

## Big Shot 2401

### Chapter 2401: I Can Give You Everything You Want Now

But she didn't expect Qiao Chen to reject her.

She still remembered how shocked Qiao Chen was. He thought she was joking with him or lost a bet.

After confirming that she was serious, he rejected her without hesitation.

He said: [Student Shen, we're still young, we should focus on our studies. If you really want to date, you can find someone else. I'm not suitable for you.]

When he said this, he looked serious, like a veteran.

Shen Xin was the type of person who became braver the more setbacks she faced.

This was the first time in her life that she was rejected. She felt embarrassed.

Thus, she swore to herself that she would win Qiao Chen over.

Otherwise, Shen Xin's name would be read backward.

At first, she was indignant and wanted to save face. But as she chased after him, she slowly gave her heart away.

Qiao Chen wasn't surprised at all.

He already knew that Shen Xin liked his looks.

This was his best feature.

"So, you like me only because I'm good-looking." Qiao Chen paused for a while before saying, "The attraction of appearance is only temporary. Because it can be replaced at any time. I guess after I rejected you, you insisted on chasing me because I embarrassed you?"

Shen Xin: "...Yes."

"So if I had agreed, I believe you'd have lost interest in me soon."

"No." Shen Xin quickly denied it. "At first, it was because I wanted to regain my dignity, but later, it changed. Qiao Chen, later, I... I really fell for you."

"I know." Qiao Chen sighed. "That's why I didn't agree to it. I couldn't give you happiness. We'd break up soon after we got together. That would hurt both of us."

"But it's different now." Qiao Chen's eyes lit up as his gaze locked onto her. "Shen Xin, I can give you everything you want now."

"I can buy you all your favorite dresses, bags, and shoes."

"We'll go to whichever restaurant you like."

He was about to undergo surgery.

Then, he would become a normal and healthy person.

He was qualified to have what he wanted.

He wouldn't push out the person he liked anymore.

Shen Xin didn't know why, but her nose started to sting.

She never knew that Qiao Chen rejected her because he had so many considerations.

She choked for a while before saying, "Qiao Chen, you said you're sick? What's... wrong with you?"

Everyone could tell that Qiao Chen was sick.

His face was pale, and he always looked sick. This was different from normal people.

But Qiao Chen was normal before.

He only fell sick after fainting at a sports meet.

After that, he took a long leave.

That was when she'd argued with him and decided to give up on him.

Hence, when he fainted in the hospital, she didn't visit him out of spite.

Some of his classmates went to see him, but they didn't say what illness he had. They just said that he might not return to school.

### **Chapter 2402: She Felt More Responsible**

Later, he returned to school.

Qiao Chen had changed a lot after returning to school. He had lost a lot of weight and looked haggard. Moreover, he couldn't attend physical education classes anymore.

When Shen Xin saw him again, she was no longer angry.

Her heart ached.

She'd asked him about his illness before, but he hadn't said anything.

"Heart disease." Qiao Chen had nothing to hide now. "I didn't even know how long I'd live, so I couldn't agree to be with you."

"Heart disease?" Shen Xin widened her eyes in shock.

"Mm." Qiao Chen nodded. "But I'll be fine after undergoing surgery."

Shen Xin's heart tightened. It was because of his words that the invisible hand holding her heart slowly relaxed.

"Your heart disease... can be cured by surgery?"

“Sure.” Qiao Chen nodded. “When the time comes, Brother-in-law will be my chief surgeon. He told me that I can be normal after the surgery.”

*So, I’m qualified to pursue you in the future.*

*I’m no longer a person who can die at any time.*

*I also have the ability to give you the life you want. I’m no longer that poor guy with nothing to his name.*

He could pursue what he wanted.

“That’s great.” Shen Xin was happy for him. “Brother Yesi is amazing. Since he said so, he can definitely cure you. Qiao Chen, I’m really happy for you.”

