

## Big Shot 2221

### Chapter 2221: Baby, Are You Jealous?

"Mm, I understand." Mo Yesi kissed her hand. "Don't worry, Chen Chen's life will definitely get better. Actually, you can't think of him as weak. He's much stronger than you think.

"Do you know that Second Aunt's nephew has been kicked out of Second Uncle's company?"

Qiao Mianmian was stunned. "Could it be... Chen Chen did it?"

"Mm. Chen Chen planned something and made him make a huge mistake. That mistake can't be made up, so Second Aunt can't protect her nephew even if she wants to.

"Because of this, Second Aunt fell ill."

Qiao Mianmian was stunned.

She had no idea.

Because Qiao Chen hadn't told her.

She was happy at first.

The brother she thought she needed to protect and take care of was now so powerful.

But Qiao Mianmian was a little upset.

Qiao Chen was her brother!

But why didn't she know this?

Why did she feel that Qiao Chen's relationship with Mo Yesi was better than hers!

Was it really because of their blood ties?

Qiao Mianmian said angrily, "Hmph! Chen Chen doesn't want to tell me anything. He doesn't have any secrets in front of you and tells you everything. Blood relations are indeed different."

Mo Yesi couldn't help but chuckle. "Baby, are you jealous?"

"I'm not. What's there to be jealous about! I'm telling the truth. You're Chen Chen's cousin. You're related by blood."

"Then, you've wronged Chen Chen. He didn't tell you this because he didn't want you to worry about him, and he didn't want you to think that he'd changed. Moreover, he told me that I can give him more suggestions and methods than you can.

"Do you know what Chen Chen told me?"

"What?"

"He said that it doesn't matter what others think of him, but he doesn't want you to think that he's bad. He's afraid that you'll alienate him."

“How could that be?” Qiao Mianmian immediately said. “No matter what he becomes, I won’t despise him.”

“But he doesn’t think that way. That’s why he’s unwilling to tell you.”

“...Alright.” Qiao Mianmian bit her lip. “I accept this explanation.”

“But Chen Chen’s surgery has to be delayed for a few days.” Mo Yesi suddenly recalled this.

Qiao Mianmian was stunned. “Why?”

“He said he wanted to attend a class gathering.”

“Class gathering?”

“Mm. After the college entrance examination, the students must gather and celebrate.”

...

Back at Lu Shan Courtyard.

Qiao Mianmian got out of the shower and looked at the schedule Linda sent her.

Her new show would be broadcast the day after tomorrow.

As the female lead, Qiao Mianmian had to attend the promotion tomorrow.

Moreover, Bai Yusheng was prepared to tell everyone that she was the lead singer of the new show.

Now, her two songs were so popular that Qiao Mianmian herself was shocked.

Whether it was the number of downloads or a place in the top ranking, her two songs were definitely among them.

### **Chapter 2222: You Like Me That Much?**

This was an interesting phenomenon.

The show hadn’t even started, but the opening song and interlude had already gone viral.

Qiao Mianmian was naturally popular, too.

But the netizens didn’t know that she was the one who sang them.

Because of this, the netizens had a very high opinion of the songs.

Some professional music critics also said that Qiao Mianmian was the one good voice the music industry had produced in the past 10 years. In short, even the professional critics had a high opinion of her.

Qiao Mianmian didn’t even dare to think about how the netizens would react and comment if they found out that she was the singer.

Qiao Mianmian replied to Linda: [Alright, Sister Xie. I’ll be there on time tomorrow.]

Then, Mo Yesi waved at her. “Come here, I’ll blow dry your hair.”

“Oh.”

Qiao Mianmian walked over and sat by the bed.

Mo Yesi turned on the hairdryer and blew her hair slowly.

The wind from the hairdryer was warm and suitable.

Mo Yesi’s slender fingers also gently pressed on her scalp. The suitable strength and temperature made Qiao Mianmian’s scalp completely relax, making her a little sleepy.

