

## Big Shot 1861

### Chapter 1861: It's Up to You Whether You Want It or Not

Mo Shixiu said directly, "If they can make a mistake on such a small matter, then no one will need to stay in the hospital anymore. This report is definitely fine. Luoli, you're really pregnant."

Jiang Luoli looked at him blankly.

Then, she suddenly burst into tears and threw herself into his arms.

Stunned, Mo Shixiu lowered his head nervously. "What's wrong? Why are you crying?"

"You... don't want this child?"

"Wu wu wu." Jiang Luoli lay on his chest and sobbed. "I... I don't want a baby. I just... I just feel that I'm not ready yet. I... I'm still a young girl. Why do I have to be a mother?"

Hearing her words, Mo Shixiu was stunned again. He reached out and gently touched her head, whispering softly, "Even after becoming a mother, you'll still be a young girl."

"How is that possible? If I marry and have a child, I will be a young married woman." Jiang Luoli sobbed.

"Mo Shixiu, it's all your fault, you pig trotter!"

The pig trotter: "..."

"I never thought of giving birth so early. It's all your fault!"

"Yes, it's my fault. It's all my fault." Although Mo Shixiu didn't know how he became a pig trotter, he only wanted the girl in his arms to stop crying. "It's my fault. I'm sorry, Luoli. It's all my fault.

"I was the one who didn't notice. That's why this accident happened.

"Stop crying. If you really don't want this child, then we... won't keep it.

"If you don't want to give birth, I won't force you to."

Stunned, Jiang Luoli looked up with tears in her eyes. "If I didn't want this child, would you be willing to let me abort it?"

"If you don't want it, then we don't want it." Mo Shixiu reached out and gently wiped away the tears at the corner of her eyes. "I hope this baby will come to this world when his parents are expecting him. If one party is unwilling to accept his arrival, then it's better not to let him be born.

"I do want this baby, but I respect your wishes more. After all, the pain of ten months of pregnancy and the pain of childbirth will be borne by you. If you're unhappy, how can the baby be healthy?"

"So, Luoli..."

Mo Shixiu looked at her steadily and said word by word, "It's up to you whether you want it or not. No matter what decision you make, I will respect it."

Jiang Luoli felt that he was really powerful.

He knew how to make her give birth willingly.

Even if he wanted her to keep the baby and was afraid that she would abort it, he wouldn't say it out loud.

Instead, he told her that it was up to her to decide whether they would keep the baby.

If she didn't want it, then so be it.

He respected her decision.

The more he acted like this, the less Jiang Luoli thought about aborting the child.

Besides, she had never thought of abortion.

Since she was pregnant, she would definitely give birth.

It wasn't that she didn't want to give birth now. She was just a little lost and nervous.

She didn't know what her life would become with the arrival of this baby.

She wasn't so sure about the future anymore.

"Mo Shixiu, aren't you afraid that I will really abort the child?"

#### **Chapter 1862: Who Is This Woman That Mo Shixiu Is Holding?**

"I told you I would respect your choice."

"I-I'll think about it..."

"Well, think about it." Mo Shixiu patted her head again and chuckled. "But no matter what you decide, there's something we need to do first."

"What is it?"

"Register our marriage at the Civil Affairs Bureau."

...

The hospital was quite close to the Civil Affairs Bureau. They arrived after driving for more than ten minutes.

The date they chose was not Valentine's Day, nor was it the weekend. Therefore, when they arrived at the Civil Affairs Bureau, only the two of them were there to register their marriage.

Mo Shixiu did not inform them beforehand.

So, when he walked into the hall holding Jiang Luoli's hand, the staff kept looking at him.

Even though Mo Shixiu was wearing sunglasses, his iconic face still attracted the attention of the employees in the hall.

“That person... looks like Mo Shixiu.”

“Could that be him? He looks quite similar.”

“That’s impossible. He’s holding a girl’s hand. Isn’t Mo Shixiu single? There’s no woman around him.”

“But he really looks like Mo Shixiu. This man’s aura is so strong. He doesn’t look like an ordinary person.”

Amidst the employee’s discussions, Mo Shixiu held Jiang Luoli’s hand and walked to the registration window.

The staff at the window looked at him blankly.

