at him and said seriously, "Mo Yesi, you really don't have to worry. I'm yours, for the rest of my life. You really don't have to worry about others snatching me away. Unless you don't want me one day, I won't leave you."

"How could I not want you?" Mo Yesi hugged her tightly. "Even if you don't want me one day, I won't let you go. Qiao Mianmian, I want you for your whole life. I understand what you mean. I'll give you more freedom in the future."

"I'll change if you don't like me pushing you too hard. No matter what, you can't hate me."

"Mm, I don't hate you." Qiao Mianmian hugged the insecure man in front of her as if she was coaxing a child. "Mo Yesi, no matter what, I won't hate you."

...

When Qiao Mianmian had to return to the filming location, Mo Yesi sent her there.

He then left.

The moment Mo Yesi left, a group of female crew members surrounded her. They all excitedly asked her, "Mianmian, was that your boyfriend? Is he here to visit?"

Qiao Mianmian nodded. "Mm, that's my boyfriend."

"Wow, your boyfriend is so handsome. He's so much more handsome in person than in the photos. What kind of godly boyfriend is this? His looks are enough to enter the entertainment industry."

"Your boyfriend is so nice. He even came to visit. I saw the way he looked at you just now."

"Are all the handsome guys hanging out with the handsome guys now? Young Master Gong and your boyfriend's looks are way better than many young male idols in the entertainment industry."

They were envious.

They wondered why she was so lucky.

She was already a winner at 20.

Not only did she find a super handsome boyfriend, but the man was also super rich and valued her so much.

Chapter 1524: His Expression Suddenly Changed

Compared to some female celebrities who accompanied old men for resources, Qiao Mianmian was simply enviable.

Her ex-boyfriend was the president of Star Splendor. After breaking up with him, she found a rich and handsome boyfriend.

Given her boyfriend's looks, even if he did something indecent, many people would willingly come to him.

Anyone who wasn't a fool would choose the latter.

"Mianmian, where did you find such a handsome boyfriend? Can you tell us your secret?"

A group of girls surrounded Qiao Mianmian and giggled.

It was true that they were envious and wanted such a handsome boyfriend.

But asking Qiao Mianmian to help them was a joke.

Before coming into contact with Qiao Mianmian, they thought that she wasn't easy to get along with because of the negative news.

But after interacting with her and finding out that she had a good temper, these female employees all liked her.

They got along well.

They had interacted with Qiao Anxin before.

Qiao Anxin was a big shot. Even though she wasn't as popular as before because of the scandals, she still put on airs.

She had to drink the water from a designated brand. As long as it wasn't that brand, she wouldn't drink it.

If she wanted to stay in a hotel, she had to stay in a presidential suite.

In any case, all standards were the highest.

On the other hand, Qiao Mianmian didn't have any special requests.

She would cooperate with the crew.

She was so much easier to get along with than Qiao Anxin.

They didn't know what the company thought at that time. They wanted Qiao Anxin to be their spokesperson.

Qiao Anxin's reputation was no longer as good as before.

She was just an A-lister, but in fact, she was no longer an A-lister.

If she didn't produce a good show to stabilize her popularity, her popularity would fall even faster in the future.

It was obvious from the sales volume.

Her sales were even worse than Qiao Mianmian's.

But they heard that Qiao Anxin got Xue Shiya's endorsement because of someone else.

With the endorsement she got from accompanying the old man, her results weren't too good now. She was probably anxious too.

...

The shoot ended at 6 PM.

After work, Qiao Mianmian went to look for Mo Yesi.

The man was working in the study room. When Qiao Mianmian went over, she saw him holding a video conference.

Qiao Mianmian pushed the door lightly.

When she heard that Mo Yesi was in a meeting, her footsteps became very soft.

She wanted to wait for Mo Yesi to finish his meeting.

Who knew that even though she was so silent, the man in the meeting still saw her.

At the desk.

The man was wearing a white shirt with his sleeves rolled up, and his collarbones could be seen. His handsome face was expressionless, but when his eyes landed on Qiao Mianmian, his dark eyes were filled with warmth.

Qiao Mianmian met his gaze and felt the gentleness in his eyes. She smiled sweetly at him.

Mo Yesi smiled too.

The meeting was still ongoing.

In the Mo Corporation's meeting room, on the projector.

The senior executives had just been reprimanded and were trembling in fear when they saw Chairman Mo's expression change.

Chapter 1525: An Angel-Like Existence

What was even more shocking was that Chairman Mo actually smiled.

