

## Big Shot 2521

### Chapter 2521: The Truth

“F\*ck, Qiao Mianmian’s company has made a statement. There’s so much evidence in it. I really didn’t expect Shen Rou to say that she was the victim, but she actually spread rumors to frame Qiao Mianmian. Qiao Mianmian’s trending topics today, as well as those so-called insiders, were all arranged by her!”

“Oh my, I’ve seen Huan Yu’s Weibo post too. I’ve guessed that there might be a reversal, but I didn’t expect it to be like this. It’s too scary. Shen Rou is too scary. To think that I helped her say so many things previously. Now I want to slap myself!”

“So, it’s because of love? Because she couldn’t get Mo Yesi, she hated Qiao Mianmian. She wanted to ruin Qiao Mianmian’s reputation in this way? I was wondering why Qiao Mianmian’s scandals came one after another today, and so many so-called insiders appeared. So, she was the one behind all of this.”

“Gosh, I didn’t expect the truth to be like this. Shen Rou is really scary and disgusting. Thankfully, Qiao Mianmian got evidence to prove her innocence. Otherwise, her reputation would be ruined.”

“I went to take a look at the comment posted by Shen Rou’s alternate account. It’s too disgusting. She used her alternate account to slander Qiao Mianmian in all sorts of ways. That face of hers is too ugly. She pretends to be elegant and noble on the surface, and her manners are very high. It suits the image of her registered alternate account’s Weibo name, ‘Good Times’. But her other side is actually so dark and vicious. You really can’t judge a book by its cover.”

Huan Yu’s post was filled with evidence of Shen Rou defaming Qiao Mianmian.

Her alternate Weibo account was called “Good Times.”

Although her name was very “peaceful”, her cursing didn’t match it at all.

Especially when she scolded Qiao Mianmian.

It was hard to believe that these words came from a rich and educated young lady.

The most ironic thing was...

She even registered a Weibo account with the name “Good Times”.

In Qiao Mianmian’s post, not only did she find Shen Rou’s alternate account, but she also posted the IP addresses of the Weibo accounts that exposed her. The IP addresses showed that the so-called insiders were actually the same person.

Even the company that defamed her was found out.

As the evidence was conclusive, everyone who saw the post knew that Qiao Mianmian was being slandered.

The person who slandered her was Shen Rou.

In an instant, Shen Rou’s advantage vanished completely.

The netizens who were scolding Qiao Mianmian and Gong Zeli a second ago started scolding Shen Rou instead.

And they scolded her even more harshly than Qiao Mianmian and Gong Zeli.

They had been slapped in the face for supporting Shen Rou.

This made them feel like she was playing with them.

It also made them feel like their IQ was being trampled on by Shen Rou.

This made them angry.

Hence, they vented all their anger on Shen Rou.

They were even more ruthless when they scolded Qiao Mianmian.

### **Chapter 2522: Change of Public Opinion**

The words they used to scold Qiao Mianmian were rather nasty.

Then, the words they said to Shen Rou now were very unpleasant.

It was at a level that would make people shut down.

Not long after Qiao Mianmian reposted her company's Weibo post, Mo Yesi, who was always paying attention to her, also reposted it and added: [Mm, this lawsuit is set, the Mo Corporation will accompany you to the end.]

After Mo Yesi reposted it, the Mo Corporation's official Weibo also reposted their boss and lady boss's Weibo posts. They also added a sentence: [That's right, our Mo Corporation's elite legal team will definitely accompany you to the end!]

Then, the netizens looked at Bai Yusheng, Yan Shaoqing, and even Gong Zeli, who had been scolding the netizens on Weibo, and reposted Qiao Mianmian's Weibo.

Everyone posted a comment.

Bai Yusheng: [Including me, our Bai family will accompany you.]

Yan Shaoqing: [Support my Second Bro and Sis-in-law. With me, I'll accompany you to the end. Hmph.]

Gong Zeli: [The Gong Corporation has already sent a lawyer's letter. As I said, this lawsuit is set.]

