### **Chapter 2471: Untitled**

The female secretary didn't follow the news anymore.

Although she was still indignant, this wasn't her business. Moreover, she had a lot of work to do.

She hoped that the big verified account that the netizen was following would repost her Weibo and let more people know the truth.

The netizen who claimed to be Qiao Mianmian's fan was really her fan.

The fans saw the trending topics and left comments on Qiao Mianmian's Weibo comment section, asking her to say something.

The fan took a screenshot of the post and sent it to the verified account.

Coincidentally, this fan was also a hardcore fan of the entertainment industry's verified accounts. She was the type to interact with the verified accounts frequently in the comment section.

The verified account quickly saw her private message.

He quickly replied.

Master Qi: [Is this really an employee of the Mo Corporation?]

The netizen's Weibo name was Piggy Le.

Piggy Le: [I think so. Master Qi, can you repost her Weibo?]

Master Qi: [No problem, but I'm only responsible for reposting it. I won't do anything else.]

Piggy Le: [That's enough. Thank you, Master Qi.]

Master Qi was a big VIP in the entertainment industry who had over 10 million followers.

The female secretary's Weibo post, which only had a few hundred people forwarding, received more than 10,000 reposts and thousands of comments in less than half an hour.

Many verified accounts in Master Qi's gossip circle were related to him. When he reposted it, the verified accounts followed suit.

With so many reposts, the attention it got naturally went up.

Wei Zheng received Mo Yesi's order and went to the Mo Corporation's public relations department to relay it to the manager.

The public relations manager received the order. It was related to their big boss's future wife, so they naturally didn't dare to neglect it.

They would immediately get someone to settle the trending topics.

The Mo Corporation's public relations department was very powerful.

These disputes in the entertainment industry were rather simple for them.

But...

When the public relations manager logged into Weibo to find out more about this, he realized that someone seemed to have settled this matter before them?

When the public relations manager saw the Weibo post by the female secretary, it had already been reposted tens of thousands of times.

Moreover, that post was trending.

# Mo Corporation's employee refutes the rumors and trending topics #

Because many verified accounts reposted it, it attracted a lot of attention.

Many netizens left comments on the female secretary's Weibo comment section.

"Are you really an employee of the Mo Corporation? Are Mo Yesi and Qiao Mianmian really on good terms? If not, why didn't they come out personally to refute the rumors? Why did they have to get an employee like you to refute them?"

"Isn't this someone's alternate account? Pretending to be an employee to refute the rumors? I didn't believe what was on the trending topics initially, but now I feel like it might be true."

"I'm also curious. Didn't the two parties involved see the trending topics? Why didn't they come out personally to refute them? Mo Yesi has a Weibo account, right? He didn't even post anything. Previously, he and Qiao Mianmian were showing off their love on Weibo."

"Mianmian and Chairman Mo probably haven't seen it yet. Chairman Mo has always been protective of Mianmian. If he saw it, he definitely wouldn't keep quiet. Let's wait patiently. I think Mianmian will definitely give us an explanation."

"Mm, don't worry. Mianmian probably doesn't know about this yet. When she finds out, she'll definitely respond. We just have to wait patiently."

## **Chapter 2472: Untitled**

The comments on the female secretary's Weibo post were mainly divided into two groups.

They were Qiao Mianmian's fans, as well as Qiao Mianmian and Mo Yesi's CP fans.

A group of people deliberately said that Qiao Mianmian must have opened another account.

Mo Yesi didn't respond to any of the trending topics. It was different from how he used to defend Qiao Mianmian on Weibo.

Hence, there must be something wrong with their relationship.

As for the other netizens, they were all fence-sitters.

One moment, they believed the secretary, and the next moment, they felt that the group of people was right.

The public relations manager reported what he saw on Weibo to Wei Zheng.

“Assistant Wei, someone who claims to be an employee of our company posted on Weibo. She should have tried to help Chairman Mo and Miss Qiao refute the rumors. Her Weibo was reposted by many people and is even trending, but many netizens still don’t believe what she said.”

“An employee of the Mo Corporation? What did she say?”

The public relations manager read the post to Wei Zheng.

After reading it, he paused for a while and continued, “The people spurring the rumors are now insisting that Chairman Mo didn’t post on Weibo to express his love for Miss Qiao, which means that a problem with their relationship really exists.”