The senior executives were speechless.

Chairman Mo wasn't smiling at them.

So, was he smiling at someone else?

They then looked at Chairman Mo as if they were looking at someone.

Just as the senior executives were trying to guess who melted Chairman Mo the iceberg, they suddenly heard Chairman Mo call out in an extremely pampering tone, "Baby, I'm in a meeting. Wait for me for a while. Ten minutes at most."

The executives were even more shocked when they heard him call "Baby".

Damn, Chairman Mo actually knew how to call others "Baby".

And his tone and gaze were so gentle as if he was a different person.

It was a rare sight.

If it wasn't for the scolding just a minute ago, they would have suspected that Chairman Mo was a replacement.

A few seconds later, they heard a woman's voice.

"Go on, don't bother about me. I'll play games for a while. When you're done with the meeting, we'll go eat together."

She sounded young girl.

The higher-ups immediately recalled the gossip they'd heard and guessed Qiao Mianmian's identity.

Some time ago, Chairman Mo and that newbie called Qiao Mianmian flaunted their love on Weibo.

Even though they didn't use Weibo much, they had heard about it.

At that time, they felt that it wasn't Chairman Mo's style at all.

It seemed like this newbie had charmed him.

Chairman Mo did many shocking things for her.

Hence, it was normal for him to call her Baby now.

Chairman Mo was showing off his affection in the video conference, and the senior executives didn't dare to make a sound. They even felt relieved.

Chairman Mo said that the meeting would end in at most 10 minutes.

This meant that even if they were scolded, they would at most be scolded for 10 minutes.

Moreover, he was obviously in a much better mood now that his girlfriend was here.

He probably wouldn't scold them anymore.

After all, he had to consider scaring his little girlfriend, right?

In the next 10 minutes.

As expected, they didn't get scolded anymore.

Chairman Mo was probably in a hurry to accompany his little girlfriend. He said that there were still 10 minutes to the meeting, but in the end, the meeting ended after just 5 minutes.

When the video conference ended, the executives were almost moved to tears.

Chairman Mo's girlfriend was their savior!

She was practically an angel.

How nice it would be if his girlfriend was present at such meetings in the future.

They wouldn't have to worry about being scolded anymore.

...

Mo Yesi closed his laptop and walked towards Qiao Mianmian.

His wife was sitting on the sofa, playing games.

She was so engrossed that she didn't even notice he was already beside her.

Mo Yesi looked down at her cell phone screen.

Then, he saw someone in the same team as Qiao Mianmian type: [Lady, can we be in the same team in the next round? I, Li Bai Zhuge, will take you soaring. Ever heard of Li Bai Zhuge on the domestic server?]

Chapter 1526: He Deleted Me Just Now

It was nothing.

The next second, Mo Yesi's handsome face darkened when he saw Qiao Mianmian's reply.

Qiao Mianmian's game ID was the same as her WeChat name: "Mianmian isn't soft and cute".

Her reply was: [Alright. But Little Brother, aren't you afraid that I'll cheat you? Do you want to play with this rookie who only knows how to shout 666?]

The other person replied: [That's great, I just need someone who can shout 666.]

The two of them were flirting with each other.

Even though Mo Yesi knew that Qiao Mianmian didn't have any other intentions, he was still jealous.

He was jealous.

She actually called someone else Little Brother.

She had never called him Little Brother.

The more Mo Yesi thought about it, the angrier he got. He wanted to snatch her cell phone and immediately delete the game, but when he recalled that she'd said that he'd already made her feel pressured, he hesitated for a few seconds and dismissed the thought.

He pursed his lips and held it in.

He waited until Qiao Mianmian was done with her game.

Then, he saw that the person who said he wanted to take Qiao Mianmian flying sent an invitation to continue playing games with her.

Qiao Mianmian was about to accept it when she saw a hand take her cell phone away.

She looked up and saw Mo Yesi standing beside the sofa with a dark expression. He took her cell phone and tapped on the screen.

He then returned the cell phone to her.

Qiao Mianmian looked down and asked, "What did you do?"

Mo Yesi sat down beside her. "I rejected it for you. If you want someone to bring you up, there's one here. Your husband's playing isn't worse than others, why don't you ask me to play with you?"

Qiao Mianmian was speechless.

She was still online and saw the private message from the boy who was ranked with her.

Sword Immortal Xiao Yao: [Sister, do you... have a husband?]

Qiao Mianmian looked up at Mo Yesi.

