Chapter 2001: This Way of Handling Mo Yesi

Gong Zeli clarified it on Weibo?

Qiao Mianmian hung up and opened Weibo.

Soon, she saw his post.

Gong Zeli used his Weibo account.

He didn't explain much.

Gong Zeli: [Don't overdo it. There's no competition. Why don't you be the scriptwriter?]

After Gong Zeli posted it, the comment section was flooded with comments.

"What does Young Master Gong mean? Are those in District T spreading rumors?"

"He just denied that they were fighting over a woman. He didn't deny that the Mo and Gong corporations halt cooperation. Is their cooperation really finished?"

"There's no smoke without fire. This isn't the first time you and Qiao Mianmian are involved in a scandal. If you two weren't involved, would others need to act so much? This clarification seems like a cover-up to me."

"I did. I only denied that he didn't fight with his brother for a woman, but I didn't deny that the two families are in conflict. It seems like there's really something wrong with the Mo and Gong families."

Qiao Mianmian turned to look at Mo Yesi.

"What did your manager say?" he asked.

Qiao Mianmian told him about Linda's suggestion.

"You want me to clarify things on Weibo?" Mo Yesi took out his cell phone and opened the app. He quickly created a post.

After he was done typing, he handed her his cell phone. "Take a look and see if it's suitable. If you see anything wrong, just change it."

"There's no need. You can just post it."

"Take a look."

At Mo Yesi's insistence, Qiao Mianmian took the cell phone.

Mo Yesi's post was also very short.

Nameless: "I'll give you an hour to delete the post. Otherwise, bear the consequences."

Qiao Mianmian was speechless.

Very good, this was how Mo Yesi handled things.

Without any explanation, he simply said, “bear the consequences.”

This method was domineering, arrogant, and condescending, but the effect would definitely be good.

Qiao Mianmian felt that she had nothing to change, so she directly sent it and returned the phone to him.

She couldn't help but ask, “Mo Yesi, is there really no room for negotiation with the Gong Corporation? Actually, I think...”

Before she could finish, Mo Yesi interrupted her coldly. “Don't bother about this. I know what to do. The Gong family bullied my people. If I can pretend nothing happened, they'll think that I don't value you.

“Next time, they'll definitely hurt you even more.

“Everything else can be discussed. But there's nothing to discuss about this. Don't worry. After this period of time, you can give yourself a good vacation. If you want to worry, you can think about our future wedding.”

“Wedding?” Qiao Mianmian was stunned.

“You said that we'll hold a wedding after you graduate. I've always remembered this. You haven't forgotten, right?”

Qiao Mianmian didn't forget.

She remembered saying that, too.

But if Mo Yesi hadn't reminded her, she would have forgotten about it.

“Think about what kind of wedding you want and where you want to hold it. After you've thought about it, we can start the preparations.”

#

Chapter 2002: Our Wedding Is Up to You

“Now? Isn't it a little early?”

“It's not early at all. Baby, I want to give you an unforgettable wedding.” Mo Yesi stroked her hair and said gently, “A grand wedding requires a long time to prepare.

“So, it's not too early to start preparing now.”

The man's eyes were full of affection. “If it wasn't for the fact that I don't want to aggrieve you, I would've held our wedding tomorrow. But you're the most precious treasure in my heart. I can't bear to let you suffer even the slightest grievance.”

Qiao Mianmian felt like she was about to drown in the depths of the man's eyes.

“So, you can think about it now..” Mo Yesi pinched her chin and kissed her lightly on the lips. “Our wedding will be up to you. You can do whatever you want. You’d better have more complicated and strange thoughts to make things difficult for me. I’ll like it very much.”

Qiao Mianmian was speechless.

...

At the airport.

Although Qiao Mianmian kept a low profile and tried her best to lower her presence, some passersby still recognized them.

Mo Yesi’s appearance was outstanding. The first person to be attracted by his outstanding appearance was Qiao Mianmian.

Qiao Mianmian had just gone on a variety show and all sorts of new shows. She was very popular now. Coupled with the news today, her exposure was especially high recently. Even though many people weren’t her fans, they recognized her from head to toe.

