

## Big Shot 1571

### Chapter 1571: It Seems Like You Really Admire This Newbie

“Sister Shen.” Before she left, she waved at Shen Fei. “We’ll meet again in the future. Thank you for your encouragement.”

“Alright, see you next time.” Shen Fei smiled.

A moment later.

Qiao Mianmian left.

Shen Fei looked at the director in confusion. “Director Cheng, I think she performed very well. What are you dissatisfied with?”

The performance just now wasn’t perfect.

But for a newbie, it was pretty good.

Shen Fei felt that it would be a pity if the director didn’t consider using her just because of his reputation.

Like Qin Han, she cherished talent, so she couldn’t bear to see Qiao Mianmian being dismissed.

“She did well.” The director nodded.

Shen Fei was even more confused. “Then, why did you...”

“I didn’t say I don’t need her.” The director smiled at her. “Why, it’s the first time you’re meeting a newbie. Why are you so concerned about her? Is it because of Qin Han, or is it because of other reasons?”

“It has something to do with Qin Han, but not much.”

Shen Fei smiled and said honestly, “I admire this newbie. Director Cheng, we’re old friends. Just tell me directly if you need her or not. I think her acting is pretty good and she’s pretty. She’s still lacking in popularity, but Director Cheng’s films will still sell even if you use newbies.”

Shen Fei smiled. “Director Cheng, what do you think?”

“Hahaha.”

Director Cheng laughed. “Shen Fei, it seems like you really admire this newbie. In order for me to use her, you actually flattered me. This isn’t your usual style.”

“Director Cheng, I’m not flattering you. I’m just speaking the truth. It’s just a suggestion. The final decision is in your hands.”

“Don’t worry.”

Director Cheng said, “If it’s a promising talent, I won’t bury it.”

“With Director Cheng’s words, I’m relieved. Then, about my audition, I...”

“Come on, this isn’t the first time I’m working with you, why are you still auditioning?” Director Cheng waved his hand. “Just go through the process. Go back and wait for the contract.”

Shen Fei nodded and left.

The others had no objections.

Everyone knew how good Shen Fei’s acting was. Moreover, this wasn’t their first time working together.

Some candidates were already decided.

People like Shen Fei were just here for formality’s sake.

After Shen Fei left.

The director didn’t let the next group of actors in immediately.

He turned to the scriptwriter and producer. “What do you think of that newbie?”

“Her crying scene was very good. Very infectious. I can tell that you really like acting, not playing around. If you ask for my opinion, I think she can be used.” The scriptwriter was at the top of the industry. The movies he produced all sold well.

Hence, he had some authority over the actors.

“Yes, I think so too,” the producer said. “I heard from Qin Han that she’s Bai Yusheng’s cousin. I have to take care of Bai Yusheng’s sister no matter what.”

The director nodded. “Since you think she’s useful, leave her a role.”

The scriptwriter smiled. “Director Cheng, you’d already decided before you asked us.”

### **Chapter 1572: I Thought of the Singer Immediately**

“Even if we didn’t say it, you’d definitely insist on using her.”

They were well-known in the industry.

They were work buddies and friends.

After working together for so many years, they had some understanding of each other’s habits.

The director shrugged. “Am I that obvious?”

“It’s not that your performance is obvious, but that newbie’s performance is too good.” The scriptwriter immediately arranged a role for Qiao Mianmian. “I think the role of the female singer suits her. She’s so beautiful, talented, proud, and cold. She’s obviously a beauty, but she ended up in such a tragic state.

“Her performance just now reminded me of a singer.”

“Singer?” The director thought for a while.

The movie this time was a large-scale ancient martial arts drama. The singer was the second female lead in the movie, and she ended in tragedy.

Although the singer wasn't the female lead, her role impacted the entire movie.

She had many scenes.

Moreover, this role was more malleable and challenging than the female lead.

If she acted well, she would become famous.

If she didn't act well, it would affect the entire movie.

The director never thought of giving such an important role to a newbie.

The newbie's performance was indeed good. He felt that he should give her a chance.

