Chapter 1691: You Won't Be That Unlucky

She was still thinking about what Qiao Chen had said to her.

She didn't want to think too much.

But she didn't think it was an illusion.

Qiao Chen sounded like he cared about her.

Even if it was a little.

Otherwise, he wouldn't keep asking her which hospital she was at.

If he didn't care, what did her life have to do with him?

But Shen Xin felt she was overthinking.

She had pursued Qiao Chen for three whole years.

Back when the Shen Family was still decent, Qiao Chen hadn't liked her.

How could he fall for her after he became the Young Master of the Mo Family and she became a poor girl?

He was probably just concerned.

If it was any other classmate, he might have said the same thing.

She was about to leave Yuncheng City, what was the point of thinking about unrealistic things?

Shen Xin put her cell phone aside.

Just as she was about to lie down and sleep, she heard her sister, Shen Rou, and Madam Shen's voice coming from outside the door.

The door was pushed open.

Madam Shen walked in anxiously and worriedly. When she saw Shen Xin's leg hanging from the cast, her eyes reddened.

"Xiao Xin." Madam Shen sat down by the bed and grabbed Shen Xin's hand.

Her heart ached as she cried. "You were fine, how did you get into an accident? My poor child has never suffered like this since you were young. It must be so painful."

Shen Xin held her hand and comforted her. "Mom, don't cry. I'm fine. I'm lucky, it's just a fracture. The doctor said I'll be fine after a while."

Madam Shen's eyes were still red from crying. "Your leg is broken, and you're still saying you're fine. I asked the doctor just now, and he said that even after your leg is healed, it might leave behind some hidden issues. You're still so young, and you're still unmarried. If something happens to your leg..."

Shen Xin pursed her lips and clenched her fists.

The doctor did say that.

Although the chances were low, it was still very dangerous even if there was a 1% chance.

Shen Xin tried her best to ignore this.

But Madam Shen suddenly mentioned it, and she couldn't ignore it.

Because of the car accident, she had lost a lot of blood and looked a little pale. Madam Shen's words made her already haggard look even paler.

When Madam Shen realized that Shen Xin's expression had changed, she suddenly realized what she had said.

"Xiao Xin, don't... don't be sad," Madam Shen said. "The doctor also said that your leg has a 90% chance of recovering completely. That, the possibility of that hidden issue is very small, so don't think about bad things."

"Mom, I know what you're saying." Shen Xin lowered her head and kept quiet for a while. When she looked up, she smiled and said, "I'm not sad. I believe I won't be so unlucky."

"Yes, yes." Madam Shen quickly nodded. "You definitely won't be so unlucky."

"Xiao Xin, does your leg still hurt?" Madam Shen doted on her daughter.

In fact, she loved her more than Shen Rou.

Chapter 1692: It's Good to Be Really Disabled

Shen Xin was obedient, pretty, and good in her studies.

Compared to Shen Rou, she was more worrying.

Moreover, Shen Xin had a serious illness when she was young and almost lost her life. Hence, after she recovered, Madam Shen doted on her even more.

Looking at her precious daughter lying on the hospital bed, Madam Shen couldn't hold back her tears.

She wiped her tears with a handkerchief.

"Mom, it doesn't hurt." Shen Xin saw that Madam Shen was crying and felt heartache. "The doctor administered anesthesia, so it doesn't hurt at all. I'm really fine. Mom, don't cry anymore."

"Mom's heart aches for you." Madam Shen held her hand and continued crying. "Your leg is broken, how could it not hurt?"

Shen Rou stood behind Madam Shen and sneered.

Madam Shen and Father Shen loved her, too.

But in the end, she couldn't compare to her sister.

Before the Shen Family fell, she didn't think much of it.

But when something happened to the family, Father Shen and Madam Shen asked her to go on blind dates.

For the sake of the Shen Family, they didn't care about her daughter's happiness at all. Even a pig-headed man was introduced to her.

But Shen Xin.

She was also the daughter of the Shen Family, but they didn't ask her to do anything.

Their reason was that Shen Xin was still young.

At this thought, Shen Rou's eyes became even colder and more mocking.

