

Big Shot 2361

Chapter 2361: She Hated Him Now, But She Still Loved Him

After the reporter asked this question, even Zhan Bo turned around and waited for her answer curiously.

He knew about this too.

Zhan Bo was a gossip person.

His verified Weibo account was managed by a company team, but he had another account.

He often logged into his alternate account and scrolled through Weibo's trending topics.

Qiao Mianmian remained calm. She didn't show any anger or other emotions.

After a few seconds of silence, she smiled and answered, "I don't have any opinion. Everyone has different standards for judging a person's acting skills. Moreover, I know that I'm lacking in some areas, so I'll work harder in the future and give everyone better performances.

"Although I can't satisfy everyone, I hope to satisfy at least 80% of the viewers. This is a goal I set for myself. I'll work hard to achieve it."

She answered gracefully and even humbly.

She didn't belittle Shen Rou at all.

In comparison, Shen Rou's evaluation was too petty.

...

After the interview, Qiao Mianmian entered the venue and found her seat.

After a while, Shen Rou also walked the red carpet and was interviewed by the reporters.

A reporter said, "Miss Shen, Qiao Mianmian just said that her wedding with Chairman Mo will be held next year. Everyone knows that the Mo and Shen families are long-time friends. Miss Shen and Chairman Mo have been friends for many years. So, I want to ask Miss Shen, will you be attending the wedding?"

Shen Rou was posing and letting the reporters take photos with a business-like smile. However, the moment the reporter asked this question, the smile on her face froze and her entire face stiffened.

A few seconds later, her expression returned to normal.

But it was still a little stiff and unnatural.

"If they invite me, of course I'll go." She tried her best to appear nonchalant about it. Just like how she repeatedly told herself that she no longer cared about Mo Yesi, she still couldn't help but pay attention to his every move. Her mood would still be affected by him.

Even though she knew that Mo Yesi and Qiao Mianmian were already married, she still got sad and jealous after hearing the reporters mention their wedding.

She realized that she still cared about him.

The man she'd liked for over 20 years.

If there was no love, where would the hatred come from?

Her feelings for Mo Yesi were intertwined with love and hatred. She felt that she hated this man to death and wanted to destroy his happiness with everything she had. She wanted him to experience pain too.

She missed him terribly. She even had that unrealistic hope that they had a future together.

She couldn't let go of him.

She couldn't possibly like another man.

Although she used to think that Gong Zeli was good and that she liked him too, when it came down to it, she only liked him.

But she loved Mo Yesi.

Chapter 2362: Her Eyes Betrayed Her

If Mo Yesi and Gong Zeli loved her deeply, she would definitely accept Mo Yesi without hesitation.

Only Mo Yesi was the most compatible with her.

But the truth was that both Mo Yesi and Gong Zeli liked Qiao Mianmian.

The two most outstanding men around her had been snatched away by that slut.

Shen Rou hated Qiao Mianmian so much that she couldn't hide it even in front of the reporters.

She didn't seem to care about it, but her eyes betrayed her.

And all of this was captured by the camera.

...

When Qiao Mianmian was informed to attend the ceremony, she didn't know that she would win.

Hence, when the emcee said her name and asked her to go on stage to receive the award, she was stunned for a few seconds before reacting. Then, amidst the applause, she walked onto the stage in a daze.

She received the "Weibo Most Popular Female Artist of the Year" and the "Weibo Most Searched for Artist of the Year" awards.

In this year, Qiao Mianmian was indeed the most active female artiste on Weibo.

With her "trending" constitution, she was trending more frequently than any other woman.

These two awards were given to the most suitable person.

The trophies were a little heavy, and it was a little inconvenient for her to carry them alone.

The emcee helped her get one, then smiled and said, "Mianmian, you got two awards so quickly. How do you feel? Can you share it with everyone?"

"Of course."

This was Qiao Mianmian's first time receiving an award on stage.

Although these two awards weren't as important as the Golden Globe Awards, this was her first time receiving an award.

She was still very happy and surprised.

She pursed her lips and thought for a while. Then, She looked at the people below the stage and smiled. Her voice was soft and gentle as she spoke. "I didn't expect to win an award, so I'm really surprised right now. Firstly, I want to thank everyone for your affirmation of me, and also for Weibo's affirmation. I'll work harder in the future. Thank you, everyone."

Qiao Mianmian didn't say much.

She was happy.

There was nothing else.

But the emcee wanted to hear something else from her, so she smiled and asked, "Besides thanking your fans and Weibo, is there no one else?"