But this was a huge movie.

Normally, they rarely used newbies. Even if they did, they wouldn't let newbies play important roles.

The director wanted to give Qiao Mianmian a role that would allow her to show her face for a few minutes, such as the personal servant of the female lead.

Who knew that the scriptwriter actually wanted Qiao Mianmian to be the female singer.

The director knew how picky the scriptwriter was. She wrote the script herself, so she was even more careful when choosing actors.

The fact that she was willing to give Qiao Mianmian the second female lead role meant that she was really satisfied with the newbie.

The screenwriter had a lot of authority when it came to deciding whether the actors would stay or not.

The director kept quiet for a while and didn't say anything. He then turned around and asked the producer, "Old Zhao, what do you think?"

"I don't have any objections." The producer spread his hands and smiled. "I think the young lady is not bad too. She has looks and acting skills. Other than her fame, she's not inferior to those old people.

"It's not like you haven't used a newbie in an important role before. What's there to be afraid of? I think this girl will definitely give us a lot of surprises."

The director didn't have any objections.

He thought for a while and nodded. "One of you will produce, and the other will tell the story. If you aren't worried, what else do I have to worry about? Alright, then give her the role of the female singer. I hope she performs well and doesn't disappoint us."

This matter was settled.

...

On the other side.

Qiao Mianmian was sure that she wouldn't be picked.

She didn't think much of it.

Linda, on the other hand, was afraid that she'd be upset. After leaving the hotel, she continued to persuade her. "Mianmian, actually, it doesn't mean anything that you didn't get chosen today. It's already good to be able to attend such an audition. It's like a movie nomination. Very few people get an award on their first nomination. But isn't being nominated a form of affirmation?"

### **Chapter 1573: Sister, You Have to Help Me**

"Qin Han recommending you for such an audition is also a form of affirmation of your capability. If you perform badly and make him feel that you're terrible, can he recommend you? You're still young, there will be many opportunities in the future.

"I think it's good enough that we can do well in the television industry.

"As for the movie industry, it's good that someone can bring you into it. You don't have to worry if you can't. Look at how many people want to enter that industry, but how many people succeeded?"

Qiao Mianmian couldn't help but smile. "Sister Xie, don't worry about me. I'm not upset about this.

"So many seniors came for the audition today, and they're all outstanding. I really don't have any advantage over them. It's expected that I didn't get chosen."

Linda looked at her. "You're not sad?"

"At first, a little, but I quickly figured it out." Qiao Mianmian said honestly, "I'm definitely disappointed that I wasn't chosen. But after thinking about my current strength, I can accept this outcome."

"It's best that you think that way." Linda looked at her again and saw that she was really not in a bad mood. She didn't try to persuade her anymore. "When your drama comes out and accumulates true popularity and fans, your status will naturally slowly increase. Every drama produced by Bai Yusheng is popular. Even if you can't make it big with this drama, it's fine to slowly become popular.

"When the time comes, I'll sign some advertisements and variety shows for you. It's not impossible to get into the A-list this year."

Linda wasn't worried about Qiao Mianmian's future.

With the powerful backing of the Chairman of the Mo Corporation, was there a need to worry about not making her popular?

Even someone like Qiao Anxin, who wasn't very capable, could be raised by Su Ze.

It didn't make sense that Qiao Mianmian was inferior to her.

Linda had already planned Qiao Mianmian's development this year. Variety shows were very popular now, especially reality shows.

Even some female artistes who didn't have any works got into the B-list after a few episodes.

Hence, all the major entertainment companies wanted their artistes to appear on variety shows with good ratings to maintain their popularity.

Linda planned to let Qiao Mianmian go on a variety show after filming her drama.

After all, even though Qiao Mianmian wasn't being criticized by the entire internet, her reputation wasn't too good.

She could change the netizens' negative impression of her by appearing on variety shows.

Of course, this was in case the drama didn't work out.

If Qiao Mianmian became popular with this drama, Linda wouldn't have to worry about many things. All sorts of good resources would come knocking on her door.