The passersby had just learned of Mo Yesi’s true identity today. Seeing the two of them together, they excitedly took photos of them.

“Are you Qiao Mianmian?” A passerby greeted her. “I’m your fan, I really like you. Can I take a picture with you?”

Qiao Mianmian looked at the passerby and was about to answer when a cold voice answered for her. “No. She’s going to rush for the plane. Please make way.”

The passersby heard Mo Yesi’s voice and looked up.

When her gaze landed on Mo Yesi’s handsome face, she was infatuated for a moment. But when she met Mo Yesi’s cold and distant gaze, it was as if a bucket of cold water was poured over her head. She immediately broke away from her infatuated state.

The man’s aura was strong. His words made the other passersby stop in their tracks.

He was like a super cooler beside Qiao Mianmian.

Anyone who came close would immediately feel an extremely cold aura, making them flinch.

Even some of Qiao Mianmian’s true fans only dared to take photos from a distance.

Mo Yesi held her hand tightly and used his powerful aura to block the crowd. He then led Qiao Mianmian into the VIP passageway.

After they passed the security check.

The passerby kept her cell phone.

“Wow, that man is Qiao Mianmian’s boyfriend, Chairman Mo Yesi? He’s so handsome.”

“Qiao Mianmian came to Y City to promote her new show. Mo Yesi is also here. Is he here to pick her up? Qiao Mianmian is so lucky to have such an amazing boyfriend. He’s so good to her. She’s a winner in life.”

#

Chapter 2003: I Want to Bump Into Her Too

“I feel like her boyfriend treats her very well. When the fan asked Qiao Mianmian for a photo just now, he was very cautious, afraid that Qiao Mianmian would be hurt. He’s a very good boyfriend.”

“If the person in District T is real, and her boyfriend halted cooperation with the Gong Corporation because of her, then I think he must love her to death. To be able to do this for her, in ancient times, he was a king who could give up his empire for a beauty.

The passersby and fans posted their photos and videos on Weibo.

Xiao-Xiaoyu: “I saw Qiao Mianmian and her boyfriend. Their fingers were intertwined the whole time. Her boyfriend is so protective of her. So sweet.”

Did you take your medicine today: “I saw Qiao Mianmian and her boyfriend at Y City’s airport. Her boyfriend should have come to pick her up. He’s super handsome, the kind that can make you faint. Her boyfriend treats her very well and cares for her. He’s just very bad-tempered and especially cold. No one dares to approach him. But he’s very cold to others, but he’s very gentle to Qiao Mianmian.”

“Wow, you guys bumped into Mianmian at the airport. I’m so envious. I want to bump into her, too.”

“Her boyfriend is so handsome. Did Qiao Mianmian save the galaxy in her previous life? When will the country send me such a good boyfriend?”

...

On the plane.

Qiao Mianmian turned off her cell phone.

Hence, she had no idea that she and Mo Yesi were once again on Weibo’s trending topics.

After a few hours of flight.

Madam Bai came to fetch Qiao Mianmian.

Madam Bai hadn’t seen her daughter for a long time. She wanted Qiao Mianmian to eat at her place.

Qiao Mianmian looked at Mo Yesi.

He stroked her head and said, “Mom hasn’t seen you in a long time. Let’s go to her place for dinner.”

Qiao Mianmian nodded at Madam Bai.

Madam Bai was overjoyed. She pulled Qiao Mianmian into her car and asked how she was doing along the way.

At the Bai Residence.

Qiao Mianmian changed her clothes and took a shower before going downstairs.

She saw Mo Yesi and Father Bai chatting.

Mo Yesi's attitude towards his father-in-law was very good. He was neither arrogant nor humble, and he was also very respectful. She didn't know what they were talking about, but they seemed to be getting along well.

Father Bai smiled and nodded from time to time.

"Dad." Qiao Mianmian walked over and saw that he was looking at her.

Father Bai's eyes softened when he saw his daughter.

He waved at her. "Mianmian, come and sit here."

Qiao Mianmian walked over and sat down beside Mo Yesi.

Father Bai smiled. "Are you hungry? Your mom went to the kitchen to prepare dinner. We'll be able to eat soon."