It wasn’t until Mo Shixiu’s fair and slender fingers tapped on the table that the staff came back to himself and resumed his usual service attitude. “Hello, are you here to get your marriage certificate? You can go over there and fill out your application form first.”

“Huh? Fill out the application form first?” Mo Shixiu turned his head to look at it, then turned back to look at the staff. “Can we get the marriage certificate after filling out the application form?”

As someone who was getting married for the first time, he wasn’t very clear about the process and felt that he should ask more clearly.

Hearing his voice, the staff at the window widened his eyes in shock.

Just now, they only thought that this tall man dressed in black was similar to Mo Shixiu. But after hearing his voice, they almost confirmed his identity.

They looked alike and had the same voice.

Moreover, he had a strong aura that ordinary people didn’t have.

“Excuse me, may I ask... are you Mr. Mo Shixiu?” The staff working at the window mustered up his courage and asked curiously.

Mo Shixiu nodded under everyone’s gaze.

“Ah, you... are you really Mr. Mo Shixiu?”

In an instant, everyone in the hall lost their composure.

This was especially true for the group of female employees. All of them covered their mouths in excitement, afraid that they would scream out loud.

Compared to Mo Yesi’s low profile, as his older brother, Mo Shixiu was a figure that often appeared in the public eye. As a future presidential candidate with good looks, a high IQ, and an especially good family background, he had quite a number of female fans.

After everyone’s shock after finding out that this man was really the national idol, Mo Shixiu, they were shocked again when they saw Jiang Luoli’s hand being held tightly by his hand and brought to the Civil Affairs Bureau.

Who was this woman that Mo Shixiu was holding?

Why did he bring her to the Civil Affairs Bureau? Were they here to collect their marriage certificate?!

However, wasn't Mo Shixiu single?

Why did a woman suddenly appear beside him? And she was most likely his wife!

Chapter 1863: This Man Is Scheming

This broke the hearts of the female fans who had always thought that Mo Shixiu was single and that no one was worthy of him.

Jiang Luoli looked at the restless women in the hall and then up at the man beside her. At this moment, her vanity was greatly satisfied.

This man whom many women in the country had coveted was now hers.

Mo Shixiu did not care about their reactions. He held Jiang Luoli's hand and turned to walk towards the application form.

When she saw the application form, Jiang Luoli was suddenly afraid of marriage.

She reached out and pulled Mo Shixiu's sleeve.

He immediately turned around.

"Mo Shixiu, I didn't bring my ID and household register. I think we should..."

"I knew you would definitely forget, so I brought them for you." The man unhurriedly took out her identity card and household register.

Jiang Luoli: "..."

He shoved a fountain pen into her hand. "This pen is the one I always use. It's easy to write. You can fill out the information with this."

Jiang Luoli: "..."

She knew this man was scheming.

He had prepared everything. This was the prelude to marrying her today.

She couldn't even find an excuse to slow down.

They filled two marriage application forms.

After that, they went to take their wedding photos.

A few minutes later, they got their marriage certificate.

"Miss Jiang, Mr. Mo, congratulations. May the two of you grow old together and be in love for the rest of your lives." When the staff handed the marriage certificate to them, he looked at Jiang Luoli, who was still a little dazed, with envy in his eyes.

God, what kind of luck did this girl named Jiang Luoli have?

She must have saved the galaxy in her previous life.

She had actually taken down the national idol, Mo Shixiu.

This was Mo Shixiu!

The man many women in the country wanted to marry but could not reach.

Why did Mo Shixiu marry?

Was their male idol so “muddle-headed”?

He really wanted to know who this girl called Jiang Luoli was and why she was so powerful.

She could even take down a man like Mo Shixiu.

It had to be known that there had been news of many socialites and young ladies actively pursuing Mo Shixiu.

Those socialites and heiresses were not bad, but they didn't see Mo Shixiu with any of them.

And this girl called Jiang Luoli...

She married Mo Shixiu at such a young age.

At her age, she was probably still a student.

He didn't expect that Mo Shixiu would marry a girl ten years younger than him.

“Thank you.” The moment he received the marriage certificate, the man's lips finally curled into a smile. He looked at the small red booklet in his hand, again and again, his eyes revealing joy.

This made the female employees even more envious.

Because they could tell that Mo Shixiu was marrying voluntarily.

“Congratulations, Miss Jiang. Congratulations, Mr. Mo.” Everyone gave their blessings and watched the two of them leave enviously.

