

Big Shot 2451

Chapter 2451: Untitled

Wasn't this indirectly saying that the Shen Corporation's jewelry wasn't good enough?

But Shen Fei was probably regretting it now.

After knowing that Henry Zhou had become the designer of this batch of jewelry, would she still feel that the Shen Corporation's jewelry wasn't good enough?

"What ulterior motives could I have?" Qiao Mianmian was amused. "I'm just reminding Miss Shen to watch her words. What do you think Henry Zhou would think if he heard what you said?"

"Would he still be willing to design jewelry for your Shen Corporation? With his temper, I don't think he'd be willing."

Shen Rou's expression changed again. "Are you threatening me? Do you think it's useful? So what if I said that? Mr. Henry isn't even here. Moreover, you know that I'm not talking about him.

"You think you can scare me? What a joke."

Qiao Mianmian couldn't be bothered to talk to her anymore.

Anyway, she had already gotten what she wanted.

She hadn't intended to teach Shen Rou a lesson.

But since she had already taken the initiative to bump into her and was still shouting so arrogantly in front of her, wouldn't she be letting down this good opportunity if she didn't do something?

She wouldn't take the initiative to cause trouble.

But if someone wanted to cause trouble and wanted to ride on her head, she wouldn't be a pushover.

It was time for her to teach Shen Rou a lesson.

"Whatever you think. Ah Si is still waiting for me. I don't have time to continue chatting with Miss Shen. Do as you wish." Qiao Mianmian turned to look for Mo Yesi.

Shen Rou's expression darkened.

Mo Yesi was here too?

He was shopping with this slut?

When Shen Rou first entered, she was immediately led to this area by the shop assistants. She didn't see Mo Yesi sitting in the rest area.

Even when she saw Qiao Mianmian, she didn't think that Mo Yesi was here with her.

She knew how much Mo Yesi hated shopping.

When Madam Mo called Mo Yesi over while she was shopping with her, he found an excuse to leave in less than 10 minutes.

He was so impatient even with his mother.

But... he had the patience to accompany this slut!

Shen Rou couldn't suppress her jealousy and hatred.

She didn't even dare to dream about it, but now, Mo Yesi was doing it with this little slut.

Qiao Mianmian turned to look for Mo Yesi, so she didn't see Shen Rou's dark expression.

"Why are you taking so long? Didn't you say you were going to change your clothes?"

Qiao Mianmian turned around and smelled a familiar scent.

The person behind her hooked his arm around her waist and pulled her towards him.

It was Mo Yesi.

Qiao Mianmian's back was against the man's warm chest. She looked up at him and was about to push him away, but when she felt a resentful gaze land on her, she smiled and leaned against Mo Yesi lazily.

Then, she said coquettishly, "I was going to change. However, I bumped into someone I know, so we chatted for a while."

"Familiar?" Mo Yesi raised an eyebrow and looked at Shen Rou coldly.

Chapter 2452: Untitled

But after a few seconds, she quickly looked away.

"Yes, I saw Miss Shen and we chatted for a while. I didn't expect you to be so impatient. Let's go now."

"I'm not impatient." Mo Yesi's gaze softened when he looked at Qiao Mianmian. "I was just curious why you took so long to change clothes, so I came to take a look. I don't think you need to change this dress, just keep it."

"Mm, I think so too." Qiao Mianmian nodded and touched her belly. "My stomach isn't so full now, so I don't have to shop anymore. I'm tired and a little sleepy, I want to take a nap."

"Then, go to the office to sleep." Mo Yesi rubbed her head and said affectionately, "Tell me when you're going to the recording studio in the afternoon. I'll get Wei Zheng to arrange everything. I'll send you there, then."

"You are?" Qiao Mianmian knew that Shen Rou was still looking at them and could hear their conversation. Thus, she said even more coquettishly, "Will that delay your work? Let the chauffeur send me. It's not too far, you don't have to send me there personally."

She didn't know if Mo Yesi had guessed her thoughts, but he knew that she was deliberately trying to anger Shen Rou. In any case, he cooperated well and said in an even more pampering tone, "You're more important than work. It's alright to delay it. It's not the first time I've delayed my work for you."

Qiao Mianmian could feel that Shen Rou's eyes were on fire. Even without looking at her reaction, she could feel the anger in her eyes.

If looks could kill, she felt that Shen Rou would have killed her a hundred times.

Qiao Mianmian smiled in satisfaction.

She really wanted to give Mo Yesi a reward kiss.

How could he understand her so well?

