Chapter 1941: I Didn't Expect to Meet You Here

"Exactly. Sister Mianmian's cooking is delicious, and everyone loves it. That's why our restaurant's business was so good. If it was someone else cooking, I think the restaurant would close in three days at most."

Qiao Anxin stood not far behind them. She clenched her fists tightly as she watched Qiao Mianmian being surrounded by Zhan Bo and the rest.

The episode ended.

She could finally stop being with Qiao Mianmian.

To Qiao Anxin, every day was torture.

She was Qiao Mianmian's foil.

If it weren't for the fact that she wanted to use this program to increase her popularity, she wouldn't have been able to stay any longer.

"We'll be going home tomorrow. Let's have a good gathering tonight," Shen Fei suggested.

The others naturally had no objections.

Hence, the gathering was set to be at seven in the evening at a famous five-star hotel in Weihai.

...

Qiao Mianmian arrived at the hotel punctually at 7:00 PM.

Halfway through the meal, Qiao Mianmian went to the washroom.

When she came out and had just turned the corner, she heard a familiar and surprised voice behind her.

"Mianmian, is that you?"

Qiao Mianmian stopped in her tracks.

Seeing her stop, the voice behind her became even more surprised. "Mianmian, it's really you, isn't it? I didn't expect to meet you here."

Footsteps approached and stopped behind her.

Su Ze's excited and surprised voice sounded again. "Mianmian, you're the person I want to see the most after returning to the country. I heard that you were filming here, so I wanted to try my luck and see if I could meet you.

"I didn't expect to run into you here."

Su Ze sounded very excited.

Qiao Mianmian turned around and saw his flushed face.

Su Ze's appearance and words had always been gentle and refined, giving off a gentle feeling.

Qiao Mianmian used to like that about him.

She had always thought that she liked gentlemen.

Until she met Mo Yesi.

Qiao Mianmian didn't know if it was because she had been through the Su family and had spent half a year in a remote place like Country F, but when she saw Su Ze again, she almost couldn't recognize him.

Su Ze's aura was completely different from before.

In the past, he looked like a gentle and elegant young master. Now, his aura was completely gone, and he exuded a dispirited aura. Furthermore, because of the strong sun rays in Country F, Su Ze was tanned, causing his looks to drop by a few degrees.

Even Qiao Mianmian almost couldn't recognize him.

If it were someone not familiar with him, they would probably not recognize him.

Qiao Mianmian didn't expect to meet Su Ze here, either.

When she saw him again, she felt nothing but disgust.

She said coldly, "Then, I'm really unlucky. I should have looked at the almanac before I left."

She made no effort to hide her disgust.

Su Ze's expression froze. He met Qiao Mianmian's cold and disgusted eyes and looked hurt.

Now, Su Ze knew very well that Qiao Mianmian really had no interest in him.

Chapter 1942: He Needed to Endure

However, he still held some hope in his heart.

He always thought that since they had been together for ten years, Qiao Mianmian had liked him before, and he was her first boyfriend.

Hence, she might still have some feelings for him.

She was so cold and heartless to him because he had betrayed her before.

She had been hurt by him and was unwilling to forgive him.

Su Ze would rather Qiao Mianmian hate him than treat him like a stranger.

If she hated him, it meant that he still had some weight in her heart.

"Mianmian, do you have to be so hurtful with your words?" Su Ze looked hurt. "Ever since we broke up, I've really missed you. Every day, I..."

“Shut up.” Qiao Mianmian’s face darkened as she interrupted him. “Su Ze, do you still remember what I told you over the phone? It seems like you don’t have any memory at all. Do you really think I won’t do anything to you?”

Su Ze looked up and saw her dark expression. He thought about the Su family’s current situation and felt a little guilty.

With a change in expression, he quickly said, “Mianmian, ever since the Su family fell, Dad and Mom have been hospitalized because of this matter. They can’t take any more blows. I’m a bastard. I didn’t treat you well, but they’ve never done anything to hurt you.

“I hope you won’t agitate them again.”

