

Big Shot 2261

Chapter 2261: Netizens Feel Like They've Been Slapped in the Face

Qiao Mianmian's "If You Can't Love" shot up in the viewership ratings and was in the top three almost every day.

This extremely popular drama wasn't even a third of the way in, but everyone in the main cast had their popularity increased.

Qiao Mianmian was the most popular.

Qin Han was already a top idol. As the male lead, the popularity of the drama was just icing on the cake for him.

But Qiao Mianmian was different.

Although Qiao Mianmian was popular previously, she hadn't been promoted because she didn't have any good works.

She entered the entertainment industry as an actress.

Without good works, even if she became popular, people would think that her popularity was fake.

Only by presenting a good piece and using her abilities to prove herself could the audience truly acknowledge her.

Three days later, Qiao Mianmian's acting was shown.

The netizens realized that her worst performance was actually the two episodes on the premiere.

The further the show went, the more natural she seemed.

Coupled with the fact that her character was very likable and popular, and her two extremely popular songs, Qiao Mianmian's popularity was already soaring in just a few days.

She was trending every day.

And the netizens even gave her the nickname "So fragrant"[1].

This was because the netizens initially didn't think highly of her. They thought that she was just a flower vase with no acting skills. Many of Qin Han's female fans felt that their idol was too unlucky to be acting with a flower vase. They were worried that his popularity would be affected by her.

But after a few days, the netizens felt like they'd been slapped in the face.

They said that they would definitely not watch "If You Can't Love" with Qiao Mianmian around. Every day, they would move a small stool and wait in front of the television to watch the show.

Moreover, they were very picky at first. But after a few days, they were all fans of Qiao Mianmian's character.

"Ahhh, Qiao Mianmian is too cute. I think the female lead of this drama was tailored for her. It really suits her. Besides her, I can't think of anyone else who can play this role so well."

“We’re getting slapped in the face every day. I’ve just finished watching the two episodes of today’s update, and I feel that this show is super beautiful! And Qiao Mianmian is super cute. Even a girl like me likes her so much, how can she be so cute? No wonder Mo Yesi likes her. Such a cute girl is irresistible to all guys. I previously felt that she wasn’t worthy of Mo Yesi, but now I feel that he’s really lucky to have such a cute and beautiful girlfriend.”

“Mianmian’s personality is like this. Seeing more and more people like her, we’re really happy, because this means that more and more people are starting to understand Mianmian.”

“I’ve been a fan of Sister Mianmian ever since she was criticized by the entire Internet. Back then, I felt that she was a very good girl. I remember when we went to the airport to pick her up, she even asked if we took leave from school to pick her up. She even advised us not to do this in the future and to prioritize our studies. She’s really a good person, and her values are also good.”

“Wow, I’m so happy. It’s finally Mianmian’s spring. I knew that more and more people would like such a cute girl. Gold must shine. Everything has just begun. Mianmian will definitely develop better in the future!”

[1] A meme when someone initially doesn’t like something and then goes back on their word, only to exclaim ‘so fragrant’.

Chapter 2262: Really Famous

In just three days, Qiao Mianmian’s fans had risen by a few million.

Linda had received countless advertisement and variety show offers. Moreover, the advertisement invitations had already reached the eight-figure range.

This was a treatment only popular A-list celebrities received.

Qiao Mianmian was really popular.

Linda took the opportunity to accept a high-end jewelry advertisement.

The jewelry brand’s name was ONE, and it focused on the theme and concept of “the one and only” in this lifetime. Previously, the people who endorsed ONE were all A-list or S-list celebrities. Qiao Mianmian taking this endorsement meant that her value had risen.

...

At the Shen Corporation.

In the luxuriously decorated office, Shen Rou was listening to a report.

“Chairman Shen, our jewelry store is ready to sign Little Xiao as this season’s spokesperson. Little Xiao is now a popular star in the entertainment industry. She recently participated in a variety show, and the reception is very good. We’ll use her rise in popularity to increase our sales.