Lu Rao: [It's terrible to defame others like this. Supporting normal rights.]

Mo Yesi's friends immediately reposted his and Qiao Mianmian's Weibo posts to show their support.

Not only that.

Qin Han, Zhan Bo, Shen Fei, and even Tu Yilei, who had disappeared for a long time, reposted Qiao Mianmian's Weibo post to show their support.

Yan Shaoqing was one of the most powerful men in the upper-class society.

On the other hand, Qin Han was the best in the entertainment industry.

The two groups of people were the best in their respective fields.

Qin Han had many fans, and their comments showed their support.

Their attitude was the attitude of the fans.

This group of fans also reposted Qiao Mianmian's post.

And Mo Yesi, Yan Shaoqing, and Gong Zeli's reposts weren't inferior at all.

They had hundreds of thousands of employees.

Mo Yesi had already sent the company's internal email, and all the employees had to repost it to show their support for Madam President.

Just the Mo and Gong companies alone had hundreds of thousands of reposts.

Together with Qin Han and Shen Fei...

In less than an hour, Qiao Mianmian's post had been reposted more than a million times.

The number of reposts was shocking.

The entire Weibo system almost collapsed.

Thankfully, the Weibo programmers were prepared for this.

# Qiao Mianmian has been defamed #

# Drama reversal, the victim Shen Rou is actually the mastermind #

# Shen Rou hired some people to defame Qiao Mianmian #

# The Shen family is facing a huge crisis, Shen Rou is afraid of getting into trouble #

# Qiao Mianmian posted evidence that Shen Rou framed her #

Qiao Mianmian was trending again.

But this time, she wasn't on the trending list anymore. Shen Rou was.

But this time, Shen Rou was no longer a victim.

It was just an hour.

The public opinion on Weibo had completely changed.

Qiao Mianmian's comeback was beautiful.

Linda was very excited when she called.

**Chapter 2523: Trembling and Difficult to Breathe**

“Mianmian, you’ve succeeded. Shen Rou has really been beaten up by you this time. And Gong Zeli’s recording has also helped it. Her image is completely ruined now, and everyone is scolding her online. I think she won’t be able to make a comeback this time.

“Hahaha, seeing her being scolded like a dog by the netizens really makes me happy. I should let her have a good taste of being abused by the netizens. But I really didn’t expect your social relations in the industry to be so good. This time, many artistes expressed their support for you.”

“It can’t be called a good relationship, it’s just that everyone is following the trend.” Qiao Mianmian analyzed calmly. “Shen Fei and Qin Han are the top artistes in the industry. They expressed their stance first, while the others expressed their stance later. Moreover, the artistes who expressed their stance are mostly under Huan Yu. Chairman Zhao should have told them to do it.”

Huan Yu was the largest entertainment company in Yuncheng City.

It could be said that 60% of the artistes in the city were under Huan Yu.

Since they were artistes from the same company, they had to express their stand.

“If they really support me, they should have expressed their support when I was criticized by the entire internet.”

“That’s right, but it’s not bad even if others are expressing their opinions now. Chairman Zhao has already informed them, but whether they do it or not is up to them. Anyway, it’s not a bad thing to have more people help you.”

“Mm, I know.” Qiao Mianmian smiled. “Sister Xie, you can rest assured now.”

“Don’t worry.” Linda was also smiling. “You handled this matter very well. If it was handed to the company, it definitely wouldn’t have such an effect. I really want to know how Shen Rou is feeling now.”

“Her?” Qiao Mianmian smiled. “Who knows. She must be very angry.”

...

At this moment.

In the Chairman’s office of the Shen Corporation.

Shen Rou saw the entire post.

She also saw the evidence posted on Huan Yu’s official account.

After reading the post, Shen Rou’s face went pale.

She never expected such a reversal.

She never expected Qiao Mianmian to get so much evidence.

Her alternate Weibo account was discovered.

The company she hired was also found out.