Qiao Mianmian had no objections to Linda's arrangement.

After signing as a manager, the only thing she had to do was to act well.

As for the rest, it was naturally left to the professionals. She didn't have to worry too much.

...

The Jiang family.

Jiang Luo entered the police station.

Jiang Hai started crying the moment he saw her. "Sister, you have to help me. I don't want to stay here anymore. Help me out."

Jiang Luoli looked at him expressionlessly.

#### **Chapter 1574: Perhaps You Still Have a Little Hope of Leaving**

Jiang Hai looked haggard. His face was pale, and the dark circles under his eyes were obvious.

It was obvious that he hadn't slept well the past few days.

It'd be strange if he could sleep well in such a place.

After all, he was her biological brother. They used to be close when they were young.

Jiang Luoli felt bad for him.

But even so, she still felt that Jiang Hai deserved it.

"Since you don't want to stay here, why didn't you think of this day when you took someone else's money?"

"Sister, I-I was wrong." Jiang Hai held Jiang Luoli's hand tightly and cried. "I know my mistake now. I won't dare to do it again. Can you save me? I'm your biological brother.

"You can't bear to see me locked up, right?"

Jiang Luoli pulled her hand out of his grasp.

Jiang Hai was stunned and looked at her in a panic. "Sister."

"Xiao Hai, you're not a three-year-old child anymore. When people do something wrong, they have to bear the consequences.

"You should know that you don't owe 12,000 yuan. Do you think I can fork out 10 million yuan to pay your debt?"

"Sister..."

"I didn't come here today to take you away. I can't take you away, either. If you want to be released, it's best you tell me everything from the beginning to the end. Don't miss a single word. Perhaps you still have a chance."

Jiang Luoli was furious.

But after calming down, she felt that this matter was indeed strange.

It wasn't as if the casino didn't have such tricks.

But that was because they had asked about the other party's wealth and made sure that the other party had the ability to repay it.

The person who lent Jiang Hai 10 million yuan must have heard about the Jiang family.

It'd be abnormal if they lent the money to Jiang Hai knowing about the Jiang family's situation.

Jiang Hai had never been locked up like this.

He immediately told Jiang Luoli everything that happened.

Then, he tugged Jiang Luoli's sleeve with tears in his eyes. "Sister, I've told you everything. I promise that everything I said is true. He said that he would definitely be able to bring me money. I thought that if I could win a sum of money, I could improve our family's life.

"I could buy a big house and a good car. You wouldn't have to worry about me anymore.

"Sister, I really didn't expect that I would..."

"Alright." Jiang Luoli raised her hand and interrupted him. "When people gamble, they only think they will win. They never think they will lose. You've already been tricked many times and suffered many losses. Haven't you learned your lesson?"

"Don't say you're thinking for the Jiang family. You're just too greedy, that's why you fell into someone else's trap.

"Even if the other party deliberately set you up, it's because you can't resist the temptation."

Jiang Luoli sighed as she looked at the crying Jiang Hai.

Jiang Hai wasn't a bad person.

He was rather obedient and sensible when he was young.

It was all because of their indulgence.

Jiang Luoli used to discipline Jiang Hai when she lived at home. He was willing to listen to her and didn't go too far.

### **Chapter 1575: Don't Even Think of Raising Your Head in Your Life!**

Later, Jiang Luo left the city to study in high school and stayed in school. The siblings saw each other less and less, and Jiang Hai had no one to control him anymore.

Coupled with Mother and Father Jiang's pampering, Jiang Hai completely let himself loose and got together with those hooligans outside.

But now, Jiang Hai was willing to listen to Jiang Luoli.

In his eyes, Jiang Luoli was nicer to him than her parents.

Jiang Hai had never cried in front of his parents, but he did in front of Jiang Luoli. "Sister, I know you're the only one who's true to me. I'm wrong, I really know my mistake. If I can get out this time, I won't make the same mistake again.

"Sister, if only you'd stayed at home all those years ago. I definitely wouldn't be like this now."

"I hate Dad and Mom. If it wasn't for them, would I be like this?"

