

## Big Shot 1851

### Chapter 1851: I Was Scared to Death When I Saw the News

“You want to do a good job, but I think your sister is a ruthless person. She might not let you off easily.” Song Ke was a little afraid when she thought of how Qiao Mianmian had smashed Third Chen’s face.

Qiao Mianmian was too ruthless.

Song Ke had always been against Qiao Mianmian and was always picking on her.

But now, she was a little afraid.

“Anyway, we shouldn’t offend her so easily.” Little Xiao glanced at Qiao Mianmian. “She has someone to back her up. If we provoke her, her backer might just shut us out with a word. The Su Corporation is such a big corporation, but they just buy it over like that, not to mention small celebrities like us.”

“Who exactly is the man behind her?” Song Ke thought of what her sugar daddy had told her and asked curiously, “Isn’t he just a relative of the Mo family? Why is he so powerful?”

“Even if he’s working in the Mo Corporation, he can’t just take over a company as he pleases. The CEO of the Mo Corporation must be the one behind it, right?”

Little Xiao and Qiao Anxin both knew Mo Yesi’s true identity.

The two of them thought, *Isn’t he the CEO of the Mo Corporation?!*

She didn’t know how the rumors spread online that he had become a relative of the Mo Family.

He was just one of the side family members. How could he have so much power?

How could Gong Zeli, Yan Shaoqing, and all the other young masters from wealthy families stand in line?

But neither of them spoke.

They knew Qiao Mianmian’s backing and didn’t dare to offend her.

Of the few of them, the only one who wasn’t clear was Song Ke.

They needed Song Ke to make things difficult for Qiao Mianmian, but if she knew that Mo Yesi was the CEO of the Mo Corporation, she probably wouldn’t dare to offend Qiao Mianmian anymore.

...

Back in the room.

Qiao Mianmian didn’t sleep much after what happened.

No matter how strong she was mentally, this was the first time she had encountered something like this, and the impact was not light.

She finally managed to get through to the morning. After sleeping for an hour or two, she was woken up by the ringing of her phone.

Qiao Mianmian took out her phone. When she saw that it was Jiang Luoli calling, she remembered what she said yesterday and immediately picked up.

“Hello, Luo Luo. Are the test results out? How is it? Are you pregnant?”

“Baby, it’s not about me. It’s about you.” Jiang Luoli’s voice was full of worry. “I saw the news. Are you okay?”

“News? What news?”

“Didn’t an old bachelor from the village sneak into your room? God, it’s so scary. I was scared to death when I saw the news. How could this happen? What is the production team doing? Can’t they even ensure the safety of the artistes?”

“I don’t think you should participate in such a program anymore. Come back quickly.”

“You’re so good-looking. I’m worried that you’ll be targeted by some bad guy again. Baby, I’m really worried about you now. Come back quickly.”

Qiao Mianmian was stunned for a few seconds.

But then, she felt that it was normal.

After what happened last night, it would definitely be on the news today.

“Luo Luo, don’t worry. I’m fine.”

“What do you mean ‘fine’?” Jiang Luoli was extremely anxious. “I was scared to death when I saw the news. You were lucky this time. But if there’s a next time... I don’t dare to think about the consequences.”

### **Chapter 1852: F\*ck, What Does This Mean?**

“That old bachelor actually had knockout powder on him. If you were drugged...”

“What?” Qiao Mianmian was shocked. “You said he had knockout powder on him?”

“That’s right. Don’t you know? There was an announcement at the police station today. They said they found a packet of knockout powder on that old bachelor’s body. Fortunately, you noticed that something was wrong. If you had slept soundly, wouldn’t he have...”

“When I thought of this possibility, I was worried to death. This kind of remote mountain village is not safe, to begin with. In the past, I heard that many girls are abducted to sell to those old bachelors as their wives. The village you stayed in is too scary. Knowing that you are a public figure, he still dared to sneak into your room.”

Qiao Mianmian had no idea that Third Chen was carrying knockout powder.

Now that Jiang Luoli said that, she felt a lingering fear.

If she hadn’t woken up from thirst back then, she might have really been drugged by him.

“Luo Luo, I know what to do. Don’t worry, I’ll protect myself. Did you go for a checkup today?”

“Not yet. I just woke up and saw this news. I was scared to death, so I called you immediately.”

