

Big Shot 1551

Chapter 1551: It's Different Now, I Have You

"Hui Ning, is it far from here?"

Assistant Xu was stunned. "Minister, are you going after Miss Jiang?"

"No." Mo Shixiu shook his head.

He was just worried about Jiang Luoli going back alone.

Moreover, she must have encountered something urgent to suddenly return to her hometown.

But he couldn't contact her now. Even if he was worried, he could only call her when she got off the plane.

...

Two hours later, Jiang Luoli got off the plane.

She saw that Mo Shixiu had called her and called him back.

Soon, Mo Shixiu picked it up.

"Luoli." The man's gentle voice came from the phone.

"I saw that you called me. What's the matter?"

Jiang Luoli waved for a taxi.

Her hometown was in a small county city, and she had to take another hour to get to the bus station.

"Mm, I went home and didn't see you. I heard from Sister Lin that you went back to your hometown?"

"You're home?" Jiang Luoli was stunned.

"Mm. The house feels a little empty without you around."

Jiang Luoli's heart raced.

Mo Shixiu was really...

Jiang Luoli felt much better after hearing what he said. She pursed her lips and smiled. "Mo Shixiu, I realize that you're getting better at sweet-talking. Did someone teach you?"

"Mm?" Mo Shixiu seemed to be laughing too. His low laughter reached Jiang Luoli's ears with a hint of affection and gentleness.

"You're getting better at coaxing people?"

"How am I coaxing you?"

“Weren’t you...” Jiang Luoli thought that Mo Shixiu didn’t even know what flirting meant and felt that she was overthinking.

Mo Shixiu wasn’t coaxing her.

He really felt that the house was too quiet.

But Jiang Luoli still felt comforted.

Because Mo Shixiu didn’t know how to sweet talk, his words weren’t just to coax her.

She smiled again. “Mo Shixiu, it seems like I’m very important to you. When I’m not around, you feel that the house is empty. Weren’t you alone when I wasn’t with you? Moreover, there’s Sister Lin and the rest at home. Why is it empty?”

“Mm, you’re very important.” Mo Shixiu’s voice was still gentle. “Sister Lin and the rest are different from you. I used to be alone, but now I have you.”

Jiang Luoli was speechless.

Could he not speak to her in such a serious tone?

Her heart started racing uncontrollably again.

“Luoli, why are you home? Did something urgent happen at home? Do you need my help?” Mo Shixiu paused and said, “If you need help, I can arrange for someone to go over.”

Jiang Luoli thought about what Mother Jiang said over the phone and frowned. Her mood inevitably worsened.

But she didn’t want Mo Shixiu to worry. She took a deep breath and calmed herself down. “I can settle the mess at home myself. If I can’t, I’ll tell you.”

“Mm, that’s good. Luoli, we’re already a couple.”

Chapter 1552: Why Do I Still Feel Sad?

“If you have any problems, you have to let me know. I’ll help you.”

After a while, Jiang Luoli hung up.

She turned around and looked out of the car window.

Her cell phone rang again. She looked down and saw that it was Mother Jiang calling. She waited for a while before picking it up.

“Ah Li, are you home yet?” Mother Jiang asked anxiously. “Your dad and I have been waiting for you. Where are you now? When will you arrive? We can pick you up.”

Jiang Luoli looked down. “I just got off the plane.”

“Just got off the plane?” Mother Jiang sounded unhappy. “Why are you so slow?”

Jiang Luoli clenched her fists and said, "I rushed to the airport after receiving your call. How fast can I fly? I don't have wings."

"You child, I'm just anxious." Mother Jiang sounded even more dissatisfied. "What's with your tone? You've been studying outside for a few years, and you're getting more and more capable. Don't forget, no matter how capable you are, I'm still your mother."

"You're my flesh and blood. If I hadn't given birth to you, would you be where you are today?"

"You even got angry with me."

Jiang Luoli bit her lip and looked out of the window expressionlessly.

Mother Jiang complained for a while before saying angrily, "Get off the plane and take a taxi home. Don't take any cars. Your brother's matter is urgent and can't wait. Come back quickly, alright?"

Mother Jiang hung up.

