

Big Shot 2391

Chapter 2391: Could It Be That She Doesn't Dare to Come?

"You have to know that many boys in our class are still asking their parents for pocket money. But you can already work in the company. Qiao Chen, you're really amazing. You're practically my idol."

"That's right, Qiao Chen. You're so amazing. We all admire you."

"Qiao Chen, you're amazing. You got first place in the country in the exams, and now you're entering the company. How do you know everything? You're an all-rounder genius."

The boys were speechless seeing the group of girls swooning over him.

They had become invisible.

The girls only had eyes for Qiao Chen.

But they weren't jealous.

They had to admit that Qiao Chen was more outstanding than them.

They were speechless because the girls' motives were too obvious.

All of them wanted to be Young Madam Mo, right?

They were all fighting to get closer to Qiao Chen.

It wasn't that they were jealous. If they were Qiao Chen, they definitely wouldn't like any of them.

He had good looks, a good family background, and was a top student.

Such an outstanding person had to be matched with a girl as outstanding as him.

Not one of these female students was not smitten with him.

Speaking of which, it wasn't impossible to find a female classmate worthy of Qiao Chen.

They felt that Shen Xin was pretty good.

She was good-looking, came from a rich family, and had excellent grades.

But Qiao Chen didn't like her. So, even if she was worthy of him, it was meaningless.

At the thought of Shen Xin, someone couldn't help but mutter, "Eh, didn't they say that Shen Xin was coming today? Why haven't we seen her?"

"Yeah, why isn't Shen Xin here?"

If Qiao Chen was the girls' Prince Charming, then Shen Xin was the boys' goddess.

Before Shen Xin transferred schools, almost two-thirds of the boys in the class had a crush on her.

The remaining one-third actually had a crush on her, but they hid it very well.

“Are you sure Shen Xin will be here today?”

It had been a long time since they last saw their goddess. The boys were still looking forward to her arrival.

Qiao Chen was casually chatting with someone when he heard Shen Xin’s name.

That’s right.

Everyone was here, why wasn’t Shen Xin here yet?

She said she would come.

She even told him that they would meet at the class gathering.

Although she had a bad temper and was very particular about her cards, she wasn’t someone who didn’t have a sense of time.

She was always punctual in the past.

Did something happen on the way?

Qiao Chen’s expression changed.

He took out his cell phone and quickly typed a message.

Qiao Chen: [Shen Xin, why are you not here yet?]

He added “We’re all waiting for you” before sending the message.

Not long after, his cell phone vibrated.

It was Shen Xin’s reply.

Shen Xin: [I’ve already entered the elevator, I’ll be there soon. There was a car accident on the way, so the traffic was jammed.]

Qiao Chen’s heart returned to calmness, and his eyes lost their panic.

At this moment, he suddenly heard a strange laugh. “Could it be that she doesn’t dare to come?”

Chapter 2392: Now, He Wants to Pester Her

“In the past, she used her status as the daughter of the Shen family to shamelessly pester Qiao Chen. Now, Qiao Chen is different from before. He’s not someone she can bully. Is she afraid?”

Qiao Chen frowned.

Soon, another voice was heard. “Didn’t she feel too ashamed to continue in our school? It’d be best if she doesn’t come. I don’t want to see her annoying face. I don’t know who invited her. Who let her attend the class reunion? Isn’t this affecting everyone’s mood?

“Especially Qiao Chen’s mood.”

“That’s right, that’s right. Qiao Chen doesn’t like her the most, who let her come? So frustrating!”

“She used to pester Qiao Chen all the time. Now that she knows that he is the Young Master of the Mo family, she’ll probably pester him even more when she sees him. Hmph. Anyway, if she comes and still dares to pester Qiao Chen, I won’t let her succeed!”

“We have to protect Qiao Chen!”

Qiao Chen’s expression darkened and he clenched his fists.

A surge of anger rose in his heart.