“Well, you must let me know when the results are out.”

“Of course I’ll tell you. If I really am pregnant, can you be the godmother?”

“Luo Luo, are you stupid? When you marry Mo Shixiu, you’ll be my sister-in-law. Then, I’ll be your baby’s aunt. Isn’t this relationship closer than godmother?”

“Who said I must marry Mo Shixiu?”

“If you don’t marry him, do you still want the baby to become a child of a single-parent family?”

“Hmph, that depends on his performance. If he doesn’t propose to me, I won’t consider it.”

The two chatted for a while before hanging up.

Qiao Mianmian went to search the news. The news of an old bachelor sneaking into her room last night had already been reported by the media.

Qiao Mianmian was about to leave when she saw another piece of news.

Don’t dig up my alias: “I’m afraid of being fired, so I can only expose it. What happened last night wasn’t as simple as the police report made it out to be. Everyone can imagine a grown man sneaking into a woman’s room. That woman was still sound asleep at the time, so how could nothing have happened? The truth was that when Qiao Mianmian came out of the room, her hair was disheveled and her clothes were in a mess. In any case, she looked miserable. I don’t dare to say that she was really taken advantage of by that old bachelor, but I don’t believe that she wasn’t hurt at all. For the sake of her image as an artiste, there are some things that the police can’t say directly. Otherwise, how would she survive in the entertainment industry and face the public?”

This so-called revelation quickly became a trending topic.

The words “Qiao Mianmian was exposed” on the trending page, and it was getting more and more trending.

The netizens were obviously very interested in this so-called breaking news. The breaking news had only been exposed for less than ten minutes, but there were already more than ten thousand comments.

“F\*ck, what does this mean? Does it mean that Qiao Mianmian has already been...? Oh my god, if it’s true, that’s too tragic.”

“I have a friend who is a staff member of the production team.”

### **Chapter 1853: Helping Her**

“He told me about this early in the morning and even told me not to say it. The contents of the leak are basically true. When Qiao Mianmian walked out of the room, she was indeed disheveled. I didn’t expect this to be exposed.”

“That’s right. The production team has already informed them not to speak of this matter. If she really didn’t get her way by that old bachelor, there’s nothing she can’t say. It’s clear that she might really have been...”

“Actually, I can imagine it too. Men are stronger than women, to begin with. Not to mention those old bachelors who have never touched a woman before. At that time, he must have been very strong. Qiao Mianmian looks so weak, how could she resist him?”

“Although I don’t really like Qiao Mianmian, if this is true, she’s quite pitiful.”

“That’s right. It’s pitiful for any girl to encounter such a thing. However, is it true or is it just a rumor? If it’s a rumor, it’ll affect her reputation.”

This neutral comment was quickly flooded with new comments.

Qiao Mianmian’s expression darkened when she saw this post.

The production team was very clear about the situation last night.

But now, a so-called insider revealed that she was raped by Third Chen. He even described it vividly as if he was there.

The netizens would not pursue the truth.

Moreover, most people would believe such rumors.

Because when a female celebrity was raped by a village bachelor, it would arouse pity from others. This greatly satisfied the mentality of many people who hated the rich.

Even high and mighty celebrities would be raped.

She was still raped by a village bachelor.

This was like a noble white swan falling into a quagmire, covered in mud. It looked like the price had dropped significantly.

And this matter would become a stain on her life.

She was a public figure.

No matter where she went in the future, people would point fingers at her and say that she was the female celebrity who was raped by the village gangster.

This was probably the effect that the so-called informant wanted to see.

Qiao Mianmian could easily guess who it was.

Because the range was very small.

The person who leaked the news must be in the production team, and there were only a few people in the production team who didn’t get along with her.

Just as she was about to call Linda and ask her to check the ID of the leak, she saw Zhan Bo and Shen Fei reposting it.

Both of them reposted it in an extremely angry tone.

Shen Fei: "Seeing such a rumor, I really hate the insidious person behind it. Isn't he afraid of retribution for deliberately spreading rumors about a girl? Everyone, don't believe these rumors. Last night, many people from our production team were present. It's not what he said."

Zhanbo: "This Weibo post has already been reposted more than 500 times. You can add criminal responsibility now. Don't worry, if you dare to spread rumors, you have to think of the consequences. All the information has been screenshotted. You can't escape."

