Chapter 2371: She Gradually Got Used to It

Back at Lu Shan Courtyard.

When they got upstairs and entered the bedroom, Qiao Mianmian was pushed into the bathroom by Mo Yesi, and he told her to quickly take a shower.

A while later, Qiao Mianmian came out of the shower.

Mo Yesi was holding a cup of cold medicine. Seeing her come out, he waved at her. "Come and drink it."
"Oh."

Qiao Mianmian walked over and took the cup from him. She held it with both hands and took small sips.

After taking a shower and the medicine, Qiao Mianmian felt warm all over.

Her face was flushed.

When she was done, Mo Yesi picked up the hairdryer and curled his finger at her. "Come here."
"Oh."

When Qiao Mianmian was alone, she didn't even bother to blow dry her hair after washing it.

She usually used a towel to wipe it off and left the rest to dry naturally.

Before she met Mo Yesi, she was rather rough.

Now, after washing her hair, he always offered to dry it for her. She gradually got used to it.

When they were filming outside, Mo Yesi would often remind her not to sleep with her hair wet.

After getting together with him, many of her bad habits were getting better.

She liked having someone who loved and cared for her more than she did.

Qiao Mianmian walked to her usual seat and sat down. Mo Yesi took off the towel wrapped around her hair, then started blowing on it.

A faint fruit fragrance wafted into her nose.

It was strawberry.

Mo Yesi looked down at her neck and his eyes darkened.

Qiao Mianmian's skin was fair, to begin with.

She looked like a freshly peeled egg.

A little confused by the sweet scent in her hair, he paused for a while before pulling a strand. "You changed your shampoo?"

Initially, their shampoo was shared.

But then Qiao Mianmian started using another.

She liked sweet fragrances. Those were definitely not suitable for Mo Yesi.

“Mm.” She’d just bought a new one. It was her favorite strawberry flavor, and the shower gel was also strawberry-flavored. When she came out of the shower, she felt like a huge strawberry walking.

She smelled sweet from head to toe.

She asked, “This one is strawberry-flavored. Does it smell good?”

“Mm, it smells good.” Mo Yesi actually didn’t like sweets. Of course, his standards didn’t include Qiao Mianmian.

If it was used by her, he was fine with anything.

“I think so, too,” said Qiao Mianmian as she sniffed her arm.

But Mo Yesi’s thoughts weren’t there.

He recalled something.

When Qiao Mianmian was showering, he saw her and Zhan Bo on Weibo.

Photos of Zhan Bo taking off his jacket for her were on the trending searches. The two of them stood together and chatted happily. Not only did they walk the red carpet together, but even their seats were next to each other.

Although Mo Yesi knew that it was nothing, that this was just normal social interaction, that he couldn’t possibly forbid her from making friends with the opposite sex, even though he wanted to.

He knew that Zhan Bo didn’t have anything to do with her. They just worked together before and became friends.

But he still felt uncomfortable when he recalled the scene at the hotel entrance.

Chapter 2372: Stay Away From Him in the Future

She was actually wearing another man’s clothes.

Then, she got the man to wear it back.

Mo Yesi’s expression darkened. “That Zhan Bo...”

He frowned and asked, “Are you close to him?”

“Zhan Bo?”

Qiao Mianmian was stunned. “Not bad. Not very good, but better than ordinary friends.”

Qiao Mianmian knew that Mo Yesi wouldn’t mention Zhan Bo for no reason. She thought for a while and roughly knew what was going on.

In order to prevent him from getting jealous again, she immediately added, “I think he’s very similar to Chen Chen. Thus, in my eyes, he’s just like a younger brother.”

“You mean you treat him as a younger brother?” Mo Yesi felt much better and smiled.

“Yes.” Qiao Mianmian nodded. “His personality is quite similar to Chen Chen’s. You’ll know if you have the chance to interact with him. He’s a rather outgoing and fun big boy. Mo Yesi, when you came to pick me up, did you see me standing with him?”

He must have seen her in his suit.