It wasn’t like that.

He had already explained to them that Shen Xin hadn’t pestered him.

He didn’t hate her.

But why did they still say that about Shen Xin?

They had no idea that she had stopped pestering him.

Now, he wanted to pester her.

“You girls are too unfriendly.” The boys liked Shen Xin and couldn’t help but speak up for her. “Shen Xin is our classmate too. She’s been our classmate for almost four years. Thus, we decided to invite her.

“Hmph, are we wrong?”

The more someone spoke up for Shen Xin, the more upset the girls became.

They had long disliked Shen Xin.

She was in the limelight before she transferred schools. With her looks and good family background, she became the goddess in the hearts of many boys in school.

Almost every boy in school liked her.

Thankfully, Qiao Chen didn’t like her.

This made the jealous group of girls feel much better.

But even so, they couldn’t bear to see the boys speak up for Shen Xin.

“Didn’t Shen Xin pester Qiao Chen for years? I’ve never seen a girl as thick-skinned as her. Qiao Chen rejected her several times, but she still refused to give up.”

“Yeah, she’s so shameless.”

“She thinks as the daughter of the Shen family, all the guys have to like her?”

“She’s just relying on her status as the daughter of the Shen family. She’s nothing without it.”

“You guys treat Shen Xin as a good classmate and even speak up for her, but do you think others will even look at you? Don’t think we don’t know what you guys are thinking. No matter how much you lick her, in Shen Xin’s heart, you’re just a bunch of toads.”

What a terrible thing to say.

The boys’ faces darkened.

The atmosphere became tense.

The girls realized that they had gone overboard, but they refused to apologize.

Chapter 2393: Did They Hear It Right?

A voice suddenly rang out.

“I allowed Shen Xin to pester me. Also, I’ve never told anyone that I hate her.

“So, I don’t want anyone to spread these rumors in the future.

“Also, I rejected her not because I didn’t like her, but because I didn’t think I was worthy of her. She’d be outstanding even if she wasn’t the daughter of the Shen family.”

Everyone looked at Qiao Chen in shock.

Qiao Chen said that he allowed Shen Xin to pester him?

He rejected Shen Xin only because he felt that he wasn’t worthy of her?

Didn’t that mean that if he was worthy, he wouldn’t have rejected her?

He also mentioned that he didn’t hate Shen Xin.

So, Qiao Chen... might like Shen Xin?

Everyone was shocked again.

Especially the girls who spoke badly of her.

Qiao Chen was slapping them in the face.

What did he mean?

Did he really like Shen Xin?

But he used to dislike her.

Not just them, everyone in school thought that he didn’t like Shen Xin.

As if sensing something, Qiao Chen suddenly turned to look at the door.

Shen Xin was standing at the door with a pale face.

He wondered when she arrived.

Did she hear what the girls said?

Looking at her expression, Qiao Chen felt that she probably did.

Looking at Shen Xin's pale face, his heart ached.

Those attending this class gathering were close friends.

There were two girls among them. Qiao Chen remembered that they used to have a good relationship with Shen Xin.

But just now, they also criticized her.

No one would feel good if their good friend criticized them.

Qiao Chen regretted it.

Why didn't he stop them from talking?

He should have stopped them when he heard the first sentence.

At this moment, the others also noticed Shen Xin standing at the door.

The expressions of the girls who spoke ill of her changed again. They wondered if Shen Xin had heard what they said.

They heard that the Shen family was back on track.

Shen Xin, this poor daughter, was back in the limelight.

They were still a little afraid of her identity.

"Shen Xin, you're here."

The boys' eyes lit up when they saw their goddess. "Come and sit. We were all waiting for you."

Shen Xin stood at the door for a few seconds before nodding nonchalantly and entering the private room.

She looked normal.

After entering, she smiled and greeted everyone. "I'm sorry, I was caught in a jam on the way. I made you guys wait."