Jiang Luoli kept quiet.

If she hadn't gone to the city to study and had gone to high school in the county, perhaps everything would have been different.

But "maybe" and "ifs" didn't exist in the world.

...

She left the police station.

Father Jiang and Mother Jiang were waiting outside. When they saw Jiang Luoli, they immediately got up and walked towards her.

Mother Jiang was the most agitated. She grabbed Jiang Luoli's hand and asked anxiously, "How is it? What did you and Xiao Hai talk about?"

Jiang Luoli looked at her calmly. "Mom, I can't get Xiao Hai out for now."

Mother Jiang got anxious when she heard this. "What do you mean? Do you still want Xiao Hai to stay inside? Xiao Hai has never suffered at home since he was young. He's been in there for so many days. He looks thinner and haggard.

"If he stays there, his body won't be able to take it."

Jiang Luoli pursed her lips. "It's not that I want him to stay locked up, but that I can't get him out. I went to see Xiao Hai just now. He's a little skinny, but he's in good spirits. You don't have to worry too much. He's not as weak as you think."

"Jiang Luoli, are you even human?" Mother Jiang raised her hand and said angrily, "That's your biological brother, how could you say such inhumane things?"

"What are you doing, don't be rash!"

Father Jiang immediately grabbed her hand. "We're outside, control your temper."

"Moreover, Ah Li didn't say that she doesn't care about Xiao Hai."

"She hasn't said anything yet. She doesn't want to bother about Xiao Hai!"

Mother Jiang's face was pale. She gritted her teeth and said, "Anyway, I only have one son. If anything happens to Xiao Hai, I'll die. At that time, I'll die in front of you, Jiang Luoli. I want everyone to know that you're unfilial, forcing your own mother to death!"

"Don't even think about raising your head in this lifetime!"

Mother Jiang gritted her teeth in hatred. It was as if Jiang Luoli wasn't her biological daughter, but her enemy.

Jiang Luoli walked past her calmly.

Mother Jiang got even angrier.

Mother Jiang wanted to continue scolding her, but Father Jiang stopped her.

"Why are you holding me! You saw it, I shouldn't have given birth to such an unfilial daughter. Anyway, if anything happens to Xiao Hai, I won't let her off."

### **Chapter 1576: What's This?**

"Ah Li is our only hope now. Do you really want to anger her into leaving? By then, no one will be able to save Xiao Hai."

"But you saw her attitude just now. Do you think she'll save Xiao Hai?"

"If she wasn't willing to save him, she would have left long ago." Father Jiang was more rational and analyzed the pros and cons for Mother Jiang. "Don't you know your own daughter? She has had a sharp tongue and a soft heart since she was young. She has had a good relationship with Xiao Hai since she was young, it's impossible for her to leave him rotting in jail."

Mother Jiang's expression softened a little, but she still said with a straight face, "So what? 10 million isn't a small sum. Even if she really has this sum of money, she might not take it all out to pay Xiao Hai's debt."

Father Jiang frowned and was about to speak when Mother Jiang's cell phone rang.

Mother Jiang took out her cell phone and saw that it was an unknown number.

She thought for a while and picked it up.

A minute later, Mother Jiang's expression changed. She gripped her cell phone tightly, and a hint of joy appeared in her eyes.

...

After Jiang Luoli left the police station, she kept thinking about what Jiang Hai told her.

It was obvious that he had been tricked.

But the person who tricked him didn't seem to be after money.

They wanted to make Jiang Hai pay and then send him to the police station.

But who had such a huge feud with the Jiang family and needed to set such a trap for Jiang Hai?

The person who set this up wasn't even on the same level as the Jiang family.

An ordinary family wouldn't be able to fork out 10 million yuan.

Jiang Luoli thought for a while and then suddenly thought of someone.

Jiang Hai liked to hang out outside, but he didn't make any big mistakes over the years. The Jiang family didn't have a feud with anyone.

If she had to say who the Jiang family offended, it was someone she offended.

After that negotiation, she rejected Madam Mo's check. She could tell that Madam Mo was very angry.