“Moreover, Little Xiao’s appearance and temperament are very suitable for the image of our Weiai Jewelry. Little Xiao is known as the Queen of Goods in the industry. The few brands she signed previously have very good sales results.

“Weiai’s new product is on the market, we need to publicize it. We all think that signing Little Xiao is a good choice. Moreover, Little Xiao’s price is very low this time. We’ll be gaining on both ends.”

“Little Xiao?”

“Yes.” The assistant nodded and handed her a document. “Chairman Shen, this is Little Xiao’s personal information. Is it suitable for you to take a look?”

Shen Rou took it and flipped through a few pages before placing it on the desk.

She narrowed her eyes. “Mm, it looks good. But why does this name sound familiar?”

“Little Xiao is a popular celebrity. Chairman Shen might have seen her on the news before.”

Shen Rou narrowed her eyes and thought for a while.

Wasn’t this Little Xiao the female artiste who had a conflict with Qiao Mianmian?

Shen Rou didn’t care about the entertainment industry, but she couldn’t help but pay attention to Qiao Mianmian.

When she remembered who Little Xiao was, she looked up and said, “Mm, let’s sign her.”

“Alright, Chairman Shen. I’ll do it right away.”

Shen Rou nodded and said, “Let me know the day you sign the contract with her. I’ll go and take a look.”

“Yes, Chairman Shen.

“Also, we’ve managed to get the cooperation we stole from the Mo Corporation. If nothing goes wrong, we should be able to sign the contract in a few days.”

“Is that so?” Shen Rou smiled. “That’s good. You have to discuss this with him personally. You can’t make any mistakes at this juncture.”

“Yes, Chairman Shen.” The assistant looked up at her and hesitated. “But, Chairman Shen...”

“But what?” Shen Rou picked up the cup of coffee and took a sip. Because of what her assistant had just reported, she felt much better.

She wanted to deal with the Mo Corporation.

Chapter 2263: Dazed

Mo Yesi hurt her so badly, she wouldn’t let it go!

Even if she wasn’t strong enough now, she wouldn’t let Mo Yesi have it easy.

One day, the Shen Corporation would become the boss of Yuncheng City.

And the Mo Corporation would eventually be trampled by them.

The assistant looked at her expression and said cautiously, “It’s just that the profits are too low. Even if this business can be done, it won’t earn much.”

And they might even lose money.

Of course, the assistant didn't dare to say this.

Everyone in the company knew that Chairman Shen was a volatile person.

Many employees had already been scolded by her.

They didn't do anything wrong and were scolded for no reason.

Hence, the atmosphere in the Shen Corporation had been very low recently. Everyone was tense, afraid that something would go wrong.

Even the higher-ups were the same.

Everyone knew that at a banquet a few days ago, Mo Yesi publicly announced that Qiao Mianmian was his fiancée. He even said that their wedding date had been set.

Everyone knew that Shen Rou liked Mo Yesi.

She attended the banquet that night. Hence, it was obvious how Shen Rou felt.

Whoever made her unhappy these few days would probably be fired.

Shen Rou said impatiently, "It's alright if we don't earn much. You don't have to worry about anything, just sign this deal."

"Yes, yes, yes. I'll get it done right away."

The assistant didn't dare to say anything else and immediately turned to leave the office.

The moment he left the office, Shen Rou's cell phone rang. She looked down and saw a piece of news.

#Chairman Mo claimed that he and his girlfriend, Qiao Mianmian, are going to be married soon.

#Mo Yesi and Qiao Mianmian's wedding date has been set. The Mo and Bai families have successfully formed a marriage alliance. Two top-notch powerhouses have joined forces and are about to have a super luxurious wedding.

#Qiao Mianmian and Mo Yesi announced their wedding date. Young Lady Shen's expression changed drastically

Several news articles appeared at the same time, all related to Qiao Mianmian and Mo Yesi.

Shen Rou's expression changed when she saw the last news title. She wanted to smash her phone.

Damn it.

What did they mean by that?

Where did these damn reporters see her turn into a resentful woman?