Shen Xin was still young, they were just biased.

Hence, Shen Rou didn't feel bad for her sister when she saw Shen Xin lying on the hospital bed with a broken leg.

She even felt a little happy.

If something happened to Shen Xin's leg, she would be handicapped in the future.

No matter how much Madam Shen and Father Shen doted on her now, they wouldn't like a disabled daughter anymore.

Shen Rou couldn't help but think that Shen Xin was really disabled.

"Mom, why don't you ask how Xiao Xin broke her leg?" Shen Rou looked on coldly for a while and said emotionlessly.

Madam Shen was stunned. "Wasn't there an accident?"

"It was a car accident." Shen Rou sneered and looked at Shen Xin mockingly. "But if she wasn't going to Qiao Chen's birthday party, this car accident could have been avoided."

"Qiao Chen?" Madam Shen was stunned again. "Who is this?"

"Mom, you forgot that we attended his banquet together. That Qiao Chen is the Young Master that the Mo Family just acknowledged. He should be called Mo Chen now."

"So, you're talking about him..." Madam Shen was stunned for a few seconds before looking down at Shen Xin. "Xiao Xin, is what your sister said true? You got into a car accident on the way to his birthday party?"

Shen Xin looked up and frowned at Shen Rou.

Shen Rou smiled and didn't avoid her gaze. Instead, she looked at her and continued, "Xiao Xin, this Qiao Chen is your classmate, right? You've been deskmates for a few years, so your relationship should be pretty good.

"I asked you to beg him to help our Shen Family. Did he help?"

Shen Xin pursed her lips and kept quiet for a while before saying, "Sister, Qiao Chen isn't that influential in his family. You know that he has just been acknowledged by the Mo family. He didn't grow up in the family, so how deep can his relationship with the Mo Family be?"

Chapter 1693: Do You Have the Face to Love the Shen Family's Enemy?

"He agreed to help, but it's not up to him to decide whether the Mo Family is willing to help us."

"Ha." Shen Rou sneered. "He promised to help, but he won't necessarily do it. Even if he just returned to the Mo Family, doesn't have a deep relationship with them, and doesn't have enough authority, he's still Mo Yesi's brother-in-law.

"Mo Yesi is in charge of the Mo Corporation now. As long as he agrees to help, he can help us survive this crisis. But did he do it? If he did, I don't believe Mo Yesi won't give him face."

Although Shen Rou wasn't willing to admit it, it was a fact that Mo Yesi cared about Qiao Mianmian.

And Qiao Chen was Qiao Mianmian's brother.

Hence, there was only one possibility: Shen Xin didn't ask Qiao Chen to plead with Mo Yesi.

Thinking about the Shen Family's current situation, Shen Rou's eyes were filled with anger. She criticized Shen Xin. "Xiao Xin, you're the one who has the most hope of getting us through this crisis. But as the daughter of the Shen Family, what have you done for the family?"

"You're not even willing to help the Shen Family plead for mercy. To think everyone doted on you since you were little. Aren't you letting your conscience down?"

"Qiao Mianmian and her brother have always been unhappy with me. I think they took advantage of the Shen Family's predicament and did something to add insult to injury. Otherwise, with our relationship with the Mo Family, why would they be so insistent on not helping?"

"Qiao Mianmian and her brother did such a terrible thing to our family, but you're still thinking about Qiao Chen, that illegitimate son. Shen Xin, don't forget your surname is Shen."

Shen Xin listened quietly.

But her expression changed when she heard Shen Rou say that Qiao Chen was an illegitimate child.

She clenched her fists. "Sister, how could you say that about Qiao Chen? He's not the kind of person you think he is. I believe he must have asked on my behalf, but if the Mo Family isn't willing to help us, he can't do anything.

"Also, it's not his fault that he's an illegitimate child. This is his parents' fault. He's innocent."

Shen Xin felt uncomfortable.

Shen Rou could say anything.

But she couldn't tolerate her slandering Qiao Chen and calling him illegitimate.

She couldn't stand her sister making the person she liked sound so awful.

In her heart, Qiao Chen was the best person in the world.