The clear evidence was like a long nail pinning her to the chopping board.

She saw how the netizens scolded her.

If she was happy to see the netizens scold Qiao Mianmian previously, now that she was facing the same thing, she was dealt a huge blow.

Those malicious comments.

Those filthy insults.

She was angered within 10 minutes.

“No wonder Mo Yesi didn’t fall for Shen Rou even after she clung onto him for over 20 years. Such a scheming bitch is so disgusting. Whoever likes her must be blind.”

“It has been proven that both Mo Yesi and Gong Zeli are wise. Shen Rou deserved everything that happened to her today. I think a bad woman like her should be left alone for the rest of her life.”

#### **Chapter 2524: Unfamiliar Phone Call**

“The thought of Shen Rou being such a disgusting person makes me unwilling to use any of the Shen Corporation’s products. From today onwards, I will never use any of their products. I call for everyone to boycott the Shen Corporation and Shen Rou.”

“I’ve always liked their jewelry. I’ve also been using their skincare products. But I won’t use them in the future. So what if their products are good? The boss of the company has such a low character, I think everyone should boycott it.”

“Sisters, have you forgotten that the Shen Corporation invited Henry Zhou? Are you sure you want to boycott their products? Don’t you want to buy the jewelry designed by Henry Zhou? Don’t just say that you want to boycott it. When the time comes, you’ll be in the real fragrance mode again.”

“Haha, Henry Zhou’s jewelry is indeed attractive. But I feel that as long as one has a normal outlook, they won’t be willing to buy it just because of him. Moreover, I heard that the Mo Corporation is preparing to make a big move this time. The designer they hired may be even more impressive than Henry Zhou. In comparison, I’m more looking forward to their new jewelry product.”

“The standards of the jewelry companies under the Mo Corporation have always been higher than the Shen Corporation, and the route they take is also higher. I also feel that if the Shen Corporation can invite Henry Zhou, the Mo Corporation might be able to invite even more powerful people. In comparison, I’m more looking forward to the Mo Corporation’s new jewelry product this time.”

“Someone better than Henry Zhou? Do you mean the Mo Corporation can hire the legendary MR.S? That’s impossible.”

“The Shen Corporation can invite Henry Zhou, why can’t the Mo Corporation invite MR.S?”

The netizens were originally discussing the Shen Corporation.

Then, they started discussing the mysterious MR.S.

MR.S also inexplicably became a trending topic.

Shen Rou's lips were trembling. The insults from the netizens hurt her badly. She only looked at it for a while before turning off the computer.

But even so, when she closed her eyes, those vulgarities kept appearing in her mind.

"Scheming b\*tch!"

"B\*tch, bad woman!"

"Bad women like Shen Rou should die."

"How could there be such a disgusting woman like Shen Rou?"

"Serves her right for Mo Yesi not liking her. She's not worthy of him."

"She's a million times worse than Qiao Mianmian. Mo Yesi won't like her in his next life."

These words seemed to echo in her ears.

Shen Rou's face turned even paler. She covered her ears and buried her head in pain. "Don't say anymore, don't say anymore."

*Buzz...*

Her cell phone suddenly vibrated.

Shen Rou looked up with a pained expression and saw the blinking light on her cell phone.

It was an unknown number.

She listened to her cell phone ring for a while before picking it up.

The moment the call went through, she heard a fierce voice. "Shen Rou, you bad woman. How can you be so bad? A bad woman like you will die a horrible death."

Shen Rou was stunned.

"Who are you?"

It was a strange woman's voice.

She was sure that she didn't know the caller.

Shen Rou was stunned.

She was wondering if the other party had dialed the wrong number.

But since the other party could call her name so accurately, it meant that it wasn't a wrong call.

"Don't bother about who I am. Just know that a bad woman like you won't have a good ending!"

## **Chapter 2525: Untitled**

"You..."

Before she could say a word, the other party hung up.

Shen Rou was still in a daze when she heard the disconnected tone.

She was scolded for no reason.