“Back then, he took off his suit jacket for me because I said I was feeling cold. Don’t overthink it. He would have done the same if it was any other female artiste.”

“I know.” Mo Yesi’s voice was emotionless. “I didn’t think too much about it.”

“You don’t mind, right?” Qiao Mianmian looked up at him.

He didn’t look jealous.

“What if I say a little?” Mo Yesi lowered his eyes. “I know you’re fine, but... I don’t like to see you get too close to other men. You treat him as a younger brother, but what about him?”

“Does he have the same thoughts about you?”

Qiao Mianmian was speechless.

“You don’t know if he has other intentions, right?”

“...”

“Mo Yesi, you’re thinking too much.” Qiao Mianmian was a little speechless. “I’m not a renminbi, why would everyone like me? Zhan Bo and I are definitely friends, I’m not his type at all.”

“You know what type he likes?” Mo Yesi narrowed his eyes.

He just felt that everyone liked his wife.

After all, she was so beautiful.

How could other people not be tempted?

Mo Yesi never worried about Qiao Mianmian.

He was worried that others would covet her.

“I know. He told me that he likes pure and sweet girls. I treat him as a younger brother, and he treats me as a sister.”

Pure and sweet?

Soft girl?

Mo Yesi looked at Qiao Mianmian’s innocent and sweet face, and his expression darkened.

A certain woman didn’t seem to know her type.

He knew that Zhan Bo had ulterior motives.

He actually confessed to her indirectly.

She was too careless and didn't know anything.

"Stay away from him in the future." Mo Yesi's eyes were full of possessiveness. "I don't think that brat has any good intentions. He's pretty daring."

Qiao Mianmian said, "...Oh, I got it."

Chapter 2373: Do You Remember Tang Ya?

Forget it. Whatever he said.

She couldn't be bothered to explain.

She thought for a while. She and Zhan Bo rarely contacted each other. If it wasn't for work arrangements, they probably wouldn't see each other often.

"Really?" Mo Yesi raised her chin and made her look him in the eye.

"Mm." Qiao Mianmian nodded. "I'll stay away from him in the future."

"I'll accompany you to the party next time."

Mo Yesi wanted to accompany her tonight, but he had to personally discuss an important contract, so he couldn't accompany her.

That brat was so lucky.

"You'll go with me in the future?" Qiao Mianmian was shocked.

"Mm."

"I thought you didn't like those events?"

"I don't." Mo Yesi continued to blow-dry her hair. His slender fingers gently ran through her strawberry-scented hair. "I can tolerate it if I accompany you."

He didn't want her to have another partner next time.

He wanted to go with her.

She was his woman.

If anyone dared to lay a finger on her, he would rip that person's head off.

"Alright, then come with me next time. That way, I'll have a male companion." Qiao Mianmian naturally hoped that he would accompany her. Previously, she felt that Mo Yesi didn't like such events because he didn't like being too high-profile, so she never made such a request to him.

Of course, she wouldn't reject him.

"Oh, right. Mo Yesi, do you know that the Shen Corporation hired Henry Zhou to design new jewelry for them?" Qiao Mianmian suddenly recalled this and immediately asked Mo Yesi for confirmation.

Mo Yesi finished drying one side of her hair and started blowing on the other. "Mm."

"Really?" Qiao Mianmian was rather shocked.

She thought that the rumors were fake.

After all, it was very difficult to invite Henry.

Wasn't this a matter of money?

Henry was rich, so it was impossible to hire him.

But what else could the Shen Corporation do besides spend money?

"It's true."

Since Mo Yesi said it was true, it couldn't be false.

Qiao Mianmian was curious. "Is the Shen family so powerful? They actually managed to invite Henry Zhou. Didn't they say that he only designed jewelry for the royal family and the people he admired? Previously, an internationally renowned jewelry company spent more than a billion to invite him to design jewelry for them, but he didn't agree.

"The Shen Corporation is still far from that jewelry company, but Henry Zhou..."

It was too unexpected.