“Agitate them?” Qiao Mianmian sneered. “Su Ze, I think you’re mistaken. I don’t want to do anything to your parents. You’re the only one I want to teach a lesson to. If you say anything else to disgust me, I’ll make sure you never return to Yun Cheng. Do you think I can do it?”

Su Ze’s expression changed again.

He didn’t dare to say anything else.

Because he knew that Qiao Mianmian could do it.

With just one word from her, Mo Yesi could make him leave Yun Cheng immediately and never come back.

In the past, before the Su Family fell, the Mo Family could do whatever they wanted to them.

The Su family was even more vulnerable now.

Even if Su Ze didn’t care about his future, he couldn’t ignore his parents.

After the Su Corporation was acquired, although he still worked there, he was now just an ordinary employee.

He changed from being the young master to an ordinary employee.

Even so, he couldn’t leave the corporation.

If he left the Su Corporation, the corporation would have nothing to do with him in the future.

He had endured all kinds of humiliation to stay because he was unwilling to accept it.

The Su Corporation was his.

Why should he leave!

He would return all the humiliation he had suffered one day.

And what he had lost, he would find it again.

Like the Su Corporation.

What he needed to do now was endure.

Su Ze clenched his fists and kept quiet.

Qiao Mianmian looked away and walked past him.

Su Ze watched her leave without hesitation. He opened his mouth and wanted to call her back.

But when he thought of what Qiao Mianmian had just said, he clenched his fists and suppressed his urge.

He watched as Qiao Mianmian turned a corner and disappeared, but his gaze was still fixated on the direction she left.

Chapter 1943: Hate Qiao Mianmian and Su Ze

Su Ze's eyes were filled with regret when he thought of Qiao Mianmian's beautiful face.

He regretted breaking up with her.

And he broke up with Qiao Mianmian for Qiao Anxin.

The main reason Su Ze liked Qiao Mianmian back then was that she was very pretty and Su Ze was infatuated with her face.

And now, Qiao Mianmian was even more beautiful than when she was with him.

So beautiful that Su Ze was moved by her again.

He was wondering why he had been possessed by a ghost back then and ended up being seduced by a woman like Qiao Anxin.

Qiao Anxin and Qiao Mianmian were so different in looks.

Actually, he didn't fancy Qiao Anxin at first.

However, no man could resist a woman throwing herself into his arms. Moreover, this woman was quite pretty.

But he knew very well that he had never really fallen for Qiao Anxin.

The only woman he liked was Qiao Mianmian.

After he broke up with her and left Yun Cheng to go alone to Country F, he had become more and more clear about this.

So, he came back to China this time to fight for himself.

However, this was clearly his wishful thinking.

Qiao Mianmian treated him even colder than a stranger.

Su Ze's enthusiasm was instantly extinguished.

But he still did not want to give up.

He had finally figured out who he loved the most. He would definitely think of a way to save his relationship with Qiao Mianmian.

In the future, he would definitely cherish her and love her for the rest of his life. He would never do anything to let her down again.

Su Ze thought of Qiao Mianmian's stunning face and suddenly had the urge to fight back.

He looked in the direction she had left in a daze and swore to himself that he would find a way to save her.

To save his lost love.

Su Ze was here tonight to talk to someone. After Qiao Mianmian left, he quickly turned around and left.

In a private room in the corridor.

After Su Ze left, the door to the private room was gently pushed open.

Qiao Anxin walked out of the room with a complicated expression on her face.

She wanted to go to the washroom.

She didn't expect to see Su Ze and Qiao Mianmian talking in the corridor.

Qiao Anxin was surprised to see Su Ze.

After Su Ze went to Country F, they never saw each other again. After they broke up, they never contacted each other again.

She had long forgotten about him.

So, when she suddenly saw Su Ze, she was very surprised.

Qiao Anxin hated him and Qiao Mianmian.

Because of Su Ze, she had lost her child. Although she didn't have much feelings for that child, it was still her flesh and blood.

Furthermore, Su Ze didn't visit her even once after her miscarriage.

He was busy trying to get back with Qiao Mianmian.

Qiao Anxin hated the thought of it.

She picked up her phone and looked down at the photos she had just taken. Her lips curled into a cold smile.