She still didn't know who the other party was.

She was stunned for a few seconds and was about to scold her when her cell phone rang again.

Shen Rou looked down and saw that it was another unknown number.

As if she had a premonition, her expression darkened. After hesitating for a few seconds, she picked up the call.

"Shen Rou, right? Do you believe in retribution? I believe that people who do too many bad things will definitely face retribution. Even if not now, but sometime soon. I'm very good with words. Your retribution is coming soon, and I can already see your tragic end.

"A shameless woman like you can forget about getting happiness for the rest of your life. You don't deserve it. No one will like a vicious woman like you. As long as the people around you see what kind of person you are, they will leave you.

"I wish you a lonely life. No one will ever love you."

It was another strange woman's voice.

The woman hung up without giving Shen Rou a chance to speak.

Before she could react, her cell phone rang again.

She looked at the unknown number on the screen and picked it up with trembling fingers.

"What dogsh\*t Eldest Young Lady Shen, you act so well. It turns out that you're a despicable, shameless, sinister, and evil woman. Your ugly behavior has been exposed, and now everyone has seen your true colors. As long as you're still the boss of the Shen Corporation, we won't use any of your products. With a boss like you who is corrupted and has low morals, the Shen Corporation will sooner or later go bankrupt!

"Don't keep slandering Qiao Mianmian. It's useless even if you're jealous of her. Do you think you can return to Mo Yesi's side just because you used such despicable means to defame her and ruin her reputation? Stop dreaming. Look in the mirror, you can't even compare to one-tenth of her. You're not as pretty as her, and your heart is even uglier. As long as men are not blind, it's impossible for anyone to like you.

"Shen Rou, you're so cheap. Why did you defame Qiao Mianmian like that? You caused her to suffer online violence wrongly. Now, I'll let you have a taste of what it feels like to be attacked online."

"Shen Rou, go to hell, you evil woman."

"Shen Rou, a slut like you will die a horrible death!"

"Shen Rou, do you realize what you're missing? Your mom is gone."

The calls came one after another.

Everyone was scolding her.

Shen Rou slowly realized that someone had posted her phone number online.

The people who called her were all netizens who were defending Qiao Mianmian.

She was angry and flustered. She was scolded badly every time. Before she could think of a counterattack, the other party hung up.

Her belly was full of anger.

Her cell phone kept ringing.

She hung up and another call came in.

Shen Rou didn't pick up the phone anymore.

### **Chapter 2526: Untitled**

She turned on the silent mode.

But the phone was still flashing.

Messages came one after another. Her cell phone seemed to be broken, and the screen kept flashing. The messages popped up one by one. In just a minute, she had received more than a hundred messages.

They were all scolding her.

Shen Rou trembled uncontrollably.

She was so angry that her face turned green, and she clenched her teeth tightly.

The screen kept flashing.

Messages kept arriving.

In less than 10 minutes, she received thousands of messages and hundreds of calls.

In a short period of time, too many messages and calls came, and her cell phone went dead.

This was the first time Shen Rou encountered online violence.

She didn't expect it to be so scary.

They seemed to have gone crazy.

They were all cursing her to die.

The thousands of messages were all cursing her.

If her cell phone wasn't dead, she would have received many more messages and calls.

"Qiao Mianmian, it must be you!" Shen Rou was angry and afraid. She clenched her teeth and slammed her cell phone on the desk. She swept all the documents to the ground and clenched her fists. "It must be you. Do you think you can defeat me like this?"

“Do you think you’ve won?”

“No, I won’t admit defeat!” She didn’t know if she was saying it for others or herself. “I definitely won’t lose to you, slut.”

How could she lose to Qiao Mianmian?!

She was about to win!

She wouldn’t admit defeat so easily!

But, but...

What should she do now?

What should she do to turn the situation around?

Qiao Mianmian’s evidence was too harsh. She couldn’t deny it even if she wanted to.

Was she going to admit defeat just like that?

Was she going to let that slut ride on her head again?