"Someone else?" Qiao Mianmian was stunned.

"Mm, no?" The emcee paused for a while before continuing, "For example, someone who has always been by your side silently supporting you."

Qiao Mianmian immediately reacted.

She stood on stage with so many people watching. When she met the emcee's obviously gossipy gaze, her face couldn't help but burn.

After all, she felt a little embarrassed to publicize their affection.

But at this moment, she felt that she should thank that person.

The man who had always been by her side, doting on her, silently solving all her problems and protecting her.

"Mm, I have someone to thank." Qiao Mianmian smiled blissfully at the thought of Mo Yesi. "Here, I want to thank my fiancé, Mo Yesi."

Chapter 2363: Mo Yesi, What Do You Mean?

"Thank you for always being by my side and giving up everything for me. If it wasn't for him, I don't know what I'd be like now. Perhaps I wouldn't even have the chance to stand on this stage. I have to

thank him for his tolerance and support. It's because of his support and understanding that I can continue pursuing my dream.

"So... Mo Yesi, thank you."

Qiao Mianmian spoke the truth.

If it wasn't for Mo Yesi, she really didn't know what she would have become.

She only got lucky after meeting him.

Otherwise, she might still be under Qiao Anxin's suppression.

Not to mention attaining a little fame in the entertainment industry.

Whether she could continue to stay in it was a problem.

As for Qiao Chen's illness, there was even less hope of curing it.

He was her benefactor.

He was the one who changed her life, turning her from an unlucky person to a lucky person envied by everyone.

The audience applauded again.

Everyone looked at Qiao Mianmian enviously.

Who wouldn't be envious of a winner in life?

She was the most popular girl now, her fiancé was the Chairman of the Mo Corporation, and she had a prominent background.

Not only was she a winner in life, but she was also the most impressive one.

God treated her so well.

It wasn't too much to say that she was God's daughter.

Everyone looked at Qiao Mianmian with envy, but Shen Rou's eyes were full of hatred. She hated Qiao Mianmian more than anything else.

Because even now, she still felt that Qiao Mianmian had stolen everything from her.

Mo Yesi and Gong Zeli were originally hers.

If Qiao Mianmian hadn't appeared, she would definitely have married Mo Yesi.

Even if she couldn't, she would still have Gong Zeli.

In any case, she would live happily. She would still be the glorious Young Lady Shen that everyone envied.

But Qiao Mianmian stole all the limelight.

As long as Qiao Mianmian appeared, no one would notice her.

Her past glory was gone forever.

This slut took away everything that belonged to her.

She even had to show off in front of her from time to time.

Shen Rou swore that she would take back everything she'd lost!

...

Qiao Mianmian received the awards and had just returned to her seat when her bag vibrated.

Her cell phone was inside.

She took it out and saw that Mo Yesi had sent her a WeChat message asking when the party would end and that he would pick her up.

Qiao Mianmian estimated the time and replied to him.

A while later, Mo Yesi sent another message: [You can think about how to explain it to me later.]

Qiao Mianmian was confused when she received this message. She typed "?" and sent it to him.

Mo Yesi replied instantly: [I'll settle it with you later.]

Qiao Mianmian was even more confused. [Mo Yesi, what do you mean?]

Couldn't this man be more direct?

What was he playing at?

She thought about it but couldn't think of a reason.

Mo Yesi didn't reply to her question. Instead, he replied: [I still have a business deal to attend to, it isn't convenient to reply to you now. Wei Zheng is with me, you can call him if you need anything. Wait for me after the party ends, I'll bring you home.]

Chapter 2364: Would a Man Like Him Fall in Love?

Qiao Mianmian: [Oh, got it.]

Mo Yesi: [Good girl.]

Qiao Mianmian was speechless.

This man was ridiculous!

"Mianmian, who are you talking to? Chairman Mo?"

Zhan Bo and Qiao Mianmian were sitting next to each other.

Seeing that she was typing on her cell phone, he took a look and saw Mo Yesi's "good girl".

He sighed. "The sour smell of love. You and Chairman Mo are really sticking to each other."

Actually, when Zhan Bo saw Mo Yesi's "good girl", he didn't immediately feel the sour smell of love. He felt horrified.

Because at that time, the image of Mo Yesi saying "good girl" to Qiao Mianmian with his ice-cold face appeared in his mind. It was very strange.

For other couples, it would be like the man was pampering his girlfriend.