His words probably angered Shen Rou.

Qiao Mianmian felt especially good when she thought about how angry she was.

“Is this really alright?” She frowned and pretended to be in a difficult position. “Then, will your subordinates say that I’m insensible? They’ll think I pester you and not let you work properly.”

“Who dares to say that?” Mo Yesi raised his brows and said domineeringly, “Unless they don’t want to stay in the Mo Corporation anymore.”

“...Alright, then.” Qiao Mianmian could feel that Shen Rou was still watching, so she tiptoed and kissed Mo Yesi. She then pursed her lips and smiled sweetly. “Thank you, darling.”

The two of them flaunted their affection in public.

The shop assistants standing at the side were full of heartache. It was as if they were watching a sweet idol drama. They felt as if they had just fallen in love.

Damn.

This was too sweet.

The domineering CEO pampered his wife?

That “you’re more important than work” was too sweet.

Even an old auntie like the shop assistant thought it was so alluring.

Although Mo Yesi wasn’t flirting with her, as a bystander, she felt sweet watching such a scene.

She didn’t expect it.

Such a cold and unapproachable man had such a gentle and loving side.

Chapter 2453: Untitled

She must be so happy to be in love with such a man.

Especially when he treated everyone coldly and only left the gentle and loving side for her...

She must feel so happy, so sweet, so romantic...

Which woman wouldn’t want such affection and gentleness?

The employee was full of envy and turned to look at Shen Rou.

She wanted to know.

How was Shen Rou feeling now?

She was shocked.

Shen Rou's face was ashen. Her eyes were filled with jealousy and hatred, reminding her of the vengeful spirit in a horror movie.

She looked scary as she glared at Qiao Mianmian.

The employee saw hatred and murderous intent in Shen Rou's eyes.

The employee felt a chill down her spine.

Shen Rou looked too scary now.

It was as if she was a different person.

Her hatred towards Qiao Mianmian was as if Qiao Mianmian had killed her entire family and had an irreconcilable feud with her.

But in fact, she was the only one who had been in love with Mo Yesi for many years, but he was with another woman.

It was just that she'd been single for so many years and hadn't moved the person she liked. The person she liked was with someone else.

This wasn't considered letting her down.

Mo Yesi hadn't let her down.

Qiao Mianmian didn't let her down.

If the other party had to reciprocate her feelings and fall in love with her because she'd liked him for many years, then there wouldn't be so many devoted men and women.

And she wouldn't be so sad.

Everyone would pick the most outstanding person to like.

But there was no such thing in the world.

The employee knew that Shen Rou wouldn't feel good, but she didn't expect her to hate Qiao Mianmian so much.

A woman's jealousy was too scary.

After Qiao Mianmian and Mo Yesi showed off their love, she guessed that Shen Rou was probably furious and didn't want to continue agitating her.

Anyway, she had achieved her goal.

"Mo Yesi, let's go."

She was really sleepy.

As she was filming an advertisement this morning, she woke up early.

Another few hours of intense focus.

Moreover, she had eaten too much for lunch, and it was easy to feel sleepy.

“Mm.” Mo Yesi was just playing along with her. Seeing that she wanted to leave, he naturally nodded and hugged her waist. “Let’s go.”

With that, he turned to leave with Qiao Mianmian in his arms.

From the start to the end, he didn’t even take a second look at Shen Rou.

Treated like air by him, Shen Rou stood rooted to the ground. Her face was still pale, and Mo Yesi didn’t even glance at her or say a word to her. Just as he was about to leave with Qiao Mianmian, she turned paler.

She bit her lip and clenched her fists.

How could he do this!

Over and over again, he embarrassed her so much because of that slut.

Shen Rou tried her best to suppress her anger and hatred. But when she saw that Mo Yesi and Qiao Mianmian were already at the door and were about to leave the store, she couldn’t help it and quickly walked towards them.

Chapter 2454: Untitled

“Ah Si, hold on, I have something to tell you,” Shen Rou called out.

Mo Yesi heard her, but he didn’t stop. He continued walking with Qiao Mianmian arm-in-arm.

“Ah Si!” Shen Rou’s expression darkened when she saw that he was ignoring her. She chased after him in her high heels.

Soon, she caught up.

“Ah Si, are you so unhappy with me that you won’t even talk to me?”

Mo Yesi ignored her, so Shen Rou had no choice but to stop him.

Mo Yesi finally stopped in his tracks and looked at her coldly. “I have nothing to say to you. Move.”

