

Big Shot 1921

Chapter 1921: Make Your Gong Family Pay a Painful Price

Based on how much President Mo treasured Young Madam, he had already restrained himself from destroying the Gong family.

President Mo could control his rationality in everything.

Only when it came to Young Madam, there was no rationality to speak of.

It seemed...

The relationship between the Mo and Gong families was really starting to deteriorate.

Madam Gong had ordered people to do such a thing to Young Madam. Even though it was a close call and Young Madam did not suffer any substantial injuries, this matter would definitely not pass just like that.

After getting into the car, Mo Yesi said coldly, "To the office."

Then, he said to Wei Zheng, "Find out all the cooperations between the Mo Corporation and the Gong Corporation and send it to me after you've sorted it out."

Shocked, Wei Zheng immediately replied, "Yes, President Mo."

The Gong and Mo corporations had collaborated quite a bit.

Both families were the top enterprises in Yun Cheng.

If President Mo wanted to cancel their collaboration with the Gong Corporation, it would be a significant loss for the Mo Corporation.

It couldn't be said that it would have a huge impact on them, but it didn't mean that it wouldn't have an impact.

If President Mo were to cancel the collaboration with other companies like this, Wei Zheng would feel that it was irrational and disapprove of it.

But since it concerned Young Madam, Wei Zheng felt that he could not persuade President Mo.

If they were in ancient times, their President Mo would be the kind of incapable ruler who would play with the flames of war just to get a smile from a beauty.

Not long after Mo Yesi got into the car, he received a call from Gong Zeli.

He looked at the flashing number on the screen and picked it up sullenly.

"Ah Si, you went to my house?" Gong Zeli went straight to the point.

"Mm." Mo Yesi also went straight to the point. "Seems like someone has already told you. So, why did you call? Are you asking me why I did that?"

"I don't want to question you. But Ah Si, I do want to know why you did that. I know you won't get angry for no reason, and you definitely won't get angry at my mom for no reason. Did my mom... do something overboard?"

Mo Yesi sneered. "The person who called you didn't tell you?"

After a few seconds of silence, Gong Zeli said, "The butler only told me that you went to my house and got angry with my mother. He didn't tell me why."

"Then go and ask your mother. At the same time, tell her that if there's a next time, I'll do anything to make your Gong family pay a painful price.

"I don't care who she is. If she dares to touch my people, don't blame me for using the same method to return the favor."

"Ah Si, you..."

Mo Yesi hung up without giving Gong Zeli a chance to speak.

...

On the other side.

Gong Zeli's expression turned ugly when he heard the disconnected tone.

This was the first time Mo Yesi had spoken so harshly to him.

He even said something like making the Gong family pay a painful price.

It was obvious that something serious had happened.

And there was only one person who could make Mo Yesi lose control.

At this thought, Gong Zeli's expression darkened.

He made another call.

"Go and find out if there's someone behind Third Chen. If there is, find out who that person is."

If... it was really Madam Gong who ordered Third Chen to do that, Gong Zeli himself couldn't guarantee that he would be able to control his temper when he saw her.

To him, Qiao Mianmian was also his bottom line.

Even his biological mother couldn't touch his bottom line.

Chapter 1922: Being Flattered Like She Was a Star

Qiao Mianmian had no idea that Mo Yesi had gone to the Gong family to vent his anger and scared Madam Gong so much that she was bedridden.

She went to record the show in Weihai.

She was the first to arrive at the new filming location.

When she was brought to a luxurious villa by the program team staff, she wondered if they had brought her to the wrong place.

“Is this... where we will live?”

The staff nodded. “Yes. Miss Qiao, as you arrived first, you can have your pick of rooms.”

The production crew knew that Qiao Mianmian’s boyfriend was the biggest sponsor of this episode, and all of Weihai’s expenses were paid by him, so the staff was very polite to her.

In the luxurious hall.

Qiao Mianmian looked around a little uncomfortably.

After staying in that remote mountain village for a few days, they suddenly changed to such a luxurious place. The difference between the two was too great.

She also knew that this was all arranged by Mo Yesi.

She could already imagine how much of a headache the producers of this episode would have.

Living in such a luxurious place, and in such a prime tourist attraction, how could the production team still make the guests have a tough time?

They were clearly going to enjoy themselves.