How would Mo Yesi react if he saw his woman and her ex-boyfriend getting back together?

"Qiao Mianmian, Su Ze." Qiao Anxin locked her phone screen and gritted her teeth. "I won't let you guys have it easy. I'll return all the humiliation you've inflicted on me."

Chapter 1944: She Still Likes Him

After filming "The Meaning of Traveling" finished, Qiao Mianmian returned to Yun Cheng.

She told Mo Yesi about her flight and he went to the airport an hour earlier to wait.

At the airport.

Mo Yesi entered the VIP lounge to wait for Qiao Mianmian's flight.

He picked a corner with fewer people and asked for a magazine from an employee before quietly flipping through it.

The man had an outstanding appearance.

His handsome features, noble aura, and extraordinary dressing made it hard for people not to notice him.

Even though he had chosen an inconspicuous corner to avoid attracting attention, many girls in the VIP room still kept looking in his direction.

Someone wanted to ask him for his contact number, but was repelled by his cold aura and did not dare to look for him again.

Mo Yesi's patience and gentleness were only for Qiao Mianmian.

Without Qiao Mianmian around, he didn't seem gentle at all. He seemed cold and distant.

Others wouldn't dare to approach him easily.

Just like the girls in the VIP room, no matter how much they coveted him, they only dared to sneak a few glances or take a photo with their phones.

No one dared to look for him.

Mo Yesi had been reading the magazine for about ten minutes when a shadow fell over him. A familiar voice followed. "Ah Si, long time no see."

Mo Yesi looked up and saw a woman standing in front of him. He glanced at her coldly before looking back at the magazine.

His reaction was so cold that Shen Rou's face immediately darkened and she clenched her fists.

She looked at Mo Yesi with hatred instead of infatuation.

She hated this heartless man.

Because of him, the Shen family almost went bankrupt.

When she needed help the most, when she was at her lowest, he ruthlessly rejected her begging.

Twenty years of friendship meant nothing to him.

For Qiao Mianmian, he just watched as the Shen family went bankrupt.

He knew that once they went bankrupt, she would have a miserable life in the future, but he was still indifferent.

He really didn't take her seriously at all.

But all these years, she loved him to the core.

Compared to his coldness and ruthlessness, Shen Rou felt that her efforts over the past twenty years were like a joke.

Fortunately, she was no longer that foolish.

"Ah Si, must you be so cold to me?" Shen Rou didn't care if Mo Yesi listened to her. She smiled and said, "I never thought that we would become enemies one day.

"I thought that no matter what, we'd still be friends. Now that I think about it, I was too naive.

"Ah Si, Dad told me that you promised him that you would help the Shen family. But the prerequisite was that I get married within a month. Is that true?" Shen Rou knew the answer, but she still asked.

She wanted to hear Mo Yesi admit it himself.

This way, she could slowly give up on him.

She had liked this man for more than twenty years.

Even if she was utterly disappointed in him now, her feelings for him would not disappear completely in a short period of time.

She still liked him.

However, she wouldn't allow herself to be foolish again.

Her focus in life would no longer be Mo Yesi.

Mo Yesi looked up and said coldly, "Since you know, what else is there to ask?"

#

Chapter 1945: Mo Yesi, I Hate You!

"So, it's true." Even though Shen Rou already knew the answer, she still felt sad when she heard his answer. "Did you do that for Qiao Mianmian? Did you want me to get married as soon as possible so that she could rest assured?"

She then laughed self-deprecatingly. "You're really nice to her, but you're so cruel to me. Mo Yesi, actually, I've always wanted to ask you a question. We've known each other for more than twenty years. In these twenty years, have you ever had a favorable impression of me? Even if it was only for a second.

"Have you?"

"No," Mo Yesi answered without hesitation.

Shen Rou smiled.

However, there was only sadness and mockery in her eyes. “No? You’ve never liked me, have you? Mo Yesi, do you know that I once wondered if you didn’t have a heart, if you didn’t know how to like someone at all?”

“If it was impossible for you to like anyone in this lifetime.

