

## Big Shot 2461

### Chapter 2461: Untitled

The other two girls panicked when they saw their companion being caught and the four bodyguards suddenly appearing. They wanted to run.

But how could they compare to trained bodyguards? They were caught before they could run away.

The girls were angry and afraid. They struggled and shouted, "Let go of us, what are you doing?"

But how could they escape the strong bodyguards?

The bodyguards held the three girls' arms and stopped them from moving.

Shen Rou took a step back and said coldly, "Are you going to take out your phones, or do I have to get someone to search for them? As long as you take it out and delete my photos, I'll let you go.

"Otherwise, I'll get them to send you to the police station now. You took photos of me secretly, violating my rights. This is a crime."

The girls were still students.

Although their family background was good, they couldn't compare to the Shen family.

Now that they were caught by the bodyguards and Shen Rou wanted to send them to the police station, they couldn't help but panic.

The young girl's eyes reddened.

They weren't as arrogant as before.

"Y-You let go of us. I-I'll give you our cell phones." The girls didn't want to be arrested and sent to the police station.

"Hand over the cell phones first, I'll check them. When I'm sure it's fine, I'll let you go."

Although they were unwilling, the girls still took out their phones.

A bodyguard took the cell phones and handed them to Shen Rou.

Shen Rou opened the photo album. As expected, the three of them had taken photos of her.

She deleted them with a dark expression and carefully checked if anything was missing before returning the cell phones and getting the bodyguards to release them.

The girls glared at Shen Rou with reddened eyes and quickly left.

At this moment, Shen Rou's cell phone rang.

She took it out and saw that it was from her assistant.

The assistant's respectful voice came from the other end. "Chairman Shen, Mr. Henry Zhou's assistant will arrive in Yuncheng City in two hours. I heard that Mr. Henry Zhou values this assistant very much. Who should we arrange to pick them up?"

“I’ll pick them up myself,” Shen Rou said without thinking.

Tang Ya had told her about Henry Zhou’s assistant.

Although they were his assistant, their relationship with Henry Zhou was rather ambiguous. They might even be lovers in private.

Henry Zhou also valued this assistant.

Hence, Shen Rou had to pick them up personally this time. This showed how much respect she had for them.

Henry Zhou was the Shen Corporation’s biggest trump card.

If they could win against the Mo Corporation in the jewelry market, even if it was just one of the Mo Corporation’s businesses, it was still something to be proud of.

That would also mean that Shen Rou was very powerful now.

This could make many companies who were still waiting to see if they wanted to work with the Shen Corporation decide to work with them.

This victory would bring many benefits to the Shen family.

Hence, she could only win this time.

She couldn’t afford to make any mistakes in this matter.

“Yes, Chairman Shen.” The assistant hung up.

### **Chapter 2462: Untitled**

Shen Rou tightened her grip on her cell phone and looked somewhere.

This time, she had to win against the Mo Corporation.

She had to let the Mo family know that Yuncheng City wasn’t ruled by them.

That the Shen Corporation wasn’t inferior to the Mo Corporation.

That she wasn’t inferior to Mo Yesi or Qiao Mianmian.

She wanted Mo Yesi to regret choosing Qiao Mianmian over her.

Besides causing him trouble, what else could Qiao Mianmian do?

What was so good about being an actress?

The people in the upper-class society despised those in the entertainment industry the most. So what if Qiao Mianmian won the Best Actress Award? She could only be glorious in the eyes of others.

This glory was nothing to people like them.

Families like them needed to work together. Mo Yesi needed someone who could help him out at work.

And Qiao Mianmian couldn't do it.

He would regret choosing her sooner or later.

She would use her actions to make him realize how wrong his choice was.

When that day came, she would see how he despised Qiao Mianmian.

She believed that she wouldn't have to wait too long.

...

When Qiao Mianmian saw the "MR.S" trending topic on Weibo, it had already exceeded 100 million views.

She looked at the hot searches for more than 10 minutes and roughly understood what sort of existence this "MR.S" was from the discussions.

She didn't know much about the gossip in the entertainment industry.