Wei Zheng kept quiet for a while.

“Deal with the trending topics first. I’ll talk to Chairman Mo. Also, find out who’s behind this.”

“Yes, Assistant Wei.”

...

Wei Zheng believed that the public relations department would definitely settle this matter.

After all, if they couldn’t handle it well, no one could.

Hence, Wei Zheng was about to settle another matter.

He had to do it himself.

Before leaving, Wei Zheng sent Mo Yesi a WeChat message.

Wei Zheng: [Chairman Mo, the public relations department has said that the fastest way to respond to the trending topics is to post a Weibo message to express your love for Young Madam. If you post it personally, those rumors will fall apart.]

Wei Zheng felt that this was a good idea.

Didn’t they say that Chairman Mo would regret choosing Young Madam?

At this time, Chairman Mo’s high-profile declaration of love for Young Madam would indeed be more effective than anything else.

Most importantly, he could anger the person behind the scenes.

Although the public relations department hadn’t found out who the mastermind was, Wei Zheng had already guessed it.

Young Madam had a few enemies, but after being dealt with by Chairman Mo, there was no one left.

After that, Chairman Mo and Young Madam made it public. After knowing that Chairman Mo was the Chairman of the Mo Corporation and Young Madam was the daughter of the Bai family, no one dared to do anything to her anymore.

No one dared to offend the Bai and Mo families.

If they offended these two families, they wouldn't be able to survive in the entertainment industry.

It wasn't easy to survive in the entertainment industry.

Anyone who made a name for themselves would cherish everything they had.

Hence, Wei Zheng guessed that the people behind the fake comments weren't hired by anyone in the entertainment industry.

It wasn't hard to guess who had the guts to do this.

Especially when the trending topics praised Shen Rou.

The mastermind was too obvious.

### **Chapter 2473: Untitled**

Mo Yesi didn't reply.

Just as Wei Zheng was wondering if he didn't see it and wanted to call him, his cell phone rang.

He replied with one word: [Mm.]

A few seconds later, his cell phone rang again.

Mo Yesi sent another message: [I'll settle the Shen Corporation's matters immediately. I want to see the results by today.]

Wei Zheng's expression changed.

He could already see Mo Yesi's cold expression.

Chairman Mo wanted him to settle the Shen Corporation's matters today.

He could imagine Chairman Mo's anger by this message.

The Shen Corporation was courting death.

Chairman Mo had no intention of dealing with them. Even though the Shen Corporation had stolen a few businesses, Chairman Mo didn't think much of it.

But now...

Chairman Mo couldn't remain calm anymore.

Shen Rou was too stupid.

Didn't she know that Young Madam was Chairman Mo's weak spot?

Chairman Mo wouldn't be too angry if she dealt with the Mo Corporation.

But she hired the Internet Water Army to trample on Young Madam and even made them spread rumors that Chairman Mo regretted being with Young Madam. How could Chairman Mo tolerate her?

Did she really think that stealing a few of the Mo Corporation's businesses and inviting Henry Zhou this time would have a huge impact on the Mo Corporation?

That was too naive.

Chairman Mo could deal with her anytime.

Since Chairman Mo wanted to teach her a lesson, Wei Zheng had to do it well.

He felt that not only did he have to teach Shen Rou a lesson, but he also had to let her know how high the sky was and how deep the earth was.

Shen Corporation against Mo Corporation?

Haha, that was like throwing an egg at a rock.

...

In the President's office.

Mo Yesi carried the sleeping Qiao Mianmian into his lounge and placed her on the soft bed.

He adjusted the temperature of the air conditioner and covered Qiao Mianmian with a blanket before leaving the lounge.

There was a pile of documents on the table.

Mo Yesi walked over and picked up one of the documents when his cell phone rang.

He looked down and saw that it was a message from Wei Zheng.

Wei Zheng usually messaged him about work.

Mo Yesi unlocked his cell phone.

After a while, he frowned thoughtfully.

Indeed, by making a post on Weibo to express his feelings for Qiao Mianmian, he could crush many rumors.

He didn't think of that.

With Wei Zheng's reminder, he immediately opened Weibo and prepared to write a loving post to refute the rumors.

Mo Yesi was about to begin typing when he stopped.

He couldn't decide what to post.

What should he post to show his love?

