

Big Shot 1731

Chapter 1731: I'll Make Her Pay!

"But you're so smitten by her that you don't even know what you're doing. Such a pest can't stay by your side anymore."

"Mom, what are you trying to do?" Gong Zeli exuded a cold aura. "Our relationship isn't what you think it is. Don't mess around."

"What do I want? Even if you're not with Qingqing, you can't be with such a lowly woman. She dared to seduce my son, I'll make her pay!"

Madam Gong hung up angrily.

Gong Zeli clenched his fists.

...

Qiao Mianmian and Jiang Luoli had just finished eating and were walking out of the hot pot restaurant when they saw the car that came to pick them up parked by the street.

Mo Yesi drove a black Bentley.

Mo Shixiu's black Rolls Royce came to pick Jiang Luoli up.

They said their goodbyes and got into the car.

Once Jiang Luoli got into the car, the chauffeur said, "Miss Jiang, Mister said that he has something on tonight, so he'll be back later. He told you not to wait for him. If you're tired, you can sleep first."

Jiang Luoli nodded. "Mm, I got it."

Mo Shixiu's work determined that he wasn't going to be home early. Jiang Luoli was already used to him coming home late.

The chauffeur drove off.

On the other side.

Qiao Mianmian realized that Mo Yesi was a little different from usual.

In the past, he would always get out of the car and wait for her outside.

He would help her buckle her seatbelt.

On days like today, he would even ask if she had fun with Jiang Luoli.

But today...

Not only did he sit in the car, but he also didn't react when Qiao Mianmian got in.

He didn't buckle her seatbelt like before.

He didn't say a word to her.

If Qiao Mianmian hadn't confirmed that he was in the driver's seat, she would have suspected that she got into the wrong car.

She had just buckled her seatbelt when she heard the car start.

Qiao Mianmian was speechless.

She was even more certain now that something was wrong with Mo Yesi.

He must have been paying attention to her, but he didn't say a word.

Qiao Mianmian thought about it and felt that he was angry with her.

But why?

Qiao Mianmian thought for a while and suddenly came up with a possibility.

She immediately took out her cell phone and opened Weibo.

As expected, she soon saw her name on the trending list.

Qiao Mianmian intervenes in someone else's relationship

Qiao Mianmian's third party

Just as she had guessed, she was trending again because of negative news. Even the headlines were similar to what she thought.

She clicked on the hot searches and saw that someone had recorded what happened.

The video also included Gong Zeli together with her.

After watching the video and reading the comments, Qiao Mianmian roughly knew why Mo Yesi was angry.

He must have seen this video, too.

He saw Gong Zeli standing up for her and sending her to the hospital.

Qiao Mianmian knew Mo Yesi well.

He minded her previous scandals with Gong Zeli very much.

He would probably be even more offended after seeing the trending topics today.

The car had been driving for a few minutes, but the man beside her still didn't say a word.

Qiao Mianmian thought for a while and decided to break this stalemate.

She turned around and was about to speak when the car stopped.

Qiao Mianmian looked up and saw a red light.

Chapter 1732: There's Only One Person He's Worried About

The car slowly stopped and the man beside her finally spoke. Although his voice sounded a little cold, she could tell that he was concerned about her.

"How's your leg? Is it healed now? What did the doctor say?"

Qiao Mianmian turned around and smiled at him. "You're finally willing to talk to me? Does this mean that you're not angry with me anymore?"

Mo Yesi frowned. "Why should I be angry with you?"

"Aren't you?" Qiao Mianmian didn't answer him. "You didn't say a word to me when I got into the car. You didn't even ask me what I ate for dinner, whether I had fun, or what I did today."

"You always help me buckle my seatbelt every time we get into the car, but you didn't do it today."

"You're not even angry. What should I do to make you angry?"

Mo Yesi said, "Since you know, do you know why I'm angry?"

"I think so." Qiao Mianmian bit her lip and asked softly, "Did you see me on the trending list today? Was it because of Gong Zeli?"

Mo Yesi's expression changed.

Qiao Mianmian could feel that the man's aura had turned much colder.

So, she was right.

"Are you really angry because of this? Don't be. I know you don't like me having scandals with your brother, but I really didn't know I would meet him at the mall."