Even Su Mufei and Ren Jun reposted it.

Su Mufei: "Disgusting maggot, just wait to be prosecuted."

Ren Jun: "It's too sinister to spread rumors about a girl like this. We were all present last night, so we can prove that every word on this Weibo post is fake. I can't care about others. I know my fans are smart. Don't believe such low-level rumors."

### **Chapter 1854: Someone Did What She Wanted to Do**

Zhao Yixiang: "I was there last night. I can guarantee that this Weibo post is indeed spreading rumors."

Qiao Mianmian's team immediately came out to speak up for her. After all, it was easier said than done.

Seeing that Shen Fei and the rest had stood up for Qiao Mianmian, it was impossible for them to remain silent.

They were all guests from the same program. Only a few of them did not express their thoughts. No one knew what the netizens would say.

Han Yan: "I was there last night, too. It's really not what this Weibo post said. Everyone, be rational. Don't be fooled so easily. This is deliberately spreading rumors to gain attention."

Little Xiao: "Don't believe rumors."

Even Qiao Anxin stood out and posted on Weibo: "Waiting for the truth."

Her post was rather intriguing.

Everyone else said it was a rumor, but she was "waiting for the truth".

She made it sound like she wasn't there last night.

There were a total of ten people on the team. Eight of them had already reposted it to show their support.

Soon, someone realized that only Song Ke didn't.

After Shen Fei, Zhan Bo, and the rest posted on Weibo, the public opinion was quickly reversed. Some netizens started to believe that the person who leaked the news was spreading rumors and wanted to defame Qiao Mianmian.

“I believe my Sister Fei. If she says it’s a rumor, it must be a rumor.”

“So many people are saying that it’s a rumor, so the leak should be fake. This person is really shameless. In order to gain attention by defaming a girl like this, I think Qiao Mianmian must have offended someone.”

“I realized that Qiao Mianmian’s social relations are very good. So many people are standing up for her. I think this means that she must be a very good person. That’s why so many people are willing to stand up for her.”

“I found something very interesting. It seems like Song Ke is the only one who hasn’t expressed anything. Don’t you guys find it strange that she and Qiao Mianmian have some conflict?”

“Could it be that Song Ke didn’t see it? Maybe she’s still sleeping.”

“It can’t be. Song Ke just updated her Weibo ten minutes ago and posted a selfie. She said she was already up. It’s impossible that she didn’t see it.”

The sharp-eyed netizens noticed that Song Ke had logged into Weibo, but she didn’t repost it to help Qiao Mianmian.

...

At that moment, Song Ke was scrolling through Weibo.

She saw Shen Fei’s repost.

When she saw that Qiao Mianmian had reposted that Weibo post, saying that she would file a lawsuit and find out who did it, she panicked a little.

Because that Weibo post was sent by her.

She thought that she could use this incident to ruin Qiao Mianmian’s reputation, but she didn’t expect Shen Fei and the rest to stand up for her so quickly.

Not only Shen Fei, but everyone else also stood up for Qiao Mianmian.

Now, the situation had been turned around.

Song Ke also wanted to help Qiao Mianmian by reposting it, but she wasn’t that mentally strong.

If Qiao Mianmian found out who was behind this, would that person be afraid and reveal her?

In another room.

Qiao Anxin was extremely shocked when she saw the news.

Because someone actually did what she wanted to do.

### **Chapter 1855: Luckily, She Didn’t Make a Move**

She had thought about spending money to ruin Qiao Mianmian’s reputation last night.

Just as she had thought, the entertainment industry was a place of truths mixed with lies.

No one would really take those rumors seriously.

As long as she could make people believe that it was real, her goal would be achieved.

In fact, Qiao Anxin had gone to take a look when the news came out.

Many people had already believed the revelations and believed that Qiao Mianmian was really...

If not for Shen Fei, Zhan Bo, and the rest stepping out to speak up for her, public opinion would not be easily reversed.

Who would have thought that Qiao Mianmian, that little b\*tch, was so good at winning people's hearts? She could get so many people to speak up for her.

This was something that Qiao Anxin had wanted to do, but before she could contact someone to do it, someone else had done it before her.