"Dad, I'm not hungry. There's no need to rush. Mom is in the kitchen, right? I'll help her." Qiao Mianmian felt that they were chatting happily and stopped talking when she arrived.

She seemed a little redundant.

"Mo Yesi, continue chatting with Dad. I'll go to the kitchen."

With that, Qiao Mianmian got up and walked towards the kitchen.

Madam Bai naturally had to cook for her daughter.

Qiao Mianmian walked into the kitchen and saw her cutting vegetables in an apron. A few of her assistants greeted her respectfully when they saw her. "Miss."

Chapter 2004: My Heart Hurts More for My Daughter

"Mianmian, why are you here?" Madam Bai turned around and looked at her daughter affectionately.

"Are you hungry? Do you want to eat something first? I'll be done in 10 minutes at most. If you're hungry, you can..."

"Mom, I'm not hungry." Qiao Mianmian walked to Madam Bai and looked at the dishes on the table. She rolled up her sleeves and said, "Let me help you."

"Go, go, go. Go out quickly." Madam Bai reached out and gently pushed her. "You can just go out and wait. Don't smell like oil and smoke."

"Mom, I have nothing to do anyway." Qiao Mianmian called a housemaid over and got her to get an apron. She put it on and started cutting the vegetables. "You've always been the one cooking for me. I'll make two dishes for you today. But my culinary skills aren't as good as yours. Mom, don't mind me."

Madam Bai didn't stop her anymore.

When she heard that her daughter wanted to cook for her, she said in relief, "How could I dislike it? As long as it's made by you, I'll like it no matter what it is. I just feel that you must be tired after just coming back and want you to rest more."

"I'm not tired." Qiao Mianmian turned around and smiled at her. "Mom, I'm really not tired at all. I'll cook the remaining two dishes, you go rest."

Madam Bai felt heartache as she watched her skillful cutting.

If it was another family's daughter, she wouldn't do this.

Every one of them had been served since they were young.

Not to mention cooking, if Qiao Mianmian had grown up in the Bai family, she would be like a child who grew up in a honey pot. She wouldn't have to learn to do such trivial household chores.

As she thought about it, Madam Bai's heart ached for her daughter.

"Mianmian, why don't you move back here for a while? This way, I can help you recuperate. We can spend a few more days together. Mom really can't bear for you to leave so soon. We've been apart for more than 10 years, and you're rarely home. Mom misses you and can't see you often."

Qiao Mianmian couldn't agree to Madam Bai's request.

She wasn't alone.

Moreover, she had promised Mo Yesi that she would accompany him after this.

If she stayed in the Bai family, Mo Yesi would definitely feel uncomfortable even if he didn't say anything.

"Mom, I've already made an appointment with Mo Yesi. He'll take me overseas to play. I've already let him down once, I don't want to fail him again. I'll come back often to accompany you when I'm free in the future, alright?"

Madam Bai looked disappointed.

But she knew that her request was inappropriate.

Her daughter was married.

It wasn't realistic for her to abandon her husband and return to her parents' house.

That would be unreasonable.

If Qiao Mianmian really agreed to move back, the Mo family would definitely object.

"Mom is just saying. Take it that I didn't say anything." Madam Bai went forward and held her hand. "As long as my Little Seven is happy and comes back to see me occasionally, Mom will be satisfied."

...

After eating, Qiao Mianmian took a nap before leaving the Bai family.

She scrolled through Weibo in the car.

She was shocked to see that, after Mo Yesi's post, the news disappeared.

#

Chapter 2005: I Think I Believe in Love Again

The first person to expose it was banned.

The other verified accounts and media accounts deleted the reposts.

The trending topics were no longer there.

The rest were trending photos of her and Mo Yesi at Y City's airport.

Qiao Mianmian clicked into the homepage of the netizens who took her and Mo Yesi's photos and posted them on Weibo. She then checked the comment section.

She realized that the comments section was filled with praises about how handsome and stylish Mo Yesi was.

Then, the netizens said that she saved the galaxy and even asked her to teach them how to seduce the men.

This comment received more than a hundred thousand likes.

Then, a group of netizens replied that they would buy it no matter how much it cost.