As soon as Mo Shixiu left, the employees of the Civil Affairs Bureau received a call from their superiors, informing them not to spread this matter around, and not to expose Jiang Luoli's information and appearance.

#### **Chapter 1864: I Never Thought of Marrying You Secretly**

After Jiang Luoli became Mrs. Mo, she took the marriage certificate and was taken to a private jewelry store by Mo Shixiu.

When the employee carefully walked out with a pigeon egg diamond ring and introduced the design that Mo Shixiu had ordered a month ago, Jiang Luoli turned around and looked at the man beside her in confusion. “You already ordered this ring a month ago?”

Mo Shixiu nodded. “Mm, try it on. Do you like this design?”

Jiang Luoli: "...But I didn't say I wanted to marry you back then."

"Yes." Mo Shixiu nodded again. "I reserved it in advance so that I could come and get it immediately after the wedding. Isn't that good?"

"..."

She was actually unable to refute him.

So, this man was determined to marry her?

Jiang Luoli wanted to ask him what would have happened if they had broken up.

Wouldn't his diamond ring be in vain?

However, she felt that it was meaningless to say these words now. The truth was that they hadn't broken up and were even married.

"Mrs. Mo, is it suitable for you to try this diamond ring? Shall I put it on for you?" The staff half-knelt in front of Jiang Luoli and carefully took out the diamond ring.

Jiang Luoli looked at the shiny pigeon egg in front of her and couldn't help but say, "Isn't this diamond ring too big? Mo Shixiu, how much did you spend on it?"

"This isn't what she usually wears. Let me help you."

Mo Shixiu reached out and took the diamond ring from the staff. He pulled Jiang Luoli's hand and put the ring on her finger.

Jiang Luoli's hands were very beautiful. Her fingers were long and fair like green onions, and the ring looked very nice on her finger.

The size was also suitable.

Under the light, a diamond the size of a pigeon egg emitted a dazzling light.

"Do you like it? I think it suits you very well." Mo Shixiu squeezed her fingers, his eyes gentle.

Jiang Luoli looked at the pigeon egg on her finger and couldn't bring herself to say that she didn't like it.

Which woman wouldn't like diamonds?

Not to mention this kind of pigeon egg.

Of course she liked it.

"You know the size of my finger?"

"Yes, I've measured it."

"When?"

"While you were asleep."

"..."

“Miss Jiang, there’s another ring that’s suitable for you to wear. Do you want to try it, too?” the staff said as he brought over another box. After opening it, she saw two platinum rings inside.

There were small diamonds embedded in the ring.

Compared to her pigeon egg, these were much more low-key.

Mo Shixiu took out the platinum ring from the box. “Try this one now.”

The size was naturally very suitable and the design was very low-key. It was suitable for wearing normally.

After Mo Shixiu put it on her finger, he pinched her finger and looked at it. Then, he said, “Don’t take it off.”

He took out another ring. It was a man’s wedding ring. He put it on himself.

“I’ll wear it, too.”

Jiang Luoli saw him put the ring on his ring finger and couldn’t help but ask, “Aren’t you afraid that others will know that you’re married?”

“Why should I be afraid?” Mo Shixiu held her hand tightly. “It’s not a shameful thing to get married. I don’t need to hide it. Besides, as a married man, I should put on my wedding ring after marriage.”

“Luoli, I never thought of marrying you in secret. But if you think it’s necessary, we can also do it in secret.”

#### **Chapter 1865: The Man Next to Me Is Very Reliable**

“I’ve never thought of a hidden marriage.” Jiang Luoli shook her head.

“We’ll buy the rings first. As for the wedding, I will discuss it with the elders at home when I go back and see when it will be decided. Your place...” Mo Shixiu was about to say that she would go home and discuss it with the elders at home when he remembered what her parents had done before. He stopped.

He thought for a moment, then corrected himself. “Or how you think it’s best to arrange it. Tell me and I’ll do it.”

“There’s no need to rush the wedding.” Jiang Luoli touched the platinum ring on her finger and felt an indescribable feeling in her heart. She muttered softly, “I’m fine with it. You can arrange it.”

Because she knew that he would definitely arrange everything properly.

She didn’t need to worry about anything.

She was already married.

Actually, even after getting the marriage certificate, she still felt a little dazed. She had yet to fully accept her married status.