Did Shen Rou know Henry Zhou?

She felt that even the Mo Corporation might not be able to invite him.

"It's a little surprising." Mo Yesi narrowed his eyes. Qiao Mianmian didn't see the coldness in his eyes.

"Henry Zhou wasn't invited by the Shen Corporation, but he did agree to design new jewelry for them."

Stunned, Qiao Mianmian became even more curious. "It wasn't them? Then, who was it?"

"Baby." Mo Yesi stroked her silky hair and said, "Do you remember Tang Ya?"

"Tang Ya? The Miss Tang Mom brought home previously?"

"Mm."

"What has this got to do with her?"

Chapter 2374: Who Exactly Is She?

"It's very likely that Tang Ya was the one who helped the Shen Corporation pull in that investment. Also, it was Tang Ya who helped them to get Henry Zhou this time."

Qiao Mianmian was shocked. "Tang Ya is so capable? Who exactly is she?"

Previously, the Shen Corporation had to invest a lot of money to cover its losses. Because of the huge amount, no one could invest in it.

After that, they suddenly received a huge investment and rose from the brink of bankruptcy.

Everyone was curious about the investor.

This was because none of the other big families helped.

Not only did Tang Ya help the Shen Corporation get an investment, but she also helped them get Henry Zhou.

It was obvious that she wasn't simple.

Previously, Qiao Mianmian felt that there was something wrong with Tang Ya. Now that Mo Yesi said this, she was even more sure of it.

When she met her, she said it was her first time in Yuncheng City.

But she first got to know Madam Mo and became good friends with her.

And now, he was helping the Shen Corporation again and again.

She definitely knew about the relationship between the Shen and Mo families. Qiao Mianmian found it unbelievable that she was still helping the Shen Corporation under such circumstances.

"Her identity hasn't been found yet." Mo Yesi frowned. "We've only found out that she's working with the Shen Corporation."

"Then, what's her motive?" Qiao Mianmian's intuition told her that Tang Ya seemed to be targeting the Mo Corporation. "She helped the Shen Corporation so much, is she trying to use them to fight against the Mo Corporation?"

Besides this, Qiao Mianmian couldn't think of anything else.

Shen Rou was in charge of the Shen Corporation now, and she wanted to deal with the Mo Corporation.

But Tang Ya was still helping them. Wasn't she deliberately targeting the Mo Corporation?

Mo Yesi narrowed his eyes. "It seems possible."

Qiao Mianmian immediately felt threatened.

Tang Ya could even invite Henry Zhou, which meant that her true identity was definitely extraordinary.

If such a person was hostile towards the Mo Corporation and intended to deal with it, it would be too scary.

Most importantly, they still didn't know her true identity.

Even Mo Yesi's people couldn't find anything.

Who exactly was this Tang Ya?

"Then, what should we do?" Qiao Mianmian was worried. "The Shen Corporation will choose to release the new jewelry at the same time as the Mo Corporation. If Henry Zhou becomes their designer, won't it affect the Mo Corporation greatly?"

"It will have a huge impact on other jewelry companies, but not on the Mo Corporation."

“Why? Did the Mo Corporation hire a better designer?”

Mo Yesi kept quiet for a while before replying, “No.”

“Then, why did you...”

And he looked so confident.

Just the name Henry Zhou alone was enough to double the Shen Corporation’s jewelry’s value.

She could already foresee that the Shen Corporation’s new jewelry sales would be very impressive.

Who wouldn’t want the jewelry designed by Henry Zhou?

Even if they couldn’t wear it usually, they had to buy it and keep it for special occasions.

If the Mo Corporation didn’t hire a designer with similar skills to Henry Zhou, they might not be able to beat the Shen Corporation.

Chapter 2375: When Have Ever I Lied to You?

“Hiring Henry Zhou is a pretty good move, it will bring a lot of sales to the Shen Corporation. But you have to trust your husband. Even with his help, the Shen Corporation can’t surpass the Mo Corporation in terms of sales.