Hence, she only found out about the existence of "MR.S" through the trending searches.

As she looked at the trending searches about the glorious deeds of "MR.S", she sighed in her heart. There was actually someone better than Henry Zhou.

Moreover, it seemed like this "MR.S" was much more powerful than him.

The netizens said that if the Mo Corporation could hire this person, they could easily crush the Shen Corporation.

But this was unrealistic.

Because this mysterious "MR.S" had unknown whereabouts and identity. No one knew who they were.

Hence, the netizens predicted that the Mo Corporation would lose to the Shen Corporation this time.

The netizens discussed "MR.S" and praised Shen Rou for her capability. She could actually invite Henry Zhou. No wonder Father Shen dared to let a girl manage such a huge enterprise.

It seemed like she was really capable.

Moreover, someone revealed that the Shen Corporation had signed a few big contracts recently. Moreover, these big contracts were initially intended for the Mo Corporation, but in the end, they all chose the Shen Corporation. This was all thanks to Shen Rou's capability.

It was Shen Rou who personally went to discuss these huge contracts.

She'd just taken over the Shen Corporation, and she'd already achieved such good results. Her future was limitless.

Shen Rou had a good background and a good reputation. Moreover, she was good-looking.

At that moment, she received all sorts of praises on Weibo. They said that she was different from those pampered girls from rich families who only knew how to eat, drink, and play. She was a clear stream in the socialite circle.

“Shen Rou has really impressed me this time. I thought that she was the kind of silly girl who only liked to date. I didn’t expect her to be such a capable woman. Previously, the media made her look like a resentful woman, but she didn’t explain anything.”

#### **Chapter 2463: Untitled**

“Now, she’s quietly making big news. It’s a slap to the face for the rumors.”

“It’s really not simple to snatch business opportunities from the Mo Corporation. I wonder what Chairman Mo is thinking now. Is he regretting choosing the wrong person and ending up in this stalemate with the Shen Corporation over a small celebrity? Now that Shen Rou has snatched many of the Mo Corporation’s partnerships and invited Henry Zhou to fight against them, she’s definitely targeting the Mo Corporation. Although the Mo Corporation is very powerful, since the Shen Corporation can snatch business opportunities from them, it shows that the Shen Corporation is not to be underestimated. In the future... the Mo Corporation won’t have a good life.”

“If I were Mo Yesi, I’d definitely choose Shen Rou. She grew up with him, and the two families are long-time friends. Their looks and talents are very compatible. If the two of them get together, they’ll definitely form a strong alliance. It’s indeed much better than being with a celebrity. To be honest, celebrities nowadays earn pretty good money, but that amount isn’t much to the Mo family. Although Qiao Mianmian has a good background, she’s still different from Shen Rou, who grew up in a prestigious family.

“A ‘rich young lady’ like Qiao Mianmian is definitely different from a real rich young lady. Moreover, the Bai family has Bai Yusheng. The Bai Corporation will definitely be handed over to him in the future. Qiao Mianmian only has a good identity and won’t get many benefits. But Shen Rou is different. She officially took over the Shen Corporation. Her net worth isn’t something a ‘fake young lady’ like Qiao Mianmian can compare to.”

“I think Mo Yesi will regret it.”

“I think Mo Yesi will regret it too.”

“Mo Yesi will definitely regret it.”

“Waiting for Mo Yesi to regret+10086.”

A group of people appeared out of nowhere.

Suddenly, similar comments appeared on every popular Weibo post related to Shen Rou.

*“Shen Rou is a hundred times better than Qiao Mianmian.”*

*“Shen Rou is the real daughter.”*

*“Qiao Mianmian is just a fake heiress.”*

Also—

*“Mo Yesi must regret choosing Qiao Mianmian now. They definitely won’t last long and will break up sooner or later.”*

Qiao Mianmian wasn’t too affected by the comments.

This wasn’t the first time she saw such comments about her relationship with Mo Yesi.

When their relationship exploded on Weibo, many people predicted that they would break up.

Qiao Mianmian was already numb to it.