Jiang Luoli maintained her posture and stared out of the window for a while.

It was always like this.

Anything that happened to Jiang Hai was urgent.

But if something happened to her, they would say that she wasn't young anymore and knew how to settle things on her own. Her parents didn't want to help her.

Sometimes, she wondered if she was really the flesh and blood of the Jiang family.

Her surname was Jiang, but in the eyes of Father and Mother Jiang, she would sooner or later be an outsider.

Only Jiang Hai was their precious gem.

She was used to it, but why did she still feel sad?

...

When Jiang Luoli got out of the car, Mother Jiang rushed over and grabbed her wrist. "Ah Li, you're finally back. You have to save your brother. Only you can save him now."

Father Jiang also wiped his tears. "Yes, Ah Li. Only you can save your brother now."

Mother Jiang grabbed her so forcefully that Jiang Luoli's wrist turned red.

"Mom, let go of me first." Jiang Luoli endured the pain and pulled her hand away. She looked at Father Jiang and Mother Jiang, whose eyes were red and swollen from crying. She pursed her lips and said coldly, "What exactly happened? What happened to Xiao Hai?"

Mother Jiang cried. "Your brother was arrested and locked up at the police station. He's been in there for two days. How can someone live in that kind of place? Your brother hasn't suffered much since he was young. He's suffered inside."

Jiang Luoli frowned. "Why was he arrested?"

Chapter 1553: He Was Plotted Against

Mother Jiang stopped crying.

Her eyes flickered as she looked at Jiang Luoli.

“This, this...”

Jiang Luoli took a deep breath and suppressed her anger. “He went to gamble again? You didn’t stop him?”

“Xiao Hai is innocent. He was harmed by someone.” Mother Jiang cried again. “They deliberately wanted to cheat him of his money. He’s young and doesn’t know anything, that’s why he fell for it.”

“So, why did he end up in the police station?” Jiang Luoli looked at Father Jiang and Mother Jiang’s crying faces and was instantly annoyed. She held back her anger and said, “Crying can’t solve the problem. You have to tell me why Xiao Hai entered the police station. If you want to solve the problem, you have to tell me everything.”

No matter how disappointed Jiang Luoli was with Mother Jiang and Father Jiang, they were still her biological parents.

Jiang Hai was her biological brother.

When they were young, they had a good relationship. Jiang Hai was also a likable brother.

But later, Jiang Hai got to know a bunch of bad friends and developed all sorts of bad habits. Her once good brother went further and further down the path of degeneration.

As a result, the siblings became distant.

“This...” Mother Jiang and Father Jiang looked at each other. After a while, they stammered. “Xiao Hai, he went to play cards and met a casino attendant. That person said that he felt that he was fated to meet him the first time he saw him. He even said that Xiao Hai looked like his biological brother. After knowing that Xiao Hai didn’t have much money, he borrowed a sum of money for Xiao Hai to gamble.

“Xiao Hai took the money he borrowed and followed him to a place called Gambling City. Xiao Hai lost all the money there.

“That person asked Xiao Hai to return the money. Xiao Hai couldn’t do it, so he secretly ran home. In the end, that person brought a group of people over and said that Xiao Hai didn’t return the debt. He got the police to take Xiao Hai away.”

At this point, Mother Jiang gritted her teeth and said, “That person is a beast. He’s so mean. If he hadn’t lent money to Xiao Hai, Xiao Hai wouldn’t have been taken away by the police.”

Jiang Luoli had a bad premonition.

She looked at Mother Jiang. “How much money does Xiao Hai owe?”

This wasn’t the first time Jiang Hai owed money because of gambling. In the past, Father Jiang and Mother Jiang could help him pay it back.

“This...” Mother Jiang’s eyes started wandering again. Her eyes flickered as she stammered. “About, about 10... 10 million.”

“What, 10 million?” Jiang Luoli widened her eyes in disbelief. “He owes her 10 million yuan?”

Jiang Luoli was already mentally prepared, but Mother Jiang’s words still shocked her.

Ten million yuan was a sum that the Jiang family would never earn in their lifetime.

In the past, Jiang Hai only owed tens of thousands of yuan.