The girls looked at each other, thinking that she hadn't heard what they said.

"Not too long ago, we also just arrived." Seeing Shen Xin walk over, the boy who made room for her blushed.

Chapter 2394: Come and Sit Here

The thought of his goddess sitting beside him excited him.

Shen Xin had just walked to the seat when she heard the sound of fingers knocking on the table. She turned around and heard Qiao Chen say calmly, "There's no one sitting beside me. Come and sit here."

Everyone in the room was shocked.

Qiao Chen took the initiative to ask Shen Xin to sit beside him?

He used to avoid her!

Even Shen Xin was stunned.

Seeing that she was looking at him, Qiao Chen covered his mouth and said, "Fatty and Dong will be drinking later. You'll affect their drinking by sitting between them."

Fatty and Dong were speechless.

Who said they were going to drink?

Moreover, even if they wanted to drink, it wouldn't matter if Shen Xin was between them, right?

Before Dong could react, a classmate tugged at his shirt and gave him a look.

How stupid.

Couldn't he tell?

Qiao Chen was obviously trying to get Shen Xin to sit beside him, so he found an excuse.

It wasn't about drinking, he just wanted Shen Xin to sit beside him.

Even the slow-witted boys could tell Qiao Chen's true intention.

The girls could tell too.

They were wondering if Qiao Chen liked Shen Xin.

He used to avoid her.

But now, he actually took the initiative to ask Shen Xin to sit beside him.

He definitely wouldn't do this if he hated her.

But they really couldn't understand it.

Why did Qiao Chen suddenly start liking Shen Xin?

Was it really as he said, that he'd always liked Shen Xin and was unwilling to accept her in the past because he felt that he wasn't worthy of her?

The girls' expressions darkened.

If Qiao Chen liked Shen Xin, they had no chance!

"Oh, right, right, right. We're going to drink later." A certain fatty finally understood what was going on and nodded profusely. "Student Shen Xin, I'm sorry. You can sit with Qiao Chen."

Qiao Chen had already pulled out the chair beside him.

Shen Xin looked and he looked at each other for a while. She stood beside Fatty for a few seconds before walking towards Qiao Chen.

The girls looked at her with jealousy.

Shen Xin's dressing style was still as extravagant as before.

She took off her coat after entering the private room, showing her good figure. She was a 17 or 18-year-old girl, just like a blooming flower.

She was wearing a tight black velvet dress. Although it was a dress, the style was the same as a mini dress.

The black velvet dress was made of shiny material. Under the light of the crystal, it looked like she was sparkling.

Her makeup was exquisite, and her hair was curled up. There was also a diamond-studded hair clip with two tassels hanging down.

Shen Xin was pretty usually.

She was even more stunning when she dressed up.

The few guys who had a crush on her were stunned.

Their goddess got prettier.

Chapter 2395: Aren't You Cold?

Of course, Shen Xin was very beautiful before. But she was even more beautiful now.

Perhaps it was because she had completely matured, but her eyes were much more mature and reserved.

Shen Xin used to be more pampered.

Now, she exuded a calm aura, and her temperament was different from before.

She was even more attractive than before.

The group of boys stared at her and blushed.

Shen Xin was so pretty.

They knew it. How could Qiao Chen not like her?

Such a good-looking girl had been chasing him for years. If he wasn't moved at all, something must be wrong with him.

The boys looked at Shen Xin with admiration.

Seeing this, the girls at the table scolded them for being shallow and shameless.

Qiao Chen also noticed the gazes of his male classmates. He frowned and turned to look at Shen Xin.

She wasn't dressed sexily.

She was wearing a long-sleeved black velvet dress, a high-collared one. It wasn't revealing at all.

But it was beautiful.

Her skin was very fair, and the black dress made her skin look even fairer.

In Qiao Chen's memory, Shen Xin had always been exquisite.

No matter the occasion, she would always dress up nicely.