She wouldn't allow anyone to slander him, not even Shen Rou, her biological sister.

"Why, do you feel bad for him?" Shen Rou detested Qiao Chen because of her dislike for Qiao Mianmian. Thus, she was furious when she heard Shen Xin's defense of him. "Shen Xin, are you being cheap? Don't think I don't know about you and that guy. You've been chasing him for a few years, and he didn't even like you when he was poor. Do you expect him to like you now?"

"Does he know that you're defending him? Even if he knows, does he care?"

"In the past, Qiao Chen didn't like you. Now that he's the Young Master of the Mo Family, you, Shen Xin, are nothing to him. Also, the Mo Family left our Shen Family in the lurch. Now, they're our enemy!"

"Do you have the face to love the Shen Family's enemy?"

Shen Rou's words were vicious.

This wasn't the first time Shen Xin heard this.

Chapter 1694: Is It Wrong to Like Someone?

It didn't matter if the people at school said she was being subservient or shameless, she just forgot about it.

She thought they were just unimportant people.

Why should she care about what they said?

But Shen Rou was her biological sister.

No matter how strong Shen Xin's mentality was, she couldn't take it anymore.

She bit her lip with a trembling body, and her eyes glistened with tears.

She looked at Shen Rou with reddened eyes. "I know Qiao Chen doesn't like me, but so what? Is it wrong to like someone? Sister, haven't you liked Brother Yesi for more than 20 years?"

"Did he respond to you? I don't think so."

"Have you given up?"

Shen Rou's expression darkened.

This was the biggest pain in her heart.

Now that Shen Xin mentioned it, it was as if her scar that hadn't healed was being ripped apart. Exposing her bloody wound.

Shen Rou clenched her teeth and glared at her.

Unafraid, Shen Xin looked straight at her and said, "Sister, you've persevered for so many years and haven't given up on Brother Yesi. Why should I give up on Qiao Chen so easily? It doesn't matter whether he likes me or not. I only know that liking someone is a blissful thing.

"When I started liking Qiao Chen, he wasn't a member of the Mo Family yet. I'm also very clear that he definitely wouldn't do anything to add insult to injury. The reason why we're in such a state today is because of ourselves. As for the Mo Family being willing to help us, that's because of our friendship. If they're unwilling, it doesn't mean that they are heartless.

"If they were in the same situation, would our Shen Family be willing to help them?"

Madam Shen was about to speak when she heard Shen Xin's words. She was stunned.

She originally thought that the Mo Family was despicable. They could have helped them, but they watched as the Shen Family fell apart.

But Shen Xin's words made her sink into deep thought.

If something happened to the Mo Family and they were about to go bankrupt, would the Shen Family help?

"Haha, what a glib tongue!" Shen Rou's face was pale. "To the Mo Family now, it's not difficult to pull the Shen Family along. Our families have been friends for decades. The Mo Family is heartless to leave us in the lurch.

"For Qiao Chen's sake, you're trying to defend his family. Shen Xin, how did the Shen Family raise an ingrate like you?"

"Yes, I'm an ingrate. But what about you, Sister? If you didn't offend Miss Qiao too badly, Brother Yesi might have helped us. Aren't you the one who contributed to our family's current state?"

"Alright, alright." Madam Shen saw that her two daughters arguing was escalating and quickly stopped them. "Don't argue anymore. Rourou, seriously, don't you see that Xiao Xin is still lying on the bed? She's a patient now, and you're her sister. Can't you give in to her a little?"

"And Xiao Xin, why did you mention those things to your sister? Your sister is doing this for the good of this family. What she said isn't wrong. It's not difficult for the Mo Family to help us.

"This time, they were really too heartless. The two families seem to have a good relationship, but we only know the truth at the crucial moment. In the future, we will have nothing to do with each other anymore."

Chapter 1695: It Seems Like I'm Thinking Too Much

“That Qiao Chen...”

Madam Shen looked at Shen Xin’s pale face and frowned. “Xiao Xin, you chased him for so many years? Why didn’t I know about this?”

“Mom.” Shen Xin bit her lip.