Just as he was hesitating, he heard a soft voice from the lounge. "Mo Yesi."

Mo Yesi stood up and walked towards the lounge.

He opened the door and saw Qiao Mianmian sitting up on the bed, rubbing her eyes. When she saw him walk in, she called out to him, “Mo Yesi.”

“Mm. Baby, why are you awake?” Mo Yesi quickly walked towards the bed.

#### **Chapter 2474: Untitled**

“Did I wake you up?” Mo Yesi sat by the bed.

Rubbing her eyes, the sleepy little woman reached out to hug him. Her fair and soft cheeks leaned against his chest as she spoke, her voice still a little hoarse. “No, I woke up by myself.”

“Mm.” Mo Yesi placed a hand behind her head and kissed her forehead. “Why did you call me?”

“Mo Yesi, did you get someone to remove those trending topics?”

Qiao Mianmian had just picked up Linda’s call.

Linda asked her how she planned to handle the trending topics and whether she should respond.

This was because a new group of Internet Water Army was spreading rumors that there was really a problem with her relationship with Mo Yesi. They might even break up.

And they had a lot of evidence.

The first evidence was that Mo Yesi still hadn’t posted on Weibo to defend Qiao Mianmian and respond to the trending topics. It was obvious that there was something wrong with their relationship.

Secondly, even Qiao Mianmian had no intention of responding. Thus, they must be right.

Thirdly, there was no smoke without fire. Since such rumors spread, it wasn’t baseless.

They were good at setting the pace. Coupled with the fact that every comment section had these commentaries, the netizens who didn’t know the truth easily believed them. A group of people sighed in pity in the comment section. Of course, many were also gloating.

“Sigh, will Qiao Mianmian and Mo Yesi really break up? I think they’re very compatible. A handsome man and a beautiful woman, and their families are also comparable. Moreover, Mo Yesi seems to really like her. It’d be a pity if they break up.”

“Didn’t they say that the wedding will be held soon? The date is next year, and both families agree with this. Mo Yesi showed off his affection in public previously and defended Qiao Mianmian. The two of them seem to have a good relationship, how could they break up? Anyway, I don’t believe it. I don’t think they’ll break up.”

“But Mo Yesi really didn’t reply to the trending topics this time. If he really likes Qiao Mianmian, it’s impossible for him not to react. He should at least make a post to clarify things.”

“Mo Yesi didn’t post anything on Weibo, so it’s indeed a little unusual. But based on my past experience, I’ve decided not to take sides easily. I’d better wait and see.”

“The orphan who spread the rumors must die! Mianmian and Chairman Mo are doing well. Even if your family is separated, Mianmian and Chairman Mo won’t be separated!”

“Mianmian and Chairman Mo definitely haven’t seen the trending topics yet. Who’s like you boring people, browsing Weibo all day long? Chairman Mo is the Chairman of the Mo Corporation. He manages such a huge company and is very busy every day. Isn’t it normal to not see those trending topics?”

“The person above, don’t lie to yourself. Even if they didn’t see, how could Qiao Mianmian’s team not see them? If they did, wouldn’t they tell her? It’s not like the trending topics just came out. It’s already been half a day, isn’t it too lousy to say that they didn’t see them?”

Even Linda said, “Mianmian, Chairman Mo doesn’t know about this? Have you not told him?”

“I think you should reply on Weibo, right? Or the company can get someone to draft a proposal, and you can post it accordingly?”

“Sister Xie, I’ll think about it. I’ll reply to you later.”

## **Chapter 2475: Untitled**

Qiao Mianmian hung up after talking to Linda.

Then, she opened Weibo and saw what Linda was talking about.

Under the influence of the new Internet Water Army, she and Mo Yesi might not break up at first, but not long after, it became inevitable that they would break up. In fact, they had already broken up, but because of some circumstances, they hadn’t made it public yet.

What was even funnier was that someone actually said that Mo Yesi was already with Shen Rou.

Some netizens actually believed that Mo Yesi and Shen Rou were the most compatible couple. Breaking up with her was a wise decision.

They even said that if it wasn’t for her interference, Mo Yesi would have been with Shen Rou.

Qiao Mianmian seemed to have become a third party.

Qiao Mianmian was speechless.

She found it funny.

She didn’t intend to bother about it because she didn’t think it was important.