Mo Yesi would blow-dry her hair every time she took a shower.

He even massaged her scalp and neck.

A man like Mo Yesi had been served since he was young. But now, this man was serving her.

Qiao Mianmian’s heart was filled with sweetness and happiness. She narrowed her eyes and looked sleepy. “Mo Yesi, when we’re old, will you still blow my hair like this?”

“Of course,” the man replied without hesitation.

“Really?”

“Mm, really. I’ll brag about it for the rest of my life.”

“Mo Yesi.”

“Mm?”

“You’re the best.”

Qiao Mianmian was so sleepy that she couldn’t even open her eyes.

When a person was about to fall asleep or was drunk, it was easy to tell the truth.

Because at this time, their consciousness wouldn’t be clear, and they wouldn’t have much resistance towards the outside world.

Qiao Mianmian narrowed her eyes and said in a low voice, “Mo Yesi, it’s so good to have you as my husband. I want to be your wife in my next life, too.”

Mo Yesi stopped what he was doing. The man’s dark eyes flickered for a few seconds before he continued to blow her hair. “You want to marry me in your next life? Are you sure?”

“Mm, I’m sure.” Qiao Mianmian shook her head again.

Mo Yesi leaned over and pressed her head against his chest.

The man smiled affectionately. “You like being with me that much?”

“Mm.” Qiao Mianmian lay on his chest and wrapped her arms around his waist out of habit. “I do, I really do.”

Mo Yesi looked down at her and turned the hairdryer to the minimum, then patted her head and didn't say anything else.

Qiao Mianmian slowly closed her eyes.

### **Chapter 2223: Treat Her Very politely**

She fell asleep before he could dry her hair.

Mo Yesi waited patiently for more than half an hour. After confirming that her hair was completely dry, he turned off the hairdryer and carried her horizontally.

He placed Qiao Mianmian on the bed gently and then pulled the blanket over her.

Her hair was soft and fluffy.

Mo Yesi sat by the bed and looked at the sleeping girl. Recalling what she said to him just now, he couldn't help but lower his head and kiss her soft and fragrant lips.

He then reached out and caressed her slightly red face. "Mianmian, remember what you said. You have to be my wife in your next life."

...

The next day.

Qiao Mianmian got up early in the morning and went to look for Linda. After getting her styling done, the two of them rushed to the location.

The promotion for "If You Can't Love" would invite all the well-known media reporters in Yuncheng City.

As the male lead, Qin Han arrived on time.

There were also two main supporting actors and actresses. When everyone arrived, the promotion would begin on time.

Qiao Mianmian felt that the actors, crew members, and reporters were all very polite to her.

They used to be polite.

But this time, they were especially so.

Qiao Mianmian wasn't surprised.

After all, her identity as the daughter of the Bai family had been exposed.

This identity was even more important than her status as Mo Yesi's girlfriend.

After all, he might break up with her.

But you couldn't change your bloodline.

And looking at how much Bai Yusheng valued her, these people could tell that the Bai family definitely doted on her.

Who wouldn't want to please the daughter of the Bai family?

Who would dare to provoke her?

Hence, during the interview segment, the reporters' questions became especially "gentle."

No one dared to make things difficult for her like before.

"Miss Qiao, many people praised your acting skills after watching the clip. They felt that as a newbie, you performed very well. Then, what do you think of your performance in the drama? If you could score your acting skills, how many points would you give yourself?"

"Score my acting?"

"Yes."

"What's the full score?"

"100 points."

Qiao Mianmian tilted her head and thought about it seriously. Then, she smiled and said, "Then, I'd give myself 60 points. I think my acting skills are passable. As for the rest, I'll leave it to the audience to score after the drama starts airing."

"60 points? Miss Qiao is really humble." The reporter smiled and turned to Bai Yusheng, who was sitting beside Qiao Mianmian. "Director Bai, I heard that you personally picked Miss Qiao as the female lead. How many points do you give her?"