“Our Shen and Mo families are strangers now. I don’t want my two daughters to have anything to do with them.” Madam Shen thought of something and said coldly, “You’re about to transfer schools. No matter what you’re thinking, put it away.”

“The most important thing to you now is your studies. Don’t delay your studies because of something not worth it. Do you understand?”

Madam Shen still had high hopes for her younger daughter.

Shen Xin’s grades were very good. It shouldn’t be a problem for her to get into a famous university.

Even if the Shen Family was down and out now, she couldn’t let her two daughters live a poor life. If they were outstanding themselves, they could live a good life on their own.

Of course, the main reason why Madam Shen was afraid that Shen Xin was thinking about Qiao Chen was because of Shen Rou.

It was precisely because her eldest daughter was too persistent and insisted on waiting for the so-called true love that she missed so many good marriages.

If it wasn’t for Mo Yesi, she might have gotten married a long time ago.

With the family’s situation, she could definitely find a good marriage.

Now that the Shen Family was in trouble, she could find someone to help her.

Madam Shen didn’t want her other daughter to be like this.

Shen Xin looked at Madam Shen and moved her lips.

She had a lot to say, but in the end, she didn’t.

“Mom, I got it.” In the end, Shen Xin replied obediently, “Don’t worry, I’ll definitely get into a good university. I won’t let you and Dad down.”

Madam Shen stroked her head and said in satisfaction, “You’ve always been the most obedient. I’m not worried about you. Alright, have a good rest. Your sister and I won’t disturb you anymore. We’ll come and see you later.”

Shen Xin nodded, and Madam Shen pulled the blanket over her. She then got up and gently pulled Shen Rou’s arm, signaling her to leave with her.

Shen Rou’s expression was still awful.

She glanced at Shen Xin coldly before leaving with Madam Shen.

...

After leaving the ward, Madam Shen asked about Shen Xin.

“Why do you think Xiao Xin likes Qiao Chen?”

Shen Xin sneered. “Didn’t I say it already? She pursued him for several years, but he didn’t take her seriously. I thought I could get her to plead with Qiao Chen, and then get him to plead with his family. Perhaps our family could still be saved.

“It seems like I was overthinking.

“Qiao Chen doesn’t care about her at all. How could he agree to help?”

Madam Mo kept quiet for a while.

“Actually, there’s another way to save our family.” She looked straight at Shen Rou.

Shen Rou’s expression changed slightly. “Mom, are you talking about blind dates? What family is willing to get involved in this? Even if they are willing, do they have the ability to revive the Shen Family?”

“Mom, I don’t want to marry anyone.”

Shen Rou was afraid that after the family went bankrupt, she wouldn’t be able to live a good life.

She was also afraid of becoming a joke.

But if saving the Shen Family required her to marry a pig-headed man, she’d rather the family go bankrupt!

Chapter 1696: She Hated Mo Yesi

She wouldn’t let herself marry a man without feelings.

“But Rourou.” Madam Shen held her hand and pleaded. “Actually, Mo Yesi has agreed to help us. But he has a request...”

Madam Shen couldn’t bear to look at Shen Rou, but she still said it.

“Rourou, he wants you to get married as soon as possible. As long as you can get married in the shortest time possible, he will consider helping us. Rourou, I know it will be hard on you, but we can’t do anything now.

“If we don’t do as he says, the Shen Family will lose all hope.

“Do you know that your dad couldn’t sleep the whole night? His hair is so white. The Shen Corporation is his life’s work. If it’s over just like that, I’m afraid he won’t be able to take the blow. Rourou, just take it that Mom is begging you.”

Madam Shen didn’t want to say it.

She knew that Shen Rou would be upset.

But she really didn't want the Shen Family to be finished.

She wanted to fight for it.

Shen Rou widened her eyes in shock. "Mom, what did you say? Mo Yesi wants me to get married as soon as possible?"

Madam Shen kept quiet for a while before sighing. "Yes, your dad went to the Mo Corporation to look for his help. His condition was to marry you off within a month. Mom wanted to find you a good one, but who knew..."

The Shen Family was like a plague now, and everyone wanted to stay away from them.

Not to mention a family at the Shen Family's status.