But she didn’t expect that the person behind this to get more and more overboard.

She didn’t want to bother about her, but she didn’t want to let her off.

Qiao Mianmian called Mo Yesi in a fit of anger.

“Mm, you don’t have to bother about those trending topics. I’ll leave it to the public relations department to handle it. They’ll settle it soon.”

“What do you tell the public relations department to do?”

“Remove the trending topics. Those who deserve it will be sued.” Mo Yesi said simply, “As for the mastermind, I’ll get someone to find out. In the future, such rumors won’t appear anymore.”

Qiao Mianmian kept quiet for a while.

“What’s wrong, Baby?” Mo Yesi saw that she didn’t say anything and asked in concern, “You don’t think this is enough? If you don’t think the punishment is enough, then...”

“No, the punishment is enough.” Qiao Mianmian looked up and met his dark eyes. She was silent for a few seconds before saying, “But even if we remove the trending topics, many people might still believe the rumors.

“In some people’s eyes, removing the trending topics is equivalent to admitting guilt.

“They’ll believe the rumors even more.”

Mo Yesi was stunned. He thought about what she’d just said and frowned. “Then, what do you think we should do? I’m going to make a post on Weibo to clarify things.”

Qiao Mianmian bit her lip and thought for a while. “I’m going to reply on Weibo too. Have you thought of what to post?”

“Not yet.” Mo Yesi shook his head. “I want to discuss it with you. Send what you think is best.”

“Then, send the marriage certificate,” Qiao Mianmian said.

Mo Yesi was shocked. “Marriage certificate?”

“Mm.” Qiao Mianmian met his gaze and said calmly, “The marriage certificate. Didn’t they say that we’d definitely break up? This kind of rumor will break itself if we show our marriage certificate. There won’t be such rumors in the future.”

This was what Qiao Mianmian decided after much consideration.

She had already decided on this before she called Mo Yesi into the lounge.

Anyway, she and Mo Yesi were completely publicized now.

Qiao Mianmian didn’t announce her marriage before because she wanted to wait until the wedding was over.

## **Chapter 2476: Untitled**

Her marriage with Mo Yesi wasn’t done in the usual way.

But every girl wanted a grand and romantic wedding.

Qiao Mianmian was no exception.

Hence, even though she and Mo Yesi had already registered their marriage, she still hoped to have the proper etiquette before announcing their marriage.

But now...

She didn’t want to wait anymore.

“You’re willing?” Mo Yesi’s dark eyes flickered. Although his expression was no different from usual, the rapid emotions in his eyes revealed that he wasn’t as calm as he looked.

Qiao Mianmian nodded. “Yes. We’re already married, it’s not a secret. Unless you don’t want to.”

Mo Yesi replied, “...Of course.”

He had never thought of keeping their marriage a secret.

She had been the one to make the request.

Otherwise, he would have already made it public.

He couldn’t wait to announce it to the world.

Hence, he was shocked when Qiao Mianmian suddenly said that she wanted to show their marriage certificate on Weibo.

He thought that she didn’t want to make it public because she didn’t want to affect her career development.

After all, marriage had a certain impact on artistes.

Hence, even though he wasn’t that willing, he still cooperated with her.

He didn’t want to see her unhappy.

“Then, let’s post our marriage certificate on Weibo.” Qiao Mianmian smiled and reached out to hook his neck. She lowered his head and smiled. “Nothing is better than this. Let’s post it together.”

“Alright.” Mo Yesi’s eyes seemed to have thousands of stars in them. Countless lights shone around his dark eyes. His deep eyes were filled with lights and colors as he looked at her deeply. His big hand gently caressed her fair and tender cheeks as he said each word gently, “Let’s post it together.”

“But...” Qiao Mianmian bit her lip and frowned.

“Mm? What?”

“But the marriage certificate is still at home.”

“What’s wrong with that?” Mo Yesi smiled and leaned closer. “I’ll get someone to send it over immediately.”

...

An hour later.

The netizens who were still excited about the trending topics suddenly realized that the two main characters had posted on Weibo at the same time.

Qiao Mianmian V: [We haven’t broken up, everyone can drop this topic now. (Photo attached)]

Nameless: [Let me introduce my Mrs. Mo. (Photo attached)]

They posted it at the same time.

They even posted a picture of their marriage certificate.