Qiao Mianmian felt like laughing when she saw this comment.

Teach seduction?

If the netizens followed her method to flirt with the person they liked, they would probably be single for the rest of their lives.

Because she had always been the passive party.

She married him passively and received his love.

The only thing she took the initiative to do was to fall for him.

But she really didn't spend much effort on him.

Hence, she felt that she might have saved the galaxy in her previous life to meet Mo Yesi.

Qiao Mianmian couldn't help but reply: "It's impossible. The secret is that I'm too beautiful and he's captivated by my beauty."

The moment she sent this reply, netizens noticed her.

"Qiao Mianmian? In person?"

"Oh my, I just clicked on it. It's not a fake account."

“Hahaha, damn it! It’s really her. This reply is too funny.”

“I suddenly feel that Qiao Mianmian is very cute. Hahaha, I can’t refute her beauty.”

“LOL, so celebrities also read gossip. Qiao Mianmian was the first to reply to the netizens in her own gossip news. But what’s with this reply, it’s too silly, hahaha.”

“I’ve become her fan.”

Soon, some sharp-eyed netizens noticed that Mo Yesi had replied to Qiao Mianmian’s comment.

The reply was: “The one and only Gu Qingcheng. Love at first sight; love for life.”

“Wow, Qiao Mianmian’s boyfriend replied her. Damn, this is too romantic and sweet.”

“It’s really her boyfriend. He’s too sweet.”

“This pair is really sweet! Can you get married on the spot?”

“I think I believe in love again. Does Cinderella’s story really exist in reality?”

“So, they’re here to show off their affection?”

Qiao Mianmian didn’t see Mo Yesi’s reply.

Because she had too many comments on Weibo, she couldn’t read them one by one.

She still saw the comments from the netizens. She went to the trending zone and saw Mo Yesi’s reply.

After reading it, Qiao Mianmian blushed a little at the thought of Mo Yesi reading her comment.

She didn’t expect him to see it.

She forgot that Mo Yesi only paid attention to her.

#

Chapter 2006: You Forced Me to Do This

Hence, Mo Yesi would receive reminders on Weibo whenever she did anything.

Mo Yesi saw the reminder and replied her.

“Beautiful?” She heard a chuckle and turned around awkwardly. She saw Mo Yesi’s deep eyes smiling at her teasingly. “Mm, you’re indeed beautiful. No wonder I fell in love at first sight.”

Qiao Mianmian was speechless.

So awkward.

Wasn’t it good for everyone to pretend that nothing had happened?

“Why did you reply to me?” She touched her burning cheeks. “I was just joking with the netizens.”

“But Baby...” Mo Yesi chuckled and leaned towards her. “I’m not joking.”

Qiao Mianmian saw what Mo Yesi posted.

The man's low voice was right beside her ear. When she looked up and met his deep and charming eyes, Qiao Mianmian couldn't help but blush even though he was her husband.

She was teased by her husband every day.

Qiao Mianmian and Mo Yesi were trending again because of their replies.

The netizens were all exclaiming that it was too sweet. They created an official CP account for them. They took screenshots of their interactions on Weibo and posted them on the official Weibo account.

The Qiao Mo Couple's official Weibo account had just been created less than an hour ago, but it already had over 200,000 fans.

...

"Qiao Mo Couple?"

The Shen family.

Shen Rou looked at the official Weibo account that had just been created and sneered. "Mo Yesi, aren't you the person who hates being high-profile the most? But you and Qiao Mianmian are doing it right now. You publicly announced your relationship with her on Weibo, and now you're showing off your love publicly. You can break all your principles for her, right?"

"Do you love her so much?"

"But do you think you'll be happy forever? You trampled on other people's feelings and didn't take them seriously. Do you still want to obtain a lifetime of happiness? Let me tell you, it's impossible!"

Shen Rou's expression turned sinister.

She was trampled on.

She'd never received happiness before, so the person who trampled on her couldn't have it.

She loved him wholeheartedly for over 20 years.

But her sincerity was trampled on by him.

He even attacked her mercilessly and wanted the Shen family to go down.

His ruthlessness finally woke her up.