“Ha, but you treat Qiao Mianmian so well. So, you just don’t like me.

“So, even though I’ve chased you for more than 20 years, I can’t compare to Qiao Mianmian, who you’ve only known for less than a month. I used to feel indignant, but now I understand. Mo Yesi, I won’t like you anymore. You’re not worth the effort I’ve put in for you.”

She had said so much, but Mo Yesi only glanced at her indifferently.

Looking at his cold expression, Shen Rou felt that she used to be a joke.

Why did she fall in love with such a heartless man?

And she had loved him for so many years.

To him, everything she had done was probably a joke.

She couldn’t help but laugh at herself.

“Mo Yesi, you’re so cruel.” Shen Rou’s eyes were filled with sorrow and hatred. “I finally understand now that you’re not worthy of my love. How silly am I to waste more than twenty years on a heartless man like you?”

“I won’t be so silly anymore. Never again!

“Mo Yesi, I hate you!”

She was losing control of her emotions.

After so many years of effort, the other party didn’t seem to care at all.

Not only did she not get anything in return for her efforts, the man she had loved for so many years still wanted to push her into the fire pit.

She really hated him.

How could he be so ruthless?

Mo Yesi still showed no reaction. He didn’t even look at her this time.

This made Shen Rou even more disheartened.

“Mo Yesi, you’re hurting other people’s feelings by treating them like dirt. People like you who trample on other people’s feelings will never get true happiness. Do you think you and Qiao Mianmian can continue to be happy? Let me tell you, that’s impossible.”

Shen Rou lost control of her emotions and her voice grew hoarse.

Mo Yesi looked up from the magazine.

Shen Rou shuddered the moment she met his gaze.

It was as if a gust of cold air had entered her body and quickly spread to her limbs and bones. Every part of her body felt cold.

Chapter 1946: Mo Yesi Can Forget About Being Happy

Mo Yesi looked at her without saying anything, but this glance made her fearful.

She opened her mouth, but no words came out.

At this moment, a tall young man walked towards her. When he saw Mo Yesi sitting on the black sofa, he was stunned for a moment. Then, he turned around and whispered to Shen Rou, "Miss, we should go to the security check."

Shen Rou looked at the man beside her with a pale face.

The man said in a low voice, "Master and Madam are waiting for you. Miss, please go over."

"Mm, I understand." Shen Rou nodded. She took a deep breath and turned to look at the cold man in front of her. Her heart felt like it had been dipped into ice water bit by bit. It was cold from the inside out.

Mo Yesi really didn't care about her at all.

In the past, she always thought that as long as she persisted and treated him well, a day would come when she would move him.

It was said that there was a mountain separating a man from a woman, and a veil separating a woman from a man.

But when it came to her, why was it so hard?

She had liked him wholeheartedly for more than twenty years, but he had never taken another look at her.

Initially, she thought that it was because of his personality that he wouldn't express his feelings easily. Perhaps he liked her too, but he was too slow to realize it.

She had held on to this thought for more than twenty years.

Now she knew she was wrong.

Terribly wrong.

Mo Yesi really had no feelings for her.

Shen Rou looked at him deeply. There was no longer any longing or infatuation in her eyes, only cold hatred.

She had sacrificed more than twenty years for nothing, and her feelings had been trampled to this point.

Mo Yesi wouldn't be able to have the happiness that she couldn't.

He had destroyed all her love.

If she had a chance, she would definitely take revenge.

She wanted to return the pain he had inflicted on her a thousand times over.

Shen Rou's eyes were filled with hatred and unwillingness. Under the urging of the young man beside her, she turned around and left the VIP lounge.

...

Shen Rou walked out of the VIP lounge and walked towards the boarding gate.

She had just reached the airport lobby when she heard a scream. She looked up in the direction of the sound and saw a large group of people clustered not far away. They were waving small signs with cartoony words in their hands and shouting excitedly.

The hall was crowded and noisy, so Shen Rou couldn't hear clearly.

The man beside her saw that she was looking in that direction curiously and also looked over. Then, he said, "I heard that a few celebrities came to Yun Cheng. Those are all fans who came to pick them up. These young ladies are so free these days. Why are they chasing celebrities every day? They can wait at the airport for an entire day just to pick up a celebrity.