"Luo Luo said that Big Brother's birthday is coming soon, and she wanted to pick a birthday gift for him. So, I accompanied her to the mall."

Qiao Mianmian wanted to say that she and Gong Zeli had only met by chance.

She didn't know that she would bump into him in the mall.

"That Shangguan Qing misunderstood my relationship with Gong Zeli. He helped because of his friendship with you. Then, because I sprained my ankle and couldn't walk, he sent me to the hospital."

"That's what happened. It's not what you saw on the news."

"You know, Gong Zeli and I can't have anything."

Mo Yesi pursed his lips and kept quiet.

Of course he knew.

He never doubted her.

There was only one person he was worried about.

Even though he knew that the situation today was special, the thought of Gong Zeli carrying her to the hospital made Mo Yesi want to beat him up.

That bastard.

Mo Yesi saw the video and could tell that Gong Zeli still had feelings for Qiao Mianmian.

“Don’t tell me you really misunderstood us?” Qiao Mianmian looked at the man’s gloomy expression and felt a headache coming on. “It’s really just what I said. You know, the media loves to exaggerate things. There’s really nothing between us.”

“You haven’t answered my question.” Mo Yesi took a deep breath and suppressed his anger. He looked at Qiao Mianmian. “How’s your foot now? Does it still hurt?”

He kept telling himself that Qiao Mianmian was innocent.

It was Gong Zeli’s fault.

He should have known that many people would like her.

But he didn’t expect that among the people who liked her, it included his brother he’d known for many years.

If he wasn’t Gong Zeli, he would have done something to him already.

Chapter 1733: He Still Cared About Her

“I’m fine.” Qiao Mianmian felt warm to see that he was still so concerned about her despite his anger. “I just sprained my ankle. The doctor just treated it. The other superficial wounds are fine.”

Mo Yesi only noticed a few places on her legs when she mentioned superficial wounds.

It didn’t look serious, but because of her fair skin, it was obvious even if there was only a scratch.

The man’s expression darkened.

“Shangguan Qing did this?”

Sensing that his aura was getting colder, Qiao Mianmian quickly said, “It’s just a scratch from when I fell on the ground. The doctor said that it’s just a superficial wound. It’ll be fine after applying some ointment.”

Mo Yesi’s expression darkened.

He grabbed her hand and looked at it carefully. When he saw the obvious scratches on her delicate skin, the temperature dropped a few degrees.

Shangguan Qing.

He remembered her.

He would ask the Shangguan Family for an explanation.

“Did you buy the medicine?”

“I did.” Qiao Mianmian nodded and took out the ointment she got from the hospital. “The doctor said to apply it twice a day, and all the bruises will be healed in less than a week.”

Mo Yesi looked at the medicine in her hand and didn't say anything. After the red light passed, he quietly parked the car by the street.

Under Qiao Mianmian's shocked gaze, he reached out. "Give me the medicine."

She handed it to him.

Mo Yesi opened a box and took out a cotton swab.

Qiao Mianmian blinked. "What are you doing?"

"Give me your hand." The man opened the tube expressionlessly and looked up at her.

Qiao Mianmian was speechless.

She knew that he was still angry and minded her and Gong Zeli's fracas.

Hence, Qiao Mianmian was especially obedient at this time. She handed it over obediently.

Mo Yesi held her hand and applied the ointment to her arm.

Then, he pulled her leg over and carefully did the same to her leg.

After confirming that every spot had been applied with ointment, Mo Yesi pursed his lips and said coldly, "Don't touch water these few days. Besides these bruises, are you sure there are no other injuries?"

"Mm, these are all." Although the man still had a straight face and sounded cold, Qiao Mianmian felt especially warm and sweet inside.

No matter how angry he was, he still cared about her.

"The Gong and Shangguan families do have plans for a marriage alliance. They have collaborated on many projects recently. That Shangguan Qing and Gong Zeli are cousins, but they're not related by blood. That's why the two families want a marriage alliance.

"If nothing goes wrong, Gong Zeli will marry her.

"So, if you don't want Shangguan Qing to misunderstand, don't interact with him anymore."