She was in the entertainment industry and was often on the hot searches. Seeing so many people praising Shen Rou and belittling her and Mo Yesi, she quickly understood that it was the Internet Water Army.

It wasn’t hard to guess who hired these fake commentators.

Qiao Mianmian took it as a joke.

It was really surprising that Shen Rou could invite Henry Zhou this time.

She also did steal a few of the Mo Corporation’s partnerships.

But the outcome hadn’t been decided.

As for the partners who were snatched away, Mo Yesi had told her that they weren’t important.

It wouldn’t be a loss to the Mo Corporation if the Shen Corporation took them away.

It was like plucking a strand of fur from a cat. It didn’t hurt at all.

The Shen Corporation didn’t have the ability to snatch cooperations that really affected the Mo Corporation.

But now...

It was as if the Mo Corporation had suffered a huge loss.

#### **Chapter 2464: Untitled**

Thinking about it, Shen Rou had just taken over the Shen Corporation not long ago, and she could already cause such a “huge impact” on the Mo Corporation. How powerful was she?

How could a small celebrity like Qiao Mianmian compare to such a powerful woman?

Having chosen a small celebrity, Mo Yesi was full of regret now.

He must be devastated that he gave up such an outstanding daughter for an empty shell.

Qiao Mianmian scrolled through Weibo for a while and saw the fake reviewers praising Shen Rou. Bored, she exited Weibo.

She leaned her head against Mo Yesi's shoulder lazily. After locking her cell phone, she looked up at the man beside her.

The man's side profile was also very handsome. The silver-gray Lamborghini had just passed by a sycamore tree, and the lights in the car dimmed. His well-defined facial features also darkened. When he looked down and met her gaze, his deep eyes were dark.

Qiao Mianmian's heart raced for a few seconds.

Obviously, Shen Rou still hadn't given up on Mo Yesi.

She was trying to make him regret it because she still cared about him. She really hoped that he would regret it.

She was telling Mo Yesi that she was the most suitable person for him.

That's right.

How could Shen Rou give up so easily?

Mo Yesi was a dangerous man.

Once she fell for him, she might never be able to quit.

It was hard to fall in love with another man.

Because every man she interacted with in the future would compare themselves to him.

It was too difficult to find a man more outstanding than Mo Yesi.

This man had already become Qiao Mianmian's husband, and she still had feelings for him.

Not to mention others.

Moreover, anything you couldn't get would always be the best.

She would always think about it.

Thinking about it this way, she felt that Mo Yesi was quite a scourge.

To be fair, Shen Rou's qualifications were really good.

If it wasn't because she liked Mo Yesi, she could easily find a good partner and live happily.

Mo Yesi was like her doom.

"What's wrong?" Qiao Mianmian heard his low and husky voice. "Why are you looking at me like that?"

"Mo Yesi."

"Mm?"

"Will you regret choosing me?" Qiao Mianmian suddenly recalled the comments made by the fake commentators. She obviously didn't care, but she didn't know why she asked such a question.

Mo Yesi was stunned. "Why do you ask?"

Qiao Mianmian bit her lip and kept quiet for a few seconds. "I can't help you in your career. Marrying me doesn't seem to benefit you at all. Instead, I've caused you a lot of trouble, and I need you to help me settle a lot of things."

Mo Yesi frowned. "Why do you suddenly think so? What were you looking at?"

Qiao Mianmian played with her cell phone for a while.

Then, she asked him such a strange question.

Mo Yesi felt that she must have seen something.

"Answer my question." Qiao Mianmian tugged at his sleeve. "Do you think I'm useless?"

### **Chapter 2465: Untitled**

She thought she didn't care.

But she was still affected by the comments.

"How could that be?" Mo Yesi seemed a little unhappy. He frowned and looked at her accusingly. "What exactly did you see that you're thinking nonsense again? Who said you're useless to me? No one can compare to you."

"What use do I have?"

Qiao Mianmian thought about it carefully.

Ever since they got together, besides causing him trouble, she didn't seem to have done anything useful to him.

"You make me feel that every day is beautiful and meaningful. You make my dark world full of light. You make my family happy." Mo Yesi looked at her deeply, as if there was a sea in his eyes, a sea that only contained her.