Even the newly rich and powerful families far inferior to them were unwilling to marry her daughter.

Madam Shen was furious.

Now that Mo Yesi's condition hadn't been complied with for so long, Madam Shen wondered if he had changed his mind.

"He actually said such a thing." Shen Rou's face turned extremely pale and she staggered back a step. She seemed to have been dealt a huge blow.

She kept mumbling, "He actually said that. How could he be so overboard and heartless..."

"Is he going to be so cruel to me because he's afraid that I'll pester him and make Qiao Mianmian unhappy?"

"How could he do this!"

"I've liked him for 20 years. I've given him my heart. How could he do this to me!"

"Rourou." Madam Shen looked at her almost breaking down and regretted it.

"Mom, I hate it."

Tears rolled down Shen Rou's cheeks as she clenched her teeth. "He's so cruel. How could he be so cruel to me? Does he not care about our 20 years of history?"

"How long has he known Qiao Mianmian? Why is he so nice to her, but so cruel to me?"

Even if Mo Yesi rejected her, Shen Rou only hated Qiao Mianmian.

She never hated Mo Yesi.

She'd liked him for 20 years, how could she hate him?

It was all because of Qiao Mianmian. She only hated that slut.

But now, she suddenly hated Mo Yesi.

How could he be so heartless?

Her 20 years of love and effort were all wasted.

Chapter 1697: He Couldn't Get Her Happiness

"I won't let them have a smooth life!" Shen Rou suddenly looked up. There were still tears in the corners of her eyes, but her eyes revealed hatred and ruthlessness.

Since he wanted her to marry as soon as possible because of that slut, she wouldn't fulfill his wish.

Since she wasn't doing well, she wouldn't allow him and Qiao Mianmian to live well.

"Rourou, w-what are you saying? Don't do anything stupid." Madam Shen was shocked by her fierce expression. "I know you're upset, but now, you can only bear with it.

"Our Shen Family can't even protect ourselves, how can we beat the Mo Family?"

Shen Rou clenched her fists and kept quiet.

She suddenly thought of something.

A few days ago, she received a call from a woman who said she could help the Shen Family.

At that time, Shen Rou didn't take the call seriously. She only thought the other party was a liar.

But now...

Her eyes were red from anger.

She wouldn't let go of any chance to take revenge on Mo Yesi and Qiao Mianmian.

From today onwards, she had completely given up on Mo Yesi.

She hated him.

...

Qiao Chen rushed to the hospital and arrived at Shen Xin's ward.

He gently pushed the door open and entered.

Shen Xin's room was slightly better than an ordinary ward.

But Qiao Chen knew that if she needed to be hospitalized in the past, she would definitely be in the best VIP ward.

From the ward Shen Xin was in, the Shen Family was definitely in a difficult situation.

Shen Xin lay on the bed with her eyes closed, but she wasn't asleep.

She wasn't sleepy at all.

Hence, when she heard someone enter, she thought it was the nurse. But when she opened her eyes, she saw someone unexpected.

When Shen Xin's gaze landed on Qiao Chen, she was stunned for a few seconds, thinking that she was hallucinating.

"Qiao... Qiao Chen." A few seconds later, her eyes widened in disbelief.

It was really Qiao Chen, not her hallucination.

But why was he here?

Shouldn't he be at his banquet?

Moreover, she didn't tell him which hospital she was at.

Qiao Chen pursed his lips when he saw Shen Xin lying on the hospital bed with a cast. His expression was awful as he stood at the door and stared at her for a long time.

Her leg injury seemed more serious than he'd imagined.

He had consulted a doctor when he first arrived.

It wasn't just a simple fracture. If she didn't recover well, she would be handicapped.

Qiao Chen couldn't imagine how big of a blow it would be to Shen Xin if she was handicapped.

She was such a vain girl.

"It's me." Qiao Chen stood at the door for a while before continuing in.

He quickly walked to the bed.

He held back his heartache as he looked down at her. "Is this the flu you mentioned?"

Shen Xin's expression changed.

She pursed her lips and said after a few seconds, "Qiao Chen, why are you here? I didn't tell you which hospital I'm at."