"I really don't know what kids these days are thinking. They don't even care so much about their parents." The man's expression was one of dissatisfaction. Clearly, he didn't understand the younger generation.

"Celebrity?" Shen Rou turned her head.

"That's right. Didn't 'The Meaning of Traveling' finish filming yesterday? Today, those celebrities are coming back. I actually don't pay attention to these things at all. This is what my wife told me. She watches 'The Meaning of Traveling' every week and has already become a loyal fan of this program.

"She told me about a very pretty female celebrity on this show called Qiao Mianmian. She especially likes this female celebrity, and she's now a loyal fan of hers. She even told me that she was coming to pick her up today, but I scolded her so much that she gave up on the idea."

Chapter 1947: You Think She's Pretty?

Shen Rou's expression changed when she heard Qiao Mianmian's name.

"You mean, Qiao Mianmian is coming back to Yun Cheng today?"

The man did not notice her abnormality and nodded. "Yes, seems so."

Shen Rou clenched her fists tightly, her long nails digging into her palms bit by bit.

So Mo Yesi came to the airport to pick Qiao Mianmian up?

He was really considerate towards her!

Shen Rou bit her lip as hatred seeped out of her eyes. She sneered. "He's such a gentle and considerate man. So, I'm not worthy of anything?"

She used to think that Mo Yesi treated everyone the same.

Hence, even if he wasn't warm enough to her, he was still indifferent toward everyone else. She could still accept it.

No matter what, he treated her better than other women.

She believed that she had a special place in his heart.

What made her completely break down was that one day, she realized that he could actually treat people gently.

He was actually considerate and doting.

He could also dote on a woman.

But that woman was not her.

After realizing this point, what she thought was special became a joke.

"Missy, you..." The man turned around in surprise when he heard that.

Shen Rou looked past him and looked at the crowd again.

After a while, she saw a familiar person.

Qiao Mianmian was wearing a mask and a hat as she followed the other guests.

She removed her mask as she walked.

That exquisite and flawless face flashed in her eyes. Even a woman like Shen Rou was stunned.

"Miss, are you looking at Qiao Mianmian?" The man didn't know about their feud. He only saw Shen Rou looking at Qiao Mianmian and introduced her. "She's that girl wearing a white hat and a white sweater. She looks pretty on TV, but I didn't expect her to look even better in person."

Shen Rou's expression darkened when she heard the man complimenting Qiao Mianmian. "You think she's very pretty?"

"Yes, she's quite pretty. She looks very innocent."

"So, do all men like this kind of woman? No matter what kind of person she is, as long as she looks innocent, that's enough?" Shen Rou's tone became even darker.

Indeed, men were all superficial.

Even Mo Yesi was no exception!

Her feelings for him for more than twenty years could not compare to that of a woman who only looked good.

Besides her looks, what else did Qiao Mianmian have?

However, he was still mesmerized by that face. He was no different from those superficial men who only cared about appearances.

The man was about to reply when he suddenly realized that Shen Rou's tone wasn't right. He turned around and saw that Shen Rou's expression wasn't right, either. He swallowed the words that were about to come out of his mouth.

"Of course not." The man quickly changed his words. "No matter how beautiful a woman is, if she only has a pretty face and can't do anything else, she has no substance. A man would only play around with and not really like her.

"An outstanding woman with both looks and talent like Missy is the goddess that men dream of."

Chapter 1948: Is It Because She Still Has Value?

The man took the opportunity to flatter her.

After hearing his answer, Shen Rou's expression became slightly better.

But very quickly, she seemed to have thought of something and her expression turned ugly again. "Since he's only playing around with a pretty face, why hasn't he gotten tired of her yet?"

The man didn't understand what she was saying and looked at her blankly.

"Is it because she still has value?" Shen Rou continued to mutter to herself.

"Miss..." The man beside her looked confused.

"It's nothing." Shen Rou retracted her gaze from Qiao Mianmian and turned around. The moment she did so, her gaze turned vicious. "Let's go."