This wasn’t the first time he treated her so coldly.

Ever since they fell out, Mo Yesi had been as cold and distant to her as a stranger.

Shen Rou thought that she was used to it.

She wouldn’t feel heartbroken anymore.

But looking at his cold and distant expression and how he treated her even more coldly than a stranger, her heart felt like it was stabbed by a sharp knife.

She couldn't figure it out.

Why was he so heartless?

Was his heart made of stone?

Even if she did something bad, she'd never hurt him.

She just used some tricks on Qiao Mianmian.

But in the end, it didn't have any serious consequences.

Didn't he settle everything for that slut?

Why was he unwilling to forgive her and give her another chance?

What she'd done wasn't irreparable.

Was it just because she was dealing with Qiao Mianmian that it was an unforgivable mistake in his eyes?

They'd known each other for over 20 years.

They were childhood sweethearts.

She'd always thought that she held a special place in his heart and was different from others.

She never thought that one day, he would treat her like a stranger because of another woman.

She overestimated her place in his heart.

He'd underestimated Qiao Mianmian's importance to him.

"Ah Si, even if we're not friends now, we're not enemies. Do you have to do this to me? I don't have any other motives. I just want to say a few words to you." Shen Rou looked hurt.

But Mo Yesi didn't change his attitude towards her just because of her words.

His expression was still cold, and his eyes were still distant. "Miss Shen said that we aren't friends. I agree. But not enemies?"

Mo Yesi smiled mockingly. "Do you really think I don't know what you did in private? When the Shen family was in trouble, the Mo family didn't help, but we didn't add insult to injury.

"The Mo family doesn't owe the Shen family anything, and we have no obligation to help you. Why do you think that the Mo family has to help when something happens to the Shen family? Not to mention that the Shen and Mo families are only family friends. Even if we're related, the Mo family has no obligation to help.

"Helping is a favor. It's normal not to help. If something happens to the Mo family, the Shen family will be even more ruthless."

Chapter 2455: Untitled

Shen Rou's expression was awful. She was stunned for a while before gritting her teeth. "The Shen family isn't as heartless as your Mo family. You can obviously help. That's not a difficult thing for you. You did it because..."

Shen Rou glared at Qiao Mianmian and continued, "You did that for Qiao Mianmian, so you don't care about the Shen family."

"Ha." Mo Yesi sneered. "The Mo Corporation has been suppressing the Shen Corporation for so many years, and it has also taken away many of the markets that originally belonged to you. Your father has long had complaints in his heart. The so-called family friendship between us is just a superficial relationship."

"If anything happens to the Mo Corporation, trust me, your father will be very happy. The Mo Corporation looking for the Shen Corporation for help? When the time comes, your father can dismiss us and just say he doesn't have the ability."

"As for why I refused to help because of Mianmian, so what? My beloved woman has been bullied, and I have to pretend nothing happened and continue to call the person who bullied her a friend?"

"Shen Rou, do you think you're too important? Do you think I'll forgive you over and over again on account of our years of friendship? Do you think you can be forgiven for anything you do to Mianmian?"

"Even if we have many years of friendship, you're just a friend. Mianmian is my wife. If you want to compare your importance to her, it can only mean that you've placed yourself in the wrong position from the start."

Shen Rou was stunned. Hearing him say it so directly, her face went pale.

She seemed to have been hit by something heavy, and her body swayed.

He said that she was just a friend.

And Qiao Mianmian was his wife.

She'd misjudged Qiao Mianmian from the start.

He admitted so directly that he wasn't willing to help because of Qiao Mianmian.

He could disregard the years of friendship between the Shen and Mo families for Qiao Mianmian.

Not to mention their years of friendship.

Shen Rou looked at him with a pale face and then at Qiao Mianmian, who was held tightly by him. Then, she suddenly smiled.

She laughed until her eyes were full of tears. "Yes, it's all my wishful thinking. I thought that after knowing you for so many years, I'm different from others. No matter what, you won't be too cruel to me."

"I was wrong from the start. So what if we've known each other for over 20 years? So what if we grew up together? So what if I've done so much for you? In your heart, we're just friends."

How ridiculous.

They were just friends.

Not even close friends.

But she actually thought that they had a better relationship than good friends.

She was just overthinking.

Now that he'd finally said everything, she finally knew how ridiculous she was.

"Mo Yesi, I really regret it." Shen Rou's tears were still streaming down her face, drenching her exquisite eye makeup. "How could I have liked you for so many years?"