From now on, Mo Yesi was just her enemy.

She would never fall for him again.

She would return all the pain she'd suffered!

Whether it was Mo Yesi or Qiao Mianmian...

"Miss." Someone knocked on the door. The housemaid stood at the door and said respectfully when Shen Rou looked at her, "Miss, Mr. Gong is here. He's waiting for you downstairs."

“Tell him I’ll be right down. Call Young Master Gong.”

“Yes, Miss.”

After the maid left, Shen Rou tightened her grip on her cell phone and looked down at the Weibo post again.

“Mo Yesi.” She gritted her teeth. “You forced me to do this.”

Chapter 2007: Gong Zeli, Have You Fallen for Her?

Shen Rou washed up and went downstairs.

The housemaids greeted her respectfully. “Miss.”

Shen Rou saw Gong Zeli sitting on the sofa. She looked at this man who used to care and love her so much but was now cold and distant to her with complicated feelings.

She walked over slowly.

Gong Zeli looked up when he heard footsteps.

“Zeli, I’ve made you wait. Are you unhappy?” Shen Rou walked towards him and sat down opposite him. The housemaid immediately served a cup of hot tea and she took a sip..

Gong Zeli looked at her expressionlessly. “Tell me, why are you looking for me?”

Shen Rou looked at his expressionless face and stiffened.

Mo Yesi had always been indifferent to her.

Hence, even though she felt terrible when he rejected her and treated her coldly, she didn’t feel too different.

But Gong Zeli was different.

She had enjoyed his care and love for so many years.

It was even more unacceptable to lose something you possessed for so long.

Shen Rou still couldn’t accept this difference.

“Zeli, how long has it been since we last met? Can’t we catch up first?”

“I don’t have time to catch up with you,” Gong Zeli said coldly. “If you don’t tell me what it is, I’m leaving.”

Gong Zeli stood up.

As if he was really leaving.

Shen Rou panicked. “Zeli, wait, don’t go.”

She took a deep breath and said, "Let's talk somewhere else."

A while later, they arrived at the study.

Shen Rou closed the door.

"Tell me, what is it?" Gong Zeli looked at her coldly.

Shen Rou clenched her fists. "Can't we meet if I don't have anything to say to you? Do you really want to be so distant with me? Yes, I lied to you about that matter back then, but that's all I lied to you about.

"Am I so unforgivable in your eyes?"

Gong Zeli frowned. "Only lied to me about one thing? Do you think this is something insignificant and not worth getting angry over?"

"Isn't it?" Shen Rou looked aggrieved. "I know I was wrong, and I've already apologized to you. Can't you forgive me on account of our many years of friendship? Even if I made a mistake, you have to give me a chance to make amends."

"Because of your so-called mistake, do you know what I've missed?" Gong Zeli's eyes were cold. "This is only a mistake to you, but to me, I missed the most important person in my life.

"You want me to forgive you? Shen Rou, I'll never forgive you in this lifetime."

Shen Rou's expression stiffened.

She clenched her fists.

She looked at the man who promised to treat her well for the rest of his life and couldn't help but ask, "Have you found the person who saved you? Who is she? If I'm not wrong, she should be a girl, right?"

"Gong Zeli, have you fallen for her?"

"You like her just because she saved you?"

"Then, what have we been doing for the past decade?"

"You don't have to know who she is," Gong Zeli said coldly. "I'm not here to discuss this with you. If you don't get down to business, we can forget about it."

Shen Rou's expression stiffened again.

Chapter 2008: I'm Not Interested, You're Looking for the Wrong Person

"You're not saying it because you're worried that I'll deal with her?" She smiled self-mockingly. "It seems like you really like her, that's why you're protecting her so well."

"It has nothing to do with you."

"Yes, it has nothing to do with me." Shen Rou smiled again. "Alright, let's not talk about this anymore. Let's get down to business. I saw the news. Did you really break up with Mo Yesi?"

Gong Zeli narrowed his eyes. "So what if it's true? So what if it's not?"

“If it’s true, you and Mo Yesi are enemies now. His actions must have had a huge impact on the Gong Corporation, right? I guess the corporation needs someone to help them now. Why don’t we join forces?”