"Baby, you made me value my life more. You made me want to grow old with someone. I don't lack people who can help me in my career, and I don't need them. But you're unique. Without you, my life would be so boring.

"I'm most thankful that you became Mrs. Mo."

Qiao Mianmian's eyes reddened.

Why was this man being so emotional?

Didn't he know that she cried easily?

"So, don't let your thoughts run wild." Mo Yesi rubbed her head and sighed helplessly. "Just a few words from others can affect you. I said I love you and can't live without you. Why don't you believe me?"

"Was I not good enough to gain your trust?"

"It's not like that." Qiao Mianmian immediately shook her head. "I believe you. Mo Yesi, I've always believed you."

"Then, why are you overthinking?"

"I-I was just asking." Qiao Mianmian felt a little down.

Wasn't she clear about how Mo Yesi treated her?

It would be easy if he needed to find a woman who could help him in his career.

Even if he didn't look for Shen Rou, there were still many suitable socialites in the industry who were willing to marry him.

Moreover, she felt that a man like Mo Yesi wouldn't want to gain anything from a woman.

He was a very proud man.

He was also very arrogant.

In his opinion, he approved of men earning money to support their families, while women were only responsible for their looks.

Qiao Mianmian's career was just a hobby of his beloved wife.

He supported her because he didn't want to deprive her of her hobby.

As for the money she earned...

Mo Yesi didn't want a single cent.

In Mo Yesi's eyes, that money was her own pocket money.

#### **Chapter 2466: Untitled**

"Perhaps, I haven't been working hard enough recently, so you have the time to think about this?" The man's voice was low and hoarse. His fingers that were rubbing her scalp gradually heated up, and a layer of warmth spread in his eyes.

Qiao Mianmian knew what he meant by "haven't been working hard enough".

Her face flushed red.

This hooligan!

He was already very hardworking.

If he tried harder, she would probably be crippled.

She wasn't afraid of anything but Mo Yesi's "hard work."

"No, I didn't..." She didn't dare to make him work hard.

“Then, don’t let your thoughts run wild.” Mo Yesi tidied her messy hair and gently rubbed her head.  
“Aren’t you tired? Lie against me and sleep for a while.”

“Oh.” Qiao Mianmian nodded.

She leaned against him lazily, put her head on his shoulder, and slowly closed her eyes.

“Mo Yesi.”

A few seconds later, she suddenly opened her eyes and looked up at him.

“Mm? Anything else?” Mo Yesi met her eyes.

“Do you know MR.S?” Qiao Mianmian asked curiously.

Then, she saw that he was stunned.

He narrowed his eyes and looked at her for a while before saying, “MR.S? Why are you suddenly asking about this?”

“People are discussing him on Weibo. They say that he’s very good, even better than Henry Zhou. If the Mo Corporation can hire him, they’ll definitely win against the Shen Corporation. Do you know... this person?”

Qiao Mianmian felt that Mo Yesi definitely knew more about this person than she did.

Mo Yesi was so calm this time and didn’t panic at all. He even said that he could handle the Shen Corporation. Could it be that he managed to get MR.S?

But that was impossible.

The netizens said that this MR.S was especially mysterious. No one knew his true identity.

“You’re... very curious about this person?” Mo Yesi didn’t answer her question immediately.

Qiao Mianmian nodded and didn’t hide her curiosity. “Yes, I’m very curious. I heard that he participated in an international jewelry competition previously and even beat Henry Zhou. Everyone says that he’s a genius jewelry designer with limitless potential. But besides that competition, he doesn’t have any other works. Moreover, he’s very mysterious. Even the award was received on his behalf. No one knows who he is.”

Mo Yesi’s eyes flickered. “I guess so. What do you want to know about him?”

Qiao Mianmian’s eyes lit up. “Mo Yesi, you do know him, don’t you?”

“Mm, I do,” Mo Yesi replied casually.

Qiao Mianmian widened her eyes. “Really?”

