

Big Shot 2231

Chapter 2231: She Still Felt That He Was Getting More Charming

Mo Yesi's car was parked outside the building.

He was driving a silver Lamborghini.

The moment Qiao Mianmian walked over, the door opened and a man in a suit got out. He then walked towards her.

Qiao Mianmian stood there and watched as Mo Yesi approached her step by step. Her heart raced uncontrollably.

He was in a formal suit. His coat and suit were black, and his leather shoes were black too. He exuded a strong sense of abstinence.

His handsome face was really handsome.

The first time she saw him, Qiao Mianmian wondered how such a good-looking man could exist.

It was unreal.

Back then, she'd thought that any woman who fell in love with a man like Mo Yesi would definitely be unable to resist it.

She never thought that the lucky woman would be herself.

Even though they had been together for so long, most of the time, she still felt attracted to him.

She was still smitten.

Her vanity was greatly satisfied.

She couldn't help but think that such a perfect man was actually her husband. This man that every woman wanted was actually possessed by her.

She was the only person in his heart.

It was said that a married couple's feelings would fade after marriage. No matter how perfect the other half was, as time passed, the charm and attractiveness in the other party's eyes would diminish.

Even if she was a beautiful goddess or Pan An reborn, she wouldn't feel anything after a long time.

It was as if he was touching himself.

But Qiao Mianmian felt that she was an exception.

Not only did Mo Yesi not seem less attractive to her, but she also found him more attractive.

She didn't know if others were like her.

She was always smitten with her husband.

She just felt that Mo Yesi was getting more handsome, and she loved him more and more.

Hence, Qiao Mianmian didn't care if anyone else saw her and threw herself into his arms.

Mo Yesi also opened his arms and hugged her.

He enjoyed it when his wife threw herself at him.

He hugged the girl in his arms and chuckled. "Did everything go well?"

"Mm." Qiao Mianmian nodded. "It went well."

"Then, let's go to my company first?" Mo Yesi patted her head and walked towards the Lamborghini. "I still have something to do. I'll be done in about an hour. Then, we can have lunch together. Grandma just called and asked us to go back for dinner.

"It's Big Brother's birthday today."

"Big Brother's birthday?" Qiao Mianmian was stunned for a while before remembering that it was indeed Mo Shixiu's birthday today.

Jiang Luoli had told her before, but she had forgotten about it.

"Mm." Mo Yesi opened the door. "That's why Grandma wants us to go back. It's his birthday, so we have to gather for a meal."

"But I haven't prepared a birthday gift for Big Brother!"

"You don't have to. I did."

"Is this alright?"

"Of course. We're husband and wife."

Chapter 2232: She Has No Regrets Now

Later, Qiao Mianmian returned to the Mo Residence with Mo Yesi.

Mo Shixiu and Jiang Luoli were already there when they arrived.

Old Madam was holding Jiang Luoli's hand as they chatted. When Uncle Zhang entered the living room and informed them that they had arrived, Old Madam looked up at them and waved at them with a smile. "You're back. Was there a traffic jam?"

"Not that bad." Mo Yesi held Qiao Mianmian's hand and walked over. He looked at Mo Shixiu standing beside Jiang Luoli and smiled. "Big Brother came back so early today? You were actually one step ahead of us."

Mo Shixiu nodded. "There was nothing much to do, so I came back early."

Seeing Qiao Mianmian, Mo Shixiu nodded at her and said, "Sister-in-law."

"Big Brother, it's your birthday today. Happy birthday." Qiao Mianmian took out the gift Mo Yesi had prepared. "This is a little gift from Ah Si and me. I hope Big Brother will like it."

It was a porcelain set.

Antique porcelain.

Mo Yesi got someone to take a picture of it and send it over from overseas. He said that Mo Shixiu wasn't interested in luxury cars and mansions but rather liked to study antiques.

Hence, he bought an antique tea set in advance.

Qiao Mianmian was thankful that Mo Yesi had prepared this gift.

If it was her, she would probably give him a belt, watch, or tie.

She knew nothing about antiques.

"Thank you, Sister-in-law." Mo Shixiu took it.

"Grandma." Qiao Mianmian greeted her obediently.