Bai Yusheng turned to look at Qiao Mianmian and took the microphone from her.

#### **Chapter 2224: What's Your Problem?**

He didn't answer the reporter immediately. Instead, he thought for a while before saying, "I believe everyone knows about my relationship with Mianmian now."

"If I give her too high a score, everyone will definitely think that I'm favoring her. If I deliberately give her a low score, I'll feel that it's unfair to Mianmian."

"Thus, I'll answer this question from an objective point of view. Disregarding the fact that Mianmian is my sister, I'll give her 80 points. As for whether I'm being objective, everyone can comment on this after seeing her performance."

"80 points? That's a very high score. It seems like Director Bai is very satisfied with Miss Qiao's performance in the drama. After hearing what Director Bai said, we're even more looking forward to it now. Then, let me ask Qin Han. As the male lead, you and Miss Qiao have the most scenes together. How do you evaluate her performance?"

Qin Han looked at the reporters with a smile. He had already guessed that they would ask this and had already thought of how to answer them.

He looked at the reporter and said calmly, "I remember I once evaluated her acting skills. From a professional point of view, Mianmian is still a newbie, and there are still many areas where she isn't

good enough. But these areas aren't a big problem. She has a high perception. As long as you point out where she didn't do well and how to correct it, she can do very well next time.

"Her shortcoming is that she doesn't have enough acting experience, and her acting skills are still lacking. But her strengths are enough to make people ignore her shortcomings."

The reporter immediately asked, "What are her strengths?"

"Talent and spirit." Qin Han smiled and looked at Qiao Mianmian with admiration. "These are the most important things for an actress. With these two points, you can go further in the entertainment industry."

"Mianmian has too little experience in acting. I believe that when she participates in another two projects, you'll definitely be amazed by her acting skills. As for the score, I'll give her 80 points like Director Bai. The remaining 20 points are for her to slowly perform in the future."

The reporter nodded. "Qin Han's evaluation is pretty good. You gave a very high score. I remember that you went overboard with other actresses you worked with before. The highest score was 70 points."

Qin Han nodded. "Yes."

"Then, Miss Qiao got the highest score yet from you. You must be very satisfied with her performance."

"Yes."

"What about Miss Qiao? How many points are you going to give Qin Han?"

Qiao Mianmian held the microphone and replied without thinking, "Senior Qin gets full points from me."

"Full points?"

"Mm, full points." Qiao Mianmian looked at Qin Han like a fangirl. "I can't find anything wrong with Senior Qin's acting."

The reporter smiled and said, "It seems like everyone had a good time working together. This makes us look forward to this drama even more. I've asked all my questions, thank you."

The female reporter handed the microphone to another male reporter.

The male reporter stood up.

"Hello, everyone. I'm the entertainment reporter from XX Daily, Sun Xiaolei. I would like to ask a question that the netizens are very concerned and curious about. I'm also one of them."

On stage, the emcee asked, "What's your question?"

### **Chapter 2225: Is This News True?**

"I'd like to ask Director Bai, who's the singer of the two songs released on If You Can't Love's official Weibo? This drama is about to start airing, can you satisfy our curiosity today?"

"The netizens have been speculating about the singer ever since the songs were released, but no answer has been given. Did you deliberately hide the singer's identity for today?"

Bai Yusheng looked at the reporter and kept quiet for a while before replying, "You're right. We didn't reveal the singer's identity previously because I wanted to wait for the drama to air before revealing it."

"Can Director Bai tell us the reason?"

"Mm, there are some reasons. I didn't want the singer's identity to be exposed too soon. I wanted to see everyone's true opinion. If I'd told you from the start, I think the songs wouldn't have been such a hit."

"But now it's time to tell everyone the singer's identity." Bai Yusheng looked at Qiao Mianmian. "Qiao Mianmian is the singer."