She could guess how he rejected him.

She thought for a while and replied: [Mm, my husband came to look for me after he was done with his work. Little Brother, I'm sorry. My husband is a jealous lover. He doesn't like me playing games with other guys. I'm going to delete you from the friends' list.]

Sword Immortal Xiao Yao: [... Alright, I wish you happiness.]

The boy took the initiative to delete Qiao Mianmian after replying.

Qiao Mianmian raised her cell phone as if she was handing in a mission. "I've already deleted him. The boy I played with today is only 16 years old. He's not even an adult yet. I just felt that he played well, so I wanted to play a few more rounds with him.

"You can't be jealous of an underage boy."

"Underage?" Mo Yesi narrowed his eyes.

"Mm, underage."

"You're calling him an underage boy?"

Qiao Mianmian was speechless.

So, he saw her conversation?

No wonder his expression was dark just now.

"Uh, that's not the point." Qiao Mianmian's lips twitched. "Little Brother is just a term. You saw it too, he deleted me just now."

Qiao Mianmian sounded aggrieved.

The little boy was really good at the game.

She took a look and realized that the boy was really Li Bai, one of the top ten in the province.

Qiao Mianmian's favorite Honor of Kings assassin was Li Bai.

After all, he was known as the most handsome hero in the fabled canyon maps.

Chapter 1527: I Won't Let You Off If You Bully Her Again

She liked Li Bai even more.

It wasn't easy for a Li Bai on the domestic server to be willing to help her up her rankings. But because she wanted to appease a particular jealous lover, she reluctantly deleted him from her friend list.

Actually, she didn't want to delete him at all.

That boy was really cute.

He called her sister so sweetly.

"If you want to play in the future, look for me." Mo Yesi knew that he couldn't go overboard. He had to stop while he was ahead. He reached out and patted Qiao Mianmian's head. "I can play with you after work. I can also have free time at work."

Although he didn't like playing games.

But, in order to prevent his wife from finding another "Little Brother", he didn't mind playing with her.

He didn't want his wife to call another man Little Brother in the game.

How could a 16-year-old underage be innocent?

Children nowadays matured early and understood everything at 16 years old. They couldn't take it seriously.

"Look for you?" Qiao Mianmian blinked and looked at him suspiciously. "Do you know how to play this game?"

She had never seen Mo Yesi play games before.

What was his hobby?

It seemed like other than work, he would train and accompany her.

Qiao Mianmian couldn't think of anything else.

Mo Yesi was agitated by her suspicious look. The man kept quiet for a few seconds and then reached out to her.

Qiao Mianmian blinked, not knowing what he wanted.

Mo Yesi looked at the cell phone in her hand. "Give it to me."

"Oh."

Qiao Mianmian handed it to him obediently.

Mo Yesi opened the game and used Qiao Mianmian's account.

Then, Qiao Mianmian watched in shock as he took down an Assassin and defeated his teammates.

The other party was beaten up badly.

Qiao Mianmian felt like she was about to cry.

Mo Yesi's hero was Li Bai.

The two vulnerable Mages and Archers were scolded by him.

Angela: [Li Bai, do I have a feud with you? Why are you targeting me? Are you crazy?]

Luban: [Li Bai, Angela is my wife. If you bully her again, I won't let you off.]

Qiao Mianmian saw Mo Yesi smile as he replied to the couple: [Couple? Then, I'll let you die together.]

Ten minutes later.

Angela and Luban died together.

Or maybe Luban died a second ago, and a few seconds later, so did Angela.

The two weaklings were hiding under the defense tower and trembling.

What was worse was that Mo Yesi still wanted to kill her.

The two of them were furious and kept scolding him.

Angela: [Li Bai, are you a pervert?]

Luban: [You must be single, jealous of our love. What's the point of playing this game? You don't even have a wife. Hahaha, single dogs are so pitiful. They can only find their presence in the game.]

Then, the number of deaths increased.

In the end, the death count was 2-25.

Mo Yesi got the MVP, God Seal, Four Kill, and more than 40% damage.

His teammates all liked him. Some even felt that he was playing well and wanted to pull him along.

Mo Yesi rejected it and exited the game. He then handed the cell phone to Qiao Mianmian, who was still in shock.

"How is it? Your husband shouldn't be any worse than that little brother. Do you think I can bring you up now?"

Chapter 1528: I'll Bring Your Sister-In-Law Out for Dinner

Mo Yesi didn't like playing games, but that didn't mean he couldn't.