"Brother-in-law helped me check." Qiao Chen looked at the cast and his expression turned even colder.

"You were in a car accident, why did you lie to me that you only had a small cold?"

Shen Xin looked at him blankly for a while and smiled. She asked softly, "Qiao Chen, why are you here?"

Chapter 1698: Why Aren't You Talking

Qiao Chen frowned.

"Shouldn't you be at the banquet?" Shen Xin looked at him and asked softly, "Why are you here?"

Qiao Chen said, "I..."

Before he could say anything, she smiled and continued, "Qiao Chen, you're really making me misunderstand. Don't tell me... you really like me."

Shen Xin was just teasing him, but Qiao Chen's expression changed.

He clenched his fists and kept quiet.

Shen Xin looked up in surprise.

Qiao Chen should have retorted.

But he didn't.

She couldn't help but get her hopes up.

"Qiao Chen, y-you really like me?"

Qiao Chen was still silent. He clenched his fists even tighter. Under the girl's shocked and disbelieving gaze, the young man's delicate face turned a little red.

Shen Xin was shocked by his reaction.

Although she felt that it was impossible.

Even when she asked, she didn't have any hope.

But his silence made Shen Xin realize something.

Her eyes widened in disbelief. "Qiao Chen, w-why aren't you saying anything?"

She would really overthink if he kept quiet.

"Shen Xin." Qiao Chen hesitated for a long time, but once he made up his mind, his eyes filled with determination. He looked at the girl on the bed and said, "You asked me if I liked you, but I'm not sure.

"I don't know if that counts as liking you. But I know that after hearing you were injured in a car accident, I got very anxious and worried. I was even... a little afraid. I thought I had to come here tonight no matter what. I'd only feel more at ease when I saw you safe.

"So, I left the banquet early.

"On the way here, I felt uneasy and a little panicked. Brother-in-law told me that you only had a slight fracture and it wasn't serious, but I was still worried. No matter how light the injury is, to a delicate girl like you, you'll still be in pain.

"You seem especially afraid of pain.

"I feel bad when I think about you crying."

Shen Xin's eyes widened. She thought she was hallucinating for a moment.

She couldn't believe her ears.

Qiao Chen looked at her shocked expression, and the young man's pale lips twitched. Although his face was getting redder and his ears were also turning red, he didn't avoid her gaze.

Qiao Chen was the kind of person who would fight for what he wanted.

From the moment he confirmed that he liked Shen Xin, he made a series of plans.

He never thought of hiding his feelings from her.

In the past, he wasn't sure, or maybe he was a little sure, but because of the difference in their statuses, he didn't dare to do anything.

But now, he didn't have to worry anymore.

He could follow his heart.

"Shen Xin, I've thought about this for a long time. I don't know if I like you. But I know I care about you."

If he didn't, why would his feelings fluctuate so much?

Chapter 1699: She Was the Less Confident in Front of Him

Many people thought that Qiao Chen had a good personality and was gentle and polite to everyone.

He seemed to care about everyone.

But in fact, he was just being nice.

Very few people could enter his heart and make him care about them.

Before Shen Xin, there was only Qiao Mianmian.

Even Father Qiao didn't hold much of a place in his heart.

He wouldn't waste any time on someone he didn't care about.

Shen Xin was shocked speechless. Her eyes widened and looked at him blankly.

She looked a little silly.

She looked at Qiao Chen blankly for a while before murmuring, "Qiao Chen, so I didn't misunderstand. Is this... a confession?"

Qiao Chen kept quiet for a while before nodding. "...I guess."

Shen Xin looked at him again.

"But how could..." She bit her lip in disbelief. "How could you like me? Aren't you trying to make me happy? If you're pitying me because of my injury..."

"It's not pity." Qiao Chen frowned and interrupted her unhappily. "Shen Xin, I don't have to use this excuse to make you happy. I'm not joking with you. I thought about it for a long time before coming to a decision.

"No matter what you think, these are my heartfelt words."

Shen Xin was stunned for a few seconds.

She was confused.

“But haven’t you always disliked me? Qiao Chen, I’ve pursued you for three years. If you liked me too, why do you keep rejecting me?”