She actually thought that as long as she insisted, he would be moved by her sooner or later.

Mo Yesi looked at her expressionlessly. "Is that so?"

Chapter 2456: Untitled

"Yes." Tears rolled down her cheeks again. "People like you don't have hearts."

Mo Yesi's expression was cold.

Shen Rou felt her heart ache again. She bit her lip and wiped the corners of her eyes before turning to look at Qiao Mianmian.

Seeing her leaning against him intimately, and the arm of the man who was as cold as ice wrapped around Qiao Mianmian's waist possessively. Thinking of how Qiao Mianmian had just silently watched her become a joke, Shen Rou's eyes shot out with hatred.

She felt terrible.

She wouldn't let Qiao Mianmian have it easy.

Even if she couldn't separate them now, she could create a barrier between them.

"Qiao Mianmian, don't be too smug. Do you think you're special?" Shen Rou wiped the corner of her eyes again. Her eye makeup was already badly smudged, but now that she wiped it, it looked even worse.

She smiled again.

"Mo Yesi doesn't have a heart. You only have a place in his heart because of your uniqueness. Do you think he's in love with you? You're nothing without that uniqueness.

"You might end up worse than me.

"If you're really confident in yourself, do you dare to let him receive treatment? Do you dare to take a gamble? If he recovers, will your place in his heart still be the same as it is now? Will he still treat you the same?"

“You wouldn’t dare.” Shen Rou smiled mockingly. “Because you know very well that once he returns to normal, once your uniqueness is gone, you’ll just be an ordinary woman in his heart.

“Even if you two can continue to be together, your relationship definitely won’t be like this.”

Shen Rou was deliberately provoking Qiao Mianmian.

She wanted to plant a seed in Qiao Mianmian’s heart.

A seed that could turn into a bomb at any time.

But she did think so.

She didn’t believe that a heartless man like Mo Yesi would really fall in love with a woman.

He fell in love with her just because of the illusion.

Qiao Mianmian was the only woman who could interact with him and not be rejected by him.

He thought that he had met his true love.

But if he recovered and any woman could touch him, would Qiao Mianmian still be so important to him?

Never.

At that time, Qiao Mianmian would be no different from other women.

She’d been by his side for over 20 years, but she hadn’t been able to move him.

If Qiao Mianmian wasn’t so special, how could she move him?

Mo Yesi was a heartless man.

He couldn’t possibly fall in love with any woman!

“Oh, is that so?” Qiao Mianmian wasn’t provoked by Shen Rou’s words. Her expression and her voice were very calm. “Miss Shen once said the same thing. You don’t have to remind me again and again.

“I still remember what you said.”

Shen Rou looked at her expression and felt even angrier. “You don’t believe me? Do you think I said that because I’m jealous of you? Qiao Mianmian, Mo Yesi’s illness wasn’t fabricated by me. Just ask anyone close to him and you’ll see that I’m not lying.”

Chapter 2457: Untitled

“He has had this problem since he was young. Other than his relatives, no other woman can come into contact with him. The one who had been treating his illness was Lu Rao. If you want to know about this, you can ask him.

“But after meeting you, he stopped looking for Lu Rao to treat his illness.”

“But if he’s willing to continue treating him, this illness can be cured. Of course, if you’re afraid and don’t dare to prove his feelings for you, this illness indeed can’t be cured.

“It’s good that you’ve been lying to yourself all your life.”

Mo Yesi’s expression darkened.

Just as he was about to speak, Qiao Mianmian squeezed his palm and gave him a “calm down” look.

Mo Yesi looked at her and chose to remain silent.

Qiao Mianmian comforted him and turned to look at Shen Rou. “This is between Ah Si and me, it has nothing to do with an outsider like you. Miss Shen, you’re worrying too much.”

“Qiao Mianmian, you don’t dare to let him continue receiving treatment, right?” Shen Rou smiled. “Because you know very well that once he recovers, he won’t be like this anymore. You’re afraid of losing your uniqueness...”

“Shen Rou, it’s useless to goad me.” Qiao Mianmian looked at her as if she was a joke. “Do you know when a woman is the ugliest?”

Shen Rou frowned.

Qiao Mianmian looked at her tear-stained face calmly and pursed her lips. She then shook her head and sighed. “Women are the ugliest when they’re blinded by jealousy.

“You should be carrying a mirror with you. I suggest you open it and take a good look at yourself. You look really scary. If someone takes a picture of your terrible side, I’m afraid it’ll affect the Shen Corporation’s image.”