But Mo Yesi?

In Zhan Bo's opinion, a man like Mo Yesi who looked especially pure and abstinent should be left alone for the rest of his life.

There shouldn't be women around him.

Would any woman be happy with him?

Wouldn't she be afraid of such a cold face?

Hence, Zhan Bo was especially impressed by Qiao Mianmian. She actually dared to date Mo Yesi and even succeeded in taking him down.

This wasn't something an ordinary person could do.

She heard that Young Lady Shen had been chasing Mo Yesi for over 20 years, but she still couldn't get him.

It was obvious how difficult this man was.

Qiao Mianmian had undoubtedly overcome a world-class problem.

He couldn't even take it lying down.

"What are you doing, peeping at our conversation." Qiao Mianmian was shocked and put her cell phone away as glared at him.

"I didn't peek, I just accidentally saw it." Zhan Bo was caught, but he could still lie calmly.

Qiao Mianmian glared at him again. "Come on, I don't know what kind of person you are."

"I really didn't. I only saw Chairman Mo's last message. I didn't see anything else." Zhan Bo blinked innocently.

"Oh right, when you were thanking Chairman Mo on stage, I saw Shen Rou's face turn green." Zhan Bo changed the topic. "The way she looked at you was really scary. It was as if she was looking at an enemy."

Recalling Shen Rou's gaze, Zhan Bo touched the goosebumps on his arms. "She must hate you for snatching Chairman Mo from her. You have to be careful of this person. I'm afraid she'll do something bad to you."

After all, jealousy and hatred drove people crazy.

Women could do anything when they were crazy.

Shen Rou hated her?

Qiao Mianmian already knew.

She already had a feud with her.

Shen Rou had already done many bad things to her.

She didn't take Shen Rou seriously.

To her, she didn't want these unimportant people to affect her life. If Shen Rou wanted to deal with her, the general method was to defame her online. It wasn't the first time Qiao Mianmian was defamed, so she wasn't afraid at all.

When she was still a small fry, she didn't have many fans, but Shen Rou didn't succeed.

Moreover, she had a lot of fans now.

It wasn't easy for her to do the same.

Chapter 2365: Still Cold?

When the ceremony ended, Qiao Mianmian received Mo Yesi's WeChat message: [I'm here, where are you?]

Qiao Mianmian and Zhan Bo had just left the hotel when she saw a familiar black Rolls-Royce parked at the entrance.

It was Mo Yesi's car.

Qiao Mianmian immediately replied: [I'm at the door. I see your car.]

She was still wearing Zhan Bo's suit.

She took it off and returned it to him. After telling him to contact her another day, she picked up her skirt and went towards the Rolls-Royce.

There was no heater outside, so Zhan Bo shivered in his thin shirt.

Hence, when Qiao Mianmian returned the jacket to him, he immediately put it on.

But he felt even colder now.

And the cold this time was different from the weather.

This time, it was as if cold air had seeped into his bones. It was so cold that he was starting to doubt life.

Zhan Bo felt the cold air blowing towards him and looked up. He was stunned.

Then, he felt even colder.

Because he saw Mo Yesi.

The terrifying man got off a black Rolls-Royce and looked at him coldly.

He felt a sense of fear.

Zhan Bo suddenly recalled that Qiao Mianmian was still wearing his suit jacket when they left.

Could Mo Yesi have seen it?

Zhan Bo thought so.

That was the reason for the Death Stare.

He groaned. He felt like he was going to die soon.

To be honest, it was as easy as killing an ant for Mo Yesi.

No, he had to tell Qiao Mianmian about it later.

There was nothing between them.

He'd be wronged if Mo Yesi killed him just like that.

...

When Qiao Mianmian walked down the steps, Mo Yesi had already gotten out of the car and quickly walked towards her.

The man took off his black coat and wrapped it around her. Then, he pulled her into his arms.

Qiao Mianmian was still shivering from the cold when she was pressed against a warm chest.

She sniffed as Mo Yesi's warm and familiar scent enveloped her.

All the cold was instantly dispelled.

Surrounded by Mo Yesi's unique scent, her cold hand was held by his warm palm. It didn't take long for her hand to warm up.

"Are you still cold?" Mo Yesi asked as he rubbed her hands for warmth.

Touching Qiao Mianmian's cold hands, he couldn't help but frown.. "Was the air conditioner malfunctioning? Your hand is so cold. What's with your manager? Didn't she bring anything to keep you warm?"