Before Qiao Mianmian could respond, Mo Yesi added, "I'm not saying this because I mind him. If you have any scandals with him after their marriage is confirmed, it won't be good for your reputation."

Chapter 1734: I'll Avenge You

"Even if there's nothing between the two of you, with so many rumors, those who don't know will take it seriously."

Mo Yesi actually minded it.

He didn't want Qiao Mianmian to meet Gong Zeli again.

He couldn't wait for the marriage between the Gong and Shangguan families to be confirmed.

Only by marrying could Gong Zeli get rid of all those inappropriate thoughts.

Qiao Mianmian didn't retort and nodded obediently.

Anyway, the most important thing now was to coax him.

Seeing how obedient she was, Mo Yesi's heart softened.

He was indeed furious when he saw the trending topics.

He wasn't angry with her, but at Gong Zeli's audacity.

Despite his warning, he was still eyeing his woman.

"In any case, even if you see him in the future, just say hello and leave. Don't have too much contact with him."

"Mm, I got it." Qiao Mianmian nodded obediently. "When I see him in the future, I'll definitely say hi and leave. I won't say anything else to him!"

Qiao Mianmian also felt that she should keep a distance from Gong Zeli.

Every time she met him, there would be scandals trending.

The most important thing was what Jiang Luoli said to her today.

Although Qiao Mianmian felt that Gong Zeli wouldn't fall for her, she wasn't sure.

He was indeed a little strange today.

No matter the reason he helped her, since Mo Yesi minded their scandals, she had to be careful.

Her relationship with Gong Zeli wasn't that good anymore.

In the future, they could just be friends.

Mo Yesi finally smiled.

He reached out and rubbed the spot where she'd sprained her ankle. "Does it still hurt?"

Qiao Mianmian shook her head. "It doesn't hurt anymore."

Mo Yesi massaged it gently. "I'll get an explanation from the Shangguan Family. I'll definitely avenge you."

"No need." Qiao Mianmian immediately said, "Actually, it's just that Shangguan Qing has some misunderstanding about me. Moreover, she has learned her lesson. Let's end this here."

Qiao Mianmian didn't know if the Mo and Shangguan families worked together.

But the two families should know each other.

She didn't want their relationship to be affected because of her.

Shangguan Qing was annoying, but Qiao Mianmian felt that her lesson today was enough.

In any case, she would keep completely away from Gong Zeli in the future. There shouldn't be any special matters between them.

She and Shangguan Qing wouldn't have any interactions.

This was the best way to settle this.

"Impossible." Mo Yesi narrowed his eyes. "No matter who it is, they won't let my woman off so easily. Don't bother about this anymore, I know how to handle it."

Qiao Mianmian wanted to say more, but she swallowed her words when she thought of Mo Yesi's temper.

Forget it, he could do whatever he wanted.

If the Shangguan and Mo families were working together, they wouldn't be so easily affected by this.

If the two families weren't working together and their friendship was ordinary, it wouldn't affect anything.

Moreover, Qiao Mianmian felt that Mo Yesi needed to seek an explanation from them.

After seeing Mo Yesi, Shangguan Qing couldn't possibly misunderstand her anymore.

Chapter 1735: What Can You Do? Tell Me

At the Gong Family.

Madam Gong was so angered by Gong Zeli that she forgot about her manners. Just as she hung up, the housemaid brought her a cup of tea.

Madam Gong took it and slammed the teacup on the ground.

The housemaid was shocked. When she saw the broken cup on the ground, she immediately crouched down to clean it.

Still crying at the side, Shangguan Qing was shocked as well. She even stopped crying for a few seconds.

"You vixen, you've bewitched my son to this extent. For her, not only did Zeli talk back at me, he even accused me of being wrong." Madam Gong trembled with anger. "You're just a lowly actress, how dare you use such tricks on my son."

Shangguan Qing heard Madam Gong scold Qiao Mianmian and recalled how Gong Zeli defended her in the mall today. She gritted her teeth and said, "Aunt, she's really a vixen. I've never seen such a shameless woman.

"You weren't there at the scene, so you didn't see how she seduced Brother Zeli. Aunt, such a woman can't stay by Brother Zeli's side. Otherwise, she'll definitely harm him!