Shen Rou suppressed her anger and clicked on the last news.

Not long after, she became angry.

She didn't know who took photos of her, but she really looked like a resentful woman.

Her eyes, expression, and aura were like a resentful woman.

Especially the way she looked at Qiao Mianmian.

The news even mocked her about the man who tried to curry favor with her in the bid for the jewelry. They said that her admirer was far inferior to Mo Yesi and that she had been slapped in the face by him. Her face was ruined, and she left sadly before the banquet ended.

It even said that she was in a daze when she left. It was obvious that she had suffered a terrible blow.

There were even a few photos of when she left. She looked devastated.

Chapter 2264: She Doesn't Care About Mo Yesi Anymore

What angered Shen Rou, even more, was the netizens' mocking in the comments.

She was so angry that she slammed her cell phone on the table.

But this wasn't enough to vent her anger. She picked up her coffee cup and smashed it on the ground, too.

"To be honest, I think Shen Rou is quite a b*tch. She's obviously very unhappy and doesn't like Qiao Mianmian, right? She even pretended to be magnanimous and said that she wanted to toast Qiao Mianmian and Mo Yesi, and even wished them well. She made everyone so awkward."

"Oh my, the way Shen Rou looks at Qiao Mianmian is too scary. It's as if... she wants to kill her. She looks really scary. I don't even dare to look at her anymore, afraid of having nightmares at night."

"Shen Rou's gaze is really scary. I think she must hate Qiao Mianmian a lot. After all, she liked Mo Yesi for so many years, but he ended up with another woman. How could she not have any resentment?"

"My focus is on Qiao Mianmian and Mo Yesi getting married. Wow, I feel like they're really compatible. Their family backgrounds and looks are compatible. And to be honest, if I were Mo Yesi, I'd like girls like Qiao Mianmian too. It's not that Shen Rou isn't good, but she gives off a strong feeling. Men don't usually like strong women."

"Hahaha, I'm not surprised to see this news. Isn't it normal for Qiao Mianmian to marry Mo Yesi? One is the daughter of the Bai family, and the other is the Young Master of the Mo family. The two families are considered aristocratic, and the man is handsome and the woman is beautiful. I'd be surprised if they didn't end up together."

"Actually, I don't think Shen Rou has to cling to Mo Yesi. Her qualifications aren't bad, and she can safely find an outstanding partner. She liked Mo Yesi for so many years, but she still couldn't be with him. This shows that she should have let go long ago. Women really shouldn't be too humble sometimes. The more humble they are, the less people will cherish them."

"I'm not a resentful woman, I'm not!"

She wasn't a resentful woman.

Were these people blind? She was obviously fine.

She had nothing to be jealous of.

She didn't care about Mo Yesi anymore.

So what if he and Qiao Mianmian were together?

They wouldn't last long.

If it wasn't that Qiao Mianmian didn't trigger Mo Yesi's illness, he wouldn't have chosen her.

Just like Gong Zeli, he thought he loved Qiao Mianmian, but in fact, he only loved her for her specialty.

Once Qiao Mianmian lost her uniqueness and any woman could touch him, she didn't believe that Mo Yesi could be as loyal as he was now.

Their relationship wouldn't last long.

She wanted to curse them. One day, all their happiness would be gone.

Chapter 2265: The Romance Fairy Tale Is Actually Fake

Knock, knock.

Suddenly, someone knocked on the door, pulling Shen Rou back from her anger. She looked up and took a deep breath. "Come in."

The door opened and the secretary walked in.

"What is it?"

"Chairman Shen, there are few reporters downstairs. They said they're from some television station and that they want to interview Chairman Shen."

"Reporters?" Shen Rou frowned. "What reporters? Why do they want to interview me?"

"They didn't share the details, they just said they want to interview Chairman Shen," the reporter replied.

Shen Rou was too distracted to be in the mood for an interview.

She said directly, "Tell them that I don't have time for an interview. Tell them to leave."

"Yes, Chairman Shen."