“Qiao Mianmian, what did you say?” Shen Rou was stunned.

Her words were meant to agitate Qiao Mianmian.

Unexpectedly, Qiao Mianmian didn’t react at all and even mocked her.

What was hateful was that she was affected by Qiao Mianmian’s words.

She really wanted to take out the mirror and look at herself.

That slut must have done it on purpose.

She definitely cared, but she pretended not to.

“Miss Shen is arrogant and probably doesn’t care about harassing others. So, please don’t chase Ah Si anymore. Although there aren’t many people now, it’s not like there aren’t people watching. If anyone sees Miss Shen chasing a man, I’m afraid the headlines tomorrow won’t look good.

“We don’t have to trouble an outsider like Miss Shen to worry about us. Please let us through.”

Shen Rou only remembered that she was in the mall now.

The entire floor was filled with luxury brands.

And they were all expensive.

Hence, not many people came to this floor.

Moreover, there were even fewer people at this time.

But it wasn't just them.

There were a few more people.

Shen Rou turned around and saw a few people standing not too far away. They seemed to be looking at her and taking photos.

Chapter 2458: This Crazy Person

Shen Rou's expression changed.

She didn't know how long they were standing there.

Did they take photos of her pathetic state?

No, if they really took photos, she couldn't let them spread.

She couldn't tolerate being a joke again.

She couldn't tolerate others thinking that she was pitiful.

She wasn't pitiful.

She didn't need anyone's sympathy.

At this thought, Shen Rou looked up at Qiao Mianmian and Mo Yesi with a dark expression. She gritted her teeth and said word by word, "Qiao Mianmian, Mo Yesi, don't be too smug. I'll make you regret humiliating me like this!

"Let's wait and see! I'm waiting to see how the high and mighty Mo Corporation loses to our Shen Corporation. Mo Yesi, do you think you'll always be the winner? This time, I want you to know that no matter how powerful you are, you'll still be inferior to me.

"You can't always be the best, and you can't always trample others under your feet!"

Shen Rou held her chin up high and maintained her last bit of pride.

With that, she turned around and walked towards the women.

Qiao Mianmian was speechless.

This was crazy.

What did she mean by they shouldn't be too smug?

She had never been smug before.

Wasn't everything just her imagination?

She really knew how to act like an innocent and pitiful white lotus.

And she and Mo Yesi became the bad guys who bullied the weak.

But in fact, neither she nor Mo Yesi had done anything to Shen Rou.

The Mo family didn't help when the Shen family was in trouble.

They didn't help, but just as Mo Yesi had said, the Mo family didn't hit them when they were down.

If the Mo family took advantage of the Shen family's situation and not only did they not help but also attacked them, then they were indeed too much.

Shen Rou hated the Mo family and Mo Yesi for a reason.

But just because the Mo family didn't help, she felt that they had let her down, let the Shen family down, and hated everyone in the Mo family. They even secretly dealt with the Mo Corporation. This was too extreme.

Being the most hated by Shen Rou, Qiao Mianmian expressed that she was the most innocent.

Because she hadn't done anything.

Shen Rou hated her to the core just because she was with Mo Yesi.

This hatred was too inexplicable.

Shen Rou just said that she wanted to see how the high and mighty Mo Corporation lost to the Shen Corporation. She was referring to the Shen Corporation and Mo Corporation's new products coming on the market.

The Shen Corporation hired Henry Zhou as a designer.

Once this news was released, it was more effective than any big-shot celebrity endorsement.

This time, it seemed like the Shen Corporation was really going to win.

Shen Rou must have felt that the Shen Corporation was going to win. That was why she said those provocative words so arrogantly.

And Mo Yesi.

What was he thinking after hearing what Shen Rou said?

Qiao Mianmian couldn't help but look at him.

Then, she realized that she was the only one worried.

The man beside her looked calm and composed. His composure made Shen Rou's arrogant words seem like a joke.

Chapter 2459: Untitled

Qiao Mianmian was reassured. Her worried and anxious heart slowly calmed down.

She should have trusted Mo Yesi.

Back when he first took over the Mo Corporation, many people didn't believe in his abilities and weren't willing to acknowledge this overly young CEO.

But Mo Yesi proved himself with his abilities.

Everyone in the Mo Corporation respected him now. No one would think that he couldn't manage the company well anymore.

As far as Qiao Mianmian knew, although Mo Yesi was a boss that wasn't easy to get along with, many employees admired him from the bottom of their hearts and felt that their boss was very impressive.