"If it wasn't for her, Brother Zeli wouldn't have hit me. I don't blame Brother Zeli for hitting me. I only hate that vixen."

Shangguan Qing's eyes were bloodshot as she talked about Qiao Mianmian.

Although Gong Zeli hit her and embarrassed her in front of everyone.

But the person she hated was Qiao Mianmian.

She felt that if it wasn't for Qiao Mianmian, Gong Zeli wouldn't have done that.

She had placed all her hatred on Qiao Mianmian.

Initially, she was still skeptical when she saw the rumors.

But seeing how nervous Gong Zeli was about Qiao Mianmian today, she had no more doubts.

She wanted to marry Gong Zeli, but now that he was on another woman's side, Shangguan Qing naturally treated Qiao Mianmian as her number one enemy.

She hated her more than she did Shen Rou.

Because Qiao Mianmian was very beautiful.

When Shangguan Qing first saw her, she felt a strong sense of danger.

A stronger sense of crisis than when facing Shen Rou.

She wanted Qiao Mianmian to disappear from Gong Zeli's side.

"Good girl, it's rare for you to be so rational and know that Zeli didn't do it on purpose. But no matter what, it's wrong of him to hit someone. I'll definitely make him apologize to you in person. You're right, that vixen affected Zeli too much. We have to think of a way to make her leave him."

"Auntie, have you thought of a solution?"

Madam Gong shook her head.

Shangguan Qing's eyes darted around. She covered her swollen face and said hatefully, "Aunt, I have an idea. But I'm afraid Brother Zeli will find trouble with me for that vixen when he finds out."

Shangguan Qing was still a little afraid of Gong Zeli.

"What have you thought of? Tell me quickly." Madam Gong hated Qiao Mianmian to the core and wanted to finish her off. She said angrily, "This is the first time I've seen Zeli so obsessed with a woman. I can't let my son be ruined by her."

Chapter 1736: No More Cooperation With the Shangguan Family

"Aunt, actually, it's easy. As long as we do this..." Shangguan Qing leaned closer to Madam Gong and whispered her plan into her ear.

Madam Gong frowned.

She hesitated. "Is this good? Isn't it too harsh?"

"What's so harsh about it?" Shangguan Qing clenched her fists and said fiercely, "Only then will Brother Zeli completely give up on her and cut off all his thoughts about her. Aunt, you can't be soft-hearted."

“Compared to Brother Zeli, these aren’t important. Moreover, she’s just a small actress. No one will stand up for her. What’s there to be afraid of?”

Madam Gong was silent for a few seconds before frowning. “I’m not afraid. It’s just... isn’t this a little too harsh? I feel like teaching her a lesson and making her afraid will do. She’ll leave Zeli by herself.”

“Aunt, you’re too kind,” Shangguan Qing said coldly. “A shameless woman like her must be scheming to stay by Brother Zeli’s side. How can you expect her to leave Brother Zeli alone?”

“If you don’t think of a way to deal with her, I’m afraid it’ll be even harder for you to get rid of her in the future.”

Madam Gong could tell that she was implying something. “Qingqing, what do you mean?”

Shangguan Qing sighed. “Aunt, I’m afraid she’ll plot to get pregnant with Brother Zeli’s child. When that happens, Brother Zeli will definitely be even more unwilling to part with her.

“What if Brother Zeli wants to marry her?”

“Aunt, are you really willing to let an actress be your daughter-in-law?”

Madam Gong was stunned.

Of course, she wasn’t willing.

They would be laughed at if they let an actress marry into the family.

She always thought of the women outside as her son’s playthings.

But a married woman must be of equal social status.

Madam Gong didn’t hesitate anymore.

Nothing was more important than her son.

...

Back at Lu Shan Courtyard.

While Qiao Mianmian showered, Mo Yesi called Wei Zheng.

“Chairman Mo, why are you calling me so late?” Wei Zheng’s voice was a little hoarse.

Mo Yesi had just changed his clothes and came out of the changing room. He looked at the lights in the bathroom and slowly walked to the French window. “Has the Mo Corporation and the Shangguan Family been working together recently?”

“The Shangguan Family? Yes, Chairman Mo. Our company finalized a few projects with them half a month ago.”