The reporters were stunned.

Even the emcee was a little shocked.

They had all guessed, but none of them were correct.

"Director Bai, are you telling the truth?" After a few seconds, the reporters recovered from their shock.

"Yes. Those two songs were sung by Mianmian. Someone took a picture of me and her at the airport previously. We were on the way to record the songs at F City that time." Bai Yusheng smiled and continued, "The songs weren't meant for Mianmian at the beginning. I took her to Mo Nan's place to test her voice. Mo Nan felt that it was suitable, so he directly told her to sing."

"I'm glad everyone likes Mianmian's songs so much. These two songs are her stepping stones into the music industry. It seems like the effect is pretty good. If everyone likes it, Mianmian will record more new songs for you in the future."

...

The one who sang the two hit songs of "If You Can't Love" was Qiao Mianmian. When the news was released, Weibo instantly exploded.

"Damn, no way. Qiao Mianmian is the singer?! Is this news true?"

"I've guessed all the female singers in the music industry, but I didn't expect it to be Qiao Mianmian. Isn't she an actress? Why did she sing? That voice doesn't sound like her."

"Qiao Mianmian is the singer? Are you kidding me, Qiao Mianmian actually sings so well? What's she acting for, she should just debut as a singer."

"Wow, Mianmian was the one who sang those two godly songs that swept the music charts? I'm so proud as her fan. Mianmian's voice is usually so soft, I didn't expect her voice to be so ethereal when singing."

"I already guessed that it might be Mianmian, but I didn't expect it to be true! Not only is our Mianmian beautiful, but she's also so good at singing. Is she also trying to develop a career in the music industry?"

### **Chapter 2226: What's This Girl Trying to Do? Is She Trying to Defame Herself?**

"I'm shocked. Qiao Mianmian is actually the singer. Qiao Mianmian's singing is too good. She doesn't lose to professional singers at all."

“I think Qiao Mianmian might as well enter the music industry. Then, she’ll definitely be more popular than as an actress.”

“I don’t know if the drama she’s starring in will be popular, but she’s already very popular with those two songs.”

# If You Can’t Love gets exposed #

# Qiao Mianmian enters the music industry #

With Bai Yusheng’s exposure, Qiao Mianmian was quickly trending.

The netizens were shocked when they found out that she was the one who sang those two songs.

These two songs had already accumulated a lot of fans. Although most netizens didn’t expect Qiao Mianmian to be the original singer behind the scenes, they still praised her after knowing the truth.

“Qiao Mianmian’s singing is really good.”

“Based on her voice, I’ve decided to be her fan.”

But many haters also took the opportunity to sneak out and try to set the pace in the comment section.

“Qiao Mianmian can sing such a nice song? I’m afraid her voice has been fixed more than a hundred times before it became like this.”

“Haha, a vocals card is a good thing. You deserve it. I can only say that the voice actors must earn at least 10 million yuan. Even a male duck’s voice can help you master Decadent Voice.”

“Unless Qiao Mianmian is willing to sing an acapella for us to hear. Otherwise, I don’t believe that the voice is really hers.”

“That’s right. If she has such a nice voice when singing acapella, we will believe that she really sang those two songs. Otherwise, her voice was definitely edited. I have a friend who works with music. He told me that Qiao Mianmian’s voice was edited.”

It had to be said that the haters were doing well.

Many people in the comment section suspected that Qiao Mianmian’s voice had been edited.

Everyone’s comments were similar.

They simply felt that Qiao Mianmian’s voice was too nice. If her voice hadn’t been edited, it wouldn’t have been so nice.

...

At the venue.

As the promotion was broadcasted live, netizens’ comments could be seen.

The emcee scrolled through the comments and then picked one to show on the big screen.

The comment the emcee picked was a question asking whether Qiao Mianmian’s voice had been edited.

Qiao Mianmian saw it too.