Mo Yesi looked into her excited eyes and smiled. “Of course. What’s there to lie about? This is a strange thing, why are you so shocked?”

Qiao Mianmian never expected Mo Yesi to know that MR.S.

So, was she right?

Was Mo Yesi so calm because he managed to get MR.S?

### **Chapter 2467: Untitled**

Qiao Mianmian was shocked, but also pleasantly surprised.

If Mo Yesi really managed to hire MR.S, then the sales of the new jewelry brand wouldn't lose to the Shen Corporation.

She'd have nothing to worry about anymore.

She grabbed Mo Yesi's arm excitedly. "You actually know him. Then, are you on good terms?"

Mo Yesi nodded and smiled. "Mm, not bad."

"Then, if the Mo Corporation invites him to design this new jewelry product, will he be willing to come?"

"Do you want him to come?" Mo Yesi asked.

Qiao Mianmian was stunned. "Me?"

"Mm, do you want him to come?" Mo Yesi nodded.

Although Qiao Mianmian felt that his question was a little strange, she still nodded and said honestly, "Of course I do. The netizens all say that if the Mo Corporation wants to win against the Shen Corporation this time, the only way is if MR.S comes."

"Is that so?"

"That's right. Mo Yesi, what are your plans this time?" Qiao Mianmian couldn't help but ask. "You won't let the Mo Corporation lose to the Shen Corporation, right?"

Mo Yesi chuckled and rubbed her head again. "Didn't I say that I won't let you become a joke? Don't worry, the Mo Corporation won't lose."

"About MR.S..." Mo Yesi smiled and said, "If you want him to be the jewelry designer, I'll invite him."

Qiao Mianmian was stunned.

"Will he come if you invite him?"

"Probably." Mo Yesi wasn't very sure. "It depends on how high your expectations for him are."

"Me?" Qiao Mianmian pointed at herself.

"Mm, you." Mo Yesi smiled.

"Why?" Qiao Mianmian was a little confused. "What has it got to do with me? I don't know him."

Mo Yesi smiled. "How do you know that you don't know him?"

Qiao Mianmian looked up.

What did he mean?

Unfortunately, Mo Yesi didn't intend to resolve her doubts. He reached out and pulled her into his arms, pressing her face against his chest. "Alright, don't think too much. I'll settle everything. You don't have to worry about me. Just close your eyes and rest."

Qiao Mianmian was speechless.

This person was really annoying.

He aroused her curiosity but didn't satisfy it.

He tickled her.

Ahhh, she was really curious now.

She was extremely curious about that MR.S.

From what Mo Yesi said, she might know him?

Qiao Mianmian went through everyone she knew, but she still couldn't guess who MR.S was.

Before Qiao Mianmian could figure it out, she started to feel sleepy.

Sigh, forget it.

As long as the Mo Corporation didn't lose to the Shen Corporation, she had nothing to worry about.

She covered her mouth and yawned lazily. She couldn't be bothered to think about anything else. Her soft body moved in Mo Yesi's arms and found the most comfortable position to lie in. Then, she slowly closed her eyes.

After a while, Qiao Mianmian's breathing became even.

Seeing that she was asleep, Mo Yesi took out his cell phone and opened Weibo.

He registered his account just for Qiao Mianmian.

### **Chapter 2468: Untitled**

He only paid attention to Qiao Mianmian.

When Qiao Mianmian didn't post anything, he wouldn't go on Weibo.

He guessed that Qiao Mianmian's strange questions were related to Weibo.

He wanted to know what she saw.

Soon, Mo Yesi logged into Weibo. Besides Qiao Mianmian's posts, he had nothing else.

He quickly browsed through the entire Weibo page and saw a few trending topics.

# The new daughter of the Shen family is up to no good. The Mo Corporation is afraid of being suppressed #

# Shen Rou, Mo Yesi, Qiao Mianmian #

# Qiao Mianmian and Mo Yesi's wedding will probably change #

# Shen Rou Crushes Qiao Mianmian #

Mo Yesi's expression darkened as he read the headlines.

A moment later, he exited Weibo with an even darker expression.