“Baby, the Mo Corporation’s jewelry spokesperson for the next season is you. I won’t let the jewelry you endorse lose to others.”

“But...”

“Have more confidence in me, alright? When have I ever lied to you? Just take it that I prepared a surprise for you. Don’t ask anything now, we’ll find out the truth when the time comes. Anyway, don’t worry. Trust your husband, I’ve already thought of how to deal with it.”

Seeing how confident he was, Qiao Mianmian believed him.

She should trust Mo Yesi.

She knew him well.

He was able to expand the Mo Corporation in a short period of time, taking him only a year to increase the corporation’s assets by half. She really shouldn’t worry about his abilities.

Since he said there was a way, there must be.

But Qiao Mianmian was still curious.

What was he talking about?

What could be done to make the Mo Corporation’s sales surpass that of the Shen Corporation even though they managed to get Henry Zhou?

And that Tang Ya...

Qiao Mianmian was still worried.

She used to be worried that Shen Rou was up to no good.

But now, she felt that she wasn't a problem anymore. The biggest problem was Tang Ya.

Shen Rou was nothing compared to her.

...

Qiao Mianmian was on the trending list again, but this time, so was Shen Rou.

Some reporters took photos of her showing hatred towards Qiao Mianmian at the entrance of the hotel and added fuel to the fire.

Soon, two posts about Shen Rou were trending.

"Oh my, Shen Rou's gaze... is too scary. Is she trying to skin Qiao Mianmian alive?"

"If I were Qiao Mianmian, my back would definitely be cold. If looks could kill, I think she'd have already killed Qiao Mianmian."

"Actually, I think Shen Rou is too unreasonable. So what if she has liked Mo Yesi for so many years? You can't expect someone to like you just because you like them. Just because Qiao Mianmian is with Mo Yesi, she hates her? This has nothing to do with Qiao Mianmian."

"That's right. Didn't she and Mo Yesi grow up together? They've known each other for so long, but Mo Yesi didn't choose her. Even without Qiao Mianmian, they still wouldn't be together."

"Is my focus different from yours? I think Qiao Mianmian is so beautiful. Shen Rou is pretty too, but when standing next to Qiao Mianmian, she definitely loses. I think Shen Rou hates Qiao Mianmian not entirely because of Mo Yesi. Let me ask you. If you've been the number one and most popular person in your circle since you were young, would you not be angry if someone better looking and more popular suddenly appeared?"

"Wow, Qiao Mianmian and Mo Yesi will be holding their wedding next year. Let me predict, it will definitely be the wedding of the century."

"Congratulations, Mianmian. You deserve the awards. Your future will be better and better. We will always support you."

The netizens were in an uproar.

Some even compared Qiao Mianmian's style to Shen Rou's.

Then, the netizens voted that Qiao Mianmian won against Shen Rou again.

Actually, in terms of dressing and makeup, Shen Rou was better.

Qiao Mianmian's dressing was rather standard, but she won with her face and snow-white skin.

Chapter 2376: She Disgusts Me

In the car.

Shen Rou's nails dug into the screen of her cell phone as she bit her lip. Her gaze was sharp as she looked at the results of the voting.

What the hell was this?

Qiao Mianmian must have controlled the results.

That slut.

What she said at the awards ceremony was enough to disgust her.

And now this.

Did she think she would win just by using some fake votes on Weibo?

Bitch!

She only knew how to use such underhanded means to fool others.

Shen Rou would never admit that she couldn't compare to Qiao Mianmian.

Little Xiao was sitting in the backseat with her, and she also saw the voting post.

Seeing that Shen Rou was so angry, she immediately said, "Miss Shen, don't believe it. This kind of voting can be controlled by the Internet Water Army. I've seen this too many times. Not many real netizens vote at all."

"Of course I know." Shen Rou snorted and tightened her grip on the cell phone. "I don't believe it, either. I just can't bear to see that slut use such despicable means.

"She disgusts me."