“Miss Qiao, the netizens now know that you’re the singer. But some of them are still doubtful. They feel that your voice was edited, and your original voice wasn’t like that.

“Miss Qiao, what do you think?”

Qiao Mianmian looked at the comment that questioned her on the big screen and replied calmly, “When a singer records a song, no matter how they sing, they will definitely change it in the later stages. So, I won’t deny that my voice was edited in the later stages.”

Bai Yusheng frowned and turned to look at her.

What was this girl trying to do? Was she trying to defame herself?

The emcee was also stunned. She probably didn’t expect Qiao Mianmian to admit it so directly.

Although it was normal to do voice modification in the later stages, not many singers would admit it in public.

### **Chapter 2227: You’re Already Famous**

Qiao Mianmian gave Bai Yusheng a “don’t be impatient” look, then turned around and smiled at the emcee. “But I can say with certainty that I didn’t alter my vocals, and the post-production vocals aren’t what everyone thinks. If everyone needs me to sing a solo to prove it, I can do it now.”

It was obvious that the people who said that her voice was edited were haters.

Qiao Mianmian wouldn’t give them a chance to continue defaming her.

It was a good opportunity to clarify things.

Qiao Mianmian naturally wouldn’t miss it.

The emcee was stunned. “Miss Qiao, can you sing acapella?”

“Of course.” Qiao Mianmian nodded.

“Alright, then. Miss Qiao, you can sing an excerpt now. Pick one of your two songs. What do you think?”

“No problem.” Qiao Mianmian agreed readily.

She looked down and thought for a few seconds. After clearing her throat, she chose the climax of the new show.

A solo without any accompaniment was the best way to see a singer’s capability.

The moment Qiao Mianmian opened her mouth, everyone fell silent.

Meanwhile, the netizens seeing the live stream held their breaths and waited for her to sing.

When Qiao Mianmian’s voice sounded, without any accompaniment, it sounded pure and ethereal.

At that moment, the netizens watching the live stream felt their hearts calm down.

The voice was like a gentle breeze.

Her voice seemed to have magical power, allowing people to enter a quiet world.

Qiao Mianmian only sang a small part.

When she finished singing, the comment section exploded.

“6666, I’ll give you 100 points for this acapella. It’s too good.”

“Oh my, I’m getting goosebumps. It’s so nice. The person who said her voice was edited, come forward. Do you have anything to say now?”

“No wonder she took the initiative to sing acapella to prove her capability. This voice is clearly the same as in the song recorded. I guess no one will say that she used a vocals card now.”

“That’s all? I haven’t heard enough.”

“I love this voice. My ears are getting pregnant.”

Qiao Mianmian used this method to respond to those who said that her voice was edited.

This move was very effective.

After she proved her capability in the live stream, no one in the comment section said anything about it anymore.

Meanwhile, she also gained a lot of fans.

...

The promotion session ended.

Qiao Mianmian only got her cell phone after it ended.

Linda handed her the cell phone and said, “Someone recorded your acapella and released it on Weibo. It went viral. Do you know how many fans you gained because of this?”

Qiao Mianmian shook her head.

How would she know?

She didn’t even have time to look at Weibo.

“A million.” Linda couldn’t help but sigh. “It’s only been an hour, and you’ve gained a million followers. You’re occupying the top three positions on the trending search now. Mianmian, I think you’re much more popular as a singer than as an actress.

“Have you thought about developing mainly in the music industry?”

### **Chapter 2228: Invitation? What Invitation?**

Qiao Mianmian looked up at Linda and saw that she wasn’t joking.

She was speechless.

“Sister Xie, are you serious?”

“Of course I’m serious. When we signed the contract, we didn’t say that you were only allowed to develop in the film and television industry. Your two songs are extremely popular now. Many professional singers have been defeated by you. Do you know how many television stations sent invitations just now?”

“Invitation? What invitation?”

