Chapter 1751: Qiao Mianmian, You're Really Capable

Mo Yesi walked out of the ward. After confirming that her son had left, Madam Mo couldn't help but sneer. "Qiao Mianmian, you're really capable. Ah Si is so smitten by you. Besides you, I don't think he can look at anyone else.

"For you, he doesn't even care about me anymore."

"Mom, what are you saying?" Qiao Mianmian looked at Madam Mo's angry face and smiled. "Mo Yesi is my husband. If I charm my husband, it proves that we have a good relationship.

"I have a good relationship with him. Are you unhappy as an elder?"

"As for the rest, you're overthinking it. Ah Si has always respected you. If you think he's changed, you should think about the reason."

This sounded like a challenge to Madam Mo.

Her expression darkened. "You mean I am the problem?"

"Mom, don't think too much." Qiao Mianmian was still calm. "I don't mean that."

"You know very well whether you mean that or not!" Madam Mo sneered. "Aren't you happy to see Ah Si ignoring me? Do you think you're very capable? Don't forget, he's my flesh and blood!

"Just because he treats me like this for you doesn't mean he'll always be like this. When he wakes up, he'll naturally understand who's the most important person to him."

"Mom, I think you'd better keep your voice down." Qiao Mianmian pursed her lips and said calmly, "It's alright if you have something against me, but don't disturb Grandma."

Qiao Mianmian was already very indifferent towards Madam Mo.

Hence, no matter what Madam Mo said, she remained indifferent.

Her attitude angered Madam Mo even more.

"You think your status has changed, and you have Ah Si backing you up. So, no one in this family can control you. But don't forget, you're my daughter-in-law, and I'm your elder!"

Qiao Mianmian looked at her calmly. "Mom, these are all your own thoughts. I didn't think of it that way. Since you know that you're an elder, you should do things that suit your status. But which of the things you did suit your status as an elder?"

"If you want others to respect you, you have to be worthy of this respect."

Because of Jiang Luoli, Qiao Mianmian was very rude to Madam Mo.

If Jiang Luoli hadn't been lucky and Xie Zewen hadn't been the one who took her away, the consequences would have been unimaginable.

“What do you mean?” Madam Mo’s expression darkened. “Qiao Mianmian, is this your attitude towards your elders?”

Qiao Mianmian looked at her fearlessly. “You got someone to set up Luoli’s brother, right? You even wanted to force her to marry someone else. You’re not satisfied with me being with Mo Yesi, and you’ve always wanted me to leave him. Now you want to break up Luoli and Brother.

“Madam Mo, don’t you think you’re too much? Just because you think we’re not good enough for your two sons, you think of ways to break us up. Your methods are really despicable.”

Chapter 1752: I’ll Marry Her

“Your two sons are adults. Even if you’re their mother, you have no right to interfere in their love life. Luoli is my best friend. I won’t let you hurt her again.

“I think you know your two sons better than I do. If you continue being so stubborn, I’m sure you know the consequences.”

Madam Mo’s expression stiffened.

After a while, she gritted her teeth and said, “Continue being stubborn? You want me to let Jiang Luoli and Shixiu be together? I’m telling you, this is impossible. I’ll never accept the Jiang Family.

“Shixiu’s future is limitless. If he runs for President, his future wife will definitely be a noble daughter from a prestigious family. That girl from the Jiang Family? What right does she have to be with Shixiu? Since you mentioned her, then tell her that if she knows her place, she should take the initiative to leave Shixiu. Otherwise, I won’t be so gentle next time.”

“So, you really did it last time?” Qiao Mianmian’s expression darkened.

Madam Mo sneered. “That’s right, I did it. I’ve said it before, I will never agree to that girl surnamed Jiang being with Shixiu. If she thinks Shixiu is interested in her and can take the opportunity to marry him, then she’s wrong.”

Qiao Mianmian was about to flare up when she heard a voice from outside.

“Is that so? So you really did it.”

Madam Mo’s expression changed, and she quickly turned around.

Qiao Mianmian looked towards the door in shock.