Old Madam smiled and nodded. "Come here, girl."

Qiao Mianmian let go of Mo Yesi's hand and walked towards Old Madam.

Old Madam reached out and took her hand. She held her hand with one hers and Jiang Luoli's with the other.

Old Madam was in a good mood as she looked at the two beautiful granddaughters.

Especially since Jiang Luoli was pregnant.

Old Madam was extremely satisfied at the thought of her future great-grandchild.

She had no regrets now.

Her grandsons were already married, and her great-grandchild would be born soon.

Her two precious grandsons' marriages used to be a huge burden on her heart.

Every time she thought about how her two outstanding grandsons didn't even have a woman by their side, she felt terrible.

She was most worried about Mo Yesi.

Although Mo Shixiu was also a young man, he was normal and didn't reject women.

If he met someone he liked in the future, he might get married and have children.

But Mo Yesi...

Physiological rejection of women?

He was already against women, how could he meet a woman he liked?

Old Madam had been so worried about this that she had gotten so many doctors to treat him, but none of them had been able to cure him.

Old Madam was so anxious that she couldn't sleep every night.

Back then, Old Madam thought that as long as Mo Yesi found a woman he liked in the future, she would accept her no matter who it was.

Hence, when Mo Yesi brought Qiao Mianmian home, Old Madam accepted her immediately.

Because Qiao Mianmian was a better granddaughter-in-law than she'd imagined.

Besides her family background, Old Madam was very satisfied with everything else.

Old Madam was willing to accept Mo Yesi finding an ordinary girl.

Moreover, Qiao Mianmian's appearance wasn't ordinary at all.

Chapter 2233: When Do You Think It's Suitable?

Now that the two things Old Madam was most concerned about had been resolved, what else was there for her to worry about?

She was just waiting to carry her great-grandchild.

At Old Madam's age, nothing could bring her more joy than family bliss.

"Girl, I was just talking to Luoli about you. Luoli's baby will be born in a few months. When are you planning to give your nephew a brother or sister?"

Old Madam still hoped that Qiao Mianmian could give birth to a great-grandchild soon.

Old Madam still had the traditional values of the older generation.

Although she wouldn't stop Qiao Mianmian from developing in the entertainment industry, she still felt that girls should prioritize their families, and everything else was secondary.

Qiao Mianmian was stunned for a few seconds. Before she could think of a reply, Mo Yesi walked over and held her hand. "Grandma, why are you asking about this again? Didn't I tell you previously that Mianmian and I have decided to let nature take its course when it comes to childbirth?"

"Moreover, don't you already have a great-grandchild coming? Isn't this enough for you?"

Qiao Mianmian looked at him gratefully.

She really didn't know how to answer Old Madam.

Thankfully, Mo Yesi came in time.

Old Madam frowned. "Let nature take its course? How do you plan to do that? You have to have a plan."

Mo Yesi smiled and replied calmly, "Let nature take its course. If we have it, we have it. If not, there's no rush."

"But..." Old Madam wanted to say more.

“Grandma, before Big Brother and I got married, you used to rush us to find a partner every day. Now that we’re married, you’re rushing us for a child every day. When the child is born, what are you going to rush us for next?”

“I...”

“Grandma, you should be enjoying life at this age. You shouldn’t worry so much. If I were you, I wouldn’t think about anything and just live my life.”

Before Old Madam could say anything, Mo Yesi said, “If you must ask about the child, Mianmian and I really don’t intend to have a child now.”

Qiao Mianmian looked up in shock. “Mo Yesi...”

Mo Yesi pinched her palm and hinted for her not to worry.

Old Madam frowned at him.

“One reason is that Mianmian is still young, and I’m not that old. We still want to spend a few more years together. As for the child, we’ll naturally want it when we feel that it’s suitable.

“Then, when do you think it’s suitable?” Old Madam glared at him.

Mo Yesi smiled. “Grandma, what’s the rush? It’s not like I have a reproductive problem. I can let your granddaughter-in-law pregnant anytime. Don’t worry, Mianmian and I will definitely let you have a great-grandchild in the future.”