Jiang Luoli thought she’d heard wrongly.

“Yes, yes.” Mother Jiang also felt that this number was too scary, so she lost her confidence. “That’s why I said that person is a liar. The first time he met Xiao Hai, he borrowed 10 million yuan from him. Didn’t he ask about our family situation and know that Xiao Hai can’t pay him back?”

“You mean he lent Xiao Hai 10 million yuan the first time they met?”

Chapter 1554: Jiang Luoli, What Do You Mean?

“Isn’t that so? Do you think this person is normal? Xiao Hai is young, how could he resist temptation? Anyway, Xiao Hai was harmed by that person. Now that Xiao Hai has been detained at the police station and hasn’t returned the money, they won’t let him out. But 10 million, how can we return it?”

“Even if we lose our lives, we won’t be able to return this sum.

“So, Ah Li, you’re the only one in our family who has the hope to return the money for your brother.”

Jiang Luoli felt that something was amiss.

But she was amused by Mother Jiang’s words.

“Mom, you’re talking about 10 million, not 10,000. If you don’t think you can pay it back, why do you think I can?”

Jiang Luoli had 10 million yuan.

She still had the 50 million that Mo Shixiu gave her.

But that didn’t mean she was willing to return the 10 million yuan for Jiang Hai.

Even if Jiang Hai was cheated, he was the one who couldn’t resist the temptation and had to gamble.

If this happened once, it would happen again.

Mother Jiang’s expression changed. “Jiang Luoli, what do you mean? Are you going to watch your brother be detained at the police station and not save him? He’s your biological brother, do you want to watch him die?”

Jiang Luoli’s eyes were calm. “Mom, you know that it’s 10 million yuan. Where do you think I can find 10 million yuan to pay it back?”

“Why can’t you find it?” Mother Jiang was anxious. “Other celebrities earn tens of millions of yuan each. Even if you don’t have that much, you can’t be too bad. You earn money the fastest as actors.”

Father Jiang was a little anxious too. “Ah Li, you can’t ignore your brother. You know that your mom and I are getting fixed salaries. We only have so little money every year. 10 million yuan is something we can never earn in our lifetimes. If you don’t help, what will happen to your brother?”

“You used to be close. Can you bear to see him being locked up?”

Jiang Luoli found it funny. “Dad, Mom, it’s true that there’s a lot of money in the industry. It’s also true that it’s easier to earn money as an actress than ordinary people. But I’m just a student now. How much do you think I can earn without any fame?”

“Not to mention 10 million, even if you ask me to take out a million, I won’t be able to.” Jiang Luoli’s parents’ expressions changed.

Mother Jiang’s expression darkened. “Jiang Luoli, don’t think I don’t know that you’ve earned a lot of money over the years. Even if it’s not 10 million, it’s at least a few million. Now that your brother is in trouble, you’re a member of the Jiang family. You have the obligation to help him.

“Even if you can’t take out 10 million yuan, you have to at least help him pay back his debt first and get him out of jail.”

“Mom, I’ve said it before. I don’t have that much money.” Jiang Luoli looked at Mother Jiang calmly and said, “Before Xiao Hai accepted the 10 million yuan, he should have thought of his inability to repay it. But he still took the money.

“Whether someone set him up or not, he’s not innocent.

“This isn’t the first time Xiao Hai has gambled. If you hadn’t pampered him, would he have become like this? Because of your indulgence, this happened. You can’t do anything, and I also can’t do anything.”

Chapter 1555: Is She Here to Be Tortured?

“Ah Li, how can you say this? Our family can only count on you now. If you don’t do anything, what will happen to Xiao Hai?” Father Jiang’s expression darkened. “Xiao Hai is your brother, can you bear to see him suffer?”

Jiang Luoli clenched her fists and looked at the couple who were supposed to be her parents but were more like strangers.

These were her biological parents.

She pursed her lips and kept quiet for a while before saying mockingly, “Xiao Hai is my biological brother, so I have to help him. Even if he owes someone 10 million, I have to think of a way to help him pay it back.

“He’s your precious son, so you can’t bear to let him suffer. But what about me?”