Until now, she’d worn her wedding ring.

She seemed to have completely accepted this matter and that she was already married.

Getting married, getting pregnant, and then giving birth...

All of this caught her off-guard and disrupted many of her original plans.

But it felt... not too bad.

Mo Shixiu's respect and importance improved her fear of marriage a lot. She was no longer so afraid of getting married and having children.

The man beside her was very reliable.

Being with him made her feel safe.

This peace of mind was enough to offset a lot of her uneasiness.

She felt that no matter what happened in the future, as long as he was with her, she would have nothing to fear.

"Okay." Mo Shixiu squeezed her hand and looked at the wedding ring on her finger. He smiled gently and said, "I'll make the arrangements. Since we've already registered our marriage, we should let the family know. Let's go back to the Mo Residence tonight, okay?"

Mo Shixiu was asking for her opinion.

If Jiang Luoli was unwilling to return, he would not force her.

Because what Madam Mo had done was indeed too much. It was normal for Jiang Luoli to harbor a grudge and not want to meet her again.

Jiang Luoli really didn't want to see Madam Mo again.

However, the Old Madam still treated her quite well.

It was impossible for her to stop interacting with the other members of the Mo Family just because of Madam Mo.

She thought for a moment, then nodded. "Okay."

"Then, I'll give Grandma a call first and let her know. Oh right, there's one more thing I forgot to tell you. When you go back tonight, you'll see my dad. He was previously busy with projects overseas and because of his health, he had been recuperating overseas for a period of time. Now that he's back, he learned about us and asked me to bring you home for a meal."

Afraid that she would overthink, he immediately said, "Dad is very easygoing. I believe that you two can get along well."

Jiang Luoli knew that he was afraid she would think that Father Mo was like Madam Mo, someone who valued family status and would not like her.

That was why he added this sentence.

However, to the current her, these things were no longer important.

What mattered was his attitude toward her.

As long as he stood by her side and protected her, she would have the courage to resist everything.

“Yes. Mo Shixiu, I will try my best to get along well with your family.” Jiang Luoli raised her head and looked at him with her bright eyes.

### **Chapter 1866: Wedding Gift**

“Actually, I also hope that our relationship can be blessed by our elders. I will work hard to do this well.”

She had tried to get along well with Madam Mo before.

However, some things could not be changed just because she worked hard.

For example, Madam Mo’s concept of family status was already deeply ingrained. No matter how much she tried to curry favor with her, it couldn’t change her attitude and concept.

Unless, one day, she transformed into a rich young lady.

But that was impossible.

So, there was no need for her to mend her relationship with Madam Mo.

...

They bought the diamond ring and walked out of the jewelry store.

“What should we do next? Are we going to take wedding photos?” Mo Shixiu asked Jiang Luoli after he received a message from Assistant Xu.

He actually knew nothing about marriage.

So, he asked Assistant Xu.

Assistant Xu told him that wedding photos were required before the wedding.

“Wedding photos? Now?” Jiang Luoli looked at him in astonishment.

Mo Shixiu was about to answer when he received another message from Assistant Xu.

[Minister, it might take some time before you can take the wedding photos. Madam’s wedding dress and your gown have not been custom-made yet, and you still need to customize a set of jewelry for her, right? Taking wedding photos is also a very important matter, you can’t take them casually.]

After Mo Shixiu finished looking at it, he put away his phone and said to Jiang Luoli, “We won’t do it today. Today is a very special day. We’ve collected our marriage certificate, we’re husband and wife now. Do you want to celebrate?”

“Celebrate?” Jiang Luoli blinked and looked a little confused. “How?”

“You can celebrate as much as you want.

“I’ll accompany you wherever you want to go.”

Jiang Luoli really didn’t know how to celebrate.

If Qiao Mianmian was in Yun Cheng, she would probably drag her out for a meal.

But she was in another city.

“Luoli, do you have anything you want?” Seeing that she did not say anything for a long time, Mo Shixiu asked another question.

“Something I want?”

“Yes, is there anything you want?”

He wanted to give his wife a present.

A wedding gift.

No matter what she wanted, as long as he could get it for her, he would give it to her.

Jiang Luoli thought about it seriously and felt that she didn't lack anything.

For a moment, she really could not think of anything she especially wanted.