“In a while, all the major television stations will be holding the New Year’s Gala. Originally, no television station invited you, but because of your two songs, you’re now in high demand. I’ve already received five invitations from five television stations, and two of them are top viewership ratings. These two television stations’ annual New Year’s Gala is filled with top-tier celebrities.

“Now, they’re the ones who invited you. This is different.”

Linda never expected this.

Qiao Mianmian was originally an actress, but she became popular first because of her singing.

But no matter how she became popular, as her manager, she was happy for her.

Qiao Mianmian signed with her.

As her manager, she would benefit if her artiste became popular.

“Oh right, the two television stations with the best viewership ratings. I’ve replied to them to expect your decision tomorrow. These two television stations’ New Year’s Gala is very good. Take a look at which one you want to go to. My suggestion is Apple TV. The other one is Asian TV.”

Qiao Mianmian knew these television stations well.

They were indeed the top two television stations.

It wasn’t easy to attend their New Year’s Gala.

There were few spots, so many people competed for them.

Most of them were A-list celebrities.

Qiao Mianmian was considered popular because of the variety show and her two songs.

But she hadn’t reached the level of an A-list.

It wasn’t easy to get an invitation from these two television stations.

Hence, Qiao Mianmian couldn’t reject such a good opportunity.

She thought for a while and said, “Apple TV, then.”

The variety show she had previously recorded was Apple TV’s. The new drama she was starring in would also be shown on it. Qiao Mianmian thought for a while and felt that it was better to choose Apple TV. After all, they had worked together before.

Linda nodded. "Mm, I think it's better to choose Apple TV too. Then, this matter is settled. I'll call the staff at Apple TV later. Oh right, Mianmian, you haven't answered my question just now. Do you want to develop in the music industry?"

With Qiao Mianmian's voice and her two songs being so popular, Linda was sure that if she was willing to mainly develop in the music industry, she would definitely be popular.

She'd also become popular faster.

Linda thought that she could enter the entertainment industry after becoming popular in the music industry.

In that case, she wouldn't miss out on filming and singing.

Qiao Mianmian didn't think too much about it and shook her head. "Sister Xie, I still want to focus on acting. As for singing, I think we can just record a few songs in our spare time."

"Alright, it seems like you really like acting."

### **Chapter 2229: And Qiao Mianmian Is Such a Person**

Linda didn't try to persuade her further. "Let's talk about singing in the future. You don't have anything else to do next, so you should rest well for this period. The shoot for 'Phoenix in Flight' will start next month, so make the necessary preparations."

Linda couldn't discipline Qiao Mianmian like she did the other artistes.

Everything was up to her.

Moreover, many of Qiao Mianmian's resources were found by herself. Linda felt that she could manage everything by herself.

The daughter of the Bai family and the Young Madam of the Mo family, what kind of resources couldn't she get?

Moreover, Qiao Mianmian was capable.

Whether it was in terms of appearance, acting, or even singing, there was nothing to say.

Once such a person had good resources, it was hard not to be popular.

Hence, she didn't have to worry too much about her.

"Mianmian, I really didn't expect you to be the singer. Not only are you talented in acting, but you're also talented in singing. Work hard, I have high hopes for your future. I hope you'll be nominated for the Best Newcomer Award."

Qin Han's voice came from behind.

When Qiao Mianmian turned around, Qin Han had just walked behind her.

He smiled and sighed. "The new generation surpasses the old. Your generation is getting better and better."

Qiao Mianmian was speechless.

She looked at Qin Han's young and handsome face and smiled. "Brother Han, you're only a few years older than me. We're from the same generation. If we're talking about being good, you're the best."

Qin Han shook his head. "I didn't have such results at your age. In terms of talent, I also lose to you. Mianmian, we're different. Your future results will definitely be better than mine.

"I work hard, you have talent. Talent is always more useful than hard work."

Qin Han wasn't being humble.