Mo Shixiu stood at the door with a dark expression. He had obviously heard what Madam Mo said.

Shocked, Madam Mo was stunned for a while before murmuring, “Shixiu, weren’t you overseas? Why are you here?”

Mo Shixiu didn’t answer her.

He walked into the ward with a dark expression. “I don’t need anyone to agree to my relationship with Luoli. I know what kind of partner I should find in the future, and I don’t need anyone to worry about

me. Mom, my wife is someone who will spend the rest of her life with me. This person will be chosen by me, not you.

“Whether you like Luoli or not, I’ve already decided on her.

“I’ll marry her.” Mo Shixiu’s tone was firm as he looked at Madam Mo’s awful expression. “It’s best if you can accept it. Even if you don’t, don’t do anything to hurt Luoli.

“Otherwise, your son might do something to upset you.”

“You want to marry Jiang Luoli?” Madam Mo was furious. “Are you crazy? Do you know what you’re saying?”

Mo Shixiu looked at her and said calmly, “I know very well what I’m talking about. Mom, I haven’t liked anyone for 30 years. If she wasn’t the person I wanted, do you think I’d casually date her?”

“You know my personality. I’m telling you this because I don’t want things to worsen. Luoli doesn’t have a good family background, but I don’t need that. In the future, I’ll be her best family background.

“Because you’re my mother, and because Luoli was lucky and didn’t get hurt, I won’t pursue what happened previously. But if there’s a next time, your son can only be unfilial.”

Chapter 1753: It’s Your Choice

By the time Mo Shixiu finished speaking, Madam Mo’s face was already pale. She was so angry that she almost fainted.

“No, I won’t allow you to marry Jiang Luoli!” She said angrily. “If you marry her, I won’t have a son like you.”

Mo Shixiu was stunned. After a few seconds, he nodded and said calmly, “If this is your choice, then our relationship as mother and son might end here.”

Madam Mo’s eyes widened.

“Y-You would exchange your biological mother for a woman?”

“Mom, it’s all up to you.” Mo Shixiu sighed. “I don’t want this to happen. But if you insist on forcing me, I can’t do anything.”

As soon as he finished speaking, Mo Yesi and Mo Yunchen returned.

Madam Mo burst into tears the moment she saw her husband.

“What’s wrong?” Mo Yunchen quickly walked to her side. “Why are you crying? Is it Mom...”

“Mom is fine.” Madam Mo felt aggrieved and upset at the thought that her two sons were so angry at her that they didn’t even want her as their mother for a woman.

She couldn’t help but cry.

“I’m just sad. I’m such a failure as a person. My two sons don’t even take me seriously. What status do I have in this family? If I’d known this would happen, I’d rather not have children. If the children I give birth to aren’t filial to me, why would I give birth to them?”

Mo Yunchen frowned.

He glanced at Mo Shixiu. “What did you say to your mom to make her so sad?”

“You can ask her.” Mo Shixiu looked at Madam Mo’s crying expression and said calmly, “Dad, since you’re back, you can take good care of your wife.”

Mo Yunchen already knew a little about what Madam Mo did.

Moreover, he knew his wife very well.

Madam Mo cried even harder.

She looked heartbroken as she cried. “Did you hear that? Your son treats me like this. Does he still care about me?”

“Alright, stop crying.” Mo Yunchen comforted his wife patiently. “As an elder, how can you cry like this in front of so many juniors?”

“Let’s talk when we get back.”

Madam Mo continued crying and complaining that she had raised her son for nothing. Now that he had grown up, he didn’t listen to her anymore.

Mo Yunchen was getting impatient. His expression darkened and his tone turned colder. “Alright, stop messing around. Come back with me now and let Ah Si and the rest stay here.”

Madam Mo felt aggrieved.

She wanted to seek comfort from him.

Unexpectedly, Mo Yunchen, who had always doted on her, wasn’t so patient this time. After coaxing her for a while, he saw that she was still making a fuss and his tone turned a little bad.

Madam Mo felt even more aggrieved.

Her sons had all turned against her. Even her husband, who always doted on her, wasn’t as gentle and caring towards her as before.