Qiao Anxin could already guess who was behind this.

Song Ke had already expressed her dissatisfaction with Qiao Mianmian.

It was not surprising that she would do such a thing.

She was a little glad that she didn't make a move.

The others also noticed Song Ke's abnormality.

A group of people found Shen Fei.

"Sister Fei, Mianmian's incident must have been leaked by someone from the production team. I suggest we investigate this internally and find this person with ulterior motives."

"Yeah, the thought of being in the same production team as such a sinister person makes me feel uneasy."

"He can create rumors about Mianmian, he can also create rumors about any one of us. We must find this treacherous person."

"Why do I feel that Song Ke is acting a little weird today? She should be up by now. Why is she still in her room?"

Su Mufei seemed to have heard something unintentional, but it made others misunderstand.

Song Ke must have woken up by this time.

She should have seen Qiao Mianmian's Weibo post, but she still hadn't made any comments.

Thinking about how Song Ke and Qiao Mianmian were at odds previously, coupled with her current abnormality, it was hard not to suspect her.

"Little Xiao, go and see if Song Ke is up." Shen Fei looked at Little Xiao and said, "If she is, go and call her over. Say that we have something to discuss."

“Okay.”

Little Xiao turned around to find Song Ke.

Zhan Bo looked at Shen Fei and hesitated for a moment before asking in a low voice, “Sister Fei, do we really have to let the production team investigate this matter?”

He asked this because he had already guessed who the mastermind was.

If he was found out and the netizens knew who this person was, it would definitely be difficult for him to survive in the future.

If Zhan Bo could think of something, Shen Fei must have thought of it too.

Shen Fei was silent for a while before saying seriously, “Of course we have to investigate. No matter who is behind this, we have to find this person.”

Zhan Bo nodded. “That’s what I mean, too. The nature of this incident is too bad. The person who spread the rumor clearly wants to completely destroy Mianmian. We have to find this person.”

Qiao Anxin’s expression changed several times as she listened to their conversation.

At this moment, she was glad that she was slower than Song Ke.

Soon, Little Xiao went to call her, and Song Ke finally came out of the room.

#### **Chapter 1856: Why Do I Feel That This Is a Little Weird?**

At this moment, Qiao Mianmian walked out.

When Song Ke saw Qiao Mianmian, her expression was unnatural. She exchanged a glance with her and then quickly looked away.

“Sister Fei, Little Xiao said that you were discussing something and asked me to come over.” Song Ke tried hard to maintain a neutral expression on her face and squeezed out a stiff smile from the corner of her mouth. “What is it?”

Qiao Mianmian walked over and called out, “Sister Shen.”

Shen Fei looked at the two of them in silence for a few seconds before saying, “Song Ke, did you see that Weibo post about Mianmian spreading rumors?”

“Ah? What Weibo post?”

Of course, Song Ke wouldn’t say that she had seen it. If she didn’t express anything after seeing it, wouldn’t it make people feel suspicious?

She feigned ignorance. “What’s wrong with Mianmian?”

Shen Fei didn’t expose her. “There were rumors about what happened last night, and it’s bad for Mianmian’s reputation. This person must be from our production team. We’ve decided to investigate this person.”

A trace of panic flashed past Song Ke’s eyes.

“Is that so? There’s actually such a thing. Have you found out who that person is?”

“Not yet, but it’s very easy to find out.” Zhan Bo did not ignore Song Ke’s reaction. She smiled and said, “Just arrest the person who posted on Weibo. By then, everything will be clear.”

Song Ke’s heart thumped wildly.

However, she comforted herself that the account was not hers.

At that time, Song Ke had thought about what she would do if someone found out about the backstage information.

Therefore, she had used someone else’s information to register.

If they were to investigate, they would only find information about that person.

With this in mind, Song Ke felt a little more at ease.

“Is that so? I also hope to find out the person who started this rumor.”

“Mianmian, did your management company say anything?” Shen Fei turned to Qiao Mianmian.

“Mm.” Qiao Mianmian nodded. “The company has already found the relevant person-in-charge on Weibo to investigate this matter. I believe we’ll soon find out who posted it.”

“That’s good.” Shen Fei looked at Song Ke again and said meaningfully, “We have to find out who this person is and whether he’s among the people we know.”

“If it is, it’s terrifying.”