After Mo Yesi officially took over the Mo Corporation, it didn't take long for his performance to double. He then generously increased the salaries of all the employees.

The benefits were better than before.

To the employees, whether their boss was approachable and easy to talk to wasn't that important.

Most employees didn't have many opportunities to interact with their boss.

Hence, what they valued most was the salary related to their own interests.

The Mo Corporation's salary and benefits were ranked first in Yuncheng City.

No one wanted to leave after entering the Mo Corporation.

The man beside her was very powerful.

The fact that he was so calm meant that he had already thought of a solution.

Although she couldn't guess what it was, she should just believe him.

At this thought, Qiao Mianmian's heart calmed down even more, because the worry from Shen Rou's words quickly vanished.

"Let's go."

Mo Yesi looked down at her and smiled gently. "Didn't you say you were tired? Let's go back to the office now. You can sleep for two hours before going to the recording studio."

"Mm." Qiao Mianmian nodded.

They left the mall quickly.

...

Shen Rou walked towards the girls.

The girls looked to be about 20 years old and were dressed very well. It was obvious that they came from good families.

They did take pictures of Shen Rou crying her eyes out.

They were about to leave.

Unexpectedly, Shen Rou came straight to them.

The girls immediately kept their phones.

Shen Rou's expression was awful. She walked towards the girls and extended her hand. "Take it out."

"What?" The girls were stunned.

Shen Rou's eyes turned even colder, and her tone became even harsher. "Don't think I didn't see you taking photos of me. Take out your cell phones now and delete every photo you took of me."

Seeing that Shen Rou realized that they were secretly taking photos, their expressions changed.

Soon, a girl in a black coat calmed down. She looked at Shen Rou and said unhappily, "Who are you? So rude. We don't know you at all, let alone take photos of you."

"The cell phone is a private item, it has our secrets. Why should we give it to you?"

Chapter 2460: Untitled

"That's right." The other two girls supported their good friend. "Who are you? We didn't take photos of you at all. Aren't you thinking too much? You're not a big star, why should we take photos of you?"

Although they had secretly taken photos of Shen Rou, her nasty attitude made them unhappy.

They felt a little guilty at first.

But now, they were getting agitated by Shen Rou's attitude.

Shen Rou got even angrier when she saw how arrogant they were. Taking a deep breath and resisting the urge to slap them, she gritted her teeth and said, "Since you said you didn't take photos of me, take out your cell phones for me to check."

"I'll apologize if I misunderstand you."

"But if you did take photos of me, you have to delete them."

Of course, the girls wouldn't give her their cell phones.

They had indeed secretly taken photos of Shen Rou.

"You're crazy. I don't even know you. Who wants to let you check their phones? What right do you have to ask us to do this?"

"That's right. Do you think you're the police? What a joke. Why do we have to give you our cell phones obediently? Who knows if you're a thief? Perhaps you'll take our cell phones and run away."

"Sisters, don't bother about her. Let's go. Don't talk nonsense with such a sick person."

Shen Rou was obviously rich.

And these girls all knew her. Of course, they knew that she couldn't be a thief.

They said this so that they wouldn't have to give their cell phones to Shen Rou.

After they finished speaking, they looked at her with disdain and disgust as if they really felt that Shen Rou was sick. They held hands and prepared to leave.

"Stop right there!" Shen Rou was shaking with anger.

It was fine if Qiao Mianmian and Mo Yesi humiliated her.

These people were insulting her.

Did they really think that everyone could bully her?

Shen Rou had just been angered by Qiao Mianmian and Mo Yesi, and she was already full of anger. Now that these girls were ignoring her, she was so angry that her head hurt. She completely lost her rationality.

She went forward and pulled a girl back. Amidst the girl's screams, she said fiercely, "Take out your cell phones. Otherwise, don't think of leaving!"

"What are you doing, are you crazy? Let go of me." The girl struggled and tried to pry Shen Rou's hand away.

At this moment, the bodyguards who had been secretly protecting Shen Rou rushed out.

Shen Rou instructed them, "Capture them all and find their cell phones."

Shen Rou's mind was on fire.

There was only one thought in her mind.

She couldn't let them leave just like that.

She had to delete the photos.

She wouldn't let anyone laugh at her.

She was the Young Lady of the Shen family, the daughter of a prestigious family in the eyes of others. Only others envied her, and no one pitied her.

"Yes, Miss."

These bodyguards had been secretly protecting Shen Rou.

They came over immediately when they saw Shen Rou arguing with someone.