"Miss Shen, didn't I say that she and Mo Yesi might not really be in love? It's probably because Miss Shen dressed too beautifully tonight that she got jealous, so she made such a vote.

"The more she cares about Miss Shen, the more it shows that she's not confident enough. Although she's with Mo Yesi, this doesn't mean anything. How many couples divorce these days? She and Mo Yesi have been living in different environments since they were young, and their social classes are also different. Even if they're together, they definitely don't have anything in common. It's just a new thing for them.

"Miss Shen, just wait and see. They'll definitely break up in less than a year."

Shen Rou got excited.

Would Qiao Mianmian and Mo Yesi break up one day?

Perhaps Mo Yesi didn't really like her.

If they broke up, wouldn't she still have a chance?

"You think they'll break up?" Shen Rou suppressed her excitement and tried to look calm.

“Definitely.” A trace of jealousy flashed past Little Xiao’s eyes. She sneered and said, “It’s impossible to last without a common ground. Mo Yesi is good-looking, comes from a good family, and graduated from a world-renowned school. He and Qiao Mianmian aren’t compatible anywhere. How could he really like her?”

“But...” Shen Rou pursed her lips. “Qiao Mianmian is also the daughter of the Bai family now. Speaking of which, her family is compatible with the Mo family.”

“How is that true? She’s just a fake heiress. She’s different from a real heiress like Miss Shen. She just has an identity. Could someone from the countryside suddenly become a city person after being recognized by her parents?”

“She’s just a country bumpkin.”

Chapter 2377: A Woman Like Her Is Stronger

“Only someone like Miss Shen is a true daughter of a rich family.” Little Xiao didn’t forget to praise Shen Rou while attacking Qiao Mianmian.

The main reason she was trying so hard to get into Shen Rou’s good books was that she had heard something.

Something that shocked and surprised her.

If it was true, then her endorsement was too profitable.

Hence, she had to secure this endorsement no matter what.

Shen Rou smiled. She felt much better.

She looked at Little Xiao and said, “You’re quite good at analyzing. Then, tell me, do men like her more, or me?”

“Of course it’s Miss Shen.”

“But she seems to have a good relationship with the opposite sex. Every male artiste she has worked with seems to like her. Tu Yilei even burned his hand because of her. Qin Han has helped her many times and praised her. Even at tonight’s awards ceremony, a male artiste took good care of her.”

Shen Rou sounded jealous.

Women were competitive.

And she was even more competitive.

“She’s just a vixen who likes to seduce people. Miss Shen definitely doesn’t care about her tricks. If Miss Shen is as open as she is, she wouldn’t have had the chance to seduce Mo Yesi.

“I’m sorry, Miss Shen. I...” Little Xiao realized that she had said something wrong.

She immediately looked at Shen Rou’s expression, afraid that she would be angry.

Thankfully, Shen Rou wasn’t angry.

On the contrary, because of Little Xiao's words, her face revealed a look of realization. Then, she muttered to herself in a low voice, "So it's like this..."

So, Mo Yesi chose Qiao Mianmian because she was open?

Shen Rou recalled that she was too serious when she was with Mo Yesi.

She always thought that he didn't like girls who were too casual.

Hence, she always behaved herself in front of him, afraid that he would look down on her.

"Miss Shen, y-you're not angry, right? I just..."

"I'm not angry." Not only was Shen Rou not angry, but she also smiled at Little Xiao. "I just suddenly understood something. I have to thank you."

Little Xiao was stunned. Seeing that Shen Rou seemed to be in a good mood, she hesitated for a while and then asked, "Miss Shen, I heard that... the Shen Corporation invited Henry Zhou to design the next season's jewelry. Is this true?"

"Mm, it's true." Shen Rou smiled smugly. "Mr. Henry will be our designer for the next season."

Little Xiao was ecstatic.

It was true!

Then, wouldn't her endorsement be very profitable?

If she became the spokesperson for Henry Zhou's jewelry design, her value would double.

"So, perform well." Shen Rou turned to look at her. "You can endorse the jewelry designed by Mr. Henry. Your value will be different in the future."