Jiang Luoli was disappointed. "You don't even know where I can find these 10 million yuan. You're asking me what to do with Little Hai, but have you thought about what I should do? I don't have this sum, and even if I did, I wouldn't take it out to help him repay his debt.

"He can bear the consequences of his own actions."

"Y-You..." Mother Jiang was so angry that her face turned green. She pointed at her nose and started scolding. "Jiang Luoli, are you still human? You're so cruel to your own brother. Do you think you can really ignore it just because you say so? You're my flesh and blood. You grew up eating the Jiang family's food. Don't even think of being a shopkeeper.

"If you don't help me get your brother out, I'll make a scene at your school.

"By then, everyone in school will know what kind of person you are.

Father Jiang saw Jiang Luoli's expression change and reached out to pull Mother Jiang.

The Jiang family could only rely on this daughter now.

Although Father Jiang was unhappy with Jiang Luoli's behavior, he held it in for his son.

Mother Jiang was furious. She turned around and glared at Father Jiang. "Am I wrong? She's a black-hearted person. Xiao Hai is a descendant of the Jiang family. If anything happens to him, I won't let her off."

Jiang Luoli thought that she could calm down.

She was used to being treated differently since she was young.

But at this moment, she still felt cold.

Her heart went cold.

As expected, Jiang Hai was the only child in the Jiang family.

She was probably worse than an outsider.

After all, her parents were known to be good people, and the neighbors thought highly of them.

Jiang Luoli felt sad.

She didn't know why she rushed back.

Was she here to be abused?

"Ah Li, your mom said that out of anger. She's just worried about Xiao Hai." Father Jiang was afraid that Jiang Luoli would feel disappointed and leave. He immediately went forward and held her hand. "You've just returned, you must be hungry. Go in quickly, I'll cook you a bowl of noodles. We'll talk about Xiao Hai later."

Mother Jiang was about to scold her again.

Father Jiang glared at her coldly. "Are you only willing to let Ah Li go because of anger? No matter what, Xiao Hai can't be released immediately. If Ah Li didn't care about Xiao Hai, she wouldn't have come back."

Mother Jiang was stunned. Then, she thought that if Jiang Luoli left in anger, no one would care about Jiang Hai anymore.

Chapter 1556: I Don't Have a Place in That Home Anymore

She turned around and looked at Jiang Luoli coldly before walking into the house.

Jiang Luoli stood rooted to the ground.

Father Jiang tried to persuade her again. "You know your mom's personality. Your brother has been detained at the police station for a few days, and we can't get him out. Your mom's heart aches for your brother, so she doesn't know what to say.

"But she doesn't really think that way."

Jiang Luoli knew what her parents were like.

It was precisely because she knew that she felt sad.

She knew very well that even this little bit of warmth was because of Jiang Hai.

...

On the other side.

Madam Mo sat in the cafe and picked up the call.

A young man's voice came from the phone. "Madam, Jiang Luoli has been called back to her hometown by the Jiang family. Our plan is going smoothly. She definitely won't be able to pay her brother's debt. When the Jiang family is desperate, they will definitely agree to our conditions.

"Moreover, Jiang Luoli's parents don't care much about her. I can guarantee that as long as their son is released from the police station, they will agree to anything."

"That's good." Madam Mo held a cup of coffee in her hand and leaned against the sofa cushion behind her. She pursed her lips and said, "Everything will go according to the original plan. But I'm afraid that if she talks to Shixiu, he'll be smitten by her. What if I help her return the money?"

"Madam, don't worry. Jiang Luoli doesn't have a good relationship with her parents. Her parents favored boys over girls since she was young, so she must be unhappy with her parents. Moreover, we found out that she's a very headstrong girl. She definitely won't talk to Young Master."

Madam Mo smiled coldly. "It'd be best if that's the case. These shameless vixens are seducing my sons one after another. I won't let this Jiang girl succeed.

"This time, you have to settle this."

“Madam, don’t worry. We won’t let you down.”

Madam Mo had just hung up when her cell phone rang again.

She saw that it was her husband, Mo Yunchen, and picked it up.

“Wenpei, where are you now? I heard from Mom that you had a conflict with her and left home. Is this true?”