“Mm.” Qiao Chen smiled. “Brother-in-law is very powerful, I believe him too.”

“Then, I wish you all the best.” Shen Xin raised her coffee cup.

“Alright.” Qiao Chen raised his coffee cup too, and their cups clinked in the air.

Shen Xin took a sip of her coffee.

At this moment, she wasn’t as calm as she looked. From the moment Qiao Chen announced that he was chasing her, she couldn’t calm down.

And his confession.

Although Shen Xin had already decided to give up on this one-sided relationship, she couldn’t let go of her feelings so easily.

She wanted to give up, but she still had feelings for Qiao Chen.

She was still attracted to him.

This was the first boy she had fallen for, and she had chased him for four years.

He finally responded to her feelings and was willing to be with her.

However, Shen Xin didn’t know how to respond.

Her mind was in a mess and she couldn’t think properly.

What she wanted so badly in the past was now in her hands, but she didn’t have the desire to get it.

Even if she still liked him, the Shen family’s calamity made her grow a lot in an instant. She was no longer the carefree Shen Xin.

She felt more responsible.

She wanted to become stronger quickly. She didn’t want to be unable to help her family in the future if they encountered any difficulties.

Only when she became stronger could she help them.

“Shen Xin, you’re still single, right? Can I pursue you?” Qiao Chen asked softly after a while.

The young man sounded a little nervous.

He was afraid that Shen Xin had met someone she liked in her new school.

### **Chapter 2403: It Can Only Be Me!**

“Qiao Chen.” Shen Xin was silent for a while before giving him an apologetic look. “I just want to focus on my studies. I’m not in the mood to think about anything else for now.”

Qiao Chen was stunned.

This sentence sounded especially familiar.

He suddenly found it funny.

That was what he said when he rejected Shen Xin. He said that he only wanted to study hard and not think about anything else.

He didn’t expect her to use such a reason to reject him.

But he wasn’t disappointed.

He’d thought that if Shen Xin didn’t agree to it, he’d keep chasing her.

She used to chase him like this too, but now it was his turn.

He was a little happy.

Shen Xin’s answer meant that she was still single, which made him feel more at ease.

“You can reject me, but I still have the right to pursue you.” Qiao Chen acted like a rascal. “It’s fine if you don’t accept me, I’ll pursue you. When you want a boyfriend, I hope that I’ll be the first person you consider.”

Another voice in his heart said domineeringly: It can only be me! You’re not allowed to consider other guys besides me!

Shen Xin: “...”

Why did Qiao Chen’s words sound so familiar?

Wasn’t this what she said to him when she pestered him?

But now... the tables had turned?

Qiao Chen became the past her, and she became the past Qiao Chen?

Shen Xin felt that this was too unreal.

She wanted to tell Qiao Chen that they wouldn’t be in the same place in the future. He would slowly forget her.

Based on his current situation, he was definitely going to study overseas. His grades were randomly chosen from top universities overseas.

The Mo family would definitely send him overseas.

And her university was in China.

The two of them would be separated from each other in the future. As time passed, everything faded.

But she didn't say anything.

"Qiao Chen, when are you going for the surgery?" Shen Xin changed the topic.

"Probably in the next two days." Qiao Chen didn't say that he delayed it because of the class reunion.

Otherwise, he would have already undergone surgery.

"Can I visit you at the hospital?" she asked.

"Of course you can." Qiao Chen smiled. "I'll be very happy if you do."

The young man said this with his clear and black eyes fixed on her.

He blushed.

He seemed embarrassed, but his eyes were fixed on Shen Xin.

He no longer hid his true feelings. His eyes were full of love for her.

Shen Xin's heart pounded. She felt as if the young man's eyes could steal her soul.

#### **Chapter 2404: Do You Like It?**

The two of them stayed in the cafe for a while before Mother Shen called to ask when Shen Xin was coming home.

Shen Xin was still young, and Mother Shen had always doted on her younger daughter. Shen Xin had a deal with Mother Shen.