The villa was all furnished, had appliances, and the air conditioner was on 24 hours a day. The temperature was just right.

According to the staff, there was a hot spring in the backyard.

They could even soak in hot springs every day.

This made Qiao Mianmian feel like they were really here to enjoy themselves.

There were four floors in the villa, enough for ten people.

The first to arrive could choose their rooms. Qiao Mianmian didn’t stand on ceremony and chose a master bedroom on the second floor. The master bedroom had its own bathroom and dressing room, as well as a bathtub.

She had just chosen her room and was unpacking her luggage when she heard voices coming from downstairs.

“This is like going from hell to heaven. This place is amazing. Are we going to live here?”

“What? There’s a hot spring?!”

“Hahaha, this is great. I can finally have a good night’s sleep.”

Zhan Bo and Su Mufei had arrived.

“Oh right, where’s Qiao Mianmian? Didn’t she arrive before us?”

Hearing her name being mentioned, Qiao Mianmian walked out of her room and headed downstairs.

When she reached downstairs, Su Mufei saw her and greeted her excitedly. "Sister Mianmian, we're really grateful for your help this time. Your boyfriend is so amazing. We're so grateful to him."

"Mm, Qiao Mianmian, thank your boyfriend on our behalf. Thank him for saving us from the abyss of suffering."

Shen Fei smiled and said, "Mianmian, your boyfriend is very handsome, and he treats you so well. I wish the two of you a blissful marriage."

Qiao Anxin and Little Xiao stood aside and watched the group chat and laugh with Qiao Mianmian.

Especially Qiao Anxin.

She looked at Qiao Mianmian being flattered like she was a star, and her heart felt like it was crawling with ants.

Because she had been treated like this before.

At that time, Qiao Mianmian was just an insignificant ant in her eyes.

Now, their places had been exchanged.

Qiao Mianmian was in the limelight everywhere she went.

Chapter 1923: I Don't Think This Is Very Appropriate

Everyone was willing to be close to her.

Everyone was polite to her.

As for her...

Would anyone still be willing to look at her?

Qiao Anxin used to follow Su Ze, and Starlight treated her like the lady boss. She had the best resources, and she was the one who stood out the most wherever she went.

But now, she was just like a green leaf in the background.

Qiao Anxin couldn't accept this difference.

She bit her lip and glared at Qiao Mianmian.

After a while, a sweet-looking girl with a suitcase walked into the hall.

This was Xu Lu, the new guest who had replaced Song Ke. She looked like a rather cute girl. After she walked into the hall, she greeted everyone enthusiastically.

Soon after, Zhao Yuan walked in.

Seeing that everyone had arrived, he informed them of the upcoming arrangements.

“The director informed us that we have to reshoot this episode. Since the filming location has been changed, the content will no longer be the same as before. Everyone knows that this is Weihai’s famous tourist attraction, so our theme for this episode is to welcome tourists.

“Tomorrow, you’ll be taking over a scenic restaurant. The owner of this restaurant is preparing to close it due to poor management. Everyone’s mission is to ‘bring this restaurant back from the dead’. There will be a regulation of sales every day. If the turnover of the day reaches the standard, then it will pass.

“If we don’t meet the requirements, everyone will be punished.

“Now, you can choose a manager. Then, the manager will arrange the other’s positions.

“You can go to the restaurant to familiarize yourselves with the environment. It will be officially open tomorrow.”

After changing the venue, the production team did not plan to take the path of torturing the guests anymore.

The place wasn’t right. If they continued on the path of bitter laughter, there would be nothing to see.

After Zhao Yuan said that, everyone revealed a relaxed smile.

Because to them, the current mission was much simpler and easier.

As for the manager’s position, everyone voted for Shen Fei without any suspense.

Shen Fei gave up her seat to Qiao Mianmian.

“I think Qiao Mianmian is more suitable to be the manager. Back in Ning City, everyone knew how capable she was after she was elected as the team leader. I think I’m not as good as her in this aspect.

“So, I think she’s more suitable. What do you guys think?”

“Qiao Mianmian as the team leader?” Before anyone else could say anything, Qiao Anxin said with a disapproving look, “I don’t think this is very appropriate.”

Shen Fei turned to look at her. “What’s inappropriate?”