Qiao Mianmian...

You took away my happiness. Do you think you can be happy forever?

Some things I can't have.

Then, don't even think about it.

One day, I will take back everything that I have lost.

At that time, I want you to pay the most painful price. I want you to live a hundred times, a thousand times more painful than I am right now!

I won't let you go.

Never!

Shen Rou turned around and left with strong hatred.

...

Qiao Mianmian never thought that she would have so many fans picking her up.

When she was surrounded by a large group of fans who were fighting to take a photo with her and get her autograph. She felt like she was dreaming.

Because she felt that such treatment shouldn't belong to her.

When she participated in "The Meaning of Traveling", three fans went to pick her up at the airport. At that time, she was very surprised.

When she came back from filming, the number of fans who came to pick her up had increased by more than ten times.

It was her first time experiencing such treatment, and she was still not used to it.

"Sister Mianmian, can we take a photo with you?"

"Sister Mianmian, can you give me an autograph? I like you a lot."

"Sister Mianmian, I'm your loyal fan. My whole family likes you. I even went to your restaurant. Your cooking is really delicious."

"Mianmian, why are you so thin? You have to eat well. If you're too thin, we fans will feel sorry for you."

"Sister Mianmian, when is your movie going to start filming? We'll definitely go to the cinema to support you when it's done."

The fans were so enthusiastic that Qiao Mianmian couldn't take it.

"Thank you, thank you." She saw that most of the fans were younger and looked like a group of students. She couldn't help but frown and asked a little fan beside her, "Are you guys on holiday today? Don't you have classes in school?"

The few fans were stunned by her question. After looking at each other for a few seconds, they still told the truth. "We didn't have a day off today. We... we took leave to come here."

Qiao Mianmian frowned even more. "You're here on leave?"

"Yeah." A few fans nodded. "We applied for leave in the morning and only have classes in the afternoon. After picking up Sister Mianmian, we'll go to school for lessons."

Qiao Mianmian's expression turned serious.

She said with a straight face, "I thought you guys had a holiday today. Since you've classes, why did you take leave to pick me up? Studying is the most important to students. I don't support your actions. Hurry back to school, don't miss class.

"From now on, my fans are not allowed to skip classes to chase after celebrities. At least, I don't want my student fans to delay their studies for me. I'll feel guilty."

Chapter 1949: Rekindle With My Old Flame?

"You're not allowed to do this again in the future, do you understand? You have to be rational when chasing after celebrities. If you still have time to chase to do this during your spare time, I have no objections. However, you can't use your class time to chase after celebrities, understand?"

The group of fans was initially excited to see their idol.

But they were stunned by Qiao Mianmian's stern rebuke.

What was going on?

Why did their idol suddenly become as scary as their form teacher?!

Her tone was exactly the same as their form teacher.

However, there was a difference between being reprimanded by the form teacher and being reprimanded by an idol.

Although the group of people was confused, they were happy to be reprimanded by their idol.

"Sister Mianmian, we know." The little fan looked at Qiao Mianmian obediently. "We won't do this again. We'll listen to Sister Mianmian."

"That's right, Sister Mianmian, we won't do this again. Don't be angry with us, okay?"

Qiao Mianmian felt like an evil person when she saw how obedient they were. She took a deep breath and said, "I'm not blaming you guys. I'm very happy that you guys came to pick me up. I'm not angry. I just hope that you guys won't delay your studies because of me. Sister Mianmian hopes that you guys can study hard, because studying is the most important thing for you guys right now.

"You have to put your studies first, understand?"

"Yes, Sister Mianmian, we understand." The little fan nodded obediently.

Qiao Mianmian felt that her fans were really obedient.

She thought about how they had asked for leave to come to the airport to wait for her. As long as it wasn't too much, she would satisfy their requests.

She took a picture with them and signed autographs for everyone. The fans only left satisfied after she urged them repeatedly.

After dealing with the fans, Qiao Mianmian was about to look for Mo Yesi when she was stopped by a group of reporters.

"Qiao Mianmian, what's your next step after the variety show? Are you planning to start filming Phoenix in Flight?"