Even in her school uniform, she always dressed differently from others. She would work hard on many small details.

For example, she would put a diamond brooch on her school uniform or some other jewelry.

In any case, she looked like a real rich girl.

She was always wearing luxury brands.

One month ago, Qiao Chen saw her change into a new pair of shoes every day. It was said that each pair was from a luxury brand worth at least five or six figures.

To Qiao Chen back then, Shen Xin and he were from two different worlds.

He couldn't understand her life at all.

When he rejected Shen Xin, he did have some materialistic considerations.

Everything that Shen Xin consumed wasn't something he could afford.

If he got together with her, he wouldn't have the money to spend.

And he would never spend his woman's money.

Shen Xin's dressing tonight was very normal. It was no different from her previous style.

But Qiao Chen frowned.

"Aren't you cold?" he couldn't help but ask.

"Mm?" Shen Xin was stunned. "No."

The heater was on, how could she be cold?

And her dress had a certain thickness.

Qiao Chen's expression stiffened. "You're so thin, how could you not be cold?"

"But I..."

Shen Xin wanted to say that she really wasn't cold, but before she could finish speaking, Qiao Chen called the waiter over. "Go get Miss Shen a blanket."

Shen Xin: "..."

She wasn't cold.

She didn't need a blanket.

But the waiter had already followed Qiao Chen's instructions and left the private room to get her a blanket.

Qiao Chen's actions made the others at the table even more curious.

Chapter 2396: More Sour Than a Lemon

The boys were slow to react and probably didn't know what Qiao Chen was doing.

But the sensitive girls could already tell that it was ambiguous.

Was Qiao Chen trying to use a blanket... to cover Shen Xin?

Was it because he didn't want the boys to stare at her?

Such possessiveness and jealousy...

The girls felt sour.

No, it was worse than eating a sour lemon.

Shen Xin was superior to them in every aspect, and it wasn't easy for them to use Qiao Chen's incident to attack her. But if Qiao Chen liked Shen Xin, how could they attack her?

They were the ones who felt the blow.

Even the poor Qiao Chen and Shen Xin would feel uncomfortable when they were together.

But now, Qiao Chen was the Young Master of the Mo family.

If Shen Xin was with him, they wouldn't even be incompatible in the family.

Soon, the waiter returned with a blanket.

Qiao Chen took it and handed it to Shen Xin. "Put it on."

Shen Xin: "..."

"Qiao Chen, I'm not cold. I..."

"You're obviously cold, don't deny it. Your elegance isn't as important as your temperature."

This time, Qiao Chen draped the blanket over her without caring if she was willing.

When his hand passed through her hair and touched her neck, Shen Xin stiffened.

Qiao Chen wrapped the blanket around her and only let go after making sure she was fully covered.

Shen Xin looked down at the blanket and slowly looked up at him with a complicated expression.

What was Qiao Chen trying to do?

First, he said in front of everyone that he allowed her to pester him. He even said that he didn't accept her because he felt that he wasn't worthy of her.

And now, he was doing this to her in public.

Although it was just a blanket, they wouldn't do this if it was a normal couple.

This was already considered ambiguous.

Qiao Chen wasn't trying to avoid suspicion at all.

The table was silent.

Everyone was shocked.

After all, they'd always thought that Qiao Chen didn't like Shen Xin.

In the past, he avoided her whenever he could.

All along, they saw Shen Xin clinging to Qiao Chen shamelessly. Qiao Chen always looked annoyed.

Hence, they felt that he definitely hated Shen Xin.

Who wouldn't hate being harassed by a girl they didn't like for years?

But Qiao Chen's actions were like a slap to their faces.

"Are you still cold?" Qiao Chen asked gently as if he hadn't noticed the stares around him.

Shen Xin: "..."

She shook her head. "No."

She wasn't cold, to begin with.

He was the one who insisted on covering her with a blanket.