A group of netizens was still gossiping about their breakup when they suddenly saw the posts.

Wait.

What did they see?

Mo Yesi and Qiao Mianmian were married?!!

Didn't they break up secretly?!!

The netizens were stunned for a few seconds before rushing to their Weibo to watch the commotion.

Then, they realized that the date on Qiao Mianmian and Mo Yesi's marriage certificate wasn't recent. They had already gotten married a year ago.

Some of the more attentive netizens analyzed it carefully and realized that Qiao Mianmian actually married Mo Yesi not long after she broke up with Su Ze.

### **Chapter 2477: Untitled**

Back then, Qiao Mianmian was still a nobody and Qiao Anxin was still in the limelight, and so was the Su Corporation.

Qiao Mianmian and Mo Yesi also hadn't made their relationship public.

So, they got married in secret?

They were already married, but they hadn't made it public. They thought Qiao Mianmian was still Mo Yesi's fiancée.

The netizens were shocked.

"Damn, Qiao Mianmian and Mo Yesi are actually already married! Then, why did they keep hiding it from us, making us think that they're only engaged? Could it be that Mo Yesi didn't want to publicize it and requested for a secret marriage?"

"If they were already married, there wouldn't be a breakup, right? They probably had to hide their marriage for some reason, but today's trending topics said that they've already broken up, so they had to publicly announce their marriage in advance."

"Oh my, they actually got married a long time ago. I saw the trending topics today and was still wondering why they broke up. This response is pretty good, it's a slap to the face to those who spread the rumors."

"Hahahaha, I knew that Mianmian and Chairman Mo would definitely respond. I just didn't see it before. I didn't expect Mianmian and Chairman Mo to be already married. Then, our Mianmian is at ease. I represent all of her fans in wishing Mianmian and Chairman Mo a blissful life. They must grow old together and be happy forever."

"Wow, I'm so happy. Congratulations, Mianmian! Congratulations, Chairman Mo!! I hope you will have a child soon!! Hahaha, I'm so happy. It's Mianmian's marriage, why do I feel like I'm marrying a goose?"

“Have those people who spread rumors that Mianmian and Chairman Mo have broken up been slapped in the face? I’m sorry, but not only did our Mianmian not break up with Chairman Mo, but Chairman Mo has also long been her husband. Those who are hoping for them to break up can wash up and sleep. Our Mianmian and Chairman Mo are doing well!”

“Is it only me who noticed that Qiao Mianmian got married to Mo Yesi not long after she broke up with Su Ze? She and Su Ze were childhood sweethearts, and she married another man not long after they broke up. Is it really not out of spite? Also, according to the time, Qiao Mianmian didn’t know Mo Yesi for long before she got married. Isn’t this a flash marriage? This marriage looks strange no matter how you look at it. Is there really a relationship in it, can it be blissful?”

“Now that you mention it, I suddenly remember that Shen Rou mentioned this when a reporter interviewed her. She said that Mo Yesi isn’t with Qiao Mianmian because of their relationship, but because his illness won’t flare up when he’s with her. That’s why he’s with Qiao Mianmian.”

“I remember this too. It seems like it. The Mo family is rich. Mo Yesi is rich, handsome, and a top-notch overseas student. Under normal circumstances, he wouldn’t have liked Qiao Mianmian back then, much less marry an ordinary university student. Perhaps the truth is as Shen Rou said.”

Qiao Mianmian and Mo Yesi’s Weibo posts caused a huge amount of traffic. It almost crashed the server.

# Qiao Mianmian and Mo Yesi showing their marriage certificate #

# Qiao Mianmian and Mo Yesi got married a year ago #

# The truth behind Qiao Mianmian and Mo Yesi’s marriage #

Qiao Mianmian and Mo Yesi’s marriage was quickly trending.

Because of this, other things were also trending.

## **Chapter 2478: Untitled**

There was a new group of fake reviewers.

This group of people seemed different from the previous ones. Many of Qiao Anxin’s fans were among them.

Ever since all sorts of Qiao Anxin’s scandals were exposed, her image had completely collapsed. She couldn’t continue in the entertainment industry and vanished.

No one knew where she went.

Some of her fans announced their withdrawal after seeing her true colors.

But Qiao Anxin also had loyal fans.