Chapter 2366: You're Being So Attentive

"The air-conditioner was on." Qiao Mianmian leaned against him to warm herself up. "But it's still a little cold. Sister Xie got me a down jacket, but it was left in the van."

"Get in quickly." Mo Yesi didn't say anything else and took her to the Rolls-Royce. Waiting by the side, Uncle Li immediately opened the door when he saw them.

After getting into the car, Mo Yesi instructed him. "Raise the temperature of the air conditioner."

“Yes, Young Master.” Uncle Li immediately raised the temperature of the air conditioner a few degrees and rolled up the window, blocking out the cold air.

The inside of the car quickly warmed up.

Soon, Qiao Mianmian felt her limbs warm up. She was still wearing Mo Yesi’s cashmere coat and didn’t feel cold at all.

Mo Yesi was still holding her hand. Feeling it warm up, his expression got better.

“Take some cold medicine when you get back,” Mo Yesi said.

“What for? I don’t have a cold.” Qiao Mianmian blinked.

Mo Yesi looked down at her. “You’re wearing so little on such a cold day, and you even got caught in the cold. Taking cold medicine is a preventive measure. Otherwise, you’ll be tormented for a few days.”

“Oh.” Qiao Mianmian smiled and touched his handsome face. “Mo Yesi, have you always been so thoughtful?”

“Mm?” The man raised an eyebrow.

“You’re being so attentive.”

When she first married Mo Yesi, Qiao Mianmian felt that a rich young master like him wouldn’t take care of others.

Someone had to take care of him.

But later, she became the one he took care of.

He was more meticulous than women in many things.

At least, Qiao Mianmian felt that Mo Yesi was more attentive than her.

She hadn’t thought of many things, but he did.

For example, the cold medication.

“What do you think?” Mo Yesi allowed the woman to touch his face. “Besides you, who else can make me worry?”

“Your treatment is unique, got it?”

Qiao Mianmian felt sweet.

Sometimes, women didn’t ask for much.

It was enough to have a man who cherished her.

And Mo Yesi was such a man.

She was also very lucky to have married him.

“Oh.” Qiao Mianmian gave a simple response.

But after she was done being happy, she recalled how Mo Yesi had addressed her.

“Why did you want to tell me?” She bit her lip and glared at him. “What did you mean with your message?”

Mo Yesi smiled. “You have no conscience at all. You’re just an ingrate.”

He treated her like his own ancestor.

No, he had never been so obedient to his ancestors.

He almost dug his heart out for her to see.

He was full of affection and regarded her as the most important person in his heart.

As for her, Mo Yesi still couldn’t figure out how Qiao Mianmian felt towards him.

Sometimes, he felt that she liked him.

But other times, he felt that she didn’t care about him that much.

Chapter 2367: Don’t Even Think About It

He knew how it felt to be worried about personal gains and losses.

But what could he do?

Even if she was an ingrate, he still liked her.

He was going to be eaten up by this ingrate for the rest of his life.

Qiao Mianmian was unhappy. She grabbed his collar and pulled him down. “Mo Yesi, make it clear. How am I an ingrate? Am I not good to you?”

“Mm, good, very good.” Mo Yesi nodded.

“Then, why do you call me an ingrate?”

“Alright, I was wrong.” Mo Yesi knew that if she made a fuss, there would be no end to it. Hence, he didn’t even explain and just raised the white flag. “You’re not an ingrate, I am.”

Qiao Mianmian was speechless.

“No.” Qiao Mianmian was stubborn. “You have to make things clear. How am I an ingrate?”

Mo Yesi was speechless.

“Didn’t I say that I was wrong?”

“You didn’t mean it!”

“...”

“You admitted your mistake, but I know you still think I’m an ingrate!”

“...”

“If you don’t clarify things with me today, I’ll... I’ll sleep in another room tonight!” Qiao Mianmian wanted to threaten Mo Yesi, but she didn’t know how to. In the end, she said this without confidence.

She felt that he would only care if she threatened him with this.

After all, no matter what he meant, he seemed to... need her.

He once said that he could only sleep well with her in his arms.

He hadn’t slept well when she was filming.

Qiao Mianmian could prove it.

Because when Mo Yesi went to visit her, his dark eye circles were visible. It was obvious that he didn’t sleep well.

He had a sleep disorder.

He mentioned that before he met her, his sleep had always been terrible. He could only sleep for three to four hours every day, and that was already good quality sleep.

Most of the time, he would wake up three or four times a night.