Little Xiao took a deep breath and hurriedly said, "Yes, I will definitely perform well. Thank you, Miss Shen, for giving me this opportunity."

Chapter 2378: Gong Zeli... Isn't Too Bad

After sending Little Xiao to her apartment building, Shen Rou instructed the driver to drive to Nightlight.

Getting out of the car, she saw a person walking out of a silver Bugatti.

The man was tall and handsome. He was wearing a long black coat with a high collar. His skin was much paler than a normal person's, especially under the light. It was so white that it made people think of vampires.

Coupled with his exceptionally handsome face, it looked even more so.

He was expressionless, and his eyes were cold. He exuded a feminine aura.

He got out of the car and walked towards the door.

Shen Rou saw him, but he didn't see her. He walked straight to the door. When the bellboy saw him, he lowered his head and greeted respectfully, "Young Master Gong."

Gong Zeli stopped in his tracks. "Are Young Master Chen and the rest here?"

"Yes, Young Master Chen and the rest arrived half an hour ago."

Gong Zeli didn't say anything else and walked in.

After taking two steps, a voice sounded from behind him. "Zeli."

Shen Rou thought that Gong Zeli would see her, but she didn't expect him to pretend not to.

Shen Rou couldn't accept the latter possibility.

She stood behind him with an awful expression. Seeing that he was about to walk inside, she couldn't help but chase after him.

Gong Zeli stopped in his tracks and slowly turned around.

Seeing Shen Rou standing behind him, he narrowed his eyes and looked at her coldly.

The man's face was pale and his lips were red. He pursed his red lips and looked at Shen Rou silently.

Perhaps it was because she drank a little at the party, but as Shen Rou looked up at the handsome and cold man in front of her, as her eyes met his narrow and feminine eyes, her heart started beating wildly for no reason. Her gaze swept past his straight nose bridge and slowly landed on his thin lips.

Her heart pounded.

Shen Rou knew that Gong Zeli was good-looking.

But when he treated her well and prioritized her over everything else, she didn't take him seriously.

She never really knew or understood him.

Back then, Gong Zeli didn't have a concrete image in her heart.

Because at that time, all her attention was on Mo Yesi.

Besides Mo Yesi, she didn't like any other man.

But now...

She hated Mo Yesi and no longer saw him as the only one in her heart. She suddenly realized that Gong Zeli was actually an outstanding and charming man.

The Young Master of the Gong family.

Such a good-looking face.

His only flaw was probably his "rage disorder."

But if he controlled it well, he was actually the same as a normal person.

At least, in all the years she'd known him, she'd never seen him act up.

Hence, even his only flaw was nothing.

Although she still felt that Mo Yesi was the best, Gong Zeli... wasn't too bad.

Life must be blissful to be pampered by such a prodigy.

Chapter 2379: A Lifetime of Regret

And she used to have his only love.

If she had chosen him at that time and married him, even if he found out the truth later, he wouldn't have pursued it.

She could still be the only person in his heart.

But...

She realized it too late.

By the time she realized how good he was and wanted to be with him, it was too late.

He realized that she wasn't his savior.

Then, all his special treatment was canceled.

At that time, Shen Rou realized that Gong Zeli wasn't a good-tempered person. He wasn't generous to everyone.

She lost her uniqueness with him, and his coldness and heartlessness hurt her.

This man she'd never taken to heart had now become a man she couldn't get.

This difference made Shen Rou hate him, but she also couldn't help but be attracted to him.

Without the special treatment, she started to get to know this man again.

She realized that Gong Zeli was really charming.

Just like now.

She looked at his handsome face and felt her heart race.

"Zeli, I found you familiar from behind and thought that it might be you, so I greeted you." Meeting his cold and distant gaze, Shen Rou felt upset, but she still asked nonchalantly, "What are you doing here? Have you made an appointment with a friend?"

She was still wearing the black dress.

Actually, she should have changed before coming.