Even though she was covered in scandals and her image was ruined, a portion of her fans still claimed that no matter what kind of person she was, they would forever be her fans and support her.

They were waiting for Qiao Anxin to change and return to the entertainment industry.

Many people still insisted on leaving comments on Qiao Anxin's posts.

Her fan club was still running.

When these loyal fans saw Qiao Mianmian and Mo Yesi's marriage certificate, they pointed out the date of their registration and said Qiao Anxin did not interfere in Su Ze and Qiao Mianmian's relationship.

The person who cheated on her was Qiao Mianmian.

"I checked the date on the marriage certificate. Qiao Mianmian broke up with Su Ze less than a week before she married another man. Why do I feel like she broke up with Su Ze long ago?"

"That's right. She must have found a partner long ago. She must have gotten together with Mo Yesi before she even broke up with Su Ze. She was the one who shamelessly found a better man and wanted to dump her ex-boyfriend, but she said that Sister Anxin broke her relationship with Su Ze. I knew Sister Anxin wouldn't do such a thing. She's such a kind and innocent girl, but she was schemed against by her sister and accused of being the third party. Now, the truth is out. Sister Anxin is innocent. Qiao Mianmian is shameless and cheated on Sister Anxin!"

"Qiao Mianmian is too scary. Sister Anxin used to chat with us in the group occasionally and talk to us about her sister. Back then, Sister Anxin even told us that she had a good relationship with Qiao Mianmian and that she liked her very much. Sister Anxin treated her like family, I didn't expect her to treat Sister Anxin like this! How could there be such a disgusting woman? Sister Anxin has left the industry because of her!"

"Actually, now that I think about it, the scandals that were exposed back then are probably fake too. With Qiao Mianmian's power, she can totally find someone who looks like Sister Anxin to film those videos. Anyway, no one dares to expose her. When I think about how Sister Anxin was actually harmed by this despicable and shameless slut, I feel so hateful. Sister Anxin is clearly such a warm and beautiful person. Boohoo, I really miss Sister Anxin."

"I miss her too. I think she's the victim. Qiao Mianmian is too scary. Su Ze and Anxin were both hurt by her. The Su Corporation was acquired and Anxin disappeared from the entertainment industry. One is her sister, and the other is her childhood friend. She doesn't even care about them. How could she be so cruel?"

Qiao Anxin's fans seemed to have already confirmed that Qiao Anxin was framed by Qiao Mianmian. Some fans started to denounce Qiao Mianmian on Weibo, asking her to get out of the entertainment industry. They wanted to seek justice for Qiao Anxin.

## **Chapter 2479: Untitled**

**Translator:** Atlas Studios **Editor:** Atlas Studios

There were even fans asking Qiao Anxin to return to the entertainment industry.

They seemed to have gone crazy as they scrolled through Weibo.

At this time, another netizen who claimed to be in the know revealed that Qiao Mianmian and Mo Yesi were indeed not married because they were in love. They were married by contract, and Mo Yesi married Qiao Mianmian to treat his illness.

Qiao Mianmian was Mo Yesi's wife in name, but she was actually a catalyst.

"I don't have to elaborate on Mo Yesi's identity and background. I think it's not an exaggeration to say that all the women in Yuncheng City dream of marrying him, right? Back then, Qiao Mianmian was indeed just an ordinary university student. At that time, she wasn't recognized by the Bai family. Her marriage with Mo Yesi wasn't recognized by the Mo family. Madam Mo wasn't willing to acknowledge her as a daughter-in-law at all, and even looked down on her.

"Everyone knows that the artistes in the eyes of the rich are no different from actors. The Mo family is rich, a true prestigious family. Madam Mo naturally hopes that her son can find a wife of equal social status and not a lowly celebrity.

"Qiao Mianmian is very capable. She knew that if the Mo family found out about her existence, she definitely wouldn't be able to enter the family. So, she coaxed Mo Yesi to secretly marry her and successfully entered the family by acting first and reporting later.

"Mo Yesi married her for a reason, so even if he doesn't have any feelings for her, he still married her. But he doesn't like Qiao Mianmian. He married her only because of his illness, so they signed an agreement that Qiao Mianmian can't make their marriage public.

"I've said it before, Qiao Mianmian is a very scheming woman. She knows very well that Mo Yesi has no feelings for her, but she doesn't care. Anyway, her goal is to marry into the Mo family, become rich, and get resources from Mo Yesi.