“Grandma, Ah Si is right. Luoli will give birth to a great-grandchild for you soon, so you can let Ah Si and Sister-in-law spend a few more years alone. Because once you have a baby to hold in the future, it won’t be so easy to live alone.” Mo Shixiu stood up for his brother and sister-in-law.

“Yes, Grandma. Actually, Shixiu and I got pregnant by accident. Otherwise, we wouldn’t have wanted the baby so early.”

Chapter 2234: Three Years to Develop Her Career

Jiang Luoli knew how troublesome it was to be urged to get married, so she stood up for her best friend.

Old Madam looked at them and sighed.

“Sigh, forget it. I should have known that you all have your own opinions. It’s useless for me to rush you. Let it be. I won’t ask about this in the future.”

“Grandma, don’t worry. In a few years, I’ll definitely let you have another great-grandchild,” Mo Yesi promised.

“Alright, remember your words.” Old Madam thought for a while and said, “Then, I’ll give you three years. What do you think?”

“Three years?” Mo Yesi turned to look at Qiao Mianmian for her opinion.

He could have a baby anytime.

But he knew that Qiao Mianmian was developing her career. If she got pregnant now, it would definitely affect her career.

Hence, even if he really wanted to have a baby with her, he'd still follow her wishes.

"Mm, no problem." Qiao Mianmian held his hand and smiled at Old Madam. "Grandma, Ah Si and I will definitely give you a great-grandchild in three years."

To Qiao Mianmian, three years was enough.

She couldn't let Mo Yesi accommodate her all the time.

She had to consider it from his perspective.

Since Old Madam hoped that she and Mo Yesi could have a child soon, she would consider it.

"Alright, you said it." Old Madam smiled again. "I'll be waiting."

"Oh right, where are Mom and Dad?" Mo Yesi looked around and didn't see Madam Mo and Mo Yunchen.

"Oh, your dad went shopping with your mom. He should be back soon."

The moment Old Madam finished speaking, a housemaid walked over. "Old Master and Madam are back."

The first to enter was a few housemaids carrying shopping bags.

Then, Madam Mo walked in holding Mo Yunchen's hand.

The housemaids were carrying bags of items that Madam Mo had bought.

Madam Mo looked good. Her cheeks were rosy, and she was smiling as she talked to Mo Yunchen.

Mo Yunchen listened to his wife gently.

The couple looked very loving.

Qiao Mianmian heard from Mo Yesi that Mo Yunchen and Madam Mo had a good relationship.

Mo Yunchen doted on Madam Mo, too.

It was obvious from the way Mo Yunchen looked at Madam Mo that he really doted on her.

Madam Mo looked like a young woman in front of him.

Completely different from usual.

Madam Mo was chatting and laughing with Mo Yunchen and seemed to be in a good mood. But when she turned around and saw Qiao Mianmian and Jiang Luoli standing beside Old Madam, her smile vanished like a receding tide.

Mo Yunchen was still friendly. He also saw Jiang Luoli and Qiao Mianmian. As the father-in-law, he took the initiative to greet his two daughters-in-law. "Mianmian, Xiao Luo, when did you come back?"

“Mianmian and I just came back. Big Brother and Sister-in-law arrived a while before us.” Mo Yesi didn’t ignore Madam Mo’s change in expression. He said calmly, “Grandma said you went shopping with Mom? What did you buy?”

“I didn’t buy anything. I just accompanied your mom shopping around.”

Chapter 2235: Not Really Care About Her

Mo Yunchen walked over with his arm around Madam Mo. “It’s been a long time since our house has been so lively. We can have a good gathering today. Your mom even bought some baby clothes for her grandchild.”

Mo Yunchen looked at Jiang Luoli and asked with concern, “Xiao Luo, Shixiu said that he took you for a prenatal checkup a few days ago. Is everything normal?”

Jiang Luoli smiled and nodded. “Mm, everything is normal. Thank you, Dad.”

She didn’t like Madam Mo.

But she had nothing against her father-in-law.

In fact, Jiang Luoli had a good impression of Mo Yunchen.

Just like Old Madam, Mo Yunchen was willing to accept her from the bottom of his heart. They didn’t despise her background, nor did they persuade her to break up with Mo Shixiu.