But she never looked for her again.

She felt uneasy and thought that Madam Mo wouldn't let this go.

And Jiang Hai's incident this time was so abnormal. It wouldn't be strange if... it was Madam Mo's doing.

After the negotiation failed, she started with her family.

This was a common tactic used by rich families.

If Madam Mo got someone to do this, it wouldn't be so easy to get Jiang Hai out.

It wasn't about repaying the money.

Jiang Luoli was furious. She clenched her fists and dialed a number.

It was the number that Madam Mo had used to call her.

She didn't know if it was Madam Mo's number, but it went through after a while.

"Hello."

A woman's voice came from the phone.

Jiang Luoli bit her lip and clenched her fists. "Madam Mo, it's Jiang Luoli."

It was Madam Mo's voice.

"Miss Jiang?" Madam Mo was stunned for a few seconds before chuckling. "What's going on? Why would Miss Jiang call me? Why is Miss Jiang looking for me?"

Not wanting to beat around the bush, Jiang Luoli asked coldly, "Did you get someone to settle my brother's matter?"

"Miss Jiang's brother?" Madam Mo sounded confused. "I don't understand what Miss Jiang is talking about."

### **Chapter 1577: Other than Madam Mo, She Can't Think of Anyone Else**

Jiang Luoli took a deep breath. "Madam Mo, if you want me to leave your son by dealing with my family, then I want to tell you that's wishful thinking on your part. My relationship with my family isn't good.

"You got someone to set a trap and capture my brother. This doesn't affect me at all. I think you should have asked about my family beforehand. Then, you should know what kind of person my brother is. I think it's good that you got him in jail. After he stays locked up for a few years, maybe he'll be better when he comes out."

"Ha, Miss Jiang." Madam Mo smiled and said, "Miss Jiang, your imagination is really rich. Do you think too highly of yourself? I was worried that you would affect Shixiu's future, so I asked to see you.

"But then, I thought about it. What's there to worry about? Shixiu is just new to you. When this novelty wears off, he'll naturally lose interest in you. Why do I have to spend so much effort on you?"

"From what you're saying, something happened to your brother?" Madam Mo chuckled. "Your brother really makes the family worry. You're right, he might recover after a few years in jail."

Jiang Luoli hung up.

Madam Mo said she hadn't done it.

But Jiang Luoli didn't believe it.

Besides Madam Mo, she couldn't think of anyone else.

But if Madam Mo did this, her goal was definitely to separate her from Mo Shixiu.

But Madam Mo didn't say anything on the phone.

Jiang Luoli felt that perhaps Madam Mo wasn't behind this.

As Jiang Luoli was worrying about this, she heard footsteps behind her.

It was Mother Jiang and Father Jiang.

Mother Jiang's expression was no longer as cold as before. There was even a hint of a smile in her eyes, as if she had encountered something joyous.

When she spoke to Jiang Luoli again, her tone was much gentler. “Ah Li, it was my fault just now. Mom shouldn’t have lost her temper at you. Can you forgive Mom? I’m just too worried about your brother.”

Jiang Luoli looked at her in shock.

This was probably the mildest Mother Jiang had treated her in the past two days.

What was wrong with her?

She hated her so much just now.

“Ah Li, are you hungry? I’ll cook for you when we get home, alright? I’ll make your favorite dishes.”

Mother Jiang was stunned when she saw Jiang Luoli’s expressionless face. She went forward and grabbed her hand.

Jiang Luoli immediately took her hand back.

Mother Jiang’s expression stiffened.

She took a step back and said calmly, “I’m not hungry, don’t bother.”

Mother Jiang’s expression remained stiff for a few more seconds. She gritted her teeth in hatred, but on the surface, she smiled and said, “How can it be troublesome to cook for your daughter? I remember that you’ve liked the spicy and sour fish I made since you were young. When I get home, I’ll go to the market to buy a fish and cook for you.”

Mother Jiang’s attitude changed too quickly and was overly enthusiastic.

Jiang Luoli looked at her suspiciously.