*Bam! Bam! Bam!*

Someone knocked on the door.

“Chairman Shen.”

The assistant’s voice came from outside.

“Come in,” Shen Rou replied impatiently.

The door opened and the assistant walked in.

“Chairman Shen...” The assistant frowned and quickly walked to her side.

Shen Rou looked up and said coldly, “Didn’t you go to the public relations department? Didn’t you say you were going to deal with this? Is this how you deal with it?”

“I’m being scolded like a dog now, do you know that! Many people texted me and called me just now to scold me. My cell phone is dead.

“Is this how you do things?!”

She vented all her anger on the assistant.

Shocked, the assistant quickly lowered his head and replied, “Chairman Shen, we, we didn’t expect things to turn out this way. The public relations department is thinking of a way. Chairman Shen, don’t worry. We will find a way to resolve this.”

The assistant knew that Shen Rou was being scolded on Weibo.

Not only did the assistant know, the entire Shen Corporation knew.

After Shen Rou's cell phone went dead, the netizens who had nowhere to vent their anger found the Shen Corporation's front desk's number and called it to scold her.

### **Chapter 2527: Untitled**

Shen Rou didn't know about this yet.

She had been scolded like a dog just now and didn't even have the chance to retaliate. She was filled with anger when she heard her assistant's words.

She walked towards him with a cold expression and slapped him.

*Bam!*

The assistant was stunned for a few seconds before looking up in disbelief.

"Chairman Shen..."

Shen Rou still felt that it wasn't enough to vent her anger. She glared at him and said, "You said that it would definitely be resolved, but now? You actually have the face to tell me not to be anxious. You're not the one being scolded, of course you're not anxious."

"It's not like that, Chairman Shen. That's not what I meant." Shen Rou's slap was fierce. The assistant was a man, but his face was still swollen from her slap. Five clear finger marks appeared on his face.

"Then, how do you think we should settle it?" Shen Rou couldn't control her temper and yelled at her assistant again. "That slut got a lot of evidence that I hired the Internet Water Army to frame her. She even found my alternate Weibo account and posted my IP address."

"Now, the netizens believe her. No one believes me anymore."

"If this matter isn't handled well, I won't be the only one affected. It'll affect the entire Shen Corporation."

"If something happens to the Shen Corporation, you pieces of trash still want to stay here? Dream on."

The assistant widened his eyes in disbelief.

She felt so foreign.

He had been by Shen Rou's side for a while. Although he knew that she wasn't like how she appeared outside, that she actually didn't have a good temper and wasn't easy to get along with and that he had to be careful around her, he never expected her temper to be so bad.

She actually hit him.

The slap stunned the assistant.

It took him a while to realize that he'd been hit.

It was said that one shouldn't hit others in the face because they had to preserve their dignity.

It was obvious that Shen Rou didn't leave him any dignity.

At that moment, the assistant was furious.

Even though Shen Rou was his superior and he should obey her, being slapped by his own superior wasn't something anyone could accept.

He was only here for work.

He wasn't here to suffer.

No one had ever slapped him in the face.

It was hard for him to fight back and resign.

He had been in the Shen Corporation for eight years.

He had just climbed to his current position.

He couldn't bear to give it up.

Hence, even though he felt aggrieved and angry, he still endured it.

But now he had formed a grudge against Shen Rou.

"Chairman Shen, please, please give me another chance." The assistant took a deep breath and thought for a while before saying, "This matter isn't without a solution. I've seen the post, and there's indeed a lot of evidence.

"I can't refute it."

Shen Rou's expression darkened. "Then, why are you still talking nonsense?"

The assistant said, "Chairman Shen can actually blame everything on others. In that case, it won't be Chairman Shen's fault."

"Push it onto others?" Shen Rou said coldly. "Do you think I haven't thought about it?"

### **Chapter 2528: How Could They Back Out at Such a Time!**

"Sigh, looks like I can only let Xiao Xin down.

"When this is settled, I'll make it up to her."