Madam Mo’s expression darkened. “Did Mom complain to you? Did you call me to help Mom teach me a lesson?”

“Wenpei, don’t be so unreasonable. Mom is old, can’t you be more tolerant? Why are you arguing with her? Also, you’re already so old, why are you still running away from home? Go back immediately and apologize to Mom. Don’t be so willful anymore.”

Madam Mo already felt aggrieved over this matter. Not only did her husband, who always doted on her, not console her, but he even criticized her now. She felt even more aggrieved.

She got angry.

She growled. “Mo Yunchen, I won’t go back. I don’t have a place in that family anymore, why should I go back? What do you mean I’m willful? Do you know how much I’ve suffered? All these years, I’ve tolerated Mom enough. But she’d rather be biased towards a few outsiders than take me as her daughter-in-law. I won’t go back, nor will I apologize to her. I didn’t do anything wrong, why should I apologize?”

Chapter 1557: May I Know This Lady’s Surname?

“I think it’s pretty good out there. I can do whatever I want. I don’t have to look at people’s faces or suffer.”

“Wenpei, you’re not a child anymore, don’t...”

“Enough, Mo Yunchen. I don’t want to hear this.” Madam Mo hung up angrily. Seeing that Mo Yunchen was calling again, she turned off her cell phone.

Just as she was getting angry, a gentle and polite voice sounded beside her. “Madam, can I sit here?”

Madam Mo looked up and saw an elegant young girl standing in front of her.

The girl looked about 24 or 25 years old.

She looked just like her.

She wasn’t a beauty in the traditional sense, but she looked very comfortable.

Madam Mo looked around and saw that there were other empty seats. She was about to ask the girl why she didn’t sit in the other empty seats when she heard the girl say gently, “Madam, can’t I? I prefer the seats here. If Madam thinks I’ll disturb you, then I’ll apologize.”

Madam Mo looked at the girl and kept quiet for a while. She smiled and said, "There's nothing to disturb. Since you like it here, then sit here. I'm feeling bored alone, so it's more lively with more people."

"Thank you, Madam."

The young girl thanked her and sat down beside Madam Mo.

She called the waiter over and ordered a cup of coffee and some desserts.

After the waiter left, Madam Mo sized up the young girl again.

Madam Mo had grown up in a rich family and was surrounded by all sorts of rich and powerful people. She had seen a lot and could tell that the girl's identity was unusual.

She sized her up for a while and said calmly, "May I know this lady's surname?"

The girl looked unfamiliar.

From her dressing, she didn't look like she was from Yuncheng City.

The young girl looked up and smiled elegantly. "My surname is Tang. May I know Madam's surname?"

"So it's Miss Tang. My surname is Mo."

Madam Mo quickly searched through the influential families in Yuncheng City, but she couldn't find any families with the surname Tang.

She was even more sure that this girl wasn't from Yuncheng City.

"Madam Mo." The young girl smiled and said, "I just came to Yuncheng City for a vacation. I don't know where in Yuncheng City is worth visiting. Madam Mo is a local, can you recommend a few places for me?"

"Of course."

Madam Mo had a good impression of the girl, so her attitude was especially good.

She enthusiastically introduced the girl and asked about other things related to her.

After asking around, she slowly found out that the girl came from a good family background. When she found out that she was still single, her attitude towards her became even more enthusiastic.

Madam Mo was actually very satisfied with Qiao Mianmian's current status.

She wanted to mend their relationship.

But Qiao Mianmian didn't have such plans.

Moreover, Old Madam had reprimanded her over and over again for Qiao Mianmian, making her lose face. Madam Mo hated Qiao Mianmian deeply now.

Even though Qiao Mianmian already had an identity that matched the Mo family's background, Madam Mo was still very unhappy with her.

She felt that Qiao Mianmian must have sowed discord between them.

Chapter 1558: As for the Outcome, It's Not Something She Can Control

That Jiang girl was definitely introduced to Mo Shixiu by Qiao Mianmian.

Madam Mo was furious at this thought.

Qiao Mianmian, that vixen, not only harmed her son but also caused her best friend to harm her other son.