The man's dark eyes were gloomy, his slender fingers were clenched, and his thin lips were pursed tightly.

No wonder she suddenly asked him those strange questions.

Would he regret being with her?

He would say that she wasn't helpful to him.

It turned out that she saw those messy trending topics.

Even though Mo Yesi wasn't in the entertainment industry, he could tell that someone was deliberately setting the pace.

Someone was deliberately flattering Shen Rou and trampling on Qiao Mianmian.

It was easy to guess who was behind it.

Although he had already settled this matter with Qiao Mianmian, Mo Yesi's expression darkened when he thought of the trending topics he'd just seen.

Hence, he couldn't just let this matter rest.

Shen Rou dared to spend money to trample his wife?

How dare the Internet Water Army force him to be a couple with her?

Mo Yesi's eyes turned cold. He picked up his cell phone again and sent Wei Zheng a message.

Mo Yesi: [Immediately get someone to remove all negative trending topics related to Young Madam. Also, the collaborations that the Shen Corporation snatched from us previously, it's time to close the net and teach them a lesson.]

Mo Yesi had never done anything to the Shen Corporation before.

After the Shen and Mo families fell out, stopped interacting, and became strangers.

Even though he knew that Shen Rou was secretly stealing the Mo Corporation's business, it wasn't important to him. He only got Wei Zheng to keep an eye on the Shen Corporation and didn't want to deal with them.

Old Madam had advised him that the Shen and Mo families had decades of friendship. She told him not to make things too ugly or too extreme.

Mo Yesi listened to her.

As long as Shen Rou didn't do anything bad to Qiao Mianmian, Mo Yesi wouldn't mind her taking away some of the Mo Corporation's business.

Shen Rou's tricks were nothing to him.

But if it involved Qiao Mianmian, it would be crossing his bottom line.

He wouldn't be merciful to the Shen family anymore.

It was easy for the Mo Corporation to deal with the Shen Corporation.

Especially when they had just recovered and were far weaker than when they were in their prime.

Wei Zheng replied quickly: [Yes, Chairman Mo. I'll get it done right away.]

Mo Yesi believed in Wei Zheng's ability. He did everything he asked him to.

After informing Wei Zheng, he looked down at the sleeping woman in his arms.

#### **Chapter 2469: Untitled**

After informing Wei Zheng, he looked down at the little woman sleeping soundly in his arms. His slender and fair fingers gently landed on her delicate face, and his dark eyes revealed a hint of coldness.

No one could hurt his baby.

...

At the Mo Corporation.

When they got out of the car, Mo Yesi glanced at Qiao Mianmian sleeping soundly and couldn't bear to wake her up.

He thought for a while, unbuckled his seatbelt, opened the door, and gently picked her up.

Qiao Mianmian was in a deep sleep. Mo Yesi carried her out of the car, but she still didn't wake up.

Mo Yesi carried her into the elevator.

On the 37th floor, Mo Yesi walked out of the elevator with his coat and her head against his chest.

When they passed by the secretaries' desks, Mo Yesi stopped them from speaking in case they awakened her.

The secretaries met his gaze and immediately kept quiet. Then, they saw the person in his arms.

Mo Yesi carried Qiao Mianmian into the office quickly.

After he left, the few secretaries who didn't even dare to breathe gathered together and started discussing.

"Chairman Mo is so considerate. He was afraid that we'd wake Miss Qiao, so he didn't let us make a sound."

"Wow, Chairman Mo's princess carry really hit my heart. He's so careful."

“I really didn’t expect Chairman Mo to pamper his woman so well. Miss Qiao is so lucky to receive Chairman Mo’s love.”

“Yes, I can tell that Chairman Mo really loves Miss Qiao. That’s why he’s so good to her.”

“It seems like the trending topics on Weibo were deliberately created to mislead the public. Chairman Mo and Miss Qiao have a good relationship, but they made it seem like they are about to break up. I wonder what their intentions are.”

“Exactly. Chairman Mo and Miss Qiao have always had a good relationship, and Chairman Mo has always pampered Miss Qiao. He even got me to specially buy desserts downstairs today. He doesn’t like desserts, so he must have bought them for Miss Qiao. He pampers Miss Qiao so much, how could he regret being with her?”