"Qiao Mianmian, what do you think of that scandal? Have you really rekindled your relationship with Young Master Su?"

"Qiao Mianmian, someone took a photo of you meeting up with Su Ze at a hotel last night. The two of you met right after he came back, does that mean that the two of you have been keeping in contact? Does your boyfriend know about this? Will he mind?"

"Yeah, Qiao Mianmian, please answer us. Have you really rekindled with your old flame?"

Qiao Mianmian was stunned for a few seconds. She looked at one of the reporters and asked in confusion, “Rekindle with my old flame? What are you talking about?”

“Miss Qiao, you were catching up with Su Ze at a hotel last night. Is this true? Don’t you know that this matter has already spread on Weibo? Everyone is discussing this matter now.”

Last night, at the hotel, she was catching up with Su Ze...

Qiao Mianmian was stunned for a few seconds before opening Weibo.

The moment she logged in, she saw a trending topic about her.

Chapter 1950: Tsk Tsk, I Think I Know Something

#Qiao Mianmian and her ex-boyfriend Su Ze rekindled their relationship

Qiao Mianmian clicked on the trending topic with a dark expression. After reading it, her expression darkened further.

Someone had taken a photo of her talking to Su Ze in the corridor last night. The photo was very clear, and it was taken from several angles, allowing her to see the person’s face clearly.

Moreover, the person who took the photo clearly had the intention of defaming her. There were several angles where she and Su Ze seemed to be in ambiguous poses.

Coupled with the words “old flame”, it was inevitable that some people who didn’t know the truth would be misled.

Qiao Mianmian had just participated in “The Meaning of Traveling” and had gained a lot of popularity. It was time for her popularity to soar.

Such news would have a huge impact on her.

This piece of news received a lot of attention. When Qiao Mianmian clicked on it, she saw that the number of comments had already surpassed 10,000.

She clicked into the comments section.

It was a good thing that she had gained a good reputation because of “The Meaning of Traveling”. The show hadn’t finished airing yet, and it was still very popular. Many fans in the comments section spoke up for her.

It was unlike the past where she was always being criticized.

“I don’t believe Qiao Mianmian would do something like that. There wasn’t anything ambiguous in the photo, just the two of them talking in the corridor. Isn’t it too arbitrary to say that they’ve rekindled their relationship?”

“Come on, our Mianmian’s boyfriend is handsome, rich, and treats her so well. It’s not like she has a screw loose in her head, why would she fall in love with a scumbag ex? What does she want from him? Does she want a scumbag? Does she want him because he’s uglier now, or is it because he’s poorer?”

“That’s right, our Mianmian has a rich and handsome boyfriend, so how could she fall for that scumbag Su? Scumbag Su is so good-looking, but our Mianmian won’t even look at him. Maybe Scumbag Su won’t let go of Mianmian, but Mianmian doesn’t even want to talk to him.”

“Upstairs said there’s nothing out of line in the photos. Just based on these few photos, it is indeed not right to say that she rekindled with her old flame.”

“The man in the photo is the young master of the Su family? Why has he become so ugly? I remember that Scumbag Su used to look decent. With his looks, Qiao Mianmian wouldn’t have taken a liking to him. Her boyfriend’s looks, figure, and all other aspects are better than Scumbag Su.”

Many people spoke up for Qiao Mianmian, saying that she wouldn’t have such bad taste. Instead of cherishing her rich and handsome boyfriend, she went to reconcile with her scumbag ex.

But some haters also took the opportunity to criticize her.

“Is Qiao Mianmian cheating? This kind of woman who looks down on others is really disgusting. Can her tall, rich, and handsome boyfriend tolerate being a cuckold?”

“Meet at the hotel? Tsk tsk, I think I know something.”

“This kind of green tea b*tch is like this. She likes to hang men everywhere. The purer a woman looks on the outside, the more unrestrained she is on the inside. She was never a good person, to begin with. Previously, someone revealed that she liked to hook up with men everywhere since she was young.”

“The ex made a cuckold out of him the moment he came back? Awesome!”

Qiao Mianmian quickly browsed through the comments and then exited Weibo.