Qiao Anxin looked unconvinced. “In terms of qualifications, Sister Fei is the most suitable. Qiao Mianmian... is still a newcomer. It’s not appropriate for her to be our manager.”

Shen Fei smiled and said lightly, “The qualifications you’re talking about are from work. It’s different from whether she can be the manager or not. You can’t use work qualifications as a living thing. If you have the ability, I can choose you.

“But as far as I know, you’re not very good at managing yourself, let alone others.

“And not only is Qiao Mianmian very good at managing herself, but she also knows a lot of things that we don’t. If she’s the manager, I think she has the ability to manage the restaurant well. I recommend her to be the manager.. If anyone else has any objections or better recommendations, we can all decide together.”

Chapter 1924: Majority Vote

Qiao Anxin's face heated up and she was speechless.

Regarding Shen Fei's suggestion, the others naturally had no objections.

After all, the fact that Qiao Mianmian could cook was a life skill that no one else had.

The most important thing was whether a restaurant could attract customers and whether the food tasted good enough.

Previously, Zhan Bo and Su Mufei had been in Qiao Mianmian's team and had been enjoying themselves every day. Naturally, they were all in favor of her being chosen as the manager.

"I have no objections." Su Mufei raised his hand in agreement.

"Yeah, I have no objections either." Zhan Bo nodded in support.

"We don't have any objections." Ren Jun and Zhao Yixiang had been in the same group as Qiao Mianmian before, so they were very clear about her capabilities and had no objections to Shen Fei's suggestion.

"I also support Qiao Mianmian as the manager." After all, Han Yan had eaten Qiao Mianmian's food before.

Qiao Mianmian was definitely the best cook among them.

She would be the main source of income for the restaurant.

He would support whoever could bring them to earn money.

"I don't have any objections, either." Little Xiao was actually not convinced, but she wouldn't say it out loud like Qiao Anxin.

Now that most people were supporting Qiao Mianmian as the manager, she couldn't possibly object.

"I have the same opinion as everyone else." Xu Lu was new here, and she had already found out some things before coming over. She knew who she couldn't offend. Although Qiao Mianmian's qualifications were lower than hers, she was definitely the one she couldn't offend in this episode.

Now, everyone was supporting Qiao Mianmian.

Qiao Anxin was the only one who objected.

Shen Fei looked at everyone and nodded. "Since everyone has agreed to let Mianmian be the manager, then we will follow the majority."

"Sister Shen, this isn't very appropriate." Qiao Mianmian didn't expect that she would be chosen as the manager. She turned to her and said, "I still think Sister Fei is more suitable to be the manager. I'm not good at management."

Shen Fei smiled. "Mianmian, everyone agrees on you as the manager, which means that you're the most suitable candidate for this position. We all think you're suitable, so you don't have to be humble."

“Sister Shen, I...”

“It’s settled, then.” Shen Fei turned to Zhao Yuan and said, “We’ve chosen Qiao Mianmian as the manager.”

Qiao Mianmian opened her mouth, but no words came out.

“Alright, the manager will be Qiao Mianmian.” Zhao Yuan nodded. “There are still some things to take note of. I’ll get someone to print out the documents and send them to you later. You can familiarize yourselves with the environment now, or you can go to the restaurant to take a look. We have a seafood barbecue dinner tonight, and someone will pick you up at seven. Remember to attend on time.”

Zhao Yuan left after explaining some trivial matters.

“Why do I feel like our treatment in all aspects has improved after coming here? There’s actually a seafood barbecue tonight. This doesn’t make sense.”

“It really doesn’t make sense. I think we should thank Qiao Mianmian’s boyfriend. Ever since her boyfriend invested in our show, our treatment has gotten better.”

“That’s right, we’re benefiting from Qiao Mianmian.”

Chapter 1925: I’ll Eat Well

Given how stingy the production team used to be, it was impossible for them to treat them to seafood and barbecue out of their own pocket.

So, there was only one possibility.

Qiao Mianmian’s boyfriend was actually the one paying the bill.

“Qiao Mianmian, from now on, we’re going to enjoy life with you.”

The group laughed and joked.

Qiao Mianmian, who had just been elected as the manager, felt very pressured.

She never wanted to be the manager.

And now, the manager’s burden was on her, which meant that she had to bear more responsibilities.