"That's good." Qiao Chen nodded and smiled. "If it's still cold, get the waiter to increase the temperature of the air conditioner. It's not good to catch a cold in this weather. I remember you caught a cold once, and it took a long time to recover."

Such gentle and considerate words, not to mention others, even Shen Xin was a little dazed.

What was Qiao Chen up to tonight?

Chapter 2397: Are You Two Dating?

"Qiao Chen..."

The girl sitting opposite finally couldn't hold it in anymore and asked with jealousy and dissatisfaction, "Can I ask a question?"

Qiao Chen turned to look at her. "What do you want to ask?"

"You and Shen Xin..." The girl bit her lip and looked at them. "Are you two dating?"

Shen Xin was stunned. Just as she was about to speak, Qiao Chen replied first. "No, I'm still pursuing Shen Xin. She hasn't agreed to it."

“W-What?” The girl widened her eyes in shock.

The others also felt like a huge melon had landed on their heads. They were all stunned.

Qiao Chen was chasing Shen Xin?

Was the sun rising from the west?

Hadn't Shen Xin been chasing Qiao Chen all along?

But now they reversed roles?

Of course, this wasn't the main point. The main point was that Shen Xin still hadn't agreed?

Didn't she like Qiao Chen very much?

What was going on?

Shen Xin was also stunned. She turned around and looked at the person beside her.

“Qiao Chen, are you serious?” the girl asked with a pale face.

“Of course.” Qiao Chen looked calm. “Previously, because of my inferiority complex, many people thought that I didn't like Shen Xin. And because I didn't explain in time, many misunderstandings towards her were created, causing her to suffer a lot.

“So, she's still unwilling to accept my pursuit.

“But I won't give up.”

At this point, Qiao Chen turned to look at Shen Xin with gentle eyes. “Shen Xin, I've said it before. It's my turn to chase you. Today, everyone sitting here is my witness. You've chased me for four years. No matter what, I have to chase you for four years.”

Shen Xin looked at him blankly.

“Qiao Chen, you...”

“I'm serious.” Qiao Chen's eyes were bright, and the outline of the young man's handsome and exquisite face was clearer and clearer. His eyes were firm as he expressed his determination in front of everyone.

“Shen Xin, it's my turn to chase you from now on, alright?”

“Qiao Chen, I...” Shen Xin was at a loss for words.

“You don't have to answer me now. You can think about it when you get back. You know my cell phone number. Call me when you've thought about it.”

The others at the table didn't expect to eat dog food.

Who would have thought that Qiao Chen liked Shen Xin?

This was probably the most shocking thing to happen in the past few years.

The girls who mocked Shen Xin for being shameless and clinging to Qiao Chen felt their butts burn.

As for the boys who had a crush on Shen Xin, although they felt jealous, they weren't as petty as the girls and quickly accepted reality.

They knew very well.

Even if Shen Xin wasn't with Qiao Chen, she couldn't be with any of them.

Although they had a crush on her, they knew their place.

If Qiao Chen wanted to chase Shen Xin, they probably wouldn't be a match.

Shen Xin had always liked him.

He was also very eligible.

If Shen Xin was going to get married in the future, they would rather it be Qiao Chen than another man.

Chapter 2398: Could This Be the Power of Bloodline?

It wasn't a pleasant meal.

Ever since Qiao Chen publicly announced that he wanted to pursue Shen Xin, the girls at the table seemed to have taken a pill and barely spoke.

Qiao Chen kept putting food into Shen Xin's bowl.

This scene made the other girls lose their appetite. Before they finished eating, three girls found an excuse to leave early.

Although the rest of them were still sitting, their minds were no longer there.

After a tasteless meal, the rest of them left.

There was supposed to be an activity after dinner.

The initial plan was to find a KTV to play for a few more hours after lunch.

But now, all the girls were gone.

Besides Shen Xin, there was only a group of boys left.