The assistant knew that Shen Rou had already decided what to do.

She was just putting on an act.

After all, if she agreed immediately, wouldn't it seem like her sister was too heartless and selfish?

Seeing through her selfish nature, the assistant looked at her hypocritical face and felt disdain.

It turned out that no matter how beautiful a woman was, once her heart became ugly, only disgust would be left.

In the past, he had some romantic feelings towards this beautiful and charming boss.

But after Shen Rou slapped him, his feelings vanished completely.

“Chairman Shen.” No matter how disgusted and disdainful the assistant was, he was still polite. “I just received news that our previous business partners changed their minds at the last minute and said they wouldn’t work with us anymore.”

“What?” Shen Rou was still drinking her coffee. Her expression changed. “Which business are you talking about?”

“Ming Yue Real Estate, HSBC Energy, a few resorts that we’ve already agreed on, and a few loans that we’ve already agreed on with Minsheng Bank. They’re all gone. I called and asked, but the other party was very firm. There’s no room for negotiation.

“I’m not sure if it’s because they feel that the Shen Corporation doesn’t have a good image now and they are afraid of losing money if they cooperate with us. Since Chairman Shen has already decided on the previous proposal, we have to take action immediately.

“Otherwise, if those few collaborations really collapse, it will definitely be a huge loss for the company.” The assistant hesitated for a while before saying, “The Shen Corporation... can’t afford such a loss.”

The Shen family was still in chaos.

Although they had already filled in the losses previously, they had also taken out all their assets in order to do so.

The cooperation this time was the same.

The Shen Corporation spent a lot of time signing these contracts.

It also cost a lot of money.

The negotiations went smoothly.

They should be able to sign it this month.

Whether it was energy, property, or resorts, these projects were very profitable.

If they could sign these contracts, the Shen Corporation would make a huge profit.

For the Shen Corporation, which had just pulled back from the brink of bankruptcy, it was too important to sign these contracts successfully.

If they could do it, the Shen Corporation would have a better future.

If they couldn’t...

The Shen family would suffer another huge blow.

“How could this be?” Shen Rou slammed the cup on the table and stood up in shock and anger. “Haven’t we already agreed on the contract?”

“Aren’t they looking forward to working with our Shen Corporation?”

“How could they back out at such a time!”

The assistant looked at her agitated and angry expression and calmly replied, "Chairman Shen, before the contract is signed, the other party has the right to back out at any time. They can do this. Even if they sign the contract, they can still break it. They just have to pay some compensation."

### **Chapter 2529: But It Was Actually Tang Ya Who Was Controlling It**

"What Chairman Shen needs to do now is to salvage your image."

Shen Rou bit her lip and looked awful. She kept quiet for a while before saying coldly, "Alright, inform the public relations department to do it immediately. Also, contact Chairman Chen and Chairman Wang immediately. I have to meet them now."

"No matter what, we can't lose those collaborations!"

"Yes, Chairman Shen. I'll arrange it right away." The assistant quickly turned and left the office.

After he left, Shen Rou's expression darkened even more.

She knew it, too.

Once those collaborations were canceled, it would be a huge blow to the Shen Corporation.

Even with Tang Ya's help.

But Tang Ya didn't always help.

In fact, besides helping the Shen Corporation when it was about to go bankrupt, Tang Ya didn't interfere in the company's matters anymore.

Shen Rou knew very well why Tang Ya helped them.

She knew that she wasn't a good person.

Hence, Tang Ya couldn't possibly help the Shen Corporation for no reason.

And she even spent such a huge sum.

She had asked her what she wanted to help the Shen Corporation.

Firstly, she wanted Shen Rou to take over the company.

Secondly, she wanted Shen Rou to find a partner.

These weren't overboard requests.

It was even beneficial to her.

Hence, Shen Rou agreed without hesitation.

Later, she followed Tang Ya's instructions and made a few deals.

She was even more obedient to Tang Ya now.

On the surface, she was in charge of the Shen Corporation.