“No?” Mo Shixiu waited for a while. He lowered his head and thought for a few seconds. Then, he smiled gently and said, “Since you can't think of it, let me decide for you.”

An hour later.

Jiang Luoli never expected that Mo Shixiu's wedding gift would be a house and a car.

She looked at the booklet in her hand and was stunned for a while.

A villa in Repulse Bay cost hundreds of millions yuan.

There was also a pink Lamborghini.

“I've thought about it. For a girl, the safest gift should be a house and a car. The environment at Repulse Bay is pretty good. You should like it. As for this Lamborghini, I've asked Assistant Xu. He said that girls will definitely like it.

“I got someone to paint it this color. Do you like it?”

“If you find anything unsatisfactory, you can tell me.”

Jiang Luoli looked at the pink Lamborghini beside her. “You reserved this car long ago, right?”

### **Chapter 1867: From Now on, You Will Have as Much Money as I Have**

How could a new color be painted properly in an hour?

“Well, this was reserved a month ago.”

“...You reserved this car a month ago?”

“Yeah.”

“So, you were prepared to give me a car?”

“Yes.” Mo Shixiu smiled. “It was supposed to be a Valentine’s Day present, but now I’m giving it to you in advance. When the time comes, I’ll prepare another Valentine’s Day present.”

Jiang Luoli was dumbfounded. “A Valentine’s Day present?”

“Yes. Assistant Xu said that you girls have to celebrate a few festivals in a year. In these festivals, we men have to show our appreciation.”

Assistant Xu again...

Jiang Luoli seriously suspected that Mo Shixiu would tell Assistant Xu about their relationship at any time and ask him to help him get into this relationship.

However, it had to be said that Jiang Luoli really liked these wedding gifts.

Compared to jewelry, she really felt that her own car and house would give her a sense of security.

Even if Mo Shixiu treated her very well now.

Even if he had already given her a lot of security.

But with the house booklet in her hands, she felt more secure.

“Hubby, thank you!” Jiang Luoli smiled and threw herself into Mo Shixiu’s arms, hugging him like a bear. “I like these wedding gifts very much. You’ve put in so much effort. But I didn’t prepare any wedding gifts for you. What should I do?”

Mo Shixiu was stunned when he heard her call him “Hubby”. An indescribable feeling arose in his heart.

He lowered his eyes and looked at the smiling girl in his arms. His heart suddenly softened.

She was already his wife.

The two of them would be together for the rest of their lives. They would be by each other’s side for a very, very long time.

Mo Shixiu was not used to being a husband all of a sudden.

Because to him, Jiang Luoli was also an accident in his life plan.

Her arrival had disrupted many of his original plans.

But he did not hate this accident at all.

He felt that this was a surprise arranged by God.

“As long as you like it. I don’t need any gifts. It’s okay if you didn’t prepare anything.” After a few seconds, he reached out and slowly hugged her back.

“No.” Jiang Luoli bit her lip. “Since it’s a wedding gift, I have to give it to you. But, but... I’m not as rich as you. I can’t give you such a good thing.”

“You’ve already given me the best present in the world.” The man lowered his head and looked at her intently as he said gently.

Jiang Luoli was stunned. "What gift?"

"Our baby." Speaking of the baby, Mo Shixiu's eyes became even gentler. "This is a gift more precious than anything else. It's unique in the whole world. Also, since we are already married, everything I own is yours."

"You have half of my assets. So, from now on, you will have as much money as I have."

Jiang Luoli was dumbfounded again.

Husband and wife shared assets?

Alright, she had forgotten about it. Now that they had gotten their marriage certificate, their assets had indeed become shared property.

But this way, she felt that Mo Shixiu had lost too much.

All her money amounted to the 50 million he had given her previously.

### **Chapter 1868: She Felt That He Was Exaggerating**

In this way, it seemed that all their assets were Mo Shixiu's.

She didn't do anything and got half of his money.

She felt rather embarrassed.

She remembered that many female celebrities had to sign a prenuptial agreement before they married into rich families. This was to prevent them from taking away half of the man's assets under the guise of marriage.

And the Mo's were the biggest and wealthiest family in Yun Cheng.

Even if Mo Shixiu proposed to sign the prenuptial agreement, Jiang Luoli wouldn't feel that there was anything wrong with it.