So what if she was the daughter of the Bai family? If she stayed by her son's side, she might do something in the future.

She couldn't let her son be harmed by that woman.

Whether it was Qiao Mianmian or Jiang Luoli, these scheming women couldn't stay by her two sons' side.

...

City F.

After filming a scene, Qiao Mianmian was about to return to the van to rest when Qin Han stopped her.

"Mianmian, hold on."

Qiao Mianmian stopped in her tracks and turned to look at him. She took a piece of paper from Nana and wiped the sweat off her forehead. "Brother Han, what's the matter?"

"Mm." Qin Han nodded and walked to her. "Do you remember the audition I mentioned to you last time? The casting starts tomorrow. I asked Director Bai just now. We don't have any scenes tomorrow. I can take you to the audition."

Qiao Mianmian recalled.

Qin Han had told her about an audition for a huge production.

"Alright. Thank you, Brother Han." Qiao Mianmian was very grateful that Qin Han not only helped her get an audition but also took her there personally.

She felt that Qin Han was a very good senior.

He would usually teach her a lot about acting.

Qin Han played a part in Qiao Mianmian's performance.

To her, Qin Han was a good senior and mentor. He was willing to groom newbies.

Qiao Mianmian didn't know that Qin Han wasn't the kind of person she thought he was.

He was willing to help her because he admired her.

And she was the only junior Qin Han admired.

“Brother Han, do I need to prepare anything in advance?” Qiao Mianmian knew that the audition Qin Han introduced to her was an excellent resource and valued tomorrow’s interview.

Although she felt that the chances of her audition were slim.

But no matter how unlikely it was, she still had hope.

No matter what, she would do her best.

As for the outcome, she couldn’t control it.

Qin Han smiled. “You don’t have to make any special preparations. Just maintain your current state. Go back and have a good sleep tonight. You can go for the audition with the best appearance.”

Qiao Mianmian nodded. “Alright.”

Qin Han added, “There are a lot of A- and B-list actors going for the audition this time. Don’t be afraid when the time comes. You’re not as famous as them, but the director and producers pick the roles. Your acting skills are the most important.

“As long as you can beat them in acting, you have a chance of being chosen.”

“I got it, Brother Han. I’ll do my best.”

“Mm, don’t be too stressed. It’s naturally best if you can be chosen. If not, take it as an experience. You’re still young, there are many opportunities in the future.”

Qin Han said a few more words and then left.

“Coming, coming, coming again.” The crew’s logistics team arrived punctually with a few boxes of afternoon tea. Everyone habitually walked over and took their afternoon tea.

Chapter 1559: What If They Like Qiao Mianmian

Nana went to get Qiao Mianmian her favorite strawberry flavor.

“Mianmian, who do you think the crush is?” Nana couldn’t help but exclaim as she sipped on her milk tea. “It’s been almost a month, and he’s been sending so many afternoon teas over every day. What exactly is he doing?”

“He wants to bribe the entire crew with this method. We’ll understand when the time comes? When that time comes, we, who have enjoyed many benefits from him, will speak up for him. His chances of confessing and seeking love will be higher.

“I think so. Mianmian, what do you think?”

Qiao Mianmian bit on a piece of strawberry meat and couldn’t deny it.

She was also curious about the mysterious person who had invited the entire crew for more than a month of afternoon tea.

Actually, she wasn't the only one curious. The entire crew was curious too.

Everyone was guessing who it was.

Was she really someone's crush?

But this person was always like this and refused to show his face. The hotel that sent afternoon tea also kept his identity a secret.

She really couldn't guess who he was.

"Who cares who he is." Qiao Mianmian shook the strawberry milkshake in her hand and bit the straw. "I hope he can confess later. In that case, we can continue drinking afternoon tea.

"The strawberry milkshakes are really good."

...

The next day.

Knowing that Qiao Mianmian was going to audition for the movie, Linda rushed over from Yuncheng City to personally accompany her.

In the car.

Linda knew that Qin Han was the one who helped Qiao Mianmian with the audition. She couldn't help but say, "Qin Han is really nice to you. He's even willing to introduce you to an audition for such a role. He really helped you.