She had to go home before 10:00 PM.

After Shen Xin picked up Mother Shen's call, she suggested going home.

"I'll drive you home," Qiao Chen said.

"No, I'll get the chauffeur to pick me up." Shen Xin rejected his offer.

Shen Rou wouldn't allow her to interact with Qiao Chen.

If she saw it...

Recently, her sister's temper had become very strange. Shen Xin didn't want to provoke Shen Rou.

"I'll drive you." Qiao Chen insisted. "Get the chauffeur to go back on his own."

Shen Xin: "No need, I..."

“Shen Xin, let me send you home.” Qiao Chen was stubborn. “Let me send you home.”

Shen Xin didn't know why he was so insistent.

But at Qiao Chen's insistence, she still agreed.

She didn't think Shen Rou would see it.

...

Qiao Chen wanted to take her home.

Thus, he called the chauffeur in advance.

At the underground car park, he brought Shen Xin to a black Rolls-Royce.

The chauffeur was waiting for him.

When he saw him, he immediately greeted him respectfully. “Young Master Chen.”

He then looked at Shen Xin. “This is...”

“Miss Shen Xin.” Qiao Chen introduced her.

“Miss Shen?” The driver was stunned for a moment, and a strange look flashed past his eyes. He then politely greeted, “Miss Shen.”

Could this Miss Shen be from the Shen family?

Because Shen Xin was young, she didn't attend as many events as Shen Rou. Hence, not many people in the circle knew her.

The chauffeur didn't know her, either.

But he knew about the relationship between the Shen and Mo families.

The chauffeur opened the door, and Qiao Chen let Shen Xin enter first before getting in himself.

The door closed.

Shen Xin sat in the spacious Rolls-Royce and recalled the chauffeur's respectful attitude towards Qiao Chen. She couldn't help but feel that his status was indeed different now.

It was obvious that the Mo family valued him.

Otherwise, the driver wouldn't have such an attitude.

Moreover, the Mo family even held a very grand banquet for him previously. It was to introduce him to the people in the circle and let everyone in the upper-class society know that a descendant of the Mo family was being recognized.

The Mo family valued bloodline.

Shen Xin was happy for Qiao Chen.

His life would definitely get better.

She would be happy as long as he was doing well.

“Do you like it?” Qiao Chen asked gently as he turned to look at her.

“Mm?” Shen Xin turned around and blinked.

Qiao Chen smiled.

His skin was pale, and his lips were red. “What do you think of this car?”

“Mm?” Shen Xin nodded. “Not bad.”

How could a limited edition Rolls-Royce not be good?

The Shen family had one, too.

It was a symbol of status and power.

“Then, do you like it?”

“Ah?” Shen Xin was stunned again and shook her head. “This car is suitable for boys, right? Girls rarely drive a Rolls-Royce.”

Moreover, most of the people who drove Rolls-Royce were older men of at least 30 years old.

Young people rarely chose this car.

#### **Chapter 2405: I Said You're Not Allowed to Hang Out With Him!**

“What car do you like?” Qiao Chen asked again.

Shen Xin thought that he was trying to find a topic to talk about to prevent them from being too awkward. Hence, she chatted with him. “Mm... I like sports cars, especially pink sports cars. It's best to get a few Pikachu stickers on it, very? *Kawai*.”

“You like it?”

“Yes. Do you think it's childish?”

“No.” Qiao Chen shook his head. “Pink sports cars are pretty good.”

Pink sports car, Pikachu?

Qiao Chen quietly took note of this.

...

At the Shen Residence.

The Rolls-Royce stopped outside the villa.

Shen Xin got out of the car.

Seeing that Qiao Chen was about to get off, she quickly stopped him. "Alright, you don't have to get off. I'll be right in."

Without waiting for him to say anything, she waved at him. "Goodbye, Qiao Chen. Let me know when you're going for the surgery. I'll go to the hospital to see you."