Song Ke’s expression changed again.

The smile on her lips had gone impossibly stiff.

“Yes, yes, that’s really quite scary. We should... should have found out earlier.”

“By the way, Song Ke, you should go take a look at Weibo. We’ve already reposted that Weibo post to express our support for Mianmian. Now, you’re the only one who hasn’t done it. People will inevitably think that you don’t get along well with everyone. I think you should do it.”

“Yes, Sister Fei. I’ll do it immediately.”

Under everyone’s gaze, Song Ke opened Weibo.

She wrote a paragraph, deleted it, and then wrote it again. She edited it several times before sending it out.

Song Ke: “Waiting for the truth.”

Her post was the same as Qiao Anxin’s.

They were both a little ambiguous.

“Did you guys notice that the content that Song Ke and Qiao Anxin forwarded was different from the others? Why do I feel that this is a little weird?”

## Chapter 1857: Insane!

“Weren’t they at the scene, too? Don’t you know what’s going on? Is there a need to wait for the truth?”

“Hahaha, I realized it too. I have a guess. I’ll wait and see if I’m right.”

“I also have a guess.”

“I also have a guess+1.”

After a while, the production team’s official Weibo also sent out an official reply and even released a video.

The netizens clicked on it and saw the video recording of Qiao Mianmian coming out of the room last night, all the way until the police arrested Third Chen.

Anyone who wasn’t blind could see that after Qiao Mianmian walked out of the room, she wasn’t in a mess. Her hair wasn’t disheveled and she didn’t look miserable.

She was wearing pink Peppa Pig cartoon pajamas. The style of the pajamas was a little conservative and covered her from head to toe.

When she walked out of the room, her expression was calm and composed.

Once the video was out, the Weibo post was confirmed to be a rumor.

The netizens all denounced him.

“This is too much. He actually used such a method to defame a girl. If Shen Fei, Zhan Bo, and the others didn’t stand up for Qiao Mianmian, without this video, she wouldn’t be able to clear her name.”

“The person behind this rumor is too evil.”

“I hope we can find this person soon.”

Once the official Weibo video was released, those who still had doubts about the leak were speechless.

This storm came and went quickly.

The program went on as per normal.

On the third day, the mission was to help the primary school students in the village cook a day’s worth of food. One team would be responsible for the lunch and the other team would be responsible for dinner.

After that, the students would score, and the group with the higher score would win.

Qiao Mianmian’s team was in charge of preparing lunch.

There were not many students in the village. Only about twenty.

This wasn’t a lot of work for Qiao Mianmian.

The key to this mission was not to cook for the students.

But the production team only took 50 yuan.

After receiving the purchasing funds from the production team, everyone was a little confused.

“Fifty yuan to make lunch for 23 children? Is there something wrong with the production team? How can we make lunch for more than 20 people with so little money?”

“With this amount of money, the five of us can’t even afford a meal. What can we buy? Buying half a kilogram of meat, I reckon each person can only get a little bit of minced meat.”

“They want us to buy meat with only 50 yuan? I don’t think we can buy many vegetables.”

“Isn’t this making things difficult for us? As expected, I was wondering why today’s mission was so simple. Looks like I was too naive. How could the production team be so kind!”

“This is insane!”

After complaining, they turned to Qiao Mianmian. “Mianmian, what should we do? Is this money enough?”

Qiao Mianmian was their backbone now.

The group of people stared at her, waiting for her to speak.

“Of course it’s not enough.” Qiao Mianmian held the 50 yuan in her hand and analyzed the situation. “If it’s vegetarian food, it should be barely enough. If there are meat dishes, it’ll be a little difficult.”

“But the mission stipulates that it must be two meat dishes and two vegetable dishes.”

### **Chapter 1858: He’s Acting Strangely Today**

“That’s why I said the person who arranged this mission must be a pervert. Fifty yuan for twenty people and two meat dishes. Why doesn’t he go to heaven?”

Qiao Mianmian agreed.

This mission was too difficult.

“Forget it, let’s go to the market to take a look first. At that time, we can only try our best to buy some cheap and sufficient vegetables and plan properly. Fifty yuan should be enough.”

She calculated in her heart.

Two meat dishes. One of them could be made into scrambled eggs. As for the other...