"If it wasn't for his recommendation, given your current popularity, you definitely wouldn't have gotten the chance to audition."

Even the A-list celebrities had to audition for the role.

Anyone who failed the audition would be eliminated, no matter how popular they were.

Hence, today's audition was definitely a test of the actors' abilities.

Some of the male idols and female artistes didn't even dare to come for the audition.

Qiao Mianmian had acting skills.

But Linda still felt that her chances of being chosen were slim.

After all, she was a newbie.

There was no shortage of capable actors in this industry.

"Yes, Qin Han treats me very well, so I'm very grateful that he gave me this opportunity. Actually, I don't have much hope this time. Just take it that I'm here to gain experience. It's not bad to see so many big shot seniors."

"It's good that you think that way. You're right. Whether you can be chosen or not, it's already good enough that you can attend the audition. It's not easy to enter the movie industry. Many big shots from

television dramas have long wanted to enter the movie industry, but they haven't succeeded. Moreover, you're still a newbie." Linda was afraid that she wouldn't perform well on the spot due to the pressure. Hearing her say this, she felt more at ease.

Although she sounded nonchalant about the audition, she still had hope.

Perhaps a miracle would happen.

What if they liked Qiao Mianmian?

Linda felt that besides her lack of fame, Qiao Mianmian's other qualities were very good.

Her looks were outstanding and her acting wasn't bad. She was the type that would definitely become popular if given a chance.

Chapter 1560: Say It Again

If she didn't consider her popularity, Qiao Mianmian might really be chosen.

...

The audition location was at a famous five-star hotel.

Qiao Mianmian and Linda got out of the car. Just as they reached the hotel entrance, they heard a surprised and incredulous voice behind them. "Qiao Mianmian? Why are you here?"

Qiao Mianmian was shocked to hear this voice.

She frowned and turned around slowly.

Behind her, Qiao Anxin's eyes widened as she stared at Qiao Mianmian.

"It's really you." She stared at Qiao Mianmian for a few seconds before asking angrily, "What are you doing here?"

Qiao Mianmian looked at her expressionlessly. "Then, why are you here?"

Qiao Mianmian was surprised to meet Qiao Anxin here and looked at her again.

Qiao Anxin was also here for today's audition?

"What am I here for? Of course, I'm here to audition for Director Cheng's movie. You can't be here for the audition too, right?"

Qiao Anxin didn't wait for Qiao Mianmian's reply. She sneered and said disdainfully, "What am I talking about? How could you be here for the audition? Could it be that you didn't get the chance to audition and came here to try out a role?"

"Qiao Mianmian, I advise you to give up. This isn't a place you should be at."

“If someone like you can come for the audition, why can’t our Mianmian do it?” Linda and Qiao Anxin had old grudges, and they were enemies. She looked at Qiao Anxin and sneered. “At least our Mianmian got the role cleanly, unlike some people who have to sell something.”

Linda had been in this industry for many years.

She naturally knew a lot about it.

She’d already heard about Qiao Anxin accompanying Boss Huang.

She had a feud with Qiao Anxin, so she didn’t hold back.

Qiao Anxin’s expression changed as she glared at her. “Xie Linda, what did you say? Say it again if you dare.”

“I’ll say it again.” Linda smiled coldly. “Why, did I wrong you? Everyone in the industry knows about your past. Why are you acting in front of me?”

“I didn’t say it out loud because I wanted to save you some face. It’d be awful if I did.”

Linda didn’t hold back at all, as if she didn’t see Qiao Anxin’s face turn green. She continued to mock her coldly. “If Star Splendor hadn’t given all the good resources to you alone in the past and spent so many years supporting you, would you be where you are today?”

“If the same resources were thrown at other newbies with potential, they’d be popular long ago. And some people have barely made it to the front line. Now that they’ve left Star Splendor, they don’t have the resources thrown at them anymore. Wouldn’t they be back to square one?”

“It’s not that I want to say it, but with your acting skills, coming to the audition today is just asking for humiliation. I advise you to give up and leave this place as soon as possible. This isn’t a place you should be at.” Linda returned Qiao Anxin’s words to her.

She wasn’t afraid when Qiao Anxin was still in Star Splendor.