"Does everyone feel that Qiao Mianmian has always been a nobody, but not long after she and Mo Yesi got their marriage certificate, she received Bai Yusheng's show? Who is Bai Yusheng? She was a newbie without any works. What right does she have to play the female lead in Bai Yusheng's show?

"At that time, Bai Yusheng didn't know that she was his sister. In fact, I think even the fact that she's the daughter of the Bai family might not be true. Who knows what tricks she used behind his back? The Bai family has been looking for a daughter for so many years, but they haven't found her. How could she coincidentally play a part in Bai Yusheng's show and be recognized by the Bai family? Doesn't everyone think that it's too coincidental?

"Of course, Mo Yesi had intended to divorce her after treating her illness. But now that she's the daughter of the Bai family, their marriage should be more stable. They probably won't divorce in the future. By the way, the Mo and Shen families had an intentional marriage back then, and Mo Yesi's mother had long treated Shen Rou as her daughter-in-law. Then, Qiao Mianmian suddenly appeared, and the marriage between the two families was put on hold."

This informant seemed to have witnessed everything personally.

## **Chapter 2480: Untitled**

He claimed to know Qiao Mianmian and Mo Yesi and the inside story of their flash marriage very well. Moreover, he said everything in detail, unlike other pieces of news that were ambiguous, so most of the netizens believed him.

After all, netizens were fence-sitters.

They didn't know Qiao Mianmian well enough to trust her.

They believed whoever made sense and revealed the truth.

Moreover, Qiao Mianmian did marry Mo Yesi a few days after breaking up with Su Ze.

Hence, the two of them didn't have any feelings for each other back then.

Since they didn't have any feelings for each other, and Qiao Mianmian's status was ordinary back then, Mo Yesi must have had a special reason for marrying her.

Someone had already revealed that Mo Yesi was ill, and only Qiao Mianmian could cure him.

Qiao Mianmian probably used this as a bargaining chip to get Mo Yesi to agree to marry her.

The netizens started analyzing like Sherlock Holmes.

"I think this news is very credible. Back then, Qiao Mianmian was nothing. Why did such an outstanding man agree to marry her? If you say love at first sight, I won't believe it. Shen Rou once said that Mo Yesi has misogyny, but it won't act up with Qiao Mianmian. But back then, everyone thought that Shen Rou was jealous of Qiao Mianmian's nonsense, so not many people believed her. Now that I think about it, Shen Rou's words should be true."

"Shen Rou and Mo Yesi have known each other for over 20 years, and the two families are aristocratic. She must know the inside story."

"If the Mo and Shen families are interested in a marriage alliance, then the person marrying Mo Yesi should have been Shen Rou. I think the person Mo Yesi really likes is Shen Rou. He must have had no choice but to marry Qiao Mianmian. He and Shen Rou have known each other for so many years. Before Qiao Mianmian, Mo Yesi only had Shen Rou as a female friend. The two of them are about the same age, and their families are compatible. Both of them are outstanding. I don't believe that Mo Yesi has never had feelings for her."

"So, Qiao Mianmian broke them up?"

"If Qiao Mianmian was just an ordinary college student, how did she know Mo Yesi? Just based on this point, we can see that she's really scheming."

"Then, did she cheat? If she did it first, Qiao Anxin and Su Ze are innocent."

"I helped you sort out the timeline. Qiao Mianmian broke up with Su Ze first and married Mo Yesi in secret within a week. Then, she took on a role in Bai Yusheng's show and was recognized by the Bai family. Now, as the person who exposed the news said, their marriage should have become stable. She has also stabilized her position as the Young Madam of the Mo family."

"In the future, be it in the entertainment industry or other industries, she can get whatever she wants easily."

"There's one more thing you've forgotten. Shen Rou and Mo Yesi were good friends, and the Shen and Mo families were long-time friends. But when the Shen family was in trouble, the Mo family didn't help. Isn't that strange? Now it seems like Qiao Mianmian is behind it. This woman is really scary. Just because

of her, the Mo and Shen families became enemies. Shen Rou and Mo Yesi are now enemies too. After settling the issue of family background incompatibility and Mo Yesi's childhood sweetheart, she's no longer a threat. She can indeed sit firmly on the seat of Young Madam Mo."