It also didn't mean he didn't play well.

He used to play a client-side game when he was a student. It was similar to the mobile game he just played.

But the client-side game was much harder.

When he played Duan You, he won through the rankings.

It wasn't difficult to play such a simple game.

Previously, when Qiao Mianmian said that she wanted to play games, he had practiced a few times in private.

"H-How did you do it?" Qiao Mianmian was still in disbelief, especially after seeing his amazing moves. "Didn't you say that you've never played this game before?"

She was the one who helped him download the game app on his cell phone.

“Mm, I’ve never played before.” Mo Yesi smiled and said casually, “I played a few times after that. It was pretty simple.”

Qiao Mianmian was speechless.

He’d only played a few times, but he could already play so well.

So, it was easier for people with high IQ to do anything than ordinary people?

She’d played this game for a long time, but she was still a rookie.

“I won’t play games for now. Didn’t you say you were going to eat?” Mo Yesi rubbed his wife’s head again. “Have you thought about what to eat?”

Qiao Mianmian was still in shock.

Mo Yesi smiled. “Since you haven’t thought about it, I’ll take you to eat something nice? Let’s go, I know a good place. I’ll take you there now.”

...

Qiao Mianmian was led out of the study by Mo Yesi.

They bumped into Gong Zeli walking towards them.

Gong Zeli narrowed his eyes when he saw their interlocked fingers. He then said nonchalantly, “Are you going out?”

Qiao Mianmian could feel that Mo Yesi’s aura turned colder when Gong Zeli appeared.

Gong Zeli’s expression was a little unnatural.

The atmosphere between them was strange.

But Qiao Mianmian didn’t know why.

“Mm.” Mo Yesi replied calmly, “I’ll take your sister-in-law out for dinner.”

Gong Zeli pursed his lips and clenched his fists.

Mo Yesi looked at him again. “So, you don’t have to prepare dinner tonight. Your sister-in-law won’t be staying here tonight.”

With that, he turned to Qiao Mianmian and whispered, “Let’s go.”

Qiao Mianmian looked at Gong Zeli and then at the man beside her.

She wasn’t overthinking.

Mo Yesi and Gong Zeli were really weird.

“Mm.” Although she was puzzled, she didn’t ask further. She nodded and left with Mo Yesi.

The two of them walked out of the white building.

Gong Zeli stood rooted to the ground as he watched them leave.

He clenched his teeth as his blood surged. It was as if something was blocking his body.

He knew that Mo Yesi did that on purpose.

Constantly reminding him that Qiao Mianmian was his sister-in-law.

Hence, he couldn't have any improper thoughts.

He knew. He knew everything.

"Young Master."

At this moment, a housemaid walked over. She glanced at him and asked cautiously, "Should we get the kitchen to prepare dinner?"

Gong Zeli didn't reply. He stood there for another 10 seconds before turning around and leaving.

Chapter 1529: I'm Too Amazing

The housemaid didn't dare to stop him.

...

In the evening.

The waves gently crashed against the rocks, and the last rays of the setting sun sank into the sea.

As the sky darkened, a luxury cruise ship slowly cruised on the sea.

The cruise was brightly lit.

Qiao Mianmian was sitting beside a grill. A chef in a white chef's suit was roasting the seafood they'd just caught.

Mo Yesi was an expert at fishing.

In just 10 minutes, he caught many lobsters and seafood crabs.

After the chef was done, he washed the food with a delicious sauce and placed the seafood on the grill to warm it.

Qiao Mianmian was the one in charge of the food.

Mo Yesi drove her to the beach and booked a luxurious cruise.

They were the only guests on the cruise.

The seafood roasted by the chef was very delicious.

Qiao Mianmian ate a few prawns and took a bunch to her plate. She then went to look for Mo Yesi.

She fed him a prawn.

Mo Yesi opened his mouth and ate it.

Qiao Mianmian asked, "How is it, does it taste good?"

She roasted the prawns herself.

Mo Yesi nodded. "Mm, delicious."

Qiao Mianmian's skills were different from that of a chef, so Mo Yesi could tell right away.

It wasn't exactly delicious.

But what she roasted for him was definitely delicious.

Qiao Mianmian smiled and fed him another one. "Eat more, then. I'll get more for you."

There was half a bucket of fish.

Mo Yesi caught them within an hour.

Qiao Mianmian felt that he was especially good at fishing.

Probably because Mo Yesi caught the fish and the chef was good, Qiao Mianmian felt that tonight's barbecue was the best among all the barbecues she had eaten.