Anyway, she never thought of getting anything from him through this marriage.

Of course, she would feel better if Mo Shixiu did not do that.

"Mo Shixiu, aren't you afraid?" She couldn't help but ask.

The man looked at her with his dark eyes and raised his eyebrows. "Afraid of what?"

"Aren't you afraid that I'll cheat you of your assets? For example, getting the money and divorcing you."

"I'm not afraid. You wouldn't do that," the man said with conviction.

Jiang Luoli: "Do you trust me that much?"

"Yeah."

"Aren't you worried that something like this will happen?"

“I’m not worried. Besides, I don’t think I’m that bad. Someone will marry me just for my money,” the man said confidently. “I think I’m more attractive than my money.”

Jiang Luoli: “...”

She never thought that Mo Shixiu was so narcissistic.

However, she felt that she couldn’t refute him at all.

Looking at Mo Shixiu’s handsome face with deep facial features, her heart beat faster.

To be honest, wasn’t she mesmerized by Mo Shixiu’s face, so she couldn’t resist his charm and got together with him in a daze?

At first, she wanted to firmly reject him.

But when she saw his face, she couldn’t say anything to reject him.

His face was too lethal for a dog like her.

Even if he had no money, power, or status.

As long as this face was still around, she would... fall for him.

...

Halfway through, Mo Shixiu received a call.

Not long after he picked up the call, Jiang Luoli’s expression changed slightly.

He did not say anything throughout, as if he was only listening.

After a while, he hung up.

“Luoli, I have something to do and need to leave for a while. You...”

“Don’t worry about me. Go do your own things.” Jiang Luoli told the driver to park the car by the side. Then, she unbuckled her seatbelt and turned to look at him. “I’ll go get a taxi. You can leave first.”

“That won’t do.” Mo Shixiu refused without thinking. “I’ll go down. Where are you going? Ask the driver to send you there. But you’d better not go to crowded places. If you have anything you want to buy, ask Sister Lin to help you. Don’t go alone.”

Mo Shixiu’s face was full of worry. He reminded her of all kinds of things. “Your situation is special now. You can’t do whatever you want like before. Or you can wait for me. I’ll go with you if you want to do anything.”

Jiang Luoli felt Mo Shixiu’s nervousness.

She just learned that she was pregnant. The doctor had said that she was healthy and the baby in her stomach was fine. There was no need for him to be so nervous.

### **Chapter 1869: The Mo Family’s Men Are All Overbearing**

Was he trying to stop her from shopping in the future?

Wouldn't she be so bored that she would explode in the next few months?

Jiang Luoli wasn't the kind of girl who liked to stay quiet. She wouldn't be able to stand it if she stayed at home for a day.

If it was the entire pregnancy...

She felt that she had chosen to die on the spot.

"Then what are you going to do? You can't take a taxi."

Mo Shixiu had a special identity.

Many people knew him.

He had been recognized at the Civil Affairs Bureau.

Jiang Luoli could guarantee that if he got out of the car now, he would be recognized soon.

Mo Shixiu looked at the time on his watch and said, "I'll send you first."

"Don't you have something to do?"

"It can wait."

Mo Shixiu did not tell her that it was Madam Mo who called just now.

Madam Mo called to say that she had something important to see him about and asked him to go over immediately.

...

Jiang Luoli wanted to go shopping in the mall, but Mo Shixiu stopped her.

He sent her back home.

Looking at the unhappy expression on the little woman's face, he reached out to rub her head and gently consoled her. "You went for a checkup this morning. You definitely didn't sleep well. Rest at home first. If there's really a place you want to go, I'll accompany you when I come back."

Jiang Luoli turned her face away and ignored him.

Why were the Mo Family's men so overbearing?

Mo Shixiu was usually very obedient to her. Whatever she wanted to do, he would agree unconditionally and always looked gentle as if he had no temper.

But that was under normal times.

If something really happened, he would be domineering without any room for discussion.

Like now.

No matter what Jiang Luoli said, she did not move him.

Mo Shixiu saw her throwing a tantrum and his eyes were filled with a loving smile. He reached out, gently rubbed her head, and said gently, "Luoli, be good. Don't be willful now, okay?"

"It's not that I don't want you to go, it's just that it's too dangerous for you to go alone. The doctor said that the first three months are the most dangerous period, so you have to stabilize your pregnancy. I know that this will make you feel like you're not free and you'll feel bored, but bear with it for now, okay?"