She felt that this family had completely changed.

It was no longer her home.

Her son and husband were no longer the same.

Mo Yunchen ignored her and said to his sons, “Wenpei and I will go back first.”

Chapter 1754: But He Couldn’t Find Someone Too Bad

“Stay here. Call me if your grandma wakes up.”

With that, he turned and left the ward.

After taking a few steps, he stopped and turned to look at Madam Mo, who was still standing at the same spot. He frowned and said in a low voice, “What are you still standing there for? Come back with me.”

Although Mo Yunchen usually doted on Madam Mo, he didn’t always pamper her. When he was angry, Madam Mo was still a little afraid of him.

Madam Mo bit her lip and walked towards him with tears in her eyes.

Soon, Mo Yunchen left with Madam Mo.

...

They left the hospital.

Madam Mo still felt aggrieved and cried in the car. “Do you dislike me now, too? Mo Yunchen, you’ve changed. How dare you yell at me.

“You’ve never yelled at me before.

“I’m annoying you guys right now, right? My two sons don’t like me. They always feel that I have ill intentions and want to break up their good marriage. Now, you think I’m annoying and don’t like me anymore, right?”

In the backseat.

Mo Yunchen frowned.

He held back his anger and said, “I’ve already heard from Ah Si what happened during my absence. You said that both sons have changed and don’t like you anymore. Have you thought about the reason?

“If you didn’t interfere with their matters, would they treat you like this?

“I think Mianmian is a good child. I heard she’s the daughter of the Bai Family? Our Mo Family doesn’t lack anything now. We don’t have to marry a wife of equal social status. As long as the two children don’t like random girls, why can’t we indulge them?

“In my opinion, as long as she’s a good and kind child, it doesn’t matter if her background is good or not. It’s naturally best if they can marry someone of equal social status. If they can’t, then it’s fine. As long as they like each other and their relationship is good, it’s fine.”

“How can that be?” Madam Mo was firm about the family background. “You know that Shixiu is going to do big things in the future. His wife has to be a woman on par with him. This way, not only can she help him in his career, but she can also bring him anywhere.

“If he marries a poor girl from a small family, wouldn’t she be a burden to him?

“Everything else is fine, but Shixiu’s future partner can’t be a poor woman.

“He can choose not to accept the person I arranged for him, but he can’t find someone too bad.”

Seeing how stubborn she was, Mo Yunchen’s expression darkened. “I have the final say in this matter. Whether it’s Ah Si’s personal life or Shi Xiu’s, you’re not to interfere anymore. They can marry whoever they want.

“If you’re bored and have nothing to do at home, I’ll enroll you in a few behavior management courses. Go learn more about your character and change it for the better. But you can’t interfere with the two children’s lives.”

Madam Mo’s expression was awful. “Are you really their biological father? Don’t you care about your son’s future career at all?”

Mo Yunchen looked at her expressionlessly. “I’m concerned, but not like you. For the so-called ‘good’ family background.”

Chapter 1755: This Is the Only Thing She Has to Care About

“Their future career... You’re treating your sons like enemies. You think you’re doing this for their own good, but they’re not children anymore.

“Do you think they’ll be grateful?”

“So what?” Madam Mo insisted righteously. “I don’t need their gratitude. It’s fine if they resent me now, they’ll understand my painstaking efforts in the future.”

“Y-You’re really stubborn!”

Mo Yunchen was angered by her and said angrily, “I’m telling you not to interfere in this matter.”

Madam Mo saw that he was angry and didn’t agree with him, but she didn’t dare to say anything else.

But she didn’t take Mo Yunchen’s words seriously.

She couldn’t stay out of it.

She had to get to the bottom of this!

...

At the hospital.

Two hours later, Old Madam finally woke up.

Qiao Mianmian was the first to notice it. She saw Old Madam’s eyelids twitch for a while before she slowly opened her eyes.

“Grandma, you’re awake.” Qiao Mianmian called out happily.

Old Madam had just woken up and looked at her blankly. After a while, she said hoarsely, “Is it... Mianmian?”