“That’s good. Shixiu, Xiao Luo is carrying the Mo family’s flesh and blood now. You have to take good care of her.”

“I will.” Mo Shixiu nodded.

“That’s right, Shixiu. You have to take good care of Luoli.” Madam Mo also showed concern and said gently, “She’s not only carrying your child, but also our Mo family’s bloodline.”

“Mom, Luoli is my wife. She’s carrying my child. I’ll naturally take good care of her.”

Jiang Luoli could feel that Madam Mo didn’t really care about her.

Her concern was different from Old Madam’s.

Moreover, Madam Mo still looked at her with disgust.

Even if she deliberately hid it, it was impossible to completely hide one’s disgust towards another person.

Madam Mo didn’t like her.

Whether it was in the past or now.

Jiang Luoli could only interpret Madam Mo’s concern as her concern for the Mo family’s bloodline.

After all, the child she was carrying belonged to the Mo bloodline.

Hence, even if Madam Mo didn’t like her, she still had to be concerned about her baby.

At this moment, another housemaid came to report. "Old Madam, Young Master Mo Chen is here."

Mo Chen was Qiao Chen.

The current Qiao Chen was already called Mo Chen.

Madam Mo was already in a bad mood when she saw Qiao Mianmian and Jiang Luoli.

When she heard that Qiao Chen was here, she felt even more stifled.

She didn't like Qiao Mianmian and naturally didn't like Qiao Chen.

Especially since he was an illegitimate child.

Madam Mo didn't even care about the Mo family's bloodline.

She had a good relationship with Second Madam, so she must be venting her anger on her.

Soon, the young man's slender figure entered her sight.

The housemaids looked at him the moment he entered.

Qiao Chen and Mo Shixiu shared different types.

Qiao Chen was young, having just turned 18.

Compared to his two older cousins, he was more popular with girls.

He looked like a handsome young man who had just walked out of a comic. His face was so beautiful that it felt unreal.

This was the type of boy that every girl would fall for in their youth.

Qiao Chen's looks were more like his mother's, so his facial features were especially delicate, but it only made him look handsome and not feminine.

Chapter 2236: Much Better Than Them

The housemaids weren't old.

Seeing a handsome young man like Qiao Chen, they couldn't help but be tempted.

They wondered what kind of beauty Young Master Chen's biological mother was to make him so good-looking.

"Is Chen here?" Old Madam got someone to help her up and looked up at Qiao Chen.

Old Madam doted on Qiao Mianmian and Jiang Luoli.

But she didn't love them as much as she did Qiao Chen.

After all, he was her biological grandson.

And thinking about how Qiao Chen had suffered all these years, Old Madam's heart ached for him even more, so she treated him even better.

Qiao Chen saw Old Madam get up and hurried to her side.

He held her hand gently. "Grandma."

"Why do you still look so thin? Didn't you eat well? Why is your face so small?" Old Madam's heart ached.

Qiao Chen chuckled. "Grandma, every time you see me, you say that I've lost weight. You, this is a psychological effect. I'm still the same as before, I haven't lost weight."

"How could it be a psychological effect?" Old Madam insisted. "You've lost weight, I can't be wrong. The last time you came, your face wasn't so small. I don't know how Xingshu took care of you. Your family background is so good, why did he make you lose weight?"

"Grandma, Chen Chen isn't skinny. He was always like this. But he doesn't seem to be as energetic as before. Is it because of the pressure from the college entrance examination?" Mo Yesi asked.

"That's right, Chen Chen. Is it because you were under too much pressure during the college entrance examination?" The Old Madam reached out and touched his face. "But it's fine now. The college entrance examination is over. You can stay at home and recuperate."

"Oh, right." The Old Madam turned around and looked at the others. She said proudly, "Do you know Chen Chen's college entrance examination score this time? Let me tell you, Chen Chen is the top science student in Yuncheng City. As expected of the Mo family's child, he's smart. I remember that Ah Si and Shixiu's college entrance examination results were also very outstanding."

Old Madam was very satisfied with Qiao Chen.

Smart, obedient, sensible, and filial.

Although he didn't grow up in the Mo family, he didn't seem like a child.

Be it in terms of manners or conduct, he was definitely not inferior to the other young masters.