"If you want to go shopping, wait for me to go with you. Or let Sister Lin and the rest accompany you. In short, you can't go shopping alone.

"When I'm done with my work, I'll rest for half a month. When that time comes, I'll bring you overseas to play, okay? Do you have anywhere you want to go?"

Jiang Luoli: "..."

What else could she be angry about?

She felt that she'd be unreasonable if she continued to argue with him.

Besides, he was nervous because he cared about her and the baby in her stomach.

If he didn't care, what would happen to her?

Actually, Jiang Luoli wasn't really angry. She was just a little depressed.

"Alright, you don't have to worry about me anymore. Go and do your things. If I really want to go out, I'll ask Sister Lin to accompany me."

"You're not angry anymore?" Mo Shixiu looked down at her.

"I wasn't angry in the first place."

"I'll get going, then. Do you have anything you want to eat? I'll bring it back for you later."

Without waiting for her answer, he smiled and said, "I heard that pregnant women like to eat sour things. Is that true?"

### **Chapter 1870: It Feels Good To Be Pampered**

Jiang Luoli actually didn't feel much.

She was just a little sleepy. She felt that she was not very energetic recently, and the smell of oil made her feel a little nauseous.

There were no other symptoms.

"I don't really want to eat anything." She thought for a while and shook her head. After a few seconds, she said, "I kind of want to eat Xu Linji's strawberry cheesecake. But that place seems quite far away. Forget it. I'll get Sister Lin to roast one for me later."

"If you want to eat, I'll go buy it. How far can it be? Even if it's overseas, it can be flown over immediately."

Mo Shixiu turned on his bossy CEO mode. "I'll get someone to buy it for you immediately. Is there anything else you want to eat besides this?"

Jiang Luoli was stunned and shook her head.

She felt that before she got pregnant, Mo Shixiu was already very good to her.

After getting pregnant, his goodness seemed to have increased.

It felt good to be pampered.

If they could always be like this and he was always so nice, then getting married seemed to be a very good thing.

"In any case, if you have anything you want to eat, just tell me." The man's warm hand gently pressed on her shoulder. His gaze was focused on her as he enunciated every word like a promise. "I'll give you everything I can."

"Sir, Miss Jiang, you're back." Sister Lin knew that Jiang Luoli went to the hospital for a checkup today and had been waiting for them. When they arrived, she immediately went up to them. "Sir, how was Miss Jiang's checkup? Are the results out?"

"Yeah."

Mo Shixiu turned around and looked at Sister Lin with a faint smile on his lips. "Luoli is pregnant. Sister Lin, you must do your best to take good care of Young Madam in the future. From today onwards, Young Madam's three meals a day must be specially customized. When I'm not at home, you must keep an eye on her at all times and prevent her from eating junk food again.

"I'll throw away the rest of the junk snacks later."

Hearing that she was going to throw away her snacks, Jiang Luoli's face changed and she shouted, "Mo Shixiu, you're too much. It's fine if you don't allow me to go shopping, but now you don't allow me to eat snacks? If you don't allow me to do this or that, what fun will I have in the future!"

"This is for you and the baby."

Mo Shixiu said seriously, "I used to disapprove of you eating too much junk food. You never listen to me. Those things are not nutritious and are harmful to your body. Now that you have a baby, don't touch junk food in the future.

"Ask the chef to cook anything you want."

Jiang Luoli: "..."

She suddenly felt that getting married and getting pregnant was not that good anymore.

Sister Lin was overjoyed about Jiang Luoli's pregnancy.

When she heard Mo Shixiu call Jiang Luoli "Young Madam", she was stunned for a few seconds. Then, the joy in her eyes became stronger.

She couldn't contain her joy and said, "Sir, you and Miss Jiang, no, Young Madam, you have already..."

“Yes, Luoli and I are married. Tell everyone not to call her Miss Jiang anymore.”

“Yes, yes, yes.” After her guess was confirmed, Sister Lin was overjoyed. She smiled until her eyes narrowed. “That’s great, that’s great. Then, today is a double celebration. Sir and Young Madam getting married is a joyous occasion, and Young Madam getting pregnant is another joyous occasion. Shouldn’t we celebrate such a great occasion?”