Qiao Mianmian had a headache.

She was afraid that she would fail as the manager and let them down.

...

Later.

Before Qiao Mianmian left, she started a video chat with Mo Yesi.

When the call went through, she saw Mo Yesi still sitting in his office with a thick stack of documents in front of his black desk.

The man was still reading a document.

But when the video call connected, he immediately closed the document and looked over at her.

“Baby,” the man said. His voice was low and gentle, with a hint of tired huskiness.

He was always like this.

After spending some time with her, he worked overtime like crazy.

Qiao Mianmian’s heart ached when she saw the thick stack of documents.

She wondered how long he would have to work overtime again.

She would rather he didn’t take the time to accompany her than to work so hard.

“You’re working overtime again today? Have you eaten? Don’t tell me you’re going to eat something in the office again?” Qiao Mianmian asked with a frown.

In the video, the man was silent for a few seconds.

That was Mo Yesi’s plan.

He wanted Wei Zheng to buy something for him so that he could have dinner in his office.

But he couldn’t just tell her that.

If he did, he would definitely be scolded by her again.

“No, I was just about to go downstairs for dinner,” he lied.

“Really?” Qiao Mianmian was doubtful.

“Yes, really. I promised you that I would eat well. Of course, I won’t lie to you.”

“Alright, then remember to eat on time and well. No matter how busy you are at work, don’t forget to eat. Otherwise, you might get gastric problems.”

“Okay.” Mo Yesi smiled at her concern.

He smiled and said, “Honey, I’ll eat well.”

Qiao Mianmian smiled sweetly. “Mm, my husband is so obedient.”

Mo Yesi’s smile deepened.

He felt as if all his fatigue from the day had been swept away.

He looked at the pretty girl on the screen and the gentleness in his eyes increased. “How’s the environment over there? Can you get used to it?”

“Mm, I can get used to it. The environment here is very good, and the place is especially good.” Qiao Mianmian stood up and walked around the room with her phone. “Do you see? This is my bedroom.

“Isn’t it big and beautiful? Also, the bed here is especially comfortable.”

“Is that so?” Mo Yesi smiled. Seeing how happy she was, he seemed to be infected as well. “Then, I’ll sleep there someday.”

Qiao Mianmian was just about to agree when she saw the hint of mischief in the man’s eyes.. She was stunned, and her face turned hot.

Chapter 1926: A Large Sum of Money Poured Into the Shen Corporation

She bit her lip and glared at him. “Hmph, indecent.”

In the video, the man chuckled. “How am I indecent?”

Qiao Mianmian glared at him again. “You know.”

“Hm?” The handsome man raised his eyebrows. “If you don’t tell me, I really won’t know.”

Qiao Mianmian felt that this man was just playing dumb!

He knew what she was referring to!

Knock knock!

Suddenly, there was a knock on the door and Shen Fei’s voice rang out. “Mianmian, are you inside? We’re going out. Are you ready?”

“Sister Shen, I’m here. I’ll be right out.”

Qiao Mianmian quickly responded.

Then, she said to Mo Yesi, “The production team has prepared dinner tonight. I have to meet up with everyone. Remember, you have to eat well. Send me a photo when you go for dinner later and I’ll see what you’re eating tonight.”

Was she still very trusting of Mo Yesi?

She was afraid that he would lie to her.

Mo Yesi smiled gently. “Okay.”

“I’ll hang up, then.” Qiao Mianmian was about to hang up.

“Wait.”

“Is there anything else?”

“Well, you forgot something.”

Qiao Mianmian blinked. “I forgot something? What is it?”

Mo Yesi looked at her with his dark eyes and said seductively, “Baby, you forgot to call me Hubby.”

Qiao Mianmian was speechless.

“Call me Hubby before hanging up.”

“...”

Mo Yesi then waited quietly.

Qiao Mianmian looked at him for a few seconds and couldn't help but laugh. "Alright, hubby, hubby, hubby, hubby. Are you satisfied now? Can I hang up now?"

In the video, the man chuckled softly, his eyes filled with affection. "En, go eat. I'll call you later."

...

On the other side.

Mo Yesi had just hung up when Wei Zheng walked into the office with a stack of documents.

"President Mo, this is the information we just gathered today."