“Why are you staring at me? Don’t you recognize me?” Mother Jiang felt a little guilty.

“Nothing.” Jiang Luoli looked away and smiled. “Mom, did you forget something?”

### **Chapter 1578: Forget It, I Don’t Care Anymore**

“What?”

“The person who likes spicy and sour fish is Xiao Hai, not me. I’ve never liked this dish.”

With that, Jiang Luoli walked to a black car parked by the roadside and got in.

Mother Jiang stood rooted to the ground.

Was Jiang Hai the one who liked spicy and sour fish?

But why did she always remember Jiang Luoli?

...

Jiang Luoli returned to her bedroom.

She lay on the bed and closed her eyes.

Initially, she decided to ignore Jiang Hai.

After all, he deserved it.

But after meeting him, she realized that she couldn't be hard-hearted and really not care about him.

She recalled many things from her childhood.

Back then, Jiang Hai was really obedient. He always followed behind her and called her "Sister."

Just like how he had held her hand at the police station and cried for her to save him.

Jiang Luoli's heart softened.

If it was just 10 million yuan, she could still pay it back.

But if it was Madam Mo, that wouldn't work.

Jiang Luoli thought about it and felt that this matter could only be resolved by telling Mo Shixiu.

She couldn't do anything to Madam Mo.

But Mo Shixiu definitely had a way to get Jiang Hai out.

Jiang Luoli hesitated for a long time. Before she could decide whether to call Mo Shixiu, there was a knock on the door.

Father Jiang said, "Ah Li, are you asleep?"

Jiang Luoli kept quiet for a few seconds before getting off the bed and opening the door.

"Ah Li, your mom has finished cooking. Let's go down and eat." Father Jiang saw that Jiang Luoli was still standing at the door. He sighed and said, "Are you still angry with your mom? I've already told her, she knows that she's wrong now."

"She's just too worried about your brother. What she said was harsh, but it was all in a hurry..."

"Dad, do you think those words are just mean?" Jiang Luoli smiled, but there was no smile in her eyes.

Father Jiang was stunned.

"Forget it, I don't care anymore." Jiang Luoli smiled again and said self-deprecatingly, "I'll think of a way to save Xiao Hai. But you and Mom remember, if this happens again, don't call me again."

It took a few seconds for Father Jiang to react. "Ah Li, can you save your brother?"

"I don't know. I'll do my best."

If Madam Mo was the one who set Jiang Hai up, then she was also responsible for this.

"Alright, alright, alright. I'll do my best." Jiang Luoli finally relented and was willing to help, so Father Jiang naturally listened to her. "Let's put your brother's matter aside first. Go down and eat, don't starve."

Jiang Luoli didn't feel warm at all.

She didn't feel any kinship.

She knew very well that both Father Jiang and Mother Jiang were concerned about Jiang Hai.

Everything was for Jiang Hai.

...

At an entertainment clubhouse.

Smoke and fire lingered in the private room.

Several big-bellied men were each embracing a beauty. Some were enjoying the food the beauty was feeding them, while others were enjoying wine.

### **Chapter 1579: You Guys Don't Understand**

"Boss Huang, come and have a drink."

The woman looked at Boss Huang flirtatiously and fed him a glass of red wine.

If it was any other time, Boss Huang would have already touched the woman in his arms.

But tonight, he didn't seem interested in anything. He didn't even look at the woman in his arms.

He pushed the red wine away and frowned.

The woman was stunned and looked at him in surprise.

"Boss Huang, what's wrong with you?" After being stunned for a few seconds, the woman leaned over with a smile and pretended to feed him.

Boss Huang waved at the woman impatiently. "Go away, don't bother me."

"Hey, Boss Huang."

A man sitting on the opposite sofa looked up and joked. "What's wrong with you today? You're not even interested in beauties anymore. This is the first time I see this.

"Could it be that because of the new beauty you recently got, other women have become vulgar in your eyes?"

"Boss Huang got a new beauty recently? Who is it? Why don't I know?"

"You know that female celebrity. She used to be Young Master Su's girlfriend."