Sometimes, there would be some leftover materials that were sold cheaply. The materials were actually fresh, but the quality was not that good.

If they didn’t have enough money, it would be good enough to buy some leftovers to make meat dishes.

But that wasn’t what Qiao Mianmian was most worried about.

It was Mo Yesi.

He only followed her on Weibo.

He must have seen the post she shared.

Based on his personality, he should have called her long ago to ask her what was going on.

However, he was acting strangely today.

Until now, Qiao Mianmian hadn't received any messages from him, nor had he called her.

He was so quiet. As if he had no idea what had happened.

But that was impossible.

Before going to the town to buy groceries, Zhao Yuan kept everyone's phones.

Qiao Mianmian got on the bus absent-mindedly.

She didn't know that Mo Yesi didn't react because he was already on the plane.

...

On the other side.

Mo Shixiu accompanied Jiang Luoli to the hospital for a checkup. The black Rolls-Royce drove to the door that the hospital's internal staff used. The driver got off first, then went around to the back of the car, opened the door, and then respectfully stood aside.

Once Mo Shixiu got out, the dean, who had been waiting at the door, immediately went up with his capable assistant.

The dean was about to speak when Mo Shixiu bent down and extended a hand into the car.

A fair hand was placed in his palm. Then, an extremely beautiful girl came out.

The girl was tall and had an excellent body proportion. She was beautiful and had an outstanding appearance.

Mo Shixiu seemed to be very nervous about the girl. As soon as the girl's feet touched the ground, he wrapped one hand around her waist firmly.

He hugged the girl and turned around.

"Mr. Mo, it's an honor to meet you." The director stepped forward and excitedly extended his hand.

Mo Shixiu extended his hand and shook it politely.

The doctors behind him also greeted respectfully, "Mr. Mo."

This was the future president!

Thinking of the identity of the person in front of them, they were very excited.

Mo Shixiu nodded.

The director looked at the young girl in his arms. Even at his age, he couldn't hide the urge to gossip in his eyes.

Who was this girl?

She looked very intimate with Mo Shixiu.

Was she his girlfriend?

But why didn't he hear that he had a girlfriend? Could it be that he didn't want to be too high-profile and had been hiding her?

No matter what, the director felt that he had found out an incredible secret.

"Mr. Mo, I've gathered the most authoritative doctors in our hospital's various departments. We will..."

"I'm not the one who needs a checkup. It's her." Mo Shixiu interrupted the doctor. "Take a good look and see if she's pregnant."

Chapter 1859: Mo Shixiu, I'm So Nervous

"Pre... Pregnant?!" The hospital director was shocked and his eyes widened.

He was stunned for a few seconds before he turned to look at Jiang Luoli. Then, his gaze landed on her flat stomach. His gaze seemed to have a deeper meaning.

"Yes." Of all the people present, Mo Shixiu was the calmest. "Check her carefully."

The director quickly replied, "Yes, we will definitely do a thorough checkup on her."

Jiang Luoli looked at the medical team that welcomed them and gently tugged Mo Shixiu's sleeve. When he lowered his head to look at her, she whispered to him, "Isn't this too exaggerated? It's just a checkup to see if I'm pregnant. Why are so many people picking us up?"

Mo Shixiu curled his lips. "It's not an exaggeration. I've already told them to keep a low profile. Otherwise, you wouldn't be seeing only these few people."

Jiang Luoli: "..."

"So, is this a special treatment for Minister Mo's woman?"

"Yes." Mo Shixiu nodded.

"Mo Shixiu, I'm so nervous." Jiang Luoli followed him into the hospital. She thought of the examination later and felt very complicated.

I think I'm looking forward to it, but I'm also feeling uneasy.

To be honest, she didn't really want to get pregnant and give birth at her age.

When she first realized that she might be pregnant, she could not accept it.

She had barely closed her eyes last night, thinking about this matter.

What if she was really pregnant?

If she gave birth to the child, what would her life be like in the future?

Would having a child so soon bring her a lot of trouble? It would completely disrupt her life plan.

She thought for the entire night. She only fell asleep when it was almost dawn.

Then she had a dream.

She dreamed that she was pregnant. Not long after, her tummy became very big, and she even gave birth to a child in her dream.

It was a boy.