“Mm, Grandma, it’s Mianmian.” Qiao Mianmian nodded. “Grandma, do you feel unwell anywhere? Wait for me, I’ll get the doctor to take a look at you.”

Mo Yesi and Mo Shixiu immediately surrounded Old Madam.

“Ah Si, Shixiu, you’re both here.” Old Madam smiled at her grandsons. “Don’t worry, Grandma is fine.”

Although she said so, who could be at ease?

Qiao Mianmian pressed the service button and called the doctor over.

Old Madam was a very important patient. In less than two minutes, the doctor and nurse arrived.

Wearing a white coat, Lu Rao led a few doctors and nurses in. Seeing that Old Madam was awake, he smiled and quickly walked to the bed.

“Old Madam, you’re finally awake.” Lu Rao’s eyes were filled with concern as he asked gently, “How are you feeling now? Do you feel uncomfortable anywhere? In order to ensure that your body is fine, we need to do another checkup.”

Old Madam liked young and promising juniors like Lu Rao.

She looked at him fondly and nodded with a smile. “You’re a doctor, you have the final say. I just feel a little pain in my leg, but nothing else.”

When Old Madam was sent to the hospital, they had already done a thorough checkup on her.

But her body was precious, and he had to do another check-up just in case.

Lu Rao took out a stethoscope and did some basic checks on Old Madam.

After a while, he removed the stethoscope and smiled. “Old Madam, you’re blessed. Your body is fine. You can be discharged after recuperating for a while.”

No one was worried about Lu Rao’s checkup.

Old Madam was relieved.

The older a person was, the more timid they were.

Old Madam was no exception.

She wanted to live happily now. She wanted to live for another 20 to 30 years. She was still waiting to carry her great-grandchildren.

Chapter 1756: You Don’t Treat Her Well Enough?

With that, Lu Rao turned to Mo Yesi and said, “Don’t worry, Old Madam is fine. She’ll probably be able to return after staying in the hospital for half a month. She’ll have to abstain from certain foods during this period. I’ll send you everything she needs to abstain from later.”

Mo Yesi nodded.

Lu Rao left after giving a few more instructions.

Qiao Mianmian poured a glass of water and placed it on the bed. She then got Mo Yesi to help Old Madam sit up.

Then, she fed the old lady some water. "Grandma, you must be thirsty. Have some water."

Old Madam drank a few mouthfuls of water from her hand. She then looked up and saw Qiao Mianmian being obedient, filial, and sensible. She liked this granddaughter-in-law even more and was even more satisfied now.

She still had a lingering fear when she thought about what happened today.

She thought for a while and held Qiao Mianmian's hand. "Mianmian, do you know what Grandma was thinking when she fell down the stairs today?"

She looked at Qiao Mianmian and said slowly, "Back then, Grandma thought that I didn't want to die. I wanted to live for a few more years. I haven't seen Shixiu get married, and you and Ah Si haven't given me a good great-grandchild.

"So, I begged God to let me live for a few more years. I really don't want to die.

"God is still good to me. Look, I survived again. But after this, Grandma is still a little afraid.

"Will I be so lucky next time?"

"Grandma, don't say that." Qiao Mianmian frowned. "You'll definitely live a long life. This won't happen again."

Old Madam chuckled and patted the back of her hand. "Child, everyone thinks so. But it's hard to say whether you won't suffer an accident tomorrow. So, Grandma is afraid that when that day comes, she will still have regrets.

"Are you and Ah Si really not considering having a child now? Of course, Grandma knows that you're busy with your career, and it's not good to have children too early in your line of work. But can you start preparing now?"

"And Shixiu, how's your relationship with that girl? Do you have plans to get married? In my opinion, there's no need to date for so long. As long as you confirm each other's feelings, it's best to get married early.

"After marriage, we can slowly build a relationship. Aren't Ah Si and Mianmian like this?"

Mo Shixiu responded calmly, "Grandma, it's not that I don't want to get married now, but your future granddaughter-in-law doesn't have such plans. If she's willing, I can get married to her anytime."