The secretary turned around and was about to leave when Shen Rou suddenly thought of something and stopped him. "Wait."

The secretary stopped in his tracks. "Chairman Shen."

Shen Rou's eyes flickered. After a few seconds of silence, she said, "I'll accept the interview. Let them come up."

...

Not long after the news about Qiao Mianmian and Mo Yesi's wedding was released, another piece of news related to the two of them appeared.

#Shocking! The romance fairy tale is actually fake. Someone in the know revealed that there is another reason for the two of them to be together. It definitely has nothing to do with love

Qiao Mianmian was a very popular artiste.

Moreover, she and Mo Yesi had only been on the hot search for a while, and the netizens were still talking about their wedding. With this title, many people naturally paid attention.

This news was quickly trending.

"Could this news be true? Mo Yesi really got together with Qiao Mianmian because of this? But I think I've heard about him having misogyny. I found it strange when I found out that he was with Qiao Mianmian. I even thought that he wasn't attracted to women."

"I think this news is credible. Everyone knows that Second Young Master Mo doesn't like women. I think for a normal rich and powerful man, if it isn't for some problem, it's impossible for him to not have a woman by his side since he was young. Perhaps he's really allergic to women, that's why he didn't get together with Young Lady Shen. Perhaps it's also because he's allergic to Young Lady Shen. Otherwise, with the two of them being childhood sweethearts, and Young Lady Shen being beautiful and infatuated with him, how could he not feel anything?"

"But I think it'd be more believable if someone else exposed it. Since it was Shen Rou who exposed it, I don't think it's so believable. She might have deliberately made it up because of jealousy. She wants people to think that Mo Yesi doesn't like Qiao Mianmian and is just using her. I feel that she's very scheming."

"Hehe, I don't believe what Shen Rou said. She probably hates Qiao Mianmian a lot now. Can you believe what she said?"

"Shen Rou and Mo Yesi have known each other for over 20 years. She must know him very well. I feel that at least half of what she said is true. Mo Yesi is allergic to women. But he definitely isn't allergic to Qiao Mianmian. As for why, how can I know?"

"Gosh, today's is so exciting. Wave after wave, it's like watching a television series."

Chapter 2266: Wave After Wave

At this moment, Qiao Mianmian was attending a publicity event with Bai Yusheng.

"If You Can't Love" was very popular. All sorts of publicity events were released.

Qiao Mianmian thought she could rest for a while, but it turned out she was dreaming.

She had no choice but to participate in the promotional activities for the new show. She attended three events with Bai Yusheng just today.

After the last event, Qiao Mianmian was surrounded by reporters the moment she walked out.

Countless microphones were placed in front of her.

“Qiao Mianmian, have you seen the news on Weibo? Is it really as Shen Rou said?”

“Qiao Mianmian, did you see what Shen Rou said? What do you think about this? We want to know if Shen Rou is spreading rumors or if she’s telling the truth. Can you answer us?”

“Qiao Mianmian, Shen Rou has been interviewed by a few television reporters and claimed that your fiancé, Mo Yesi, is with you for another reason. She said that your fiancé has a strange illness that only you can cure. Your fiancé is with you because of this. Is this true?”

Qiao Mianmian was stunned and took a few seconds to react.

But she still didn’t know what happened.

At this moment, Linda, who had been waiting for her outside, squeezed past the reporters and finally reached her.

She placed a hand in front of Qiao Mianmian and said to the reporters, “Can everyone make way? Don’t block the way here. If you block the way, no one else can enter. If you have any questions, you can ask them when we get out.

“Everyone, make way.”

The reporters looked at each other for a few seconds before leaving.

Qiao Mianmian followed Linda.

She looked at her and asked, “Sister Xie, what happened? What are they saying?”

“Mm, a piece of news was released on Weibo just now. She Rou received interviews from several television stations. She told the reporters that you’re with Chairman Mo because he has misogyny. Once he touches a woman, his body will have an allergic reaction. Because you’re the only woman who won’t make him have an allergic reaction, Chairman Mo chose you.”