He was cute. His facial features were very delicate and he looked very much like Mo Shixiu.

She even gave the little boy a name. She still remembered the name after waking up.

His name was Mo Yanfeng.

Jiang Luoli couldn't remember what the boy in her dream looked like.

She remembered that he was adorable. She liked him very much.

Perhaps it was because of that dream that Jiang Luoli was looking forward to it.

"Don't be afraid." Mo Shixiu could feel the ups and downs of her emotions. He tightened his grip on her waist and softened his voice to comfort her. "I'll be by your side. There's nothing to be nervous about. If you're pregnant, just give birth. If you're not, we can plan this later."

"No." Jiang Luoli didn't know how to tell him how she felt now. "Mo Shixiu, if I'm not pregnant, will you be very disappointed?"

Jiang Luoli could feel that Mo Shixiu really hoped that she was pregnant.

Otherwise, he wouldn't have taken it so seriously. He wouldn't have pushed aside all his work to accompany her for her checkup today otherwise.

She had initially thought that it didn't matter whether she was pregnant or not.

Now, she couldn't bear to let him down.

"Didn't I already answer your question?" Mo Shixiu chuckled. "I won't be disappointed. Although I still hope that you're pregnant. But if you aren't, there's nothing to be disappointed about.

"Because we'll definitely have a baby in the future. It's just a matter of time."

### **Chapter 1860: I'm Pregnant**

After arriving at the hospital, Jiang Luoli was immediately urged for a checkup.

Several doctors performed pregnancy tests on her.

Even though it was her first time doing a pregnancy test, she knew that this kind of treatment was probably something that ordinary people did not have.

Not long after, the results were out.

When the doctor came out with the report, Jiang Luoli rushed over and asked anxiously, "Doctor, am I pregnant?"

Seeing her anxious expression, the doctor glanced at Mo Shixiu standing at the side. He didn't know if this was a good or a bad thing for him. Thus, he hesitated for a moment before saying, "According to the results of our examination, Miss Jiang, you're indeed pregnant."

As the doctor spoke, he thought to himself that this young girl might be able to achieve great things with the child in her womb.

After all, no one had ever seen a woman by Mo Shixiu's side all these years.

If she was Mo Shixiu's only woman and was pregnant with his child, her future would definitely be limitless.

After the doctor finished speaking, he checked Mo Shixiu's reaction.

The man didn't seem to have any expression on his face.

He didn't look happy, but he wasn't unhappy either.

The doctor couldn't tell what he was thinking.

"I'm really pregnant?" Jiang Luoli widened her eyes in shock.

Even though she was mentally prepared, she still couldn't react in time after this matter was confirmed.

She was... really pregnant?

"Yes, Miss Jiang." The doctor smiled. "The fetus is very healthy. Congratulations, Miss Jiang. Congratulations, Mr. Mo."

"Mo Shixiu." Jiang Luoli was stunned for a while. She turned around and looked at Mo Shixiu with confusion in her eyes. She muttered in a low voice, "I'm pregnant."

Mo Shixiu stepped forward and held her hand. "Yes, you're going to be a mother. I'm going to be a father."

"But, but..." Jiang Luoli's mind was in a mess. "But, why am I pregnant?"

"How can the pregnancy be fake?" Mo Shixiu chuckled and reached out to rub her head. He said dotingly, "Luoli, you're pregnant with our baby. I will take good care of you and our son."

The doctor at the side listened to their conversation and confirmed Mo Shixiu's attitude.

It seemed like he was going to keep the child.

This girl called Jiang Luoli was really going to ascend to heaven in one step.

It didn't matter if she could marry Mo Shixiu.

As long as she gave birth to this child, the things Mo Shixiu gave her would be enough for her to live in luxury for the rest of her life.

...

Jiang Luoli was still in a daze when they left the hospital.

A thought kept replaying in her mind: I'm pregnant.

She was really pregnant.

She had read the report several times.

Not a single word was missed.

Guessing that she might be pregnant was different from getting confirmation.

She held the report in her hand and couldn't help but read it carefully again.

A low chuckle came from beside him. "You've already read it several times. Is there a problem with this report?"

Jiang Luoli turned around and looked into the man's dark, smiling eyes. "Mo Shixiu, do you think... the test might be wrong?"

"That's impossible."