“I don’t want to doubt you, but I really don’t understand.”

Why did he suddenly tell her that he liked her when she decided to give up?

Why did it have to be when she decided to leave?

If someone else confessed to her, she would believe it.

But Qiao Chen...

She was the least confident in front of him.

Three years.

Someone who knew her feelings but was always cold to her suddenly said he liked her.

Even if he wasn’t joking, she didn’t dare to believe it.

Qiao Chen pursed his lips and looked at her with a complicated expression. After a moment of silence, he said, “I’ve never thought of dating so early. At our age, we should be studying. The gap between our statuses in the past was too huge, so I never dared to think of dating you.

“And my body...”

“Shen Xin, you should know that I have heart disease. Back then, I thought I wouldn’t live long and could die at any time.

“So, every day that I could live was exceptionally precious to me. At that time, besides wanting to live well, I didn’t think of anything else.”

“So...” Shen Xin understood. “You rejected me not because you hate me?”

Qiao Chen sighed helplessly. “I’ve said it before, I’ve never hated you.”

Why didn’t she believe him?

“Then, now you...” Shen Xinru felt like she was dreaming. “What do you mean now?”

Qiao Chen had thought a lot on the way over.

He made a decision.

The young man’s eyes were filled with nervousness, but his gaze was firm. He took a deep breath and said, “Shen Xin, do you really have to transfer schools? Can you... stay?”

Chapter 1700: Can You Stay?

Shen Xin looked at him in surprise.

“There’s not much time left until the college entrance examination. Transferring schools at this time will affect your academic results. If it’s because of the rumors in school, I can help you clarify them.

“I won’t let anyone talk about you anymore.”

So, can you stay?

I still want to be classmates with you.

I’m sorry, I was too slow to realize I’ve fallen for you.

But if I tell you everything now and make you stay, will you give me another chance?

I’ll never hurt you again.

Shen Xin was stunned.

“Shen Xin, can you not transfer schools?” Qiao Chen’s face was slightly hot. He looked at her and said again, “I hope you can stay. We’ve been classmates for a few years. If you suddenly leave, I’ll feel... uncomfortable.

“If there’s a problem, we can solve it together.

“As long as you stay, we can sort everything out.”

Qiao Chen’s intention was clear.

Shen Xin was stunned for a while before recovering.

She finally believed she wasn’t dreaming.

Qiao Chen had really confessed to her just now.

And he was trying to make her stay.

She’d liked him for so many years and thought it was just her wishful thinking. But she didn’t expect that she was actually waiting for everything she wanted.

The person she liked finally responded to her.

She had finally gotten a response from him.

What she’d never dared to dream of had finally become reality.

This sudden surprise stunned her.

Her mind was blank, and she couldn’t think at all for a while.

“Qiao Chen.” A few minutes later, she finally found her voice. “Do you know, if it was a little earlier, I’d be so happy that I’d faint. Actually, I’m very happy now, but I don’t think I can agree to your request.”

Qiao Chen was stunned. “Why?”

Shen Xin smiled, but there were tears in her eyes. "Qiao Chen, it's too late. You just said that you didn't consider my feelings in the past because you felt that our statuses weren't compatible. Actually, our statuses aren't compatible now."

He had become the precious Young Master of the Mo Family.

And she was just a poor girl.

How many people in the Shen Family still liked her?

She was no different from Qiao Chen.

She didn't even have the right to talk about relationships now.

Qiao Chen was stunned.

"Qiao Chen, I didn't decide to transfer schools alone." Shen Xin's eyes were red as she smiled. "So, I can't stay just because I want to. I'll leave Yuncheng City in a few days."

Qiao Chen felt a stab in his heart.

He thought that as long as he asked her, Shen Xin would definitely stay.

Hence, he didn't expect her to really leave.

He panicked and didn't know what to do.

"Qiao Chen, you're Young Master Mo now. You have a bright future ahead, and the girl who's worthy of you will definitely be a rich and noble lady. But I'm very happy and satisfied to hear your confession before I leave.

"I think I won't have any more regrets."