He handed the printed document to Mo Yesi, thought for a while, and said, "According to the information we found, there's indeed a force supporting the Shen Corporation. Three days ago, a large sum of money was injected into it. This money is very helpful to the Shen Corporation. It directly saved them from bankruptcy.

"This sum of money did not come from any company in Yun Cheng, but from overseas.

"But strangely, we can't find out who the investor is."

Mo Yesi took the document and flipped through it for a few minutes before placing it on the table.

The man frowned. "You can't find the investor behind this?"

"Yes." Wei Zheng also frowned and said, "We have tried many ways to investigate, but we just can't find anything. It feels like the other party knew that someone would investigate, so they did a good job of keeping it a secret so that we don't know where to start."

Over the past few days, something big had happened.

Everyone in the industry was discussing this matter.

The Shen Corporation, which was bound to go bankrupt, suddenly received a large investment.

This investment brought the Shen family back to life.

Everyone in the industry was guessing who the investor was.

Other than the Mo, Gong, and Yan families, there was no one else.

Chapter 1927: Affected by a Public Display of Affection

But neither the Mo family nor the Gong family had invested in the Shen family.

Therefore, this matter became the source of everyone's curiosity.

The Shen Corporation was about to go bankrupt, and the Shen family was just an empty shell.

At this time, who would be willing to invest so much money into it?

Weren't they afraid that it would be a bottomless pit and they wouldn't even be able to get back their capital?

"Pay attention to the Shen family's movements. Investigate who has been in contact with them recently."

"Yes, President Mo."

"Mm, there's no rush. Take your time." Mo Yesi looked at the time and rubbed his forehead. "Let's go eat first. Inform them that the meeting will be changed to an hour later."

Wei Zheng paused and followed behind him. "President Mo, didn't you already order takeout?"

"Let's eat downstairs." Mo Yesi pushed open the office door and explained to him, "Your Young Madam called just now and told me to eat properly. I have to listen to her. Otherwise, she'll blame me if she finds out that I ate takeout. Oh right, cancel the takeout."

Wei Zheng: "..."

Why did he ask?

Just like that, he was affected by a public display of affection.

Sigh, it seemed like no one's words were as effective as Young Madam's.

Since Young Madam told President Mo not to eat takeout, he would not eat takeout.

He had tried to persuade him several times before.

Apart from giving him a cold look, President Mo had never taken his advice before.

But Young Madam's words were like an imperial edict.

That was why there was a saying that "everything has its weakness".

No matter what kind of person you are, there will always be someone in this world who can counter you.

And he wanted you to be willingly treated by him.

Young Madam was the person who could subdue President Mo.

In any case, he felt that President Mo had lost to Young Madam.

But he felt a little envious.

He also wanted to find someone who could control him.

...

"Madam, Young Master is back."

Madam Gong was bedridden after being frightened by Mo Yesi.

When she heard the maid say that Gong Zeli was back, her face lit up and she looked much more energetic. "Is that so? Zeli is back?"

"Yes, Young Master just came back. Hearing that Madam is sick, Young Master was very worried."

Just as the maid finished speaking, a slender figure entered Madam Gong's bedroom.

"Young Master," the maid greeted respectfully when she saw Gong Zeli enter.

"Zeli," Madam Gong called out happily when she saw her son.

"Get out," Gong Zeli said in a low voice as he looked at the maid.

The maid saw that he did not look well and immediately turned to leave.

After the door closed, only Madam Gong and Gong Zeli were left in the bedroom.

When Gong Zeli walked to the bed, Madam Gong realized that his expression wasn't right.

When she met her son's cold gaze, she was stunned for a moment and shouted in confusion, "Zeli, what are you..."

Gong Zeli looked coldly at the sickly Madam Gong and asked, "Did you send someone to do that?"

"Wh-what?" Madam Gong was stunned.

"Did you arrange for Third Chen to sneak into Qiao Mianmian's room in the middle of the night?" Gong Zeli asked directly.

Madam Gong's expression suddenly changed.

Chapter 1928: I Don't Think She's a Good Person!

She panicked for a few seconds but then quickly calmed down.

She frowned and said unhappily, "What kind of attitude is this? Are you questioning your sick mother? You know that I'm sick, but you don't even say a word of concern. Instead, you're so concerned about a woman who has nothing to do with you!"