But all of a sudden, she wanted to have a drink here and couldn't care less about changing her clothes.

Gong Zeli still didn't say anything. He just looked at her coldly.

"I came straight from an event." Shen Rou saw that he was looking at her and explained without waiting for him to ask anything. "I suddenly wanted to have a drink, so I came here. I didn't expect to meet you.

"If you're alone, we..."

"I'm sorry, I have an appointment." Gong Zeli finally said something, but it was just to reject her. "They're still waiting for me. Miss Shen, do as you wish. I'll take my leave first."

He then turned around.

"Zeli." Shen Rou was hurt by his cold attitude, but she caught up with him. "Do you really want us to be strangers? Just because I... did something wrong, are you going to be cold to me forever?"

"I've already apologized. Why can't you forgive me on account of our years of friendship?"

"Miss Shen, I've made myself clear." Gong Zeli didn't stop. He walked faster and faster as if he didn't see that Shen Rou couldn't keep up with him. "I've said it before. When we meet again, we'll treat each other as strangers."

"If an apology and repentance are enough, then everyone in this world is the Holy Father. It's your business if you're willing to be the Holy Father, but I'm not interested."

Forgive Shen Rou?

He reckoned that he would never be able to do it.

It was because of her that he missed the person he was supposed to spend the rest of his life with.

This was a lifetime of regret.

Chapter 2380: Did He Never Feel Anything for Her?

"Then, what do you want me to do for you to forgive me? Do you want me to kneel on the ground and apologize to you, or do you want me to kneel in front of Qiao Mianmian and apologize to her?" Shen Rou looked at the man who was walking faster and faster without looking back.

In the past, it was always him cooperating with her.

If he walked in front of her, he would quickly stop and wait for her.

Did he really not care about her anymore?

Didn't he see that the dress she was wearing made it easy for her to trip?

"Zeli, slow down. I can't keep up with you."

"Zeli, wait for me. I have something to tell you."

Shen Rou looked at the figure walking faster and faster. She gritted her teeth and chased after him.

But Gong Zeli walked too quickly.

Shen Rou was wearing a long dress and high heels. She didn't dare to walk too fast, afraid of falling. But seeing that Gong Zeli was about to enter the elevator, she quickly chased after him.

Her high heels suddenly tilted, and she let out a gasp before falling straight to the ground.

The ground was smooth marble.

Shen Rou fell to the ground, her knees and elbows hitting the ground.

Her face was pale from the pain, and tears rolled down her cheeks.

Everyone stopped in their tracks and looked at her.

Soon, someone recognized her and whispered, "Isn't that Young Lady Shen?"

"It's her. I saw the Weibo Night Awards Ceremony tonight. She's wearing the same attire as when she walked the red carpet."

"Why did she fall to the ground? It looks like she fell pretty badly. Should we help her?"

"Don't. Didn't you hear her call for Young Master Gong? She must be hoping for him to help her."

"Young Master Gong?"

They looked forward and saw Gong Zeli standing at the elevator.

It was rumored that Gong Zeli liked Young Lady Shen.

It was also rumored that he once said that he would only marry her.

But now, he only stood there and watched as she fell to the ground with no intention of helping her up.

Shen Rou was lying on the ground, unable to get up.

The beauty's eyes were glistening with tears and her face was pale. Her resentful and aggrieved gaze made the onlookers feel bad.

A waiter walked over to help her up. "Miss Shen, are you alright?"

Shen Rou pushed the waiter away and looked at the man standing at the elevator with tears in her eyes.

"Zeli, my leg hurts. I can't stand up," Shen Rou said pitifully. "Can you help me up?"

She knew that Gong Zeli was weak to soft approaches.

She didn't believe that he really didn't have any feelings for her.

They'd known each other for so many years, were all his feelings fake?

Did he never feel anything for her?

She didn't believe it.

Qiao Mianmian had only saved him once. Besides that night, they had no other interaction.

He didn't really like Qiao Mianmian.

He was just confusing gratitude for love.