Although he had already won a few Best Actor Awards, he knew very well that there was still a gap between him and talented actors.

He relied on hard work.

Anyone with talent in acting would definitely surpass him.

And Qiao Mianmian was such a person.

She was talented, hardworking, and willing to listen to advice. Moreover, she definitely didn't lack good resources now.

Being popular was just around the corner.

Qin Han had a premonition that Qiao Mianmian would become popular overnight with this drama.

In fact, she might even win some honorary awards.

Because Qiao Mianmian was too good.

As long as the drama was released, no one would defame her acting anymore.

Qin Han felt a little pressured to have such an outstanding junior in the same profession as him, but he felt comforted.

The entertainment industry needed fresh blood.

It needed someone as outstanding as Qiao Mianmian.

Qin Han was even glad that Qiao Mianmian loved acting.

Otherwise, with her qualifications, she wouldn't be in the entertainment industry.

He was also glad that Qiao Mianmian wasn't playing around.

Otherwise, it would be a waste of her talent.

### **Chapter 2230: Chairman Mo Is Here to Pick You Up?**

"Even our Best Actor Qin said so. Mianmian, it seems like you might really be nominated for this year's Golden Globe Award. I've said it in advance. If you can win the award, you have to treat us to a feast." Linda felt very proud to have her artiste praised like this.

It was obvious that her judgment was right.

Qiao Mianmian was indeed suitable for the entertainment industry.

If Qiao Anxin hadn't suppressed her in secret, she would have been a B-list actress by now.

Thankfully, it wasn't too late.

Moreover, no one dared to suppress her anymore.

Her path to stardom would only get better.

"That's right, Mianmian. I'm very confident in you. If you win the award, remember to treat me to a big meal. The daughter of the Bai family is treating me to a meal. I'll definitely pick a good place."

Qiao Mianmian was a little embarrassed by his teasing.

She pursed her lips.

Because of her thin skin, her face was a little hot. "Brother Han, how can it be so easy to win an award?"

"It's not easy, but you still have a chance to compete." Qin Han was generous with his praises for those he admired. "I think your performance is enough to compete for those awards."

"Brother Han, I'll become proud if you continue praising me like this." Qiao Mianmian touched her burning cheeks. "I don't even think about getting an award. I just want to do one thing: to film a good show."

"You're right." Qin Han admired her even more. "Only when the show is done and the audience approves of you will you win every award in the future. Otherwise, even if you win an award, others won't approve of you."

"Mm, I know!"

"I have a job to attend to later, so I have to leave first. If there's anything, we can contact each other on WeChat."

"Alright. Take care, Brother Han."

Qin Han chatted with her for a while before leaving.

Qiao Mianmian followed Linda out.

Mo Yesi called the moment she left the broadcasting building.

Qiao Mianmian immediately picked it up.

"Are you done with your work?" Mo Yesi's low and magnetic voice came through the phone.

"Mm, it's over."

"Then, go straight to the entrance of Apple TV. I'll wait for you outside."

"You're at Apple TV?" Qiao Mianmian was a little shocked.

“Mm, I just arrived.”

“Aren’t you at work?”

“Mm, I had something to discuss nearby. I had just finished, and I thought it wasn’t too far, so I came over.”

“Alright, I’ll come out to look for you immediately.” Qiao Mianmian hung up and turned to Linda. “Sister Xie, I won’t be going with you. Someone is here to pick me up.”

Linda smiled. “Chairman Mo is here to pick you up?”

“Mm.” Qiao Mianmian nodded shyly.

She didn’t know why she was embarrassed.

But the way Linda looked at her made her feel amused.

“Sigh.” Linda sighed with envy. “Chairman Mo treats you so well. Although you’re already married, it’s no different from the honeymoon period.”

Then, she patted Qiao Mianmian on the shoulder. “Alright, then quickly look for Chairman Mo. Don’t let him wait too long.”

“Sister Xie, I’ll get going first.”