Linda sneered. “She just wants people to think that Chairman Mo doesn’t like you, to make you unhappy. She’s just upset and jealous of you. She doesn’t want you to be well.”

Qiao Mianmian finally understood what was going on.

She never expected Shen Rou to do this.

“How could she say that? Does she really think that Chairman Mo is with you because of this?”

Qiao Mianmian wanted to say that this was indeed the case.

Mo Yesi was indeed with her because of what Shen Rou said.

Otherwise, he wouldn’t have proposed to marry her on the first day they met.

But Qiao Mianmian didn’t understand why Mo Yesi knew that he wouldn’t be allergic to her the first time they met.

Chapter 2267: You Should Ask Mo Yesi

Soon, Qiao Mianmian and Linda arrived.

A group of reporters was waiting for them at the entrance.

They immediately started asking questions.

“Qiao Mianmian, can you answer us now?”

“Qiao Mianmian, can you tell us exactly why you and Mo Yesi are together?”

Qiao Mianmian looked at them and said calmly, “I think you’re asking the wrong person.”

“The wrong person?” The reporters were stunned.

Qiao Mianmian nodded. “You should ask Mo Yesi. Why did he get together with me back then? Was it because of some so-called special reason? Only he knows. I’m really not sure about this, but there’s something I can tell you.”

“What is it?”

“Mo Yesi has been very good to me ever since we got together. It’s not too much to say that he’s completely obedient. If all of this is fake and it’s because of some reason, I don’t think it matters. I don’t want to care about anything else. As long as he’s always good to me, I’ll feel very blissful.

“Moreover, I don’t think I’m that bad. Can’t I make him like me with my own abilities? Moreover, if I’m the only one who can prevent him from having an allergic reaction, doesn’t it mean that I’m the person he’s destined to be with? Since God has arranged it this way, we’re the person in each other’s lives.

“So, I hope everyone can give us your blessings. Also, I want to use this interview to tell someone that there’s a quality called not disturbing others’ happiness.”

...

In the car.

Linda praised her. “Mianmian, you answered the reporters well. That’s how you should answer them. I think Shen Rou will be very angry when she sees what you said.”

“Didn’t you say that her goal was to make people feel that Mo Yesi doesn’t like me and that I’m not living happily? Since that’s the case, I naturally can’t let her have her wish.”

Linda nodded. “Mm, you handled this well. But I don’t think she’ll let it go.”

“That can’t be helped. When the time comes, we can only react accordingly.”

“Forget it, let’s not talk about her anymore.” Linda handed her a stack of documents. “Take a look at this. This is some publicity materials from ONE. After the contract is signed, we’ll have to shoot the advertisement in a few days. You have to make time.

“The shoot this time is very important. The spokespersons that ONE used in the past were all top-tier celebrities. Now that you can take on this endorsement, it proves that you’re really popular. ONE is an internationally renowned jewelry brand. They’ve told me that when the advertisement is out, they’ll advertise it overseas.

“After showing your face internationally, you’ll be able to enter the foreign market in the future.”

Qiao Mianmian nodded. "Alright, I'll take it seriously."

She didn't think much about going overseas.

But if there was a chance in the future, she would definitely try it.

Linda drove Qiao Mianmian directly to the Mo Corporation building.

"Sister Xie, I'll get going then. Call me if you need anything."

Chapter 2268: Which Girl Wouldn't Be Envious?

Linda looked at the building, which was filled with modern technology, standing "arrogantly" in the heart of Yuncheng City.

The prices here were unimaginable.

Anyone who could own a house here was super-rich.

But the Mo Corporation had an entire building here.

They were really rich.

What made Linda even more emotional was that the artiste under her was actually the mistress of this building.

What kind of experience was it when an artiste was a hundred times richer than her manager?

Anyway, Linda felt that Qiao Mianmian was the most impressive person she'd ever seen.

She was rich, and so was her husband.

She was beautiful, and so was her husband.

And her husband doted on her so much.

Which girl wouldn't be envious of such happiness?