In fact, Old Madam felt that her grandson far surpassed the younger generation of the other families.

He was much better than them.

Her grandson was this year's top scholar.

Based on this alone, Old Madam felt that she could boast in front of her old friends for the rest of her life.

Were there any top students in the other families?

"Chen Chen, you did so well this time. Grandma will reward you."

"Grandma, I don't need any reward. It's not a big deal."

“Who said that? This is a very impressive achievement. Can anyone be the top scorer? In ancient times, this was also a glorious thing. The top scorer of ancient times had to beat the gong and drum, wear a big red flower, and ride a horse on the streets to receive everyone’s congratulations.

“I have to reward what you deserve. This time, not only Grandma, but all the elders in the family have to reward you too.” Old Madam glanced at Madam Mo and Mo Yunchen.. “Your First Uncle and First Aunt also prepared a reward for you.”

Chapter 2237: Madam Mo Is Completely Upset

“You deserve it.” Mo Yunchen admired Qiao Chen and nodded. “The top scholar of the college entrance examination is indeed impressive.”

Madam Mo didn’t look too good.

She never liked Qiao Chen.

Seeing Old Madam praise him like this made her even more uncomfortable.

He was just a top scholar in the college entrance examination. What was so great about him?

Her two sons were even better.

Besides studying, what else could Qiao Chen do?

He was just a nerd.

And he looked like a girl.

She wondered why Old Madam liked him so much.

“The top scholar of the college entrance examination is not bad, but it’s not that rare. Isn’t there a top scholar every year? It’s just a local top scholar, not the top scholar in the country. In my opinion, the one with the highest score in the country is the best.

“Back then, Shixiu and Ye Si both got first place in the country.” Madam Mo couldn’t help but voice her thoughts.

“Wenpei, what are you talking about?” Mo Yunchen frowned. “No matter if it’s the local top scholar or national top scholar, it’s still amazing. This is something worth celebrating. Why are you saying such things?”

“That’s true.” Madam Mo snorted. “There are so many top scholars in the college entrance examination all over the country. Let’s not talk about anything else, just Yuncheng City alone has so many top scholars. Top scholars in the local college entrance examination aren’t that impressive.”

Old Madam frowned.

“Mom, if I’m not wrong, Chen Chen’s score is the highest in the country,” Mo Yesi said calmly.

“Yuncheng City is the capital of Country A. The best educational resources are gathered here. The person with the highest score in the national college entrance examination is from Yuncheng City.

“Since Chen Chen is the top scholar in Yuncheng City, he should be the top scholar in the country too.”

Madam Mo's face turned green.

Just as her youngest son was done, her eldest son stepped forward. "Mm, Ah Si is right. The person with the highest score in the country every year is indeed from Yuncheng City."

Madam Mo couldn't take it anymore.

Her face was already green, but she refused to admit defeat. "That doesn't mean that the person with the highest score in the country this year is from Yuncheng City. What if it's from somewhere else?"

"This is actually very easy to check." Mo Yesi supported his brother-in-law and took out his cell phone. "Since the scores are out, we'll know who has the highest score this year."

In less than a minute, Mo Yesi looked away from the phone and said to Madam Mo, "I found it. It's really Chen Chen."

Madam Mo's expression was awful.

This was equivalent to a solid slap to her face.

"Is our Chen Chen the one with the highest score in the country?" Old Madam only knew that Qiao Chen was Yuncheng's top scorer in the college entrance examination. She didn't expect anything else. Now that she heard this news, she was really surprised.

"Mm, it's Chen Chen." Mo Yesi nodded.

"Aiya, our Chen Chen is really impressive." Old Madam grabbed Qiao Chen's hand and said excitedly, "He's indeed our Mo family's descendant. He's so smart."

"Grandma, Chen Chen isn't only good at studying, he's also good at other things." Mo Yesi didn't give Madam Mo any face and continued praising Qiao Chen.

Chapter 2238: She Must Find Trouble

"He went to Second Uncle's company for less than a month and managed to clinch a few deals. He made a lot of money for the company.

"Chen Chen did better than many of Second Uncle's employees.

"Really? Chen Chen is so good?"