And once he did, it was very difficult to go back to sleep.

But when he was with her, he could sleep for at least six hours.

Although Qiao Mianmian didn’t know why Mo Yesi could sleep better with her, he still needed her.

“Nonsense!” Mo Yesi frowned slightly.

Qiao Mianmian pouted. “No, I’ll sleep alone. Anyway, you’re despising me. You’re calling me an ingrate and heartless! Hmph, I’ll get someone to tidy up the guest room when we get back.”

“Qiao Mianmian, let me tell you, don’t even think about it.” Mo Yesi pinched her chin and leaned towards her. His warm breath landed on her lips as he bit her lip lightly. “You can only sleep with me. I have the key to every guest room. I’ll go to whichever room you go to.”

“...”

“Are you unhappy that I said that? Or do you think you’re actually very good to me?”

“Mm.”

The man lowered his head and bit the corner of her lips. He didn’t use much force, but it was a little punishing.

Qiao Mianmian frowned.

Chapter 2368: The One Who Falls in Love First Won’t Be Able to Control the Relationship

“Then, you have to make things clear. Why did you say I’m an ingrate? How did I let you down?”

Mo Yesi was stunned. He looked at the stubborn girl in his arms and chuckled. "You still dare to say that you have a conscience? Baby, since the day we got married, how have you treated me?"

"How did I treat you? Huh?"

Qiao Mianmian was speechless.

Hearing the unhappiness in his voice, she recalled the times they lived together after she married Mo Yesi.

She was speechless to realize that she really... wasn't as good to Mo Yesi as he was to her.

Speaking of their sacrifices, if Mo Yesi had sacrificed 10 points, she might have sacrificed... five, six, seven points at most.

So, Mo Yesi was... right.

She seemed a little heartless.

She was used to his kindness and accepted it calmly. As time passed, she even felt that it was only right.

Mo Yesi should treat her well, but she never thought of reciprocating his feelings.

She thought that men wouldn't take love too seriously.

But it seemed like Mo Yesi cared.

"You can't speak, huh?" Mo Yesi looked at the silent little woman in his arms, then lifted her chin and smiled at her dark eyes. "Do you feel like you're in the wrong now? You don't know what to say?"

Qiao Mianmian pursed her lips and kept quiet.

Alright, she was in the wrong.

She was still arguing with him just now.

The man chuckled again. "So, you have to reflect on yourself when you know you haven't done well. You have to treat me better in the future, understand?"

"Baby, I don't need you to exaggerate. I'm satisfied as long as you treat me well."

The man sounded humble.

No matter how powerful he was in the eyes of others, in front of the woman he loved, his status, his outstanding appearance, and all his qualities couldn't make him feel any sense of superiority. He even felt a little insecure.

The one who fell in love first wouldn't be able to control the relationship.

The one who was moved first would always be the humble one.

That was why they said that whoever was tempted first was doomed.

“Mo Yesi, I’m sorry. I didn’t know you minded it so much.” Qiao Mianmian reflected on herself. She was very proactive in admitting her mistake. She lowered her head and bit her lip. “I reflected just now. I really didn’t do well. I’ll treat you better in the future.”

“You’ve really reflected on it?” Mo Yesi patted her head. “Did you mean it? Or was it just a casual remark?”

“Of course.” Qiao Mianmian immediately looked up and grabbed his hand. Her eyes were full of sincerity and determination. “I’ve really reflected on it. I swear, I’m not saying it casually!”

“Mm.” Mo Yesi nodded. “Alright, I believe you. Then, I’ll wait to see your performance in the future.”

Chapter 2369: But Now, He Seems to Have Changed His Mind

“Don’t worry.” Qiao Mianmian looked like she was in deep thought. “I’ll definitely perform well. I won’t disappoint you.”

“Since you’ve already said so…” Mo Yesi smiled evilly. He reached out and tucked a few strands of hair behind her ear as if he was joking, but he was also serious. “In order to show your sincerity, why don’t you give me a child first?”

Qiao Mianmian was shocked.

Having just vowed to perform well, she widened her eyes in shock.

“Why?” Mo Yesi smiled. “You’re unwilling? You said you’d treat me well in the future.”

“No.” Qiao Mianmian carefully looked at his expression, wanting to confirm if he was serious. She swallowed and said, “Didn’t we agree to have a baby in two years?”