...

Qiao Mianmian said goodbye to Linda and walked towards the Mo Corporation building.

She realized that something was wrong the moment she entered the lobby.

There seemed to be a lot of reporters standing by the front desk.

They had the receptionist surrounded and were saying something. The receptionist frowned and shook her head.

Qiao Mianmian was about to go over and see what was going on when a reporter noticed her and immediately exclaimed, "Qiao Mianmian is here."

The other reporters turned around and were excited to see her.

They immediately walked towards Qiao Mianmian.

“Miss Qiao, are you here to see your fiancé?”

“Miss Qiao, have you seen She Rou’s interview? She intentionally pointed out that she and your fiancé were originally a couple, and the two families were very optimistic about them being together. Because of your interference, her relationship with Mo Yesi is now strained. Do you have any explanation for this?”

“Miss Qiao...”

“Miss Qiao...”

They squeezed in front of Qiao Mianmian and asked her various questions.

Qiao Mianmian then realized what these reporters were here for.

They were probably here to interview Mo Yesi.

Qiao Mianmian was about to speak when a microphone hit her face.

Caught off guard, she winced in pain.

The reporters didn’t see her being hit, nor did they care. They continued to squeeze forward. “Miss Qiao, please answer our questions.”

This group of reporters wanted to get the most timely news and also wanted to stand in the most advantageous position. There was a lot of pushing and shoving.

Qiao Mianmian was almost pushed to the ground by a reporter.

“Young Madam.” Wei Zheng suddenly appeared and held her.

The security officers then immediately stopped the reporters, allowing Wei Zheng to leave with Qiao Mianmian.

A moment later, they entered the elevator.

Wei Zheng looked at her swollen cheek and frowned. “Young Madam, are you injured? I’m sorry I was late. I didn’t know you were there.”

“It’s alright.” Qiao Mianmian shook her head and smiled. “It was just an accident. It’s not serious.”

“Those reporters were really annoying. Chairman Mo already said that he won’t accept any interviews, but they still refuse to leave. If I knew they would hurt you, I would have gotten the security to chase them away.”

“I’m really fine.” Seeing that Wei Zheng was blaming himself, Qiao Mianmian comforted him. “I didn’t tell Mo Yesi I was coming. It’s perfectly normal that you didn’t know.”

Chapter 2269: Why Do You Smell So Good

Wei Zheng knew that Qiao Mianmian wouldn’t blame him.

But if Chairman Mo saw the wound on her face, he would probably flare up.

...

“Chairman Mo, Young Madam is here.” Wei Zheng pushed the door open and said, “Young Madam, go in first. I’ll make you a cup of milk tea.”

Qiao Mianmian loved milk tea.

After so many times, Wei Zheng had already figured out her preferences.

Qiao Mianmian nodded and walked into the office.

Mo Yesi looked up and took off his glasses.

He rubbed his temple and asked, “Why didn’t you tell me you were coming?”

Qiao Mianmian smiled. “Why would I tell you? It’s not my first time here.”

Qiao Mianmian rarely saw Mo Yesi wear glasses.

He looked especially refined wearing them.

He looked like a gentleman, but he was actually a bad man.

She actually found it... pretty.

She walked over and picked up his glasses. “Why are you wearing glasses? Are you short-sighted?”

“No.” Mo Yesi smiled. “I just use it when my eyes are fatigued.

“What’s wrong with your face?” Mo Yesi frowned when he saw the swollen area.

“Oh, someone accidentally bumped into me.”

“It was a microphone?”

“Mm.”

“Who is using a microphone?”

“The reporters downstairs.”

Mo Yesi’s expression darkened. “They haven’t left?”

Qiao Mianmian nodded. “Mm, not yet.”

“Didn’t I say I wouldn’t be interviewed? Why are they still down there?” Mo Yesi’s expression was a little dark. “So you met them on the way? You were injured by their microphone?”

Qiao Mianmian saw that his face was very dark and walked to him. She bent down and hugged his neck. “It’s not a serious injury. The swelling will subside by tomorrow. It was accidental. Don’t look so awful.