“Is the project already underway?”

“Not yet. I’m still working on the contract.”

“The contract? That means you haven’t officially signed the contract yet?” Mo Yesi’s voice was cold.
“Terminate all contracts with them. The Mo Corporation will no longer cooperate with the Shangguan Family.”

“Yes, Chairman Mo. I got it.” Wei Zheng saw the trending topics today, so he wasn’t surprised by Mo Yesi’s decision.

It was a huge loss to cancel the cooperation with the Shangguan Family.

But it was normal for Chairman Mo to do this.

It would be abnormal if he continued working with them after this.

Chapter 1737: She’s Still on the Hot Search

In any case, it was just a small sum of money to the Mo Corporation.

Compared to Young Madam, that amount of money was nothing.

If they canceled the cooperation, the Shangguan Family would definitely be the one heavily affected.

They had the intention to open up the market in Yuncheng City. They wanted to focus their future development on Yuncheng City. Cooperating with the Mo Family’s Mo Corporation was very important to the Shangguan Family.

The Mo Corporation was the boss of Yuncheng City.

If they could have a fixed cooperation with them, it meant that the Shangguan Family could stabilize in Yuncheng City.

This cooperation was also negotiated by the Shangguan Family for a long time.

Unfortunately, Shangguan Qing ruined it.

...

The next day, Qiao Mianmian woke up and found that she was still on the trending list.

Qiao Mianmian’s third-party # was still firmly in third place on the trending list.

The first place was a discussion about the next episode of “The Meaning of Traveling” and the choice of guests.

In second place was Shen Fei’s topic of “The Meaning of Traveling”.

Qiao Mianmian was third.

Qiao Mianmian had heard from Linda that Shen Fei might be going.

She was a little happy to see her trending topics.

She still didn’t know who the other guests would be.

If they didn’t know each other, they would feel uncomfortable.

She didn't really know Shen Fei.

But at least they'd met before during the interview, and Shen Fei had even spoken up for her. If Shen Fei was really going, Qiao Mianmian would get to know her better.

She had just finished reading the hot searches when Linda called. She said that the contract was officially finalized and that she had to discuss some details with her in person.

Linda hung up.

Qiao Mianmian quickly got up to prepare.

...

An hour later, she arrived at her appointment with Linda and followed the waiter to a private room.

She knocked on the door and saw Linda sitting inside. "Sister Xie."

"You're here." Linda invited her to sit down and handed her a document. "This is the contract. Take a look. I've already looked through it for you. The pay is pretty good, and there aren't any other problems.

"If you think it's OK, sign it."

Qiao Mianmian sat down and took the contract. She casually flipped through two pages, and when she saw the pay section, her browsing speed slowed down.

She read each word carefully.

After a while, she looked up. "Sister Xie, I've finished reading it. I have no objections to this contract."

With Linda around, Qiao Mianmian wouldn't worry about the contract being a scam.

Hence, she only paid attention to her pay.

Qiao Mianmian was pretty satisfied with the 5 million yuan remuneration.

She was only filming for a month, and she was a newbie, so her pay wasn't low.

Moreover, to be able to be on such a show, the pay was secondary. Many artistes were willing to lower their prices to appear on this show. To be able to appear on a variety show with such good ratings, even if they received nothing, many people were willing.

Linda nodded. "Since you don't have any objections, sign it. I'll be more at ease if you sign the contract as soon as possible."

Qiao Mianmian didn't dawdle and signed her name.

Chapter 1738: Chairman Mo Has No Time to See You

She handed the contract back to Linda.

Linda took it and flipped through it again before putting it away.

"The official account will announce the guest list for the next episode tomorrow. Filming will officially begin in three days. You have to prepare well for the next few days."

“Mm. I got it, Sister Xie.”

“Oh right, there’s one more thing...” Linda frowned. “I just received word that Qiao Anxin’s also appearing. You have to be careful.”

“Qiao Anxin is going, too?” Qiao Mianmian looked at her in shock.

Linda nodded. “She’s with Quan Dong. If he’s willing to groom her, it’s not a problem to get a spot.”