The other boys saw that the other girls had left and didn't dare to stay.

Hence, they found excuses and left too.

At once, only Qiao Chen and Shen Xin were left.

"Are you going home too?"

After paying, Qiao Chen took his card from the person at the counter. Shen Xin glanced at it. It was a black card that symbolized his status.

There was even a special symbol of the Mo family on it.

The people in the industry knew that the symbol represented the cardholder as a symbol of the Mo family.

Only the direct relatives of the Mo family could get such a card.

Shen Xin was in a daze. Her gaze landed on the black card for a few seconds before turning back to the handsome face of the young man in front of her.

The Qiao Chen now was indeed not the Qiao Chen from before.

He hadn't changed much, but Shen Xin noticed a few things.

He didn't grow up in the Mo family. But now, Shen Xin could feel Mo Yesi's aura exuding from him.

A strong and steady aura.

It was as if he'd grown up in the Mo family.

Was this the power of bloodline?

Even though Qiao Chen didn't grow up in the Mo family, he was getting closer and closer to their style because he was a member of the family?

The young man was still the same young man.

But everything else was different.

Shen Xin felt that Qiao Chen must have experienced something after returning to the Mo family.

His eyes weren't as clear as before. He was starting to hide things, and he'd learned to hide his emotions.

She could see through Qiao Chen in the past, but now she couldn't.

He seemed to have put on a layer of armor over himself. All she could see was what he chose to let her see.

"What are you looking at?" Qiao Chen saw that she was staring at him and looked a little uncomfortable. He reached out and touched his face. "Is there something on my face?"

"No." Shen Xin shook her head. She kept quiet for a while before saying, "Qiao Chen, thank you."

"Why are you thanking me?" Qiao Chen was stunned.

Shen Xin looked into his eyes. "Thank you for everything you've done for me, saving my face."

Qiao Chen was stunned again. After a while, he said, "You think I said all that just to save your face?"

Shen Xin nodded. "Mm, thank you."

"Shen Xin." Qiao Chen suddenly spoke seriously.

Shen Xin looked at his dark and bright eyes, and her heart trembled.

Chapter 2399: I've Always Known

“Let’s talk somewhere else.” Qiao Chen reached out and grabbed her wrist. Under Shen Xin’s shocked gaze, he pulled her into the elevator and pressed the 13th-floor button.

The 13th floor was a cafe set up by the hotel.

After entering the elevator, he let go of her hand.

Shen Xin looked at him blankly. She could still feel the warmth of his fingers on her wrist.

“Qiao Chen, where are you taking me?” Shen Xin looked at the button he pressed and frowned. “What do you want to say to me? Can’t you say it here?”

Qiao Chen turned to look at her. “Are you in a hurry to go back?”

“No, I...”

“Since you’re not in a hurry, then go back later.” Qiao Chen paused and added, “I’ll send you back later.”

Shen Xin kept quiet.

The elevator was very small, and they were very close.

She could smell Qiao Chen’s perfume. It was faint and pleasant, not pungent at all.

Shen Xin was stunned.

She remembered that Qiao Chen didn’t use perfume in the past.

Why was he using it now?

That was true. Now that he was the Young Master of the Mo family, his basic necessities were different from before.

Neither of them spoke for a while. Shen Xin watched as the elevator went up. She had a lot to say, but she couldn’t open her mouth.

The silence was awkward.

Thankfully, the elevator soon reached the 13th floor.

After exiting the elevator, Shen Xin saw that the 13th floor was a cafe and Western restaurant. The moment they stepped out of the elevator, a waiter immediately greeted them.

“Good evening, Mister and Miss.”

Qiao Chen told the waiter that they were going to the cafe, and the waiter led them into it.

The cafe was romantically decorated. There was even a small performance stage. At this moment, a blonde foreigner was standing on the stage, playing the violin. The melodious and slow music floated in the air, making people feel like they were at a ball.