She turned around and pressed the doorbell. Soon, a security guard opened the door for her.

Shen Xin walked in quickly, and the door slowly closed.

Qiao Chen waited until the door was closed and Shen Xin couldn't be seen anymore before getting the chauffeur to drive off.

Shen Xin felt her cell phone vibrate.

She took it out and saw that it was a message from Qiao Chen.

[Have a good rest. Good night and good dreams.]

Even though Shen Xin had already said that she didn't want to start a relationship, she couldn't help but smile when she saw Qiao Chen's message.

How could she not like it when she received a "good night" from someone she liked?

She quickly typed a reply: [Mm, good night.]

Then, she looked up and saw someone walking down.

It was Shen Rou.

Shen Rou came down in a purple silk nightgown. Her expression was a little dark as she walked to her and asked coldly, "I was upstairs and saw you get out of a car. Who sent you back?"

Shen Xin's heart skipped a beat. She didn't expect Shen Rou to see it.

But she quickly regained her composure. "A friend. He said it wasn't safe at night, so he sent me back."

"Friend? What friend?" Shen Rou wasn't satisfied with her answer. "Man or woman?"

Shen Xin frowned. "Sister..."

"Answer me!" Shen Rou's tone suddenly became stern, and her expression darkened. Her dark and cold gaze landed on Shen Xin's face. "Was it Qiao Chen?"

Shen Xin widened her eyes.

Shen Rou knew that she was right.

Her expression darkened, and her eyes grew terrifyingly cold. She suddenly gritted her teeth and said angrily, "You're still hanging out with him? You actually allowed him to send you home? Shen Xin, what did I tell you? I said you're not allowed to hang out with him!

"Have you forgotten how the Mo family treated us?"

"Why are you so spineless and cheap? You're still in contact with them?"

Shen Xin's face went pale.

"What's wrong, what's wrong?" Madam Shen heard the commotion and came downstairs.

Looking at the two sisters, one with a cold expression and the other with a pale face, Madam Shen frowned and asked, "What exactly is going on?"

#### **Chapter 2406: But She Knew the Truth**

"Mom, you know how the Mo family treated us back then, right? You begged Old Madam Mo, but she didn't help us in the end." Shen Rou gritted her teeth.

"Of course I know."

Madam Shen's expression darkened. "I was the one who begged Old Madam Mo. How could I not know?"

"The Mo family was so heartless to our Shen family. We're irreconcilable enemies. But now, Shen Xin is actually interacting with them. She even likes that brat Mo and wants to be with him.

"Shen Xin, I'm telling you, you can be with any man, but not that brat Qiao Chen.

"Not only is he a member of the Mo family, but he's also that slut's brother. If you want to be with him, then you're not a Shen anymore. I don't have a sister like you." Shen Rou was furious.

"What? Xiao Xin is with someone from the Mo family? The Qiao Chen you're talking about... is he the one the Mo family acknowledged..."

"It's him."

Madam Mo attended the banquet that night.

Hence, she had an impression of Qiao Chen.

If the Mo and Shen families didn't have such a relationship, she would definitely support Shen Xin and Qiao Chen.

But now...

Like Shen Rou, Madam Shen detested everyone from the Mo family.

"Xiao Xin, is this true?" Madam Shen turned around and frowned.

Shen Xin bit her lip. Her face grew even paler under the crystal lights.

"Say something." Madam Shen raised her voice. "Is what your sister said true? Do you still like him?"

Shen Xin bit her lip until a bloody mark formed. She then opened her mouth and said, "Yes."

Shen Rou sneered.

Madam Shen frowned even more. "Then, do you know that he's a member of the Mo family now?"

"...I know."

“Then, do you know that the woman who stole Mo Yesi from your sister is his sister?”

“I know. But Mom, Qiao Chen’s sister didn’t snatch Brother Yesi. She and Brother Yesi are a couple who like each other.” Shen Xin couldn’t help but defend herself.

Although Shen Rou was her sister, she knew the truth.