"So you did it?" Gong Zeli clenched his fists and suppressed his anger. "You just have to answer me. Did you ask someone to do it? Did you ask Third Chen to sneak into Qiao Mianmian's room?"

"You wanted him to ruin her?"

"Mom, what did she do to deserve this?!"

"Do you know what kind of harm she would have suffered if he had gotten his way that night? You're a woman too, how could you do such a vicious thing!"

Madam Gong was stunned.

Gong Zeli asked angrily, "Why did you do that? Why?"

Madam Gong had never been yelled at like that by her son.

Not even once.

Although Gong Zeli had a bad temper, he would more or less restrain it in front of her.

He respected his mother very much.

Therefore, Madam Gong was stunned by the shouting and did not come back to her senses for a long time.

Her silence made Gong Zeli even angrier.

“Tell me, why did you do this? How did Qiao Mianmian offend you?”

Madam Gong was stunned for a moment. She lifted her head with a pale face and looked at her son, whose expression had become unfamiliar.

Tears suddenly welled up in her eyes, and she blinked them away.

“Zeli, you-you’re shouting at me. Are you blaming me?” Aggrieved and angry, tears streamed down Madam Gong’s face.

Gong Zeli’s expression did not change. He asked gloomily, “I just want to know, why did you do this?”

“Why?” After being questioned by him repeatedly and seeing how cold he was, Madam Gong was both angry and aggrieved. Her anger rose in an instant and she said furiously, “Gong Zeli, I’m your mother. Is this how you talk to me? Everything I do is for your own good, yet you repay me like this?”

“Initially, when I saw those rumors, I wondered if they were true. But now, you’re treating your biological mother like this because of that woman. I think those rumors are really true!

“Have you really fallen for that actress called Qiao Mianmian? Do you know that she’s already married!

“That kind of woman even harmed my son after getting married. I don’t think she’s a good person!”

The more Madam Gong thought about the grievances she had suffered, the angrier she became. “She doesn’t know her place, why would she be afraid of others ruining her reputation?”

“So you really did it?”

Madam Gong had just finished speaking when she heard a loud sound.

Gong Zeli kicked the vase on the bedside table to the ground. The porcelain bottle shattered with a crisp sound.

The blood drained from Madam Gong’s face.

She looked up in shock and fear. When she saw the veins on Gong Zeli’s forehead bulging and his eyes turning red, she was shocked.

“Zeli, w-what are you doing? Are you going against your mother because of that woman?”

Madam Gong knew her son’s problem.

Even though he underwent many years of treatment and medication, the root of the illness was still not completely cured.

Chapter 1929: You've Caused Trouble for Our Gong Family

As long as he was angered, there was a possibility that he would flare up.

Madam Gong was afraid that he would flare up now.

"Mom, do you know who Qiao Mianmian is? She's my savior. She saved your son's life, and you treat her like this? Do you want me to suffer retribution?"

Madam Gong was dumbfounded.

Her eyes were full of doubt. "Savior? What savior? You said Qiao Mianmian saved your life?"

"Ten years ago, I fell into the pool and almost drowned. She saved me. I hope this is the last time. If you do anything to hurt Qiao Mianmian again, don't blame your son for being unfilial."

"What did you say?" Madam Gong's eyes widened in shock. "Wasn't Shen Rou the one who saved you ten years ago? Why is it Qiao Mianmian now?"

"It was Qiao Mianmian, not Shen Rou."

"How could this be..."

Gong Zeli did not explain further.

He just looked at Madam Gong coldly. "Mo Yesi won't let this matter rest after what you did to Qiao Mianmian. Mom, you've caused trouble for our Gong family."

After saying this, Gong Zeli turned and left her bedroom.

Madam Gong was left alone pale-faced as she watched him slam the door shut.

...

The next day.

Qiao Mianmian woke up an hour earlier than everyone else.

As the manager, she needed to go to the restaurant earlier to decorate and prepare a lot of things.

Actually, they had already gone to the restaurant last night.

It used to be a western restaurant. Due to poor management, it was about to close down.

Qiao Mianmian and the rest took over the restaurant before it closed down.

Their mission was to revive it.

It wasn't easy to save a restaurant that was about to close down.

Qiao Mianmian had some understanding of the restaurant's business model and tasted some of its dishes.