She saw that Mo Yesi caught a fish within a few minutes and said enviously, "I've caught fish before, but I sat there for a long time and didn't catch a single one."

Hence, she wasn't interested in fishing.

Mo Yesi retracted the fishing line. A huge fish was still struggling on the hook. The crew member beside him went forward and threw the fish into the bucket.

He looked at Qiao Mianmian's envious eyes and waved at her. When she reached him, he stuffed the fishing rod into her hand.

The man leaned against her and whispered in her ear, "Do you want to learn from me? I'll teach you. I promise you'll get one soon."

Qiao Mianmian blinked and looked up. "Can I learn it?"

"Of course." Mo Yesi took the bait and threw it into the sea.

He stood behind Qiao Mianmian and hugged her as if he was teaching her. "I've taught you before, and there's nothing I can't learn. Fishing is actually very simple. Focus and patience, these two points are easy to achieve.

"Look..."

The man taught her patiently.

His explanation was very detailed and easy to understand.

Qiao Mianmian was a noob at fishing, but she managed to catch a fish in 10 minutes.

Although it was a very small fish, it was enough to make Qiao Mianmian excited.

“Wow. Mo Yesi, look, I caught a fish.” Qiao Mianmian looked at the fish in the hook and excitedly threw herself into Mo Yesi’s arms. She hugged his neck and said excitedly, “I’m too amazing.”

Chapter 1530: Mianmian, Let’s Have a Baby

“Mm, my baby is very powerful.” Mo Yesi looked at his wife affectionately. “So fishing isn’t difficult. If you like fishing, I’ll bring you out often when I’m free.”

“Mm!” Qiao Mianmian nodded with sparkling eyes. “This is the first time I’ve found fishing so fun. Let’s continue fishing, I’ll definitely catch a bigger fish next time.”

“You’re not eating?” Mo Yesi rubbed her head and laughed. “Why don’t you eat first and play after you’re full?”

“No.” Qiao Mianmian was too excited to agree. “I want to catch a few more fish. Mo Yesi, get someone to store the fish I caught later. Don’t roast it.”

Mo Yesi asked curiously, “No? Then why did you catch it?”

“I’m raising them,” Qiao Mianmian said seriously. “In memory of catching my first fish, I want to raise all the fish I catch today.”

The man was stunned for a moment before smiling affectionately. “Alright, I won’t eat it. I’ll take care of it.”

As long as his wife was happy, he could even raise a bear, let alone fish.

It wasn’t as if he didn’t have the qualifications.

Qiao Mianmian was in high spirits. With Mo Yesi’s guidance, she caught a few more fish, including two shrimps.

Mo Yesi got someone to get them all into the fish tank.

After dinner.

Qiao Mianmian lay on the deck and looked up at the dark blue night sky. The wind on the sea wouldn’t be too cold.

The slightly humid sea breeze was very comfortable.

On the deck, only she and Mo Yesi were there. The crew had been dismissed.

The starry sky above was beautiful. Qiao Mianmian squinted, a little entranced.

“Mianmian.”

Mo Yesi lay beside her and squeezed her hand.

Qiao Mianmian nodded. “Mm.”

“Are you happy?” Mo Yesi asked.

“Mm.” Qiao Mianmian turned around and faced him. “I’m very happy.”

Mo Yesi looked at her deeply and held her soft palm for a few seconds before saying softly, “Mianmian, let’s have a baby.”

Qiao Mianmian widened her eyes.

She didn’t know why Mo Yesi would request such a serious matter.

He suddenly talked about having a baby.

Qiao Mianmian was still young and had never thought of giving birth at this age.

She’d already told Mo Yesi about it.

Hence, Qiao Mianmian was shocked when he mentioned it.

“A baby?” she asked with uncertainty.

“Mm.” Mo Yesi looked straight at her. “If you want a baby that belongs to us, both boys and girls are fine. I know you don’t have any plans to have a baby for now. If you’re worried about not taking good care of the baby, you don’t have to worry about anything else. I’ll take care of the baby.”

Mo Yesi hadn’t thought of this all of a sudden.

With a child, their relationship would be even more stable.

Qiao Mianmian looked at him blankly.

In order to move her, Mo Yesi told her about the benefits of having a child early.

For example, when the baby grew up, she would still be a hot mom.

Moreover, they were both good-looking, so their babies would definitely be especially beautiful.

There was no such thing as fast recovery.