“Mm, that’s what I said.” Mo Yesi narrowed his eyes. “But at that time, I felt that it wasn’t a big deal to have a baby in two years. Now, I think it’s better to have a baby as soon as possible. You’re young, you’ll recover faster if you have a baby now. Grandma has always wanted us to have a baby as soon as possible.”

Qiao Mianmian frowned.

Mo Yesi looked at her. “You don’t want to?”

“It’s not that I don’t want to.” Qiao Mianmian bit her lip and kept quiet for a while before saying, “I want a baby too. I’m not against being a mother. It’s just that I’m not prepared for it.”

“You know that I have a movie to film. Sister Xie told me that the director has very high standards for quality, so it might take at least seven to eight months. If I get pregnant midway, I think it’s going to affect the entire production team’s progress.”

“If you really want a baby…” Qiao Mianmian took a deep breath and kept quiet for a while before making up her mind. “Can I finish this movie first?”

Qiao Mianmian didn’t want a child so early.

She felt that it wouldn't be too late even if she waited for another three to four years.

Although Jiang Luoli already had a child and was as old as her, she knew her.

If it wasn't an accident, she wouldn't have accepted getting pregnant so early.

She and Mo Yesi didn't face this problem. Hence, she didn't want to be a mother so early.

No matter how many people helped her take care of the baby in the future, she knew very well that once she had a child, she definitely wouldn't be as free as she was now.

Unless she didn't care about her child.

Her career had just started to improve. If she got pregnant, she definitely wouldn't be able to take on any more jobs given how worried Mo Yesi would be about her.

Although Qiao Mianmian wasn't a career-minded woman, she still had her own goals.

She hoped to achieve some results and stabilize her career before considering having a child.

Mo Yesi had supported her from the start, but now, he seemed to have changed his mind.

Of course, Qiao Mianmian didn't mean to blame him, nor would she be angry with him.

It wasn't overboard for him to want his own child.

Hence, she decided to compromise.

Chapter 2370: I'll Do as You Say

"Phoenix in Flight" was directed by a director she liked and admired. With so many capable seniors participating in it, she really wanted to finish this movie.

Mo Yesi looked at her in surprise.

He didn't expect Qiao Mianmian to really agree.

He was just teasing her.

Since he promised her that they wouldn't have a child for now, he couldn't change his mind.

He would definitely do what he promised her.

He knew that she was career-minded and didn't want to have a child too early. She was still young, so it was still too early to have a child.

Even if Mo Yesi wanted to have a child as soon as possible to stabilize their relationship, he hoped that everything would be built on her will.

He didn't want her to get pregnant unwillingly.

Children were the fruits of their love. They should come to this world with their expectations and love.

Any unwillingness was harmful to the child.

Mo Yesi had thought it through. It would be the most suitable time for Qiao Mianmian to have a child when she was 25.

She could use these years to work hard in her career, and he could expand the Mo Corporation and make it stronger.

When that time came, their careers would be stable and they would have a lot of free time. They wouldn't be as busy as they were now.

At that time, having a child was a matter of course.

But Qiao Mianmian actually agreed to give him a child in advance.

At this moment, Mo Yesi felt a certain point in his heart disperse.

He'd thought that there was another reason why Qiao Mianmian didn't want to have a child.

She didn't have enough feelings for him, so she wasn't willing to have his baby.

He would feel upset every time he thought about this.

But now, he knew that he was just looking for trouble.

She wasn't unwilling.

Suddenly understanding something, his mood improved. Smiling happily, his dark eyes lit up, reflecting Qiao Mianmian's shadow.

"Baby, are you really willing?" The man's voice was unbelievably gentle.

Qiao Mianmian hesitated for less than three seconds before nodding. "Mm, I'm willing. But my condition is that you have to wait until I finish filming 'Phoenix in Flight'. Mo Yesi, I've already signed the contract, and I really like this movie. I..."

"Alright." Before she could finish, Mo Yesi reached out and hugged her tightly. The man said in a submissive tone, "I'll do as you say."

Mo Yesi wasn't a fool.

Although he and Qiao Mianmian had agreed to have a child in a few years, since she was willing to consider having a child in advance, he naturally wouldn't say that he was just teasing her.

Since she took it for real, he wouldn't say anything to change her mind.

Qiao Mianmian heaved a sigh of relief.

She was afraid that Mo Yesi wouldn't agree.

It would inevitably be unpleasant if he did.

Qiao Mianmian had to finish the movie. She wasn't the sort of woman who would give up everything for love.

She wanted love, but she wanted to pursue her dreams too.

There was no conflict between the two.