She could guess why it was about to close down.

The dishes' price was too high. The taste wasn't worth it.

The customers felt that it wasn't worth it. As more and more people complained about it, the restaurant's reputation naturally became worse.

After finding the main problem, Qiao Mianmian discussed it with the others for a long time last night and finally decided to change the food to Chinese home-cooked dishes.

Because home-cooked food was Qiao Mianmian's specialty, and the price wasn't too high.

This time, the production team was much more generous. They gave them money every day, so they didn't have to worry about it anymore.

Qiao Mianmian made breakfast.

The others were still sleeping, and she did the same for them. After packing up and leaving a note, she went to the dining room alone.

Because the official Weibo account of "The Meaning of Traveling" had posted the fact that Qiao Mianmian and the others had opened a restaurant, the revenue on the first day easily reached the mark and even exceeded it a lot.

Most of the customers were fans who came to support their idols.

These fans didn't really want to eat. Most of them wanted to see their idols and talk to them.

After the fans went to the restaurant, they returned with enthusiastic responses.

"Ahhh, I saw Zhan Bo at a rest stop during my vacation. Brother is so gentle. He even smiled at me when he served us the dishes. God, just that smile was enough to make me think of what school our future child is going to attend."

Chapter 1930: Qiao Mianmian's Culinary Skills

"I saw Brother Mu Fei, too. He's super cute. He even blushed when he talked to us!"

"I originally thought that Shen Fei was a very cold person, but I didn't expect the goddess to be so friendly. She didn't put on any airs at all. She even chatted and laughed with us like a big sister next door."

"You're all talking about your idols, but no one talks about Qiao Mianmian. Do you know that the manager is Qiao Mianmian?"

"What? Qiao Mianmian's the manager?"

"No way! What about Shen Fei?"

"Letting a newcomer be the manager? No way, it's not Qiao Mianmian's turn yet."

After seeing the post saying that Qiao Mianmian was the manager, the netizens replied one after another. They were all very dissatisfied and felt that Qiao Mianmian wasn't qualified at all.

Because she was the most inexperienced one among them.

The netizens felt that Shen Fei was the most suitable candidate.

“Shen Fei is still there. How could it be her turn? Did she go backstage?”

“To be honest, I really don’t think Qiao Mianmian is suitable. She’s just a newcomer, and she’s commanding a group of seniors? Where does she get her confidence from?”

“Er, let me tell you a little, I also went to that restaurant. The taste of the dishes is alright, but I heard that the chef is Qiao Mianmian.”

“I also went. The chef is indeed Qiao Mianmian. Their restaurant’s price and taste ratio is already very high. The three of us spent less than 200 yuan. We even ordered a few big dishes.”

“Don’t be sarcastic. Qiao Mianmian didn’t want to be the manager. She was chosen.”

“I don’t know why so many people are criticizing Qiao Mianmian. I went to the restaurant today, too. She’s super exquisite and beautiful. Her face is also super small, not even as big as my palm. I talked to her for a while and felt that she was quite a nice person. She’s a very cute girl. And her dishes are not bad. The price isn’t high, so don’t use the standards of a chef to make yourself feel good.”

On the first day of the restaurant’s opening, it was already trending online.

Qiao Mianmian made it onto the hot topic list on her own.

#Qiao Mianmian Cooking

“I really didn’t expect Qiao Mianmian to know how to cook, and she’s pretty good at it.”

“I’ve eaten there, too. The taste is indeed quite good. The average price is 50 yuan. It’s quite nice as a tourist attraction.”

“I also went to join in the fun today, but I felt like I wasn’t prepared enough since they just opened today. There were too many, and Qiao Mianmian was the only one cooking. We waited for an hour before our dishes were served. Other than the fact that it was slow, everything else was quite satisfactory.”

After a long day.

Qiao Mianmian lay in bed and scrolled through the comments on her phone. She felt like her hard work paid off.

Although some were dissatisfied with her culinary skills, the rest were mostly satisfied.

She scrolled through Weibo and found a post related to the Shen family.

It was a financial news article.

The news reported that the Shen Corporation had received a huge investment.

The Shen Corporation was on the verge of bankruptcy, but because of this investment, the company started operating normally again.

After Qiao Mianmian read the news and pondered for a few seconds, a video call invitation popped up.