But in fact, it was Tang Ya who was controlling it.

Although Shen Rou had taken over the Shen Corporation and was a capable woman in public, she wasn't very good at business.

If it wasn't for Tang Ya's guidance, she wouldn't receive the approval of the shareholders so quickly.

Hence, Shen Rou immediately thought of asking her for help.

After her assistant left, she immediately called Tang Ya.

After a few rings, Tang Ya picked it up.

A lazy voice came from the phone. "Shen Rou, why are you looking for me?"

"Miss Tang." Shen Rou acted like a boss in front of her assistant, but when she spoke to Tang Ya, her tone was much more polite. "I'm not sure if I disturbed Miss Tang's rest, but I do have something important to discuss with you."

"It's fine. I'm free, anyway. What is it?"

"Miss Tang, I've already talked to the few partners you introduced me to previously according to your instructions. I was about to confirm a few partnerships, but something suddenly happened."

"Mm? Which cooperation are you talking about?"

Tang Ya sounded nonchalant.

But Shen Rou couldn't help but feel a little nervous. She gripped her cell phone tightly and said, "The few companies that Miss Tang introduced me to."

She then told Tang Ya everything her assistant told her.

### **Chapter 2530: Shen Rou Has Never Been So Flustered**

"Initially, they would have signed the contract at the end of the month. But just now, they suddenly changed their minds and decided not to work with the Shen Corporation anymore. Miss Tang, you have to help think of a way. If these few contracts are canceled, I'm afraid the Shen Corporation..."

"I already know about what you did today." Tang Ya interrupted Shen Rou before she could finish speaking. This time, her tone was a little cold. "Who else would be willing to work with the Shen Corporation after what you did? Shen Rou, you made this mistake yourself. Now, you want me to clean up your mess?"

Tang Ya wasn't polite at all.

She even scolded her.

Shen Rou had never been scolded like this before.

As the Young Lady of the Shen family, who had been in the limelight since she was young, she always received compliments and flattery.

Only she would scold others like this.

Her expression changed as anger burned in her eyes.

But she could only hold it in.

She needed Tang Ya's help now.

She knew that Tang Ya was someone she couldn't afford to offend.

Hence, not only did she have to swallow her anger, but she also had to curry favor with her. "Miss Tang, I know I caused this trouble. I know my mistake now. Miss Tang, you can scold me however you want, but please help me."

Her dignity was nowhere to be seen as she begged Tang Ya for help.

"Help you?" Tang Ya sneered. "Shen Rou, tell me how many times I've helped you. If you hadn't done something stupid this time and successfully clinched those few deals, I might have had the patience to play with you for a while more.

"But since you're brainless, I'm not interested in wasting my time on you anymore.

"Moreover, I can't help you with the trouble you caused this time. This is Yuncheng City, not my territory. There are many things that I can't do even if I wanted to. I've always told you not to touch Qiao Mianmian, but did you hear me?"

"You didn't take my words seriously because of your personal grudge. Now, you've completely angered Mo Yesi, the Bai family, oh, and Gong Zeli. These families are the biggest forces in Yuncheng City. If they want to deal with you together, what do you think I can do?"

Shen Rou panicked.

Only now did she realize that Tang Ya wouldn't help her.

She thought that Tang Ya had a way.

Because she was her biggest support.

But now, Tang Ya said she had no choice.

This was a bolt out of the blue for Shen Rou.

She was flustered.

What did Tang Ya mean?

Would she never help her again?

What should she do?

She didn't even know how to manage the company.

If Tang Ya hadn't taught her what to do behind her back, she would have already been exposed.

"Miss Tang, w-what do you mean? Are you angry with me? I know I did something wrong. I'll never disobey you again. I'll listen to whatever you say in the future.

“Miss Tang, you can’t just ignore the Shen Corporation.

“Without you, what will happen to the Shen Corporation in the future? You know that I-I don’t know how to manage the company.”

Shen Rou had never been so flustered.