Qiao Chen picked a seat and they sat down. Then, a waiter came over.

“Mister, Miss, what would you like to drink?”

“A cup of black coffee for the lady. Oh right, add more milk and sugar to her coffee. She likes sweeter flavors.”

“Alright, please hold on.”

The waiter left with the order.

Shen Xin was shocked. “You know what I like to drink?”

“Mm.” Qiao Chen nodded. “I remember you like coffee sweet. Did I remember wrongly?”

Shen Xin was silent for a while before shaking her head. “Mm, you didn’t remember wrongly.”

She did like cappuccinos.

She liked the sweet taste. Every time she ordered coffee, she would add another spoonful of milk and sugar.

However, she didn’t expect Qiao Chen to remember such details.

How did he remember?

He hadn’t paid attention to her before.

“Qiao Chen, can I ask you a question?”

“Mm, ask away.”

“How do you know what I like to drink?”

Qiao Chen kept quiet for a few seconds. “I-I’ve always known.”

Shen Xin was stunned. “You’ve always known?”

“Mm.”

“How?”

Chapter 2400: She’s So Superficial!

“You treated me to a few meals.” Qiao Chen pursed his lips as he recalled the past, and a gentle smile appeared in his eyes. “I remember you asking the waiter to get you a cappuccino every time.”

Shen Xin’s heart raced when she saw the smile in his eyes.

She bit her lip, her eyes filled with disbelief. “So, y-you’ve been paying attention to me since a long time ago?”

“Mm.”

Qiao Chen nodded calmly. “To be precise, when you first confessed that you liked me, I started paying attention to you.”

Shen Xin was completely stunned.

He had been paying attention to her since then?

But she thought he wasn't interested in her at all.

"Shen Xin." Qiao Chen's gaze was fixed on the girl sitting opposite him, and his eyes were apologetic.

"I'm sorry. I rejected you because I felt that it was impossible between us from the start. I didn't want you to have any fantasies, so... I deliberately treated you coldly.

"I thought that you wouldn't be interested in me anymore after what I did to you. Actually, I know very well how good you are to me. It's just that I didn't have money or power, and I was ill back then. I didn't dare to hope for anything.

"I don't have the right to expect anything.

"You're very good, you shouldn't be delayed by someone like me. Moreover, our social classes were too different, and many of our concepts were different. Your casual meal, a piece of clothing, a pair of shoes, and even the money for a hairdo might be my annual living expenses.

"If we really got together, what could I have done for you? Perhaps I couldn't even afford to treat you to a meal at a high-end restaurant.

"Soon, you'd feel that it was meaningless to be with a poor guy like me."

"No, Qiao Chen, I..."

"Shen Xin, let me finish." Qiao Chen smiled at her. "I believe you really like me. But have you heard of this saying? Reality defeats love. Your love for me can't compare to reality."

"I..." Shen Xin opened her mouth to deny it.

If she despised him for being poor, she wouldn't have liked him.

"Shen Xin, let me ask you, why did you chase me back then? What part of me did you like? Or rather, what part of me attracted you?" Qiao Chen still had a smile on his face as he asked softly.

Shen Xin was stunned.

What did she like about Qiao Chen?

She looked at the young man's exquisite face and suddenly blushed. She bit her lip and said a little embarrassedly, "Do you want to tell the truth?"

"Of course."

"Alright." Shen Xin pursed her lips and touched her slightly hot cheeks. "I chased you back then because... because I thought you were very good-looking."

She was so superficial!

Back then, Qiao Chen was just a poor boy, and Shen Xin wasn't short of money. The only thing that could attract her was his looks.

She fell in love with Qiao Chen's looks at first sight.

At that time, she thought that such a good-looking guy must be her boyfriend.

She thought it was a simple matter.

She, Shen Xin, was good-looking, had a good family background, and excelled in her studies.. If she pursued him, she thought that no guy would reject her.