“He broke up with us for a woman. Now, he’s our common enemy.”

“We’ve known him for so many years and thought that our friendship was already very strong. But now, we realize that it was just our wishful thinking. We’ve treated him as a good friend for many years, but what about him?”

“He doesn’t care about us at all. Or rather, he never really treated us as friends. Otherwise, why would he do such a heartless thing? First, my family almost went bankrupt, and now, he’s dealing with your family. We don’t have to care about friendship with someone as heartless as him.”

“I’m afraid the current Gong Corporation alone can’t win against him.”

“But if our two families join forces, we might have a chance.”

“Zeli, let’s work together.” Shen Rou took a step forward. “We can’t let the Mo Corporation continue to dominate alone. Otherwise, if he wants to do something to us in the future, we won’t be able to resist.”

Gong Zeli looked at her expressionlessly. “Join forces?”

“Yes, let’s work together.” Shen Rou was a little agitated. “Let’s work together to deal with the Mo Corporation.”

Gong Zeli was shocked.

He didn’t expect Shen Rou to say this to him.

They all knew how much she liked Mo Yesi.

She was almost obsessed with him. Otherwise, she wouldn’t have liked him for over 20 years.

In the past, Shen Rou was probably willing to die for Mo Yesi.

So deep were her feelings for him.

That was why Gong Zeli was shocked that she wanted to deal with Mo Yesi.

“I’m not interested. You’ve got the wrong person. If this is what you want to talk to me about, then we can end it here.” Gong Zeli turned to leave.

Shen Rou was stunned.

She didn’t react until Gong Zeli reached the door. “Zeli.”

“What else do you want to say?” Gong Zeli asked coldly.

“You’re not willing?” Shen Rou looked at him in disbelief. “He’s like this to the Gong Corporation now. Do you think he still values your brotherhood? Zeli, don’t be naive. Do you think you can return to the past?”

“What happens to the Gong and Mo corporations has nothing to do with anyone else. I don’t need anyone to give me advice. How you treat the Mo Corporation is your business, but I’m not interested in participating in your plan.”

Shen Rou didn’t expect him to reject her.

She said angrily, “Aren’t you worried that he’ll continue attacking the Gong Corporation?”

Chapter 2009: If That’s the case, There’s No Need to Find Him

“That’s my own business, you don’t have to worry about it.”

“Gong Zeli, you...”

“Actually, this has nothing to do with me. But Shen Rou, we’ve known each other for a long time, so I still want to remind you. You’d better give up on this idea. I don’t know where your Shen family got an investment from, but since you’ve finally gotten out of this difficult situation, it’s better to know your place.

“If you want to deal with the Mo Corporation, you have to see if you have the capability. Don’t let the Shen Corporation be destroyed in your hands.

“I’ll only say this once. It’s up to you to listen.”

With that, Gong Zeli left the study.

“Gong Zeli.” Shen Rou called his name with a pale face, but Gong Zeli didn’t even turn around as he went down the stairs.

Shen Rou stood in the study room trembling with anger. The housemaid brought the freshly brewed tea over but was chased away by her. “Get out.”

“Yes, Miss.”

The housemaid was so shocked that she almost spilled the tea.

She quickly backed off.

In the study.

Shen Rou clenched her fists as she watched Gong Zeli disappear from the corner of the stairs. She was so angry that she smashed her cell phone on the ground.

“Alright, Gong Zeli. Since you’re unwilling to work with me, I can do it myself.”

Her eyes were filled with hatred. “So what if we lose the Shen Corporation? As long as we can make Mo Yesi and Qiao Mianmian pay the price, it’s all worth it.”

Shen Rou’s heart was filled with hatred.

Hatred for Mo Yesi and Qiao Mianmian.

She even hated Gong Zeli.

If he hadn't given her so much care and love, she wouldn't have cared about his current attitude.

He was worse than a stranger to her now.

She couldn't accept this difference.

The man who used to love her had taken back all his love for her just because he learned that she wasn't the one who saved him that night.

It was like the difference between heaven and hell.

He was even more hateful than Mo Yesi.