Old Madam was stunned and then frowned. "How could she not have such plans? Is it because you don't treat her well enough and she doesn't have confidence in you, so she doesn't want to marry you?"

"She said that she's still young and doesn't consider marriage for the time being." Mo Shixiu respected Jiang Luoli, so he wouldn't force her.

He could wait.

When she was willing, marriage would happen naturally.

Old Madam wasn't satisfied with his answer.

She frowned. "But you're already 30. Under normal circumstances, you'd have gotten married and have children already. How many years will you have to wait until she's ready?"

Chapter 1757: But Now, She's Hesitating

Mo Shixiu smiled. "Grandma, I'm not in a hurry, why are you? I respect Luoli's wishes. She doesn't want to get married now, so I won't force her."

"But..."

"Alright, Grandma, don't worry. I promise that your granddaughter-in-law won't escape. I'll definitely marry her. Is that alright?"

Old Madam could only sigh.

She couldn't possibly force Mo Shixiu to marry Jiang Luoli immediately.

"What about you?" Old Madam didn't succeed in rushing him and immediately changed her target. "Ah Si, when are you and Mianmian going to have a child?"

Mo Yesi was speechless.

"Grandma, we're not in a hurry."

"Why aren't you in a hurry? Do you think you're still young? Your grandfather was younger than you back then, and he already had your dad. It doesn't matter if we have a child early. What's there to be afraid of?"

Mo Yesi was the same as Mo Shixiu.

Even if he really wanted a child now, the final decision was still Qiao Mianmian's.

If she didn't want it now, he wouldn't force her.

"Grandma, Mianmian and I just got married not long ago. We haven't considered children yet. No matter what, we have to wait for a year or two. Why are you so anxious? You'll be carrying great-grandchildren before long."

Old Madam was naturally unhappy with such an answer.

Mo Yesi could tell. He thought for a while and said, "Grandma, it's not that we don't want a child now. Mianmian and I have discussed it. We've decided to let nature take its course."

"If we have a baby, that's good. If not, then it's not the time yet."

"Yes, Grandma," Qiao Mianmian added. "Let nature take its course."

Old Madam looked at them and sighed.

A few seconds later, she waved her hand and said, “Forget it, forget it. I won’t rush you. You can do whatever you want.”

...

Qiao Mianmian and Mo Yesi left the hospital later.

Qiao Mianmian recalled what Old Madam said in the hospital and couldn’t help but ask, “Mo Yesi, do you really want a baby?”

Mo Yesi turned around and looked at her in surprise. “Why are you suddenly asking this?”

“It’s nothing, just asking,” Qiao Mianmian said casually. “Grandma is rushing me, so I want to know what you think.”

Mo Yesi didn’t want a baby that much.

He wanted to have a child with Qiao Mianmian now because he felt that then, their relationship would be more stable.

But he didn’t particularly like children.

“I respect your thoughts.” Mo Yesi turned to look at her and said seriously, “Mianmian, I want to have a child with you now. But if you don’t think it’s suitable, then we won’t. We’ll have a child when you’re ready.”

Qiao Mianmian looked at him.

The more Mo Yesi respected her, the more she felt bad.

She felt like she’d gone overboard.

He’d changed a lot for her and made a lot of compromises.

As for her.

Qiao Mianmian was originally very determined not to have a baby for the next one or two years, but now, she was a little hesitant.

...

The next day.

“The Meaning of Traveling” sent a Weibo post to confirm the guest list for the next episode.

Chapter 1758: Strongly Requesting for the Production Team to Change!

Female guests: Shen Fei, Little Xiao, Qiao Anxin, Song Ke, and Qiao Mianmian.

Male guests: Zhan Bo, Ren Jun, Su Mufei, Han Yan, and Zhao Yixiang.

When the guest list was released and they saw that Qiao Mianmian was one of the guests for the next episode, many netizens were unhappy.

They all left comments in the comment section, asking the production crew to change it. Otherwise, they wouldn't watch the next episode.

"Why is it Qiao Mianmian again? She's just a nobody, what right does she have to participate in such a show!"