Shen Rou had always liked Mo Yesi, but he had never responded to her.

Hence, Mo Yesi and Shen Rou weren’t a couple. They were just friends.

Mo Yesi had never let Shen Rou down.

He had no obligation to respond to her feelings, just like how Qiao Chen had no obligation to respond to her feelings back then.

Shen Rou’s expression darkened. “Shen Xin, have you forgotten who you are? Your surname is Shen, and you’re my sister. How dare you speak up for that slut?”

“Are you willing to give up your family for a man?”

“Sister, I didn’t mean that.” Shen Xin pursed her lips as her eyes reddened.

#### **Chapter 2407: Definitely Not**

“Xiao Xin.” Madam Shen’s expression was serious. “Your sister is right. Our families are at odds. You and Qiao Chen are not to interact anymore. When the Shen family was in danger, your sister and I begged the Mo family, but they refused to help.

“If it wasn’t for your sister’s help, the Shen family would have gone bankrupt.

“The Mo family is so heartless and cruel. Our families will never interact in this lifetime. You’re the same. You’re not allowed to interact with anyone from the Mo family, got it?”

Shen Xin clenched her fists, and tears welled up in her eyes.

She wanted to tell them that Qiao Chen was innocent.

The feud between the two families had nothing to do with him.

He wasn’t the one who refused to help.

He had helped the Shen family before.

But when she met Madam Shen and Shen Rou’s angry eyes, she couldn’t say anything.

She knew that it was useless to say anything.

Shen Rou’s hatred for Mo Yesi and Qiao Mianmian had already seeped into her bones.

The hatred in her eyes was so strong.

And Madam Shen... she hated the Mo family so much.

No matter how much she spoke up for Qiao Chen, they wouldn’t listen.

“Xiao Xin, did you hear that?” Madam Shen repeated her words coldly. “You’re not allowed to interact with Qiao Chen anymore. Even if you really like him, you’d better give up now.”

Shen Xin’s nose was sore, and her eyes stung. She bit her lip, and her lips trembled. Under Madam Shen and Shen Rou’s sharp and cold gazes, she softly said, “Alright.”

Tears rolled down her cheeks.

“Alright, don’t cry.” Madam Shen couldn’t bear to see her younger daughter cry. She patted her back and said gently, “Xiao Xin, if it was in the past, Mom would definitely support you.

“But not now. Since he’s from the Mo family, you can’t be together.

“It’s better to cut it short. You’re still young. It’s easy to like someone at your age, and it’s also easy to forget them. Don’t think about anything now, just focus on your studies. Mom will definitely find you a better boy in the future.

“Remember, you cannot be with anyone from the Mo family.”

Shen Xin pursed her lips as her tears fell silently.

A boy more outstanding than Qiao Chen?

Perhaps.

But she only liked him.

No one would hold such an important place in her heart anymore.

Because there was only one Qiao Chen in this world.

“Xiao Xin, Mom and I are doing this for your own good. The Mo family is heartless, they’ll hurt you sooner or later. Even if you resent us now, you’ll know who treats you well in the future.

“If I find out that you’re together again, don’t blame me for being heartless.” Shen Rou turned around and went upstairs.

“Don’t blame your sister for being harsh. She doesn’t feel good, either.” After Shen Rou left, Madam Shen patted the back of Shen Xin’s hand and sighed. “You know how much she liked Mo Yesi, but he ended up with Qiao Mianmian.”

#### **Chapter 2408: I’ll Wear It for You When We Get Back**

“Your sister was devastated.

“I heard that Qiao Chen is Qiao Mianmian’s brother. Think about it, if you get together with your sister’s enemy’s brother, can she accept it?

“Moreover, the Mo family is indeed heartless. If it wasn’t your sister, our Shen family would really be finished. Your sister is the backbone of our family now, and we have to rely on her for everything. Don’t make your sister angry anymore. Listen to her and don’t interact with that Qiao Chen anymore, alright?”