"Of course." Mo Yesi smiled. "I believe that if Second Uncle puts the company into Chen Chen's hands in the future, Chen Chen will definitely be able to manage the company better and better. Grandma, don't forget that Chen Chen is a member of the Mo family. Some things are innate."

The Old Madam looked relieved. "You're right. The men of our Mo family are outstanding no matter what. You and your brother are like this. Chen Chen has such good results this time, he must be heavily rewarded."

"Yes." Mo Yesi nodded. "Mianmian and I will reward him, too. He deserves it."

"That's right." Old Madam nodded. "Chen Chen performed so well, he deserves a reward."

As the Old Madam spoke, she turned to look at Madam Mo. "Wenpei, don't say those words to dampen our spirits. Everyone was originally happy, but did you have to ruin the atmosphere? If you feel uncomfortable anywhere, you can go back to your room to rest.

"Today is a good day. I just want the family to be harmonious and happy. If anyone says anything to dampen the mood, don't blame me for not giving you face."

Old Madam was extremely dissatisfied with Madam Mo.

In Old Madam's opinion, the Mo family was at its best.

Her two grandsons had already formed a family. Her grandchild, who she thought she was no longer in this world, had returned to the Mo family. Another grandchild was also on the way.

Her days were getting better and better.

But Madam Mo had to do it now.

Everyone was happy.

She had to be unhappy.

Old Madam had advised her and warned her so many times. Seeing that Madam Mo was still like this, she was extremely disappointed in her.

She couldn't be bothered to talk to her anymore.

Madam Mo had just slapped her two sons in the face, and now the Old Madam was scolding her without giving her face. Her expression turned even uglier.

Besides her husband, no one else in the family was willing to stand on her side.

Even her two sons were unreliable.

They were a classic example of forgetting their mother when they found a wife!

"Alright, Wenpei. Don't say anymore," Mo Yunchen whispered. "Let's talk about it later. Don't make Mom unhappy. She's not fully recovered yet. What if she worsens?"

Madam Mo didn't say anything else.

What else could she say?

She could tell that Old Madam was biased towards Qiao Mianmian and her brother.

Hence, no matter what she said, Old Madam would definitely protect them.

She was filled with anger, but she had nowhere to vent it.

"Go upstairs and change your clothes first." Mo Yunchen patted her shoulder. "It's my son's birthday today, be happy. Don't keep a straight face."

Madam Mo went upstairs reluctantly.

...

During the meal.

Old Madam asked the juniors about their situation and was shocked when she found out that Qiao Chen, who had the highest score in the national college entrance examination, only applied for Z University.

Although Z University was a good key university, it couldn't compare to Yuncheng University, not to mention the top universities overseas.

And Qiao Chen's score was enough for him to study at a good university overseas.

Chapter 2239: From Now On, It's His Turn to Pursue Her

"Z University?" Old Madam was confused. "Why did you think of applying to this school?"

"I did some research on this school before the exam. I feel that Z University is more suitable for me, so I enrolled in this school. Grandma, what's wrong? Do you think this school is bad?"

"It's not that it's bad. It's just that with your grades, you can clearly go to a better school. If you don't want to go overseas, you can enroll in Yuncheng University. That way, you can still go home often.

"Z University isn't the best choice."

"But I feel that Z University suits me the best. I also know that Z University isn't the best, but it might be the best choice for me. Grandma, don't worry. I didn't randomly choose a school. I know you might find it a pity because I can clearly go to a better place, but I know very well that I won't regret my decision."

Old Madam frowned. "Have you really decided?"

"Yes."

"Must you go there?"

"Yes."

"Are you sure you won't regret it in the future?"

"Yes."

He knew very well that if he wanted something, he had to give it his all.

That if he didn't go to where she was, they might really be finished in a few years.

He was sure that his heart wouldn't change.

But he couldn't be sure of the other person.

If there was an outstanding guy in university, would she fall for him?

Qiao Chen couldn't guarantee it.

Because most of the time, after making up her mind to give up on something, she really did.

He was afraid that Shen Xin would really give up on him.

But he was more afraid that she would fall for someone else.

Only when he was the closest to her and could see her often and interact with her would he feel safer.