Linda was afraid that Qiao Mianmian would be at a disadvantage, so she reminded her again. “Anyway, you have to be more careful when the time comes. I’m afraid that she won’t have good intentions. She has always hated you. When I was with her in the past, she always looked at you with hatred. Now, I’m afraid her hatred for you has deepened.”

Qiao Mianmian’s career and love life were smooth sailing now.

Qiao Anxin, on the other hand, was at her lowest point.

Under such circumstances, her hatred for Qiao Mianmian would only grow.

She was afraid she would play tricks on her.

The shoot would last for a month, and in this month, the guests would get along with each other. If Qiao Anxin really wanted to play dirty, she could find an opportunity.

But no matter how worried Linda was, she could only remind her to be careful.

“Sister Xie, I’ll be careful.”

“And about your trending topic.” Linda frowned. “The company mobilized the public relations department yesterday to remove the trending topics for you, but you’re still on the list today.

“I asked the public relations department, and they said someone’s behind it. The trending searches were down for less than an hour, but they immediately went up again. Who do you think hates you so much to spend a huge sum to defame you?

“Qiao Anxin? Shen Rou? But Qiao Anxin doesn’t have much money now. She shouldn’t be able to fork out so much money to do this. As for Shen Rou, her family’s financial situation isn’t too optimistic, so the possibility of her being behind this isn’t high.

“Do you think it’s that Shangguan Qing?”

Linda looked at Qiao Mianmian’s reaction and said, “If it’s her, I’m afraid the company won’t be able to handle it. I think you should get Chairman Mo to settle this for you. It’s not good for your reputation.

“You’re about to participate in ‘The Meaning of Traveling’. This matter has to be resolved before the guest list is announced. Otherwise, it will have a bad impact on you.”

...

On the other side.

Mo Yesi suddenly canceled his cooperation with the Shangguan Family. This naturally puzzled the Shangguan's, and they attached great importance to this matter. They quickly got someone to ask the Mo Corporation about it.

It was Shangguan Hua's special assistant, Xu Jie, who came.

Xu Jie walked into the Mo Corporation and asked the front desk to report him. After a while, the front desk informed him, "Mr. Xu, Assistant Wei said that Heng Yuan Corporation doesn't have to look for Chairman Mo anymore. Chairman Mo doesn't have the time to see you."

Xu Jie was shocked. "Why? I'm here to discuss the previous contracts with Chairman Mo. Our Heng Yuan Corporation and the Mo Corporation had already agreed on a few contracts. Everything was going smoothly, and the two families were conversing happily."

Chapter 1739: How Dare You Treat My Baby Girl Like This

"But the Mo Corporation suddenly canceled the cooperation with our Heng Yuan Corporation. Our Chairman really wants to know the reason, so he sent me here to understand the situation."

"Report me again."

"No need." Although the receptionist was smiling, her tone was firm. "Mr. Xu, Assistant Wei is acting under Chairman Mo's orders. You'd better go back and not make things difficult for us."

Xu Jie frowned.

He stood at the front desk for a while before reluctantly leaving.

...

At Heng Yuan Corporation.

Xu Jie told Shangguan Hua what the receptionist said.

"Chairman, I said I wanted to know the reason for the contract being canceled. But Chairman Mo was still unwilling to meet me."

Shangguan Hua, Shangguan Qing's father, was a very charming man in his forties.

After listening to Xu Jie's report, he frowned. "The Mo Corporation suddenly canceled the collaboration, and they still have this attitude? Could it be that they found a better partner?"

"Chairman, Chairman Mo isn't such a dishonest person. Also, I've asked around, the Mo Corporation didn't cancel this cooperation because they have another partner."

Shangguan Hua frowned even harder. "Besides this reason, why else would he do this? This cooperation is very important, it can't be canceled just like that. I have to find out the reason."

"Change my itinerary for the afternoon. I want to go to the Mo Corporation personally."

Xu Jie was stunned for a while before saying, "Yes, Chairman. I'll change it immediately."

“Chairman, there’s one more thing...” Xu Jie looked at him sitting in the black leather chair and hesitated.

Shangguan Hua wasn’t in a good mood. “What’s the matter?”

Xu Jie looked at his expression and said, “Chairman, I saw Miss on the entertainment news last night.”