...

On the day of Qiao Chen's surgery, everyone in the Mo family went to the hospital.

Worried, even Old Madam insisted on going.

Old Madam, Mo Yunchen, Madam Mo, Mo Xingshu, Mo Shixiu, and Jiang Luoli.

Qiao Mianmian also let go of everything to go to the hospital.

She knew that Mo Yesi used to be a doctor, but she'd never imagined what he would look like in a white coat.

He was always in a suit, well-dressed, and cold.

Hence, when Mo Yesi changed into his white coat and appeared in front of her with Lu Rao, Qiao Mianmian was stunned.

This was Mo Yesi?

She stared at the man in front of her. He looked familiar, but he gave her a strange feeling.

Mo Yesi was wearing a white coat and glasses. Coupled with his handsome face, he looked like a ladies' man.

She thought that if he continued being a doctor, many female patients would be charmed by him.

There was such a handsome doctor in the hospital. Anyone who wasn't sick would probably want to get some disease for him to take a look at.

Thankfully, he wasn't a doctor.

Qiao Mianmian thought.

"Is there a problem?" Mo Yesi smiled and walked towards her. "Why are you looking at me like that?"

As they got closer, Qiao Mianmian felt that the man in front of her was really good-looking.

This face looked like it was carved by God. Every part of his face was perfect.

Through the thin lens, he looked at her with his deep eyes. It was as if he could devour her.

Qiao Mianmian's heart raced.

She was hopelessly smitten with her husband's face.

She blushed and shook her head. "Nothing. I just feel that you're... very..."

"Mm? Very what?" Mo Yesi raised an eyebrow.

Qiao Mianmian blushed and her heart skipped a beat. "Very good-looking."

"Mm?"

Mo Yesi was stunned. "You think it looks good?"

“Mm.” Qiao Mianmian nodded. “Yes.”

It felt like a uniform...

“Alright.” Mo Yesi nodded.

Qiao Mianmian was speechless.

What was good?

The man lowered his head and whispered into her ear, “If you like it, I’ll get Lu Rao to prepare a new set for me. I’ll wear it for you when we get back.”

Qiao Mianmian was speechless.

### **Chapter 2409: Everything Will Be Better in the Future**

Why did he suddenly go on the attack!!

Her face heated up, and she pushed him gently as she looked up and glared at him. “Can you be more serious?”

Mo Yesi smiled and backed off. “Alright, we’ll talk about this when we get back.”

“Brother-in-law, what were you whispering to Sister about?” Qiao Chen entered and saw his brother-in-law whispering into his sister’s ear.

Then, his sister blushed and glared at his brother-in-law.

Mo Yesi straightened up and smiled. “It’s not suitable for a child like you to listen to private conversations between husband and wife.”

Qiao Mianmian was speechless.

“Alright, let’s talk about it later.” Lu Rao walked over and patted Mo Yesi’s shoulder. “Your brother-in-law just finished his checkup. He’s in good health now, suitable for surgery.

“Should we get ready?”

Qiao Chen’s surgery would be performed by Mo Yesi and Lu Rao.

These two stood at the top of the medical world. It wasn’t easy to get one of them to perform surgery.

And this time, it meant that the two of them were the best.

Besides Qiao Chen, no one else had ever received such treatment.

Most importantly, Lu Rao was participating in this surgery out of friendship and didn’t accept a single cent.

“Mm, then get someone to prepare it.” Mo Yesi nodded. He was afraid that Qiao Chen, who was about to undergo surgery, would be too nervous, so he comforted him. “With me and Dr. Lu doing this surgery, it’ll definitely be successful.

“You don’t have to be too nervous. You’ll fall asleep after the anesthesia. You won’t feel anything. The surgery will be over by the time you wake up.

“Everything will get better in the future.”

“Mm.” Qiao Chen looked at him gratefully. “Thank you, Brother-in-law.”