Shen Xin had been chasing him in the past few years.

It was time for him to chase her.

“You’re not a child anymore. Since this is your decision, Grandma will naturally support you.” Although Old Madam felt a little regretful, she didn’t persuade him. “It’s just that when you go overseas to study, I won’t be able to see you when I miss you.”

“Grandma.” Qiao Chen sat beside the Old Madam and gently held her hand. “Even if I go overseas in the future, I’ll come home often to see you. Aren’t there the weekends? City Z isn’t too far from here, and the traffic isn’t very bad.”

“Sigh, I’m worried about you going overseas alone.”

“Grandma, I’m not a child anymore. I can take care of myself.”

“Yes, Grandma.” Qiao Mianmian also said, “Don’t worry, Chen Chen can take care of himself.”

Madam Mo, who had been silent all this while, suddenly said, “Mom, regarding this matter, I have something to discuss with you.”

Everyone turned to look at her.

Because Madam Mo usually didn’t speak, the moment she opened her mouth, she basically said some unpleasant things.

Old Madam frowned and said unhappily, “What do you want to say?”

Madam Mo clenched her fists and took a deep breath. She forced a smile and said, “Mom, a friend of mine told me that there’s a place that’s especially suitable to take care of children. Her daughter was pregnant before, and she went there to take care of her child.”

Chapter 2240: It’s No Use Telling Me About This

“The air over there is good, the scenery is good, and the weather is also good. I think it’s cold now. When Luoli is recuperating, she should stay there. It’s definitely better than staying in Yuncheng City.”

Madam Mo sounded as if she was doing this for Jiang Luoli’s sake. “Luoli is pregnant with the Mo family’s first grandchild. We have to take good care of her. It’s better to have a professional team take care of her 24 hours a day.

“Not to mention anything else, even when our President’s daughter-in-law was pregnant, she also went there to nurse her pregnancy. Our Mo family has the qualifications to give Luoli these, we can’t possibly deny it to her.”

Everyone’s expressions changed.

Jiang Luoli's expression changed, too.

It sounded like Madam Mo was really doing it for her own good.

Even the President's daughter-in-law went there when she was pregnant. How could she be wronged?

But Jiang Luoli didn't think Madam Mo would be so kind.

Moreover, she never thought of leaving Mo Shixiu and going to another place to nurse her pregnancy.

Qiao Mianmian had the same thought.

Madam Mo's kindness made her feel strange.

She knew very well how much Madam Mo valued her family background and Jiang Luoli's family background.

But now this.

It was too abnormal.

Old Madam was stunned for a while before looking up at her. "Where is this?"

"That place is in Country F. It's a huge manor. Mom, I'm really not lying to you. This place is really good. If Luoli goes there to nurse her pregnancy, the child she gives birth to will be much better.

"I'm also thinking about the Mo family's bloodline. Luoli will be well taken care of if she goes there. It's much better than staying here. If you're worried, you can arrange for Uncle Zhang to go over too. You can always be at ease when Uncle Zhang does things."

Old Madam didn't say anything.

After a while, she said, "It's useless to tell me about this. You have to ask Luoli and Shixiu what they think. If Luoli is willing to go, we can naturally let her go. No matter what kind of place, there's no place that our Mo family can't afford to go to."

Madam Mo's expression froze for a few seconds before returning to normal. "Yes, I do have to ask for their opinion on this matter. I just wanted to tell Mom first."

"You should ask Luoli and Shixiu." Old Madam expressed that she couldn't make the decision.

Madam Mo looked a little upset, but she still tried her best to calm down. She turned around and said, "Luoli, you heard what I said just now, right? What do you think?"

Even though she seemed to be doing it for Jiang Luoli's sake, Jiang Luoli rejected her very clearly. "Mom, I just want to be with Shixiu. I don't want to go anywhere else. Moreover, I've been in Yuncheng City for many years, so I'm pretty used to it.

"Actually, it's fine if the weather is cold. The heater is always on at home, so it won't be cold. Moreover, I think the environment and air at Shixiu's place are pretty good, and it's suitable for the fetus. But thank you for your good intentions, Mom."

Madam Mo's expression stiffened.