“Qingqing is on the entertainment news?” Shangguan Hua only had one daughter, Shangguan Qing, so he naturally cherished her. He immediately asked with concern, “What happened?”

“This...” Xu Jie looked like he had something to say.

Seeing him stammer, Shangguan Hua lost his patience and said angrily, “What exactly happened? Did something happen to Qingqing?”

“No.” Xu Jie saw that he was angry and immediately replied, “It seems like Miss and Young Master Gong had a conflict because of a woman. Young Master Gong is very biased towards that woman, and Miss suffered a little.”

Xu Jie took out his cell phone and flipped through the news.

Then, he handed it to Shangguan Hua.

He said respectfully, “Chairman, this is the news I saw. Someone even uploaded a video.”

Shangguan Hua’s face darkened when he heard that his precious daughter had been wronged. He took the cell phone and read the news and watched the video.

Then, he slammed his cell phone on the table.

“Damn it.” He was furious. “That brat from the Gong Family actually treated my precious daughter like this. Qingqing has never suffered any grievances from me and her mother. Let alone hitting her, we can’t even bear to scold her.”

Chapter 1740: Deal With This Little Star Immediately

“Gong Zeli actually dared to hit Qingqing.”

“Back then, the Gong’s agreed to take good care of Qingqing, so I let her stay there. Is this how they treat Qingqing? They’re really disrespecting her.”

“Chairman, please calm down.” Xu Jie saw that Shangguan Hua was red with anger and quickly tried to persuade him. “I’m afraid this can’t be blamed on the rest of the Gong Family. Even Madam Gong can’t control Young Master Gong’s temper. Madam Gong must really like Miss, but Young Master Gong...”

“I saw that the little celebrity in the video is pretty. Young Master Gong might have done something so irrational because he was bewitched by her.”

Shangguan Hua watched the video again and glared at Qiao Mianmian. “Who is this woman?”

Xu Jie followed his gaze and replied, “It’s a small celebrity. She seems to have known Young Master Gong for a long time. Young Master Gong had a few scandals with her previously.”

"A small star?" Shangguan Hua sneered. "Since when did my daughter have to be bullied by an actress? Get rid of this small star immediately."

Xu Jie hesitated. "Then, about Young Master Gong..."

"What's wrong with him? I don't believe he'll make trouble with my Shangguan Family for a small celebrity. Since my precious daughter was wronged because of her, I have to teach her a lesson."

"Since she's in the entertainment industry, let her disappear completely."

"Yes, Chairman. I'll arrange it right away."

Half an hour later.

Xu Jie hurriedly knocked on the Chairman's office door.

"Chairman."

He quickly walked to the desk.

Shangguan Hua put down the document in his hand and looked up at him. "What's wrong? Have you done what I asked you to do? Was that little celebrity banned?"

"Chairman, we can't ban her." Xu Jie recalled the information he had found. When he met Shangguan Hua's dissatisfied and confused gaze, he hurriedly said, "I just checked on that small star. Not only does she have a backing, but that backing is actually Mo Yesi."

"I think the reason why the Mo Corporation suddenly canceled their collaboration with our Heng Yuan Corporation is related to that little celebrity?"

"Mo Yesi wanted to stand up for her, so he canceled the cooperation."

"Correspondingly, the cooperation was indeed canceled after Miss and that celebrity had a conflict."

Shangguan Hua was shocked.

He stood up and placed a hand on the table. "You're saying that the celebrity's backing is Mo Yesi?"

"Yes. Also, she's Mo Yesi's girlfriend. Mo Yesi takes this girlfriend very seriously. Previously, Boss Huang flirted with her, and his company was suddenly investigated."

"And the Su Corporation's acquisition seems to be because of this little celebrity, too."

"Initially, the Mo Corporation and our Heng Yuan Corporation had already agreed on the project, and they would officially sign the contract in two days. If it wasn't for this suddenly happening and Mo Yesi getting angry, he wouldn't have canceled the cooperation at this point."

"After thinking about it, it should be because of this."

Shangguan Hua didn't expect that the Mo Corporation would suddenly cancel the cooperation because of a woman.

What surprised him even more was that Mo Yesi was actually such a person.