“I took a look at the trending topics. Someone is deliberately trying to make the netizens feel that Chairman Mo and Miss Qiao aren’t on good terms. I’m not saying that Chairman Mo is so powerful that he doesn’t need to find a woman who can help him, alright? If he needed to find such a woman, he wouldn’t be with Miss Qiao. Moreover, Miss Qiao isn’t bad. She’s super beautiful, and she acts well. She’s also the daughter of the Bai family. I think she’s rather compatible with Chairman Mo.”

“I also think that Miss Qiao is more suitable for Chairman Mo. I feel that Chairman Mo likes petite women, not strong women. Otherwise, he would have gotten together with Miss Shen long ago.”

The female secretaries discussed heatedly for a while, then recalled the trending topics they saw on Weibo. The more they thought about it, the more uncomfortable they felt. Hence, they went to Weibo anonymously and posted something.

Find out what I know: “It feels so funny to see the trending topics today. Some people are always thinking about my boss and his fiancée. I want to say that you don’t have to worry about them. My boss and his fiancée are doing well. Those who want to see them break up will definitely be disappointed.”

#### **Chapter 2470: If This Isn’t Deliberate, What Is It?**

The female secretary posted on Weibo. She thought that since her Weibo account wasn’t verified and didn’t have many fans, it probably wouldn’t attract much attention.

She even spent a few hundred yuan to get it trending.

Of course, a few hundred yuan wasn’t much. The female secretary’s Weibo post only had a few hundred reposts and a little more than a hundred comments.

Compared to the trending news that had tens of thousands of reposts and comments, this statistic was like a stone thrown into the lake. It didn’t even cause a big splash. At most, it only caused a ripple.

A netizen asked in the comment section: “Who’s your boss? Are you referring to Qiao Mianmian and Mo Yesi?”

The female secretary replied: “That’s right, I’m an employee of the Mo Corporation. I just saw the trending topics today and couldn’t help but make this post. Our Chairman Mo and Miss Qiao have a very good relationship. I don’t know who’s trying to mislead others into thinking that their relationship isn’t

good. Chairman Mo dotes on Miss Qiao so much, everyone in the Mo Corporation knows that. What's the motive of the person trying to mislead us?"

The netizen quickly replied: "Can I send this Weibo post to a big verified account in the entertainment industry that I'm following? I'm a fan of Qiao Mianmian, and I was so angry when I saw the trending topics today. I also think that someone is deliberately setting the pace."

Female secretary: "Of course. I used some money to get this post trending, but the effect seems average. It'd be great if a big verified account in the entertainment industry reposts it."

Netizen: "Alright, I'll send it to her after organizing it."

The reason the female secretary made this post wasn't that she had a good relationship with Qiao Mianmian.

She just couldn't stand it.

If nothing went wrong, they would stay in the Mo Corporation for the rest of their lives.

Although Mo Yesi wasn't easy to get along with, he was still very generous to his employees.

He was definitely a good boss.

As employees, they were very satisfied with him.

She never thought of changing companies.

She never thought of changing bosses.

As for Qiao Mianmian, the employees of the Mo Corporation had a good impression of her and felt that she had a good temper and personality. As the future Lady Boss, Qiao Mianmian never put on airs in front of them.

They really liked her.

Now that their boss and lady boss's relationship had been deliberately ruined on Weibo, the employees couldn't bear to watch it.

Chairman Mo and Miss Qiao had a good relationship.

They'd been together for so long, but it was still like a honeymoon period.

Everyone in the company was envious of them, but everyone was willing to acknowledge the love between Chairman Mo and Miss Qiao.

Now, a strange person suddenly said that Chairman Mo would definitely regret choosing Miss Qiao and break up with her in the future.

What was this?

She wondered if Chairman Mo and Miss Qiao saw those trending topics.

If he saw it, Chairman Mo would definitely be furious.

Who was so daring to create such a commotion on Weibo? Wasn't the person behind this afraid that Chairman Mo would find out?