"It's different to have an awesome boyfriend. You can get whatever resources you want."

"The production crew must be crazy. They don't want the ratings anymore. Gosh, I really hate Qiao Mianmian. With her around, I really don't want to watch the next episode."

"I strongly urge the production crew to change it! I don't want to see Qiao Mianmian at all."

"I think the production crew should change the person. The Meaning of Traveling has been doing it for a few episodes. It wasn't easy to accumulate a good reputation. If it's ruined because of someone, it's not worth it."

These netizens even went to Qiao Mianmian's Weibo and told her to be more self-aware and not appear on the show.

"Qiao Mianmian, don't be so shameless. Why are you everywhere?"

"I'll have to trouble some people to be self-aware. With your status, what right do you have to be on a variety show with a group of big shots? It's disgusting to walk behind the scenes so openly."

"A C-lister has to have self-awareness. We don't want to see you on such a good show. It'll affect our mood, do you understand? Please don't drag the entire show's ratings down."

Qiao Mianmian's fans couldn't tolerate it.

They rebutted. "What do you mean by C-list? Everyone starts from the C-list, why shouldn't they have good resources? Just based on your words? Ridiculous."

"I can tell. Sisters, our Mianmian's resources are getting better and better. Some people must be anxious and jealous. I advise some people that if they have the time to defame Mianmian here, it's better to persuade your master. Jealousy is useless. People are unfair. So what if Mianmian has the backing? If she's capable, she can go backstage too."

"Being able to get resources from the backstage is also an ability. Not everyone can do it. The more haters Mianmian has, the more popular she is now. You haters can continue to flame her. Just treat it as increasing Mianmian's popularity. Her fans are happy to see it, too."

The fans attacked the haters, the haters attacked the fans, and soon, Qiao Mianmian's latest post had tens of thousands of comments.

Qiao Mianmian, who was "trending", made it to the trending topics with # Qiao Mianmian participating in The Meaning of Traveling #.

Qiao Mianmian had no idea what was happening.

She was accompanying Old Madam in the hospital.

After a good night's rest, Old Madam looked much better today.

Qiao Mianmian peeled one fruit and handed it to her. "Grandma, have some fruit."

Old Madam smiled and took it.

"Girl, aren't you bored?" Old Madam looked at the little girl sitting by the bed and said with pity in her eyes, "If you're bored, go do your own thing. You don't have to accompany me here."

Chapter 1759: I Want to See Her

"Uncle Zhang is here, and there are others in the hospital. You don't have to stay here with me."

"Grandma, I'm not bored." Qiao Mianmian handed her another piece of fruit. "I've been idling at home for the past two days and have nothing to do. I'm quite happy to be here with Grandma."

Old Madam looked at her even more lovingly.

"Really? Don't force yourself to stay here."

"Grandma, I'm not forcing myself at all. I swear. Do you find me annoying and want me to leave?"

"How could that be?" Old Madam grabbed her hand and patted it gently. "I'm just afraid that you young people won't be used to it. Grandma is so happy that you're here with me, why would you bother me?"

As they were talking, someone knocked on the door.

The door opened and the old lady greeted him. "It's Chen Chen. Come to Grandma."

Qiao Chen carried the fruits and supplements in his hand and placed them on the bedside cabinet.

"Grandma, do you feel better?" Qiao Chen was pulled to sit beside Qiao Mianmian.

"Much better." Old Madam nodded with a smile. "Seeing you, Grandma has recovered."

...

The siblings chatted with Old Madam for a while until they saw she was sleepy. Then, they left the ward.

"Chen Chen, how's your revision going? Do you have confidence in yourself?"

Qiao Chen would be taking his college entrance examination soon.

Although Qiao Mianmian was very assured of him, the college entrance examination was a very important matter in his life, after all. She still had to be concerned.

"Mm, I'm almost done revising."

"Have you thought about which school you want to apply to?"

"Mm." Qiao Chen nodded. "I've thought about it. Sister, I plan to apply for S University."

"S University?"

"Mm."

“Then, are you confident?”