With that, he also thanked Lu Rao. “Doctor Lu, thank you for helping in the surgery.”

Although Mo Yesi was Qiao Chen’s cousin, he was already used to calling him Brother-in-law, so he never thought of changing it.

“What’s there to thank me for? Your brother-in-law and I have been good friends for many years.” Lu Rao looked very loyal. “It’s rare for him to ask me for help, so I definitely have to help. Your brother-in-law is right, you don’t have to worry. This is a very simple surgery, and it’ll be done soon. Your brother-in-law is the most authoritative doctor in the cardiology department. You can rest assured with him performing the surgery.”

...

The preoperative preparations were done quickly.

Qiao Chen changed his clothes and was pushed into the operating room.

Qiao Mianmian watched him enter. Although she knew that she had nothing to worry about, her heart still tightened when she saw the door to the operating room close.

Heart surgery wasn’t simple.

This surgery would determine whether Qiao Chen would be able to recover. It was very important to him.

It was also very important to her.

Mo Yesi also changed into his scrubs and prepared to enter the operating room.

When he reached the door, he turned to look at the nervous Qiao Mianmian and thought for a while before walking towards her.

“Baby, don’t worry.” He patted her head and said gently, “The operation will definitely be successful. Don’t worry, I promise you that I’ll make Chen Chen become a normal and healthy person. When this operation is over, he’ll be just like us.”

#### **Chapter 2410: She Hated That B\*tch**

“Mm.” Qiao Mianmian squeezed his hand. “I’ll leave it to you.”

Mo Yesi smiled. “Aren’t you silly? Why are you being so polite to your husband? I’m going in, just wait outside.”

“Mm.”

Mo Yesi comforted her and walked into the operating room.

The other medical personnel also entered.

A moment later, the door closed.

Qiao Mianmian returned to Old Madam's side.

Old Madam was probably worried too. She held a string of prayer beads in her hand and prayed silently.

Mo Xingshu also looked worried and glanced at the operating theater from time to time.

Qiao Chen was the child left behind by his beloved woman.

The fruit of their love.

He'd lost her. Thus, nothing must happen to their child.

Beside Mo Xingshu, Second Madam also looked up at the operating room. Her face was tense, and her eyes were cold. The hand by her side was clenched tightly.

If Qiao Chen recovered, it would affect her and her family's power even more.

Second Madam couldn't wait for him to die on the operating table.

But the person in charge of this operation was Mo Yesi. He was the one who arranged all the medical staff.

Although Second Madam wanted to make an issue out of this operation, she couldn't place anyone in.

No matter how unwilling she was, she had no choice.

She saw Mo Xingshu's worried expression from the corner of her eye and clenched her fists even tighter.

When she married Mo Xingshu, she thought she was married to love.

Because she married the man she loved deeply, she thought she was the happiest woman in the world.

But she later found out that he already had someone in his heart.

He married her only because he listened to his family's arrangements. He had no feelings for her at all.

He didn't touch her after marrying her.

It was only after she threw away her dignity, listened to the elders in the family, and drugged his tea that he finally touched her.

Then, that slut died, and so did his heart.

Perhaps he'd figured it out. He'd finally stopped being chaste for that slut.

But even so, he would drink a lot every time he touched her. He never touched her when he was sober.

He would always cover her face and call her that slut's name.

He only had that slut in his heart.

They'd been married for over 20 years, but no matter what she did, she still couldn't warm his heart. He was like a piece of ice that would never melt, and his heart was made of stone.

She knew that she would never be able to win his heart in this lifetime.

Thus, she gave up on him. She just wanted to have a child and raise it well.

Who knew that God was so cruel to her? He didn't even fulfill her wish.

She was diagnosed to be unable to conceive for the rest of her life.

Just as she was despairing, that slut gave birth to a child for him.

How could she tolerate it!

She hated that slut.

She also hated that little slut.

Later, she arranged for someone to grab that slut and throw her into the river to feed the fish.