“Wei Zheng has already gotten the security officers to take them away.”

Mo Yesi pulled her into his arms, and Qiao Mianmian landed on his lap.

He lowered his head and gently touched the swollen area. “Does it hurt?”

“Mm.” Qiao Mianmian nodded. “A little.”

“I’ll tell someone to get you some medicine.”

“There’s no need for that. The swelling will go down soon.”

“Why not?” Mo Yesi’s tone wasn’t gentle, but his eyes were. “If you don’t apply the ointment, what if it gets inflamed? Didn’t they say that girls’ faces are the most important? Why don’t you care about your face at all?”

With that, Mo Yesi called a secretary in and got her to get some anti-inflammatory medicine.

After the secretary left, Qiao Mianmian leaned against his chest and took a deep breath.

The man chuckled. “What are you smelling?”

“Your scent.” Qiao Mianmian took a deep breath. “Mo Yesi, why do you smell so good?”

Mo Yesi was amused. “I smell good?”

“Mm, very good.”

She really liked his scent.

No man smelled better than Mo Yesi.

It was clean, refreshing, and had a hint of fragrance, like pine trees in the snow.

Chapter 2270: I’m Worried About You

“Really? Why can’t I smell anything?”

“It’s just a fragrance, a very unique fragrance.” Qiao Mianmian grabbed his collar with a hint of infatuation. “Only you have this smell. Mo Yesi, can’t you smell it yourself?”

Mo Yesi raised his hand and sniffed it.

He smelled perfume, but he didn’t smell what Qiao Mianmian described.

“I didn’t smell it,” he said honestly.

“Anyway, I smell it.” Qiao Mianmian hugged his arm and said coquettishly, “It smells especially good.”

Mo Yesi chuckled and patted her on the head. “And other people’s smells, do they smell good to you too?”

“No.” Qiao Mianmian knew that he was jealous and immediately said, “Only you.”

Mo Yesi smiled in satisfaction. “Mm, that’s more like it.”

“Mo Yesi.” Qiao Mianmian looked up at him. “Didn’t you see the news?”

“What news?” Mo Yesi asked.

“Shen Rou was interviewed by a reporter and said something. You haven’t seen it?”

“What did she say?” Mo Yesi looked at her puzzled expression and explained, “I was busy the entire day and didn’t look at my cell phone. Why? Did something happen?”

“You didn’t? Alright, it’s nothing. Just pretend I didn’t say anything.” This wasn’t a big deal to Qiao Mianmian.

Since Mo Yesi didn’t know, she shouldn’t tell him.

“Why didn’t you tell me?” The more she kept quiet, the more Mo Yesi wanted to know. He took out his cell phone and opened Weibo.

He didn’t usually go on Weibo.

He would only take a look if Qiao Mianmian posted something.

Mo Yesi quickly found Shen Rou’s interview report.

Because the moment he entered Weibo, he saw that it was trending.

Soon, he finished reading the interview.

Qiao Mianmian could feel that he was getting angrier and angrier.

“This is the interview you mentioned?” He threw his cell phone on the table.

Qiao Mianmian looked down and nodded. “Mm.”

“What do you think?”

“What?” Qiao Mianmian blinked.

Mo Yesi looked down at her. “Have you ever thought about it that way?”

Qiao Mianmian was stunned for a while before shaking her head. “Of course not.”

“Really?”

“Mm.” Qiao Mianmian nodded. She pinched his handsome face and smiled. “It’s not like I don’t have feelings. How could I not feel how you treat me? I admit that I thought about it at the start. Was it only because I could treat your illness? But if I still don’t know why you’re with me, then I’m too stupid.”

“You only know that you’re stupid now?”

Mo Yesi pinched her chin and bit her lip. “I’m worried about you.”

Qiao Mianmian glared at him. “What do you mean?”

“You’re too slow. If I could show you my heart, I’d do it right away.”

Qiao Mianmian was speechless.