"You mean this woman? There's nothing special about her. She's just so pretty, how could she make Boss Huang so obsessed?"

"You don't understand. It's not necessarily because of looks. For men, as long as they're good-looking, it's the same even if they turn off the lights. Most importantly... Hahaha, you know."

The crowd burst into laughter.

Boss Huang kept quiet.

In the past, he used to think that women were all the same. As long as they looked pleasing to the eye, it was the same even if they turned off the lights.

But now...

That exquisite face and that figure that he yearned for day and night appeared in his mind again. For the first time, Boss Huang felt that there was a huge difference whether she was pretty or not.

It was all nonsense.

How could it be the same?

This was the first time he'd seen such a beauty in the entertainment industry.

All the vulgar women he'd played with in the past added together weren't even half as elegant as that beauty.

That beautiful face and fair skin.

If he could have such a beauty, even if it was only once, he would have no regrets in his life.

Ever since he saw that beauty, he had lost interest in other women.

Anyone would find it boring.

Even Qiao Anxin was thrown aside.

"You don't understand." Boss Huang sighed and looked at the laughing crowd. "When you meet such a beauty, you'll know what it means to be vulgar."

"Oh." A man laughed. "What kind of beauty did Boss Huang meet to make you so smitten? If it's the female celebrity who dated Young Master Su, her looks aren't outstanding."

"It's not her." Boss Huang sighed. "It's her sister."

"Sister? You mean the beauty you met is that female celebrity's sister?"

"Mm."

"Since you like her, then take her."

These men were used to it and weren't short of money. They felt that anything in this world could be solved with money.

### **Chapter 1580: You Passed Our Audition**

After all, the women around them were all rich.

"It's not that easy." Boss Huang frowned. "She's not one of those women who can be settled with some money. I heard Bai Yusheng is protecting her. Otherwise, I would've found a way to get her."

"Bai Yusheng's woman?" The men in the room looked a little afraid when they heard that name.

They thought the woman Boss Huang mentioned had an ordinary identity.

If she was protected by Bai Yusheng, no one would dare to do anything.

“If you ask me, what’s there to be afraid of?” A man kissed the woman in his arms and said disapprovingly, “It’s just a woman. Let’s think of a way to play with her first.”

Boss Huang was tempted, but he was afraid. “I wouldn’t dare. If I offend Bai Yusheng, I’ll be in trouble.”

“Then don’t let him know.”

That person continued to come up with bad ideas. “Find someone to follow her and knock her out. When she passes out, you can do whatever you want. After playing with her, find a place to throw her away.

“How would she know who you are?”

“Moreover, she’s just Bai Yusheng’s woman, not his girlfriend. Even if something happens, Bai Yusheng won’t make things too ugly over a woman.”

Boss Huang had been eyeing Qiao Mianmian ever since that day.

He even dreamed of getting her.

He asked around and found out that Qiao Mianmian and Bai Yusheng weren’t relatives at all.

But Bai Yusheng did take good care of her.

Although Boss Huang was envious, he was still afraid.

He didn’t dare to offend Bai Yusheng.

He couldn’t bear the consequences of angering him.

But after hearing what that person said, he was a little tempted.

That’s right, find someone to follow her and knock her out.

He would throw her somewhere before she woke up.

How would she know?

The more Boss Huang thought about it, the more he felt that this idea was feasible. That stunning figure appeared in his mind again, and he was so excited that his face turned red.

...

The next day.

When Qiao Mianmian received the notice, she thought she was dreaming.

She was woken up by her cell phone.

“Miss Qiao, congratulations. You’ve passed our audition. We’ll discuss the details when you get to the company.”

They hung up.

Qiao Mianmian was still in a daze.

Her mind was buzzing. A few seconds later, it was as if her brain had returned to normal. Her eyes and expression gradually returned to normal.

After hanging up, they sent her a text message with the address to sign the contract.

Qiao Mianmian clenched her cell phone and read the message over and over again.

Afraid that she'd misunderstand something, she read each word very slowly and then combined them to read it again.