"Gong Zeli, who exactly is the woman who saved you?" Shen Rou's eyes were filled with indignance. "I'll definitely find out. I want to see what kind of woman can make you protect her like this.

"I don't believe she'll be better than me."

At this moment, her cell phone rang.

When she saw the caller ID, her expression changed slightly. She took a deep breath to adjust her emotions and immediately picked up the call.

"Have you talked to Gong Zeli? What did he say?" A woman's voice sounded from the phone.

Shen Rou bit her lip. "I did. He doesn't want to work with me."

"He's unwilling? It seems like he still values his friendship with Mo Yesi. In that case, there's no need to look for him.

"But without the Gong Corporation, it won't be easy to deal with the Mo Corporation.

"It'll be a little harder. But as long as you listen to me and do as I say, I'll help you deal with the Mo Corporation. Even if I can't completely destroy it, I'll at least severely damage it."

"Of course I'll listen to you, Miss Tang." Shen Rou's attitude was a little respectful. "You're our Shen family's benefactor. Without you, the Shen Corporation would have gone bankrupt long ago. I'll always remember Miss Tang's kindness."

Chapter 2010: He Doesn't Look Like He's Going to Blame Me

"I'll do whatever you ask me to."

"Very good. Wait for my arrangements."

...

Along the way, Old Madam called and asked Mo Yesi and Qiao Mianmian to go back.

She said she had something to tell them.

After the call, Mo Yesi got Uncle Li to change the route.

Qiao Mianmian looked at Mo Yesi uneasily. "Grandma called? What did she say? Did Grandma learn about the Mo Corporation and the Gong Corporation breaking ties?"

"I think so." Mo Yesi pondered for a while and then said, "It's such a big deal, it's impossible for Grandma not to know. She probably wants me to tell her what happened."

Qiao Mianmian felt even more uneasy.

If Old Madam knew that it was because of her, would she become a femme fatale in her eyes?

After all, the relationship between the Gong and Mo families had always been good.

But now this happened because of her.

Qiao Mianmian still cared about Old Madam's opinion of her.

"Then, if Grandma knows it's because of me..." she said worriedly.

"Are you afraid that Grandma will blame you?"

"Mm, I don't want Grandma to dislike me."

"Didn't I tell you that Grandma isn't this kind of person? If she knows the reason, she won't say anything. Moreover, I'll think of another reason to tell Grandma. I won't let her blame you.

"Don't worry, I'll settle this."

"Alright." Qiao Mianmian felt more at ease with Mo Yesi's promise.

...

"Second Young Master, Second Young Madam."

When they arrived at the Mo Residence, Uncle Zhang came out to welcome them.

"How's Grandma doing recently?" Mo Yesi held Qiao Mianmian's hand as he walked into the living room.

Uncle Zhang followed behind them and smiled. "Old Madam has been doing well recently. She's eating well and sleeping well. The doctor gave her a checkup yesterday and said that Old Madam gained a few pounds."

Mo Yesi smiled. "Is that so? That's good. You have to pay more attention to her."

"Yes, Second Young Master. Don't worry. We'll do our best to take good care of Old Madam."

They entered the living room.

"Old Madam, Madam, Second Young Master and Second Young Madam are back."

Old Madam and Madam Mo were sitting in the living room. Madam Mo didn't look too good. When she heard Uncle Zhang's voice, she looked up at Qiao Mianmian sharply.

"Grandma, Mom." Mo Yesi held Qiao Mianmian's hand and walked over. He smiled and said, "Grandma, what's the rush? You wanted Mianmian and me to come back immediately. Is everything alright at home?"

“Don’t jinx it. The house is fine, what could happen?” Old Madam glanced at him and smiled. “Can’t it be that Grandma misses you and wants to see you?”

“Of course. Grandma, just say the word and I’ll bring Mianmian back to see you.”

“You brat, you only know how to talk nonsense with me.” Old Madam was very happy to see her grandson and granddaughter-in-law return.

Qiao Mianmian was still a little uneasy.

She was worried that Old Madam would be unhappy when she returned.

But Old Madam didn’t look angry at all. Instead, she was full of smiles.

She heaved a sigh of relief.

Old Madam didn’t look like she was going to condemn them.