S University was one of the best universities in the country.

It wasn't easy to get in.

Although Qiao Chen's grades had always been top-notch, everyone who could enter S University had outstanding grades.

Qiao Chen smiled. He looked so handsome and youthful. “Sister, I'm confident. Getting into S University isn't difficult for me.”

“That's good.” Qiao Mianmian patted his shoulder. “Chen Chen, all the best.”

“Mm. Sis, you can do it too.”

Qiao Mianmian looked at the time on her cell phone and asked, “Where are you going now? Home?”

Qiao Chen's expression changed slightly. A few seconds later, he said, “I-I have a friend in this hospital. I want to see her.”

“You have a friend in this hospital, too. It's...” Qiao Mianmian was about to ask who it was when she suddenly recalled something and smiled. “That friend of yours, is it Shen Xin? She's not discharged yet?”

Qiao Chen blushed.

He nodded. “Mm.”

“Then go.” Qiao Mianmian waved at him.

Qiao Chen nodded and left.

...

Shen Xin was lying on the bed, reading a book.

She was alone in the room.

He could hear her flipping the pages occasionally.

Chapter 1760: The Boy She Loved

She was a little sleepy after reading for a while. Just as she was about to sleep, she heard someone knocking on the door.

Shen Xin thought it was a nurse doing ward rounds. She closed the book and placed it aside. “Come in.”

The door was pushed open.

Shen Xin's eyes widened in shock when Qiao Chen walked in.

She stared at him for a few seconds before asking, “Qiao Chen, w-why are you here?”

“Grandma is hospitalized here, too.” Qiao Chen pursed his lips and suppressed his emotions. Pretending to be casual, he said, “I thought you were still in the hospital, so I came to see you.”

“Old Madam is in the hospital?” Shen Xin was a little shocked. “What happened to her?”

Shen Xin used to be a guest at the Mo Family.

Old Madam treated her well.

Shen Xin couldn't help but worry when she heard that Old Madam was hospitalized.

“Mm, Grandma accidentally fell down the stairs. But the doctor said that she was lucky. It's just a small injury on her leg, and she needs to rest in the hospital for a while. She'll be fine.”

“That's good.”

Shen Xin didn't say anything else.

Qiao Chen was the same. Neither of them had anything to say.

“Shen Xin, isn't your family accompanying you?” Qiao Chen spoke first. “Why are you alone in the room?”

“I told them not to accompany me all day. My mom comes to see me every day, but she'll come later.”

“I see.” Qiao Chen nodded and fell silent again.

Shen Xin looked at the handsome young man standing by the hospital bed and thought about how long it would take for them to meet again once she left Yuncheng City. She felt a little sour in her heart.

This was the first time she was attracted to a boy.

She'd liked him for three whole years.

Even if they couldn't be together in the future, Shen Xin knew very well that Qiao Chen was someone she would never forget.

This boy she liked so much...

“Shen Xin, do you want some water?” Qiao Chen stood by the bed for a while and saw that the cup on the bedside table was empty. He walked over and picked up a glass of water.

Shen Xin wasn't actually thirsty, but she still took it when Qiao Chen handed it to her.

Qiao Chen watched as she took two sips and brought another fruit over. “Shen Xin, do you want some fruit? I'll peel one for you.”

Shen Xin looked at the orange in his hand and was about to say that she didn't want it when she saw Qiao Chen sitting by the bed with a fruit knife.

He peeled an orange skillfully.

Shen Xin wasn't hungry at all, but when Qiao Chen handed her the peeled orange, she hesitated for a while before taking it.

She ate the orange slowly.

Qiao Chen watched as she finished eating and picked up another apple.

“Qiao Chen, I’m not hungry. You can’t stop.” Shen Xin wiped her hands clean with a tissue and quickly stopped him.

“Really? Do you want something else?”

Shen Xin shook her head. “No need, I’m not hungry.”

“I see.” Qiao Chen put the apple back and looked at her leg. “Did the doctor say when you can remove the plaster?”

“Mm.” Shen Xin nodded. “The plaster can be removed in two days.”
